PRELIMINARY PROXY STATEMENT/PROSPECTUS

SUBJECT TO COMPLETION, DATED MAY 20, 2026

PROXY STATEMENT FOR EXTRAORDINARY GENERAL MEETING OF SHAREHOLDERS OF CANTOR EQUITY PARTNERS II, INC. AND PROSPECTUS FOR UP TO 24,000,000 SHARES OF COMMON STOCK OF SECURITIZE HOLDINGS, INC.

To the Shareholders of Cantor Equity Partners II, Inc. (CEPT Shareholders

):

You are cordially invited to attend the extraordinary general meeting (the Meeting

) of the shareholders of Cantor Equity Partners II, Inc., a Cayman Islands exempted company (CEPT

), which will be held at 10:00 a.m., Eastern Time, on , 2026. The Meeting will be held at the offices of Hughes Hubbard & Reed LLP at One Battery Park Plaza, 10th Floor, New York, New York 10004 and virtually over the Internet by means of a live audio webcast. You or your proxyholder will be able to attend and vote at the Meeting in person or by visiting and using a control number assigned by Continental Stock Transfer & Trust Company. To register and receive access to the Meeting, registered shareholders and beneficial owners (those holding shares through a stock brokerage account or by a bank or other holder of record) will need to follow the instructions applicable to them provided in this proxy statement/prospectus. This proxy statement/prospectus includes additional instructions on how to access the Meeting and how to listen, vote and submit questions from home or any remote location with Internet connectivity.

CEPT is a Cayman Islands exempted company incorporated as a blank check company for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses or entities, which we refer to as an acquisition target.

On October 27, 2025, CEPT, Securitize, Inc., a Delaware corporation (Securitize

), Securitize Holdings, Inc., a Delaware corporation (PubCo

), Senna Merger Sub, Inc., a newly incorporated Delaware corporation and direct wholly owned subsidiary of CEPT (Company Merger Sub

) and Pinecrest Merger Sub, a newly incorporated Cayman Islands exempted company (SPAC Merger Sub

) and direct wholly owned subsidiary of PubCo, entered into a business combination agreement (as amended, restated or otherwise modified from time to time, the Business Combination Agreement).

Pursuant to the Business Combination Agreement, upon the consummation of the transactions contemplated thereby (the Closing

), (i) CEPT will merge with and into SPAC Merger Sub, with SPAC Merger Sub continuing as the surviving entity (the CEPT Merger

), and with (a) CEPT Shareholders holding Class B ordinary shares, par value \$0.0001 per share, of CEPT (CEPT Class B Ordinary Shares

), receiving one Class A ordinary share, par value \$0.0001 per share, of CEPT (the CEPT Class A Ordinary Shares

and together with the CEPT Class B Ordinary Shares, the CEPT Ordinary Shares

), in exchange for each CEPT Class B Ordinary Share held by such CEPT Shareholder immediately prior to the CEPT Merger (other than the Surrendered CEPT Shares (as defined below)), and (b) immediately thereafter, each CEPT Class A Ordinary Share will be cancelled and cease to exist, in exchange for the right of CEPT

Shareholders holding CEPT Class A Ordinary Shares to receive one share of common stock, par value \$0.0001 per share, of PubCo (PubCo Common Stock), for each CEPT Class A Ordinary Share held by such CEPT Shareholder at the time of the CEPT Merger (other than any Public Shares (as defined below) which are the subject of valid redemption requests (as described below) and any treasury shares), and (ii) at least two (2) hours after the CEPT Merger, Company Merger Sub will merge with and into Securitize, with Securitize continuing as the surviving entity (the Securitize Merger , and together with the CEPT Merger, the Mergers), and stockholders of Securitize (Securitize Stockholders) receiving shares of PubCo Common Stock in exchange for their shares of common stock of Securitize (Securitize Shares). As a result of the Mergers and the other transactions contemplated by the Business Combination Agreement (the Business Combination), SPAC Merger Sub and Securitize will become wholly-owned subsidiaries of PubCo and PubCo will become a publicly traded company, all upon the terms and subject to the conditions set forth in the Business Combination Agreement and in accordance with applicable law.

Contemporaneously with the execution of the Business Combination Agreement, on October 27, 2025, PubCo, CEPT and Securitize entered into subscription agreements (the PIPE Subscription Agreements) with certain investors (the PIPE Investors), pursuant to which the PIPE Investors agreed to purchase, in a private placement immediately prior to the CEPT Merger, 22,500,000 CEPT Class A Ordinary Shares (the PIPE Shares), at a purchase price of \$10.00 per share payable in cash, for an aggregate purchase price of \$225 million. The PIPE Investors are permitted under the PIPE Subscription Agreements to satisfy their commitments thereunder through the purchase of CEPT Class A Ordinary Shares on the public market, subject to certain restrictions set forth therein.

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

Contemporaneously with the execution of the Business Combination Agreement, CEPT, PubCo, Securitize and certain Securitize Stockholders entered into a Shareholder Support Agreement (the Shareholder Support Agreement), pursuant to which, among other things, the Securitize Stockholders party to the Shareholder Support Agreement agreed (i) not to transfer their Securitize Shares, and to vote their Securitize Shares in favor of the Business Combination Agreement and the Transactions (including by execution of a written consent), (ii) not to facilitate any Company Acquisition Proposal, (iii) to terminate certain shareholders agreements with Securitize (with certain exceptions), effective immediately prior to Closing, and (iv) to release the Sponsor, CEPT, Securitize, and their subsidiaries from pre-Closing claims, subject to customary exceptions.

Contemporaneously with the execution of the Business Combination Agreement, CEPT, PubCo and Cantor EP Holdings II, LLC (the Sponsor) entered into the Sponsor Support Agreement, dated as of October 27, 2025 (the Sponsor Support Agreement), pursuant to which, among other things, the Sponsor agreed (i) to vote its CEPT Ordinary Shares in favor of the adoption and approval of the Business Combination Agreement and the Business Combination and each of the other Proposals (as defined below) to be approved by CEPT Shareholders at the Meeting (the CEPT Shareholder Approval Matters), (ii) to vote its CEPT Ordinary Shares against any alternative transactions, (iii) to comply with the restrictions imposed by the letter agreement, dated as of May 2, 2025, by and among CEPT, the Sponsor and the other parties thereto (the Insider Letter), including the restrictions on transferring and redeeming CEPT Ordinary Shares in connection with the Transactions, (iv) to waive the anti-dilution rights of the issued and outstanding CEPT Class B Ordinary Shares set forth in CEPT's amended and restated memorandum and articles of association (the CEPT Memorandum and Articles), (v) to surrender, for no consideration, up to 30% of its CEPT Class B Ordinary Shares immediately prior to, and conditioned upon, the consummation of the CEPT Merger (the Surrendered CEPT Shares) (such number of Surrendered CEPT Shares to be determined pursuant to a formula taking into account the number of shares redeemed by CEPT Shareholders in the Business Combination and the gross proceeds from the PIPE Investments exceeding \$100.0 million), (vi) that the shares of PubCo Common Stock received by the Sponsor in exchange for its CEPT Class B Ordinary Shares (other than any Surrendered CEPT Shares) (any such remaining shares, the Post-Combination Founder Shares) will be subject to a six months lock-up, subject to early release, and (vii) subject to and conditioned upon the Closing, that the Sponsor Note (as defined below), the Sponsor Loan (as defined below), and any other amounts outstanding from the Sponsor to CEPT shall, at the election of the Sponsor, be repaid either in cash or in PubCo Common Stock at \$10.00 per share. In addition, the Sponsor agreed to subject up to 30% of its Post-Combination Founder Shares to vesting and potential forfeiture based on certain earn-out targets (as further described in The Business Combination Other Transaction Agreements Sponsor Support Agreement).

Contemporaneously with the Closing, CEPT, PubCo, the Sponsor, and certain Securitize Stockholders will enter into an Amended and Restated Registration Rights

Agreement that will amend and restate the registration rights agreement, dated as of May 1, 2025, by and between CEPT and the Sponsor, (the Amended and Restated Registration Rights Agreement), pursuant to which PubCo will (i) assume the registration obligations of CEPT under such registration rights agreement, with such rights applying to the shares of PubCo Common Stock and (ii) provide registration rights with respect to the resale of shares of PubCo Common Stock held by the Sponsor and the Securitize Stockholders party thereto.

Upon the completion of the Business Combination and the consummation of the PIPE Investment, and assuming, among other things, that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination, that all PIPE Investors fund their commitments in their PIPE Subscription Agreements in cash, and that the Sponsor Loan, the Sponsor Note, and any other amounts owing from CEPT to the Sponsor are repaid in cash, (i) Public Shareholders, (ii) the PIPE Investors, (iii) the Sponsor and its Affiliates, (iv) the directors and officers of CEPT, and (v) the Securitize Stockholders, in each case, will own approximately 14.0%, 13.0%, 3.8%, 0% and 69.2% of the issued and outstanding shares of PubCo Common Stock, respectively.

The price per share of PubCo Common Stock is \$10.00 per share for (i) Public Shareholders, (ii) the PIPE Investors, (iii) the Sponsor and its Affiliates, (iv) the directors and officers of CEPT, and (v) the Securitize Stockholders.

The aggregate value of the total consideration that the Sponsor and its Affiliates will receive at the Closing, comprising shares of PubCo Common Stock valued at \$10.00 per share (in exchange for the CEPT Ordinary Shares currently held by the Sponsor), cash fees to be paid to Cantor Fitzgerald & Co. (CF&Co.), an affiliate

of the Sponsor, as further described herein and the repayment of amounts owing to the Sponsor is approximately \$99.0 million, assuming that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination, the up to 30% of shares of PubCo Common Stock to be received by the Sponsor at the Closing which will be subject to an earnout, as described in the section entitled

The Business Combination Business Combination Agreement

) (such earnout, the Sponsor Earnout

and the shares of PubCo Common Stock subject to the Sponsor Earnout, the Sponsor Earnout Shares

) are earned and not forfeited, the Sponsor Loan is fully drawn (for a maximum amount of \$1,750,000) but no other amounts are owing from CEPT to the Sponsor, and that all PIPE Investors fund (or are deemed to have funded) their commitments in their PIPE Subscription Agreements.

The aggregate value of the total consideration that Securitize Common Stockholders will receive at the Closing, comprising shares of PubCo Common Stock valued at \$10.00 per share (in exchange for the Securitize Common Stock to be held by Securitize Stockholders immediately prior to the Securitize Merger), is approximately \$444,000,000. The aggregate value of the total consideration that Securitize Preferred Stockholders will receive at the Closing, comprising shares of PubCo Common Stock valued at \$10.00 per share (in exchange for the Securitize Preferred Stock to be held by Securitize Preferred Stockholders immediately prior to the Securitize Merger), is approximately \$738,500,000. The aggregate value of the total consideration that Public Shareholders will receive at the Closing, comprising shares of PubCo Common Stock valued at \$10.00 per share and assuming no redemptions, is approximately \$240,000,000.

In addition, in connection with the consummation of the Business Combination and based on the assumptions described elsewhere in this proxy statement/prospectus, PubCo expects to issue, (a) up to 156,675,245 shares of PubCo Common Stock in exchange for Securitize Shares (including up to 6,250,000 Securitize Earnout Shares that Securitize Common Securityholders will be eligible to receive upon the achievement of certain share prices during the Earnout Period in accordance with the terms described below under the section titled

The Business Combination Proposal General; Structure of the Business Combinations; Closings Securitize Earnout Shares), (b) an additional number of shares of PubCo Common Stock equal to 10% of the total number of shares of PubCo's Common Stock outstanding immediately following the Closing that will, upon Closing, be reserved for issuance pursuant to the Incentive Plan and the ESPP plus an additional number of shares of PubCo Common Stock that may become issuable pursuant to the Assumed Options and Assumed RSUs, and (c) up to 3,829,432 shares of PubCo Common Stock issuable upon exercise of the Assumed Warrants. As discussed further under

The Business Combination Proposal General; Structure of the Business Combinations; Securitize Merger; Securitize Options

, the Assumed Options represent options to purchase shares of PubCo Common Stock into which corresponding options to purchase Securitize Common Stock (the Securitize Options

) were converted. The Assumed Options have the same terms and conditions as the corresponding Securitize Options, except that the number of shares of PubCo Common Stock subject to each Assumed Option and the per-share exercise price applicable thereto, are being adjusted based on the Securitize Exchange Ratio to ensure the economic value is replicated. As discussed further under

The Business Combination Proposal General; Structure of the Business Combinations; Securitize Merger; Securitize Warrants

, the Assumed Warrants represent warrants to purchase shares of PubCo Common Stock into which corresponding warrants to purchase Securitize Preferred Stock issued by the Company pursuant to that certain Warrant, dated March 6, 2025, by and between J Digital 6 LLC and Securitize (the Securitize Warrants

) were converted. The Assumed Warrants have the same terms and conditions as the corresponding Securitize Warrants, except that the number of shares of PubCo Common Stock subject to each Assumed Warrant and the per-share exercise price applicable thereto, are being adjusted based on the Securitize Exchange Ratio to ensure the economic value is replicated. It is anticipated that the aggregate price of the Assumed Warrants will be \$38,294,325, at a price per warrant of \$10.00.

Proposals to approve the Business Combination Agreement and the other matters discussed in this proxy statement/prospectus will be presented at the Meeting scheduled to be held on , 2026.

Interests of the Sponsor and CEPT's Directors and Executive Officers in the Business Combination

When holders (the
Public Shareholders
) of CEPT Class A Ordinary Shares issued in the initial public offering of CEPT (the
CEPT IPO
and such shares, the
Public Shares
) consider the recommendation of the board of directors of CEPT (the
CEPT Board
) in favor of approval of the Business Combination and the other proposals discussed in this proxy statement/prospectus (the
Proposals
) , Public Shareholders should keep in mind that the Sponsor and CEPT's directors and officers have interests in the Proposals that are different from, or in addition
to (and which may conflict with), the interests of a Public Shareholder as a CEPT Shareholder. These interests include, among other things:

" As of the date hereof, the Sponsor is the record holder of 6,000,000 CEPT Class B Ordinary Shares (the
CEPT Founder Shares
) it acquired for \$25,000 and 580,000 CEPT Class A Ordinary Shares (the
CEPT Private Placement Shares
) it acquired in a private placement for \$10.00 per share. The following persons have material interests in the Sponsor: Cantor Fitzgerald, L.P. (
Cantor
) is the sole member of the Sponsor; CF Group Management, Inc. (
CFGM
) is the managing general partner of Cantor; and Brandon G. Lutnick is the controlling trustee of the trusts owning all of the voting shares of CFGM and the Chairman
and Chief Executive Officer of CFGM and Cantor. As of the date hereof, each of Cantor, CFGM and Brandon G. Lutnick may be deemed to have beneficial ownership of the
CEPT Ordinary Shares held directly by the Sponsor. Each such entity or person disclaims any beneficial ownership of the reported shares other than to the extent of
any pecuniary interest they may have therein, directly or indirectly. As of the date hereof, other than Brandon G. Lutnick (as described above) and Danny Salinas
(who has a minority limited partnership interest in Cantor), none of CEPT's other directors or executive officers has a direct or indirect ownership interest in the
Sponsor and none of CEPT's directors or executive officers has beneficial ownership of the CEPT Ordinary Shares held directly by the Sponsor;

" The Sponsor paid \$25,000, or approximately \$0.004 per share, for the 6,000,000 CEPT Founder Shares, and \$5,800,000, or \$10.00 per share, for the 580,000 CEPT
Private Placement Shares. As of October 27, 2025, the aggregate value of such shares is estimated to be approximately \$81.1 million, assuming the per share value of
the shares is the same as the \$12.33 closing price of the CEPT Class A Ordinary Shares on Nasdaq on October 28, 2025 (the date the proposed Business Combination was
announced). As a result, the Sponsor is likely to be able to recoup its investment in CEPT and make a substantial profit on that investment, even if shares of PubCo
Common Stock lose significant value after the Closing. This means that the Sponsor could earn a positive rate of return on its investment, even if Public
Shareholders experience a negative rate of return in PubCo;

" The 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares held by the Sponsor and purchased by the Sponsor for \$5,825,000 will be worthless
if a business combination is not consummated by CEPT by the end of the Combination Period (as defined below);

" Pursuant to the Insider Letter, the Sponsor agreed that, subject to limited exceptions, the 580,000 CEPT Private Placement Shares it holds will not be sold
or transferred until 30 days after CEPT has completed a business combination and that the 6,000,000 CEPT Founder Shares it holds will not be sold or transferred
until the earlier of (a) the one-year anniversary of CEPT's initial business combination, (b) subsequent to CEPT's initial business combination, (x) if the last
reported sale price of the CEPT Class A Ordinary Shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations,
recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after CEPT's initial business combination, and
(c) the date on which CEPT completes certain material transactions that result in all of its shareholders having the right to exchange their shares for cash,
securities or other property. The Sponsor Support Agreement shortens the lock-up that will apply to the Post-Combination Founder Shares from one year to 180 days,
and provides that one-third of the Post-Combination Founder Shares are subject to early-release in the event the VWAP of a share of PubCo Common Stock exceeds
\$12.50, \$15.00 and \$17.50, in each case for at least 20 out of 30 consecutive trading days commencing 90 days after the Closing;

" CF&Co., an affiliate of the Sponsor and Cantor, is a party to an engagement letter, dated September 25, 2025, with Citigroup Global Markets Inc. (
Citi
) , PubCo, Securitize and CEPT (the
PIPE Engagement Letter
) , pursuant to which PubCo, Securitize and CEPT engaged CF&Co. and Citi as co-placement agents for the PIPE Investment. CF&Co. is also a party to an engagement
letter, dated October 10, 2025, with CEPT (the
M&A Engagement Letter
) , pursuant to which CEPT engaged CF&Co. as CEPT's

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

exclusive financial advisor for the Business Combination. Pursuant to the PIPE Engagement Letter, for the services provided thereto CF&Co. will receive a cash fee at the Closing equal to approximately \$4.3 million (assuming that all PIPE Investors fund, or are deemed to have funded, their commitments in their PIPE Subscription Agreements and excluding certain PIPE Investors who had pre-existing investments in Securitize). Pursuant to the M&A Engagement Letter, for the services provided thereto, CF&Co. will receive a cash fee at the Closing equal to 1% of the total value of the shares of PubCo Common Stock issued to Securitize Stockholders at the Closing with such shares valued at \$10.00 per share (the

Securitize Equity Value

), and up to an additional 0.5% of the Securitize Equity Value (which shall be reduced in proportion to the number of Public Shares redeemed prior to the Closing). In addition, CF&Co. entered into a business combination marketing agreement with CEPT on May 1, 2025 (the

Business Combination Marketing Agreement

), pursuant to which CF&Co. will receive an \$8.4 million cash fee at the Closing. Payment of the foregoing fees are contingent on the Closing;

" The Sponsor and CEPT's officers and directors have agreed not to redeem any CEPT Ordinary Shares held by them in connection with a shareholder vote to approve a proposed business combination, including the Business Combination;

" The CEPT Memorandum and Articles provide that, to the fullest extent permitted by applicable law: (i) no individual serving as a director or an officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as CEPT; and (ii) CEPT renounces any interest or expectancy in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for any director or officer, on the one hand, and CEPT, on the other. In the course of their other business activities, CEPT's officers and directors may have, or may become aware of, other investment and business opportunities which may be appropriate for presentation to CEPT as well as the other entities with which they are affiliated. CEPT's management has pre-existing fiduciary duties and contractual obligations and if there is a conflict of interest in determining to which entity a particular business combination opportunity should be presented, any pre-existing fiduciary obligation will be presented the business combination opportunity before CEPT is presented with it. CEPT does not believe that the pre-existing fiduciary duties or contractual obligations of its officers and directors materially impacted its search for an acquisition target;

" CEPT has until May 5, 2027, or until such earlier liquidation date as the CEPT Board may approve or such later date as the CEPT Shareholders may approve pursuant to the CEPT Memorandum and Articles, to consummate a business combination (the

Combination Period

). If the Business Combination with Securitize is not consummated and CEPT does not consummate another business combination by the end of the Combination Period, CEPT will cease all operations except for the purpose of winding up, redeeming 100% of the issued and outstanding Public Shares for cash and, subject to the approval of its remaining shareholders and the CEPT Board, dissolving and liquidating, subject in each case above to CEPT's obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law. In such event, the 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares held by the Sponsor would be worthless because the Sponsor has waived its right to participate in any redemption or distribution with respect to such CEPT Ordinary Shares, and CF&Co. will not receive any of the fees described above;

" CEPT has issued an unsecured promissory note (the

Sponsor Loan

) to the Sponsor in respect of up to \$1,750,000 of loans the Sponsor has made, and will make, to CEPT to fund CEPT's expenses relating to investigating and selecting an acquisition target and other working capital requirements. The Sponsor Loan does not bear interest and is repayable by CEPT to the Sponsor upon consummation of a business combination; provided that, at the Sponsor's option at any time on or prior to the consummation of the Business Combination, all or any portion of the amount outstanding under the Sponsor Loan may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Loan would be repaid only out of funds held outside of CEPT's trust account (the

Trust Account

). As of March 31, 2026, CEPT had approximately \$605,000 outstanding under the Sponsor Loan. If the Business Combination or another business combination is not consummated by the end of the Combination Period, the Sponsor Loan may not be repaid to the Sponsor, in whole or in part;

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

" CEPT has also issued an unsecured promissory note for up to \$3,600,000 to the Sponsor (the

Sponsor Note

) in connection with certain loans the Sponsor will make to CEPT in connection with the consummation of a business combination, an extension of time for CEPT to consummate a business combination or CEPT's liquidation (each, a

Redemption Event

), such that an amount equal to \$0.15 per Public Share being redeemed in connection with the applicable Redemption Event will be added to the Trust Account and paid to the holders of the applicable redeemed Public Shares on such Redemption Event. The Sponsor Note does not bear interest and is repayable by CEPT to the Sponsor upon consummation of a business combination; provided that, at the Sponsor's option at any time on or prior to the consummation of the Business Combination, all or any portion of the amount outstanding under the Sponsor Note may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Note would be repaid only out of funds held outside of the Trust Account. As of March 31, 2026, CEPT had \$0 outstanding under the Sponsor Note. The Sponsor Note, if drawn, will not be repaid to the extent that the amount of the Sponsor Note exceeds the amount of available proceeds not deposited in the Trust Account if a business combination is not completed;

" If CEPT is unable to complete a business combination by the end of the Combination Period, the Sponsor has agreed to be liable to CEPT if and to the extent of any claims by a third party for services rendered or products sold to CEPT or by a prospective acquisition target with which CEPT has entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, in each case, reduce the amount of redemption amount to below the lesser of (i) the sum of (A) \$10.00 per Public Share and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption

Event and (ii) the sum of (A) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per share due to reductions in the value of the trust assets, less interest released to pay taxes, and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event, provided that such liability will not apply to any claims by a third party or prospective acquisition target who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under CEPT's indemnity of the underwriters of the CEPT IPO against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the Securities Act

) nor to claims brought by CEPT's public auditor;

" The Sponsor, CEPT's officers and directors and their affiliates are entitled to reimbursement for any out-of-pocket expenses incurred by them in connection with certain activities on CEPT's behalf, such as identifying, investigating, negotiating and completing a business combination. If CEPT does not complete a business combination by the end of the Combination Period, CEPT may not have the cash necessary to reimburse these expenses. As of the date of this proxy statement/prospectus, none of the Sponsor, CEPT's officers and directors or their affiliates has incurred any such expenses which would be reimbursed at the Closing; and

" CEPT's officers and directors will be eligible for continued indemnification and continued coverage under a tail policy for CEPT's directors' and officers' liability insurance policy for up to a six-year period from and after the Closing for events occurring prior to the Closing, which tail policy is to be paid for by PubCo at the Closing pursuant to the Business Combination Agreement. If the Business Combination does not close, CEPT's officers and directors may not receive this tail insurance coverage.

Unrelated to the Business Combination, affiliates of the Sponsor and Cantor, including Cantor's asset management division, are customers of Securitize and pay Securitize fees for providing services. Cantor and its affiliates may pursue additional business relationships and opportunities in the future with Securitize unrelated to the Business Combination.

Interests of PubCo's Directors and Executive Officers in the Business Combination

In considering the recommendation of the CEPT Board to vote in favor of approval of the Proposals, CEPT Shareholders should keep in mind that the directors and executive officers of PubCo have interests in such Proposals that are different from or in addition to, those of CEPT Shareholders. In particular:

" PubCo intends to grant equity awards under the Incentive Plan to PubCo's Chief Executive Officer, Chief Financial Officer and Chief Operating Officer. As recipients of the anticipated equity awards, PubCo's Chief Executive Officer, Chief Financial Officer and Chief Operating Officer may have interests in the Business Combination that are different from or in addition to, the shareholders of PubCo; and

" The fact that Carlos Domingo, Chief Executive Officer of PubCo, is expected to become a director of PubCo at Closing.

Consideration to be Received by, and Securities to be Issued to, the Sponsor and its Affiliates

Set forth below is a summary of the terms and amount of the consideration received or to be received by the Sponsor and its Affiliates in connection with the Business Combination, the PIPE Investment, the amount of securities issued or to be issued by PubCo to the Sponsor and its Affiliates and the price paid or to be paid or consideration provided for such securities or any related financing transaction.

Up to 30% of such shares are subject to surrender (with the number of shares to be surrendered to be determined pursuant to a formula taking into account the number of Public Shares redeemed in the Business Combination and the gross proceeds from the PIPE Investments exceeding \$100.0 million), and up to 30% of the remaining shares will be subject to the Sponsor Earnout and potential vesting and forfeiture;	"	\$25,000 paid to purchase the 6,000,000 CEPT Founder Shares

economic incentive for the CEPT management team to pursue and consummate the Business Combination which differs from the Public Shareholders and

Risk Factors Risks Related to the Business Combination Public Shareholders who do not redeem their Public Shares will experience substantial and immediate dilution upon Closing of the Business Combination as a result of the CEPT Class B Ordinary Shares held by the Sponsor, since the value of the CEPT Class B Ordinary Shares is likely to be substantially higher than the nominal price paid for them, as well as a result of the issuance of the shares of PubCo Common Stock in the Business Combination and the PIPE Investment.

After careful consideration, the CEPT Board has unanimously approved the Business Combination Agreement and the other Proposals described in the accompanying proxy statement/prospectus and the CEPT Board has determined that it is advisable to consummate the Business Combination. The CEPT Board did not obtain a fairness opinion (or any similar report or appraisal) in connection with its determination to approve the Business Combination. However, CEPT's management, the members of the CEPT Board and the other representatives of CEPT have experience in evaluating companies operating in the blockchain and digital assets industries and reviewed certain financial information of Securitize and other relevant financial information selected based on the experience and the professional judgment of CEPT's management team. Accordingly, investors will be relying solely on the judgment of the CEPT Board in valuing Securitize's business and accordingly, investors assume the risk that the CEPT Board may not have properly valued such business. For more information, see the risk factor entitled

Risk Factors Risks Related to the Business Combination Neither the CEPT Board nor any committee thereof obtained a fairness opinion (or any similar report or appraisal) in determining whether or not to pursue the Business Combination. Consequently, CEPT Shareholders have no assurance from an independent source that the number of shares of PubCo Common Stock to be issued to Securitize Stockholders and CEPT Shareholders in the Business Combination is fair to CEPT and, by extension, CEPT Shareholders from a financial point of view.

The CEPT Board recommends that Public Shareholders vote

(1) The Business Combination Proposal to approve and adopt, by ordinary resolution, the Business Combination Agreement (as amended, restated or otherwise modified from time to time, the

Business Combination Agreement

), dated as of October 27, 2025, by and among CEPT, Securitize, Inc., a Delaware corporation (

Securitize

), Securitize Holdings, Inc., a Delaware corporation (

PubCo

), Senna Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of CEPT (

Company Merger Sub

) and Pinecrest Merger Sub, a newly incorporated Cayman Islands exempted company and a direct wholly-owned subsidiary of PubCo (

SPAC Merger Sub

), pursuant to which, upon the consummation of the transactions contemplated thereby (the Closing

), CEPT will merge with and into SPAC Merger Sub, with SPAC Merger Sub continuing as the surviving entity (the CEPT Merger

), and with (a) CEPT Shareholders holding Class B ordinary shares, par value \$0.0001 per share, of CEPT (CEPT Class B Ordinary Shares

), receiving one Class A ordinary share, par value \$0.0001 per share, of CEPT ((the CEPT Class A Ordinary Shares

), and, together with the CEPT Class B Ordinary Shares, the CEPT Ordinary Shares

)), for each CEPT Class B Ordinary Share held by such CEPT Shareholder immediately prior to the CEPT Merger (other than certain CEPT Class B Ordinary Shares which are being cancelled in the Mergers), and (b) immediately thereafter, each CEPT Class A Ordinary Share will be cancelled, in exchange for the right of CEPT Shareholders holding CEPT Class A Ordinary Shares to receive one share of common stock, par value \$0.0001 per share, of PubCo (PubCo Common Stock

) for each CEPT Class A Ordinary Share held by such CEPT Shareholder at the time of the CEPT Merger (other than any holders of Public Shares (as defined below) which are the subject of valid redemption requests), and (ii) at least two (2) hours after the CEPT Merger, Company Merger Sub will merge with and into Securitize, with Securitize continuing as the surviving entity (the Securitize Merger

) receiving shares of PubCo Common Stock in exchange for their shares of common stock of Securitize. As a result of the Mergers and the other transactions contemplated by the Business Combination Agreement and the Ancillary Documents (as defined below) (the Business Combination

), SPAC Merger Sub and Securitize will become wholly-owned subsidiaries of PubCo and PubCo will become a publicly traded company, all upon the terms and subject to the conditions set forth in the Business Combination Agreement. We refer to this Proposal as the Business Combination Proposal.

The Business Combination Proposal is described in more detail in the accompanying proxy statement/prospectus under the heading The Business Combination Proposal,

and a copy of the Business Combination Agreement and the amendment thereto is attached to the accompanying proxy statement/prospectus as Annex A.

(2) The Merger Proposal to approve and authorize, by special resolution, (a) the CEPT Merger and the plan of merger for the CEPT Merger to be entered into by SPAC Merger Sub and CEPT (the CEPT Plan of Merger

Class A ordinary shares of a par value of \$0.0001 each, 50,000,000 Class B ordinary shares of a par value of \$0.0001 each and 5,000,000 preference shares of a par value of \$0.0001 each to \$50,000 divided to 5,000,000 ordinary shares of a nominal or par value of \$0.01 each.

We refer to this Proposal as the Merger Proposal.

The Merger Proposal is described in more detail in the accompanying proxy statement/prospectus under the heading The Merger Proposal

and a copy of the CEPT Plan of Merger is attached to the accompanying proxy statement/prospectus as Annex B.

(3) The Organizational Documents Proposals to consider and vote, on a non-binding advisory basis, upon separate proposals to approve the material differences between the CEPT Memorandum and Articles (Annex C) and the Form of Certificate of Incorporation of PubCo (the PubCo Charter

) and the Amended and Restated Bylaws of PubCo (the PubCo Bylaws

), substantially in the form attached to this proxy statement/prospectus as Annex D (the Proposed Organizational Documents

), specifically to approve (collectively, the Organizational Documents Proposals

):

- Proposal A: the change from a board of directors consisting of two classes to a board of directors consisting of three classes;

Proposal D: the changes to the quorum of the board of directors;

) issuable to certain investors (the PIPE Investors
) upon consummation of a private placement immediately prior to the CEPT Merger (the PIPE Investment
) , and (ii) by PubCo of (a) up to 156,675,245 shares of PubCo Common Stock in the Mergers (including up to 6,250,000 Securitize Earnout Shares), (b) an additional number of shares of PubCo Common Stock equal to 10% of the total number of shares of PubCo's Common Stock outstanding immediately following Closing that will, upon Closing, be reserved for issuance pursuant to the Incentive Plan and the ESPP plus an additional number of shares of PubCo Common Stock that may become issuable pursuant to the exercise or settlement of any Assumed Options and Assumed RSUs, and (c) up to 3,829,432 shares of PubCo Common Stock issuable upon the exercise of certain warrants held by J Digital 6 LLC (the

Assumed Warrants

), in each case, to the extent such issuances would require shareholder approval under Nasdaq Rule 5635. We refer to this Proposal as the Nasdaq Proposal.

The Nasdaq Proposal is described in more detail in the accompanying proxy statement/prospectus under the heading The Nasdaq Proposal.

(5) The Adjournment Proposal to approve, by ordinary resolution, a proposal to adjourn the Meeting to a later date or dates to be determined by the Chairman of the Meeting, if it is determined by CEPT that additional time is necessary or appropriate to complete the Business Combination or for any other reason. We refer to this Proposal as the

Adjournment Proposal.

The Adjournment Proposal is described in more detail in the accompanying proxy statement/prospectus under the heading The Adjournment Proposal.

Only holders of record of CEPT Ordinary Shares at the close of business on May 11, 2026 (the Record Date

) are entitled to notice of the Meeting and to vote and have their votes counted at the Meeting and any adjournments of the Meeting.

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

After careful consideration, the board of directors of CEPT (the CEPT Board

) has determined that the Business Combination Proposal, the Merger Proposal, the Organizational Documents Proposals, the Nasdaq Proposal and the Adjournment Proposal are in the commercial interests of CEPT and the CEPT Shareholders and unanimously recommends that Public Shareholders (as defined below) vote or give instruction to vote

FOR

the Business Combination Proposal,

FOR

the Merger Proposal,

FOR

each of the Organizational Documents Proposals,

FOR

the Nasdaq Proposal and

FOR

the Adjournment Proposal, if presented. When Public Shareholders consider the CEPT Board's recommendation of the Proposals, Public Shareholders should keep in mind that the directors and officers of CEPT and PubCo have interests in the Business Combination that may conflict with the interests of a Public Shareholder as a CEPT Shareholder. For a more complete descriptions of these interests, see the sections entitled

The Business Combination Proposal Interests of the Sponsor and CEPT's Directors and Executive Officers in the Business Combination and

The Business Combination Proposal Interests of PubCo's Directors and Executive Officers in the Business Combination.

After careful consideration, the CEPT Board has unanimously approved the Business Combination Agreement and the other Proposals described in the accompanying proxy statement/prospectus and the CEPT Board has determined that it is advisable to consummate the Business Combination. The CEPT Board did not obtain a fairness opinion (or any similar report or appraisal) in connection with its determination to approve the Business Combination. However, CEPT's management, the members of the CEPT Board and the other representatives of CEPT have experience in evaluating companies operating in the blockchain and digital assets industries and reviewed certain financial information of Securitize and other relevant financial information selected based on the experience and the professional judgment of CEPT's management team. Accordingly, investors will be relying solely on the judgment of the CEPT Board in valuing Securitize's business and accordingly, investors assume the risk that the CEPT Board may not have properly valued such business. For more information, see the risk factor entitled

Risk Factors **Risks Related to the Business Combination** Neither the CEPT Board nor any committee thereof obtained a fairness opinion (or any similar report or appraisal) in determining whether or not to pursue the Business Combination. Consequently, CEPT Shareholders have no assurance from an independent source that the number of shares of PubCo Common Stock to be issued to Securitize Stockholders and CEPT Shareholders in the Business Combination is fair to CEPT and, by extension, CEPT Shareholders from a financial point of view.

To pass, each of the Business Combination Proposal, the Nasdaq Proposal and the Adjournment Proposal requires an ordinary resolution of CEPT Shareholders, which requires the affirmative vote of a simple majority of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). To pass, the Merger Proposal requires a special resolution of CEPT Shareholders, which requires the affirmative vote of at least two-thirds of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). CEPT Shareholders are also being asked to approve, on a non-binding advisory basis, each of the Organizational Documents Proposals. Although the CEPT Board is asking CEPT Shareholders to approve each of the Organizational Documents Proposals on the non-binding advisory basis, regardless of the outcome of the non-binding advisory vote on each of the Organizational Documents Proposals, the PubCo Charter and the PubCo Bylaws will take effect upon the Closing if the Business Combination Proposal and the Merger Proposal are approved.

Under the Business Combination Agreement, the approval by CEPT Shareholders of the Business Combination Proposal and the Merger Proposal are conditions to the consummation of the Business Combination. If any of those Proposals are not approved by CEPT Shareholders, the Business Combination will not be consummated, unless waived by the parties. The Merger Proposal is conditioned upon the approval of the Business Combination Proposal. The Organizational Documents Proposals and the Nasdaq Proposal are conditioned upon the approval of the Business Combination Proposal and the Merger Proposal. The Adjournment Proposal is not conditioned on the approval of any other Proposal.

The Sponsor currently holds 6,000,000 CEPT Class B Ordinary Shares (the CEPT Founder Shares

) it acquired for \$25,000 and 580,000 CEPT Class A Ordinary Shares (the CEPT Private Placement Shares

) it acquired in a private placement for \$10.00 per share. The Sponsor has agreed to vote its 6,580,000 CEPT Ordinary Shares, representing approximately 21.5% of the issued and outstanding CEPT Ordinary Shares, in favor of each of the Proposals. As a result, with respect to each Proposal that requires approval of CEPT Shareholders by an ordinary resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 8,710,001, or

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

approximately 36.3%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 1,065,001, or approximately 4.4%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved. With respect to each Proposal that requires approval of CEPT Shareholders by a special resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 13,806,667, or approximately 57.5%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 3,613,334, or approximately 15.1%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved.

Upon the completion of the Business Combination and the consummation of the PIPE Investment, and assuming, among other things, that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination, that all PIPE Investors fund their commitments in their PIPE Subscription Agreements in cash, the Sponsor Loan is repaid in cash, and that no amounts are owing from CEPT to the Sponsor under the Sponsor Note or otherwise, (i) Public Shareholders, (ii) the PIPE Investors, (iii) the Sponsor and its Affiliates, (iv) the directors and officers of CEPT, and (v) the Securitize Stockholders, in each case, will own approximately 14.1%, 13.1%, 3.8%, 0% and 69.2% of the issued and outstanding shares of PubCo Common Stock, respectively.

The price per share of PubCo Common Stock is \$10.00 per share for (i) Public Shareholders, (ii) the PIPE Investors, (iii) the Sponsor and its Affiliates, (iv) the directors and officers of CEPT, and (v) the Securitize Stockholders.

The aggregate value of the total consideration that the Sponsor and its Affiliates will receive at the Closing, comprising shares of PubCo Common Stock valued at \$10.00 per share (in exchange for the CEPT Ordinary Shares currently held by the Sponsor), cash fees to be paid to CF&Co., an affiliate of the Sponsor, as further described herein and the repayment of amounts owing to the Sponsor is approximately \$99.0 million, assuming that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination, all Sponsor Earnout Shares are earned and not forfeited, the Sponsor Loan is fully drawn (for a maximum amount of \$1,750,000) but no other amounts are owing from CEPT to the Sponsor, and that all PIPE Investors fund, or are deemed to have funded, their commitments in their PIPE Subscription Agreements.

The aggregate value of the total consideration that Securitize Common Stockholders will receive at the Closing, comprising shares of PubCo Common Stock valued at \$10.00 per share (in exchange for the Securitize Common Stock to be held by Securitize Stockholders immediately prior to the Securitize Merger), is approximately \$444,000,000. The aggregate value of the total consideration that Securitize Preferred Stockholders will receive at the Closing, comprising shares of PubCo Common Stock valued at \$10.00 per share (in exchange for the Securitize Preferred Stock to be held by Securitize Preferred Stockholders immediately prior to the Securitize Merger), is approximately \$738,500,000. The aggregate value of the total consideration that Public Shareholders will receive at the Closing, comprising shares of

PubCo Common Stock valued at \$10.00 per share and assuming no redemptions, is approximately \$240,000,000.

Pursuant to the CEPT Memorandum and Articles, CEPT is providing the Public Shareholders with the opportunity to redeem, upon the Closing, Public Shares then held by them for cash equal to their pro rata share of the aggregate amount on deposit (as of two (2) business days prior to the Closing) in CEPT's trust account (the Trust Account

) that holds the proceeds (including interest but less taxes payable) of the CEPT's initial public offering (the CEPT IPO

). For illustrative purposes, based on funds in the Trust Account of approximately \$248.8 million as of March 31, 2026, the estimated per share redemption price would have been approximately \$10.51 per share (inclusive of \$0.15 per share to be funded pursuant to the Sponsor Note and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes). CEPT Shareholders are not required to affirmatively vote for or against the Business Combination in order to redeem their Public Shares for cash. This means that CEPT Shareholders who hold Public Shares on or before , 2026 (two (2) business days before the Meeting) will be eligible to elect to have their Public Shares redeemed for cash in connection with the Meeting, whether or not they are holders as of the Record Date, and whether or not such Public Shares are voted at the Meeting.

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

The Sponsor and CEPT's executive officers and directors have agreed to waive their redemption rights with respect to any CEPT Ordinary Shares they may hold in connection with the consummation of the Business Combination, and such shares will be excluded from the pro rata calculation used to determine the per share redemption price.

All CEPT Shareholders are cordially invited to attend the Meeting. Your vote is important regardless of the number of shares you own. Whether you plan to attend the Meeting or not, to ensure your representation at the Meeting, you are urged to complete, sign, date and return the enclosed proxy card as soon as possible. If you are a holder of record of CEPT Ordinary Shares, you may also cast your vote via Internet or telephone or in person. If your CEPT Ordinary Shares are held in an account at a brokerage firm or bank, you must instruct your broker or bank on how to vote your shares or, if you wish to attend the Meeting and vote yourself, obtain a proxy from your broker or bank. If you do not vote or do not instruct your broker or bank how to vote, it will have no effect on any of the Proposals. Your attention is directed to the proxy statement accompanying this notice (including the annexes thereto) for a more complete description of the proposed Business Combination and related transactions and each of the Proposals. We encourage you to read this proxy statement carefully. If you have any questions or need assistance voting your shares, you may call Sodali & Co (

QUESTIONS AND ANSWERS ABOUT THE PROPOSALS

The questions and answers below highlight only selected information from this proxy statement/prospectus and only briefly address some commonly asked questions about the Meeting and the Proposals. The following questions and answers do not include all the information that is important to CEPT Shareholders. CEPT Shareholders are urged to carefully read this entire proxy statement/prospectus, including the annexes and the other documents referred to herein, to fully understand the proposed Business Combination and the voting procedures for the Meeting.

Q: Why am I receiving this proxy statement/prospectus?

A: On October 27, 2025, CEPT, PubCo, Securitize, SPAC Merger Sub and Company Merger Sub entered into the Business Combination Agreement pursuant to which they agreed to effect the Business Combination on the terms set forth therein and as is described in this proxy statement/prospectus. CEPT Shareholders are being asked to vote to approve the Business Combination Agreement and the Business Combination. The Business Combination Agreement provides that, among other things: (i) CEPT will merge with and into SPAC Merger Sub, with SPAC Merger Sub continuing as the surviving entity in the CEPT Merger, and with (a) CEPT Shareholders holding CEPT Class B Ordinary Shares receiving one CEPT Class A Ordinary Share for each CEPT Class B Ordinary Share held by such CEPT Shareholder immediately prior to the CEPT Merger (other than the Surrendered CEPT Shares), and (b) immediately thereafter, with CEPT Shareholders holding CEPT Class A Ordinary Shares receiving one share of PubCo Common Stock for each CEPT Class A Ordinary Share held by such CEPT Shareholder at the time of the CEPT Merger (other than any Public Shares for which a Public Shareholder has made a valid redemption request in accordance with the CEPT Memorandum and Articles and the CEPT IPO Prospectus), and (ii) at least two (2) hours after the CEPT Merger, Company Merger Sub will merge with and into Securitize, with Securitize continuing as the surviving entity in the Securitize Merger, and with Securitize Stockholders receiving shares of PubCo Common Stock in exchange for their Securitize Shares.

Contemporaneously with the execution of the Business Combination Agreement on October 27, 2025, PubCo, CEPT and Securitize entered into the PIPE Subscription Agreements with the PIPE Investors, pursuant to which the PIPE Investors have agreed to purchase, in a private placement immediately prior to the CEPT Merger, 22,500,000 PIPE Shares at a purchase price of \$10.00 per share payable in cash, for an aggregate purchase price of \$225 million. The PIPE Investors are permitted under the PIPE Subscription Agreements to satisfy their commitments thereunder through the purchase of CEPT Class A Ordinary Shares on the public market, subject to certain restrictions set forth therein.

For more information about the PIPE Investment and other arrangements contemplated by the Business Combination Agreement, please see the section entitled The Business Combination Agreement and Other Transaction Agreements.

Q: What equity stake will current Public Shareholders, the PIPE Investors, the Sponsor and its Affiliates, the directors and officers of CEPT, and the Securitize Stockholders hold in PubCo immediately after the completion of the Business Combination and the PIPE Investment?

A: Upon the completion of the Business Combination and the consummation of the PIPE Investment and assuming, among other things, that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination, that all PIPE Investors fund their commitments in their PIPE Subscription Agreements in cash, that the Sponsor Loan is repaid in cash and that no amounts are owing from CEPT to the Sponsor under the Sponsor Note or otherwise, (i) Public Shareholders, (ii) the PIPE Investors, (iii) the Sponsor and its Affiliates, (iv) the directors and officers of CEPT, and (v) the Securitize

Stockholders, in each case, will own approximately 14.0%, 13.0%, 3.8%, 0% and 69.2% of the issued and outstanding shares of PubCo Common Stock, respectively. If any of the Public Shareholders exercise their redemption rights, the percentage of the issued and outstanding shares of PubCo Common Stock held by the Public Shareholders will decrease and the percentages of issued and outstanding shares of PubCo Common Stock held by the PIPE Investors, the Sponsor and its Affiliates and the Securitize Stockholders, will each increase, in each case relative to the percentage held if none of the Public Shares are redeemed. Public Shareholders that do not redeem their Public Shares in connection with the Business Combination will experience dilution upon the exercise of the Assumed Warrants, the issuance of any shares of PubCo Common Stock pursuant to the Incentive Plan, the exercise of any Assumed Options, and other future equity issuances by PubCo that are unanticipated as of the date of this proxy statement/prospectus.

As of March 31, 2026, there are 30,580,000 CEPT Ordinary Shares issued and outstanding, including 24,000,000 Public Shares, which may be redeemed in connection with the Meeting by Public Shareholders, 580,000 CEPT Private Placement Shares held by the Sponsor and 6,000,000 CEPT Founder Shares held by the Sponsor. CEPT cannot predict how many Public Shares will be redeemed. As a result, the parties are presenting five different redemption scenarios with respect to the Public Shares, each of which presents a different allocation of total shares of PubCo Common Stock issued and outstanding following the Closing. To illustrate potential dilution in each such scenario, the tables below present the post-Closing share ownership of PubCo under each of: (1) the No Redemptions Scenario; (2) the 25% Redemptions Scenario; (3) the 50% Redemptions Scenario; (4) the 75% Redemptions Scenario; and (5) the 100% Redemptions Scenario, in each case, including the Sponsor Earnout Shares and excluding the dilutive effect of: (i) the Earnout Shares; (ii) the Assumed Warrants; and (iii) the Assumed Options and (iv) any share of PubCo Common Stock issuable under the Incentive Plan.

Dilution

Dilution per share to Public Shareholders is determined by CEPT's NTBV per share, as adjusted, while excluding the Business Combination, while giving effect to material probable or consummated transactions and other material effects on NTBV per share, from the Public Shareholders as set forth as follows under five redemption scenarios.

The following table illustrates NTBV per share and the change in NTBV per share, as adjusted, following the Closing, including the issuance of CEPT Class A Ordinary Shares to the PIPE Investors, but excluding the other effects of the Business Combination, while giving effect to probable or consummated transactions that are material and other material effects on NTBV per share. These are presented in relation to the offering price per Public Share in the CEPT IPO as set forth as

follows under the five redemption scenarios:

If you acquired Public Shares in the CEPT IPO, your ownership interest will be immediately diluted to the extent of the difference between the \$10.00 price per share sold in the CEPT IPO and the NTBVP per share, as adjusted, of the PubCo Common Stock immediately after consummation of the Business Combination.

CEPT issued the Public Shares in the CEPT IPO at \$10.00 per share (the

IPO Price
). After giving effect to the issuance of the 24,000,000 Public Shares in the CEPT IPO and the 580,000 CEPT Private Placement Shares to the Sponsor in the CEPT Private Placement, there were 24,580,000 CEPT Ordinary Shares issued and outstanding. In connection with the Business Combination, assuming its consummation in accordance with the Business Combination Agreement, immediately after the Closing, PubCo is expected to have outstanding 172,925,245 shares of PubCo Common Stock, including (i) 22,500,000 shares of PubCo Common Stock issued to the PIPE Investors in the CEPT Merger, (ii) 119,845,245 shares of PubCo Common Stock issued to the Securitize Stockholders in the Securitize Merger, (iii) 24,000,000 shares of PubCo Common Stock issued to holders of CEPT Class A Ordinary Shares, and (iv) 6,580,000 shares of PubCo Common Stock issued to holders of Sponsor Shares. These shares outstanding also assume that no shares of PubCo Common Stock are issued and outstanding under the Incentive Plan. ). In the No Redemptions Scenario, PubCo's valuation following the Closing is based on the IPO Price and is therefore calculated as: \$10.00 times 172,925,245 shares, or \$1,729.3 million. Q: What conditions must be satisfied or waived to complete the Business Combination?

A: There are a number of closing conditions to the Business Combination in the Business Combination Agreement, including, but not limited to, the following: (i) approval of each of the CEPT Shareholder Approval Matters; (ii) the consummation of the Transactions not being prohibited by applicable law; (iii) effectiveness of the Registration Statement; (iv) the shares of PubCo Common Stock having been approved for listing on NYSE or another national securities exchange; and (v) the expiration or termination of the waiting period under the HSR Act applicable to the Transactions (which expired at 11:59 p.m. Eastern Time on January 22, 2026), all of which must be satisfied to complete the Business Combination.

The closing conditions to the Business Combination in the Business Combination Agreement that may be waived by the party entitled to the benefit of such condition include, but are not limited to, (i) the accuracy of the representations and warranties of each party and compliance in all material respects with each party's respective covenants and agreements under the Business Combination Agreement, (ii) the absence of any Company Material Adverse Effect (as defined in the Business Combination Agreement) or SPAC Material Adverse Effect (as defined in the Business Combination Agreement), as applicable, since the date of the Business Combination Agreement, (iii) the satisfaction of certain other customary closing conditions, including the delivery of ancillary agreements at the Closing and (iv) at least \$100 million of PIPE Investments having been funded (or deemed funded, in accordance with the terms of the PIPE Subscription Agreements).

For more information regarding the conditions that must be satisfied or waived prior to completion of the Business Combination, see the section entitled

The Business Combination The Business Combination Agreement

and

The Business Combination Other Transaction Agreements.

Q: Why is CEPT providing CEPT Shareholders with the opportunity to vote on the Business Combination?

A: Under the CEPT Memorandum and Articles, CEPT must provide all Public Shareholders with the opportunity to have their Public Shares redeemed upon the consummation of CEPT's initial business combination either in conjunction with a tender offer or in conjunction with a shareholder vote. For business reasons and pursuant to Cayman Islands law requirements, CEPT has elected to structure the Business Combination in such a way as to provide Public Shareholders with the opportunity to have their Public Shares redeemed in connection with a shareholder vote rather than a tender offer. Therefore, CEPT is seeking to obtain the approval of the CEPT Shareholders of the Business Combination Proposal, among the other Proposals, in order to allow the Public Shareholders to effectuate redemptions of their Public Shares in connection with the consummation of the Business Combination.

Q: Are there any arrangements to help ensure that there will be sufficient funds to consummate the Business Combination?

A: Yes. Contemporaneously with the execution of the Business Combination Agreement, on October 27, 2025, PubCo, CEPT and Securitize entered into the PIPE

Subscription Agreements with the PIPE Investors, pursuant to which the PIPE Investors have agreed to purchase, in a private placement immediately prior to the CEPT Merger, 22,500,000 PIPE Shares at a purchase price of \$10.00 per share payable in cash, for an aggregate purchase price of \$225 million. The PIPE Investors are permitted under the PIPE Subscription Agreements to satisfy their commitments thereunder through the purchase of CEPT Class A Ordinary Shares on the public market, subject to certain restrictions set forth therein.

The proceeds from the Trust Account (net of any amounts used to fund the redemptions of Public Shares) and the PIPE Investment will be used to pay any transaction expenses of the parties and any remainder will be used for transaction expenses, working capital and general corporate purposes. In addition, CEPT and Securitize may seek to arrange for additional third-party financing which may be in the form of debt (including convertible notes) or equity, the proceeds of which would be used for a variety of purposes.

Q: How many votes do I have at the Meeting?

A: CEPT Shareholders are entitled to one vote at the Meeting for each CEPT Ordinary Share held of record as of May 11, 2026, the Record Date for the Meeting. As of the close of business on the Record Date, there were 30,580,000 CEPT Ordinary Shares issued and outstanding.

xxi

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Q: What constitutes a quorum at the Meeting?

A: A quorum of CEPT Shareholders is necessary to hold a valid meeting. A quorum for the Meeting will be achieved if CEPT Shareholders of record that hold a majority of the then issued and outstanding CEPT Ordinary Shares are present at the Meeting (whether in person (including via the virtual meeting platform) or by proxy), irrespective of the number of CEPT Ordinary Shares voted by such CEPT Shareholders at the Meeting. As of the Record Date, the presence, in person or by proxy, of CEPT Shareholders holding 15,290,001 CEPT Ordinary Shares would be required to achieve a quorum at the Meeting. In addition to the CEPT Ordinary Shares held by the Sponsor, which represent approximately 21.5% of the issued and outstanding CEPT Ordinary Shares and which will count towards this quorum, CEPT will need only one or more CEPT Shareholders of record holding 8,710,001 Public Shares, or approximately 36.3%, of the 24,000,000 Public Shares represented in person (including via the virtual meeting platform) or by proxy at the Meeting to have a valid quorum.

Q: What vote is required to approve the Proposals presented at the Meeting?

A: To pass, each of the Business Combination Proposal, the Nasdaq Proposal and the Adjournment Proposal requires an ordinary resolution of CEPT Shareholders, which requires the affirmative vote of a simple majority of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). To pass, the Merger Proposal requires a special resolution of CEPT Shareholders, which requires the affirmative vote of at least two-thirds of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). CEPT Shareholders are also being asked to approve, on a non-binding advisory basis, each of the Organizational Documents Proposals. Although the CEPT Board is asking CEPT Shareholders to approve each of the Organizational Documents Proposals on the non-binding advisory basis, regardless of the outcome of the non-binding advisory vote on each of the Organizational Documents Proposals, the PubCo Charter and the PubCo Bylaws will take effect upon the Closing if the Business Combination Proposal and the Merger Proposal are approved.

Assuming a quorum is established, a CEPT Shareholder's failure to vote by proxy or to vote at the Meeting will have no effect on the Proposals. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, are not treated as votes cast and will have no effect on any of the Proposals.

The Sponsor has agreed to vote its 6,580,000 CEPT Ordinary Shares, representing approximately 21.5% of the issued and outstanding CEPT Ordinary Shares, in favor of each of the Proposals. As a result, with respect to each Proposal that requires approval of CEPT Shareholders by an ordinary resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 8,710,001, or approximately 36.3%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 1,065,001, or approximately 4.4%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved. With respect to each Proposal that requires approval of CEPT Shareholders by a special resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 13,806,667, or approximately 57.5%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 3,613,334, or approximately 15.1%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved.

Q: Are the Proposals conditioned on one another?

A: Under the Business Combination Agreement, the approval by CEPT Shareholders of the Business Combination Proposal and the Merger Proposal are conditions to the consummation of the Business Combination. If any of those Proposals is not approved by CEPT Shareholders, the Business Combination will not be consummated, unless waived by the Parties. The Merger Proposal is conditioned upon the approval of the Business Combination Proposal. The Organizational Documents Proposals and the Nasdaq Proposal are conditioned upon the approval of the Business Combination Proposal and the Merger Proposal. The Adjournment Proposal is not conditioned on the approval of any other Proposal.

Q: How will the Sponsor and CEPT's directors and officers vote?

A: The Sponsor has agreed to vote its 6,580,000 CEPT Ordinary Shares, representing approximately 21.5% of the issued and outstanding CEPT Ordinary Shares, in favor of each of the Proposals. While none of CEPT's executive officers or directors directly own any CEPT Ordinary Shares, pursuant to the Insider Letter, each of CEPT's executive officers and directors have agreed to vote any CEPT Ordinary Shares held by them in favor of an initial business combination, including the Business Combination. Accordingly, it is more likely that the necessary shareholder approval will be received than would be the case if the Sponsor and CEPT's officers and directors had agreed to vote their CEPT Ordinary Shares in accordance with the majority of the votes cast by Public Shareholders.

As a result, with respect to each Proposal that requires approval of CEPT Shareholders by an ordinary resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 8,710,001, or approximately 36.3%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 1,065,001, or approximately 4.4%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved. With respect to each

Proposal that requires approval of CEPT Shareholders by a special resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 13,806,667, or approximately 57.5%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 3,613,334, or approximately 15.1%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved.

Q: What interests do the Sponsor, CEPT's directors and executive officers and their affiliates have in the Business Combination?

A: When Public Shareholders consider the recommendation of the CEPT Board in favor of approval of the Business Combination and other Proposals, Public Shareholders should keep in mind that the Sponsor and CEPT's directors and officers have interests in the Proposals that are different from or in addition to (and which may conflict with), the interests of a Public Shareholder as a CEPT Shareholder. These interests include, among other things:

" As of the date hereof, the Sponsor is the record holder of 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares. The following persons have material interests in the Sponsor: Cantor is the sole member of the Sponsor; CFGM is the managing general partner of Cantor; and Brandon G. Lutnick is the controlling trustee of the trusts owning all of the voting shares of CFGM and the Chairman and Chief Executive Officer of CFGM and Cantor. As of the date hereof, each of Cantor, CFGM and Brandon G. Lutnick may be deemed to have beneficial ownership of the CEPT Ordinary Shares held directly by the Sponsor. Each such entity or person disclaims any beneficial ownership of the reported shares other than to the extent of any pecuniary interest they may have therein, directly or indirectly. As of the date hereof, other than Brandon G. Lutnick (as described above) and Danny Salinas (who has a minority limited partnership interest in Cantor), none of CEPT's other directors or executive officers has a direct or indirect ownership interest in the Sponsor and none of CEPT's directors or executive officers has beneficial ownership of the CEPT Ordinary Shares held directly by the Sponsor;

" The Sponsor paid \$25,000, or approximately \$0.004 per share, for the 6,000,000 CEPT Founder Shares, and \$5,800,000, or \$10.00 per share, for the 580,000 CEPT Private Placement Shares. As of October 27, 2025, the aggregate value of such shares is estimated to be approximately \$81.1 million, assuming the per share value of the shares is the same as the \$12.33 closing price of the CEPT Class A Ordinary Shares on Nasdaq on October 28, 2025 (the date the proposed Business Combination was announced). As a result, the Sponsor is likely to be able to recoup its investment in CEPT and make a substantial profit on that investment, even if shares of PubCo Common Stock lose significant value after the Closing. This means that the Sponsor could earn a positive rate of return on its investment, even if Public Shareholders experience a negative rate of return in PubCo;

" The 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares held by the Sponsor and purchased by the Sponsor for \$5,825,000 will be worthless if a business combination is not consummated by CEPT by the end of the Combination Period (as defined below);

" Pursuant to the Insider Letter, Sponsor agreed that, subject to limited exceptions, the 580,000 CEPT Class A Ordinary Shares it holds will not be sold or transferred until 30 days after CEPT has completed a business combination and that the 6,000,000 CEPT Founder Shares it holds will not be sold or transferred until the earlier of (a) the one-year anniversary of CEPT's initial business combination, (b) subsequent to CEPT's initial business combination, (x) if the last reported sale price of the CEPT Class A Ordinary Shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after CEPT's initial business combination, and (c) the date on which CEPT completes certain material transactions that result in all of its shareholders having the right to exchange their shares for cash, securities or other property. The Sponsor Support Agreement shortens the lock-up that will apply to the Post-Combination Founder Shares from one year to 180 days, and provides that one-third of the Post-Combination Founder Shares are subject to early-release in the event the VWAP of a share of PubCo Common Stock exceeds \$12.50, \$15.00 and \$17.50, in each case for at least 20 out of 30 consecutive trading days commencing 90 days after the Closing, and removes clause (b) above;

" CF&Co., an affiliate of the Sponsor and Cantor, is a party to the PIPE Engagement Letter pursuant to which PubCo, Securitize and CEPT engaged CF&Co. as a co-placement agent for the PIPE Investment. CF&Co. is also a party to the M&A Engagement Letter pursuant to which CEPT engaged CF&Co. as CEPT's exclusive financial advisor for the Business Combination. Pursuant to the PIPE Engagement Letter, for the services provided thereto CF&Co. will receive a cash fee at the Closing equal to approximately \$4.3 million (assuming that all PIPE Investors fund, or are deemed to have funded, their commitments in their PIPE Subscription Agreements and excluding certain PIPE Investors who had pre-existing investments in Securitize). Pursuant to the M&A Engagement Letter, for the services provided thereto, CF&Co. will receive a cash fee at the Closing equal to 1% of the Securitize Equity Value, and up to an additional 0.5% of the Securitize Equity Value (which shall be reduced in proportion to the number of Public Shares redeemed prior to the Closing). In addition, CF&Co. is also a party to the Business Combination Marketing Agreement, pursuant to which CF&Co. will receive an \$8.4 million cash fee at the Closing. Payment of the foregoing fees are contingent on the Closing.

" The Sponsor and CEPT's officers and directors have agreed not to redeem any CEPT Ordinary Shares held by them in connection with a shareholder vote to approve a proposed business combination, including the Business Combination;

" The CEPT Memorandum and Articles provide that, to the fullest extent permitted by applicable law: (i) no individual serving as a director or an officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as CEPT; and (ii) CEPT renounces any interest or expectancy in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for any director or officer, on the one hand, and CEPT, on the other. In the course of their other business activities, CEPT's officers and directors may have, or may become aware of, other investment and business opportunities which may be appropriate for presentation to CEPT as well as the other entities with which they are affiliated. CEPT's management has pre-existing fiduciary duties and contractual obligations and if there is a conflict of interest in determining to which entity a particular business combination opportunity should be presented, any pre-existing fiduciary obligation will be presented the business combination opportunity before CEPT is presented with it. CEPT does not believe that the pre-existing fiduciary duties or contractual obligations of its officers and directors materially impacted its search for an acquisition target;

" CEPT has until the end of the Combination Period to consummate a business combination. If the Business Combination with Securitize is not consummated and CEPT does not consummate another business combination by the end of the Combination Period, CEPT will cease all operations except for the purpose of winding up, redeeming 100% of the issued and outstanding Public Shares for cash and, subject to the approval of its remaining shareholders and the CEPT Board, dissolving and liquidating, subject in each case above to CEPT's obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law. In such event, the 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares held by the Sponsor would be worthless because the Sponsor has waived its right to participate in any redemption or distribution with respect to such CEPT Ordinary Shares, and CF&Co. will not receive any of the fees described

above;

" CEPT has issued the Sponsor Loan to the Sponsor in respect of up to \$1,750,000 of loans the Sponsor has made, and will make, to CEPT to fund CEPT's expenses relating to investigating and selecting an acquisition target and other working capital requirements. The Sponsor Loan does not bear interest and is repayable by CEPT to the Sponsor upon consummation of a business combination; provided that, at the Sponsor's option at any time on or prior to the consummation of the Business Combination, all or any portion of the amount outstanding under the Sponsor Loan may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Loan would be repaid only out of funds held outside of the Trust Account. As of March 31, 2026, CEPT had approximately \$605,000 outstanding under the Sponsor Loan. If the Business Combination or another business combination is not consummated by the end of the Combination Period, the Sponsor Loan may not be repaid to the Sponsor, in whole or in part;

" CEPT has also issued the Sponsor Note to the Sponsor in respect of up to \$3,600,000 of loans the Sponsor will make to CEPT in connection with a Redemption Event, such that an amount equal to \$0.15 per Public Share being redeemed in connection with the applicable Redemption Event will be added to the Trust Account and paid to the holders of the applicable redeemed Public Shares on such Redemption Event. The Sponsor Note does not bear interest and is repayable by CEPT to the Sponsor upon consummation of a business combination; provided that, at the Sponsor's option at any time on or prior to the consummation of the Business Combination, all or any portion of the amount outstanding under the Sponsor Note may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Note would be repaid only out of funds held outside of the Trust Account. As of March 31, 2026, CEPT had \$0 outstanding under the Sponsor Note. The Sponsor Note, if drawn, will not be repaid to the extent that the amount of the Sponsor Note exceeds the amount of available proceeds not deposited in the Trust Account if a business combination is not completed;

" If CEPT is unable to complete a business combination by the end of the Combination Period, the Sponsor has agreed to be liable to CEPT if and to the extent of any claims by a third party for services rendered or products sold to CEPT or by a prospective acquisition target with which CEPT has entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, in each case, reduce the amount of redemption amount to below the lesser of (i) the sum of (A) \$10.00 per Public Share and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event and (ii) the sum of (A) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per share due to reductions in the value of the trust assets, less interest released to pay taxes, and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event, provided that such liability will not apply to any claims by a third party or prospective acquisition target who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under CEPT's indemnity of the underwriters of the CEPT IPO against certain liabilities, including liabilities under the Securities Act nor to claims brought by CEPT's public auditor;

" The Sponsor, CEPT's officers and directors and their affiliates are entitled to reimbursement for any out-of-pocket expenses incurred by them in connection with certain activities on CEPT's behalf, such as identifying, investigating, negotiating and completing a business combination. If CEPT does not complete a business combination by the end of the Combination Period, CEPT may not have the cash necessary to reimburse these expenses. As of the date of this proxy statement/prospectus, none of the Sponsor, CEPT's officers and directors or their affiliates has incurred any such expenses which would be reimbursed at the Closing; and

" CEPT's officers and directors will be eligible for continued indemnification and continued coverage under a tail policy for CEPT's directors' and officers' liability insurance policy for up to a six-year period from and after the Closing for events occurring prior to the Closing, which tail policy is to be paid for by PubCo at the Closing pursuant to the Business Combination Agreement. If the Business Combination does not close, CEPT's officers and directors may not receive this tail insurance coverage.

Unrelated to the Business Combination, affiliates of the Sponsor and Cantor, including Cantor's asset management division, are customers of Securitize and pay Securitize fees for providing services. Cantor and its affiliates may pursue additional business relationships and opportunities in the future with Securitize unrelated to the Business Combination.

For more information, see
Certain CEPT Relationships and Related Party Transactions
and see the risk factor entitled
Risk Factors Risks Related to the Business Combination Since the Sponsor and CEPT's directors and officers have interests that are different from, or in addition to (and which may conflict with), the interests of Public Shareholders, a conflict of interest may have existed in determining whether the Business Combination with PubCo and Securitize is appropriate as CEPT's initial business combination. Such interests include that the Sponsor will lose its entire investment in CEPT if the Business Combination is not completed or any other business combination is not completed.

CEPT's management determined that, in light of the potential conflicting interests described above with respect to the Sponsor and its Affiliates, the CEPT Audit Committee should separately review and consider the potential conflicts of interest with respect to the Sponsor and its Affiliates arising out of the proposed Business Combination and the proposed terms in respect thereof. Accordingly, the CEPT Audit Committee reviewed and considered such interests and, after taking into account the factors they deemed applicable (including the potential conflicting interests), unanimously approved the Business Combination Agreement and the transactions contemplated therein.

Q: What interests do PubCo's directors and executive officers have in the Business Combination?

A: In considering the recommendation of the CEPT Board to vote in favor of approval of the Proposals, CEPT Shareholders should keep in mind that the directors and executive officers of PubCo have interests in such Proposals that are different from or in addition to, those of CEPT Shareholders. In particular:

" PubCo intends to grant equity awards under the Incentive Plan to PubCo's Chief Executive Officer, Chief Financial Officer and Chief Operating Officer. As recipients of the anticipated equity awards, PubCo's Chief Executive Officer, Chief Financial Officer and Chief Operating Officer may have interests in the Business

Combination that are different from or in addition to, the shareholders of PubCo; and

" The fact that Carlos Domingo, Chief Executive Officer of PubCo, is expected to become a director of PubCo at Closing.

Q: What is CF&Co.'s history with CEPT and PubCo?

A: CF&Co.'s history with CEPT and PubCo can be summarized as follows:

" CF&Co. served as underwriter for the CEPT IPO. Pursuant to an underwriting agreement, dated May 1, 2025, between CEPT, on the one hand, and CF&Co. and Odeon Capital Group LLC (

Odeon

), on the other hand, CEPT paid a total of \$4,800,000 in underwriting discounts and commissions for CF&Co.'s services as the representative of the underwriters in the CEPT IPO.

" Pursuant to the Business Combination Marketing Agreement, CEPT engaged CF&Co. as an advisor in connection with CEPT's initial business combination to assist CEPT in arranging meetings with CEPT Shareholders to discuss any potential business combination and an acquisition target's attributes, introducing CEPT to potential investors that are interested in purchasing CEPT's securities and assisting CEPT with its press releases and public filings in connection with any business combination. Pursuant to the Business Combination Marketing Agreement, CEPT agreed to pay CF&Co. a cash fee for such services upon the consummation of its business combination in an amount equal to \$8,400,000.

" Pursuant to the PIPE Engagement Letter, for the services provided thereto, CF&Co. will receive a cash fee at the Closing, equal to approximately \$4.3 million (assuming that all PIPE Investors fund, or are deemed to have funded, their commitments in their PIPE Subscription Agreements and excluding certain PIPE Investors who had pre-existing investments in Securitize).

" Pursuant to the M&A Engagement Letter, for the services provided thereto, CF&Co. will receive a cash fee at the Closing equal to 1% of the Securitize Equity Value, and up to an additional 0.5% of the Securitize Equity Value (which shall be reduced in proportion to the number of Public Shares redeemed prior to the Closing).

Q: When will the Sponsor and the Securitize Stockholders be entitled to transfer their respective shares of PubCo Common Stock?

A: The Sponsor has agreed, and each of the Securitize Stockholders will agree, to restrictions on their ability to transfer, assign or sell their shares of PubCo Common Stock, as summarized in the table below. Such transfer restrictions will apply until the applicable expiration date, unless earlier waived by the contracting parties.

Q: Did the CEPT Board obtain a fairness opinion (or any similar report or appraisal) in determining whether or not to proceed with the Business Combination?
A: No. The CEPT Board did not obtain a fairness opinion (or any similar report or appraisal) in connection with its determination to approve the Business Combination. However, CEPT's management, the members of the CEPT Board and the other representatives of CEPT have experience in evaluating the operating and financial merits of companies operating in the blockchain and digital asset industries and reviewed certain financial information of Securitize and other relevant financial information selected based on the experience and the professional judgment of CEPT's management team. Accordingly, investors will be relying solely on the judgment of the CEPT Board in valuing Securitize's business and accordingly, investors assume the risk that the CEPT Board may not have properly valued such business. For more information, see the risk factor entitled

Risk Factors Risks Related to the Business Combination Neither the CEPT Board nor any committee thereof obtained a fairness opinion (or any similar report or appraisal) in determining whether or not to pursue the Business Combination. Consequently, CEPT Shareholders have no assurance from an independent source that the number of shares of PubCo Common Stock to be issued to Securitize Stockholders and CEPT Shareholders in the Business Combination is fair to CEPT and, by extension, CEPT Shareholders from a financial point of view.

Q: What factors did the CEPT Board consider in connection with its decision to recommend voting in favor of the Business Combination?
A: The CEPT Board considered a variety of factors in connection with its evaluation of the Business Combination. In light of the complexity of those factors, the CEPT Board, as a whole, did not consider it practicable to, nor did it attempt to, quantify or otherwise assign relative weights to the specific factors it took into account in reaching its decision. Individual members of the CEPT Board may have given different weight to different factors. Certain information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under

Cautionary Note Regarding Forward-Looking Statements.

Neither the CEPT Board nor any committee thereof obtained a fairness opinion (or any similar report or appraisal) in determining whether to pursue the terms of the Business Combination (including the consideration to be received by CEPT Shareholders and Securitize Stockholders). Before reaching its decision, the CEPT Board reviewed the information provided to it by its management, representatives of the Sponsor and CEPT's legal and financial advisors, including the analyses prepared by CF&Co., in its capacity as financial advisor to CEPT, as further described in the section entitled

The Business Combination Proposal CEPT Board's Reasons for Approval of the Business Combination Comparable Company Analysis

below.

The CEPT Board determined that pursuing a potential business combination with PubCo and Securitize would be an attractive opportunity for CEPT and the CEPT Shareholders, which determination was based on a number of factors considered by the CEPT Board at the time it approved the Business Combination. See the section titled

The Business Combination Proposal CEPT Board's Reasons for Approval of the Business Combination.

" A U.S. Holder whose Public Shares have a fair market value of less than \$50,000 on the date of the CEPT Merger will not recognize any gain or loss and will not be required to include any part of CEPT's earnings in income;

" A U.S. Holder who, on the date of the CEPT Merger, is a 10% U.S. Shareholder (as defined in
Material U.S. Federal Income Tax Considerations U.S. Holders Effects of Section 367 to U.S. Holders
) will generally be required to include in income as a deemed dividend the

all earnings and profits amount

(as defined in the Treasury Regulations under Section 367 of the Code) attributable to its Public Shares; and

" A U.S. Holder whose Public Shares have a fair market value of \$50,000 or more and who is not a 10% U.S. Shareholder will generally recognize gain (but not loss) on the exchange of its Public Shares for PubCo Common Stock pursuant to the CEPT Merger. As an alternative to recognizing gain, such U.S. Holder may file an election to include in income as a deemed dividend the earnings and profits amount attributable to its Public Shares provided certain other requirements are satisfied.

CEPT does not expect to have significant cumulative earnings and profits, if any, on the date of the CEPT Merger.

Furthermore, if the CEPT Merger qualifies as a reorganization under Section 368(a)(1)(F) of the Code, a U.S. Holder of Public Shares may, in certain circumstances, still recognize gain (but not loss) upon the exchange of its Public Shares for PubCo Common Stock pursuant to the CEPT Merger under the passive foreign investment company,

or

PFIC,

rules of the Code. Proposed Treasury Regulations with a retroactive effective date have been promulgated under Section 1291(f) of the Code and would generally require that a United States person who disposes of stock of a PFIC must recognize gain equal to the excess, if any, of the fair market value of the PubCo Common Stock received in the CEPT Merger over the U.S. Holder's adjusted tax basis in the corresponding Public Shares surrendered in exchange therefor, notwithstanding any other provision of the Code. Because CEPT is a blank check company with no current active business, we believe that CEPT would likely be classified as a PFIC for its current (and its prior) taxable years. As a result, these proposed Treasury Regulations, if finalized in their current form, may require a U.S. Holder of Public Shares to recognize gain on the exchange of such Public Shares for PubCo Common Stock pursuant to the CEPT Merger, unless such U.S. Holder has made certain tax elections with respect to such Public Shares that are described in more detail in

Material U.S. Federal Income Tax Considerations U.S. Holders PFIC Considerations QEF Election and Mark-to-Market Election.

The tax on any such gain so recognized would be imposed at the rate applicable to ordinary income and an interest charge would apply based on complex rules. It is not possible to determine at this time whether, in what form, and with what effective date, final Treasury Regulations under Section 1291(f) of the Code will be adopted. For a more complete discussion of the potential application of the PFIC rules to U.S. Holders as a result of the CEPT Merger, see the discussion in the section titled

Material U.S. Federal Income Tax Considerations.

The CEPT Merger should not result in any U.S. federal income tax consequences to Non-U.S. Holders (as defined in

Material U.S. Federal Income Tax Considerations

).

The tax consequences of the CEPT Merger are complex and will depend on a holder's particular circumstances. All holders are urged to consult with their tax advisors regarding the tax consequences to them of the CEPT Merger, including the applicability and effect of U.S. federal, state, local and non-U.S. tax laws. For additional discussion of the U.S. federal income tax treatment of the CEPT Merger, see the section entitled

Q: How will the Business Combination affect my CEPT Class A Ordinary Shares?

A: Pursuant to the Business Combination Agreement, upon the Closing, CEPT will merge with and into SPAC Merger Sub, with SPAC Merger Sub continuing as the surviving entity, as a result of which CEPT Shareholders will receive one share of PubCo Common Stock for each CEPT Class A Ordinary Share held by such CEPT Shareholder (other than any Public Shares which are the subject of valid redemption requests). For more information on the rights of shares of PubCo Common Stock, see

Description of PubCo Securities.

Q: How many votes per share is each class of PubCo Common Stock entitled?

A: Upon Closing, each share of PubCo Common Stock will be entitled to one vote.

Q: Why is CEPT proposing the Nasdaq Proposal?

A: Under Nasdaq Rule 5635(a), shareholder approval is required prior to the issuance of securities in connection with the acquisition of another company if such securities are not issued in a public offering and (i) have, or will have upon issuance, voting power equal to or in excess of 20% of the voting power outstanding before the issuance of ordinary shares (or securities convertible into or exercisable for ordinary shares); or (ii) the number of ordinary shares to be issued is or will be equal to or in excess of 20% of the number of ordinary shares outstanding before the issuance of the share or securities.

Under Nasdaq Rule 5635(b), shareholder approval is required when any issuance or potential issuance will result in a change of control

of the issuer. Although Nasdaq has not adopted any rule on what constitutes a change of control

for purposes of Rule 5635(b), Nasdaq has previously indicated that the acquisition of, or right to acquire, by a single investor or affiliated investor group, as little as 20% of the ordinary shares (or securities convertible into or exercisable for ordinary shares) or voting power of an issuer could constitute a change of control.

Under Nasdaq Rule 5635(d), shareholder approval is required for a transaction other than a public offering involving the sale, issuance or potential issuance by an issuer of ordinary shares (or securities convertible into or exercisable for ordinary shares) at a price that is less than the lower of (the

Minimum Price

): (i) the Nasdaq official closing price immediately preceding the signing of the binding agreement; or (ii) the average Nasdaq official closing price of the common stock for the five trading days immediately preceding the signing of the binding agreement if the number of shares of common stock to be issued is or may be equal to 20% or more of the common stock, or 20% or more of the voting power, outstanding before the issuance.

Immediately prior to the Closing, CEPT expects to issue an aggregate of 22,500,000 PIPE Shares to the PIPE Investors (assuming all PIPE Investors fund their commitments in their PIPE Subscription Agreements in cash), at a price per share of \$10.00, which represents a discount to the Minimum Price of CEPT Class A Ordinary Shares of \$12.03 as of October 24, 2025, the last trading day prior to the date the PIPE Subscription Agreements were signed.

In addition, in connection with the consummation of the Business Combination and based on the assumptions described elsewhere in this proxy statement/prospectus, (i) CEPT expects to issue, immediately prior to the consummation of the CEPT Merger, (a) up to 535,000 CEPT Class A Ordinary Shares issuable in repayment of the Sponsor Loan and the Sponsor Note and (b) up to 22,500,000 PIPE Shares issuable to PIPE Investors upon consummation of the PIPE Investment, and (ii) PubCo expects to issue, (a) up to 156,675,245 shares of PubCo Common Stock in exchange for Securitize Shares (including up to 6,250,000 Securitize Earnout Shares), (b) an additional number of shares of PubCo Common Stock equal to 10% of the total number of shares of PubCo's Common Stock outstanding immediately following Closing that will, upon Closing, be reserved for issuance pursuant to the Incentive Plan and the ESPP plus an additional number of shares of PubCo Common Stock that may become issuable pursuant to the exercise or settlement of any Assumed Options and Assumed RSUs, and (c) up to 3,829,432 shares of PubCo Common Stock issuable upon exercise of the Assumed Warrants.

For further details, see

The Business Combination Agreement,

The Business Combination Proposal Covenants PIPE Investment and

Executive and Director Compensation PubCo Summary of the Material Terms of the Incentive Plan.

Accordingly, the aggregate number of (i) CEPT Class A Ordinary Shares that CEPT will issue and (ii) shares of PubCo Common Stock that PubCo will issue in connection with the Business Combination will, in the aggregate, exceed 20% of both the voting power and the number of CEPT Ordinary Shares outstanding before such issuance and will result in a change of control of CEPT. For these reasons, CEPT is seeking the approval of CEPT Shareholders for such issuances in connection with the Business Combination pursuant to Nasdaq Rules 5635(a), (b) and (d). For further details, see

The Nasdaq Proposal.

Q: What happens if I sell my Public Shares before the Meeting?

A: The Record Date is earlier than the date of the Meeting. If you transfer your Public Shares after the Record Date but before the date of the Meeting, unless the transferee obtains from you a proxy to vote those shares, you will retain your right to vote at the Meeting. However, you will not be able to seek redemption of your Public Shares because you will no longer be able to deliver them for cancellation upon consummation of the Business Combination in accordance with the provisions described herein. If you transfer your Public Shares prior to the Record Date, you will have no right to vote those shares at the Meeting.

Q: What happens if CEPT Shareholders vote against the Business Combination Proposal?

A: Pursuant to the CEPT Memorandum and Articles, if the Business Combination Proposal is not approved and CEPT does not otherwise consummate an alternative business combination by the end of the Combination Period, CEPT will be required to dissolve and liquidate the Trust Account by returning the then remaining funds in the Trust Account, including interest (net of taxes payable), to the Public Shareholders in accordance with the CEPT Memorandum and Articles.

Q: Do I have redemption rights?

A: Pursuant to the CEPT Memorandum and Articles, holders of Public Shares may elect to have their Public Shares redeemed for cash at the then-applicable redemption price calculated as of two (2) business days prior to the Closing. As of the date of this proxy statement/prospectus, based on funds in the Trust Account of approximately \$248.8 million as of March 31, 2026, this would have amounted to approximately \$10.51 per share (inclusive of \$0.15 per share to be funded pursuant to the Sponsor Note and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes). If a holder exercises its redemption rights, then such holder will be exchanging its Public Shares for cash. Such a holder will be entitled to receive cash for its Public Shares only if it properly demands redemption and delivers its shares (either physically or electronically) to CST prior to the Meeting. See the section titled

Extraordinary General Meeting of CEPT Shareholders Redemption Rights

for the procedures to be followed if you wish to redeem your Public Shares for cash. In connection with the CEPT IPO, the Sponsor and CEPT's executive officers and directors agreed to waive any redemption rights with respect to any CEPT Ordinary Shares held by them in connection with the completion of the Business Combination. Such waivers are standard in transactions of this type and the Sponsor and CEPT's executive officers and directors did not receive separate consideration for the waiver.

Q: Will how I vote affect my ability to exercise redemption rights?

A: No. You may exercise your redemption rights whether or not you are a holder of Public Shares on the Record Date (so long as you are a holder at the time of exercise), or whether or not you are a holder and vote your Public Shares on the Business Combination Proposal (for or against) or any other Proposal. As a result, the Business Combination Agreement can be approved by Public Shareholders who will redeem their Public Shares, leaving Public Shareholders who choose not to redeem their Public Shares holding shares in a company with a potentially less liquid trading market, fewer shareholders, potentially less cash and the potential inability to meet the listing standards of NYSE or another national securities exchange.

Q: How do I exercise my redemption rights?

A: In order to exercise your redemption rights, you must, prior to 5:00 p.m., Eastern Time, on _____, 2026 (two (2) business days before the Meeting), tender your Public Shares physically or electronically and submit a request in writing that CEPT redeem your Public Shares for cash to CST, CEPT's transfer agent, at the following address:

Continental Stock Transfer & Trust Company
One State Street Plaza, 30th Floor
New York, New York 10004
Attn: SPAC Redemption Team
Email: spacredemptions@continentalstock.com

If you hold Public Shares in

street name,

you will have to coordinate with your broker to have your shares certificated or delivered electronically. Certificates that have not been tendered (either physically or electronically) in accordance with these procedures will not be redeemed. There is a nominal cost associated with this tendering process and the act of certificating the shares or delivering them through the DTC's DWAC system.

Any demand for redemption, once made, may be withdrawn at any time until the deadline for exercising redemption requests and thereafter, with CEPT's consent, until the consummation of the Business Combination. If you delivered your Public Shares for redemption to CST and decide within the required

xxxiii

timeframe not to exercise your redemption rights, you may request that CST return the shares (physically or electronically). You may make such request by contacting CST at the phone number or address listed under the question

What can help answer my questions?

below.

Any holder of Public Shares (whether or not they are a holder on the Record Date) will be entitled to demand that their Public Shares be redeemed for a pro rata portion of the amount then in the Trust Account (which was approximately \$248.8 million as of March 31, 2026, or approximately \$10.51 per share (inclusive of \$0.15 per share to be funded pursuant to the Sponsor Note and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes), as of the Record Date). Such amount, less any owed but unpaid taxes on the funds in the Trust Account, will be paid promptly upon consummation of the Business Combination. Your vote on any Proposal will have no impact on the amount you will receive upon exercise of your redemption rights.

If a holder of Public Shares properly makes a demand for redemption as described above, then, if the Business Combination is consummated, CEPT will convert these shares into a pro rata portion of funds deposited in the Trust Account. If you exercise your redemption rights, then you will be exchanging your Public Shares for cash and will not be entitled to shares of PubCo Common Stock upon consummation of the Business Combination. If the Business Combination is not approved or completed for any reason, then holders of Public Shares who elected to exercise their redemption rights would not be entitled to convert their Public Shares for the applicable pro rata share of the Trust Account. In such case, CEPT will promptly return any Public Shares delivered by Public Shareholders and such holders may only share in the assets of the Trust Account upon the consummation of another business combination or the liquidation of CEPT. This may result in holders receiving less than they would have received if the Business Combination was completed and they exercised redemption rights in connection therewith.

Notwithstanding the foregoing, the CEPT Memorandum and Articles provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a

group

(as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than 15% of the Public Shares in the aggregate, without the prior consent of CEPT.

Q: What are the U.S. federal income tax consequences of exercising my redemption rights?

A: The U.S. federal income tax consequences of a holder of Public Shares exercising redemption rights depends on the particular facts and circumstances. Because the CEPT Merger will occur after the redemption of U.S. Holders (as defined in

Material U.S. Federal Income Tax Considerations

below) that exercise redemption rights, U.S. Holders exercising redemption rights should not be subject to the potential tax consequences of Section 367(b) of the Code as a result of the CEPT Merger, but will be subject to the potential tax consequences of CEPT being treated as a passive foreign investment company. Please see the section entitled

Material U.S. Federal Income Tax Considerations U.S. Holders Tax Consequences to U.S. Holders That Elect to Have Their Public Shares Redeemed for Cash.

If you are a U.S. Holder of Public Shares contemplating exercising your redemption rights, you are urged to consult your tax advisor to determine the tax consequences thereof.

Q: Do I have appraisal rights if I object to the proposed Business Combination?

A: No appraisal or dissenters' rights are available to CEPT Shareholders in connection with the ordinary resolution to approve the Business Combination Proposal. Under the Cayman Act, minority shareholders have a right to dissent to a merger and if they so dissent, they are entitled to be paid the fair value of their shares, which if necessary, may ultimately be determined by the court. Therefore, holders of record of CEPT Class A Ordinary Shares (

CEPT Class A Record Holders

) have a right to dissent from the CEPT Merger. Please see the section titled

The Merger Proposal Appraisal or Dissenters' Rights

for additional information.

In addition, Public Shareholders are still entitled to exercise the rights of redemption as detailed in this proxy statement/prospectus and the redemption proceeds payable to Public Shareholders who exercise such redemption rights will represent the fair value of those shares. For a discussion about the Public Shareholders' redemption rights, please see

Extraordinary General Meeting of CEPT Shareholders Redemption Rights.

Q: What happens to the funds deposited in the Trust Account after the consummation of the Business Combination?

A: If the Business Combination is consummated, the funds held in the Trust Account will be used to pay CEPT Shareholders who properly exercise their redemption rights. The remaining amount will be released to CEPT and used to:

" pay certain fees, costs and expenses (including taxes, regulatory fees, legal fees, accounting fees, printer fees and other professional fees) that were incurred by CEPT, Securitize and PubCo in connection with the transactions contemplated by the Business Combination and pursuant to the terms of the Business Combination Agreement; and

" provide for general corporate purposes of PubCo, including, but not limited to, working capital.

Q: What happens if a substantial number of Public Shareholders vote in favor of the Business Combination Proposal and exercise their redemption rights?

A: Unlike some other blank check companies which require their public shareholders to vote against a business combination in order to exercise their redemption rights, Public Shareholders may vote in favor of the Business Combination and exercise their redemption rights. Accordingly, the Business Combination may be consummated even though the funds available from the Trust Account and the number of Public Shareholders are substantially reduced as a result of redemption by Public Shareholders. With fewer Public Shares and Public Shareholders, the trading market for shares of PubCo Common Stock may be less liquid than the market for Public Shares was prior to the Business Combination, and PubCo may not be able to meet the listing standards for NYSE or another national securities exchange. In addition, with less funds available from the Trust Account, the working capital infusion from the Trust Account into PubCo's business will be reduced.

In the event of significant redemptions, with fewer Public Shares and Public Shareholders, the trading market for PubCo Common Stock may be less liquid than the market for shares of CEPT Class A Ordinary Shares was prior to the Business Combination, and PubCo may not be able to meet the listing standards for a stock exchange.

Q: What happens if the Business Combination is not consummated?

A: If CEPT does not complete the Business Combination with Securitize or another business combination by the end of the Combination Period, CEPT must: (i) redeem 100% of the issued and outstanding Public Shares, at a per-share price, payable in cash, equal to the amount then held in the Trust Account (which was approximately \$248.8 million as of March 31, 2026, or approximately \$10.51 per share (inclusive of \$0.15 per share to be funded pursuant to the Sponsor Note and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes)) divided by the number of Public Shares then outstanding, (ii) cease all operations except for the purpose of winding up, and (iii) subject to the approval of its remaining shareholders and its board of directors, dissolve and liquidate. Parties to the Business Combination

CEPT

CEPT is a blank check company incorporated in the Cayman Islands on November 11, 2020 as a Cayman Islands exempted company for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses or entities. CEPT Class A Ordinary Shares are currently listed on the Nasdaq Global Market under the symbol CEPT.

CEPT completed the CEPT IPO of 24,000,000 CEPT Class A Ordinary Shares on May 5, 2025, generating gross proceeds to CEPT of \$240,000,000. Simultaneously with the closing of the CEPT IPO, CEPT completed the sale to the Sponsor of 580,000 CEPT Private Placement Shares at a purchase price of \$10.00 per CEPT Private Placement Share in the CEPT Private Placement, generating gross proceeds to CEPT of \$5,800,000. Following the closing of the CEPT IPO and the CEPT Private Placement, a total of \$240,000,000, comprised of the net proceeds from the CEPT IPO and the CEPT Private Placement, was placed in the Trust Account. As of March 31, 2026, the Trust Account balance was approximately \$248.8 million. Since the CEPT IPO, CEPT's activity has been limited to efforts toward locating and completing a suitable business combination.

The mailing address of CEPT's principal executive office is 110 East 59th Street, New York, New York 10022 and its telephone number is (212) 938-5000. After the consummation of the Business Combination, CEPT will merge with and into SPAC Merger Sub and SPAC Merger Sub will continue to be a wholly owned subsidiary of PubCo.

PubCo was incorporated in Delaware on October 17, 2025, solely for the purpose of effectuating the Transactions and is a directly wholly-owned subsidiary of Securitize. It currently owns no material assets and does not presently operate any business. Immediately following the Closing, PubCo, through its ownership of Securitize, will be the publicly-listed holding company of the Securitize business.

On October 17, 2025, PubCo issued one hundred shares of common stock to Securitize for nominal consideration. These shares represents all shares in the capital of PubCo that are currently issued and outstanding and will be surrendered for nil consideration immediately following adoption of the PubCo Charter and the issuance of new PubCo securities as contemplated by the Transactions. For descriptions of PubCo securities, see

Description of PubCo Securities.

Prior to the consummation of the Business Combination, the directors of PubCo are Carlos Domingo and Francisco Flores and the sole shareholder of PubCo is Securitize. The mailing address of PubCo's principal executive office is 78 SW 7th Street, Suite 500, Miami, FL 33130 and its telephone number is (646) 918-5012.

Securitize was the first digital securities issuance platform that came to market in January 2018. Securitize directly tackles the fragmentation and inefficiency of traditional capital markets by replacing those legacy, siloed ledgers with a unified digital infrastructure built on blockchain. Securitize is a regulated transfer agent and digital asset platform that issues, manages, and records securities natively on-chain meaning that instead of relying on disconnected systems across brokers, custodians, and clearinghouses, every transaction and ownership record is maintained on a single, verifiable ledger accessible in real time. Today, Securitize has built the most comprehensive and trusted infrastructure for tokenizing financial assets on-chain. The company operates a fully regulated, end-to-end platform for the issuance, trading and servicing of tokenized securities. As the only vertically integrated tokenization provider with SEC-registered entities across a transfer agent, broker-dealer, alternative trading system (ATS), investor advisor and fund administration, Securitize uniquely enables a complete lifecycle for tokenized assets. These registrations enable Securitize to legally issue, manage, and trade digital securities in the United States under the same framework that governs traditional equities and bonds, while leveraging the efficiency and transparency of blockchain technology.

Interests of Certain CEPT Related Persons in the Business Combination

When Public Shareholders consider the recommendation of the CEPT Board in favor of approval of the Business Combination and other Proposals, Public Shareholders should keep in mind that the Sponsor and CEPT's directors and officers have interests in the Proposals that are different from or in addition to (and which may conflict with), the interests of a Public Shareholder as a CEPT Shareholder. These interests include, among other things:

" As of the date hereof, the Sponsor is the record holder of 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares. The following persons have material interests in the Sponsor: Cantor is the sole member of the Sponsor; CFGM is the managing general partner of Cantor; and Brandon G. Lutnick is the controlling trustee of the trusts owning all of the voting shares of CFGM and the Chairman and Chief Executive Officer of CFGM and Cantor. As of the date hereof, each of Cantor, CFGM and Brandon G. Lutnick may be deemed to have beneficial ownership of the CEPT Ordinary Shares held directly by the Sponsor. Each such entity or person disclaims any beneficial ownership of the reported shares other than to the extent of any pecuniary interest they may have therein, directly or indirectly. As of the date hereof, other than Brandon G. Lutnick (as described above) and Danny Salinas (who has a minority limited partnership interest in Cantor), none of CEPT's other directors or executive officers has a direct or indirect ownership interest in the Sponsor and none of CEPT's directors or executive officers has beneficial ownership of the CEPT Ordinary Shares held directly by the Sponsor;

" The Sponsor paid \$25,000, or approximately \$0.004 per share, for the 6,000,000 CEPT Founder Shares, and \$5,800,000, or \$10.00 per share, for the 580,000 CEPT Private Placement Shares. As of October 27, 2025, the aggregate value of such shares is estimated to be approximately \$81.1 million, assuming the per share value of the shares is the same as the \$12.33 closing price of the CEPT Class A Ordinary Shares on Nasdaq on October 28, 2025 (the date the proposed Business Combination was announced). As a result, the Sponsor is likely to be able to recoup its investment in CEPT and make a substantial profit on that investment, even if shares of PubCo Common Stock lose significant value after the Closing. This means that the Sponsor could earn a positive rate of return on its investment, even if Public Shareholders experience a negative rate of return in PubCo;

" The 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares held by the Sponsor and purchased by the Sponsor for \$5,825,000 will be worthless if a business combination is not consummated by CEPT by the end of the Combination Period (as defined below);

" Pursuant to the Insider Letter, the Sponsor agreed that, subject to limited exceptions, the 580,000 CEPT Class A Ordinary Shares it holds will not be sold or transferred until 30 days after CEPT has completed a business combination and that the 6,000,000 CEPT Founder Shares it holds will not be sold or transferred until the earlier of (a) the one-year anniversary of CEPT's initial business combination, (b) subsequent to CEPT's initial business combination, (x) if the last reported sale price of the CEPT Class A Ordinary Shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions,

share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after CEPT's initial business combination, and (c) the date on which CEPT completes certain material transactions that result in all of its shareholders having the right to exchange their shares for cash, securities or other property. The Sponsor Support Agreement shortens the lock-up that will apply to the Post-Combination Founder Shares from one year to 180 days, and provides that one-third of the Post-Combination Founder Shares are subject to early-release in the event the VWAP of a share of PubCo Common Stock exceeds \$12.50, \$15.00 and \$17.50, in each case for at least 20 out of 30 consecutive trading days commencing 90 days after the Closing, and removes clause (b) above;

" CF&Co., an affiliate of the Sponsor and Cantor, is a party to the PIPE Engagement Letter pursuant to which PubCo, Securitize and CEPT engaged CF&Co. as a co-placement agent for the PIPE Investment. CF&Co. is also a party to the M&A Engagement Letter pursuant to which CEPT engaged CF&Co. as CEPT's exclusive financial advisor for the Business Combination. Pursuant to the PIPE Engagement Letter, for the services provided thereto CF&Co. will receive a cash fee at the Closing equal to approximately \$4.3 million (assuming that all PIPE Investors fund, or are deemed to have funded, their commitments in their PIPE Subscription Agreements and excluding certain PIPE Investors who had pre-existing investments in Securitize). Pursuant to the M&A Engagement Letter, for the services provided thereto, CF&Co. will receive a cash fee at the Closing equal to 1% of the Securitize Equity Value, and up to an additional 0.5% of the Securitize Equity Value (which shall be reduced in proportion to the number of Public Shares redeemed prior to the Closing). In addition, CF&Co., is also a party to the Business Combination Marketing Agreement, pursuant to which CF&Co. will receive an \$8.4 million cash fee at the Closing. Payment of the foregoing fees are contingent on the Closing.

" The Sponsor and CEPT's officers and directors have agreed not to redeem any CEPT Ordinary Shares held by them in connection with a shareholder vote to approve a proposed business combination, including the Business Combination;

" The CEPT Memorandum and Articles provide that, to the fullest extent permitted by applicable law: (i) no individual serving as a director or an officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as CEPT; and (ii) CEPT renounces any interest or expectancy in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for any director or officer, on the one hand, and CEPT, on the other. In the course of their other business activities, CEPT's officers and directors may have, or may become aware of, other investment and business opportunities which may be appropriate for presentation to CEPT as well as the other entities with which they are affiliated. CEPT's management has pre-existing fiduciary duties and contractual obligations and if there is a conflict of interest in determining to which entity a particular business combination opportunity should be presented, any pre-existing fiduciary obligation will be presented the business combination opportunity before CEPT is presented with it. CEPT does not believe that the pre-existing fiduciary duties or contractual obligations of its officers and directors materially impacted its search for an acquisition target;

" CEPT has until the end of the Combination Period to consummate a business combination. If the Business Combination with Securitize is not consummated and CEPT does not consummate another business combination by the end of the Combination Period, CEPT will cease all operations except for the purpose of winding up, redeeming 100% of the issued and outstanding Public Shares for cash and, subject to the approval of its remaining shareholders and the CEPT Board, dissolving and liquidating, subject in each case above to CEPT's obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law. In such event, the 6,000,000 CEPT Class B Ordinary Shares and 580,000 CEPT Private Placement Shares held by the Sponsor would be worthless because the Sponsor has waived its right to participate in any redemption or distribution with respect to such CEPT Ordinary Shares, and CF&Co. will not receive any of the fees described above;

" CEPT has issued the Sponsor Loan to the Sponsor in respect of up to \$1,750,000 of loans the Sponsor has made, and will make, to CEPT to fund CEPT's expenses relating to investigating and selecting an acquisition target and other working capital requirements. The Sponsor Loan does not bear interest and

is repayable by CEPT to the Sponsor upon consummation of a business combination; provided that, at the Sponsor's option at any time on or prior to the consummation of the Business Combination, all or any portion of the amount outstanding under the Sponsor Loan may be converted into CEPT Class A Ordinary Shares at a conversion

price of \$10.00 per share. Otherwise, the Sponsor Loan would be repaid only out of funds held outside of the Trust Account. As of March 31, 2026, CEPT had approximately \$605,000 outstanding under the Sponsor Loan. If the Business Combination or another business combination is not consummated by the end of the Combination Period, the Sponsor Loan may not be repaid to the Sponsor, in whole or in part;

" CEPT has also issued the Sponsor Note to the Sponsor in respect of up to \$3,600,000 of loans the Sponsor will make to CEPT in connection with a Redemption Event, such that an amount equal to \$0.15 per Public Share being redeemed in connection with the applicable Redemption Event will be added to the Trust Account and paid to the holders of the applicable redeemed Public Shares on such Redemption Event. The Sponsor Note does not bear interest and is repayable by CEPT to the Sponsor upon consummation of a business combination; provided that, at the Sponsor's option at any time on or prior to the consummation of the Business Combination, all or any portion of the amount outstanding under the Sponsor Note may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Note would be repaid only out of funds held outside of the Trust Account. As of March 31, 2026, CEPT had \$0 outstanding under the Sponsor Note. The Sponsor Note, if drawn, will not be repaid to the extent that the amount of the Sponsor Note exceeds the amount of available proceeds not deposited in the Trust Account if a business combination is not completed;

" If CEPT is unable to complete a business combination by the end of the Combination Period, the Sponsor has agreed to be liable to CEPT if and to the extent of any claims by a third party for services rendered or products sold to CEPT or by a prospective acquisition target with which CEPT has entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, in each case, reduce the amount of redemption amount to below the lesser of (i) the sum of (A) \$10.00 per Public Share and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event and (ii) the sum of (A) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per share due to reductions in the value of the trust assets, less interest released to pay taxes, and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event, provided that such liability will not apply to any claims by a third party or prospective acquisition target who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under CEPT's indemnity of the underwriters of the CEPT IPO against certain liabilities, including liabilities under the Securities Act nor to claims brought by CEPT's public auditor;

" The Sponsor, CEPT's officers and directors and their affiliates are entitled to reimbursement for any out-of-pocket expenses incurred by them in connection with certain activities on CEPT's behalf, such as identifying, investigating, negotiating and completing a business combination. If CEPT does not complete a business combination by the end of the Combination Period, CEPT may not have the cash necessary to reimburse these expenses. As of the date of this proxy statement/prospectus, none of the Sponsor, CEPT's officers and directors or their affiliates has incurred any such expenses which would be reimbursed at the Closing; and

" CEPT's officers and directors will be eligible for continued indemnification and continued coverage under a tail policy for CEPT's directors' and officers' liability insurance policy for up to a six-year period from and after the Closing for events occurring prior to the Closing, which tail policy is to be paid for by PubCo at the Closing pursuant to the Business Combination Agreement. If the Business Combination does not close, CEPT's officers and directors may not receive this tail insurance coverage.

Unrelated to the Business Combination, affiliates of the Sponsor and Cantor, including Cantor's asset management division, are customers of Securitize and pay Securitize fees for providing services. Cantor and its affiliates may pursue additional business relationships and opportunities in the future with Securitize unrelated to the Business Combination.

For more information, see

Certain CEPT Relationships and Related Party Transactions
and see the risk factor entitled

Risk Factors Risks Related to the Business Combination Since the Sponsor and CEPT's directors and officers have interests that are different from, or in addition to (and which may conflict with), the interests of Public Shareholders, a conflict of interest may have existed in determining whether the Business Combination with PubCo and Securitize is appropriate as CEPT's initial business combination. Such interests include that the Sponsor will lose its entire investment in CEPT if the Business Combination is not completed or any other business combination is not completed.

CEPT's management determined that, in light of the potential conflicting interests described above with respect to the Sponsor and its Affiliates, the CEPT Audit Committee should separately review and consider the potential conflicts of interest with respect to the Sponsor and its Affiliates arising out of the proposed Business Combination and the proposed terms in respect thereof. Accordingly, the CEPT Audit Committee reviewed and considered such interests and, after taking into account the factors they deemed applicable (including the potential conflicting interests), unanimously approved the Business Combination Agreement and the transactions contemplated therein.

REASONS FOR APPROVAL OF THE BUSINESS COMBINATION

The CEPT Board considered a variety of factors in connection with its evaluation of the Business Combination. In light of the complexity of those factors, the CEPT Board, as a whole, did not consider it practicable to, nor did it attempt to, quantify or otherwise assign relative weights to the specific factors it took into account in reaching its decision. Individual members of the CEPT Board may have given different weight to different factors. Certain information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under

Cautionary Note Regarding Forward-Looking Statements.

Neither the CEPT Board nor any committee thereof obtained a fairness opinion (or any similar report or appraisal) in determining whether to pursue the terms of the Business Combination (including the consideration to be received by CEPT Shareholders and Securitize Stockholders). The independent directors of the CEPT Board did not retain an unaffiliated representative to act solely on behalf of the unaffiliated CEPT Shareholders to negotiate the terms of the Business Combination and/or

prepare a report concerning the approval of the Business Combination.

Before reaching its decision, the CEPT Board was provided information regarding the findings from the due diligence conducted by its advisors, reviewed the analyses conducted by its management, representatives of the Sponsor and CEPT's legal and financial advisors, and discussed the diligence findings at the October 27, 2025 special meeting. The due diligence conducted by CEPT's management, representatives of the Sponsor and CEPT's legal and financial advisors included:

" a presentation by CF&Co. to the CEPT Board, in CF&Co.'s capacity as financial advisor to CEPT, of financial and valuation analyses of Securitize and the Business Combination utilizing information provided by Securitize and publicly available information, as further described in the section entitled Certain Forecasted Information for Securitize below;

" review of historical financial performance of Securitize and expected performance for the remainder of 2025 and in 2026, including information on recurring revenues and contractual commitments in respect of its pipeline;

" financial, tax, legal, insurance, accounting, operational, business, management, employment and other due diligence, including a review of material contracts and other material matters;

" meetings and calls with the management team and employees of Securitize regarding, among other things, operating environment, outlook, plans, forecasts, customers, targeted products and services; and

" consultation with CEPT management and its legal and financial advisors.

The CEPT Board determined that pursuing a potential business combination with Securitize would be an attractive opportunity for CEPT and CEPT Shareholders for a number of reasons, which determination was based on a number of factors considered by the CEPT Board at the time it approved the Business Combination, including, but not limited to, the following:

" Securitize's Existing Operations. Securitize's platform for the tokenization of real-world assets, and relationships with several institutional partners, such as BlackRock, Apollo, Hamilton Lane and VanEck.

" Securitize's Implementations. Securitize's platform has already been implemented with a number of leading institutional partners across a range of assets including treasury funds, equities and private investment funds.

" Securitize's Integration with the Digital Asset Ecosystem. Securitize is currently integrated with facets of the digital asset ecosystem, including multiple blockchains, custodians, oracle providers, institutional brokers, liquidity providers, DeFi protocols and stablecoin infrastructure.

" Securitize's Financial Performance and Forecasted Outlook. Securitize has experienced significant quarterly revenue growth since the start of 2024 (\$17.6 million in the second quarter of 2025 versus \$1.8 million in the first quarter of 2024 and achieved positive Adjusted EBITDA of \$9.8 million for the six-month period ending June 30, 2025). Pursuant to the 2026 Estimates, Securitize expected to achieve approximately \$110 million in 2026 revenues (including estimated revenue of approximately \$85 million that was contracted and recurring based on AUM at the time of announcement) and approximately \$32 million in 2026 Adjusted EBITDA.

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

" Digital Asset Regulatory Clarity. With the current U.S. administration viewed as supportive of developing the cryptocurrency industry, and with momentum towards positive regulatory clarity in the United States, there may be increased institutional adoption of digital assets which may help drive the growth of tokenization.

" Growth Potential of Securitize's Business. Securitize is well-positioned to capitalize on the potential tokenization market due to its products, connectivity to the crypto ecosystem and ability to attract customers, partners and investors.

" Continued Ownership by Securitize Stockholders. The CEPT Board considered that (i) Securitize Stockholders include a number of leading financial institutions and blockchain/cryptocurrency technology firms, (ii) Securitize Stockholders are converting all of their equity into shares of PubCo Common Stock, (iii) Securitize Stockholders will be significant stockholders of PubCo after Closing, and (iv) in order to receive shares of PubCo Common Stock, Securitize Stockholders must enter into Lock-Up Agreements.

" Securitize CEO and CFO. Following completion of the Business Combination, PubCo will be led by the same CEO and CFO that led Securitize prior to the Business Combination.

" Securitize Being an Attractive Target. The CEPT Board considered the fact that Securitize (i) provides a service that currently has an attractive base of customers, and the tokenization market provides room for continued growth, (ii) has a business plan, that if successfully implemented, could increase revenues and improve the financial performance of Securitize, (iii) has reduced significant historical losses to generate positive Adjusted EBITDA and (iv) might benefit from the consummation of the Business Combination by becoming a public company.

" Valuation. The CEPT Board's determination that if Securitize is successful in executing its business plan, the value of CEPT Shareholders stake in PubCo may grow. For more, see

The Business Combination Proposal Certain Forecasted Information for Securitize.

" Involvement of the PIPE Investors. The CEPT Board considered that the commitment of the PIPE Investors to invest \$225.0 million in CEPT and PubCo via the PIPE Investment at Closing, at a purchase price of \$10.00 per share, demonstrates Securitize's ability to attract capital at a valuation consistent with the Business Combination.

" Terms and Conditions of the Business Combination Agreement. The terms and conditions of the Business Combination Agreement and the Business Combination, were, in the opinion of the CEPT Board, the product of arm's-length negotiations between the parties.

" Redemption Option. The right of CEPT Shareholders to redeem their Public Shares in connection with the Closing as further described herein.

In the course of its deliberations, in addition to the various other risks associated with the business of Securitize, as described in the section entitled Risk Factors

appearing elsewhere in this proxy statement/prospectus, the CEPT Board also considered a variety of uncertainties, risks and other potentially negative reasons relevant to the Business Combination, including the following:

" Macroeconomic Risks Generally. Macroeconomic uncertainty, and the effects that could have on PubCo's revenues and financial performance.

" Success of Crypto Ecosystem and Tokenization. Securitize's market valuation is dependent upon the continued health and growth of the crypto ecosystem and tokenization of financial assets. Both trends are currently positive with a favorable regulatory environment and growing adoption among the financial sector. However, the sector has experienced volatility in the past, which may negatively impact Securitize's business model, future growth opportunities and market value.

" Regulatory Risks with respect to DeFi and Blockchain-focused Businesses. Government regulation of decentralized finance and blockchain businesses is evolving and changes in regulation, including tax policy or as a result of any change in administrations or regulators, could impact the value of DeFi and Blockchain-focused businesses, the market for tokenized assets and the value of PubCo.

 "https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

" Competition in Securitize's Industry. Securitize competes within an evolving and highly competitive industry, with multiple participants competing for the same customers. Some competitors have greater capital resources than PubCo. Recently, a number of potential competitors and existing customers have announced plans to focus on tokenization and may become competitors to Securitize or may cease being customers of Securitize.

" Securitize Customer Contracts. Certain of Securitize's customer contracts are not long term, and most existing agreements do not contain exclusivity provisions and may be terminated under specified conditions. As a result, there can be no assurance that customers will continue their relationships with Securitize, and some may choose to engage with competitors or develop comparable technology internally.

" Risks in Securitize's Business Plan, including the Reliance on and Potential Loss of Key Relationships. Securitize may not be successful in maintaining its market position and continued growth. As noted above, Securitize's relationships are generally not bound by long-term contracts, and Securitize may overly rely on certain products (such as BUIDL, which represented more than 60% of Securitize's tokenized assets under management as of September 30, 2025) and clients that provide Securitize with broader exposure and an enhanced reputation in the industry. Further, certain contracts with such key clients do not restrict the ability of such clients to pursue tokenization activities

in-house

. The loss of such clients may adversely impact Securitize's prospects. While Securitize has recently achieved positive Adjusted EBITDA, there is no guarantee this will be sustainable and that Securitize will not be required to raise additional capital in the future.

" Exclusivity Arrangements in Customer Agreements. Certain customer agreements grant those customers exclusivity for certain products. While these arrangements are limited, granting of exclusivity may limit future business opportunities for Securitize.

" Risks Related to Use of

Open Source

Software. Securitize relies on

open source

software. The use and distribution of open source software may entail greater risk than the use of third-party commercial software as open source licensors generally do not provide protections regarding infringement claims or the quality of the code. To the extent that Securitize depends upon the successful operation of the open source software it uses, any undetected errors or defects in this open source software could impair Securitize's functionality, delay new solution introductions, result in a failure of its platform, and injure its reputation. For example, undetected errors or defects in open source software could render Securitize vulnerable to breaches or security attacks, and, in conjunction, make its systems more vulnerable to data breaches. Furthermore, some open source licenses contain requirements that Securitize make available source code for modifications or derivative works Securitize creates based upon the type of open source software Securitize uses. If Securitize combines its proprietary software with open source software in a specific manner, it could, under some open source licenses, be required to release the source code of its proprietary software to the public. This would allow Securitize competitors to create similar solutions with lower development effort.

" Securitize's Data Privacy. Securitize may need to significantly expand its IT and compliance resources to ensure compliance with all IT and data privacy laws. A failure to be in compliance with all IT and data privacy laws could subject it to large potential fines and other litigation.

" Securitize's PCAOB Audits. Securitize has not historically received PCAOB audits and does not have experience with PCAOB reporting, and any delays or significant changes in presentation in preparing the necessary PCAOB audits for 2025 may affect Securitize's ability to close the Transactions in a timely manner or provide a less positive presentation of its financial condition and results of operations. In connection with Securitize's PCAOB audit for 2025, certain revenue estimated to be recognized in 2025 was, in fact, not recognized in 2025. For more, see

Proposal No. 1 The Business Combination Proposal-Certain Forecasted Information for Securitize.

" IP Risks. Securitize has limited registered intellectual property and no patents, and as a result, could in the future be subject to intellectual property infringement claims, whether with or without merit, which could lead to substantial additional costs. Securitize also relies on a significant number of foreign independent contractors, and as Securitize's reputation grows, there may be issues with respect to ownership or infringement of Securitize's intellectual property.

 "https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

" Readiness to be a Public Company; Management Team. As Securitize has not previously been a public company, its senior executives have not previously been senior executives of a public company. In addition, several key members of management have recently left Securitize, and it may not have all the different types of employees necessary for it to timely and accurately prepare financial statements and reports for filing with the SEC. Securitize will be required to significantly expand its financial and legal operations and there is a risk that Securitize will not be able to hire the right people to fill in these gaps by the time of the Closing or that additional issues could arise after the Closing due to its failure to have hired these people in advance of Closing. As Securitize increases its presence into additional countries and expands its business into registered investment advisor and other regulated businesses, its compliance infrastructure more generally may not be able to keep pace with the increased compliance risks presented by rapid growth.

" Lack of Multi-Year Projections. In its ordinary course of business, Securitize does not maintain multi-year projections and Securitize instructed CEPT to rely on summary projections for the remainder of 2025 and 2026.

" Securitize Will Incur Additional Costs as a Result of Operating as a Listed Company. Following the Business Combination, Securitize will incur certain additional legal, accounting and other expenses that it would not incur as a private corporation. As a listed company, Securitize will be subject to additional rules and regulations, and Securitize's management and other personnel will need to devote a substantial amount of time to these compliance initiatives. Moreover, Securitize expects these rules and regulations to substantially increase its legal and financial compliance costs and to make some activities more time consuming and costly.

" Shares Available for Sale/Lock-Ups. The PubCo Common Stock to be issued to (i) the Securitize Stockholders in exchange for their Securitize shares are subject to a six month lock-up, subject to the exceptions described in this proxy statement/prospectus, (ii) the Sponsor in the exchange for the CEPT Private Placement Shares are subject to a 30 day lock-up, and (iii) the Sponsor in exchange for its CEPT Founder Shares are subject to a six month lock-up, subject to the exceptions described in this proxy statement/prospectus. PubCo is required to register such shares promptly after Closing. Upon the registration of such shares of PubCo Common Stock and upon the expiration of any applicable lock-up, a substantial number of shares of PubCo Common Stock may become available for sale, which could have a negative impact on PubCo's stock price.

" Absence of Fairness Opinion. CEPT did not obtain a fairness opinion (or any similar report or appraisal) in connection with the Business Combination.

" Liquidation. The risks and costs to CEPT if the Business Combination is not completed, including the risk of diverting management focus and resources from other businesses combination opportunities, which could result in CEPT being unable to effect a business combination prior to the Combination Deadline, which would require CEPT to liquidate.

" CEPT Shareholder Actions. CEPT Shareholders may object to and challenge the Business Combination and take action that may prevent or delay the Closing.

" Closing Conditions. Completion of the Business Combination is conditioned on the satisfaction of certain closing conditions that are not within CEPT's control.

" CEPT Shareholders Holding a Minority Position in PubCo. Existing CEPT Shareholders will hold a minority position in PubCo following completion of the Business Combination, with existing CEPT Shareholders (excluding the Sponsor) owning approximately 13.1% of PubCo after Closing, assuming that no shares of Public Shares are redeemed by CEPT Shareholders.

" Sponsor Incentives. The Sponsor and its affiliates may be incentivized to complete the Business Combination, or an alternative initial business combination with a less favorable company or on terms less favorable to CEPT Shareholders, rather than to liquidate (in which case the Sponsor would lose its entire investment in CEPT). In addition, as described elsewhere in this proxy statement/prospectus, CF&Co. is entitled to fees that will only be received if the Business Combination is completed. As a result, the Sponsor and directors on the CEPT Board affiliated with the Sponsor may have a conflict of interest in determining whether the Business Combination is an appropriate transaction to be consummated by CEPT and/or in evaluating the terms of the Business Combination.

16
<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

" Litigation. The possibility of litigation challenging the Business Combination or that an adverse judgment granting permanent injunctive relief could indefinitely enjoin consummation of the Business Combination.

" Fees and Expenses. The fees and expenses associated with completing the Business Combination.

" Redemptions. The risk that holders of CEPT Public Shares would exercise their redemption rights, thereby depleting the amount of cash available in the Trust Account.

" Exchange Listing. The potential inability to maintain the listing of PubCo's securities on NYSE or another national securities exchange immediately following the Closing including, as an example, the ability to maintain a sufficient number of round lot holders in the event of excessive redemptions by the holders of Public Shares.

" Valuation. The risk that the CEPT Board may not have properly valued Securitize's business.

" Distraction to Operations. The risk that the potential diversion of Securitize's management and employee attention as a result of the Business Combination may adversely affect Securitize's operations.

In addition to considering the factors described above, the CEPT Board also considered that:

" Interests of Certain Persons. The Sponsor, its affiliates and certain officers and directors of CEPT, as individuals, may have interests in the Business Combination that are in addition to, and that may be different from, the interests of CEPT Shareholders (see section entitled The Business Combination Proposal Interests of the Sponsor and CEPT's Officers and Directors in the Business Combination).

) CEPT's independent directors on the CEPT Audit Committee reviewed and considered these interests during the negotiation of the Business Combination and in evaluating and unanimously approving, as members of the CEPT Audit Committee, the Business Combination Agreement and the transactions contemplated therein.

" Differing Returns. The Sponsor paid \$25,000, or approximately \$0.004 per share, for the CEPT Founder Shares (of which it currently holds 6,000,000), which such CEPT Founder Shares, if unrestricted and freely tradeable, would be valued at approximately \$72.2 million, based on the closing price of CEPT Class A Ordinary Shares of \$12.33 on October 28, 2025, the last trading day prior to the date the CEPT Board approved the Business Combination. Such shares will be worthless if a business combination is not consummated. The Sponsor and its affiliates can earn a positive rate of return on their investment even if Public Shareholders experience a negative return following the consummation of the Business Combination.

After considering the foregoing, the CEPT Board concluded, in its business judgment, that the potential benefits to CEPT and its stockholders relating to the Business Combination outweighed the potentially negative factors and risks relating to the Business Combination.

 REDEMPTION RIGHTS

Pursuant to the CEPT Memorandum and Articles, Public Shareholders may elect to have their Public Shares redeemed for cash at the applicable redemption price per share equal to the sum of (a) the quotient obtained by dividing the aggregate amount on deposit in the Trust Account as of two (2) business days prior to the Closing, including interest (net of taxes payable), by the total number of the then issued and outstanding Public Shares, plus (b) \$0.15 per Public Share being redeemed, which CEPT has agreed to pay in respect of each redeemed Public Share. As of the date of this proxy statement/prospectus, based on funds in the Trust Account of approximately \$248.8 million as of March 31, 2026, this would have amounted to approximately \$10.51 per share (inclusive of \$0.15 per share to be funded pursuant to

the Sponsor Note and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes). Public Shareholders may exercise redemption rights whether or not they are holders as of the Record Date and whether or not such shares are voted at the Meeting and whether they vote for or against the Business Combination Proposal. Notwithstanding the foregoing, the CEPT Memorandum and Articles provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a

group

(as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than 15% of the Public Shares in the aggregate, without the prior consent of CEPT.

If a Public Shareholder exercises its redemption rights, then such Public Shareholder will be exchanging its Public Shares for cash and will not hold shares of PubCo Common Stock upon consummation of the Business Combination. Such a Public Shareholder will be entitled to receive cash for its Public Shares only if it properly demands redemption and delivers its shares (either physically or electronically) to CST in accordance with the procedures described herein. See the section titled Extraordinary General Meeting of CEPT Shareholders Redemption Rights for the procedures to be followed if you wish to redeem your Public Shares for cash.

In connection with the CEPT IPO, the Sponsor and CEPT's executive officers and directors agreed to waive any redemption rights with respect to any CEPT Ordinary Shares held by them in connection with the completion of the Business Combination. Such waivers are standard in transactions of this type and the Sponsor and CEPT's executive officers and directors did not receive separate consideration for the waiver.

Board of Directors of PubCo Following the Business Combination

As of the date of this proxy statement/prospectus, the directors of PubCo are Carlos Domingo and Francisco Flores. Following Closing Carlos Domingo will remain on the PubCo Board as a director of PubCo (with Mr. Flores resigning as a director) and the PubCo Board will consist of seven persons, with at least five of them qualifying as independent directors under applicable securities exchange rules.

For more information, see the section of this proxy statement/prospectus entitled Management of PubCo Following the Transactions.

Information about the current CEPT directors and executive officers can be found in the section entitled Where You Can Find Additional Information CEPT SEC Filings.

Accounting Treatment

The Business Combination will be accounted for as a reverse recapitalization in accordance with GAAP and not as a business combination. Under this method of accounting, CEPT will be treated as the

acquired company for financial reporting purposes. Accordingly, for accounting purposes, the Business Combination will be treated as the equivalent of PubCo issuing stock for the net assets of CEPT, accompanied by a recapitalization. Upon the completion of the Business Combination, substantially all of the assets and business of Securitize and CEPT will be held and operated by PubCo and its subsidiaries.

Appraisal Rights

No appraisal or dissenters' rights are available to CEPT Shareholders in connection with the ordinary resolution to approve the Business Combination Proposal. Under the Cayman Act, minority shareholders have a right to dissent to a merger and if they so dissent, they are entitled to be paid the fair value of their shares, which if necessary, may ultimately be determined by the court. Therefore, CEPT Class A Record Holders have a right to dissent from the CEPT Merger. Please see the section titled

The Merger Proposal Appraisal or Dissenters' Rights for additional information.

In addition, Public Shareholders are still entitled to exercise the rights of redemption as detailed in this proxy statement/prospectus and the redemption proceeds

payable to Public Shareholders who exercise such redemption rights will represent the fair value of those shares. For a discussion about the Public Shareholders' redemption rights, please see
Extraordinary General Meeting of CEPT Shareholders Redemption Rights.

Date, Time and Place of the Extraordinary General Meeting of CEPT Shareholders

The Meeting will be held at a.m., Eastern Time, on , 2026. The Meeting will be held at the offices of Hughes Hubbard & Reed LLP, One Battery Park Plaza, 10th Floor, New York, New York 10004 and virtually over the Internet by means of a live audio webcast. You will be able to attend, vote your shares and submit questions during the Meeting via a live webcast available at .
You or your proxyholder will be able to attend and vote at the Meeting by visiting and using a control number assigned by CST. To register and receive access to the Meeting, registered shareholders and beneficial owners (those holding shares through a stock brokerage account or by a bank or other holder of record) will need to follow the instructions applicable to them provided in this proxy statement/prospectus. You will need the voter control number included on your proxy card in order to be able to vote your shares or submit questions during the Meeting. If you do not have a voter control number, you will be able to listen to the Meeting only and you will not be able to vote or submit questions during the Meeting.

Voting Power; Record Date

CEPT Shareholders will be entitled to vote or direct votes to be cast at the Meeting if they owned CEPT Ordinary Shares at the close of business on May 11, 2026, which is the Record Date for the Meeting. CEPT Shareholders are entitled to one vote at the Meeting for each CEPT Ordinary Share held as of the Record Date. If you hold your shares in
street name,

which means your shares are held of record by a broker, bank or nominee, you should contact your broker, bank or nominee to ensure that votes related to the shares you beneficially own are properly counted. In this regard, you must provide the broker, bank or nominee with instructions on how to vote your shares or, if you wish to attend the Meeting and vote, obtain a proxy from your broker, bank or nominee.

As of the close of business on the Record Date, there were 30,580,000 CEPT Ordinary Shares issued and outstanding, consisting of 24,580,000 CEPT Class A Ordinary Shares and 6,000,000 CEPT Class B Ordinary Shares. Of these shares, 24,000,000 were Public Shares, with the rest being held by the Sponsor.

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Proxy Solicitation

Proxies may be solicited by mail, telephone or in person. CEPT has engaged Sodali as the proxy solicitor to assist in the solicitation of proxies. If a CEPT Shareholder grants a proxy, it may still vote its shares itself if it revokes its proxy before the Meeting. A CEPT Shareholder may also change its vote by entering a new vote by Internet or telephone, submitting a later-dated proxy or attending and voting, virtually via the live webcast or in person, during the Meeting as described in the section of this proxy statement/prospectus entitled
Extraordinary General Meeting of CEPT Shareholders Revoking Your Proxy.

Quorum and Required Vote for Proposals for the Meeting

A quorum of CEPT Shareholders is necessary to hold a valid meeting. A quorum for the Meeting will be achieved if CEPT Shareholders of record that hold a majority of the then issued and outstanding CEPT Ordinary Shares are present at the Meeting (whether in person (including via the virtual meeting platform) or by proxy), irrespective of the number of CEPT Ordinary Shares voted by such CEPT Shareholders at the Meeting. As of the Record Date, the presence, in person or by proxy, of CEPT Shareholders of record holding 15,290,001 CEPT Ordinary Shares would be required to achieve a quorum at the Meeting. In addition to the CEPT Ordinary Shares held by the Sponsor, which represent approximately 21.5% of the issued and outstanding CEPT Ordinary Shares and which will count towards this quorum, CEPT will need only one or more CEPT Shareholders of record holding 8,710,001 Public Shares, or approximately 36.3%, of the 24,000,000 Public Shares represented in person (including via the virtual meeting platform) or by proxy at the Meeting to have a valid quorum.

To pass, each of the Business Combination Proposal, the Nasdaq Proposal and the Adjournment Proposal requires an ordinary resolution of CEPT Shareholders, which requires the affirmative vote of a simple majority of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). To pass, the Merger Proposal requires a special resolution of CEPT Shareholders, which requires the affirmative vote of at least two-thirds of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). CEPT Shareholders are also being asked to approve, on a non-binding advisory basis, each of the Organizational Documents Proposals. Although the CEPT Board is asking CEPT Shareholders to approve each of the Organizational Documents Proposals on the non-binding advisory basis, regardless of the outcome of the non-binding advisory vote on each of the Organizational Documents Proposals, the PubCo Charter and the PubCo Bylaws will take effect upon the Closing if the Business Combination Proposal and the Merger Proposal are approved.

Assuming a quorum is established, a CEPT Shareholder's failure to vote by proxy or to vote at the Meeting will have no effect on the Proposals. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, are not treated as votes cast and will have no effect on any of the Proposals.

The Sponsor has agreed to vote its 6,580,000 CEPT Ordinary Shares, representing approximately 21.5% of the issued and outstanding CEPT Ordinary Shares, in favor of each of the Proposals. As a result, with respect to each Proposal that requires approval of CEPT Shareholders by an ordinary resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 8,710,001, or approximately 36.3%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 1,065,001, or approximately 4.4%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved. With respect to each Proposal that require approval of CEPT Shareholders by a special resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 13,806,667, or approximately 57.5%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 3,613,334, or approximately 15.1%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved.

SUMMARY OF RISK FACTORS

In evaluating the Proposals, CEPT Shareholders should carefully read this proxy statement/prospectus and especially consider the factors discussed in the section entitled

Risk Factors.

These risks are summarized below.

Risks Related to Securitize's Business and Industry

" We face intense and increasing competition. Many of our competitors have greater resources than we do and may have products and services that are more appealing than ours to our current or potential customers or may operate under more permissive jurisdictions.

" In all full-year periods since our inception, we have incurred operating losses and might not be profitable in the future.

" If we fail to retain existing customers or attract new customers, or if our customers decrease their use of our products and services, our revenue will decline. A significant portion of our revenues depend on or have arisen from certain key relationships, which are not exclusive or bound by long-term contracts. Additionally, certain partnerships involve exclusivity arrangements, limiting our freedom to engage with other new relationships.

" If we fail to provide and monetize new and innovative products and services that are adopted by customers, our business may become less competitive and our revenue might decline.

" Our inability to maintain existing relationships with financial institutions and similar firms or to enter into new relationships of this kind, could impact our ability to offer services to customers.

" We and our subsidiaries currently operate in certain international markets and plan to further expand our international operations, which exposes us to significant new risks, and our international expansion efforts might not succeed.

Risks Related to Government Regulation and Litigation

" Our business is subject to extensive, complex and changing laws and regulations, and related regulatory proceedings and investigations. Changes in these laws and regulations, or our failure to comply with these laws and regulations, could harm our business.

" The market and regulatory framework for tokenized securities and RWAs are nascent and subject to rapid change.

" If we do not maintain the net capital levels required by regulators, our broker-dealer business may be restricted and we may be fined or subject to other disciplinary or corrective actions.

Risks Related to Tokenization and Our Products and Services

- " The market for securities and real-world asset tokenization is highly competitive and fragmented.
- " Tokenization of securities and RWAs involves novel technological, operational, and cybersecurity risks.
- " Minting and redeeming tokens from our platform involves risks, which could result in loss of customer assets, customer disputes, and other liabilities.

Risks Related to Our Platforms, Systems and Technology

- " Our products and services rely on software and systems that are highly technical and have been, and may in the future be, subject to interruption, instability, and other potential flaws due to software errors, design defects, and other processing, operational, and technological failures, whether internal or external.
- " We rely on third parties to perform some key functions, and their failure to perform those functions could adversely affect our business, financial condition and results of operations.

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Risks Related to Cybersecurity, Data Privacy and our Intellectual Property

- " Our business could be materially and adversely affected by a cybersecurity breach or other attack involving our computer systems or data or those of our customers or third-party service providers.

Risks Related to Our Financial Condition, Accounting and Tax Matters

- " Future developments regarding the treatment of tokenized securities and other digital assets for U.S. federal, state and foreign income tax purposes could adversely impact our business.
- " If we fail to maintain effective internal control over financial reporting, as well as required disclosure controls and procedures, our ability to produce timely and accurate consolidated financial statements or comply with applicable regulations could be impaired.

Risks Related to CEPT and the Business Combination

- " The market price of shares of PubCo Common Stock after the Business Combination will be affected by factors different from those currently affecting the market price of CEPT Class A Ordinary Shares.
- " The consummation of the Business Combination is subject to a number of conditions and if those conditions are not satisfied or waived, the Business Combination Agreement may be terminated in accordance with its terms and the Business Combination may not be completed.
- " If the Business Combination is not approved and CEPT does not consummate another initial business combination by the end of the Combination Period, then the Sponsor's CEPT Ordinary Shares will become worthless and the expenses it has incurred will not be reimbursed. These interests may have influenced the CEPT Board's decision to approve the Business Combination.
- " CEPT, Securitize and PubCo incur significant transaction costs in connection with the Business Combination.
- " Securities of companies formed through mergers with SPACs such as PubCo may experience a material decline in price relative to the share price of the SPACs prior to such merger.
- " Currently, there is no public market for the shares of PubCo Common Stock. Public Shareholders cannot be sure about whether the shares of PubCo Common Stock will develop an active trading market or whether PubCo is able to maintain the listing of PubCo Common Stock in the future even if PubCo is successful in listing PubCo Common Stock on NYSE or another national securities exchange, which could limit investors' ability to make transactions in shares of PubCo Common Stock and subject PubCo to additional trading restrictions.
- " PubCo is not expected to pay cash dividends in the foreseeable future.

Implications of being an Emerging Growth Company and a Smaller Reporting Company

PubCo is an

emerging growth company,

as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012, as amended (the JOBS Act

), and it may take advantage of certain exemptions from various reporting requirements that are applicable to non-emerging growth companies, including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, as amended (the Sarbanes-Oxley Act

), reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

Further, section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. PubCo intends to irrevocably elect not to avail itself of this extended transition period, and, as a result, will adopt new or revised accounting standards on the relevant dates on which adoption of such standards is required for other public companies.

24

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

PubCo will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the date of the first sale of PubCo Common Stock pursuant to an effective registration statement or (b) in which it has total annual gross revenue of at least \$1.235 billion (as adjusted for inflation pursuant to SEC rules from time to time), and (2) the date on which (x) it is deemed to be a large accelerated filer, which means the market value of PubCo Common Stock that is held by non-affiliates exceeds \$700 million as of the end of that year's second fiscal quarter, or (y) the date on which it has issued more than \$1.0 billion in nonconvertible debt during the prior three-year period.

PubCo is also a

smaller reporting company.

PubCo may continue to be a smaller reporting company until either (i) the market value of PubCo Common Stock held by non-affiliates is less than \$250 million or (ii) its annual revenue was less than \$100 million during the most recently completed fiscal year and the market value of PubCo Common Stock held by nonaffiliates is less than \$700 million. If PubCo is a smaller reporting company at the time it ceases to be an emerging growth company, it may continue to rely on exemptions from certain disclosure requirements that are available to smaller reporting companies. Specifically, as a smaller reporting company, PubCo may choose to present only the two most recent fiscal years of audited financial statements in its Annual Report on Form 10-K and, similar to emerging growth companies, smaller reporting companies have reduced disclosure obligations regarding executive compensation.

SUMMARY UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

The following summary unaudited pro forma combined financial information has been derived from the unaudited pro forma combined balance sheet as of March 31, 2026 and the unaudited pro forma condensed combined statements of operations for the year ended December 31, 2025 and for the three months ended March 31, 2026, included in Unaudited Pro forma Condensed Combined Financial Information.

The summary unaudited pro forma condensed combined financial information should be read in conjunction with the unaudited pro forma condensed combined balance sheet and the unaudited pro forma condensed combined statements of operations, and the accompanying notes. In addition, the unaudited condensed combined pro forma financial information was based on and should be read in conjunction with the historical financial statements of Securitize and CEPT, including the accompanying notes, which are included elsewhere in this proxy statement/prospectus.

As CEPT does not represent a business for accounting purposes and its primary asset represents cash and cash equivalents, the Business Combination will be treated similar to an equity contribution in exchange for the issuance of PubCo Common Stock. The net assets of CEPT will be stated at historical cost, with no goodwill or other intangible assets recorded.

The unaudited pro forma condensed combined financial information has been prepared using the assumptions below with respect to the potential redemption of Public Shares:

" Assuming No Redemptions: This presentation assumes that no Public Shareholders exercise redemption rights with respect to their Public Shares.

" Assuming 100% Redemptions: This presentation assumes that all 24,000,000 Public Shares are redeemed in connection with the Business Combination, for an aggregate redemption payment of approximately \$252.4 million.

Risks Related to Securitize's Business and Industry

We face intense and increasing competition. Many of our competitors have greater resources than we do and may have products and services that are more appealing than ours to our current or potential customers or may operate under more permissive jurisdictions.

We operate in a rapidly changing and highly competitive industry, and our results of operations and future prospects depend in part on the continued growth of the Securitize issuance of new tokenized securities, our ability to monetize Securitize-issued assets, and our ability to innovate and create successful new products and services and improve existing products and services.

Although there are regulatory and other barriers to entering the markets we serve, we nonetheless expect our competition to continue to increase. We face competition from both established enterprises and early-stage companies that are attempting to capitalize on the same, or similar, opportunities as we are. Some of our current and potential competitors have longer operating histories, particularly with respect to digital financial services products, significantly greater financial, technical, marketing, and other resources, and larger customer bases than we do. This may allow them to offer more competitive pricing or other terms or features, a broader range of digital financial products, or a more specialized set of specific products or services, as well as respond more quickly than we can to new or emerging technologies and changes in investor and customer preferences. Additionally, when new competitors seek to enter our markets, or when existing market participants seek to increase their market share or revenues, they may offer terms, including fee structures, that are more favorable than ours, which could result in a decrease of our market share or revenues or lead us to adopt less profitable business practices, or otherwise exert downward pressure on our results of operations. Recently, a number of potential competitors and existing Securitize customers have announced plans to focus on tokenization and may become competitors to Securitize or may cease being customers of Securitize. With increased competition, we may be required to incur additional costs or expenses relative to our revenue to maintain or grow the Securitize token network and the market acceptance of our products and services.

We currently compete at multiple levels with a variety of competitors, including:

- " other tokenization platforms that may have similar licenses and services to ours;
- " asset managers and other traditional financial institutions that build their own technology rather than engage with third-party providers like us; and
- " crypto companies that operate in more permissive international jurisdictions or take greater regulatory risks than we are willing to take.

We believe that our ability to compete depends upon many factors, both within and beyond our control, including the following:

- " our ability to continue working with large financial institutions and maintain our credibility;
- " the size, diversity, and activity levels of our investor and customer base;

33

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

" the timing and market acceptance of products and services, including developments and enhancements to those products and services offered by us and our competitors;

- " trust, perception, and interest in the digital asset industry and in our products and services;
- " customer service and support efforts;
- " selling and marketing efforts;
- " the ease of use, performance, price, and reliability of solutions developed either by us or our competitors;
- " changes in economic conditions and government regulation and policies;
- " our ability to successfully execute on our business plans;
- " our ability to successfully integrate new products and services with our existing ones;
- " our ability to continue to enhance our technical infrastructure and technology;
- " our ability to enter new markets;
- " our ability to maintain and grow our partnerships with other market participants;
- " general digital payments, capital markets, blockchain, and token market conditions; and
- " our brand strength relative to that of our competitors.

If we are unable to successfully compete in our industry, our business, results of operations, financial condition, and prospects could suffer materially.

We might not grow in line with historical rates.

While we have grown rapidly in the last three fiscal years, the circumstances that accelerated the growth of our business in the past may not continue. You should not rely on our revenue or key business metrics for any previous quarterly or annual period as any indication of our revenue, revenue growth, key business metrics or key business metrics growth in future periods.

We might experience declines in the growth of our business (or negative growth) as a result of a number of factors, including slowing demand for our platforms, regulatory changes, insufficient growth in the number of customers that utilize our platforms, declines in the level of usage of our platforms by existing customers, macroeconomic factors, increasing competition, a decrease in the growth of our overall target market, or our failure to continue to capitalize on growth opportunities, including as a result of our inability to scale to meet such growth, economic conditions that have, in some instances, reduced and could continue to reduce financial activity and the maturation of our business, among others. In particular, our customers are not generally bound by long-term contracts. Further, certain contracts with our key clients do not restrict the ability of such clients to pursue tokenization activities in-house

. The loss of such clients may adversely impact our prospects. Any failure to successfully address these risks and challenges as we encounter them, will negatively affect our growth. If our revenue growth rate continues to decline, investors' perceptions of our business and the trading price of PubCo Common Stock could be adversely affected.

Further, we develop our stated near-term and medium-term growth objectives based on numerous factors such as market trends, customer demand, operational capacity, and macroeconomic conditions. Our ability to achieve these objectives in the stated timeframes is subject to significant uncertainties, and there is no guarantee that we will be able to meet these goals due to factors such as market conditions, competition, and operational challenges, among others.

We have expanded and continue to expand our operations rapidly, including continuing to introduce new products and services on our platforms as well as geographic expansion, which subjects us to a number of uncertainties, risks, and difficulties that could adversely affect our business.

We have expanded and continue to expand our operations rapidly, including continuing to introduce new products and services on our platforms as well as geographic expansion, which makes it difficult to evaluate our current business and future prospects, and subjects us to a number of uncertainties, including our ability to plan for, model, and manage potential future growth and risks.

We have encountered, and will continue to encounter, risks and difficulties frequently experienced by companies in rapidly changing and heavily regulated industries, including challenges associated with achieving market acceptance of our products and services, attracting and retaining customers, and complying with laws and regulations (particularly those that are subject to evolving interpretations and applications), as well as increased competition and the complexities of managing expenses as we expand our business. Additionally, as our business operations continue to expand, we have had and may continue to have difficulties meeting customer demand and expectations. We might fail to adequately address these and other challenges we may face, and our business might be adversely affected if we do not manage these risks successfully.

Our results of operations and other operating metrics fluctuate from quarter to quarter, which makes these metrics difficult to predict.

Our results of operations are heavily reliant on the level of activity on our platforms. In the past, our results of operations and other operating metrics have fluctuated from quarter to quarter, including due to movements and trends in the underlying markets, changes in general economic conditions, interest in investing, and fluctuations in trading levels generally, each of which is outside our control and will continue to be outside our control. As a result, period-to-period comparisons of our results of operations might not be meaningful, and our past results of operations should not be relied on as indicators of future performance.

Further, we are subject to additional risks and uncertainties that are frequently encountered by companies in rapidly evolving markets. Our financial condition and results of operations in any given quarter can be influenced by numerous factors, including the occurrence of any of the risks described elsewhere in this Risk

Factors section, many of which we are unable to predict or are outside of our control. Factors contributing to quarterly fluctuations could include, among others:

- " our ability to retain and engage existing institutional customers and attract new customers as well as our ability to capture new investors for our products;
- " the timing and success of new product and service introductions by us or our competitors, or other changes in the competitive landscape of our market;
- " fluctuations in interest rates;
- " increases in marketing, sales, compensation (for example, due to increased hiring competition for highly skilled personnel), cloud infrastructure, and other operating expenses that we might incur to grow and expand our operations and to remain competitive;
- " the timing and amount of non-cash expenses, such as share-based compensation and asset impairments;
- " the success of our expansion into new markets or acquisitions;
- " fluctuations in tokenization volume and demand for tokenization services;
- " changes in the public's perception, adoption, and use of tokenized securities;
- " any inability of customers to access and utilize our platforms, due to system disruptions, outages, or trading restrictions;
- " any events that damage customer confidence in Securitize, such as breaches of security or privacy;
- " the impacts of public health threats, unemployment, and inflation; and
- " changes in tax laws or judicial or regulatory interpretations of tax laws, which are recorded in the period such laws are enacted or interpretations are issued, and might significantly affect the effective tax rate of that period.

Any of the factors above or listed elsewhere in this Risk Factors section, or the cumulative effect of some of those factors, could result in significant fluctuations in our results of operations.

In all full-year periods since our inception, we have incurred operating losses and might not be profitable in the future.

In all full-year periods since our inception, we have incurred operating losses. We might not be able to maintain or increase our revenue and/or maintain or further reduce our operating expenses by sufficient amounts to continue to generate positive GAAP net income on a quarterly or yearly basis in the future.

If we fail to retain existing customers or attract new customers, or if our customers decrease their use of our products and services, our revenue will decline. A significant portion of our revenues depend on or have arisen from certain key relationships, which are not exclusive or bound by long-term contracts. Additionally,

certain partnerships involve exclusivity arrangements, limiting our freedom to engage with other new relationships. We have experienced rapid customer growth in recent years. Our business and revenue growth depends on our efforts to attract new customers, retain existing customers, and increase the amount that our customers use our products and services and increase the amount of tokenized assets under management. Any erosion of this active customer base or a decrease in their usage of our products and services (including through a decline in our assets under management) would have a disproportionately large negative impact on our revenues, which could cause the trading price of PubCo Common Stock to decline significantly. Our efforts to attract and retain customers might fail due to a number of factors, including our customers losing confidence in us or preferring a competitor's offerings. Further, while we refer to our customers such as BlackRock, Apollo, BNY, Hamilton Lane, KKR, Van Eck and others as our partners

we do not have a partnership agreement with these entities. Instead, we have engaged with them and other key customers through various contractual arrangements, most commonly through tokenization platform services, transfer agent and placement agent contracts. These contracts are (i) not long-term and provide the right to the customer to terminate the contract with prior written notice to us after an initial term or no initial term at all and (ii) do not contain exclusivity provisions, so such customers may move to a competitor or develop technology in-house. For example, our platform services and transfer agent that govern our relationship with BlackRock had an initial term of two years and now automatically renews for one year terms, with the right for BlackRock to terminate with written notice to us 90 days prior to the end of a renewal term, and our placement agent agreement with BlackRock can be terminated by BlackRock at any time with prior written notice. We may overly rely on certain products (such as BUIDL, which represented more than 60% of Securitize's tokenized assets under management as of September 30, 2025) and clients that provide Securitize with broader exposure and an enhanced reputation in the industry, and changes in such relationships could have broader negative effects than the direct revenues from such relationships. Additional factors that could lead to a decline in our number of customers or their usage of our products and services or that could prevent us from increasing our number of customers include:

- " a decline in our brand and reputation;
- " increased pricing for our products and services;
- " a shift in pricing models, including allowing customers to choose different fee models for tokenization services;
- " ineffective marketing efforts or a reduction in marketing activity;
- " certain of our customers, due to being new and inexperienced, might be less loyal to our products or less likely to maintain historical trading patterns and interest in investing;
- " a broad decline in the equity, crypto and real-world asset markets, which could result in a decline of our assets under management and/or investors feeling discouraged and exiting the markets altogether;
- " rising inflation resulting in less disposable income for our customers to invest;
- " our customers experiencing difficulties using our platforms as intended, due to any number of reasons such as design errors, service outages, or trading restrictions imposed by us;
- " our customers experiencing security or data breaches, account intrusions, or other unauthorized access;
- " the inclusion of exclusivity provisions in certain customer agreements (albeit limited) granting such customers exclusivity for certain products;
- " our failure to provide adequate customer service; and
- " customer resistance to and non-acceptance of tokenized securities.

Finally, our customers may choose to cease using our platforms, products, and services at any time, and may choose to transfer their accounts to another broker-dealer. Any of these factors could have a material adverse effect on our results of operations.

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Lack of liquid markets, possible manipulation of blockchain-based assets and lack of effectiveness of safeguards for our crypto asset holdings may adversely affect us.

Crypto assets that are represented and traded on a ledger-based platform may not necessarily benefit from viable trading markets. Stock exchanges have listing requirements and vet issuers, subject issuers to rigorous listing standards and rules and require their members to monitor investors transacting on such platform for fraud and other improprieties. These conditions may not necessarily be replicated on a distributed ledger platform, depending on the platform's controls and other policies. We have elected to use Fireblocks, OKX and Coinbase to facilitate transfers of our crypto assets. Third-party exchanges do not have the same vetting of issuers as a national securities exchange, which leads to a higher potential risk for fraud or manipulation of crypto assets. Such fraud or manipulation may decrease liquidity or transaction volume, or increase volatility of digital securities or other assets, which may adversely affect us. Such circumstances may have an adverse effect on our ability to sell our crypto assets at profitable prices, which would have a material adverse effect on our business, prospects or operations and potentially the value of any crypto holdings we hold or expect to acquire for our own account and harm investors.

Additionally, other than relying on the security protocols and safeguards provided to OKX, Coinbase and Fireblocks account holders, the Company has not implemented any additional safeguards or policies to protect its crypto assets other than limiting the personnel who have access to the accounts to our executive officers. We also currently do not have our crypto assets insured against theft, hacking, or loss. The risk of using custodial digital wallets is that the possession of the Company's crypto assets is reliant upon a third-party maintaining control of its security protocols to protect possession. In addition to the third-party exchanges, the Company self-custodies the majority of its crypto assets held in corporate treasury. Fireblocks, Inc. (

Fireblocks

) provides the Company with a software-as-a-service platform for utilizing its Multi-Party Computation (

MPC

) technology-based infrastructure. This MPC based cryptographic solution enables us to retain exclusive control over the authorization of transactions without ever generating or storing a traditional private key, therefore allowing us to maintain self-custody over the Company's digital assets held in corporate treasury. If Fireblocks were to be infiltrated, all of our crypto assets held utilizing the infrastructure could potentially become compromised or at least temporarily inaccessible. In the case of Securitize-issued tokenized securities held in self-custody utilizing Fireblocks infrastructure, the Company has manual safeguards in place which help retain the appropriate records of ownership should the automated blockchain systems fail which it controls in its capacity as transfer agent,

adding an extra layer of security over these tokenized funds. If OKX or Coinbase were to be infiltrated after the Company's crypto assets are transferred into its account, such crypto assets could potentially be lost or inaccessible. If either of those events occur, it could result in a loss of all or some of our crypto assets, which would have a material adverse effect on our financial condition.

If we fail to provide and monetize new and innovative products and services that are adopted by customers, our business may become less competitive and our revenue might decline.

Our ability to attract, engage, and retain our customers and to increase our revenue depends heavily on our ability to evolve our existing products and services and to create and monetize new products and services that are adopted by customers. Rapid and significant technological changes continue to confront the financial services industry, including developments in the methods in which securities are traded and developments in tokenization. To keep pace or to innovate we have introduced and might continue to introduce significant changes to our existing products and services or acquire or introduce new and unproven products and services, including using technologies with which we have little or no prior development or operating experience. Our efforts have been and might continue to be inhibited by industry-wide standards, legal restrictions, incompatible customer expectations, demands, and preferences, or third-party intellectual property rights. Our efforts to innovate have been and might continue to also be delayed or blocked by new or enhanced regulatory scrutiny or technical complications. Incorporating new technologies into our products and services, or realizing the intended benefits of acquisitions of, or investments in, other companies, products or technologies, has required and might continue to require substantial expenditures and take considerable time, and we might not be successful in realizing a return on these efforts in a timely manner or at all. It might be difficult to monetize products in a manner consistent with our brand's focus on low prices. If we fail to innovate and deliver products and services with market fit and differentiation, or fail to do so quickly enough as compared to our competitors, we might fail to attract and retain customers and maintain customer engagement which could lead to a decline in our tokenized assets under management, causing our revenue to decline. Our international expansion efforts may increase these risks as we expect to adapt our product and service offerings to reflect local regulatory requirements, customer preferences, and other location-specific factors, as discussed elsewhere in this Risk Factors section.

37

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

We will need additional capital to support business growth and objectives, and this capital might not be available to us on reasonable terms, if at all, might result in stockholder dilution, or might be delayed or prohibited by applicable regulations.

Maintaining adequate liquidity is crucial to our securities brokerage operations. The SEC and FINRA also have stringent rules with respect to the maintenance of specific levels of net capital by securities broker-dealers. We might be adversely affected by failing to meet these capital requirements or by potential regulatory changes related to our obligations with regard to capital maintenance requirements.

We might also need additional capital to continue to support our business and any future growth and to respond to competitive challenges, including the need to promote our products and services, develop new products and services, enhance our existing products, services and operating infrastructure, acquire and invest in complementary businesses and technologies, and to fund payments on our obligations at the parent company level, such as the income tax withholding and remittance obligations that arise upon the vesting and/or settlement of our outstanding restricted stock units (

RSUs

), and any debt obligations we might incur. To meet liquidity needs at the parent level, we might need to rely on dividends, distributions and other payments from our subsidiaries. Regulatory and other legal restrictions might limit our ability to transfer funds to or from some subsidiaries. For example, under FINRA rules applicable to us, a dividend of over 10% of a member firm's excess net capital may not be paid without FINRA's prior written approval.

When available cash is not sufficient, we might seek to engage in equity or debt financings to secure additional funds. However, such additional funding might not be available on terms attractive to us, or at all, and our inability to obtain additional funding when needed could have an adverse effect on our business, financial condition, and results of operations. If we issue equity or convertible debt securities, our stockholders could suffer significant dilution, and the new shares could have rights, preferences and privileges superior to those of our current stockholders. Any debt financing could involve restrictive covenants relating to our capital-raising activities and other financial and operational matters, which might make it more difficult for us to obtain additional capital and to pursue future business opportunities.

Unfavorable media coverage and other events that harm our brand and reputation could adversely affect our revenue and the size, engagement, and loyalty of our customer base.

Our brand and our reputation are two of our most important assets. Our ability to attract, build trust with, engage, and retain existing and institutional customers might be adversely affected by events that harm our brand and reputation, such as public complaints and unfavorable media coverage about us, our platforms, and our customers, even if factually incorrect or based on isolated incidents.

We receive a high volume of media coverage, which might include, negative coverage regarding our products and services and the risk of our customers' misuse or misunderstanding of our products and services, inappropriate or otherwise unauthorized behavior by our customers and litigation or regulatory activity. In addition, given our public profile, any unanticipated system disruptions, outages, technical or security-related incidents, or other performance problems relating to our platforms are likely to receive extensive media attention. Furthermore, any negative experiences our customers have in connection with their use of our products and services, including as a result of any such performance problems, could diminish customer confidence in us and our products and services, which could result in unfavorable media coverage or publicity.

Damage to our brand and reputation could also be caused by:

- " cybersecurity attacks, privacy or data security breaches, or other security incidents, payment disruptions or other incidents that impact the reliability of our platforms;
- " actual or alleged illegal, negligent, reckless, fraudulent or otherwise inappropriate behavior by our management team, our other employees or contractors, our customers or third-party service providers or partners as well as complaints or negative publicity about such individuals or companies;
- " future restructurings or similar reductions or activities;
- " any outright failure to meet our deposit requirements;
- " litigation, regulatory actions, settlements, or investigations involving our platforms or our business;
- " regulators requesting or requiring us to cease offering specific products or services;

" any failures to comply with legal, tax and regulatory requirements;
 " any perceived or actual weakness in our financial strength or liquidity;
 38
 "https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"
 " any regulatory action or settlement that results in changes to, or prohibits us from offering, certain features, products or services;
 " any new policies, features, products, or services, or changes to our policies, features, products, or services, that customers or others perceive as overly restrictive, unclear, inconsistent with our values or mission, or not clearly articulated;
 " a failure to operate our business in a way that is consistent with our values and mission;
 " inadequate or unsatisfactory customer support experiences;
 " negative responses by customers or regulators to our business model or to particular features, products or services;
 " a failure to adapt to new or changing customer preferences;
 " our inability to successfully expand into new markets or make successful acquisitions of, or investments in, other companies, products or technologies;
 " negative claims or publicity involving our culture or businesses, regardless of whether such claims are accurate; and
 " any of the foregoing with respect to our competitors, to the extent the resulting negative perception affects the public's perception of us or our industry as a whole.

These and other events could negatively impact the willingness of our existing customers and potential new customers, to do business with us, which could adversely affect market trading volumes and the number of customers, as well as our ability to recruit and retain personnel, any of which could have an adverse effect on our business, financial condition, and results of operations, as well as the trading price of PubCo Common Stock.

Our business has been and might continue to be harmed by changes in business, economic, or political conditions that impact global financial markets, or by a systemic market event.

As we are a financial services company, our business, results of operations, and reputation are directly and indirectly affected by elements beyond our control, such as economic and political conditions including unemployment rates, inflation, tax and interest rates, geopolitical conflicts, financial market volatility (such as we may experience due to recent trade policy shifts, including the potential imposition or escalation of tariffs implemented by the United States, Canada or other governments), significant increases in the volatility or trading volume of particular tokenized securities, volatility in cryptocurrency and digital asset markets (including significant price fluctuations and/or decreases in trading prices, reduced liquidity, market dislocations, or loss of investor confidence), broad trends in business and finance, actual events or concerns involving liquidity, defaults, or non-performance by third-party financial institutions or transactional counterparties (such as certain banks having failed and been taken over by the FDIC in the spring of 2023 (the

2023 Banking Events

)), including risks related to private credit markets, such as borrower defaults, reduced liquidity, valuation uncertainty, or tightening credit conditions, changes in the volume of tokenized securities trading generally and changes in the markets in which such transactions occur, and changes in how such transactions are processed. These elements can arise suddenly and the full impact of such conditions could have an adverse effect on our results of operations or remain uncertain indefinitely. A prolonged market weakness, such as a slowdown causing reduced trading volume in securities, derivatives, or crypto markets, has resulted, and could, in the future, result in reduced revenues and could adversely affect our business, financial condition, and results of operations. Conversely, significant upturns in such markets or conditions might cause individuals to be less proactive in seeking ways to improve the returns on their trading or investment decisions and, thus, decrease the demand for our products and services. In addition, while our revenue is not substantially directly tied to assets under management (

AUM

), this metric is a key indicator of platform activity and client engagement and have a meaningful indirect impact on our revenues. Our assets under management declined in the fourth quarter of 2025 due to, among other things, a broad decline in the price of cryptocurrencies. If market conditions continue to cause the value of AUM on our platform to decline, or activity levels on our platform are otherwise reduced, demand for our services and related revenues could be adversely affected.

Additionally, concerns regarding the U.S. and/or international financial systems, such as in connection with the 2023 Banking Events, could result in less favorable commercial financing terms available to us, including higher interest rates or costs and tighter financial and operating covenants, or systemic limitations on our access to credit and liquidity sources.

Any of these changes could cause our future performance to be uncertain or unpredictable, and could have an adverse effect on our business and results of operations.

 Our inability to maintain existing relationships with financial institutions and similar firms or to enter into new relationships of this kind, could impact our ability to offer services to customers.

Securitize predominantly provides tokenization services in partnership with tier-one financial services institutions and asset managers. We secure those relationships based on our reputation, experience and licenses, but they are not subject to long-term contractual protections. Any event that adversely affects our brand, our reputation or the good standing of our licenses could impact our ability to continue acquiring new customer relationships with large financial institutions or to maintain our relationships with existing customers, and may also affect our standing and ability to attract and retain other blockchain revenue streams.

Our future success depends on the continuing efforts of our key employees and our ability to attract and retain senior management and other highly skilled personnel. Our future success depends, in part, on our ability to continue to identify, attract, develop, integrate and retain qualified and highly skilled personnel. In particular, our co-founder and CEO, Carlos Domingo, has been critical to the development and execution of our business, vision, and strategic direction. In addition, we have heavily relied, and expect we will continue to heavily rely, on the services and performance of our senior management team, which provides leadership, contributes to the core areas of our business and helps us to efficiently execute our business. Although we have entered into employment offer letters with some of our key personnel, most of these agreements have no specific duration and are terminable by either party at-will and our senior management team has experienced recent changes. We do not maintain key person life insurance policies on any of our employees. The loss of any members of our senior management or key personnel could adversely impact our business, operating results, and financial condition.

We also might not be successful in attracting, integrating or retaining qualified personnel to fulfill our current or future needs. We believe that a critical component of our efforts to attract and retain employees has been our corporate culture of innovation. We have invested substantial time and resources in building our team. As we continue to expand internationally, we will face new challenges to maintain our corporate culture of innovation among a larger number of geographically dispersed and remote employees, as well as other service providers. Failure to preserve our company culture could harm our ability to retain and recruit personnel.

If we are unable to attract, integrate, retain, or effectively replace our key employees and qualified and highly skilled personnel, our ability to effectively focus on and pursue our corporate objectives will decline, and our business and future growth prospects could be harmed.

Future acquisitions of, or investments in, other companies, products, technologies or specialized personnel could require significant management attention, disrupt our business, dilute stockholder value, and adversely affect our results of operations.

As part of our business strategy, we have made, and might continue to make acquisitions of, or investments in, other compatible companies, products, technologies or specialized personnel. We also have entered into and might continue to enter into relationships with other businesses in order to expand our products and services. Negotiating these transactions can be time-consuming, difficult, and expensive. Our ability to close these transactions might be subject to third-party approvals and customary closing conditions, such as governmental and other regulatory approvals, some of which are beyond our control, and may take longer than expected to be obtained, if at all. If pending transactions are not completed, we could in the future be subject to losses from legal fees and other expenses as well as impairment charges.

In general, our efforts to grow through acquisitions are subject to the risks that we might be unable to find suitable acquisition or investment candidates or to complete acquisitions on favorable terms or in a timely manner, if at all. Moreover, these kinds of acquisitions or investments can result in unforeseen operating difficulties and expenditures prior to and following closing, including disrupting our ongoing operations, diverting management from their primary responsibilities, subjecting us to additional liabilities and/or compliance obligations, increasing our expenses, and adversely impacting our business, financial condition and results of operations. If we acquire businesses or technologies, we might not be able to integrate the acquired personnel, operations, products, and technologies successfully, may face challenges in doing so, or may be unable to effectively manage the combined business following the acquisition. Moreover, the anticipated benefits of any acquisition or investment might not be realized, the acquisition or investment might not perform in accordance with expectations, and we might be exposed to unknown liabilities.

In connection with these types of transactions, we might issue additional equity securities that would dilute our stockholders, use cash that we might need in the future to operate our business, incur debt on terms unfavorable to us or that we are unable to repay, incur large charges or substantial liabilities, encounter difficulties integrating diverse business cultures, and become subject to adverse tax consequences, substantial depreciation, or deferred compensation charges.

We and our subsidiaries currently operate in certain international markets and plan to further expand our international operations, which exposes us to significant new risks, and our international expansion efforts might not succeed.

We and our subsidiaries currently operate or offer services to the public outside the United States in certain jurisdictions, including the EU, Japan, Israel and the British Virgin Islands.

We intend to continue expanding our operations outside the United States. International expansion requires significant resources and management attention and subjects us to additional regulatory, economic, operational, and political risks on top of those we already face in the United States. There are significant risks and costs inherent in establishing and doing business in international markets, including:

- " difficulty establishing and managing international entities, offices, and/or operations and the increased operations, travel, infrastructure, and legal and compliance costs associated with operations, entities, and/or people in different countries or regions;
- " the need to understand, interpret and comply with local laws, regulations and customs in multiple jurisdictions, including laws and regulations governing token-related, broker-dealer, money transmitter, or regulated entity practices, some of which might require permissions, registrations, authorizations, licenses or consents, or might be different from, or conflict with, those of other jurisdictions, including foreign cybersecurity, data privacy or labor and employment laws;
- " the additional complexities of any merger or acquisition activity internationally, which would be new for us and could subject us to additional regulatory scrutiny or approvals;
- " the need to adapt, localize, and position our products for specific countries (also known as product-market fit

);

- " increased exposure to foreign fraud vectors;
- " increased competition from local providers of similar products and services;
- " challenges of obtaining, maintaining, protecting, defending and enforcing intellectual property rights abroad, including the challenge of extending or obtaining third-party intellectual property rights to use various technologies in new countries;
- " the need to offer customer support and other aspects of our offering (including websites, articles, blog posts, and customer support documentation) in various languages or locations;
- " compliance with anti-bribery and anti-corruption laws, such as the FCPA and equivalent anti-money laundering and sanctions rules and requirements in local markets, by us, our employees, and our business partners;
- " the need to recruit and manage staff in new countries and regions to support international operations, and comply with employment law, tax, payroll, and benefits requirements in multiple countries;
- " the need to enter into new business partnerships with third-party service providers in order to provide products and services in the local market, or to meet regulatory obligations;
- " varying levels of internet technology adoption and infrastructure, and increased or varying network and hosting service provider costs and differences in technology service delivery in different countries;
- " fluctuations in currency exchange rates and the requirements of currency control regulations, which might restrict or prohibit conversion of other currencies

into U.S. dollars;

" double taxation of our international earnings and potentially adverse tax consequences due to requirements of or changes in the income and other tax laws of the United States or the international jurisdictions in which we operate; and

" political or social change or unrest or economic instability in a specific country or region in which we operate.

We have limited experience with international legal and regulatory environments and market practices, and we might not be able to penetrate or successfully operate in the markets we choose to enter. In addition, we might incur significant expenses as a result of our international expansion, and we might not be successful, which could lead to substantial losses.

Our working model, which allows our employees to work remotely, subjects us to heightened operational risks.

We currently allow our employees to work remotely, which subjects us to heightened operational risks. For example, technologies in our employees' homes might not be as robust or effective as in our offices and could lead to lower productivity and/or increased vulnerability to cybersecurity attacks or other privacy or data security incidents. There is no guarantee that the data security and privacy safeguards we have put in place will be completely effective or that we will not encounter risks associated with employees accessing company data and systems remotely. Additionally, in June 2024 FINRA's new Residential Supervisory Location Rule became effective, under which the homes of certain of our employees who work remotely could be treated as residential supervisory locations subject to inspections on a regular periodic schedule, which in turn has required certain operational changes and compliance adjustments. Non-compliance with the Residential Supervisory Location Rule could subject us to fines, penalties or enforcement actions. We also face challenges due to the need to operate with a dispersed and remote workforce, as well as increased costs related to business continuity initiatives.

Allowing for remote work may in the future make it more difficult for us to preserve our corporate culture of innovation and our employees might have decreased opportunities to collaborate in meaningful ways. Any failure to overcome the challenges presented by our working model could harm our future success, including our ability to retain and recruit personnel, innovate and operate effectively, maintain product development velocity, and execute on our business strategy.

Risks Related to Government Regulation and Litigation

Our business is subject to extensive, complex and changing laws and regulations, and related regulatory proceedings and investigations. Changes in these laws and regulations, or our failure to comply with these laws and regulations, could harm our business.

We are subject to a wide variety of local, state, federal, and international laws, regulations, licensing schemes, and industry standards in the United States, the EU and other countries and regions in which we operate. These laws, regulations, and standards govern numerous areas that are important to our business, and include, or might in the future include, those relating to all aspects of the securities industry, financial services, tokens, derivatives, trading in tokenized securities, fraud detection, customer protection, anti-money laundering, sanctions regimes, data privacy, data security, risk management and other technology-related aspects such as decentralized finance (DeFi

) integration, protocol partnerships and smart contract usage. The substantial costs and uncertainties related to complying with these laws and regulations continue to increase, and our introduction of new products or services, expansion of our business into new jurisdictions or subindustries, acquisitions of other businesses that operate in similar regulated spaces, or other actions that we may take might subject us to additional laws, regulations, or other government or regulatory scrutiny. Regulations are intended to ensure the integrity of financial markets, to maintain appropriate capitalization of broker-dealers and other financial services companies, and to protect customers and their assets. These regulations could limit our business activities through capital, customer protection, and market conduct requirements, as well as restrictions on the activities that we are authorized to conduct.

We operate in a highly regulated industry and, despite our efforts to comply with applicable legal requirements, like all companies in our industry, we must adapt to frequent changes in laws and regulations, and face complexity in interpreting and applying evolving laws and regulations to our business, heightened scrutiny of the conduct of financial services firms and increasing penalties for violations of applicable laws and regulations. We might fail to establish and enforce procedures that comply with applicable legal requirements and regulations. We might be adversely affected by new laws or regulations, changes in the interpretation of existing laws or regulations, or more rigorous enforcement. Our ability to offer certain products may also be impacted by actions taken by government regulators. There is a risk that regulators could request or require us to cease offering specific products or services. Such regulatory actions could lead to the suspension or termination of product offerings, which may result in increased compliance costs, financial losses and negative publicity. We also might be adversely affected by other regulatory changes related to our obligations with regard to suitability of financial products, supervision, sales practices, application of fiduciary or best interest standards.

Regulatory Landscape

We and our subsidiaries are subject to extensive regulation by federal and state regulators and SROs, and are subject to laws and regulations covering all aspects of the securities industry. Federal and state regulators and SROs, including the SEC and FINRA, can, among other things, investigate, censure or fine us, issue cease-and-desist orders or otherwise restrict our operations, require changes to our business practices, products or services or limit our acquisition activities. Similarly, state attorneys general and other state regulators, including state securities and financial services regulators, can bring legal actions on behalf of the citizens of their states to assure compliance with state laws. In addition, criminal authorities such as state attorneys general or the DOJ may institute civil or criminal proceedings against us for violating applicable laws, rules, or regulations.

We may in the future be subject to regulatory investigations, actions, and settlements, which could cause us to incur substantial costs or require us to change our business practices in a materially adverse manner.

Given the highly regulated nature of the industries in which we operate, we may in the future be subject to a number of legal and regulatory examinations and investigations arising out of our business practices and operations, conducted by the DOJ, SEC, FINRA or other federal agencies such as OFAC and state regulatory agencies. These examinations and investigations might in the future lead to lawsuits, arbitration claims, and enforcement proceedings, as well as other actions and

claims, that result in injunctions, fines, penalties, and monetary settlements. Such proceedings might in the future relate to broker-dealer or other financial services rules and regulations, including our trading and supervisory policies and procedures, our trade reporting, our public communications, our compliance with SEC and FINRA registration requirements, anti-money laundering and other financial crimes regulations, cybersecurity matters, a token's status as a security, and our business continuity plans, among other topics. These sorts of proceedings, inquiries, examinations, investigations, and other regulatory matters might subject us to fines, penalties, and monetary settlements, harm our reputation and brand, require substantial management attention, result in additional compliance requirements, result in certain of our subsidiaries losing their regulatory licenses or ability to conduct business in some jurisdictions (which could, among other things, result in statutory disqualification by FINRA and the SEC), increase regulatory scrutiny of our business, restrict our operations or require us to change our business practices, require changes to our products and services, require changes in personnel or management, delay planned product or service launches or development, limit our ability to acquire other complementary businesses and technologies, or lead to the suspension or expulsion of our broker-dealer or other regulated subsidiaries or their officers or employees.

In connection with litigation settlements, we might in the future be required to make expenditures to enhance our compliance activities, such as engaging independent consultants to evaluate our compliance programs and remediation efforts.

Additionally, while we now offer select services and products in certain countries outside the United States, we are not currently licensed, authorized, or registered in every jurisdiction in which we may in the future wish to offer our services. Under the terms of our customer agreements, we currently offer services only to citizens and permanent residents with a legal address within those jurisdictions where we are authorized and registered to offer those services, and our platform includes features designed to block access to our services from unauthorized jurisdictions. However, to the extent a customer accesses our platforms or services outside of jurisdictions where we have obtained required governmental licenses and authorizations, we face a risk of becoming subject to regulation in that local jurisdiction. A regulator's investigation as to whether, or conclusion that we are servicing customers in its jurisdiction without being appropriately licensed, registered, or authorized could in the future result in fines or other enforcement actions or settlements.

The market and regulatory framework for tokenized securities and RWAs are nascent and subject to rapid change. The markets for tokenized securities and real-world assets (RWAs) are in the early stages of development and remain subject to considerable uncertainty in terms of market structure, liquidity, and regulation. Blockchain-based trading venues and decentralized exchanges may offer significantly less liquidity, transparency, and regulatory oversight compared to national securities exchanges. This could lead to fragmented markets, inefficient price discovery, and persistent pricing disparities between tokenized and traditional securities.

In addition, the legal and regulatory treatment of tokenized securities and RWAs continues to evolve. U.S. federal and state regulators, as well as international authorities, have provided limited and sometimes incomplete guidance. For example, the SEC has stated that tokenized securities are subject to existing securities laws, while other agencies, such as the CFTC, are still evaluating potential frameworks for digital asset tokenization. In addition, the U.S. Congress continues to consider, but has not yet enacted, proposed legislation that could include provisions that would impact the

43
<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

legal constructs around the tokenization of securities and RWAs inside the United States. Outside the U.S., approaches also vary. In the EU, the DLT Pilot Regime applies to tokenized securities and may grant a temporary exemption from certain regulations, but such exemption is not guaranteed to become permanent. Similarly, the Monetary Authority of Singapore treats certain crypto-assets as securities or derivatives depending on their characteristics.

This uncertainty creates regulatory and compliance risk, as future rulemaking, enforcement actions, or shifts in interpretation could impose new obligations or restrictions on our operations, products, or counterparties. It also creates operational risk, as the successful tokenization and trading of tokenized securities and RWAs depend on reliable systems for custody, valuation, and disclosure. Any regulatory change, operational failure, or loss of market confidence could materially and adversely affect our ability to issue or facilitate trading in tokenized securities and RWAs.

If we do not maintain the net capital levels required by regulators, our broker-dealer business may be restricted and we may be fined or subject to other disciplinary or corrective actions.

The SEC, FINRA, and various state regulators have stringent rules with respect to the maintenance of specific levels of net capital by securities broker-dealers. For example, our broker dealer is subject to the SEC Uniform Net Capital Rule, which specifies minimum capital requirements intended to ensure general financial soundness and adequate liquidity. Our failure to maintain the required net capital levels and protect customer assets could potentially result in immediate suspension of securities activities, suspension or expulsion by the SEC or FINRA, restrictions on our ability to expand our existing business or to commence new businesses, and could ultimately lead to the liquidation of our broker-dealer entities and winding down of our broker-dealer business. If such net capital rules are changed or expanded, if there is an unusually large charge against net capital, or if we make changes in our business operations that increase our capital requirements, capital-intensive operations could be limited. A large operating loss or charge against net capital could adversely affect our ability to maintain or expand our business.

Our compliance and risk management policies and procedures as a regulated financial services company might not be fully effective in identifying or mitigating compliance and risk exposure in all market environments or against all types of risk.

As a financial services company, our business exposes us to a number of heightened risks. We have devoted significant resources to develop our compliance and risk management policies and procedures and will continue to do so, but our efforts might be insufficient. Our expanded and evolving operations and unpredictable periods of rapid growth make it difficult to predict all of the risks and challenges we might encounter and therefore increase the risk that our policies and procedures for identifying, monitoring, and managing compliance risks might not be fully effective in mitigating our exposure in all market environments or against all types of risk. Further, some controls are manual and are subject to inherent limitations and errors in oversight, which could cause our compliance and other risk management strategies to be ineffective. Other compliance and risk management methods depend upon the evaluation of information regarding markets, customers, catastrophe occurrences, or other matters that are publicly available or otherwise accessible to us, which might not always be accurate, complete, up-to-date, or properly evaluated. Insurance and other traditional risk-shifting tools might be held by or available to us in order to manage some exposures, but they are subject to terms

such as deductibles, coinsurance, limits, and policy exclusions, as well as risk of counterparty denial of coverage, default, or insolvency. Any failure to maintain effective compliance and other risk management strategies could have an adverse effect on our business, financial condition, and results of operations. We are also exposed to heightened regulatory risk because our business is subject to extensive regulation and oversight in a variety of areas and geographies, and such regulations are subject to revision, supplementation, or evolving interpretations and applications, and it can be difficult to predict how they might be applied to our business, particularly as we introduce new products and services and expand into new jurisdictions. We may be subject to material litigation, which could be expensive and time consuming, and, if resolved adversely, could expose us to significant liability and reputational harm. In addition to regulatory proceedings, we anticipate that we may be a target for litigation in the future. Potential litigation matters include commercial litigation matters, insurance matters, securities litigation matters, privacy and cybersecurity disputes, intellectual property disputes, contract disputes, consumer protection matters, and employment matters. This risk might be more pronounced during market downturns, during which the volume of legal claims and amount of damages sought in litigation and regulatory proceedings against financial services companies have historically increased.

44

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

Litigation matters brought against us might in the future require substantial management attention and might result in settlements, awards, injunctions, fines, penalties, and other adverse results. A substantial judgment, settlement, fine, penalty, or injunctive relief could be material to our results of operations or cash flows for a particular period, or could cause us significant reputational harm.

We are subject to governmental laws and requirements regarding anti-corruption, anti-bribery, economic and trade sanctions, anti-money laundering, and counter-terrorism financing that could impair our ability to compete in international markets or subject us to criminal or civil liability if we violate them.

We are required to comply with U.S. economic and trade sanctions administered by OFAC and we have processes in place to facilitate compliance with the OFAC regulations. As part of our customer onboarding process, in accordance with the Customer Identification Program rules under Section 326 of the USA Patriot Act, we screen all potential customers against OFAC watchlists and continue to screen all customers, vendors and employees daily against OFAC watchlists. Although our platforms include features designed to block access to our services from sanctioned countries, if our services are accessed from a sanctioned country in violation of trade and economic sanctions, we could be subject to enforcement actions.

We are subject to the FCPA, U.S. and foreign bribery laws, and other U.S. and foreign anti-corruption laws. Anti-corruption and anti-bribery laws have been enforced aggressively in recent years and are interpreted broadly to generally prohibit companies, their employees and their third-party intermediaries from authorizing, offering, or providing, directly or indirectly, improper payments or benefits to recipients in the public sector. These laws also require that we keep accurate books and records and maintain internal controls and compliance procedures designed to prevent any such actions. The failure to comply with any such laws could subject us to criminal or civil liability, cause us significant reputational harm, and have an adverse effect on our business, financial condition, and results of operations.

We are also subject to various anti-money laundering and counter-terrorism financing laws and regulations that prohibit, among other things, our involvement in transferring the proceeds of criminal activities. In the United States, most of our services are subject to anti-money laundering laws and regulations, including the Bank Secrecy Act, as amended, and similar laws and regulations. Regulators in the United States continue to increase their scrutiny of compliance with these obligations.

Although our operations are currently concentrated in the United States, we have expanded our operations outside of the United States. As we have started to expand internationally, we have become subject to additional non-U.S. laws, rules, regulations, and other requirements regarding economic and trade sanctions, anti-money laundering, and counter-terrorism financing. In order to comply with applicable laws, we have started to, and will continue to, revise and expand our compliance program, including the procedures we use to verify the identity of our customers and to conduct ongoing monitoring of our customers and their transactions on our systems, including payments to persons outside of the United States. The need to comply with multiple sets of laws, rules, regulations, and other requirements could substantially increase our compliance costs, impair our ability to compete in international markets, and subject us to risk of criminal or civil liability for violations.

Risks Related to Tokenization and Our Products and Services

The market for securities and real-world asset tokenization is highly competitive and fragmented.

The market for tokenization of securities and RWAs is highly competitive, rapidly evolving, and fragmented. Numerous established financial institutions, fintech companies, and emerging blockchain platforms are seeking to develop and commercialize tokenization products and services. While we believe our technology, experienced personnel, and reputation with customers provide competitive advantages, there can be no assurance that we will be able to achieve or maintain the market position we anticipate. Some of our competitors currently or may in the future have significantly greater financial, technical, and marketing resources, broader customer bases, and longer operating histories. As competition intensifies, we may be required to increase expenditures on research and development, marketing, or incentives, which could adversely affect our profitability. If we are unable to differentiate our offerings or maintain customer confidence in our platform, our growth prospects, financial condition, and results of operations could be materially and adversely affected.

Tokenization of securities and RWAs involves novel technological, operational, and cybersecurity risks.

Our efforts to tokenize securities and RWAs rely on emerging technologies that are untested at scale and subject to significant uncertainty. These activities expose us to risks including (i) market and liquidity risk, as active secondary markets for tokenized RWAs may not develop or may be limited to alternative trading systems

(

with constrained liquidity or price transparency; (ii) technological and operational risk, as blockchain networks, smart contracts, and related infrastructure may fail, contain errors, or become obsolete; (iii) cybersecurity and fraud risk, as tokenized assets and underlying blockchains may be targeted by malicious actors, subject to vulnerabilities, or used in connection with illicit activity; and (iv) valuation and volatility risk, as tokenized securities and RWAs may not maintain

or increase in value and may be difficult to price accurately.

Transaction fees, network congestion, or failures in smart contract code could also impair our ability to support tokenized securities and RWAs. Any such technological or operational failures could lead to financial losses, customer disputes, or reputational damage, and could materially and adversely affect our business and prospects.

Minting and redeeming tokens from our platform involves risks, which could result in loss of customer assets, customer disputes, and other liabilities. The minting and redemption of tokenized securities through our platform depend on the accurate and secure operation of both traditional financial rails and blockchain-based smart contracts. Verified customers may subscribe for tokenized securities by transferring the corresponding amount of fiat currency or stablecoins to designated Securitize accounts or wallets, after which the associated tokens are minted to the customer's wallets or accounts that have been whitelisted by the Securitize platform. When customers request redemptions, the corresponding tokens are burned or cancelled, and the related fiat currency or digital assets are transferred back to the customer's linked account or wallet. Securitize maintains programs, policies and procedures relating to Customer Identification Program, OFAC screening, and applicable BSA and AML requirements. These procedures include enhanced due diligence when necessary and Securitize conducts wallet whitelisting and transaction monitoring as it relates to wallets that interact with its platform. Only customer wallets that have been subject to and approved by Securitize's customer screening requirements are able to transfer assets to the Securitize platform or receive tokenized assets from the Securitize platform. Securitize does not create on-chain wallets for its customers, but instead supports integration with third-party wallets to enable customers to access the firm's product offerings and related services.

Securitize's proprietary smart contracts incorporate specific controls and permissions designed to safeguard the issuance and redemption process, including permissions limiting the receipt of tokens to only whitelisted wallets or accounts. The minting of tokenized securities can occur through (i) authorized smart contracts operating in an automated or atomic manner such as delivery-versus-payment mechanisms tied to stablecoin settlement or (ii) manual operational processes requiring the coordination of multiple authorized personnel. Operational issuance actions are protected by multi-party computation cryptographic signatures, which require participation from multiple signers within the organization to execute a minting transaction. These technical and procedural safeguards are designed to prevent unauthorized or unilateral creation of new tokens.

Notwithstanding these controls, technical or operational errors could still occur. Such errors could result in the minting of excess tokens or the improper allocation of tokens to customer wallets. While Securitize's smart contracts provide mechanisms to seize or burn tokens to remediate these situations, such incidents could lead to temporary imbalances, customer disputes, or reputational harm.

Additionally, transactions involving fiat rails, third-party stablecoins, or digital assets not issued or controlled by Securitize present risks beyond the scope of our technical safeguards. Errors in bank or wallet information, or the transfer of stablecoins to an address not controlled by the customer, may result in the permanent loss of funds. The use of tokenized securities in conjunction with DeFi protocols or third-party smart contracts also introduces risks, including potential vulnerabilities, security breaches, or network disruptions that could delay or impair minting or redemption processes.

Any of these events could result in customer losses, legal or regulatory exposure, reputational damage, or other liabilities, any of which could adversely affect our business, financial condition, or results of operations.

A temporary or permanent blockchain fork could adversely affect our business.

Most blockchain networks, including Ethereum and other public blockchains that support the issuance of tokenized securities, are open source and subject to modification by their respective developer communities. Any user can propose changes to the underlying software, and if a substantial majority of network participants adopt

46

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

those changes, the blockchain continues under the modified protocol. However, when consensus is not achieved, a fork may occur, resulting in two or more separate and incompatible versions of the same blockchain protocol operating simultaneously.

Unlike issuers of native cryptocurrencies, Securitize's tokenized securities represent interests in RWAs or securities that are recorded and maintained under a controlled issuer and transfer agent framework. While tokenized securities may exist across multiple blockchains through authorized multichain issuance, such deployments are managed and reconciled through the same control book and master securityholder file to ensure that total outstanding units remain consistent and singular across chains. By contrast, a blockchain fork represents an unauthorized and spontaneous duplication of the ledger, outside of issuer or transfer agent control. In the event of such a fork, Securitize would determine which chain constitutes the valid and authoritative record for purposes of ownership, recordkeeping, and the exercise of holder rights such as voting, redemptions, and distributions. Tokens existing on other forked chains would not be recognized as valid representations of the securities.

This determination process may require coordination with key ecosystem participants, including stablecoin issuers, custodians, and other infrastructure providers that interact with our platform. While Securitize would generally expect to follow the fork recognized by principal stablecoin issuers used in settlement flows, there can be no assurance that all industry participants will reach the same conclusion. Divergent decisions for example, if major stablecoin issuers such as USD Coin (USDC) and Tether were to support different forks could disrupt payment rails, redemptions, or on-chain operations for certain transactions involving tokenized securities.

In extreme circumstances, Securitize may determine that migrating assets to an alternative fork is necessary to preserve the integrity of the control book or align with prevailing industry consensus. Such a migration, however, could involve significant operational complexity, reputational risk, and potential customer or counterparty claims arising from confusion or loss associated with the fork.

Although our contractual frameworks and smart contract controls are designed to preserve the integrity of the tokenized RWA record, blockchain forks may still cause

temporary disruptions to network performance, reconciliation processes, or interoperability with third-party smart contracts and DeFi protocols. These issues could delay settlements, create discrepancies in system records, or affect customer confidence in our platform.

Securitize has previously navigated a blockchain fork specifically, the Ethereum Proof-of-Work fork following the Ethereum network's transition to Proof-of-Stake without any adverse impact on tokenized securities or platform operations. Nevertheless, future forks could present different or more severe technical and reputational challenges, and we cannot guarantee that similar events would not adversely affect our business, financial condition, or results of operations.

We and our counterparties may be subject to risks associated with stablecoin depegging.

Certain of our operations or counterparties may hold, transact in, or otherwise have exposure to fiat-backed stablecoins, including USDC, Ripple USD, or similar instruments. While these assets are designed to maintain a 1:1 parity with the U.S. dollar, historical events have demonstrated that such pegs may fail, referred to as depegging, either temporarily or permanently, when a stablecoin's price significantly diverges from its target value, due to market, liquidity, or operational stresses. For example, in March 2023, USDC, issued by Circle Internet Financial, traded as low as \$0.88 after several of its reserve banking partners, including Silicon Valley Bank, entered receivership, before later regaining its peg following confirmation of full reserve access. Stablecoins may also appear to depeg on certain trading platforms even if the stablecoin does not depeg more generally. For example, the stablecoin USDe traded as low as \$0.65 on the Binance digital asset trading platform in October 2025 due to a liquidity shortage on Binance, even though the price of USDe remained above \$0.99 on other trading platforms and DeFi exchanges. In November 2025, the stablecoin deUSD depegged and has since that date traded at less than \$0.01 after the fund in which the stablecoin's reserves were invested announced significant losses. While we had held deUSD prior to its depeg, at the time of the depeg we held no exposure to the token (and still hold no exposure to the token) and have suffered no losses due to its depeg.

Such events illustrate the risk of loss, illiquidity, or volatility even for assets marketed as stable or cash-equivalent, and there can be no assurance that any stablecoin used or held by the Company or its customers will always maintain parity with its underlying reference asset or be fully investable or redeemable at face value when we are transacting with it.

Risks Related to Our Platforms, Systems and Technology

Our products and services rely on software and systems that are highly technical and have been, and may in the future be, subject to interruption, instability, and other potential flaws due to software errors, design defects, and other processing, operational, and technological failures, whether internal or external.

We rely on technology, including the internet, mobile services, and other third-party services and technology to conduct much of our business activity and allow our customers to conduct financial transactions on our platforms. Our systems and operations, including our cloud-based operations and disaster recovery operations, as well as those of the third parties on which we rely to conduct certain key functions, are vulnerable to failures, outages, or other disruptions from natural disasters, power and service outages, interruptions or losses, unplanned or unsuccessful technology updates, computer and telecommunications failures, software bugs, cybersecurity attacks, computer viruses, malware, distributed denial of service attacks, spam attacks, phishing or other social engineering, ransomware, security breaches, credential stuffing, technological failure, human error, terrorism, improper operation, unauthorized entry, data loss, intentional bad actions, and other similar events, as well as disruptions or vulnerabilities in the underlying blockchain networks, oracles, or settlement rails on which our systems depend.

Our products and internal systems also rely on software that is highly technical and complex (including software developed or maintained internally and/or by third parties) in order to collect, store, retrieve, transmit, manage and otherwise process immense amounts of data. The software on which we rely might contain errors, bugs, vulnerabilities, design defects, or technical limitations that might compromise our ability to meet our objectives. Some such problems are inherently difficult to detect and some such problems might only be discovered after code has been released for external or internal use. Such problems might also lead to negative customer experiences (including the communication of inaccurate information to customers), compromised ability of our products to perform in a manner consistent with customer expectations, delayed product introductions, compromised ability to protect data and intellectual property, or an inability to provide some or all of our services.

While we have made, and continue to make, significant investments designed to correct software errors and design defects and to enhance the reliability and scalability of our platforms and operations, the risk of software and system failures and design defects is always present, we do not have fully redundant systems, and we might fail to maintain, expand, and upgrade our systems and infrastructure to meet future requirements and mitigate future risks on a timely basis. It might become increasingly difficult to maintain and improve the availability of our platforms, especially as our platforms and product offerings become more complex and our customer base grows. We might also encounter technical issues in connection with changes and upgrades to our use of blockchain technology. Any number of technical changes, software upgrades, soft or hard forks, cybersecurity incidents, or other changes to the underlying blockchain networks might occur from time to time, causing incompatibility, technical issues, disruptions or security weaknesses to our platforms. If we are unable to identify, troubleshoot, and resolve such issues successfully, our ability to issue, transfer, or redeem tokenized securities could be impaired, potentially resulting in delayed transactions, operational disruptions, or reputational harm.

We rely on third parties to perform some key functions, and their failure to perform those functions could adversely affect our business, financial condition and results of operations.

We rely on certain third-party computer systems or third-party service providers, including Amazon Web Services (on which we primarily rely to host and deliver our services to customers on our platforms), blockchain network providers, institutional-grade digital asset security infrastructure, internet service providers, payment services providers, market and third-party data providers, regulatory services providers, payment gateways that link us to the payment card and bank clearing networks to process transactions, and other third-party service providers. These providers are susceptible to processing, operational, technological and security vulnerabilities, including security breaches, which might impact our business, and our ability to monitor our third-party service providers' data security is limited. In addition, these third-party service providers might rely on subcontractors to provide services to us that face similar risks. We may also incur significant costs for utilizing alternatives or taking other actions in preparation for, or in reaction to, events that damage, interrupt, or otherwise disrupt the third-party services we use. Any prolonged service degradation or disruption affecting our systems could result in damage to our reputation, loss of customers, loss of revenue, and liability for damages.

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

We face a risk that our third-party service providers might be unable or unwilling to continue to provide these services to meet our current needs in an efficient, cost-effective manner or to expand their services to meet our needs in the future. Any failures by our third-party service providers that result in an interruption in service, unauthorized access, misuse, loss or destruction of data or other similar occurrences could interrupt our business, cause us to incur losses, result in decreased customer satisfaction and increased customer attrition, subject us to customer complaints, significant fines, litigation, disputes, claims, regulatory investigations or other inquiries and harm our reputation. Regulators might also hold us responsible for the failures of our providers.

We are incorporating AI technologies into some of our products and processes. These technologies may present business, compliance, and reputational risks.

We currently use machine learning and AI to improve our products and processes in certain circumstances, including for internal purposes, such as collecting and processing information, writing code, supporting software development, and producing research and marketing materials. Our research and development of such technology also remains ongoing. As with many new and emerging technologies, AI presents numerous risks and challenges that could adversely affect our business, and there can be no assurance that our usage of and investment in this technology will enhance our products or services or otherwise be beneficial to our business. If we fail to keep pace with rapidly evolving AI technological developments, especially in the financial technology sector, our competitive position and business results may suffer. At the same time, use of AI has recently become the source of significant media attention and political debate. The introduction and use of AI technologies, particularly generative AI, into new or existing offerings may result in new or expanded risks and liabilities, including due to enhanced governmental or regulatory scrutiny, litigation, compliance issues, ethical concerns, confidentiality or security risks, intellectual property risks, as well as other factors that could adversely affect our business, reputation, and financial results. For example, AI technologies can lead to unintended consequences, including generating content that appears correct but is factually inaccurate, misleading or otherwise flawed, or that results in unintended biases and discriminatory outcomes, which could negatively impact our customers, harm our reputation and business, and expose us to liability. Laws, regulations or industry standards that develop in response to the use of AI may be burdensome or may restrict our ability to use, develop, or deploy AI, particularly generative AI technologies, in our products or processes, or our efforts to expand our business. For example, the EU's AI Act, entered into force on August 1, 2024, governs the development, marketing and use of AI in the EU and could impose significant additional costs on us to comply or significant fines for failing to comply. In addition, if we do not have sufficient rights to use the data or intellectual property on which our AI technologies rely, or if such technologies are trained or reliant on inaccurate, incomplete, biased or otherwise poor quality data, we may incur liability through the violation of applicable laws or third-party privacy, intellectual property or other rights or the breach of contracts to which we are a party. We may also voluntarily comply with, or have it asserted that we must comply with, industry standards, codes of conduct or other actual or asserted obligations relating to AI technology. Any failure or perceived failure by us to comply with laws, regulations, industry standards, contractual requirements, or other actual or asserted obligations to which we are or may become subject in connection with our use of AI technology, may result in damage to our reputation, governmental investigations, civil litigation, and liability for damages.

We also use AI technologies from third parties, which may include open source software. If we are unable to maintain rights to use these AI technologies on commercially reasonable terms, we may be forced to acquire or develop alternate AI technologies, which may limit or delay our ability to provide competitive offerings and may increase our costs. These AI technologies also may incorporate data from third-party sources, which may expose us to risks associated with data rights and protection, in particular, if we do not have sufficient rights to use the data or intellectual property on which such AI technologies rely. The legal and regulatory landscape surrounding AI technologies is rapidly evolving and uncertain, including with respect to intellectual property ownership and license rights, cybersecurity, and data protection laws, among others, and has not yet been fully addressed by courts or regulators. The use, development, or adoption of AI technologies into our products may result in exposure to claims by third parties of copyright infringement or other intellectual property misappropriation, which may require us to pay compensation or license fees to third parties. The evolving legal, regulatory and compliance framework for AI technologies may also impact our ability to protect our own data and intellectual property against infringing use.

Risks Related to Cybersecurity, Data Privacy and our Intellectual Property

Our business could be materially and adversely affected by a cybersecurity breach or other attack involving our computer systems or data or those of our customers or third-party service providers.

Our systems and those of our customers and third-party service providers have been and might in the future be vulnerable to cybersecurity issues. We, like other financial technology organizations, routinely are subject to cybersecurity threats and our technologies, systems, and networks have been and might in the future be subject to attempted cybersecurity attacks and other means of perpetuating security breaches and incidents that threaten the confidentiality, integrity and availability of our computer systems and confidential information. These cybersecurity attacks and other means could include computer viruses, malicious or destructive code, phishing and other social engineering attacks, credential stuffing and other brute force attacks, ransomware, denial of service or information, and improper access by employees, contractors or third-party vendors or other security breaches that could result in the loss, unavailability, destruction or unauthorized release, access to, gathering, monitoring, use, or other processing of our or our customers' data, our intellectual property, or confidential, proprietary, or sensitive business information, or otherwise materially disrupt our or our customers' or other third parties' network or systems access or use, or other business operations. Such issues are increasing in frequency and evolving in nature, including sophisticated nation-state and nation-state-supported actors engaging in attacks. The operation of our platforms involves the use, collection, storage, sharing, disclosure, transfer, and other processing of customer information, including personal data. Security breaches and other security incidents could expose us to a risk of loss or exposure of this information, which could result in potential liability, investigations, regulatory fines, penalties for violation of applicable laws or regulations, litigation, and remediation costs, as well as reputational harm. As the breadth and complexity of the technologies we use and the software and platforms we develop continue to grow, the potential risk of security breaches and cybersecurity attacks increases.

Cybersecurity attacks and other malicious internet-based activity continue to increase and financial technology platform providers have been and expect to continue to be targeted. The increasing sophistication and resources of cyber criminals and other non-state threat actors, including through the use of AI, and increased actions by nation-state actors make it difficult to keep up with new threats and could result in a breach of security. As a result, we may be unable to detect, investigate, remediate or recover from future attacks or incidents, or to avoid a material adverse impact to our systems, confidential information or business. Additionally, there is an increased risk that we might experience cybersecurity-related incidents as a result of any of our employees, service providers, or other third-parties working remotely on less secure systems and environments. While we take significant efforts to protect our systems and data, including establishing

internal processes and implementing technological measures designed to provide multiple layers of security, our safety and security measures might be insufficient to prevent damage to, or interruption or breach of, our information systems, data (including personal data), and operations. There can also be no assurance that our cybersecurity risk management program and processes, including our policies, controls or procedures, will be fully implemented, complied with or effective in protecting our systems and confidential information. Additionally, though we provide cybersecurity training for employees, we cannot guarantee that we will not be affected by further phishing attempts. Furthermore, given the nature of complex systems, software and services like ours, and the scanning tools that we deploy across our networks and products, we regularly identify and track security vulnerabilities. We are unable to comprehensively apply patches or confirm that measures are in place to mitigate all such vulnerabilities, or that patches will be applied before vulnerabilities are exploited by a threat actor.

Furthermore, to the extent the operation of our systems relies on our third-party service providers, through either a connection to, or an integration with, third parties' systems, the risk of cybersecurity attacks and loss, corruption, or unauthorized access to or publication of our information or the confidential information and personal data of customers and employees might increase. Third-party risks might include insufficient security measures, data location uncertainty, and the possibility of data storage in inappropriate jurisdictions where laws or security measures might be inadequate. Our ability to monitor, and our resources to optimize integration with, third-party service providers' data security practices are also limited. These third-party risks might be exacerbated as our resources are spread across multiple public cloud service providers. Although we generally have agreements relating to cybersecurity and data privacy in place with our third-party service providers, such agreements might not prevent the accidental or unauthorized access to or disclosure, loss, destruction, disablement or encryption of, use or misuse of, or modification of data (including personal data) and/or might not enable us to obtain adequate (or any) reimbursement from our third-party service

50

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

providers in the event we should suffer any such incidents. Due to applicable laws and regulations or contractual obligations, we could be held responsible for any information security failure or cybersecurity attack attributed to our vendors as they relate to the information we share with them. A vulnerability in a third-party service provider's software or systems, a failure of our third-party service providers' safeguards, policies or procedures, or a breach of a third-party service provider's software or systems could result in the compromise of the confidentiality, integrity, or availability of our systems or the data housed in our third-party solutions. Additionally, we could also be exposed to information security vulnerabilities or failures at third parties' common suppliers or vendors (known as

fourth parties

) that could also impact the security of our data, and we may not be able to effectively directly monitor or mitigate such fourth-party risks, in particular as such risks relate to the use of common suppliers or vendors by the third parties that perform functions and services for us and our limited ability to assess the fourth parties' operational controls.

A core aspect of our business is the reliability and security of our platforms. While we have not experienced a material incident to date, any unauthorized access to or disclosure, loss, destruction, disablement or encryption of, use or misuse of or modification of data, including personal data, or any cybersecurity breach or other security incident that we, our customers or our third-party or fourth-party service providers experience or the perception that one has occurred or might occur, could harm our reputation, reduce the demand for our products and services and disrupt normal business operations. In addition, it might require us to expend significant financial and operational resources in response to a security breach, including repairing system damage, increasing security protection costs by deploying additional personnel and modifying or enhancing our protection technologies, investigating, remediating, or correcting the breach and any security vulnerabilities, defending against and resolving legal and regulatory claims, and preventing future security breaches and incidents, all of which could expose us to uninsured liability, increase our risk of regulatory scrutiny, expose us to legal liabilities, including litigation, regulatory enforcement, indemnity obligations, or damages for contract breach, divert resources and the attention of our management and key personnel away from our business operations, and cause us to incur significant costs, any of which could materially adversely affect our business, financial condition, and results of operations. Moreover, our efforts to improve security and protect data from compromise might identify previously undiscovered security breaches. There could be public announcements regarding any security incidents and any steps we take to respond to or remediate such incidents, and if securities analysts or investors perceive these announcements to be negative, it could have an adverse effect on the trading price of PubCo Common Stock.

While we maintain cybersecurity insurance, our coverage may be insufficient to cover all liabilities resulting from a cybersecurity incident. We cannot be certain that our insurance coverage will be adequate to address the results of regulatory or civil investigations or any liabilities resulting from a cybersecurity incident, that adequate insurance will be available to us on economically reasonable terms, or that our insurer will cover all cybersecurity incident-related claims. The successful assertion of one or more significant claims against us or changes in our cybersecurity insurance coverage, premiums, or deductibles may adversely affect our reputation, business, financial condition or results of operations.

We are subject to stringent laws, rules, regulations, policies, industry standards and contractual obligations regarding data privacy and security and might become subject to additional related laws and regulations in jurisdictions into which we expand. Many of these laws and regulations are subject to change and reinterpretation and could result in claims, changes to our business practices, monetary penalties, increased cost of operations, or other harm to our business.

We collect, store, use, share, disclose, transmit, and otherwise process a large volume of personal and other non-public data, including from and about current, past, and prospective customers, as well as our employees and business contacts. We also depend on various third-party service providers in relation to the operation of our business, a number of which process such personal and other non-public data on our behalf. We are subject to a variety of federal, state, local, and non-U.S. laws, directives, rules, policies, industry standards and regulations, as well as contractual obligations, relating to privacy and the collection, protection, use, retention, security, disclosure, transfer and other processing of personal data and other data. In addition, our cybersecurity program may require further enhancements to meet public company standards.

Numerous U.S. states have enacted privacy laws that have gone or are going into effect, which create a patchwork of overlapping but different state laws. In addition, all 50 states have laws that require the provision of notification for security breaches of personal information to affected individuals, state officers or others. In the United States, at the federal level, we are also subject to various rules and regulations with respect to privacy, data protection and cybersecurity. The U.S. Congress also has considered, and may in the future consider, various proposals for privacy data protection, and cybersecurity legislation.

51

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

Outside of the United States, certain foreign jurisdictions, including the EU and the United Kingdom, have adopted onerous laws and regulations relating to data protection and cybersecurity which may apply to our collection, use, transfer and other processing of personal information and impose significant security related obligations. Any violation of data or security laws, or other legal obligations could have an adverse effect on our business and result in substantial fines and penalties. Actual or perceived contraventions may also lead to civil claims, including representative actions and other class action type litigation, potentially amounting to significant compensation or damages, liabilities, as well as associated costs and reputational harm. These international laws, rules and regulations may apply not only to us, but also to our partners, vendors or other third-party service providers that store or otherwise process personal data on our behalf, such as information technology vendors, and any of the foregoing limitations could impact our ability to work with such partners, vendors or other third-party service providers in certain jurisdictions.

The regulatory framework for data privacy and security worldwide is evolving and, as a result, interpretation, implementation standards and enforcement practices are likely to remain uncertain for the foreseeable future. New laws, amendments to or reinterpretations of existing laws, regulations, standards and other obligations might require us to incur additional costs and restrict our business operations, and might require us to change how we use, collect, store, transfer or otherwise process certain types of personal data, to implement new processes to comply with those laws and our customers' exercise of their rights thereunder, and could greatly increase the cost of providing our offerings, require significant changes to our operations, or even prevent us from providing some offerings in jurisdictions in which we currently operate and in which we might operate in the future, or could cause us to incur potential liability in an effort to comply with certain legislation. There is a risk of enforcement actions in response to rules and regulations promulgated under the authority of federal agencies, state attorneys general and legislatures and consumer protection agencies. We may in the future be subject to investigations and examinations regarding, among other things, our cybersecurity practices. In addition, if we fail to follow these security standards, even if no customer information is compromised, we might incur significant fines or experience a significant increase in costs.

Additionally, we may be bound by contractual requirements applicable to our collection, use, storage, sharing, disclosure, transmission, and other processing of various types of data, including personal information, and may be bound or asserted to be bound by, or voluntarily comply with, self-regulatory or other industry standards relating to these matters. Furthermore, we make and have made statements, including in our online privacy policy and website, regarding our privacy, information security, and data security practices, which must accurately describe our privacy and cybersecurity practices and procedures.

Any failure or perceived failure by us or our third-party service providers to comply with our posted privacy policies, contractual obligations or with any applicable federal, state or similar foreign laws, rules, regulations, industry standards, policies, certifications or orders relating to data privacy and security, or any compromise of security that results in the theft, unauthorized access, acquisition, use, disclosure, or misappropriation of personal data or other customer data, could result in significant awards, fines, civil and/or criminal penalties or judgments, proceedings or litigation by governmental agencies or customers, including class action privacy litigation in certain jurisdictions and negative publicity and reputational harm, one or all of which could have an adverse effect on our reputation, business, financial condition and results of operations.

We must successfully maintain, upgrade and expand our information technology systems, and our failure to do so could have a material adverse effect on our business, financial condition and results of operations.

As we expand, in order to remain competitive and to ensure compliance with IT and data privacy laws, we will need to significantly expand and improve our information technology systems and personnel to support historical and expected future growth. As such, we will continue to invest in and implement, significant modifications and upgrades to our information technology systems and procedures, including replacing legacy systems with successor systems, making changes to legacy systems or acquiring new systems with new functionality, hiring employees with information technology expertise and building new policies, procedures, training programs and monitoring tools. These types of activities subject us to inherent costs and risks associated with replacing and changing these systems, potential disruption of our internal control structure, substantial capital expenditures, additional administration and operating expenses, acquisition and retention of sufficiently skilled personnel to implement and operate the new systems, demands on management time and other risks and costs of delays or difficulties in transitioning to or integrating new systems into our current systems. We currently expect to invest an additional \$1.2 million on such modifications and updates to our information technology systems and procedures in 2026. These implementations, modifications and upgrades may not result in productivity improvements or improvements in compliance with IT

52

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

and data privacy laws at a level that outweighs the costs of implementation, or at all. If our expansion efforts are not successful in ensuring compliance with IT and data privacy laws, or we face difficulties with implementing new technology systems, delays in our timeline for planned improvements or significant system failures, it may have a material adverse effect on our business, financial condition and results of operations.

Any failure to adequately obtain, maintain, protect, defend or enforce our intellectual property rights could adversely affect our business.

Our success and ability to compete depend in part upon our ability to obtain, maintain, protect, defend and enforce our intellectual property rights and technology. However, the steps we take to establish and protect our intellectual property rights might not be sufficient to effectively prevent third parties from infringing, misappropriating, diluting, or otherwise violating our intellectual property rights or to prevent unauthorized disclosure or unauthorized use of our trade secrets or other confidential information. We rely on a combination of trademark, trade secret and other intellectual property laws, as well as confidentiality procedures and contractual provisions to establish and protect our intellectual property and proprietary rights. Such means may only afford limited protection and may not prevent our competitors or other third parties from independently developing products, services and technology similar or duplicative of ours. These measures may also not prevent misappropriation, infringement, reverse engineering or other violation of our intellectual property rights, and we will not be able to protect our intellectual property rights, however, if we do not detect unauthorized use of our intellectual property rights. We also might fail to maintain or be unable to obtain adequate protections for some of our intellectual property rights in the United States and some non-U.S. countries, and our intellectual property rights might not receive the same degree of protection in non-U.S. countries as they would in the United States because of the differences in non-U.S. trademark, copyright, and other laws concerning intellectual property and proprietary rights. In addition, our success depends in large part on the strength of our brand, and if we do not adequately protect our rights in our trademarks from infringement and unauthorized use, any goodwill that we have developed in those trademarks could be lost or impaired, which could harm our brand and our business. While we have registered our material trademarks in many of our significant markets, we have not

registered all of our trademarks in all of the jurisdictions in which we currently conduct or intend to conduct our business. In addition, our trademarks might also be opposed, contested, circumvented or found to be unenforceable, weak or invalid, and we might not be able to prevent third parties from infringing or otherwise violating them or using similar marks in a manner that causes confusion or dilutes the value or strength of our brand.

In addition to registered intellectual property rights, we rely on non-registered proprietary information and technology, such as trade secrets, confidential information and know-how. We attempt to protect our intellectual property, technology, and confidential information by requiring our employees, contractors, consultants, corporate collaborators, advisors and other third parties who develop intellectual property on our behalf to enter into agreements relating to confidentiality and invention assignments, and third parties we share information with to enter into nondisclosure and confidentiality agreements. However, certain international independent contractor relationships that involve development of intellectual property may not have express intellectual property assignment and/or work-for-hire provisions, and we might not have any such agreements in place with some of the parties who have developed intellectual property on our behalf and/or with some of the parties that have or might have had access to our confidential information, know-how, and trade secrets. Even where these agreements are in place, they might be insufficient or breached, or might not effectively prevent unauthorized access to or unauthorized use, disclosure, misappropriation, or reverse engineering of our confidential information, intellectual property, or technology. Moreover, any breaches of these agreements are difficult to detect and costly to enforce, and these agreements might not provide an adequate remedy for breaches or in the event of unauthorized use or disclosure of our confidential information or technology, or infringement of our intellectual property. If any of our trade secrets or other proprietary information or technology were to be lawfully obtained or independently developed by a competitor or other third party, we would have no right to prevent them from using that technology or information to compete with us, and our competitive position could be materially and adversely harmed.

The loss of trade secret protection could make it easier for third parties to compete with our products and services by copying functionality. Additionally, individuals not subject to invention assignment agreements might make adverse ownership claims to our current and future intellectual property, and, to the extent that our employees, independent contractors, or other third parties with whom we do business use intellectual property owned by others in their work for us, disputes might arise as to the rights in related or resulting know-how and inventions.

53
["https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"](https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001)

In addition, we might need to expend significant resources to apply for, maintain, enforce and monitor our intellectual property rights and such efforts might be ineffective and could result in substantial costs and diversion of resources. Monitoring for unauthorized use of intellectual property rights is difficult and costly, and any litigation brought to protect and enforce our intellectual property rights could be expensive, time-consuming, and may not be successful. Furthermore, attempts to enforce our intellectual property rights against third parties could also provoke these third parties to assert their own intellectual property or other rights against us, or result in a holding that invalidates, or narrows the scope of, our rights, in whole or in part. An adverse outcome in any such litigation or proceedings might expose us to a loss of our competitive position, significant liabilities, and damage to our brand, or require us to seek licenses that might not be available on commercially acceptable terms, if at all.

We have been, and might in the future be, subject to claims that we violated third-party intellectual property rights, which, even where meritless, can be costly to defend and could materially and adversely affect our business, results of operations, and financial condition.

Our success depends, in part, on our ability to develop and commercialize our products and services without infringing, misappropriating or otherwise violating the intellectual property rights of third parties. However, we might not be aware that our products, services, or marketing materials are infringing, misappropriating or otherwise violating third-party intellectual property rights and such third parties might bring claims alleging such infringement, misappropriation or violation. As we face increasing competition and become increasingly high profile, the possibility of receiving a larger number of intellectual property claims against us grows. Some third-party intellectual property rights may be broad, and it may not be possible for us to conduct our operations in such a way as to avoid all alleged infringements, misappropriations, or other violations of such intellectual property rights. In addition, various non-practicing entities, and other intellectual property rights holders might in the future attempt to assert intellectual property claims against us or seek to monetize the intellectual property rights they own to extract value through licensing or other settlements.

Our use of third-party software and other intellectual property rights might be subject to claims of infringement or misappropriation. The vendors who provide us with technology that we incorporate in our product offerings also could become subject to various infringement claims.

From time to time, our competitors or other third parties might claim that we are infringing upon, misappropriating or otherwise violating their intellectual property rights. We cannot predict the outcome of lawsuits and cannot ensure that the results of any such actions will not have an adverse effect on our business, financial condition, results of operations, cash flows or prospects.

Any claims or litigation, even those without merit and regardless of the outcome, could cause us to incur significant expenses and, if successfully asserted against us, could require that we pay substantial costs or damages, obtain a license, which might not be available on commercially reasonable terms or at all, pay significant ongoing royalty payments, settlements or licensing fees, satisfy indemnification obligations, prevent us from offering our products or services or using certain technologies, force us to implement expensive and time-consuming work-arounds or re-designs, distract management from our business or impose other unfavorable terms, or suffer harm to our brand, any of which could adversely affect our business, financial condition, and results of operations. In addition, although in some cases a third party may have agreed to indemnify us for such infringement, misappropriation or other violation, such indemnifying party may refuse or be unable to uphold its contractual obligations, or such indemnification may not sufficiently cover the potential claims, which may be significant. In other cases, our insurance may not cover potential claims of this type adequately or at all.

We expect that the occurrence of infringement claims is likely to grow as the market for financial services grows and as we introduce new and updated products and services, and the outcome of any allegation is often uncertain.

Some of our products and services contain open source software, which could pose particular risks to our proprietary software, products, and services in a manner that could harm our business.

We use open source software in our products and services (as well as in some of our internally developed systems) and we anticipate using open source software in the future. Some open source software licenses require those who distribute open source software as part of their own software product to publicly disclose all or part of the source code to such software product or to make available any derivative works of the open source code on unfavorable terms or at no cost, or to limit our

ability to commercialize our products, and we might be subject to such terms.

54

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

The terms of many open source licenses to which we are subject have not been interpreted by U.S. or foreign courts, and there is a risk that open source software licenses could be construed in a manner that imposes unanticipated conditions or restrictions on our ability to provide or distribute our products or services. We could face claims from third parties claiming ownership of, or demanding release of, the open source software or derivative works that we developed using such software, which could include our proprietary source code, or otherwise seeking to enforce the terms of the applicable open source license. These claims could result in litigation and could require us to make our proprietary software source code freely available, purchase a costly license, or cease offering the implicated products or services unless and until we can offer a different solution, which might be a costly and time-consuming process. While we monitor our use of open source software and try to ensure that none is used in a manner that would require us to disclose our proprietary source code or that would otherwise breach the terms of an open source agreement, such use could inadvertently occur, or could be claimed to have occurred, in part because open source license terms can be ambiguous, vague, or subject to various interpretations, especially given the absence of controlling case law in the U.S. or other courts. Additionally, we may open source some of our own proprietary source code and/or may make contributions to open source software. There is a risk that our proprietary software or contributions may be used in such a manner that we may need to enforce our rights to ownership of such open source software, including seeking proper usage, compliance with our license terms, or through litigation. Any actual or claimed requirement to disclose our proprietary source code or pay damages for breach of license terms, or failure to enforce our ownership rights over the use of our proprietary source code could harm our business and could help third parties, including our competitors, develop products and services that are similar to or better than ours.

Risks Related to Our Financial Condition, Accounting and Tax Matters

Our insurance coverage might be inadequate or expensive.

We maintain insurance policies for litigation and various business risks, but such policies may not be adequate to compensate us for potential losses. We are subject to claims in the ordinary course of business. These claims can involve substantial amounts of money and involve significant defense costs. It is not possible to prevent or detect all activities giving rise to claims and the precautions we take might not be effective in all cases. We maintain voluntary and required insurance coverage, including, among others, general liability, property, director and officer, cyber and data breach, crime, and fidelity bond insurance. Our insurance coverage is expensive and maintaining or expanding our insurance coverage might have an adverse effect on our results of operations and financial condition.

Our insurance coverage is subject to terms such as deductibles, coinsurance, limits and policy exclusions, as well as risk of counterparty denial of coverage, default or insolvency, and might be insufficient to protect us against all losses and costs stemming from processing, operational, and technological failures. Furthermore, for certain lines of coverage, continued insurance coverage might not be available to us in the future on economically reasonable terms, or at all. The successful assertion of one or more large claims against us that exceed available insurance coverage, or the occurrence of material changes in our insurance policies, including premium increases or the imposition of large deductible or co-insurance requirements, could have an adverse effect on our business, financial condition, and results of operations.

Changes in U.S. and foreign tax laws and policies and challenges by tax authorities could adversely impact our tax liabilities.

We are, and may in the future become, subject to complex and evolving U.S. and foreign tax laws and regulations. Changes to any of these laws, or the addition of new laws, including changes to corporate income tax rates, the treatment of foreign earnings, or other income tax laws could have an adverse impact on our business, result of operations, financial condition and cash flows.

Our determination of our tax liability is subject to review by applicable tax authorities. The determination of our tax liabilities requires significant judgment and, in the ordinary course of business, there are transactions and calculations where the ultimate tax determination is complex and uncertain. Although we believe our determinations are reasonable, the ultimate amount of our tax obligations owed might differ from the amounts recorded in our financial statements in the event of a review by applicable tax authorities and any such difference could have an adverse effect on our results of operations. Tax authorities might also disagree with certain positions we have taken or might take in the future, which could subject us to additional tax liabilities.

55

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Our corporate structure and associated transfer pricing policies also contemplate future growth in international markets, and consider the functions, risks, and assets of various entities involved in intercompany transactions. The taxing authorities of the jurisdictions in which we operate may challenge our methodologies for valuing intercompany transactions pursuant to our intercompany arrangements or disagree with our determinations as to the income and expenses attributable to specific jurisdictions.

In addition, from time to time, proposals are introduced in the U.S. Congress and state legislatures, as well as by foreign governments, to impose new taxes on a broad range of financial transactions, including transactions that occur on our platforms. If enacted, such financial transaction taxes could increase the cost to customers of investing or trading on our platforms and reduce or adversely affect U.S. market conditions and liquidity, general levels of interest in investing, and the volume of trades and other transactions from which we derive transaction-based revenues. Any financial transaction tax implemented in any jurisdiction in which we operate could materially and adversely affect our business, financial condition, or results of operations.

We might be subject to digital service taxes

or new allocations of tax as a result of increasing efforts by certain jurisdictions to tax cross border activities that might not have been subject to tax under existing international tax principles. Companies such as ours could be adversely impacted by such taxes.

Future developments regarding the treatment of tokenized securities and other digital assets for U.S. federal, state and foreign income tax purposes could adversely impact our business.

Due to the new and evolving nature of tokenized securities and other digital assets, there is an absence of law and judicial precedent on their treatment for U.S. federal, state, and foreign income tax purposes. We do not know with any certainty when or whether additional guidance will be provided. Changes to the tax law could lead to adverse tax consequences in the future.

In 2014, the IRS released a notice (the

IRS Notice

) discussing certain aspects of convertible virtual currency

(that is, a digital asset that has an equivalent value in fiat currency or that acts as a substitute for fiat currency) for U.S. federal income tax purposes. The IRS stated that a digital asset (i) is property, (ii) is not currency

for purposes of the rules relating to foreign currency gain or loss, and (iii) may be held as a capital asset. In 2019, the IRS released a revenue ruling and a set of

Frequently Asked Questions

(the

Ruling & FAQs

) that provide some additional guidance, including guidance to the effect that, under certain circumstances, hard forks of digital assets are taxable events giving rise to ordinary income and guidance with respect to the determination of the tax basis of digital assets. However, the IRS Notice and the Ruling & FAQs do not address other significant aspects of the U.S. federal income tax treatment of tokenized securities and other digital assets. Furthermore, the IRS Notice states that no inference should be drawn with respect to virtual currencies not described therein.

Similar uncertainties exist in the foreign markets in which we operate, affecting our non-U.S. customer and end-user base. These uncertainties and potential adverse interpretations of tax law could affect our non-U.S. customers and the vitality of our products and services outside of the United States.

There can be no assurance that the IRS and other foreign tax authorities will not alter or clarify their positions with respect to digital assets generally and tokenized securities specifically in the future. It is also unclear what additional guidance may be issued in the future on the treatment of existing tokenized securities and digital asset transactions and future innovations for purposes of U.S. federal and state income tax or foreign income tax laws. Any such alteration of existing tax authority positions or additional guidance regarding digital asset products and transactions could result in adverse tax consequences for both holders and issuers of digital assets and the value of digital assets more generally. Future technological and operational developments that may arise with respect to digital assets and tokenized securities may increase the uncertainty with respect to the treatment of digital assets for U.S. federal income and foreign tax purposes. The uncertainty regarding tax treatment of tokenized securities and other digital asset transactions impacts our customers and could negatively impact our business, both domestically and abroad.

Our ability to use our net operating losses to offset future taxable income could be subject to certain limitations.

As of December 31, 2024, we have U.S. federal and state and non-U.S. net operating loss carryforwards (

NOLs

) available to reduce future taxable income subject to certain limitations. Under Sections 382 and 383 of the Code, a corporation that undergoes an ownership change

(as defined by the Code) may be subject to limitations on its ability to utilize its pre-change NOLs and other tax attributes, such as research tax credits, to offset future taxable

income. If it is determined that we have in the past experienced an ownership change, or if we undergo one or more ownership changes as a result of the Business Combination or future transactions in our stock (many of which are outside of our control), then our ability to utilize NOLs and other pre-change tax attributes could be limited by Sections 382 and 383 of the Code, and similar state provisions. Furthermore, our ability to utilize NOLs of any companies that we acquire in the future may be subject to limitations. In addition, there may be periods during which the use of NOLs is suspended or otherwise limited.

Our tax information reporting obligations are subject to change.

Although we believe we are compliant with the tax reporting and withholding requirements with respect to our customers' transactions in the jurisdictions in which we operate, various U.S., state or foreign tax authorities might significantly change applicable tax reporting requirements or disagree with the exact application of new or existing requirements. If the taxing authorities determine that we are not in compliance with our tax reporting or withholding requirements with respect to customer asset transactions, we may be exposed to additional withholding obligations, which could increase our compliance costs and result in penalties.

We track certain operational metrics, which are subject to inherent challenges in measurement, and real or perceived inaccuracies in such metrics could harm our reputation, adversely affect our stock price, and result in litigation.

We track certain operational metrics using internal company data, including metrics such as Product Assets Under Management, Assets Under Administration, and On-Chain Transactions. Our internal systems and tools are subject to a number of limitations and our methodologies for tracking these metrics have changed in the past and might change further over time, which could result in unexpected changes to our metrics or otherwise cause the comparability of such metrics from period to period to suffer, including the metrics we publicly disclose. In addition, if the internal systems and tools we use to track these metrics undercount or overcount performance or contain algorithmic or other technical errors, the data we report might not be accurate. While these numbers are based on what we believe to be reasonable estimates of our metrics for the applicable period of measurement, there are inherent challenges in measuring how our platforms are used globally. You should not place undue reliance on such operational metrics when evaluating an investment in PubCo Common Stock. See

Management's Discussion and Analysis of Financial Condition and Results of Operations-Key Factors Affecting Our Operating Performance

for definitions of our key operational metrics.

If our operational metrics are not accurate representations of our business, or if investors do not perceive these metrics to be accurate, or if we discover material inaccuracies with respect to these figures, our reputation could be significantly harmed, the trading price of PubCo Common Stock could decline and we might be subject to stockholder litigation, which could be costly.

If we fail to implement and maintain effective internal control over financial reporting, as well as required disclosure controls and procedures, our ability to

produce timely and accurate consolidated financial statements or comply with applicable regulations could be impaired. The Sarbanes-Oxley Act of 2002 and related rules of the SEC require, among other things, that we maintain effective disclosure controls and procedures and internal control over financial reporting. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, we have expended, and anticipate that we will continue to expend, significant resources, including accounting-related costs and significant management oversight.

In connection with the audit of our consolidated financial statements for the year ended December 31, 2024, the Company's independent auditor identified material weaknesses in the design and operating effectiveness of our internal control over financial reporting which had led to material errors requiring restatements to our financial statements for the years ended December 31, 2024 and 2023. The restated financial statements for the year ended December 31, 2024 are included in this proxy statement/prospectus along with the financial statements for the year ended December 31, 2025.

The material errors in the Company's 2024 consolidated financial statements relate to the recording of an impairment charge on goodwill, an accounts receivable write off, classification of common stock related to the Theorem acquisition and certain expenses.

57

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Material weaknesses in our internal control over financial reporting continued to exist as of December 31, 2025, and resulted in material errors in the Company's December 31, 2025 financial statements related to the accounting for transactions in digital asset receivable that contain an embedded derivative, incremental compensation expense on secondary stock-based transactions, certain assumptions used in the Company's valuation in accordance with Section 409A of the Internal Revenue Code resulting in material misstatements of the derivative liability, preferred shares option, and the simple arrangements for future equity, and the assessment of certain tokenization revenue contract terms under ASC 606.

These control deficiencies included our failure to: (i) design, implement, and maintain an effective entity-level control environment, including sufficient risk assessment and monitoring activities; (ii) implement adequate process-level controls over all business functions, including controls related to business combinations, account reconciliations and share-based compensation; (iii) design and maintain effective information technology general controls, including those related to access controls and journal entries; and (iv) maintain sufficient personnel with the requisite technical accounting expertise for timely and accurate financial reporting. The Company is working to remediate these material weaknesses, and is continuing to take steps to strengthen its internal control over financial reporting. These remediation activities may be costly and time consuming, and we can give no assurance that such efforts will remediate the material weaknesses or that additional weaknesses or deficiencies will not be identified in the future or that we will not have further restatements in the future.

Our current controls and any new controls that we develop could become inadequate because of changes in conditions in our business. In addition, changes in accounting principles or interpretations could also challenge our internal controls and require that we establish new business processes, systems and controls to accommodate such changes. We have limited experience with implementing the systems and controls that are necessary to operate as a public company, as well as adopting changes in accounting principles or interpretations mandated by the relevant regulatory bodies. Additionally, if these new systems, controls or standards and the associated process changes do not give rise to the benefits that we expect or do not operate as intended, it could adversely affect our financial reporting systems and processes, our ability to produce timely and accurate financial reports or the effectiveness of our internal control over financial reporting. Moreover, our business might be harmed if we experience problems with any new systems and controls that result in delays in their implementation or increased costs to correct any post-implementation issues that might arise. Any failure to develop or maintain effective controls or any difficulties encountered in their implementation or improvement could harm our business or cause us to fail to meet our reporting obligations and could result in a restatement of our consolidated financial statements for prior periods.

Any failure to implement and maintain effective internal control over financial reporting could also adversely affect the results of periodic management evaluations and annual independent registered public accounting firm attestation reports regarding the effectiveness of our internal control over financial reporting that are required in our periodic reports filed with the SEC. Ineffective disclosure controls and procedures or internal control over financial reporting could harm our business, cause investors to lose confidence in the accuracy and completeness of our reported financial and other information, and result in us becoming subject to investigations by the stock exchange on which our securities are listed, the SEC or other regulatory authorities, any of which would likely have a negative effect on the trading price of PubCo Common Stock and have a material and adverse effect on our business, results of operations, financial condition and prospects. In addition, if we are unable to continue to meet these requirements, we might not be able to remain listed on the Nasdaq.

Risks Related to CEPT and the Business Combination

The market price of shares of PubCo Common Stock after the Business Combination will be affected by factors different from those currently affecting the market price of CEPT Class A Ordinary Shares.

The market price of shares of PubCo Common Stock after the Business Combination will be influenced by various factors, distinct from those affecting the market price of CEPT Class A Ordinary Shares before the Business Combination. These include the financial performance of PubCo, economic conditions, market trends, the demand for digital assets, PubCo's operating performance, investor psychology, relative governance rights and political and social factors.

The market price of PubCo Common Stock may change significantly following the Business Combination. The stock market recently has experienced extreme volatility. This volatility often has been unrelated or disproportionate to the operating performance of particular companies. Public Shareholders may not be able to resell their shares of PubCo Common Stock at an attractive price due to a number of factors such as those listed in

and the following:

- " results of operations that vary from the expectations of securities analysts and investors;
- " results of operations that vary from those of PubCo's competitors;
- " changes in the demand for digital assets;

- " changes in expectations as to PubCo's future financial performance, including financial estimates and investment recommendations by securities analysts and investors;
- " declines in the market prices of stocks generally;
- " strategic actions by PubCo or its competitors;
- " announcements by PubCo or its competitors of significant contracts, acquisitions, joint ventures, other strategic relationships or capital commitments;

- " the public's response to press releases or other public announcements by PubCo or third parties, including PubCo's filings with the SEC;
- " litigation involving PubCo, PubCo's industry, or both, or investigations by regulators into the PubCo Board, PubCo's operations or those of PubCo's competitors;
- " guidance, if any, that PubCo provides to the public, any changes in this guidance or PubCo's failure to meet this guidance;
- " the development and sustainability of an active trading market for PubCo Common Stock;
- " actions by institutional or activist shareholders;
- " changes in accounting standards, policies, guidelines, interpretations or principles; and
- " other events or factors, including those resulting from pandemics, natural disasters, war, acts of terrorism or responses to these events.

These broad market and industry fluctuations may adversely affect the market price of PubCo Common Stock, regardless of PubCo's actual operating performance. In addition, price volatility may be greater if the public float and trading volume of PubCo Common Stock are low.

In the past, following periods of market volatility, shareholders have instituted securities class action litigation. If PubCo were involved in securities litigation, it could have a substantial cost and divert resources and the attention of executive management from PubCo's business regardless of the outcome of such litigation.

The consummation of the Business Combination is subject to a number of conditions and if those conditions are not satisfied or waived, the Business Combination Agreement may be terminated in accordance with its terms and the Business Combination may not be completed.

The Business Combination Agreement is subject to a number of conditions which must be fulfilled in order to complete the Business Combination. Those conditions include, among other things: approval of the CEPT Shareholder Approval Matters by CEPT Shareholders; absence of laws or orders prohibiting completion of the

59

Business Combination; effectiveness of this proxy statement/prospectus; the shares of PubCo Common Stock having been approved for listing on NYSE or another national securities exchange; the accuracy of the representations and warranties by both parties (subject to the materiality standards set forth in the Business Combination Agreement); the performance in all material respects by the parties of their covenants and agreements related to the Business Combination; no occurrence of a material adverse effect on CEPT, PubCo or Securitize; and the funding (or deemed funding) of at least \$100 million of the PIPE Investment by the PIPE Investors. These conditions to the Closing of the Business Combination may not be fulfilled in a timely manner or at all, and, accordingly, the Business Combination may not be completed.

In addition, the parties can mutually decide to terminate the Business Combination Agreement at any time, before or after approval of the CEPT Shareholder Approval Matters, or PubCo, Securitize or CEPT may elect to terminate the Business Combination Agreement in certain other circumstances. For more information, see the section entitled

Questions and Answers About the Proposals Q. What conditions must be satisfied or waived to complete the Business Combination?

The Business Combination Agreement contains provisions that limit CEPT from seeking an alternative business combination. If the Business Combination is not completed, those restrictions may make it harder for CEPT to complete an alternative business combination before the end of the Combination Period.

While the Business Combination Agreement is in effect, CEPT may not solicit, assist, facilitate the making, submission or announcement of, or intentionally encourage any Acquisition Proposal, such as a merger, material sale of assets or equity interests or other business combination, with any third party, even though any such Acquisition Proposal could be more favorable to CEPT Shareholders than the Business Combination. Further, if CEPT holds and concludes the Meeting but the approval of the CEPT Shareholder Approval Matters are not obtained, either CEPT or Securitize may terminate the Business Combination Agreement. If the Business Combination Agreement is terminated and the CEPT Board seeks another business combination, these provisions will make it more difficult for CEPT to complete an alternative business combination by the end of the Combination Period following the termination of the Business Combination Agreement due to the passage of time during which these provisions have remained in effect. There can be no assurance that CEPT will be able to find another acquisition target that would consummate a business combination or that such other business combination will be completed prior to the end of the Combination Period. For more information, see the section entitled The Business Combination Termination and Effects of Termination.

Neither CEPT nor the CEPT Shareholders will have the protection of any indemnification, escrow, price adjustment or other provisions that allow for a post-closing adjustment to be made to the total consideration for the Merger in the event that any of the representations and warranties in the Business Combination Agreement made by PubCo or Securitize or any other party thereto ultimately proves to be inaccurate or incorrect.

The representations and warranties made by PubCo, CEPT and Securitize to each other in the Business Combination Agreement will not survive the Closing. As a result, CEPT and the CEPT Shareholders will not have the protection of any indemnification, escrow, price adjustment or other provisions that allow for a post-closing adjustment to be made to the total consideration for the Merger if any representation or warranty in the Business Combination Agreement made by PubCo, Securitize or Company Merger Sub proves to be inaccurate or incorrect. Accordingly, to the extent such representations or warranties are incorrect, CEPT and the CEPT Shareholders would have no indemnification claim with respect thereto and its financial condition or results of operations of CEPT could be adversely affected.

The value of the CEPT Founder Shares following completion of the Business Combination is likely to be substantially higher than the nominal price paid for them, even if the trading price of shares of PubCo Common Stock at such time is substantially less than \$10.00 per share, which may create an economic incentive for the CEPT management team to pursue and consummate the Business Combination which differs from the Public Shareholders.

The Sponsor currently owns 6,580,000 CEPT Ordinary Shares, including 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares, which it purchased for \$5,825,000 in the aggregate, comprised of the \$25,000 purchase price for the CEPT Founder Shares (or approximately \$0.004 per share) and the \$5,800,000 purchase price for the CEPT Private Placement Shares (or \$10.00 per share). Assuming a trading price of \$10.00 per share upon consummation of the Business Combination (and assuming no CEPT Founder Shares are required to be surrendered by the Sponsor at Closing due to redemptions and none of the Sponsor Earnout Shares are forfeited), the 6,000,000

60

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

CEPT Founder Shares would have an aggregate implied value of \$60,000,000 and the 580,000 CEPT Private Placement Shares would have an aggregate implied value of \$5,800,000. Even if the trading price after Closing of shares of PubCo Common Stock were to be as low as approximately \$0.89 per share, the value of the CEPT Founder Shares and CEPT Private Placement Shares would be equal to the Sponsor's initial investment in CEPT of \$5,825,000. As a result, the Sponsor is likely to be able to recoup its investment in CEPT and make a substantial profit on that investment even if the Public Shares lose significant value. Accordingly, the Sponsor, and CEPT's directors and officers who have an economic interest in the Sponsor, may have an economic incentive that differs from that of the Public Shareholders to pursue and consummate an initial business combination, including the Business Combination, rather than to liquidate and to return all of the cash in the Trust Account to the Public Shareholders, even if that business combination were with a riskier or less-established target business. This may have influenced the CEPT management team's motivation in identifying and selecting Securitize as CEPT's acquisition target and seeking to consummate the Business Combination. For the foregoing reasons, Public Shareholders should consider the CEPT management team's financial incentive to complete the Business Combination when evaluating whether to redeem their Public Shares in connection with the consummation of the Business Combination. See also

Since the Sponsor and CEPT's directors and officers have interests that are different from, or in addition to (and which may conflict with), the interests of Public Shareholders, a conflict of interest may have existed in determining whether the Business Combination with PubCo and Securitize is appropriate as CEPT's initial business combination. Such interests include that the Sponsor will lose its entire investment in CEPT if the Business Combination is not completed or any other business combination is not completed.

The

net cash

per Public Share not being redeemed will be less than the per share redemption price.

Each Public Share not being redeemed will represent a

net cash

per share contribution equal to its pro rata share of the Trust Account by that Public Shareholder to PubCo (which, as of March 31, 2026, was approximately \$10.51 which is the approximate redemption amount per Public Share based on the Trust Account balance as of March 31, 2026, inclusive of \$0.15 per redeemed Public Share to be funded pursuant to the Sponsor Note in the applicable Redemption Event and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes). This represents a higher contribution of net cash per share to PubCo than (i) the PIPE Shares and the shares of PubCo Common Stock being issued to the Securitize Stockholders pursuant to the Securitize Merger, which are being issued at \$10.00 per share, (ii) the \$25,000 that was contributed by the Sponsor to CEPT in exchange for 6,000,000 CEPT Founder Shares (equal to approximately \$0.004 per share), and (iii) the shares which may be issued to the Sponsor as repayment for the Sponsor Note, the Sponsor Loan and/or any other amounts owing from CEPT to the Sponsor at Closing (which, at Sponsor's option, can be repaid in shares at a price of \$10.00 per share). Accordingly, assuming that the

net cash

per Public Share being contributed to PubCo reflects the cash being contributed at Closing by CEPT to PubCo (i.e., the Trust Account balance net of redemptions, the amount funded by the PIPE Investors and any cash balances of CEPT outside of the Trust Account), the redemption price is expected to be greater than the net cash per share contributed by CEPT to PubCo.

Public Shareholders who do not redeem their Public Shares will experience substantial and immediate dilution upon Closing of the Business Combination as a result of the CEPT Class B Ordinary Shares held by the Sponsor, since the value of the CEPT Class B Ordinary Shares is likely to be substantially higher than the nominal price paid for them, as well as a result of the issuance of the shares of PubCo Common Stock in the Business Combination and the PIPE Investments.

The issuance of a significant number of shares of PubCo Common Stock in the Business Combination and in connection with the PIPE Investments will dilute the equity interests of Public Shareholders in PubCo following the Business Combination and may adversely affect prevailing market prices for shares of PubCo Common Stock. In addition, the Sponsor acquired the CEPT Founder Shares at a nominal price, also significantly contributing to this dilution.

Upon the completion of the Business Combination and the consummation of the PIPE Investment, and assuming, among other things, that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination, that all PIPE Investors fund their commitments in their PIPE Subscription Agreements in cash, and that the Sponsor Loan is repaid in cash, (i) Public Shareholders, (ii) the PIPE Investors, (iii) the Sponsor and its Affiliates, (iv) the directors and officers of CEPT, and (v) the Securitize Stockholders, in each case, will own approximately 14.1%, 13.1%, 3.8%, 0% and 69.2% of the issued and outstanding shares of PubCo Common Stock, respectively.

61

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Upon the completion of the Business Combination and the consummation of the PIPE Investment, and assuming, among other things, that 50% of Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination, that all PIPE Investors fund their commitments in their PIPE Subscription Agreements in cash, and that the Sponsor Loan is repaid in cash, (i) Public Shareholders, (ii) the PIPE Investors, (iii) the Sponsor and its Affiliates, (iv) the directors and officers of CEPT, and (v) the Securitize Stockholders, in each case, will own approximately 7.5%, 14.1%, 4.1%, 0% and 74.3% of the issued and outstanding shares of PubCo Common Stock, respectively.

These ownership percentages assume a \$10.00 share price and other assumptions set forth in the sections entitled

Summary of the Proxy Statement/Prospectus Ownership of PubCo After the Transactions,

and

Questions and Answers About the Proposals What equity stake will current Public Shareholders, the PIPE Investors, the Sponsor and the Securitize Stockholders hold in PubCo immediately after the completion of the Business Combination and the PIPE Investment?

in this proxy statement/prospectus. As such, Public Shareholders who do not redeem their Public Shares will experience substantial and immediate dilution upon

Closing. For more information, see the section entitled

Summary of the Proxy Statement/Prospectus Dilution.

Additionally, future issuances of PubCo Common Stock, including pursuant to the Incentive Plan or the exercise of the Assumed Warrants, may significantly dilute the equity interests of Public Shareholders who do not redeem their Public Shares and may adversely affect prevailing market prices for PubCo Common Stock.

Further, PubCo may also, from time to time in the future, issue additional shares of PubCo Common Stock or securities convertible into PubCo Common Stock pursuant to a variety of transactions, including acquisitions or other capital markets transactions. Issuing additional shares of its capital stock, other equity securities, or securities convertible into equity may dilute the economic and voting rights of Public Shareholders, reduce the market price of PubCo Common Stock, or both.

Preference shares, if issued, could have a preference with respect to liquidating distributions or a preference with respect to dividend payments that could limit PubCo's ability to pay dividends to the holders of PubCo Common Stock. PubCo's decision to issue securities in any future offering will depend on market conditions and other factors beyond its control, which may adversely affect the amount, timing or nature of its future offerings. As a result, holders of PubCo Common Stock upon the Closing, including Public Shareholders who do not redeem their Public Shares, will bear the risk that future offerings may reduce the market price of PubCo Common Stock and dilute their percentage ownership further.

It is possible that CEPT Class A Ordinary Shares or PubCo Common Stock could become subject to the

penny stock

rules of the SEC. Shares subject to the

penny stock

rules would require brokers to provide additional disclosures to investors. In addition, shares that are deemed to be

penny stock

may be subject to delisting from Nasdaq or another national securities exchange.

If CEPT or PubCo securities are delisted or otherwise fail to meet listing standards, the

penny stock

rules could apply and brokers trading in CEPT or PubCo securities would be required to adhere to more stringent rules, including but not limited to enhanced disclosure and sales requirements. The

penny stock

rules are burdensome and may have the effect of reducing purchases in offerings and reducing trading activity in the secondary market for the securities. If CEPT Class A Ordinary Shares or shares of PubCo Common Stock are subject to the

penny stock

rules, Public Shareholders and PubCo shareholders may find it more difficult to sell their shares and, therefore, may be required to hold some or all of their shares for an indefinite period of time. The price of such securities may be volatile, and there can be no assurance that shareholders will be able to dispose of their securities at favorable prices, or at all.

For more information relating to the risks of PubCo maintaining an exchange listing, see the risk factor entitled

Risks Related to Ownership of PubCo Common Stock Following the Business Combination Currently, there is no public market for the shares of PubCo Common Stock.

Public Shareholders cannot be sure whether the shares of PubCo Common Stock will develop an active trading market or whether PubCo will be able to maintain the listing of PubCo Common Stock in the future even if PubCo is successful in listing PubCo Common Stock on NYSE or another national securities exchange, which could limit investors' ability to make transactions in shares of PubCo Common Stock and subject PubCo to additional trading restrictions.

If Public Shareholders who wish to exercise their redemption rights in connection with the Business Combination fail to properly demand such redemption rights, they will not be entitled to redeem their Public Shares for a pro rata portion of the Trust Account and will instead become shareholders of PubCo.

In connection with the Business Combination, Public Shareholders may demand that CEPT redeem their Public Shares at the Closing in return for a pro rata portion of the funds available in the Trust Account, calculated as of two (2) business days prior to the Closing Date. Public Shareholders who seek to exercise this redemption right must deliver their Public Shares (either physically or electronically) to CST prior to the vote at the Meeting. Any Public Shareholder who fails to properly demand redemption rights will not be entitled to redeem their Public Shares and receive a pro rata portion of the funds available in the Trust Account and will instead exchange their Public Shares for shares of PubCo Common Stock and become shareholders of PubCo. See the section of this proxy statement/prospectus entitled

Extraordinary General Meeting of CEPT Shareholders Redemption Rights

for the procedures to be followed.

Public Shareholders will not have any rights or interests in funds from the Trust Account except under certain limited circumstances, which include in connection with the consummation of the Business Combination. Therefore, for a Public Shareholder to liquidate their investment in CEPT prior to such times, a Public Shareholder may be forced to sell their Public Shares in the open market, potentially at a loss.

Public Shareholders will be entitled to receive funds from the Trust Account only upon the earlier to occur of: (i) CEPT's completion of the Business Combination or another business combination if the Business Combination is not consummated, and then only in connection with those Public Shares that Public Shareholders have properly elected to redeem, subject to the limitations described herein, (ii) the redemption of Public Shares if CEPT is unable to complete a business combination

by the end of the Combination Period, subject to applicable law and as further described herein, or (iii) in connection with an extension of the Combination Period. In no other circumstances will a Public Shareholder have any right or interest of any kind in the Trust Account. Accordingly, for a Public Shareholder to liquidate their investment in CEPT prior to such times, a Public Shareholder may be forced to sell their Public Shares in the open market, potentially at a loss. The ability of Public Shareholders to exercise redemption rights with respect to a large number of Public Shares may reduce proceeds available to PubCo after Closing, reduce the public float of shares of PubCo Common Stock after Closing, reduce the liquidity of the trading market for the shares of PubCo Common Stock after Closing, or make it difficult to obtain or maintain the quotation, listing or trading shares of PubCo Common Stock on NYSE or another national securities exchange, and consequently may not allow the parties to complete the Business Combination, or optimize PubCo's capital structure following the Business Combination.

Public Shareholders may vote in favor of the Business Combination and still elect to redeem their shares. We do not know how many Public Shareholders may exercise their redemption rights in connection with the Business Combination. If a larger number of Public Shares are submitted for redemption than we initially expected, we may need to arrange for additional debt or equity financing to provide working capital to PubCo following the Closing. There can be no assurance that such debt or equity financing will be available to us if we need it or, if available, the terms will be satisfactory to us. Raising additional third-party financing may involve dilutive equity issuances or the incurrence of indebtedness at higher than desirable levels and may increase the probability that the Business Combination will be unsuccessful.

In such event, if adequate third-party financing is unavailable or only available on unreasonable terms, PubCo may not be able to maintain the listing of its securities on NYSE or another national securities exchange for lack of liquidity and may not have sufficient cash and liquidity to finance its operations as currently contemplated following the Business Combination.

Since the Sponsor and CEPT's directors and officers have interests that are different from, or in addition to (and which may conflict with), the interests of Public Shareholders, a conflict of interest may have existed in determining whether the Business Combination with PubCo and Securitize is appropriate as CEPT's initial business combination. Such interests include that the Sponsor will lose its entire investment in CEPT if the Business Combination or any other business combination is not completed.

When Public Shareholders consider the recommendation of the CEPT Board to vote in favor of each of the Proposals, including the Business Combination Proposal, they should consider that the Sponsor and CEPT's directors and officers have interests in the Proposals that are different from, or in addition to (and which may conflict with), the interests of Public Shareholders. The CEPT Board was aware of and considered these interests, among other matters, in evaluating and negotiating the Business Combination and transaction agreements and in recommending to CEPT Shareholders that they vote in favor of the Proposals presented at the Meeting, including the Business Combination Proposal. CEPT Shareholders should take these interests into account in deciding whether to approve the Proposals. These interests include, among other things, the following.

" As of the date hereof, the Sponsor is the record holder of 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares. The following persons have material interests in the Sponsor: Cantor is the sole member of the Sponsor; CFGM is the managing general partner of Cantor; and Brandon G. Lutnick is the controlling trustee of the trusts owning all of the voting shares of CFGM and the Chairman and Chief Executive Officer of CFGM and Cantor. As of the date hereof, each of Cantor, CFGM and Brandon G. Lutnick may be deemed to have beneficial ownership of the CEPT Ordinary Shares held directly by the Sponsor. Each such entity or person disclaims any beneficial ownership of the reported shares other than to the extent of any pecuniary interest they may have therein, directly or indirectly. As of the date hereof, other than Brandon G. Lutnick (as described above) and Danny Salinas (who has a minority limited partnership interest in Cantor), none of CEPT's other directors or executive officers has a direct or indirect ownership interest in the Sponsor and none of CEPT's directors or executive officers has beneficial ownership of the CEPT Ordinary Shares held directly by the Sponsor;

" The Sponsor paid \$25,000, or approximately \$0.004 per share, for the 6,000,000 CEPT Founder Shares, and \$5,800,000, or \$10.00 per share, for the 580,000 CEPT Private Placement Shares. As of October 27, 2025, the aggregate value of such shares is estimated to be approximately \$81.1 million, assuming the per share value of the shares is the same as the \$12.33 closing price of the CEPT Class A Ordinary Shares on Nasdaq on October 28, 2025 (the date the proposed Business Combination was announced). As a result, the Sponsor is likely to be able to recoup its investment in CEPT and make a substantial profit on that investment, even if shares of PubCo Common Stock lose significant value after the Closing. This means that the Sponsor could earn a positive rate of return on its investment, even if Public Shareholders experience a negative rate of return in PubCo;

" The 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares held by the Sponsor and purchased by the Sponsor for \$5,825,000 will be worthless if a business combination is not consummated by CEPT by the end of the Combination Period (as defined below);

" Pursuant to the Insider Letter, Sponsor agreed that, subject to limited exceptions, the 580,000 CEPT Class A Ordinary Shares it holds will not be sold or transferred until 30 days after CEPT has completed a business combination and that the 6,000,000 CEPT Founder Shares it holds will not be sold or transferred until the earlier of (a) the one-year anniversary of CEPT's initial business combination, (b) subsequent to CEPT's initial business combination, (x) if the last reported sale price of the CEPT Class A Ordinary Shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after CEPT's initial business combination, and (c) the date on which CEPT completes certain material transactions that result in all of its shareholders having the right to exchange their shares for cash, securities or other property. The Sponsor Support Agreement shortens the lock-up that will apply to the Post-Combination Founder Shares from one year to 180 days, and provides that one-third of the Post-Combination Founder Shares are subject to early-release in the event the VWAP of a share of PubCo Common Stock exceeds \$12.50, \$15.00 and \$17.50, in each case for at least 20 out of 30 consecutive trading days commencing 90 days after the Closing, and removes clause (b) above;

" CF&Co., an affiliate of the Sponsor and Cantor, is a party to the PIPE Engagement Letter pursuant to which PubCo, Securitize and CEPT engaged CF&Co. as a co-placement agent for the PIPE Investment. CF&Co. is also a party to the M&A Engagement Letter pursuant to which CEPT engaged CF&Co. as CEPT's exclusive financial advisor for the Business Combination. Pursuant to the PIPE Engagement Letter, for the services provided thereto CF&Co. will receive a cash fee at the Closing equal to approximately \$4.3 million (assuming that all PIPE Investors fund, or are deemed to have funded, their commitments in their PIPE Subscription Agreements and excluding certain PIPE Investors who had pre-existing investments in Securitize). Pursuant to the M&A Engagement Letter, for the services

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

provided thereto, CF&Co. will receive a cash fee at the Closing equal to 1% of the Securitize Equity Value, and up to an additional 0.5% of the Securitize Equity Value (which shall be reduced in proportion to the number of Public Shares redeemed prior to the Closing). In addition, CF&Co. is also a party to the Business Combination Marketing Agreement, pursuant to which CF&Co. will receive an \$8.4 million cash fee at the Closing. Payment of the foregoing fees are contingent on the Closing.

" The Sponsor and CEPT's officers and directors have agreed not to redeem any CEPT Ordinary Shares held by them in connection with a shareholder vote to approve a proposed business combination, including the Business Combination;

" The CEPT Memorandum and Articles provide that, to the fullest extent permitted by applicable law: (i) no individual serving as a director or an officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as CEPT; and (ii) CEPT renounces any interest or expectancy in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for any director or officer, on the one hand, and CEPT, on the other. In the course of their other business activities, CEPT's officers and directors may have, or may become aware of, other investment and business opportunities which may be appropriate for presentation to CEPT as well as the other entities with which they are affiliated. CEPT's management has pre-existing fiduciary duties and contractual obligations and if there is a conflict of interest in determining to which entity a particular business combination opportunity should be presented, any pre-existing fiduciary obligation will be presented the business combination opportunity before CEPT is presented with it. CEPT does not believe that the pre-existing fiduciary duties or contractual obligations of its officers and directors materially impacted its search for an acquisition target;

" CEPT has until the end of the Combination Period to consummate a business combination. If the Business Combination with Securitize is not consummated and CEPT does not consummate another business combination by the end of the Combination Period, CEPT will cease all operations except for the purpose of winding up, redeeming 100% of the issued and outstanding Public Shares for cash and, subject to the approval of its remaining shareholders and the CEPT Board, dissolving and liquidating, subject in each case above to CEPT's obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law. In such event, the 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares held by the Sponsor would be worthless because the Sponsor has waived its right to participate in any redemption or distribution with respect to such CEPT Ordinary Shares, and CF&Co. will not receive any of the fees described above;

" CEPT has issued the Sponsor Loan to the Sponsor in respect of up to \$1,750,000 of loans the Sponsor has made, and will make, to CEPT to fund CEPT's expenses relating to investigating and selecting an acquisition target and other working capital requirements. The Sponsor Loan does not bear interest and is repayable by CEPT to the Sponsor upon consummation of a business combination; provided that, at the Sponsor's option at any time on or prior to the consummation of the Business Combination, all or any portion of the amount outstanding under the Sponsor Loan may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Loan would be repaid only out of funds held outside of the Trust Account. As of March 31, 2026, CEPT had approximately \$605,000 outstanding under the Sponsor Loan. If the Business Combination or another business combination is not consummated by the end of the Combination Period, the Sponsor Loan may not be repaid to the Sponsor, in whole or in part;

" CEPT has also issued the Sponsor Note to the Sponsor in respect of up to \$3,600,000 of loans the Sponsor will make to CEPT in connection with a Redemption Event, such that an amount equal to \$0.15 per Public Share being redeemed in connection with the applicable Redemption Event will be added to the Trust Account and paid to the holders of the applicable redeemed Public Shares on such Redemption Event. The Sponsor Note does not bear interest and is repayable by CEPT to the Sponsor upon consummation of a business combination; provided that, at the Sponsor's option at any time on or prior to the consummation of the Business Combination, all or any portion of the amount outstanding under the Sponsor Note may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Note would be repaid only out of funds held outside of the Trust Account. As of March 31, 2026, CEPT had \$0 outstanding under the Sponsor Note. The Sponsor Note, if drawn, will not be repaid to the extent that the amount of the Sponsor Note exceeds the amount of available proceeds not deposited in the Trust Account if a business combination is not completed;

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

" If CEPT is unable to complete a business combination by the end of the Combination Period, the Sponsor has agreed to be liable to CEPT if and to the extent of any claims by a third party for services rendered or products sold to CEPT or by a prospective acquisition target with which CEPT has entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, in each case, reduce the amount of redemption amount to below the lesser of (i) the sum of (A) \$10.00 per Public Share and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event and (ii) the sum of (A) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per share due to reductions in the value of the trust assets, less interest released to pay taxes, and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event, provided that such liability will not apply to any claims by a third party or prospective acquisition target who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under CEPT's indemnity of the underwriters of the CEPT IPO against certain liabilities, including liabilities under the Securities Act nor to claims brought by CEPT's public auditor;

" The Sponsor, CEPT's officers and directors and their affiliates are entitled to reimbursement for any out-of-pocket expenses incurred by them in connection with certain activities on CEPT's behalf, such as identifying, investigating, negotiating and completing a business combination. If CEPT does not complete a business combination by the end of the Combination Period, CEPT may not have the cash necessary to reimburse these expenses. As of the date of this proxy statement/prospectus, none of the Sponsor, CEPT's officers and directors or their affiliates has incurred any such expenses which would be reimbursed at the Closing; and

" CEPT's officers and directors will be eligible for continued indemnification and continued coverage under a tail policy for CEPT's directors' and officers' liability insurance policy for up to a six-year period from and after the Closing for events occurring prior to the Closing, which tail policy is to be paid for by PubCo at the Closing pursuant to the Business Combination Agreement. If the Business Combination does not close, CEPT's officers and directors may not receive this tail insurance coverage.

Unrelated to the Business Combination, affiliates of the Sponsor and Cantor, including Cantor's asset management division, are customers of Securitize and pay Securitize fees for providing services. Cantor and its affiliates may pursue additional business relationships and opportunities in the future with Securitize unrelated to the Business Combination.

For additional information, see the section of this proxy statement/prospectus entitled

The Business Combination Proposal Interests of the Sponsor and CEPT's Directors and Executive Officers in the Business Combination.

The existence of personal and financial interests of one or more of CEPT's directors may result in a conflict of interest on the part of such director(s) between what he, she or they may believe is in the commercial interests of CEPT and the Public Shareholders and what he or she may believe is best for himself, herself or themselves in determining to recommend that Public Shareholders vote for the Proposals. The personal and financial interests of the Sponsor and CEPT's directors and officers may have influenced their motivation in identifying and selecting Securitize as an acquisition target and completing the Business Combination. The absence of a fairness opinion (or any similar report or appraisal) exacerbates the possibility that these risks may have impacted the terms of the Business Combination Agreement.

CEPT's management determined that, in light of the potential conflicting interests described above with respect to the Sponsor and its affiliates, the independent directors of CEPT should separately review and consider the potential conflicts of interest with respect to the Sponsor and its affiliates arising out of the Business Combination and the proposed terms thereof. Accordingly, the CEPT Audit Committee reviewed and considered such interests and, after taking into account the factors they deemed applicable (including the potential conflicting interests), both the CEPT Audit Committee and the CEPT Board unanimously approved the Business Combination Agreement and the transactions contemplated therein.

Nonetheless, in considering the recommendations of the CEPT Board to vote for each of the Proposals, Public Shareholders should consider these interests. For additional information on the interests and relationships of the Sponsor and CEPT's directors and officers in the Business Combination, see

The Business Combination Proposal Interests

The value of the CEPT Founder Shares following completion of the Business Combination is likely to be substantially higher than the nominal price paid for them, even if the trading price of shares of PubCo Common Stock at such time is substantially less than \$10.00 per share, which may create an economic incentive for the CEPT management team to pursue and consummate the Business Combination which differs from that of the Public Shareholders.

Neither the CEPT Board nor any committee thereof obtained a fairness opinion (or any similar report or appraisal) in determining whether or not to pursue the Business Combination. Consequently, CEPT Shareholders have no assurance from an independent source that the number of shares of PubCo Common Stock to be issued to the Sellers and CEPT Shareholders in the Business Combination is fair to CEPT and, by extension, CEPT Shareholders from a financial point of view.

In considering the Business Combination, neither the CEPT Board nor any committee thereof obtained a fairness opinion from an independent investment banking firm or another independent firm that commonly renders opinions opining that the terms of the Business Combination are fair to CEPT Shareholders from a financial point of view. In analyzing the Business Combination, the CEPT Board reviewed summaries of financial analyses prepared by CF&Co., CEPT's financial advisor, and CEPT management. The CEPT Board also consulted with its financial and legal advisors and with CEPT management and considered a number of factors, uncertainties and risks, including, but not limited to, those discussed under

The Business Combination Proposal CEPT Board's Reasons for Approval of the Business Combination,

and concluded that the Business Combination was in the commercial interests of CEPT and the CEPT Shareholders. The CEPT Board believes that because of the professional experience and background of its directors, it was qualified to conclude that the Business Combination was fair from a financial perspective to CEPT Shareholders and that the fair market value of the business or assets to be acquired in the Business Combination was at least 80% of the value of the Trust Account as of the day before execution of the Business Combination Agreement (excluding taxes payable on the income earned on the Trust Account). Accordingly, investors will be relying solely on the judgment of the CEPT Board in valuing Securitize, and the CEPT Board may not have properly valued such business. As a result, the terms may not be fair from a financial point of view to CEPT Shareholders. The lack of a fairness opinion (or any similar report or appraisal) may also lead to more Public Shareholders to vote against the Business Combination or demand redemption of their Public Shares, which could potentially impact CEPT's ability to consummate the Business Combination. For information about the standards used by the CEPT Board in evaluating the Business Combination, see the section of this proxy statement/prospectus entitled

Background of the Business Combination.

The parties to the Business Combination Agreement may waive one or more of the conditions to the Business Combination or certain of the other transactions contemplated by the Business Combination Agreement.

The parties to the Business Combination Agreement may agree to waive, in whole or in part, some of the conditions to the obligations to consummate the Business Combination or certain of the other transactions contemplated by the Business Combination Agreement, to the extent permitted by the CEPT Memorandum and Articles, the PIPE Subscription Agreements and applicable law. For example, it is a condition to CEPT's obligations to consummate the Business Combination that certain of PubCo's and Securitize's representations and warranties are true and correct in all respects as of the Closing, subject to the materiality exceptions set forth in the Business Combination Agreement. However, if the CEPT Board determines that it is in the best interests of CEPT to waive any such breach, then the CEPT Board may elect to waive that condition and consummate the Business Combination; provided that no party is able to waive the condition that CEPT Shareholders approve the Business Combination Proposal.

CEPT's directors and officers will have discretion as to whether to agree to changes or waivers in the terms of the Business Combination Agreement, and their interests in exercising that discretion may conflict with those of the CEPT Shareholders.

In the period leading up to the Closing, events may occur that, pursuant to the Business Combination Agreement, would require CEPT to agree to amend the Business

Combination Agreement, to consent to certain actions taken by PubCo or Securitize or to waive or exercise rights that CEPT is entitled to under the Business Combination Agreement. Such events could arise because of a request by PubCo or Securitize to undertake actions that would otherwise be prohibited by the terms of the Business Combination Agreement or the occurrence of other events that would have a material adverse effect on PubCo's expected business strategy and would entitle CEPT to terminate the Business Combination Agreement. In any such circumstances, it would be at CEPT's discretion, acting through the CEPT Board, to grant its consent or waive those rights.

The existence of the financial and personal interests of one or more of the directors of CEPT described in the preceding risk factors (and as described elsewhere in this proxy statement/prospectus) may result in a conflict of interest on the part of one or more of the directors between such director's potential beliefs in what is best for CEPT and such director's potential beliefs in what is best for himself or herself in determining whether or not to take the requested action.

In the event that CEPT, PubCo, Securitize and the other parties to the Business Combination Agreement authorize an amendment to the Business Combination Agreement that does not require further approval by CEPT Shareholders, CEPT will inform CEPT Shareholders of such amendment by press release and other public communications. In the event that CEPT, PubCo, Securitize and the other parties to the Business Combination Agreement authorize an amendment to the Business Combination Agreement that requires further approval by CEPT Shareholders, to the extent this proxy statement/prospectus has been mailed to CEPT Shareholders, a proxy supplement or an amended proxy statement/prospectus would be delivered to CEPT Shareholders, and proxies would be re-solicited for approval of such amendment.

If CEPT is deemed to be an investment company under the Investment Company Act, CEPT may be required to institute burdensome compliance requirements and its activities may be restricted, which may make it difficult for CEPT to complete the Business Combination.

The SEC's adopting release with respect to the 2024 SPAC Rules provided guidance relating to the potential status of SPACs as investment companies subject to regulation under the Investment Company Act and the regulations thereunder. Whether a SPAC is an investment company is dependent on specific facts and circumstances and CEPT can give no assurance that a claim will not be made that CEPT has been operating as an unregistered investment company.

If CEPT is deemed to be an investment company under the Investment Company Act, CEPT's activities may be restricted, including (i) restrictions on the nature of its investments; and (ii) restrictions on the issuance of securities, each of which may make it difficult for CEPT to complete the Business Combination. In addition, CEPT may have to impose burdensome requirements, including: (i) registration as an investment company; (ii) adoption of a specific form of corporate structure; and (iii) reporting, record keeping, voting, proxy and disclosure requirements and other rules and regulations.

In order not to be regulated as an investment company under the Investment Company Act, unless CEPT can qualify for an exclusion, CEPT must ensure that it is engaged primarily in a business other than investing, reinvesting or trading in securities and that its activities do not include investing, reinvesting, owning, holding or trading

investment securities

constituting more than 40% of its total assets (exclusive of U.S. government securities and cash items) on an unconsolidated basis. CEPT is mindful of the SEC's investment company definition and guidance and does not intend to complete an initial business combination with an investment company, or to acquire minority interests in other businesses or

investment securities

exceeding the permitted threshold.

CEPT is mindful of the SEC's investment company definition and guidance and does not intend to complete an initial business combination with an investment company, or to acquire minority interests in other businesses or

investment securities

exceeding the permitted threshold.

To mitigate the risk that its business activities will subject CEPT to the Investment Company Act, CEPT's proceeds held in the Trust Account have only been invested in U.S. Treasury obligations with a maturity of 185 days or less or in any open-end investment company that holds itself out as a money market fund selected by CEPT meeting certain conditions of paragraphs (d)(2), (d)(3) and (d)(4) of Rule 2a-7 under the Investment Company Act, which invests only in direct U.S. Treasury obligations. The holding of the assets in the Trust Account in this form is intended to be temporary and for the sole purpose of facilitating the Business Combination or another business combination. To mitigate the risk that CEPT might be deemed to be an investment company for purposes of the Investment Company Act, which risk increases the longer that CEPT holds investments in the Trust Account, CEPT may, at any time, instruct CST, as trustee of the Trust Account, to liquidate the investments held in the Trust Account and instead to hold the funds in the Trust Account in cash or in an interest-bearing demand deposit account at a bank. CEPT's cash if held in these accounts may exceed any applicable FDIC insurance limits. Should events, including limited

68

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

liquidity, defaults, non-performance or other adverse developments occur with respect to the banks or other financial institutions that hold CEPT's funds, or that affect financial institutions or the financial services industry generally, or concerns or rumors about any events of these kinds or other similar risks, the value of the assets in the Trust Account could be impaired, which could have a material impact on CEPT's operating results, liquidity, financial condition and prospects. For example, on March 10, 2023, the FDIC announced that Silicon Valley Bank had been closed by the California Department of Financial Protection and Innovation. CEPT cannot guarantee that the banks or other financial institutions that will hold CEPT's funds will not experience similar issues in the future.

Pursuant to the Trust Agreement, CST is not permitted to invest in securities or assets other than as described above. By restricting the investment of the proceeds to these instruments, and by having a business plan targeted at acquiring and growing businesses for the long term (rather than buying and selling businesses in the manner of a merchant bank or private equity fund), CEPT intends to avoid being deemed an

investment company

within the meaning of the Investment Company Act. The CEPT IPO was not intended for persons seeking a return on investments in government securities or investment securities. The Trust Account is intended solely as a temporary depository for funds pending the earliest to occur of: (i) the completion of the Business Combination or another business combination; (ii) the redemption of any Public Shares properly submitted in connection with a shareholder vote to amend the CEPT Memorandum and Articles (x) in a manner that would affect the substance or timing of its obligation to redeem 100% of the Public Shares if CEPT does not complete the Business Combination or another business combination by the end of the Combination Period or (y) with respect to any other provision relating to the rights of Public Shareholders or pre-business combination activity; or (iii) absent the consummation of a business combination by the end of the Combination Period, return of the funds held in the Trust Account to Public Shareholders as part of CEPT's redemption of the Public Shares.

CEPT is aware of litigation claiming that certain SPACs should be considered to be investment companies. Although CEPT believes that these claims are without merit, CEPT cannot guarantee that it will not be deemed to be an investment company and thus subject to the Investment Company Act. Notwithstanding CEPT's investment activities or the mitigation measures included herein, CEPT could still be deemed to be or have been an investment company at any time since the IPO.

If CEPT were deemed to be subject to the Investment Company Act, compliance with these additional regulatory burdens would require additional expenses for which CEPT has not allotted funds and may hinder its ability to complete the Business Combination or may result in its liquidation. If CEPT is unable to complete the Business Combination or any other business combination, Public Shareholders may only receive approximately \$10.51 per share on the liquidation of the Trust Account (which is the approximate amount per Public Share based on the Trust Account balance as of March 31, 2026, inclusive of \$0.15 per redeemed Public Share to be funded pursuant to the Sponsor Note in the applicable Redemption Event and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes), and Public Shareholders would also lose the possibility of an investment opportunity in PubCo or another potential business combination.

CEPT has engaged CF&Co., who is an affiliate of the Sponsor, to act as its financial advisor in connection with the Business Combination, and CEPT and PubCo have engaged CF&Co. as a co-placement agent in connection with the PIPE Investment. CEPT also previously engaged CF&Co. in connection with the CEPT IPO pursuant to the Business Combination Marketing Agreement. The Sponsor may therefore have additional financial interests in the completion of the Business Combination.

CEPT has engaged CF&Co., who is an affiliate of the Sponsor, to act as its financial advisor in connection with the Business Combination pursuant to the M&A Engagement Letter and also previously engaged CF&Co. pursuant to the Business Combination Marketing Agreement in connection with the CEPT IPO. Pursuant to the M&A Engagement Letter, for the services provided thereto, CF&Co. will receive a cash fee at the Closing equal to 1% of the Securitize Equity Value, and up to an additional 0.5% of the Securitize Equity Value (which shall be reduced in proportion to the number of Public Shares redeemed prior to the Closing). CF&Co. is entitled to an \$8.4 million fee at Closing pursuant to the Business Combination Marketing Agreement. CEPT and PubCo have engaged CF&Co. as a co-placement agent in connection with the PIPE Investment pursuant to the PIPE Engagement Letter. Pursuant to the PIPE Engagement Letter, each of CEPT and PubCo has agreed to pay CF&Co. a customary placement agent fee in an amount that constitutes a market standard placement agent fee for comparable transactions, and which payment is only made upon completion of the PIPE Investments, which requires completion of the Business Combination. Specifically, CF&Co. will receive a cash fee at the Closing equal to approximately

69

\$4.3 million (assuming that all PIPE Investors fund, or are deemed to have funded, their commitments in their PIPE Subscription Agreements). For more information, see the section of this proxy statement/prospectus entitled The Business Combination Proposal Compensation Received by the Sponsor.

Therefore, the Sponsor may have additional financial interests in the completion of the Business Combination. These financial interests tied to the consummation of the Business Combination may have given rise to potential or actual conflicts of interest and may have influenced the advice that CF&Co. provided to CEPT as its financial advisor, which advice could contribute to CEPT's decision in connection with the sourcing and consummation of an initial business combination.

Members of CEPT's management team and the CEPT Board have significant experience as founders, board members, officers, executives or employees of other companies. Certain of those persons, as well as CEPT's affiliates, have been, may be, or may become, involved in litigation, investigations or other proceedings, including related to those companies or otherwise. The defense or prosecution of these matters could be time-consuming and could divert CEPT management's attention, and may have an adverse effect on CEPT, which may impede CEPT's ability to consummate the Business Combination.

During the course of their careers, members of CEPT's management team and the CEPT Board have had significant experience as founders, board members, officers, executives or employees of other companies. As a result of their involvement and positions in these companies, certain of those persons, as well as certain of CEPT's affiliates, have been, may be or may in the future become involved in litigation, investigations or other proceedings, including relating to the business affairs of such companies, transactions entered into by such companies, or otherwise. Individual members of CEPT's management team and the CEPT Board also may become involved in litigation, investigations or other proceedings involving claims or allegations related to or as a result of their personal conduct, either in their capacity as a corporate officer or director or otherwise, and may be personally named in such actions and potentially subject to personal liability. For example, the directors of CFAC II, a SPAC sponsored by an affiliate of Cantor, (i) were named as defendants in a class action filed in the Northern District of California alleging violation of federal securities laws in connection with disclosures related to the March 2021 business combination between CFAC II and View, Inc. (

View

), which case was settled in November 2025, and (ii) were named as defendants in a class action filed in the Delaware Court of Chancery alleging breach of fiduciary duty in connection with the business combination between CFAC II and View which was settled and dismissed by the court in December 2024. Further, in December 2024, Cantor, without admitting or denying the underlying allegations, settled with payment of a \$6.75 million penalty a matter with the SEC whereby the SEC alleged that the initial public offering and business combination registration statements and proxy statements of each of CFAC II and CFAC V, a SPAC sponsored by an affiliate of Cantor, contained misstatements regarding whether the respective SPACs had engaged in

substantive discussions

with potential targets prior to the date of their respective initial public offerings, which statements the SEC staff alleged Cantor caused the issuers to make. Any liability from such proceedings may or may not be covered by insurance and/or indemnification, depending on the facts and circumstances. The defense or prosecution

of these matters could be time-consuming. Any litigation, investigations or other proceedings and the potential outcomes of such actions may divert the attention and resources of CEPT's management team and the CEPT Board away from the Business Combination and may negatively affect CEPT's reputation. Changes in laws or regulations (including the adoption of policies by governing administrations), or a failure to comply with any laws and regulations, may adversely affect CEPT's business, including CEPT's ability to complete the Business Combination.

CEPT is subject to laws and regulations enacted by national, regional and local governments. These governing bodies may seek to change laws and regulations, as well as adopt new policies, including tariffs and other economic policies, that could negatively impact CEPT or PubCo. CEPT is also required to comply with certain SEC and other legal requirements and numerous complex tax laws. Compliance with, and monitoring of, applicable laws and regulations may be difficult, time consuming and costly. Those laws and regulations and their interpretation and application may also change from time to time and those changes could have a material adverse effect on CEPT's business, investments and results of operations. In addition, a failure to comply with applicable laws or regulations, as interpreted and applied, could have a material adverse effect on CEPT's business.

On January 24, 2024, the SEC adopted the 2024 SPAC Rules which became effective on July 1, 2024, requiring, among other items, (i) additional disclosures relating to SPAC sponsors and related persons; (ii) additional disclosures relating to SPAC business combination transactions; (iii) additional disclosures relating to dilution and

70

to conflicts of interest involving sponsors and their affiliates in both SPAC initial public offerings and business combination transactions; (iv) additional disclosures regarding projections included in SEC filings in connection with proposed business combination transactions; and (v) the requirement that both the SPAC and its acquisition target be co-registrants for business combination registration statements.

In addition, the SEC's adopting release provided the SPAC Guidance describing circumstances in which a SPAC could become subject to regulation under the Investment Company Act, including its duration, asset composition, business purpose and the activities of the SPAC and its management team in furtherance of such goals.

Compliance with the 2024 SPAC Rules and the SPAC Guidance may increase the costs of, and the time needed to complete, the Business Combination.

If the Business Combination is not approved and CEPT does not consummate another initial business combination by the end of the Combination Period, then the Sponsor's CEPT Ordinary Shares will become worthless and the expenses it has incurred will not be reimbursed. These interests may have influenced the CEPT Board's decision to approve the Business Combination.

The Sponsor beneficially owns the CEPT Founder Shares and CEPT Private Placement Shares that it purchased for an aggregate of \$5,825,000 prior to, or simultaneously with, the CEPT IPO, and the Sponsor has no redemption rights with respect to these CEPT Ordinary Shares. Additionally, CEPT has issued the Sponsor Loan for up to \$1,750,000 in borrowings, of which approximately \$605,000 was outstanding as of March 31, 2026, and may borrow up to an additional \$3,600,000 from Sponsor under the Sponsor Note in connection with certain loans the Sponsor will make to CEPT in connection with a Redemption Event. If the Business Combination with PubCo or another business combination is not completed by the end of the Combination Period, these securities will be worthless, and CEPT would be unlikely to be able to repay any such borrowings. Certain directors and executive officers of CEPT have an indirect economic interests in the Sponsor and accordingly, they may have an incentive to pursue and consummate an initial business combination, even if that business combination were with an acquisition target or on terms less favorable to Public Shareholders than liquidation. See also

The value of the CEPT Founder Shares following completion of the Business Combination is likely to be substantially higher than the nominal price paid for them, even if the trading price of shares of PubCo Common Stock at such time is substantially less than \$10.00 per share, which may create an economic incentive for the CEPT management team to pursue and consummate the Business Combination which differs from that of the Public Shareholders.

In addition, CEPT's officers and directors and their affiliates are entitled to reimbursement of out-of-pocket expenses incurred by them in connection with certain activities on CEPT's behalf, such as identifying and investigating possible acquisition targets and business combinations. These expenses will be repaid upon completion of the Business Combination with PubCo. However, if CEPT fails to consummate the Business Combination or another initial business combination, they will not have any claim against the Trust Account for repayment or reimbursement. Accordingly, CEPT may not be able to repay or reimburse these amounts if the Business Combination is not completed. As of March 31, 2026, no such amounts had been incurred by any of CEPT's officers, directors or their affiliates.

For additional information, see the section of this proxy statement/prospectus entitled

The Business Combination Proposal Interests of the Sponsor and CEPT's Directors and Executive Officers in the Business Combination.

These financial interests may have influenced the decision of CEPT's directors to approve the Business Combination with PubCo and to continue to pursue such Business Combination. In considering the recommendations of the CEPT Board to vote for each of the Proposals, CEPT Shareholders should consider these interests.

If third parties bring claims against CEPT, the proceeds held in the Trust Account could be reduced and the per-share redemption amount received by Public Shareholders could be less than \$10.51 per share (based on the Trust Account balance as of March 31, 2026 of approximately \$248.8 million, inclusive of \$0.15 per redeemed Public Share to be funded pursuant to the Sponsor Note in the applicable Redemption Event and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes).

CEPT's placing of funds in the Trust Account may not protect those funds from third-party claims against us. Although CEPT will seek to have all vendors, service providers, prospective acquisition targets and other entities with which CEPT does business execute agreements waiving any right, title, interest or claim of any kind in or to

71

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

any monies held in the Trust Account for the benefit of the Public Shareholders, such parties may not execute such agreements, or even if they execute such agreements they may not be prevented from bringing claims against the Trust Account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a claim against CEPT's assets, including the funds held in the Trust Account. If any third party refuses to execute an agreement waiving such claims to the monies held in the Trust Account, CEPT's management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not

executed a waiver if management believes that such third party's engagement would be significantly more beneficial to CEPT than any alternative. WithumSmith+Brown, PC (

Withum

), CEPT's independent registered public accounting firm and the underwriters in the CEPT IPO have not executed and will not execute an agreement with CEPT waiving such claims to the monies held in the Trust Account.

Examples of possible instances where CEPT may engage a third party that refuses to execute a waiver include the engagement of a third-party consultant whose particular expertise or skills are believed by CEPT's management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where CEPT's management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with CEPT and will not seek recourse against the Trust Account for any reason. Upon redemption of the Public Shares, if CEPT is unable to complete the Business Combination or another business combination by the end of the Combination Period, or upon the exercise of a redemption right in connection with the Business Combination or another business combination, CEPT will be required to provide for payment of claims of creditors that were not waived that may be brought against CEPT within the 10 years following redemption. Accordingly, the per-share redemption amount received by public shareholders could be less than the estimated \$10.51 redemption price as of March 31, 2026, due to claims of such creditors.

Pursuant to the Insider Letter, the Sponsor has agreed that it will be liable to CEPT if and to the extent any claims by a third party (other than CEPT's independent registered public accounting firm and the underwriters in the CEPT IPO) for services rendered or products sold to CEPT, or a prospective acquisition target with which CEPT has entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, reduce the redemption amount to below the lesser of (i) the sum of (A) \$10.00 per Public Share and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event and (ii) the sum of (A) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per share due to reductions in the value of the assets in the Trust Account, less interest released to pay taxes, and (B) \$0.15 per redeemed Public Share pursuant to the Sponsor Note, provided that such liability will not apply to any claims by a third party or prospective acquisition target who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under CEPT's indemnity of its underwriters in connection with the IPO against certain liabilities, including liabilities under the Securities Act. However, CEPT has not asked the Sponsor to reserve for such indemnification obligations, nor has CEPT independently verified whether the Sponsor has sufficient funds to satisfy its indemnity obligations and believes that the Sponsor's only assets are CEPT Ordinary Shares. Therefore, CEPT cannot assure Public Shareholders that the Sponsor would be able to satisfy those obligations. None of CEPT's officers or directors will indemnify CEPT for claims by third parties including, without limitation, claims by vendors and prospective acquisition targets.

Additionally, if CEPT is forced to file a bankruptcy case or an involuntary bankruptcy case is filed against it which is not dismissed, or if CEPT otherwise enters compulsory or court supervised liquidation, the proceeds held in the Trust Account could be subject to applicable bankruptcy law and may be included in its bankruptcy estate and subject to the claims of third parties with priority over the claims of the Public Shareholders. To the extent any bankruptcy claims deplete the Trust Account, CEPT may not be able to return to its Public Shareholders \$10.51 per share (which is the approximate amount per Public Share based on the Trust Account balance as of March 31, 2026, inclusive of \$0.15 per redeemed Public Share to be funded pursuant to the Sponsor Note in the applicable Redemption Event and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes).

CEPT Shareholders may be held liable for claims by third parties against CEPT to the extent of distributions received by them.

If CEPT is unable to complete the Business Combination with Securitize or another business combination by the end of the Combination Period, CEPT will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible, but not more than ten (10) business days thereafter, redeem 100% of the issued and

72

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

outstanding Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account including interest earned on the funds held in the Trust Account and not previously released to CEPT to pay its taxes, divided by the number of then issued and outstanding Public Shares, which redemption will completely extinguish Public Shareholders' rights as shareholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of CEPT's remaining shareholders and the CEPT Board, dissolve and liquidate, in each case subject to its obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law. CEPT cannot assure Public Shareholders that it will properly assess all claims that may be brought against CEPT.

If CEPT is forced to enter into an insolvent liquidation, any distributions received by CEPT Shareholders could be viewed as an unlawful payment if it was proved that immediately following the date on which the distribution was made, CEPT's liabilities exceeded its assets, or it was unable to pay its debts as they fall due in the ordinary course of business. As a result, a liquidator could seek to recover all amounts received by CEPT Shareholders. Furthermore, CEPT's directors may be viewed as having breached their fiduciary duties to CEPT or CEPT's creditors and/or may have acted in bad faith, thereby exposing themselves and CEPT to claims, by paying Public Shareholders from the Trust Account prior to addressing the claims of creditors. There is no assurance that claims will not be brought against CEPT for these reasons. CEPT and its directors and officers who knowingly and willfully authorized or permitted any distribution to be paid out of the Trust Account while CEPT was unable to pay its debts as they fall due in the ordinary course of business would be guilty of an offense and may be liable to a fine of \$18,292.68 and to imprisonment for five years in the Cayman Islands.

CEPT's directors may decide not to enforce the indemnification obligations of the Sponsor, resulting in a reduction in the amount of funds in the Trust Account available for distribution to the Public Shareholders.

In the event that the proceeds in the Trust Account are reduced below the lesser of (i) \$10.00 per share and (ii) the actual amount per share held in the Trust Account as of the date of the liquidation of the Trust Account if less than \$10.00 per share due to reductions in the value of the assets in the Trust Account, in each case net of the interest which may be withdrawn to pay taxes, and the Sponsor asserts that it is unable to satisfy its obligations or that it has no indemnification obligations related to a particular claim, CEPT's independent directors would determine whether to take legal action against the Sponsor to enforce its indemnification obligations.

While CEPT currently expects that its independent directors would take legal action on CEPT's behalf against the Sponsor to enforce its indemnification obligations to CEPT, it is possible that CEPT's independent directors in exercising their business judgment and subject to their fiduciary duties may choose not to do so in any particular instance if, for example, the cost of such legal action is deemed by the independent directors to be too high relative to the amount recoverable or if the independent directors determine that a favorable outcome is not likely. If CEPT's independent directors choose not to enforce these indemnification obligations, the amount of funds in the Trust Account and the amount funded pursuant to the Sponsor Note available for distribution to the Public Shareholders may be reduced below \$10.51 per share (which is the approximate amount per Public Share based on the Trust Account balance as of March 31, 2026, inclusive of \$0.15 per redeemed Public Share to be funded pursuant to the Sponsor Note in the applicable Redemption Event and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes).

The CEPT Merger may result in adverse tax consequences for Public Shareholders.

U.S. Holders (as defined in the section entitled

Material U.S. Tax Considerations

below) may be subject to U.S. federal income tax as a result of the CEPT Merger. As discussed more fully under

Material U.S. Tax Considerations U.S. Holders Tax Consequences of the CEPT Merger to U.S. Holders,

the CEPT Merger should constitute a reorganization within the meaning of Section 368(a)(1)(F) of the Code. Assuming the CEPT Merger so qualifies, U.S. Holders will be subject to Section 367(b) of the Code and, as a result:

" a U.S. Holder who, on the date of the CEPT Merger, beneficially owns (actually or constructively) Public Shares with a fair market value less than \$50,000 should not be required to recognize any gain or loss under Section 367 of the Code in connection with the CEPT Merger, and generally should not be required to include any part of the all earnings and profits amount in income;

" a U.S. Holder who, on the date of the CEPT Merger, beneficially owns (directly, indirectly or constructively) Public Shares with a fair market value of \$50,000 or more but is not a 10% U.S. Shareholder (as defined in

of the CEPT Merger to U.S. Holders,

) will recognize gain (but not loss) with respect to the shares of PubCo Common Stock received in the CEPT Merger in an amount equal to the excess of the fair market value of the shares of PubCo Common Stock received over the U.S. Holder's adjusted tax basis in the Public Shares deemed surrendered in the CEPT Merger unless such U.S. Holder elects to recognize the

all earnings and profits

amount attributable to its Public Shares; and

" a 10% U.S. Shareholder will generally be required to include in income as a deemed dividend the

all earnings and profits amount

(as defined in the Treasury Regulations) attributable to its Public Shares.

Additionally, proposed Treasury Regulations with a retroactive effective date have been promulgated under Section 1291(f) of the Code may require taxable gain recognition by a U.S. Holder with respect to its exchange of Public Shares for shares of PubCo Common Stock in the CEPT Merger to the extent their Public Shares have a fair market value in excess of their tax basis if (i) CEPT were classified as a passive foreign investment company (

PFIC

) at any time during such U.S. Holder's holding period in such Public Shares and (ii) the U.S. Holder had not timely made (a) a QEF Election (as defined

Material U.S. Tax Considerations U.S. Holders PFIC Considerations

) for the first taxable year in which the U.S. Holder owned such Public Shares or in which CEPT was a PFIC, whichever is later (or a QEF Election along with a purging election), or (b) an

mark-to-market

election with respect to such Public Shares. CEPT believes that it would likely be considered a PFIC for its current (and its prior) taxable years and as a result, if the proposed Treasury Regulations were finalized in their current form, a U.S. Holder of Public Shares could recognize gain with respect to the CEPT Merger unless such U.S. Holder has made one of the elections described above. Any gain recognized from the application of the PFIC rules described above would be taxable income with no corresponding receipt of cash. The tax on any such gain would be imposed at the rate applicable to ordinary income and an interest charge could apply. It is not possible to determine at this time whether, in what form, and with what effective date, final Treasury Regulations under Section 1291(f) of the Code may be adopted or how any such Treasury Regulations would apply.

CEPT may not have sufficient funds to satisfy indemnification claims of its directors and officers.

CEPT has agreed to indemnify its officers and directors to the fullest extent permitted by law. However, its officers and directors have agreed to waive any right, title, interest or claim of any kind in or to any monies in the Trust Account and to not seek recourse against the Trust Account for any reason whatsoever.

Accordingly, any indemnification provided will be able to be satisfied by CEPT only if (i) CEPT has sufficient funds outside of the Trust Account or (ii) CEPT consummates the Business Combination or another business combination. CEPT's obligation to indemnify its officers and directors may discourage CEPT Shareholders from bringing a lawsuit against its officers or directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against its officers and directors, even though such an action, if successful, might otherwise benefit CEPT and the CEPT Shareholders. Furthermore, a CEPT Shareholder's investment may be adversely affected to the extent CEPT pays the costs of settlement and damage awards against its officers and directors pursuant to these indemnification provisions.

Following the Business Combination, PubCo's business activities may be subject to review or approval by regulatory authorities pursuant to certain U.S. or foreign laws or regulations.

Certain business activities are subject to review or approval by regulatory authorities pursuant to certain U.S. or foreign laws or regulations. In the event that such regulatory approval or clearance is not obtained, or such approval or clearance are subject to conditions that are not acceptable to us, we may not be able to

engage in such activities.

Among other things, the offering of certain financial products may be subject to state, federal or foreign laws or regulations. U.S. or foreign laws or regulations may also affect our ability to acquire interests in other businesses. In the United States, certain mergers that may affect competition may require filings and review by the Department of Justice and the Federal Trade Commission, and investments or acquisitions that may affect national security are subject to review by the Committee on Foreign Investment in the United States (

CFIUS

). CFIUS is an interagency committee authorized to review certain transactions involving foreign investment in the United States by foreign persons in order to determine the effect of such transactions on the national security of the United States.

The Sponsor and CEPT's directors and officers have entered into letter agreements with CEPT, and the Sponsor has entered into the Sponsor Support Agreement with CEPT and PubCo, in each case, which requires them to vote in favor of the Business Combination, regardless of how the Public Shareholders vote.

The Sponsor and CEPT's directors and officers have entered into letter agreements with CEPT, including the Insider Letter, and the Sponsor has entered into the Sponsor Support Agreement with CEPT and PubCo, pursuant to which, among other things, they have agreed to vote all of their CEPT Ordinary Shares in favor of any proposed business combination, except that any Public Shares that they may purchase in compliance with the requirements of Rule 14e-5 under the Exchange Act would not be voted in favor of approving the Business Combination. As of the date of this proxy statement/prospectus, the Sponsor owns approximately 21.5% of the issued and outstanding CEPT Ordinary Shares.

To pass, each of the Business Combination Proposal, the Nasdaq Proposal and the Adjournment Proposal requires an ordinary resolution of CEPT Shareholders, which requires the affirmative vote of a simple majority of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). To pass, the Merger Proposal requires a special resolution of CEPT Shareholders, which requires the affirmative vote of at least two-thirds of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). CEPT Shareholders are also being asked to approve, on a non-binding advisory basis, each of the Organizational Documents Proposals. Although the CEPT Board is asking CEPT Shareholders to approve each of the Organizational Documents Proposals on the non-binding advisory basis, regardless of the outcome of the non-binding advisory vote on each of the Organizational Documents Proposals, the PubCo Charter and the PubCo Bylaws will take effect upon the Closing if the Business Combination Proposal and the Merger Proposal are approved.

As a result, with respect to each Proposal that requires approval of CEPT Shareholders by an ordinary resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 8,710,001, or approximately 36.3%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 1,065,001, or approximately 4.4%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved. With respect to each Proposals that require approval of CEPT Shareholders by a special resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 13,806,667, or approximately 57.5%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 3,613,334, or approximately 15.1%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved.

Accordingly, the agreement by the Sponsor to vote its CEPT Ordinary Shares in favor of the Business Combination increases the likelihood that CEPT will receive the requisite CEPT Shareholder approval for the Business Combination.

Because CEPT is seeking to obtain shareholder approval of the Business Combination, the Sponsor and CEPT's directors and officers and their respective affiliates may elect to purchase Public Shares from Public Shareholders, subject to Rule 14e-5 under the Exchange Act, which may influence the vote on the Business Combination and reduce the public

float

of CEPT Class A Ordinary Shares.

CEPT is seeking to obtain shareholder approval of the Business Combination. Subject to compliance with applicable securities laws, including Rule 14e-5 under the Exchange Act, the Sponsor, CEPT's directors and officers and their affiliates may purchase Public Shares in privately negotiated transactions or in the open market prior to the record date of the Meeting, although they are under no obligation or duty to do so.

Any such purchases shall be effected at a price per share no higher than the amount per share a Public Shareholder would receive if it elected to have its Public Shares redeemed in connection with the Business Combination. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. None of the funds in the Trust Account will be used to purchase Public Shares in such transactions. Such a purchase may include a contractual acknowledgment that such shareholder, although still the record holder of Public Shares is no longer the beneficial owner thereof and

75

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

therefore agrees not to exercise its redemption rights. In the event that the Sponsor, CEPT's directors and officers or any of their affiliates purchase Public Shares in privately negotiated transactions from Public Shareholders who have already elected to exercise their redemption rights, such selling shareholders would be required to revoke their prior elections to redeem their Public Shares. It is intended that, if Rule 10b-18 under the Exchange Act would apply to such purchases, then such purchases will comply with Rule 10b-18 under the Exchange Act, to the extent it applies, which provides a safe harbor for purchases made under certain conditions, including with respect to timing, pricing and volume of purchases. Any such purchases, together with the CEPT Ordinary Shares currently owned by the Sponsor, could influence the vote on the Business Combination or otherwise result in the completion of the Business Combination that may not otherwise have been possible.

Additionally, at any time at or prior to the consummation of the Business Combination, subject to applicable securities laws (including with respect to material non-public information), the Sponsor, CEPT's directors and officers and their affiliates may enter into transactions with investors and others to provide them with

incentives to acquire Public Shares or not to elect to have their Public Shares redeemed. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. None of the funds in the Trust Account will be used to purchase public shares in such transactions.

If such purchases are made, the public float of CEPT Class A Ordinary Shares may be reduced and the number of beneficial holders of CEPT Class A Ordinary Shares may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of Public Shares on Nasdaq or another securities exchange. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements.

Additionally, in the event the Sponsor, CEPT's directors and officers or their affiliates were to purchase Public Shares from Public Shareholders, such purchases would be structured in compliance with the requirements of Rule 14e-5 under the Exchange Act to the extent such rule is applicable including, in pertinent part, through adherence to the following:

- " CEPT would disclose in this proxy statement/prospectus the possibility that the Sponsor, CEPT's directors and officers or their affiliates may purchase Public Shares from Public Shareholders outside the redemption process, along with the purpose of such purchases;
- " if the Sponsor, CEPT's directors and officers or their affiliates were to purchase Public Shares from Public Shareholders, they would do so at a price no higher than the price offered through the redemption process;
- " CEPT would include in this proxy statement/prospectus a representation that any of the Public Shares purchased by the Sponsor, CEPT's directors and officers or their affiliates would not be voted in favor of approving the Business Combination;
- " the Sponsor, CEPT's directors and officers or their affiliates would either not possess any redemption rights with respect to such Public Shares or they would waive such rights; and
- " CEPT would disclose in a Form 8-K filed prior to the Meeting, the following items, to the extent material:
 - " the amount of Public Shares purchased outside of the redemption offer by the Sponsor, CEPT's directors and officers or their affiliates, along with the average purchase price;
 - " the purpose of the purchases by the Sponsor, CEPT's directors and officers or their affiliates;
 - " the impact, if any, of the purchases by the Sponsor, CEPT's directors and officers or their affiliates on the likelihood that the Business Combination will be approved at the Meeting;
 - " the identities of the CEPT Shareholders who sold Public Shares to the Sponsor, CEPT's directors and officers or their affiliates (if not purchased in the open market) or the nature of the CEPT Shareholders (e.g., 5% shareholders) who sold Public Shares to the Sponsor, CEPT's directors and officers or their affiliates; and
 - " the number of Public Shares for which CEPT has received redemption requests pursuant to its redemption offer as of a date shortly prior to the filing date of the Form 8-K.

CEPT, Securitize and PubCo incur significant transaction costs in connection with the Business Combination.

Each of the parties to the Business Combination Agreement has incurred and expects that it will incur significant, non-recurring costs in connection with the consummation of the Business Combination. PubCo may also incur additional costs to retain key employees. CEPT, Securitize and PubCo will also incur significant legal, financial advisor, accounting, banking and consulting fees, fees relating to regulatory filings and notices, SEC filing fees, printing and mailing fees and other costs associated with the Business Combination. CEPT, Securitize and PubCo estimate that they will incur approximately \$51.4 million in aggregate transaction costs. As preliminary estimates, CEPT expects to incur approximately \$30.4 million in transaction costs (assuming that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination); and PubCo expects to incur approximately \$21.1 million of estimated transaction costs for placement agent, legal, accounting, and advisory fees incurred as part of the Business Combination. Some of these costs are payable regardless of whether the Business Combination is completed.

Securities of companies formed through mergers with SPACs such as PubCo may experience a material decline in price relative to the share price of the SPACs prior to such merger.

CEPT issued CEPT Class A Ordinary Shares for \$10.00 per share upon the closing of the CEPT IPO. As with other SPACs, each Public Share issued in the CEPT IPO carries a right to redeem such share for a pro rata portion of the proceeds held in the Trust Account prior to the Closing. As of March 31, 2026, the redemption price per Public Share was approximately \$10.51, which is the approximate redemption amount per Public Share based on the Trust Account balance as of March 31, 2026, inclusive of \$0.15 per redeemed Public Share to be funded pursuant to the Sponsor Note in the applicable Redemption Event and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes. Following the Closing, the shares of PubCo Common Stock outstanding will no longer have any such redemption right and may be dependent upon the fundamental value of PubCo, as well as other relevant factors such as market conditions and trading multiples, and the performance of securities of other companies formed through mergers with SPACs in recent years, and may be significantly less than \$10.00 per share.

In recent years, securities of companies formed through mergers with SPACs have experienced a material decline in price relative to the share price of the SPACs prior to such merger due to a combination of factors. Market-wide factors that have contributed may include macro-economic conditions, inflationary pressures, interest rate volatility, reduced investor risk appetite and broader equity market declines. There may also be factors particular to companies formed through mergers with SPACs, such as significant redemptions by SPAC public stockholders, dilution resulting from founder shares and PIPE investments and other transaction-related securities, and heightened regulatory and litigation scrutiny applicable to de-SPAC companies. See

Risks Related to CEPT and the Business Combination.

Historical trends have shown that the securities of such companies have been subject to extreme market fluctuations that may be unrelated to a company's operational performance, contributing further to the decline in stock value. This may be due to the fact that, among other things, (i) SPAC transactions can attract speculative investors, and stock price movements may be influenced by shifting market sentiment, speculation in the press or investment community, reliance on speculative projections or the actions of institutional and retail investors, rather than the underlying fundamentals of the combined company, (ii) SPACs have the

potential for significant redemptions (resulting in less cash being available to the post-combination company), (iii) SPACs are subject to dilution resulting from founder shares and other transaction-related securities, and (iv) going public by way of SPAC may result in less extensive vetting of an operating company's information when compared to the diligence performed by underwriters in traditional initial public offerings. Further, unlike an underwritten initial public offering of PubCo's securities, the listing of PubCo's securities as a result of the Business Combination will not benefit from the following: (1) the book-building process undertaken by underwriters, which helps to inform efficient price discovery with respect to opening trades of newly listed securities, or (2) underwriter support to help stabilize, maintain, or affect the public price of the securities immediately after listing. These risks could contribute to the loss of all or part of your investment in PubCo.

Volatility in the price of PubCo Common Stock could subject PubCo to securities class action litigation.

The market price of shares of PubCo Common Stock may be volatile and, in the past, companies that have experienced volatility in the market price of their shares have been subject to securities class action litigation. PubCo may be the target of this type of litigation and investigations. Securities litigation against PubCo could result in substantial costs and divert management's attention from other business concerns, which could seriously harm PubCo's business.

Currently, there is no public market for the shares of PubCo Common Stock. Public Shareholders cannot be sure about whether the shares of PubCo Common Stock will develop an active trading market or whether PubCo is able to maintain the listing of PubCo Common Stock in the future even if PubCo is successful in listing PubCo Common Stock on NYSE or another national securities exchange, which could limit investors' ability to make transactions in shares of PubCo Common Stock and subject PubCo to additional trading restrictions.

As part of the Business Combination, each outstanding CEPT Class A Ordinary Share (including the CEPT Class A Ordinary Shares issued upon conversion of the outstanding CEPT Class B Ordinary Shares (other than the Surrendered CEPT Shares)) will be converted automatically into one share of PubCo Common Stock. PubCo is a newly formed entity and prior to this transaction it has not issued any securities in the U.S. markets or elsewhere nor has there been extensive information about it, its businesses or its operations publicly available. CEPT, Securitize and PubCo have agreed to cause the shares of PubCo Common Stock to be issued in the Business Combination to be approved for listing on NYSE or another national securities exchange, prior to the effective time of the Business Combination. CEPT cannot assure Public Shareholders that PubCo will be able to meet the initial listing requirements. However, PubCo may be unsuccessful in listing PubCo Common Stock on NYSE or any other national securities exchange, and even if successful, PubCo may be unable to maintain the listing of PubCo Common Stock in the future. A successful listing also does not ensure that a market for the shares of PubCo Common Stock will develop or the price at which the shares will trade. No assurance can be provided as to the demand for or trading price of the shares of PubCo Common Stock following the Closing and the shares of PubCo Common Stock may trade at a price less than the current market price of the CEPT Class A Ordinary Shares.

If PubCo fails to meet the initial listing requirements and NYSE or another national securities exchange does not list its shares of PubCo Common Stock on its exchange, none of the parties to the Business Combination Agreement would be required to consummate the Business Combination. In the event that all such parties elected to waive this condition, and the Business Combination were consummated without shares of PubCo Common Stock being listed on NYSE or on another national securities exchange, PubCo could face significant material adverse consequences, including:

- " a limited availability of market quotations for shares of PubCo Common Stock;
- " reduced liquidity for shares of PubCo Common Stock;
- " to the extent that PubCo does not qualify for any of the other penny stock exemptions from under the applicable provisions of Rule 3a51-1 under the Exchange Act, a determination that shares of PubCo Common Stock are penny stocks
- which will require brokers trading in shares of PubCo Common Stock to adhere to more stringent rules and possibly result in a reduced level of trading activity in the secondary trading market for shares of PubCo Common Stock;
- " a limited amount of news and analyst coverage; and
- " a decreased ability to issue additional securities or obtain additional financing in the future.

The National Securities Markets Improvement Act of 1996, which is a federal statute, prevents or preempts the states from regulating the sale of certain securities, which are referred to as covered securities.

If shares of PubCo Common Stock are not listed on NYSE or another national securities exchange, such shares would not qualify as covered securities and PubCo would be subject to regulation in each state in which PubCo offers its shares of PubCo Common Stock because states are not preempted from regulating the sale of securities that are not covered securities.

Even if PubCo is successful in listing PubCo Common Stock and developing a public market, there may not be enough liquidity in such market to enable PubCo shareholders to sell their shares of PubCo Common Stock. If a public market for the shares of PubCo Common Stock does not develop, investors may not be able to re-sell their shares of PubCo Common Stock, rendering their shares illiquid and possibly resulting in a complete loss of their investment. PubCo cannot predict the extent to which investor interest in PubCo will lead to the development of an active, liquid trading market. The trading price of and demand for the shares of PubCo Common Stock following completion of the Business Combination and the development and continued existence of a market and favorable price for the shares of PubCo Common Stock will depend on a number of conditions, including the development of a market following, including by analysts and other investment professionals, the businesses, operations, results and prospects of PubCo, general market and economic conditions, governmental actions, regulatory considerations, legal proceedings and developments or other factors. These and other factors may impair the development of a liquid

78

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

market and the ability of investors to sell shares at an attractive price. These factors also could cause the market price and demand for shares of PubCo Common Stock to fluctuate substantially, which may limit or prevent investors from readily selling their shares and may otherwise affect negatively the price and liquidity of the shares of PubCo Common Stock. Many of these factors and conditions are beyond the control of PubCo or shareholders of PubCo.

Reports published by analysts, including projections in those reports that differ from PubCo's actual results, could adversely affect the price and trading volume of

PubCo Common Stock.

PubCo's management currently expects that securities research analysts will establish and publish their own periodic projections for its business. These projections may vary widely and may not accurately predict the results PubCo actually achieves. PubCo's share price may decline if its actual results do not match the projections of these securities research analysts. Similarly, if one or more of the analysts who write reports on PubCo downgrades its stock or publishes inaccurate or unfavorable research about its business, its share price could decline. If one or more of these analysts ceases coverage of PubCo or fails to publish reports on it regularly, its share price or trading volume could decline. While PubCo's management expects research analyst coverage, if no analysts commence coverage of PubCo, the trading price and volume for PubCo Common Stock could be adversely affected.

PubCo is not expected to pay cash dividends in the foreseeable future.

PubCo does not anticipate paying cash dividends in the foreseeable future. Any decision to declare and pay dividends in the future will be made at the discretion of the PubCo Board and will depend on, among other things, applicable law, regulations, restrictions, PubCo's and Securitize's respective results of operations, financial condition, cash requirements, contractual restrictions, the future projects and plans of PubCo and Securitize and other factors that the PubCo Board may deem relevant. In addition, PubCo's ability to pay dividends depends significantly on the extent to which it receives dividends from Securitize and there can be no assurance that Securitize will pay dividends. As a result, capital appreciation, if any, of PubCo Common Stock will be an investor's sole source of gain for the foreseeable future.

The PubCo Charter and PubCo Bylaws will designate the State of Delaware or the federal district courts of the United States as the exclusive forum for certain litigation that may be initiated by our stockholders, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us and limit the market price of our common stock.

Pursuant to PubCo Charter and PubCo Bylaws, as will be in effect upon the completion of the Business Combination, unless we consent in writing to the selection of an alternative forum, a state court located within the State of Delaware (or, if no state court located within the State of Delaware has jurisdiction, the federal court for the District of Delaware) shall be the sole and exclusive forum for: (i) any derivative action or proceeding brought on our behalf; (ii) any action asserting a claim for or based on a breach of a fiduciary duty owed by any of our directors or officers or other employees or agents to us or to our stockholders, including a claim alleging the aiding and abetting of such a breach of fiduciary duty; (iii) any action asserting a claim against us or any of our directors or officers or other employees or agents arising pursuant to any provision of the Delaware General Corporation Law or our certificate of incorporation or bylaws; (iv) any action asserting a claim related to or involving us that is governed by the internal affairs doctrine; or (v) any action asserting an internal corporate claim

as that term is defined in Section 115 of the Delaware General Corporation Law.

These exclusive forum provisions will not apply to claims arising under the Securities Act or the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. Unless we consent in writing to the selection of an alternative forum, the federal district courts of the United States will be the sole and exclusive forum for the resolution of any action asserting a claim arising under the Securities Act.

The forum selection clause in our amended and restated certificate of incorporation may limit our stockholders' ability to obtain a favorable judicial forum for disputes with us and limit the market price of PubCo common stock. If a court were to find the exclusive-forum provision in our amended and restated certificate of incorporation to be inapplicable or unenforceable in an action, we may incur further significant additional costs associated with resolving the dispute in other jurisdictions, all of which could result in costly litigation and could have a material adverse effect on our business, financial condition or results of operations.

Purpose of the Extraordinary General Meeting of CEPT Shareholders

At the Meeting, CEPT is asking CEPT Shareholders to:

- " consider and vote upon the Business Combination Proposal. A copy of the Business Combination Agreement is attached to this proxy statement/prospectus as Annex A;
- " consider and vote upon the Merger Proposal;
- " consider and vote upon each of the Organizational Documents Proposals;
- " consider and vote upon the Nasdaq Proposal; and
- " consider and vote upon the Adjournment Proposal to adjourn the Meeting to a later date or dates, if it is determined by CEPT additional time is necessary or appropriate to complete the Business Combination or for any other reason.

Recommendation of the CEPT Board

The CEPT Board has unanimously determined that the Business Combination Proposal is in the commercial interests of CEPT and the CEPT Shareholders; has unanimously approved the Business Combination Proposal; and unanimously recommends that shareholders vote

FOR

the Business Combination Proposal,

FOR

the Merger Proposal,
FOR
each of the Organizational Documents Proposals,
FOR
the Nasdaq Proposal and
FOR
the Adjournment Proposal, if presented.

Record Date; Issued and Outstanding Shares; CEPT Shareholders Entitled to Vote

CEPT Shareholders will be entitled to vote or direct votes to be cast at the Meeting if they owned CEPT Ordinary Shares at the close of business on May 11, 2026, which is the Record Date for the Meeting. CEPT Shareholders are entitled to one vote at the Meeting for each CEPT Ordinary Share held as of the Record Date. If you hold your shares in street name,

which means your shares are held of record by a broker, bank or nominee, you should contact your broker, bank or nominee to ensure that votes related to the shares you beneficially own are properly counted. In this regard, you must provide the broker, bank or nominee with instructions on how to vote your shares or, if you wish to attend the Meeting and vote, obtain a proxy from your broker, bank or nominee.

As of the close of business on the Record Date, there were 30,580,000 CEPT Ordinary Shares issued and outstanding, consisting of 24,580,000 CEPT Class A Ordinary Shares and 6,000,000 CEPT Class B Ordinary Shares. Of these shares, 24,000,000 were Public Shares, with the rest being held by the Sponsor.

Quorum and Vote of CEPT Shareholders

A quorum of CEPT Shareholders is necessary to hold a valid meeting. A quorum for the Meeting will be achieved if CEPT Shareholders of record holding a majority of the then issued and outstanding CEPT Ordinary Shares are present at the Meeting (whether in person or by proxy), irrespective of the number of CEPT Ordinary Shares voted by such CEPT Shareholders at the Meeting. As of the Record Date, one or more CEPT Shareholders holding 15,290,001 CEPT Ordinary Shares would be required to achieve a quorum at the Meeting. In addition to the CEPT Ordinary Shares held by the Sponsor, which represent approximately 21.5% of the issued and outstanding CEPT Ordinary Shares and which will count towards this quorum, CEPT will need only one or more CEPT Shareholders of record holding 8,710,001 Public Shares, or approximately 36.3%, of the 24,000,000 Public Shares represented in person or by proxy at the Meeting to have a valid quorum.

To pass, each of the Business Combination Proposal, the Nasdaq Proposal and the Adjournment Proposal requires an ordinary resolution of CEPT Shareholders, which requires the affirmative vote of a simple majority of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). To pass, the Merger Proposal requires a special resolution of CEPT Shareholders, which requires the affirmative vote of at least two-thirds of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). CEPT Shareholders are also being asked to approve, on a non-binding advisory basis, each of the Organizational Documents Proposals. Although the CEPT Board is asking CEPT Shareholders to approve each of the Organizational Documents Proposals on the non-binding advisory basis, regardless of the outcome of the non-binding advisory vote on each of the Organizational Documents Proposals, the PubCo Charter and the PubCo Bylaws will take effect upon the Closing if the Business Combination Proposal and the Merger Proposal are approved. Assuming a quorum is established, a CEPT Shareholder's failure to vote by proxy or to vote at the Meeting will have no effect on the Proposals. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, are not treated as votes cast and will have no effect on any of the Proposals.

The Sponsor has agreed to vote its 6,580,000 CEPT Ordinary Shares, representing approximately 21.5% of the issued and outstanding CEPT Ordinary Shares, in favor of each of the Proposals. As a result, with respect to each Proposal that requires approval of CEPT Shareholders by an ordinary resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 8,710,001, or approximately 36.3%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 1,065,001, or approximately 4.4%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved. With respect to each Proposal that requires approval of CEPT Shareholders by a special resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 13,806,667, or approximately 57.5%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 3,613,334, or approximately 15.1%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved.

Voting Your CEPT Ordinary Shares

Each CEPT Ordinary Share that you own in your name entitles you to one vote. Your proxy card shows the number of CEPT Ordinary Shares that you own. If your shares are held in street name

or are in a margin or similar account, you should contact your broker to ensure that votes related to the CEPT Ordinary Shares you beneficially own are properly counted.

Voting Your CEPT Ordinary Shares Shareholders of Record

There are three ways to vote your CEPT Ordinary Shares at the Meeting:

You Can Vote By Signing and Returning the Enclosed Proxy Card. If you vote by proxy card, your

proxy,

whose name is listed on the proxy card, will vote your CEPT Ordinary Shares as you instruct on the proxy card. If you sign and return the proxy card but do not give instructions on how to vote your shares, your CEPT Ordinary Shares will be voted as recommended by the CEPT Board

FOR

the Business Combination Proposal,

FOR
the Merger Proposal,
FOR
each of the Organizational Documents Proposals,
FOR
the Nasdaq Proposal and
FOR
the Adjournment Proposal, if presented. Votes received after a matter has been voted upon at the Meeting will not be counted.

You may vote by Internet until the polls are closed on the date of the Meeting. You Can Attend Meeting and Vote. If you attend the Meeting, you may submit your vote at the Meeting, in which case any proxy that you have given will be revoked and only the vote you cast at the Meeting will be counted.

Voting Your Shares Beneficial Owners

If your CEPT Ordinary Shares are registered in the name of your broker, bank or other agent, you are the beneficial owner of those CEPT Ordinary Shares and those CEPT Ordinary Shares are considered as held in street name.

If you are a beneficial owner of CEPT Ordinary Shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than directly from CEPT. Simply complete and mail the proxy card to ensure that your vote is counted. You may be eligible to vote your CEPT Ordinary Shares electronically over the Internet or by telephone. A large number of banks and brokerage firms offer Internet and telephone voting. If your bank or brokerage firm does not offer Internet or telephone voting information, please complete and return your proxy card in the self-addressed, postage-paid envelope provided. To vote yourself at the Meeting, you must first obtain a valid legal proxy from your broker, bank or other agent and then register in advance to attend the Meeting. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a legal proxy form.

After obtaining a valid legal proxy from your broker, bank or other agent, to then register to attend the Meeting, you must submit proof of your legal proxy reflecting the number of your CEPT Ordinary Shares along with your name and email address to CST. Requests for registration should be directed via e-mail to proxy@continentalstock.com or via telephone to (917) 262-2373. Written requests can be mailed to:

You will also need a voter control number included on your proxy card in order to be able to vote your CEPT Ordinary Shares or submit questions during the Meeting.

Follow the instructions provided to vote. CEPT encourages you to access the Meeting prior to the start time leaving ample time for the check in.

Share Ownership of and Voting by the Sponsor and CEPT's Directors and Officers

The Sponsor has agreed to vote its 6,580,000 CEPT Ordinary Shares, representing approximately 21.5% of the issued and outstanding CEPT Ordinary Shares, in favor of each of the Proposals. As a result, with respect to each Proposal that requires approval of CEPT Shareholders by an ordinary resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 8,710,001, or approximately 36.3%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 1,065,001, or approximately 4.4%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved. With respect to each Proposal that requires approval of CEPT Shareholders by a special resolution, in addition to the Sponsor's CEPT Ordinary Shares, and solely by way of example, CEPT would need only 13,806,667, or approximately 57.5%, of the 24,000,000 Public Shares (assuming all issued and outstanding CEPT Ordinary Shares are voted at the Meeting) and only 3,613,334, or approximately 15.1%, of the 24,000,000 Public Shares (assuming only a majority of the issued and outstanding CEPT Ordinary Shares are voted at the Meeting) to be voted in favor of such Proposals in order to have such Proposals approved.

Redemption Rights

Pursuant to the CEPT Memorandum and Articles, any holders of Public Shares may demand that such Public Shares be redeemed in exchange for a pro rata share of the aggregate amount on deposit in the Trust Account (less taxes payable), calculated as of two (2) business days prior to the Closing. If a demand is properly made and the Business Combination is consummated, these shares, immediately prior to the Business Combination, will cease to be outstanding and will represent only the right to receive a pro rata share of the aggregate amount on deposit in the Trust Account which holds the proceeds of the CEPT IPO (calculated as of two (2) business days prior to the Closing, including interest earned on the funds held in the Trust Account and not previously released to CEPT to pay its taxes). For illustrative purposes, based on funds in the Trust Account of approximately \$248.8 million as of March 31, 2026, the estimated per share redemption price would have been approximately \$10.51 (inclusive of \$0.15 per share to be funded pursuant to the Sponsor Note and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes).

In order to exercise your redemption rights, you must:

" prior to 5:00 p.m., Eastern Time, on _____, 2026 (two (2) business days before the Meeting), tender your Public Shares physically or electronically and submit a request in writing that CEPT redeem your Public Shares for cash to CST, CEPT's transfer agent, at the following address:

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

" In your request to CST for redemption, you must also affirmatively certify if you

ARE

or

ARE NOT

acting in concert or as a

group

(as defined in Section 13d-3 of the Exchange Act) with any other Public Shareholder; and

" deliver your Public Shares either physically or electronically through DTC to CST at least two (2) business days before the Meeting. Public Shareholders seeking to exercise their redemption rights and opting to deliver physical certificates should allot sufficient time to obtain physical certificates from CST and time to effect delivery. It is CEPT's understanding that Public Shareholders should generally allot at least two weeks to obtain physical certificates from CST. However, CEPT does not have any control over this process and it may take longer than two weeks. Public Shareholders who hold their Public Shares in street name will have to coordinate with their bank, broker or other nominee to have the shares certificated or delivered electronically. If you do not submit a written request and deliver your Public Shares as described above, your Public Shares will not be redeemed.

Any demand for redemption, once made, may be withdrawn at any time until the deadline for exercising redemption requests (and submitting shares to CST) and thereafter, with CEPT's consent, until the consummation of the Business Combination. If you delivered your Public Shares for redemption to CST and decide within the required timeframe not to exercise your redemption rights, you may request that CST return your Public Shares (physically or electronically). You may make such request by contacting CST at the phone number or address listed above.

Prior to exercising redemption rights, Public Shareholders should verify the market price of CEPT Class A Ordinary Shares, as they may receive greater proceeds from the sale of their Public Shares in the public market than from exercising their redemption rights if the market price per share is higher than the per share redemption price. There can be no assurances that you will be able to sell your Public Shares in the open market, even if the market price per share is higher than the redemption price stated above, as there may not be sufficient liquidity in CEPT Class A Ordinary Shares when you wish to sell your Public Shares.

If you exercise your redemption rights, your Public Shares will cease to be outstanding immediately prior to the consummation of the Business Combination and will only represent the right to receive a pro rata share of the aggregate amount on deposit in the Trust Account. You will no longer own those shares and will have no right to participate in, or have any interest in, the future growth of PubCo, if any. You will be entitled to receive cash for these shares only if you properly and timely demand redemption.

Notwithstanding the foregoing, the CEPT Memorandum and Articles provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a

group

(as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than 15% of the Public Shares in the aggregate, without the prior consent of CEPT.

In connection with the CEPT IPO, the Sponsor and CEPT's officers and directors agreed to waive any redemption rights with respect to any CEPT Ordinary Shares held by them in connection with the completion of the Business Combination. Such waivers are standard in transactions of this type and the Sponsor and CEPT's officers and directors did not receive separate consideration for the waiver.

Appraisal Rights

No appraisal or dissenters' rights are available to CEPT Shareholders in connection with the ordinary resolution to approve the Business Combination Proposal. Under the Cayman Act, minority shareholders have a right to dissent to a merger and if they so dissent, they are entitled to be paid the fair value of their shares, which if necessary, may ultimately be determined by the court. Therefore, CEPT Class A Record Holders have a right to dissent to the CEPT Merger. Please see the section titled

The Merger Proposal Appraisal or Dissenters' Rights
for additional information.

In addition, Public Shareholders are still entitled to exercise the rights of redemption as detailed in this proxy statement/prospectus and the redemption proceeds payable to Public Shareholders who exercise such redemption rights will represent the fair value of those shares. For a discussion about the Public Shareholders' redemption rights, please see
Extraordinary General Meeting of CEPT Shareholders Redemption Rights.

Proxy Solicitation Costs

CEPT is soliciting proxies on behalf of the CEPT Board. This solicitation is being made by mail but also may be made by telephone, on the Internet or in person. CEPT and its directors, officers and employees may also solicit proxies in person, by telephone or by other electronic means. CEPT will file with the SEC all scripts and other electronic communications as proxy soliciting materials. CEPT will bear the cost of the solicitation.

CEPT has hired Sodali to assist in the proxy solicitation process. CEPT will pay Sodali a fee of \$25,000, plus disbursements of its expenses in connection with services relating to the Meeting.

CEPT will ask banks, brokers and other institutions, nominees and fiduciaries to forward the proxy materials to their principals and to obtain their authority to execute proxies and voting instructions. CEPT will reimburse them for their reasonable expenses.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following description addresses the material U.S. federal income tax considerations generally applicable to U.S. Holders (as defined below) of Public Shares of the CEPT Merger, the exercise of redemption rights, and with respect to Non-U.S. Holders (as defined below), the ownership and disposition of PubCo Common Stock after the CEPT Merger. This discussion, as well as the opinion of Hughes Hubbard & Reed LLP described below, is based on the Code, its legislative history, final, temporary and proposed treasury regulations promulgated thereunder (

Treasury Regulations

), and judicial and administrative interpretations thereof, all as currently in effect. These authorities are subject to change or differing interpretations, possibly on a retroactive basis.

For purposes of this description, a

U.S. Holder

means a beneficial owner of Public Shares that is for U.S. federal income tax purposes:

- " an individual citizen or resident of the United States;
- " a corporation (or other entity treated as a corporation) that is created or organized (or treated as created or organized) in or under the laws of the United States, any state thereof or the District of Columbia;
- " an estate whose income is includible in gross income for U.S. federal income tax purposes regardless of its source; or
- " a trust if (i) a U.S. court can exercise primary supervision over the trust's administration and one or more U.S. persons are authorized to control all substantial decisions of the trust, or (ii) it has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

A

Non-U.S. Holder

means a beneficial owner (other than a partnership or entity or arrangement treated as a partnership for U.S. federal income tax purposes) of Public Shares that is not a U.S. Holder.

This description does not address all aspects of U.S. federal income taxation that may be relevant to any particular holder based on such holder's individual circumstances or status. In particular, this description considers only holders that hold Public Shares as capital assets for U.S. federal income tax purposes (generally, property held for investment). This description does not address the alternative minimum tax, the special tax accounting rules under Section 451(b) of the Code, the Medicare tax on net investment income, or the U.S. federal income tax consequences to holders that are subject to special rules, including:

- " financial institutions or financial services entities;
- " broker-dealers;
- " persons that are subject to the mark-to-market accounting rules under Section 475 of the Code;
- " tax-exempt entities;
- " governments or agencies or instrumentalities thereof;
- " insurance companies;
- " individual retirement or other tax-deferred accounts;
- " regulated investment companies;
- " real estate investment trusts;
- " specified expatriates or former long-term residents of the United States;
- " persons that hold Public Shares as part of a straddle, constructive sale, hedging, redemption or other integrated transaction;
- " persons that acquired our securities pursuant to an exercise of employee share options or upon payout of a restricted stock unit, in connection with employee share incentive plans or otherwise as compensation;

86

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

" foreign corporations with respect to which there are one or more United States shareholders within the meaning of Treasury Regulations Section

1.367(b)-3(b)(1)(ii);

- " persons whose functional currency is not the U.S. dollar;
- " controlled foreign corporations;
- " passive foreign investment companies;
- " persons who actually or constructively own five percent or more of our voting shares or five percent or more of the total value of all classes of our shares (except as specifically provided below); or
- " the Sponsor or its affiliates.

This description does not address any tax laws other than the U.S. federal income tax law, such as gift or estate tax laws, state, local or non-U.S. tax laws or, except as described herein, any tax reporting obligations of a holder of Public Shares. This discussion does not consider the tax treatment of partnerships (or any entities or arrangements characterized as partnerships for U.S. federal income tax purposes) or persons who hold our stock through such entities or arrangements. If a partnership (or any entity or arrangement characterized as a partnership for U.S. federal income tax purposes) holds Public Shares, the tax treatment of such partnership and a person treated as a partner of such partnership will generally depend on the status of the partner and the activities of the partnership. Partnerships holding Public Shares and persons that are treated as partners of such partnerships are urged to consult with their tax advisors as to the particular U.S. federal income tax consequences of the CEPT Merger or an exercise of redemption rights to them. We have not and do not intend to seek any rulings from the IRS regarding the CEPT Merger or an exercise of redemption rights. There can be no assurance that the IRS will not take positions inconsistent with the considerations discussed below or that any such positions would not be sustained by a court.

THE U.S. FEDERAL INCOME TAX TREATMENT OF THE BENEFICIAL OWNERS OF PUBLIC SHARES MAY BE AFFECTED BY MATTERS NOT DESCRIBED HEREIN AND DEPENDS IN SOME INSTANCES ON DETERMINATIONS OF FACT AND INTERPRETATIONS OF COMPLEX PROVISIONS OF U.S. FEDERAL INCOME TAX LAW FOR WHICH NO CLEAR PRECEDENT OR AUTHORITY MAY BE AVAILABLE. WE URGE BENEFICIAL OWNERS OF PUBLIC SHARES TO CONSULT THEIR TAX ADVISOR REGARDING THE SPECIFIC TAX CONSEQUENCES TO SUCH HOLDER OF THE CEPT MERGER AND OWNING AND DISPOSING OF PUBLIC SHARES AS A RESULT OF ITS PARTICULAR CIRCUMSTANCES, INCLUDING THE U.S. FEDERAL, STATE, LOCAL AND NON-U.S. INCOME AND OTHER TAX CONSEQUENCES THEREOF.

U.S. Holders

Tax Consequences of the CEPT Merger to U.S. Holders

The U.S. federal income tax consequences of the CEPT Merger will depend primarily upon whether the CEPT Merger qualifies as a reorganization

- within the meaning of Section 368 of the Code. Under Section 368(a)(1)(F) of the Code, a reorganization includes a mere change in identity, form, or place of organization of one corporation, however effected (an

F Reorganization

-). Pursuant to the CEPT Merger, CEPT will merge with and into SPAC Merger Sub, a disregarded entity for U.S. federal income tax purposes, with SPAC Merger Sub surviving as a wholly-owned subsidiary of PubCo.

It is intended that the CEPT Merger qualify as an F Reorganization. CEPT has received an opinion from Hughes Hubbard & Reed LLP to the effect that, subject to the limitations and qualifications set forth therein and in the registration statement, the CEPT Merger should qualify as an F Reorganization (the

CEPT Merger Tax Opinion

-). However, due to the absence of direct guidance on the application of Section 368(a)(1)(F) of the Code to a corporation holding only investment-type assets, such as CEPT, this result is not entirely clear. An opinion of counsel is not binding on the IRS or any court, and there can be no certainty that the IRS will not challenge the conclusions reflected in the CEPT Merger Tax Opinion or that a court would not sustain such a challenge.

87

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

The CEPT Merger Tax Opinion is based upon representations, warranties and covenants provided by CEPT, PubCo and other relevant parties and certain assumptions, all of which must continue to be true and accurate as of the effective time of the CEPT Merger. In addition, the CEPT Merger Tax Opinion is subject to certain qualifications and limitations as set forth in the CEPT Merger Tax Opinion. If any of the assumptions, representations or covenants on which the CEPT Merger Tax Opinion is based is or becomes incorrect, incomplete, inaccurate or is otherwise not complied with or there is a subsequent change in applicable law, the validity of the CEPT Merger Tax Opinion may be adversely affected and the tax consequences of the CEPT Merger could differ from those described herein.

Assuming the CEPT Merger qualifies as an F Reorganization, U.S. Holders of Public Shares generally should not recognize gain or loss for U.S. federal income tax purposes on the CEPT Merger, except as provided below under the caption headings

Effects of Section 367 on U.S. Holders

and

PFIC Considerations,

and the CEPT Merger should be treated for U.S. federal income tax purposes as if CEPT (i) transferred all of its assets and liabilities to PubCo in exchange for all of the outstanding PubCo Common Stock, and (ii) then distributed such PubCo Common Stock to CEPT Shareholders in liquidation of CEPT. The taxable year of CEPT will end on the date of the CEPT Merger.

Assuming the CEPT Merger qualifies as an F Reorganization and subject to the PFIC rules described below: (i) the tax basis of a share of PubCo Common Stock received by a U.S. Holder in the CEPT Merger will equal the U.S. Holder's tax basis in the Public Share exchanged therefor, increased by any amount included in the income of such U.S. Holder as a result of Section 367 of the Code (as discussed below) and (ii) the holding period for a share of PubCo Common Stock received by a U.S. Holder will include such U.S. Holder's holding period for the Public Share exchanged therefor. U.S. Holders who hold different blocks of Public Shares (generally, shares purchased or acquired on different dates or at different prices) should consult their tax advisors to determine how the above rules apply to them.

If the CEPT Merger fails to qualify as an F Reorganization, subject to the PFIC rules described in further detail below, a U.S. Holder generally would recognize gain or loss with respect to its Public Shares in an amount equal to the difference, if any, between the fair market value of the shares of PubCo Common Stock received in the CEPT Merger and the U.S. Holder's adjusted tax basis in its Public Shares exchanged therefor. In such event, such U.S. Holder's basis in the shares of PubCo Common Stock would be equal to their respective fair market values on the date of the CEPT Merger and such U.S. Holder's holding period for PubCo Common Stock would

begin on the day following the date of the CEPT Merger. The remainder of this discussion assumes that the CEPT Merger will qualify as an F Reorganization.

PFIC Considerations

In addition to the discussion under the heading

Effects of Section 367 on U.S. Holders

below, the CEPT Merger could be a taxable event to U.S. Holders under the PFIC provisions of the Code.

Definition of a PFIC

A non-U.S. corporation will be a PFIC if either (a) at least 75% of its gross income in a taxable year, including its pro rata share of the gross income of any corporation in which it owns or is considered to own at least 25% of the shares by value, is passive income (the

gross income test

) or (b) at least 50% of its assets in a taxable year, generally determined based on fair market value and averaged quarterly over the year, including its pro rata share of the assets of any corporation in which it owns or is considered to own at least 25% of the shares by value, are held for the production of, or produce, passive income (the

asset test

). Passive income generally includes dividends, interest, rents and royalties (other than certain rents or royalties derived from the active conduct of a trade or business) and gains from the disposition of passive assets. For purposes of these rules, interest income earned by CEPT would be considered to be passive income and cash held by CEPT would be considered to be a passive asset. The determination of whether a foreign corporation is a PFIC is made annually. Based upon the composition of its income and assets, CEPT believes that it would likely be considered a PFIC for its current (and its prior) taxable years.

88

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Consequences if CEPT is a PFIC.

If CEPT is determined to be a PFIC for any taxable year (or portion thereof) that is included in the holding period of a U.S. Holder of the Public Shares and, in the case of the Public Shares, such U.S. Holder did not make a timely qualified electing fund election (

QEF Election

) for CEPT's first taxable year as a PFIC in which such U.S. Holder held such Public Shares (or a QEF Election along with a purging election

) or did not make a timely mark-to-market election (a

MTM election

) as discussed below, then as described below, such U.S. Holder generally will be subject to special rules with respect to: (i) any gain recognized by the U.S. Holder on the sale or other disposition of its Public Shares; and (ii) any

excess distribution

made to the U.S. Holder (generally, any distributions to such U.S. Holder during a taxable year of the U.S. Holder that are greater than 125% of the average annual distributions received by such U.S. Holder in respect of the Public Shares during the three preceding taxable years of such U.S. Holder or, if shorter, such U.S. Holder's holding period for the Public Shares).

Under these rules:

" the U.S. Holder's gain or excess distribution would be allocated ratably over the U.S. Holder's holding period for the Public Shares;

" the amount of gain or excess distribution allocated to the U.S. Holder's taxable year in which the U.S. Holder recognized the gain or received the excess distribution, or to the period in the U.S. Holder's holding period before the first day of the first taxable year in which CEPT is a PFIC, would be taxed as ordinary income;

" the amount of gain or excess distribution allocated to other taxable years (or portions thereof) of the U.S. Holder and included in its holding period would be taxed at the highest tax rate in effect for that year and applicable to the U.S. Holder; and

" an additional tax equal to the interest charge generally applicable to underpayments of tax would be imposed on the U.S. Holder in respect of the tax attributable to each such other taxable year of such U.S. Holder.

Any

all earnings and profits amount

included in income by a U.S. Holder as a result of the CEPT Merger (discussed under the heading

Effects of Section 367 on U.S. Holders

below) would generally be treated as gain subject to these rules.

Effects of PFIC Rules on the CEPT Merger

Even if the CEPT Merger qualifies as a reorganization for U.S. federal income tax purposes under Section 368(a) of the Code, Section 1291(f) of the Code requires that, to the extent provided in Treasury Regulations, a United States person that disposes of stock of a PFIC must recognize gain notwithstanding any other provision of the Code. No final Treasury Regulations are currently in effect under Section 1291(f) of the Code. Proposed Treasury Regulations under Section 1291(f) of the Code were promulgated in 1992, with a retroactive effective date once they become finalized. If finalized in their present form, those proposed Treasury Regulations may require taxable gain recognition by a U.S. Holder with respect to its exchange of Public Shares for shares of PubCo Common Stock in the CEPT Merger to the extent their Public Shares have a fair market value in excess of their tax basis if (i) CEPT were classified as a PFIC at any time during such U.S. Holder's holding period in such Public Shares and (ii) the U.S. Holder had not timely made (a) a QEF Election (as defined below) for the first taxable year in which the U.S. Holder owned such Public Shares or in which CEPT was a PFIC, whichever is later (or a QEF Election along with a purging election), or (b) an MTM election (as defined below) with respect to such Public Shares.

Any such gain would generally be treated as an

excess distribution

made in the year of the CEPT Merger and subject to the special tax and interest charge rules discussed above.

It is difficult to predict whether, in what form, and with what effective date, final Treasury Regulations under Section 1291(f) of the Code may be adopted and how any such Treasury Regulations would apply. Therefore, U.S. Holders that have not made a timely QEF Election (or a QEF Election along with a purging election) or a MTM election (each as described below) may, pursuant to the proposed Treasury Regulations, be subject to taxation under the PFIC rules on the CEPT Merger with respect to their Public Shares in the manner set forth above.

89

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Any gain recognized by a U.S. Holder of Public Shares as a result of the CEPT Merger pursuant to the PFIC rules would be taxable income to such U.S. Holder, taxed under the PFIC rules in the manner set forth above, with no corresponding receipt of cash.

ALL U.S. HOLDERS ARE URGED TO CONSULT WITH THEIR TAX ADVISORS REGARDING THE POTENTIAL EFFECTS OF THE PFIC RULES ON THE CEPT MERGER, INCLUDING THE IMPACT OF ANY PROPOSED OR FINAL TREASURY REGULATIONS.

QEF Election and Mark-to-Market Election

The impact of the PFIC rules on a U.S. Holder of Public Shares if CEPT is classified as a PFIC will depend on whether the U.S. Holder has made a timely and effective election to treat CEPT as a

qualified electing fund

under Section 1295 of the Code for the taxable year that is the first year in the U.S. Holder's holding period of such Public Shares during which CEPT qualified as a PFIC or, if in a later taxable year, the U.S. Holder made a QEF Election along with a purging election. One type of purging election creates a deemed sale of the U.S. Holder's Public Shares at their fair market value at the beginning of the year for which the election is made and requires the U.S. Holder to recognize gain pursuant to the purging election subject to the special PFIC tax and interest charge rules described above. As a result of any such purging election, the U.S. Holder would have a new basis and holding period in its Public Shares. U.S. Holders are urged to consult with their tax advisors as to the application of the rules governing purging elections to their particular circumstances (including a potential separate

deemed dividend

purging election).

A U.S. Holder that makes a QEF Election is required to include in income on an annual basis its share of the PFIC's net capital gain and ordinary earnings, if any, whether or not such amounts are actually distributed. A U.S. Holder's ability to make a QEF Election (or a QEF Election along with a purging election) with respect to CEPT is contingent upon, among other things, the provision by CEPT or PubCo (as successor to CEPT) of a

PFIC Annual Information Statement

to such U.S. Holder. As part of the Business Combination Agreement, PubCo agreed to use reasonable best efforts to provide such information and intends to do so.

The impact of the PFIC rules on a U.S. Holder of Public Shares may also depend on whether the U.S. Holder has made an election under Section 1296 of the Code. U.S.

Holders who hold (actually or constructively) stock of a foreign corporation that is classified as a PFIC may annually elect to mark such stock to its market value if such stock is

marketable stock,

generally, stock that is regularly traded on a national securities exchange that is registered with the SEC, including the Nasdaq, or on a foreign exchange or market that the IRS determines has rules sufficient to ensure that the market price represents a legitimate and sound fair market value (such election, a

MTM election

). No assurance can be given that the Public Shares are considered to be marketable stock for purposes of the MTM election or whether the other requirements of this election are satisfied. If an MTM Election is available and has been made, such U.S. Holders will generally not be subject to the special taxation rules of Section 1291 of the Code discussed above. Instead, in general, such U.S. Holder will include as ordinary income each year the excess, if any, of the fair market value of its Public Shares at the end of its taxable year over its adjusted tax basis in its Public Shares. The U.S. Holder also will recognize an ordinary loss in respect of the excess, if any, of its adjusted tax basis in its Public Shares over the fair market value of its Public Shares at the end of its taxable year (but only to the extent of the net amount of previously included income as a result of the MTM election). The U.S. Holder's basis in its Public Shares will be adjusted to reflect any such income or loss amounts, and any further gain recognized on a sale or other taxable disposition of its Public Shares will be treated as ordinary income. However, if the MTM election is not made by the U.S. Holder for the first taxable year of its holding period for the Public Shares, then the Section 1291 rules will apply to certain dispositions of, distributions on and other amounts taxable with respect to Public Shares, including in connection with the CEPT Merger.

THE RULES ADDRESSING PFICs ARE VERY COMPLEX AND ARE IMPACTED BY VARIOUS FACTORS IN ADDITION TO THOSE DESCRIBED ABOVE. ALL U.S. HOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS REGARDING THE CONSEQUENCES TO THEM OF THE PFIC RULES, INCLUDING, WITHOUT LIMITATION, WHETHER A QEF ELECTION (OR A QEF ELECTION ALONG WITH A PURGING ELECTION), A MTM ELECTION OR ANY OTHER ELECTION IS AVAILABLE AND THE CONSEQUENCES TO THEM OF ANY SUCH ELECTION, AND THE IMPACT OF ANY PROPOSED OR FINAL PFIC TREASURY REGULATIONS.

Effects of Section 367 to U.S. Holders

Section 367 of the Code applies to certain non-recognition transactions involving foreign corporations, including an in-bound F Reorganization, such as the CEPT Merger. When it applies, Section 367 of the Code imposes income tax on certain United States persons in connection with transactions that would otherwise be tax-free. Section 367(b) of the Code will generally apply to U.S. Holders on the date of the CEPT Merger.

A. U.S. Holders Who Own 10% or More of the Voting Power or Value of CEPT

A U.S. Holder who, on the date of the CEPT Merger, beneficially owns (directly, indirectly or constructively) 10% or more of the total combined voting power of all classes of CEPT stock entitled to vote or 10% or more of the total value of all classes of CEPT stock (a

10% U.S. Shareholder

) must include in income as a dividend the

all earnings and profits amount

(as defined in Treasury Regulations Section 1.367(b)-2(d)) attributable to the Public Shares it directly owns. Complex attribution rules apply in determining whether

a U.S. Holder owns 10% or more of the total combined voting power or value of CEPT and all U.S. Holders are urged to consult their tax advisors with respect to these attribution rules.

A 10% U.S. Shareholder's all earnings and profits amount with respect to its Public Shares is the net positive earnings and profits of CEPT attributable to its Public Shares (as determined under Treasury Regulations Section 1.367(b)-2) but without regard to any gain that would be realized on a sale or exchange of such Public Shares. However, any such 10% U.S. Shareholder that is a corporation may, under certain circumstances, effectively be exempt from taxation on a portion or all of the deemed dividend pursuant to Section 245A of the Code.

Treasury Regulations under Section 367 of the Code provide that all earnings and profits amount attributable to a shareholder's stock is determined according to the principles of Section 1248 of the Code. In general, Section 1248 of the Code and the Treasury Regulations thereunder provide that the amount of earnings and profits attributable to a block of stock (as defined in Treasury Regulations under Section 1248 of the Code) in a foreign corporation is the ratably allocated portion of the foreign corporation's earnings and profits generated during the period in which the shareholder held the block of stock.

CEPT does not expect to have significant, if any, cumulative net earnings and profits on the date of the CEPT Merger. If CEPT's cumulative net earnings and profits through the date of the CEPT Merger is less than or equal to zero, then a 10% U.S. Shareholder should not be required to include in gross income the all earnings and profits amount with respect to its Public Shares. If CEPT's cumulative net earnings and profits are greater than zero, then a 10% U.S. Shareholder would be required to include all of its earnings and profits amount in income as a deemed dividend under Treasury Regulations under Section 367 of the Code as a result of the CEPT Merger.

B. U.S. Holders Whose Public Shares Have a Fair Market Value of \$50,000 or More But Who Are Not 10% U.S. Shareholders

Subject to the PFIC discussion above, a U.S. Holder who, on the date of the CEPT Merger, beneficially owns (directly, indirectly or constructively) Public Shares with a fair market value of \$50,000 or more but is not a 10% U.S. Holder will recognize gain (but not loss) with respect to the CEPT Merger unless such U.S. Holder elects to recognize the all earnings and profits amount attributable to such holder as described below.

Such holder generally must recognize gain (but not loss) with respect to the shares of PubCo Common Stock received in the CEPT Merger in an amount equal to the excess of the fair market value of the shares of PubCo Common Stock received over the U.S. Holder's adjusted tax basis in the Public Shares deemed surrendered in the CEPT Merger.

As an alternative to recognizing any gain as described in the preceding paragraph, such a U.S. Holder may elect to include in income as a deemed dividend the all earnings and profits amount attributable to its Public Shares under Section 367(b) of the Code. There are, however, strict conditions for making this election. This election must comply with applicable Treasury Regulations and generally must include, among other things:

- i. a statement that the CEPT Merger is a Section 367(b) exchange;
- ii. a complete description of the CEPT Merger;

91
["https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"](https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001)

- iii. a description of any stock, securities or other consideration transferred or received in the CEPT Merger;
- iv. a statement describing the amounts required to be taken into account for U.S. federal income tax purposes;
- v. a statement that the U.S. Holder is making the election and that includes (A) a copy of the information that the U.S. Holder received from CEPT establishing and substantiating the all earnings and profits amount with respect to the U.S. Holder's Public Shares, and (B) a representation that the U.S. Holder has notified CEPT that the U.S. Holder is making the election; and
- vi. certain other information required to be furnished with the U.S. Holder's tax return or otherwise furnished pursuant to the Code or the Treasury Regulations thereunder; provided that if CEPT has never had earnings and profits, a U.S. Holder may, in lieu of the information described in clauses (iv) through (vi) above, provide a statement from PubCo that CEPT never had any earnings and profits.

In addition, the election must be attached by an electing U.S. Holder to such holder's timely filed U.S. federal income tax return for the taxable year in which the CEPT Merger occurs, and the U.S. Holder must send notice of making the election to CEPT no later than the date such tax return is filed. In connection with this election, CEPT may in its discretion provide each U.S. Holder eligible to make such an election with information regarding CEPT's earnings and profits upon request. CEPT does not expect to have significant, if any, cumulative earnings and profits through the date of the CEPT Merger and if that proves to be the case, U.S. Holders who make this election are not expected to have a significant income inclusion under Section 367(b) of the Code, provided that the U.S. Holder properly executes the election and complies with the applicable notice requirements. However, as noted above, if it were determined that CEPT had positive earnings and profits through the date of the CEPT Merger, a U.S. Holder that makes the election described herein could have an all earnings and profits amount with respect to its Public Shares, and thus could be required to include that amount in income as a deemed dividend under applicable Treasury Regulations as a result of the CEPT Merger.

U.S. HOLDERS ARE STRONGLY URGED TO CONSULT A TAX ADVISOR REGARDING THE CONSEQUENCES OF MAKING AN ELECTION AND THE APPROPRIATE FILING REQUIREMENTS WITH RESPECT TO AN ELECTION.

C. U.S. Holders that Own Public Shares with a Fair Market Value of Less Than \$50,000

Subject to the PFIC Considerations discussion above, a U.S. Holder who, on the date of the CEPT Merger, beneficially owns (actually or constructively) Public Shares with a fair market value less than \$50,000 should not be required to recognize any gain or loss under Section 367 of the Code in connection with the CEPT Merger, and generally should not be required to include any part of the all earnings and profits amount in income. All U.S. Holders are urged to consult their tax advisors with respect to the effect of Section 367 of the Code to their particular circumstances.

Tax Consequences to U.S. Holders That Elect to Have Their Public Shares Redeemed for Cash

The U.S. federal income tax treatment to a U.S. Holder of Public Shares that exercises its redemption rights to receive cash from the Trust Account in exchange for all or a portion of its Public Shares will depend on whether the redemption qualifies as a sale of Public Shares under Section 302 of the Code or is treated as a distribution under Section 301 of the Code. Subject to the

PFIC Considerations

discussion above, if the redemption qualifies as a sale of such U.S. Holder's shares of Public Shares, such U.S. Holder will generally recognize capital gain or capital loss equal to the difference, if any, between the amount of cash received and such U.S. Holder's tax basis in Public Shares redeemed. Whether a redemption qualifies for sale treatment will depend largely on the total number of shares of Public Shares treated as held by the U.S. Holder (including any shares constructively owned by the U.S. Holder described in the following paragraph) relative to all of CEPT's shares issued and outstanding both before and after such redemption. A redemption of Public Shares generally will be treated as a sale of the Public Shares (rather than as

92

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

a corporate distribution) if such redemption (i) is substantially disproportionate

with respect to the U.S. Holder, (ii) results in a complete termination

of the U.S. Holder's interest in CEPT or (iii) is not essentially equivalent to a dividend

with respect to the U.S. Holder. These tests are explained more fully below.

In determining whether any of the foregoing tests are satisfied, a U.S. Holder takes into account not only Public Shares actually owned by the U.S. Holder, but also shares of Public Shares that are constructively owned by such U.S. Holder. A U.S. Holder may constructively own, in addition to shares owned directly, shares owned by certain related individuals and entities in which the U.S. Holder has an interest or that have an interest in such U.S. Holder, as well as any shares the U.S. Holder has a right to acquire by exercise of an option.

In order for a redemption to meet the substantially disproportionate test, the percentage of CEPT's issued and outstanding voting shares actually and constructively owned by the U.S. Holder immediately following the redemption of Public Shares must, among other requirements, be less than 80% of the percentage of CEPT's issued and outstanding voting shares actually and constructively owned by the U.S. Holder immediately before the redemption. Prior to the Business Combination, the Public Shares may not be treated as voting shares for this purpose and, consequently, this substantially disproportionate test may not be applicable. There will be a complete termination of a U.S. Holder's interest if either (i) all of the Public Shares actually and constructively owned by the U.S. Holder are redeemed or (ii) all of such shares actually owned by the U.S. Holder are redeemed and the U.S. Holder is eligible to waive, and effectively waives in accordance with specific rules, the attribution of shares owned by certain family members and the U.S. Holder does not constructively own any other Public Shares. The redemption of the Public Shares will not be essentially equivalent to a dividend if such redemption results in a

meaningful reduction

of the U.S. Holder's proportionate interest in CEPT. Whether the redemption will result in a meaningful reduction in a U.S. Holder's proportionate interest in CEPT will depend on the particular facts and circumstances. However, the IRS has indicated in a published ruling that even a small reduction in the proportionate interest of a small minority shareholder in a publicly held corporation that exercises no control over corporate affairs may constitute such a

meaningful reduction.

A U.S. Holder should consult with its own tax advisors as to the tax consequences of a redemption of any Public Shares.

If none of the foregoing tests are satisfied, then the redemption of any Public Shares will be treated as a corporate distribution. Such distribution will generally be treated as a dividend for U.S. federal income tax purposes to the extent the distribution is paid out of CEPT's current or accumulated earnings and profits (as determined under U.S. federal income tax principles). Distributions in excess of any such earnings and profits will generally be applied against and reduce the U.S. Holder's basis in its other Public Shares (but not below zero) and, to the extent in excess of such basis, will be treated as capital gain from the sale or exchange of such redeemed shares. After the application of those rules, any remaining tax basis of the U.S. Holder in Public Shares redeemed will generally be added to the U.S. Holder's adjusted tax basis in its remaining Public Shares, or if it has none, possibly to such U.S. Holder's adjusted tax basis in other shares constructively owned by it.

Because the redemption of U.S. Holders that exercise redemption rights will occur prior to the CEPT Merger, U.S. Holders exercising redemption rights should not be subject to the potential tax consequences of Section 367(b) of the Code as a result of the CEPT Merger, but will be subject to the potential tax consequences of CEPT likely being treated as a PFIC.

U.S. Holders who actually or constructively own five percent or more of shares of CEPT (by vote or value) may be subject to special reporting requirements with respect to a redemption of Public Shares, and such holders are urged to consult with their own tax advisors with respect to their reporting requirements.

ALL U.S. HOLDERS ARE URGED TO CONSULT WITH THEIR TAX ADVISORS AS TO THE TAX CONSEQUENCES TO THEM OF A REDEMPTION OF ALL OR A PORTION OF THEIR PUBLIC SHARES PURSUANT TO AN EXERCISE OF REDEMPTION RIGHTS.

Non-U.S. Holders

Tax Consequences of the CEPT Merger to Non-U.S. Holders

The CEPT Merger should not result in any U.S. federal income tax consequences to Non-U.S. Holders.

Tax Consequences for Non-U.S. Holders of Owning and Disposing of Shares of PubCo Common Stock

Distributions on Shares of PubCo Common Stock

Distributions of cash or property to a Non-U.S. Holder in respect of shares of PubCo Common Stock received in the CEPT Merger will constitute dividends for U.S.

federal income tax purposes to the extent paid from PubCo's current or accumulated earnings and profits, as determined under U.S. federal income tax principles. If

a distribution exceeds PubCo's current and accumulated earnings and profits, the excess will be treated first as a tax-free return of capital to the extent of the Non-U.S. Holder's adjusted tax basis in shares of PubCo Common Stock. Any remaining excess will be treated as capital gain and will be treated as described below under

Gain on Disposition of Shares of PubCo Common Stock.

Generally, dividends paid to a Non-U.S. Holder will be subject to withholding of U.S. federal income tax at a 30% rate, unless such Non-U.S. Holder is eligible for a reduced rate of withholding tax under an applicable income tax treaty and provides proper certification of its eligibility for such reduced rate (usually on an IRS Form W-8BEN or W-8BEN-E, as applicable). However, dividends that are effectively connected with the conduct of a trade or business by the Non-U.S. Holder within the United States (and, if required by an applicable income tax treaty, are attributable to a U.S. permanent establishment of the Non-U.S. Holder) are generally not subject to such withholding tax, provided certain certification and disclosure requirements are satisfied (usually by providing an IRS Form W-8ECI). Instead, such dividends are subject to United States federal income tax on a net income basis in the same manner as if the Non-U.S. Holder were a United States person as defined under the Code. Any such effectively connected dividends received by a foreign corporation may be subject to an additional

branch profits tax

at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

Gain on Disposition of Shares of PubCo Common Stock

Any gain realized by a Non-U.S. Holder on the taxable sale or disposition of shares of PubCo Common Stock will generally not be subject to U.S. federal income tax unless:

" the gain is effectively connected with a trade or business of the Non-U.S. Holder in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment of the Non-U.S. Holder);

" the Non-U.S. Holder is an individual who is present in the United States for a period or periods aggregating 183 days or more in the taxable year of the disposition, and certain other conditions are met; or

" PubCo is or has been a

United States real property holding corporation

for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of disposition or the Non-U.S. Holder's holding period for such securities disposed of, and, generally, in the case where shares of PubCo Common Stock are regularly traded on an established securities market, the Non-U.S. Holder has owned, or is deemed to have owned, more than 5% of such shares, as applicable, at any time during the shorter of the five-year period ending on the date of disposition or the Non-U.S. Holder's holding period for the shares disposed of. There can be no assurance that shares of PubCo Common Stock will be treated as regularly traded on an established securities market for this purpose.

An individual Non-U.S. Holder described in the first bullet point immediately above will be subject to tax on the net gain derived from the sale under regular graduated U.S. federal income tax rates. An individual Non-U.S. Holder described in the second bullet point immediately above will be subject to a flat 30% tax (or such lower rate as may be specified by an applicable income tax treaty) on the gain derived from the sale, which may be offset by United States source capital losses, even though the individual is not considered a resident of the United States, provided that the individual has timely filed a U.S. federal income tax return with respect to such losses. If a Non-U.S. Holder that is a foreign corporation falls under the first bullet point immediately above, it will be subject to tax on its net gain in the same manner as if it were a United States person as defined under the Code and, in addition, may be subject to the branch profits tax equal to 30% (or such lower rate as may be specified by an applicable income tax treaty) of its effectively connected earnings and profits, subject to adjustments.

PubCo does not believe it is and does not anticipate becoming a

United States real property holding corporation

for U.S. federal income tax purposes. However, the determination as to whether PubCo is or will become a

United States real property holding corporation

will not be made until a future tax year, and there can be no assurance that PubCo will not become such a corporation in the future. If the third bullet point above applies to a Non-U.S. Holder, gain recognized by such Non-U.S. holder on the sale, exchange or other disposition of PubCo Common Stock will be subject to tax at generally applicable U.S. federal income tax rates.

Information Reporting Requirements and Backup Withholding

Information returns will be filed with the IRS in connection with payments of dividends on and the proceeds from a sale or other disposition of PubCo Common Stock. A

Non-U.S. Holder may have to comply with certification procedures to establish that it is not a United States person for U.S. federal income tax purposes or otherwise establish an exemption in order to avoid information reporting and backup withholding requirements or to claim a reduced rate of withholding under an applicable income tax treaty. The amount of any backup withholding from a payment to a Non-U.S. Holder will generally be allowed as a credit against such Non-U.S. Holder's U.S. federal income tax liability and may entitle such Non-U.S. Holder to a refund, provided that the required information is furnished by such Non-U.S. Holder to the IRS in a timely manner.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the Code and the Treasury Regulations and administrative guidance promulgated thereunder (commonly referred as the

Foreign Account Tax Compliance Act

or

FATCA

) generally impose withholding at a rate of 30% in certain circumstances on dividends in respect of securities (including shares of PubCo Common Stock) which are held by or through certain foreign financial institutions (including investment funds), unless any such institution (i) enters into, and complies with, an agreement with the IRS to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution that are owned by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments, or (ii) if required under an

intergovernmental agreement between the United States and an applicable foreign country, reports such information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the United States and an applicable foreign country may modify these requirements. Accordingly, the entity through which shares of PubCo Common Stock are held will affect the determination of whether such withholding is required. Similarly, dividends in respect of shares of PubCo Common Stock held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exceptions will generally be subject to withholding at a rate of 30%, unless such entity either (i) certifies to the applicable withholding agent that such entity does not have any

substantial United States owners

or (ii) provides certain information regarding the entity's

substantial United States owners

, which will in turn be provided to the U.S. Department of Treasury. All holders should consult their tax advisors regarding the possible implications of FATCA on their ownership of shares of PubCo Common Stock.

THE BUSINESS COMBINATION

On October 27, 2025, CEPT, PubCo, Securitize, SPAC Merger Sub and Company Merger Sub entered into the Business Combination Agreement pursuant to which they agreed to effect the Business Combination on the terms set forth therein and as is described in this proxy statement/prospectus. CEPT Shareholders are being asked to vote to approve the Business Combination Agreement and the Business Combination. The Business Combination Agreement provides that, among other things: (i) CEPT will merge with and into SPAC Merger Sub, with SPAC Merger Sub continuing as the surviving entity in the CEPT Merger, and with (a) CEPT Shareholders holding CEPT Class B Ordinary Shares receiving one CEPT Class A Ordinary Share for each CEPT Class B Ordinary Share held by such CEPT Shareholder immediately prior to the CEPT Merger (other than the Surrendered CEPT Shares), and (b) immediately thereafter, with CEPT Shareholders holding CEPT Class A Ordinary Shares receiving one share of PubCo Common Stock for each CEPT Class A Ordinary Share held by such CEPT Shareholder at the time of the CEPT Merger (other than any Public Shares for which a Public Shareholder has made a valid redemption request in accordance with the CEPT Memorandum and Articles and the CEPT IPO Prospectus), and (ii) at least two (2) hours after the CEPT Merger, Company Merger Sub will merge with and into Securitize, with Securitize continuing as the surviving entity in the Securitize Merger, and with Securitize Stockholders receiving shares of PubCo Common Stock in exchange for their Securitize Shares. To effect the Mergers and other transactions contemplated by the Business Combination Agreement, prior to Closing, CEPT incorporated Company Merger Sub on October 23, 2025 and Securitize incorporated SPAC Merger Sub on October 22, 2025, in each case solely for the purpose of effectuating the Business Combination and the Mergers.

Immediately following completion of the Mergers and the other transactions contemplated by the Business Combination Agreement, SPAC Merger Sub and Securitize will become wholly owned subsidiaries of PubCo and PubCo will become a publicly traded company, all upon the terms and subject to the conditions set forth in the Business Combination Agreement and in accordance with applicable law.

Contemporaneously with the execution of the Business Combination Agreement, on October 27, 2025, PubCo, CEPT and Securitize entered into the PIPE Subscription Agreements with the PIPE Investors, pursuant to which the PIPE Investors agreed to purchase, in a private placement immediately prior to the CEPT Merger, 22,500,000 PIPE Shares at a purchase price of \$10.00 per share payable in cash, for an aggregate purchase price of \$225 million. The PIPE Investors are permitted under the PIPE Subscription Agreements to satisfy their commitments thereunder through the purchase of CEPT Class A Ordinary Shares on the public market, subject to certain restrictions set forth therein.

Contemporaneously with the execution of the Business Combination Agreement, on October 27, 2025, CEPT, PubCo, Securitize and certain Securitize Stockholders entered into the Shareholder Support Agreement, pursuant to which, among other things, the Securitize Stockholders agreed to take certain actions, and refrain from taking certain actions, as further described below.

Contemporaneously with the execution of the Business Combination Agreement, on October 27, 2025, CEPT, PubCo and the Sponsor entered into the Sponsor Support Agreement, pursuant to which, among other matter described below, the Sponsor agreed to surrender the Surrendered CEPT Shares immediately prior to the closing of the CEPT Merger, for no consideration, and to subject the Sponsor Earnout Shares to vesting and potential forfeiture (and related transfer restrictions) after the Closing based on an earnout during the Earnout Period, as described below.

Contemporaneously with the Closing, CEPT, PubCo, the Sponsor, and certain Securitize Stockholders will enter into the Amended and Restated Registration Rights Agreement, pursuant to which PubCo will (i) assume the registration obligations of CEPT under such registration rights agreement, with such rights applying to the shares of PubCo Common Stock and (ii) provide registration rights with respect to the resale of shares of PubCo Common Stock held by the Sponsor and the Securitize Stockholders party thereto.

Contemporaneously with the Closing, the Securitize Stockholders will enter into the Lock-Up Agreements with PubCo, pursuant to which the Securitize Stockholders will agree that the Restricted Securities will be locked-up and subject to transfer restrictions subject to certain exceptions, as further described below. Upon the completion of the Business Combination and the consummation of the PIPE Investment, and assuming, among other things, that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination, that all PIPE Investors fund their commitments in their PIPE Subscription Agreements in cash, and that the Sponsor Loan, the Sponsor Note, and any other amounts owing from CEPT to the Sponsor are repaid

96

The price per share of PubCo Common Stock is \$10.00 per share for (i) Public Shareholders, (ii) the PIPE Investors, (iii) the Sponsor and its Affiliates, (iv) the directors and officers of CEPT, and (v) the Securitize Stockholders.

The aggregate value of the total consideration that the Sponsor and its Affiliates will receive at the Closing, comprising shares of PubCo Common Stock valued at \$10.00 per share (in exchange for the CEPT Ordinary Shares currently held by the Sponsor), cash fees to be paid to CF&Co., an affiliate of the Sponsor, as further described herein and the repayment of amounts owing to the Sponsor is approximately \$99.0 million, assuming that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination, all Sponsor Earnout Shares are earned and not forfeited, the Sponsor Loan is fully

drawn (for a maximum amount of \$1,750,000) but no other amounts are owing from CEPT to the Sponsor, and that all PIPE Investors fund (or are deemed to have funded) their commitments in their PIPE Subscription Agreements.

The aggregate value of the total consideration that Securitize Common Stockholders will receive at the Closing, comprising shares of PubCo Common Stock valued at \$10.00 per share (in exchange for the Securitize Class A Common Stock to be held by Securitize Stockholders immediately prior to the consummation of the Securitize Merger), is approximately \$444,000,000. The aggregate value of the total consideration that Public Shareholders will receive at the Closing, comprising shares of PubCo Common Stock valued at \$10.00 per share and assuming no redemptions, is approximately \$240,000,000.

The Business Combination Agreement

The following is a summary of the material terms of the Business Combination Agreement. A copy of the Business Combination Agreement is attached as Annex A to this proxy statement/prospectus and is incorporated by reference into this proxy statement/prospectus. The Business Combination Agreement has been attached to this proxy statement/prospectus to provide you with information regarding its terms. It is not intended to provide any other factual information about CEPT, PubCo or Securitize. The following description does not purport to be complete and is qualified in its entirety by reference to the Business Combination Agreement. You should refer to the full text of the Business Combination Agreement for details of the Business Combination and the terms and conditions of the Business Combination Agreement. Any defined terms used in this summary but not defined in this summary or in the section entitled

Certain Defined Terms

will have the meanings set forth in the Business Combination Agreement.

The Business Combination Agreement contains representations and warranties that CEPT, PubCo and Securitize have made to one another (and to SPAC Merger Sub and Company Merger Sub (who, with CEPT, PubCo and Securitize, are sometimes referred to individually as a

Party

and, collectively, as the

Parties

)) as of specific dates. These representations and warranties have been made for the benefit of the other Parties to the Business Combination Agreement and may be intended not as statements of fact but rather as a way of allocating the risk to one of the Parties if those statements prove to be incorrect. In addition, the assertions embodied in the representations and warranties are qualified by information in confidential disclosure schedules exchanged by the Parties in connection with signing the Business Combination Agreement. While CEPT, PubCo and Securitize do not believe that these disclosure schedules contain information required to be publicly disclosed under the applicable securities laws, other than information that has already been so disclosed (including in this proxy statement/prospectus), the disclosure schedules do contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the attached Business Combination Agreement. Accordingly, you should not rely on the representations and warranties as current characterizations of factual information about CEPT, PubCo or Securitize (or about any other persons in respect of whom CEPT, PubCo or Securitize provide representations and warranties in the Business Combination Agreement (such as the Securitize Entities (as defined below) other than Securitize)), because they were made as of specific dates, may be intended merely as a risk allocation mechanism among the Parties to the Business Combination Agreement and are modified by the disclosure schedules.

General; Structure of the Business Combination; Closings

CEPT Merger

At the time on the date of Closing when the CEPT Plan of Merger is registered by the Registrar of Companies of the Cayman Islands in accordance with the Cayman Companies Act (or such other time as specified in the CEPT Plan of Merger) (such time, the

CEPT Merger Effective Time

), CEPT and SPAC Merger Sub will consummate the CEPT Merger whereby CEPT will merge with and into SPAC Merger Sub, the separate corporate existence of CEPT will cease and SPAC Merger Sub (hereinafter sometimes referred to in this proxy statement/prospectus as the

CEPT Surviving Subsidiary

) will continue as the surviving company of the CEPT Merger and will become a wholly owned subsidiary of PubCo.

Conversion/Exchange of Securities

At the CEPT Merger Effective Time, by virtue of the CEPT Merger and without any action on the part of any Party to the Business Combination Agreement:

" first, immediately prior to the CEPT Merger Effective Time, each then-issued and outstanding CEPT Class B Ordinary Share (other than the Surrendered CEPT Shares and treasury shares) will automatically convert into one (1) CEPT Class A Ordinary Share in accordance with the CEPT Memorandum and Articles and the Sponsor Support Agreement;

" second, each issued and outstanding CEPT Class A Ordinary Share (other than (x) treasury shares, (y) Public Shares in respect of which Public Shareholders have validly exercised their rights of redemption in accordance with the CEPT Memorandum and Articles and the CEPT IPO Prospectus and (z) CEPT Dissenting Shares) will no longer be outstanding and will automatically be cancelled, in exchange for the right of the holder thereof to receive one (1) share of PubCo Common Stock; and

" each ordinary share of SPAC Merger Sub issued and outstanding will continue existing and being held by PubCo and will constitute the only issued and outstanding shares in the capital of CEPT Surviving Subsidiary.

At, or immediately prior to, the CEPT Merger Effective Time, each issued and outstanding Public Share in respect of which the holder thereof has validly exercised redemption rights pursuant to and in accordance with the CEPT Memorandum and Articles and the CEPT IPO Prospectus (and not waived, withdrawn or otherwise lost such rights) will be cancelled and shall cease to exist, and those CEPT Shareholders will only have the right to receive a pro rata share of the redemption amount payable in accordance with the CEPT Memorandum and Articles.

To the extent there are CEPT Shareholders who have properly exercised dissenters' rights for their CEPT Class A Ordinary Shares in accordance with the Cayman Act,

such CEPT Dissenting Shares will be automatically cancelled and cease to exist and holders of CEPT Dissenting Shares will only have the right to be paid by CEPT the fair value of such CEPT Dissenting Shares and other rights provided under applicable law. Pursuant to the Sponsor Support Agreement, the Sponsor waived and agreed not to exercise or assert any dissenters' rights under the Cayman Act in connection with the CEPT Merger and the Business Combination Agreement.

If there are any CEPT Ordinary Shares that are owned by CEPT as treasury shares immediately prior to the CEPT Merger Effective Time, such treasury shares will be automatically cancelled and will cease to exist without any conversion or payment.

Distribution of Ownership Interests in Company Merger Sub

Following completion of the CEPT Merger but prior to the Securitize Merger, CEPT Surviving Subsidiary will distribute one hundred percent (100%) of its ownership interests in Company Merger Sub (representing all of the ownership interests in Company Merger Sub outstanding at such time) to PubCo (the Company Merger Sub Distribution).

As a result of the Company Merger Sub Distribution, Company Merger Sub will be a direct wholly owned subsidiary of PubCo before the Securitize Merger occurs.

Following the completion of the CEPT Merger and the Company Merger Sub Distribution, and at least two (2) hours after the CEPT Merger Effective Time, at the time on the date of Closing when the Certificate of Merger has been duly accepted for filing by the Delaware Secretary of State in accordance with the DGCL, or such other time as specified in the Certificate of Merger that is at least two (2) hours after the completion of the CEPT Merger (such time, the Securitize Merger Effective Time and together with the CEPT Merger Effective Time, the Effective Time

), Securitize and Company Merger Sub will effect the Securitize Merger whereby Company Merger Sub will merge with and into Securitize, with Securitize continuing as the surviving corporation and a direct wholly owned subsidiary of PubCo.

Immediately prior to the Securitize Merger Effective Time, pursuant to the organizational documents of Securitize and the Securitize Written Consent, each share of Securitize Preferred Stock that is issued and outstanding as of such time will be automatically converted into one share of Securitize Common Stock (the Preferred Stock Conversion).

- " holders of unvested Securitize Options immediately prior to the Closing will not receive any Securitize Earnout Shares in respect of any Securitize Options to the extent that the corresponding Assumed Options have been forfeited by their terms prior to the issuance of the relevant Securitize Earnout Shares, and any Securitize Earnout Shares that are not issued as a result of such forfeiture will be issued to the other Securitize Earnout Stockholders on a pro-rata basis;

Issuance of Securitize Earnout Shares

During the period starting on the ninetieth (90th) day after Closing and ending on the fifth (5th) anniversary of the Closing Date (the

Measurement Period

), the Securitize Earnout Stockholders will have the right to receive, and PubCo will issue, their respective Stockholder Earnout Portion of the applicable Securitize Earnout Shares (subject to equitable adjustments for stock splits, stock dividends, combinations, recapitalizations and similar transactions occurring after Closing, including to account for any equity securities into which Securitize Earnout Shares are exchanged or converted during such time) if one or more of the following thresholds is satisfied during the Measurement Period (each, an

Issuance Threshold

):

- " One-third (1/3) of the Securitize Earnout Shares will be issued if the VWAP of a share of PubCo Common Stock, as reported on NYSE or such other national stock exchange on which the PubCo Common Stock is listed for trading, equals or exceeds fifteen dollars (\$15.00) for any twenty (20) trading days within a thirty (30) trading day period during the Measurement Period;
- " One-third (1/3) of the Securitize Earnout Shares will be issued if the VWAP equals or exceeds twenty dollars (\$20.00) for any twenty (20) trading days within a thirty (30) trading day period during the Measurement Period; and
- " One-third (1/3) of the Securitize Earnout Shares will be issued if the VWAP equals or exceeds twenty-five dollars (\$25.00) for any twenty (20) trading days within a thirty (30) trading day period during the Measurement Period.

In addition, the Securitize Earnout Shares are subject to early issuance if, and only if, prior to the expiration of the Measurement Period and before the Issuance Thresholds are met, PubCo consummates a merger, consolidation, business combination, tender offer, reorganization, recapitalization or other transaction or series of related transactions in which holders of shares of PubCo Common Stock have the right to receive cash or publicly listed securities in exchange for their shares and the Transaction Consideration Value of such cash or securities (on a per-share basis) equals or exceeds one or more of the Issuance Thresholds. In such case, immediately prior to the consummation of such transaction, PubCo will issue to the Securitize Earnout Stockholders the lesser of (a) the number of Securitize Earnout Shares that would have been issued if the value of such cash or publicly listed security consideration had been the VWAP for any twenty (20) trading days within a thirty (30) trading day period during the Measurement Period and (b) the remaining Securitize Earnout Shares that remain unissued as of such date.

To the extent any amount of Securitize Earnout Shares has not been issued on or before the end of the Measurement Period due to failure to satisfy the Issuance Thresholds, the Securitize Earnout Stockholders will have no future rights to receive any such unissued Securitize Earnout Shares.

Registration Statement

Pursuant to the Business Combination Agreement, the Parties agreed (a) as promptly as practicable after the date of the Business Combination Agreement, PubCo, Securitize and CEPT would jointly prepare, and, as promptly as practicable after completion of Securitize's audited financial statements pursuant to and in accordance with the requirements of the Business Combination Agreement (including delivery of Securitize's 2024 financials audited by KPMG LLP and audited in accordance with PCAOB standards), file with the SEC this Registration Statement; (b) that this Registration Statement would include a proxy statement of CEPT for soliciting proxies from CEPT Shareholders to vote on the Proposals at the Meeting and to take all reasonable and necessary actions to satisfy legal requirements in connection with this Registration Statement, the Meeting, and the redemption process for Public Shareholders.

CEPT also agreed that, once this Registration Statement is effective (such date, the

Effective Date

), it would, acting through the CEPT Board or a committee thereof, as soon as practicable after the Effective Date, set a record date and distribute the Registration Statement to CEPT Shareholders and then call and convene the Meeting within 30 days of the Effective Date. CEPT further agreed to use its commercially reasonable efforts to solicit from the CEPT Shareholders proxies or votes in favor of the approval of the CEPT Shareholder Approval Matters.

113

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

In connection with the distribution of the Proxy Statement and the Meeting, CEPT agreed to recommend to the CEPT Shareholders that they vote in favor of (a) the approval of the Business Combination Agreement and the Transactions as a Business Combination, (b) the approval of the Proposals at the Meeting and (c) the adoption and approval of such other matters as Securitize and CEPT mutually determine to be necessary to effect the Transactions (the

CEPT Board Recommendation

). In addition, CEPT agreed that the CEPT Board will not change, withdraw, withhold, qualify or modify its recommendation to the CEPT Shareholders (a

Modification in Recommendation

) unless there is an Intervening Event (an

Intervening Event Change in Recommendation

) and CEPT follows the procedures described below.

Under the Business Combination Agreement, an

Intervening Event

is defined as any material and negative event after the date of the Business Combination Agreement that (i) was not known and was not reasonably foreseeable to the CEPT Board as of the date of the Business Combination Agreement (or the consequences or magnitude of which were not reasonably foreseeable to the CEPT Board as of the date of the Business Combination Agreement), which becomes known to the CEPT Board prior to the Meeting, and (ii) does not relate to and excludes, whether alone or in combination, (A) any Acquisition Proposal (solely with respect to CEPT), (B) the Transactions and/or of the Business Combination Agreement or any Ancillary Document (or any actions taken pursuant to the Business Combination Agreement or any Ancillary Document, including obtaining all consents required to be obtained from any governmental authority or any other person), (C) any change in the price or trading volume of CEPT Class A Ordinary Shares, and (D) any action filed or threatened against CEPT or any member of the CEPT Board arising out of or related to the Transactions by any person (provided that the exceptions in

clauses (C) and (D) will not prevent or otherwise affect a determination that any Event underlying such change or action (or referred to in such action) has resulted in or contributed to an Intervening Event).

The CEPT Board may at any time prior to, but not after, obtaining the Required Shareholder Approval, make an Intervening Event Change in Recommendation if the CEPT Board determines in good faith, based on the advice of its legal counsel, that the failure to take such action would be a breach of the fiduciary duties of the CEPT Board, provided that:

- (i) Securitize has received written notice from CEPT of CEPT's intention to make an Intervening Event Change in Recommendation at least five (5) Business Days prior to the taking of such action by CEPT (the Intervening Event Notice Period
-), which notice will specify the applicable Intervening Event in reasonable detail (including the facts and circumstances providing the basis for the determination by the CEPT Board to effect such Intervening Event Change in Recommendation);
- (ii) during the Intervening Event Notice Period and prior to making an Intervening Event Change in Recommendation, if requested by Securitize, CEPT and its representatives will have negotiated in good faith with Securitize and its representatives regarding any revisions or adjustments proposed by Securitize to the terms and conditions of the Business Combination Agreement as would enable the CEPT Board to proceed with its recommendation of the Business Combination Agreement and the Transactions and not make such Intervening Event Change in Recommendation;
- (iii) CEPT and its representatives shall have provided to Securitize and its representatives all applicable information with respect to such Intervening Event reasonably requested by Securitize to permit Securitize to propose revisions to the terms of the Business Combination Agreement; and
- (iv) if Securitize requested negotiations in accordance with the above, the CEPT Board may make an Intervening Event Change in Recommendation only if the CEPT Board, after considering in good faith any revisions or adjustments to the terms and conditions of the Business Combination Agreement that Securitize has, prior to the expiration of the five (5) Business Day period, offered in writing in a manner that would form a binding contract if accepted by CEPT (and the other applicable parties), continues to determine in good faith, based on the advice of legal counsel, that failure to make an Intervening Event Change in Recommendation would be a breach of its fiduciary duties to the CEPT Shareholders under applicable law.

The Parties agreed that during an Intervening Event Notice Period, the obligations of CEPT and/or the CEPT Board to make filings with the SEC with respect to the proposals contemplated herein, to give notice for or to convene a meeting, or to make a recommendation, will be tolled to the extent reasonably necessary until such time as CEPT has filed an update to this Registration Statement with the SEC (which CEPT will file as promptly as

114
["https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"](https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001)
practicable after the Intervening Event Change in Recommendation), and in the event a filing and/or notice for a meeting was made prior to the Intervening Event Notice Period, CEPT will be permitted to adjourn such meeting and to amend such filing as necessary in order to provide sufficient time for CEPT Shareholders to consider any revised recommendation.

CEPT agreed that, to the fullest extent permitted by applicable law, (i) CEPT's obligations to establish a record date for, duly call, give notice of, convene and hold the Meeting will not be affected by any Modification in Recommendation, (ii) CEPT will establish a record date for, duly call, give notice of, convene and hold the Meeting and submit the CEPT Shareholder Approval Matters for approval by the CEPT Shareholders, and (iii) if the Required Shareholder Approval is not obtained at the Meeting, then CEPT will promptly continue to take all such reasonably necessary actions, and hold additional extraordinary general meetings of CEPT Shareholders, in order to obtain the Required Shareholder Approval.

Post-Closing PubCo Board of Directors and Executive Directors

The Parties agreed to take all necessary actions to ensure that, effective as of the Closing, (i) the PubCo Board consists of individuals designated by Securitize prior to the Closing and (ii) the persons designated by Securitize pursuant to the Business Combination Agreement (and such other persons as may be designated by Securitize) are elected or appointed, as applicable, to such position of officers of PubCo as mutually agreed, to serve in such positions, in each case until successors are duly appointed and qualified in accordance with the PubCo organizational documents and applicable Law.

Indemnification of Directors and Officers and Tail Insurance

Each Party agreed that all rights to exculpation, indemnification and advancement of expenses existing in favor of the current or former directors and officers of CEPT, the Securitize Entities, PubCo, Company Merger Sub or SPAC Merger Sub (the

D&O Indemnified Persons

-) as provided in their respective organizational documents or under any indemnification, employment or other similar agreements between any D&O Indemnified Person and CEPT, the Securitize Entities, PubCo, Company Merger Sub or SPAC Merger Sub, will survive the Closing. For a period of six years after Effective Time, PubCo's, SPAC Merger Sub's and each Securitize Entity's organizational documents will contain provisions no less favorable with respect to exculpation and indemnification of and advancement of expenses to D&O Indemnified Persons than are set forth in such documents as of the date of the Business Combination Agreement. This covenant survives the Closing.

To the extent not covered by the existing directors' and officers' insurance of CEPT or, from and after the Effective Time, the CEPT D&O Tail Insurance, and further only to the extent not covered (or excluded) by the indemnity and exculpatory provisions contained in the CEPT Memorandum, PubCo has agreed to indemnify, defend and hold harmless the current directors of CEPT (and their heirs and legal representatives) to the fullest extent permitted by applicable law, from, against and in respect of any and all losses, liabilities, damages, penalties, amounts paid in settlement, costs and expenses paid, suffered or incurred by, or imposed upon, any such director that arise out of or result from any shareholder action relating to the board's failure to make a Modification in Recommendation in response to an adverse and material event involving CEPT and occurring after the date of the Business Combination Agreement, which becomes known to the CEPT Board after the date of the Business Combination Agreement and prior to the Meeting.

Prior to the Effective Time, CEPT will be permitted to obtain, and PubCo has agreed to fully pay the premium for, a

tail

insurance policy for the benefit of CEPT's directors and officers that provides coverage for up to six (6) years from and after the Effective Time for events occurring prior to the Effective Time (the

CEPT D&O Tail Insurance

), by exercising the right to purchase the six-year

tail

run-off coverage under CEPT's current policy, or on terms substantially equivalent to and in any event not less favorable in the aggregate than CEPT's existing coverage (or, if substantially equivalent insurance coverage is unavailable, the best available coverage; provided that in no event will PubCo be required to pay an aggregate premium for such insurance in excess of three hundred percent (300%) of the aggregate annual premium currently payable by CEPT with respect to such current policy; provided, further, that if the aggregate premium of such insurance coverage exceeds such amount, CEPT will be obligated to obtain a

tail

insurance policy with the greatest coverage available for a cost not exceeding such amount from insurance carriers with the same or better credit rating as SPAC's current insurance provider).

Prior to the Effective Time, Securitize will be permitted to obtain and fully pay the premium for a

tail

insurance policy (at an aggregate cost that is borne by Securitize or PubCo) for the benefit of Securitize's directors and officers that provides coverage for up to six (6) years from and after the Effective Time for events occurring prior to the Effective Time (the

Securitize D&O Tail Insurance

), by exercising the right to purchase the six-year

tail

run-off coverage under Securitize's current policy, or on terms substantially equivalent to and in any event not less favorable in the aggregate than Securitize's existing coverage (or, if substantially equivalent insurance coverage is unavailable, the best available coverage; provided that in no event will PubCo or Securitize pay an aggregate premium for such insurance in excess of three hundred percent (300%) of the aggregate annual premium currently payable by Securitize with respect to such current policy; provided, further, that if the aggregate premium of such insurance coverage exceeds such amount, Securitize will be obligated to obtain a

tail

insurance policy with the greatest coverage available for a cost not exceeding such amount from insurance carriers with the same or better credit rating as Securitize's current insurance provider).

Termination and Effects of Termination

The Business Combination Agreement contains certain termination rights for different Parties. If the Business Combination Agreement is validly terminated pursuant to the grounds described below, the Business Combination Agreement will become void without any liability on the part of any of the Parties thereto or their respective representatives, except in the case of willful and material breach of any representation, warranty, covenant or obligation under the Business Combination Agreement or a claim of fraud of a Party. However, confidentiality, waiver of claims against the Trust Account and certain other technical provisions will continue in effect notwithstanding termination of the Business Combination Agreement. No Party is required to pay a termination fee or reimburse any other Party for its expenses as a result of a termination of the Business Combination Agreement.

Mutual Termination Rights

The Business Combination Agreement may be terminated and the Transactions may be abandoned by:

- " mutual written consent of CEPT and Securitize;
- " subject to certain limitations, either CEPT or Securitize if any conditions to the Closing under the Business Combination Agreement have not been satisfied or waived by the Outside Date, provided that in the event of a delay in delivery to CEPT of financial statements required to be delivered pursuant to the Business Combination Agreement, (i) CEPT will have the right to extend the Outside Date by a number of days equal to the number of days such financial statements were delayed, and (ii) if CEPT does not exercise its right to extend the Outside Date pursuant to the prior clause (i), subject to Securitize's compliance with its obligation to use commercially reasonable efforts to deliver such financial statements, Securitize will have the right to extend the Outside Date by up to thirty (30) days (and, in the event the Outside Date is extended pursuant to either clause (i) or (ii), the term

Outside Date

as used in the Business Combination Agreement will be deemed to refer to such date as so extended);

- " subject to certain limitations, either CEPT or Securitize, if a governmental authority has issued an order or taken any other action permanently restraining, enjoining or otherwise prohibiting the Transactions, and such order or other action has become final and non-appealable; or
- " written notice by either CEPT or Securitize, if the Meeting is held (including any adjournments or postponements thereof) and has concluded, CEPT Shareholders have duly voted and the Required Shareholder Approval was not obtained.

Securitize's Termination Rights

The Business Combination Agreement may be terminated and the Transactions may be abandoned by Securitize:

- " if subject to certain limitations, CEPT has materially breached any of its representations, warranties, covenants or agreements or if any representation or warranty of CEPT has become materially untrue or materially inaccurate and such breach or inaccuracy is incapable of being cured or is not cured within the timeframe described under the Business Combination Agreement; or
- " within ten (10) Business Days after there has been a Modification in Recommendation.

CEPT's Termination Rights

The Business Combination Agreement may be terminated and the Transactions may be abandoned by CEPT:

" if, subject to certain limitations, Securitize or PubCo has materially breached any of its representations, warranties, covenants or agreements or if any representation or warranty of Securitize or PubCo has become materially untrue or materially inaccurate and the breach or inaccuracy is incapable of being cured or is not cured within the timeframe described under the Business Combination Agreement; or

" if the Securitize Written Consent is at any time following the date of the Business Combination Agreement terminated, rendered invalid or otherwise is no longer in full force and effect.

Trust Account Waiver

Each of Securitize, PubCo and SPAC Merger Sub agreed that it and its affiliates will not have any right, title, interest or claim of any kind in or to any monies in CEPT's trust account held for its public shareholders, and agreed not to, and waived any right to, make any claim against the trust account (including any distributions therefrom).

Amendments

The Business Combination Agreement may be amended or modified only by execution of a written instrument signed by each of CEPT, PubCo, SPAC Merger Sub, Securitize and Company Merger Sub. Certain amendments affecting the issuance of Company Earnout Shares are also subject to the affirmative written consent of the independent directors of the Board.

Specific Performance

The parties agreed that they will be entitled to an injunction, specific performance and other equitable relief to prevent breaches of the Business Combination Agreement and to enforce specifically the terms and provisions thereof, in each case, without posting a bond or undertaking and without proof of damages, which rights are in addition to any other remedy to which they are entitled at law or in equity.

Other Transaction Agreements

Shareholder Support Agreement

Contemporaneously with the execution of the Business Combination Agreement, CEPT, PubCo, Securitize and certain Securitize Stockholders entered into the Shareholder Support Agreement, pursuant to which, among other things, the Securitize Stockholders party to the Shareholder Support Agreement agreed (i) not to transfer their Securitize Shares, and to vote their Securitize Shares in favor of the Business Combination Agreement and the Transactions (including by execution of a written consent), (ii) not to facilitate any Company Acquisition Proposal (as defined in the Business Combination Agreement), (iii) to terminate certain shareholders agreements with Securitize (with certain exceptions), effective immediately prior to Closing, and (iv) to release the Sponsor, CEPT, Securitize, and their subsidiaries from pre-Closing claims, subject to customary exceptions.

The Shareholder Support Agreement will terminate and (except as contemplated therein), be of no further force or effect upon the earlier of the Closing and termination of the Business Combination Agreement pursuant to its terms. Upon such termination of the Shareholder Support Agreement, except as contemplated therein, the obligations of the parties under the Shareholder Support Agreement will terminate; provided, however, that such termination will not relieve any party thereto from liability arising in respect of any breach of the Shareholder Support Agreement prior to such termination.

Sponsor Support Agreement

Contemporaneously with the execution of the Business Combination Agreement, CEPT, the Sponsor, PubCo and Securitize entered into the Sponsor Support Agreement, pursuant to which, among other things, the Sponsor agreed (i) to vote its CEPT Ordinary Shares in favor of the Business Combination Agreement and the Transactions and each of the CEPT Shareholder Approval Matters, (ii) vote its CEPT Ordinary Shares against (a) any Acquisition Proposal (as defined in the Business Combination Agreement), (b) any merger, consolidation, combination, sale of substantial assets, reorganization, recapitalization, dissolution, liquidation or winding up of or by CEPT (other than the Transactions), (c) any change in the business of CEPT, and (d) any proposal, action or agreement involving CEPT that would or would reasonably be expected to jeopardize the Transactions, (iii) to comply with the restrictions imposed by the Insider Letter, including the restrictions on transferring and redeeming CEPT Ordinary Shares in connection with the Transactions, (iv) to waive the anti-dilution rights of the issued and outstanding CEPT Class B Ordinary Shares set forth in the CEPT Memorandum and Articles, (v) to surrender, for no consideration, up to 30% of its CEPT Class B Ordinary Shares immediately prior to, and conditioned upon, the consummation of the CEPT Merger (such number of Surrendered CEPT Shares to be determined pursuant to a formula taking into account the number of CEPT Redeemed Shares and the gross proceeds from the PIPE Investments exceeding \$100.0 million), and (vi) subject to and conditioned upon the Closing, agree that any loans outstanding from the Sponsor to CEPT shall be repaid either in cash or in CEPT Class A Ordinary Shares at \$10.00 per share as determined by the Sponsor.

121

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

In addition, Sponsor agreed to subject the Sponsor Earnout Shares to vesting and potential forfeiture (and related transfer restrictions) after the Closing based on an earnout during the Earnout Period, with one-third of such shares vesting in the event the VWAP of a share of PubCo Common Stock exceeds \$12.50, \$15.00 and \$17.50, in each case for at least 20 out of 30 consecutive trading days commencing 90 days after the Closing.

The parties also agreed to modify the lock-up applicable to the CEPT Class B Ordinary Shares set forth in the Insider Letter so that all of the Post-Combination Founder Shares that the Sponsor will receive in the CEPT Merger in exchange for the CEPT Class A Ordinary Shares it receives upon conversion of its CEPT Class B Ordinary Shares are subject to a 180 days lock-up, subject to certain exceptions and with early release for release events including a PubCo sale, change of control, going private transaction or delisting after the Closing. In addition, (i) one-third of such shares are released if the VWAP of PubCo Common Stock exceeds \$12.50 for 20 out of any 30 trading days beginning 90 days after the Closing, (ii) one-third of such shares being released if the VWAP of PubCo Common Stock exceeds \$15.00 for 20 out of any 30 trading days, and (iii) one-third of such shares being released if the VWAP of PubCo Common Stock exceeds \$17.50 for 20 out of any 30 trading days, in each case, subject to early release for release events including a PubCo sale, change of control, going private transaction or delisting after the Closing.

The Sponsor Support Agreement will terminate and (except as contemplated therein), be of no further force or effect upon the earlier of the Closing and termination of the Business Combination Agreement pursuant to its terms. Upon such termination of the Sponsor Support Agreement, except as contemplated therein, the obligations of the parties under the Sponsor Support Agreement will terminate; provided, however, that such termination will not relieve any party thereto from liability arising

in respect of any breach of the Sponsor Support Agreement prior to such termination.

PIPE Subscription Agreements

Contemporaneously with the execution of the Business Combination Agreement, CEPT, PubCo and Securitize entered into the PIPE Subscription Agreements with the PIPE Investors, pursuant to which the PIPE Investors agreed to purchase, in a private placement immediately prior to the CEPT Merger, 22.5 million PIPE Shares at a purchase price of \$10.00 per share payable in cash, for an aggregate purchase price of \$225 million. PIPE Investors are permitted under the PIPE Subscription Agreements to satisfy their commitments thereunder through the purchase of CEPT Class A Ordinary Shares on the public market, subject to certain restrictions set forth therein.

The closing of the PIPE Investment is contingent upon the satisfaction of all closing conditions to consummate the Transactions and the PIPE Investors' consent to any amendments, modifications or waivers to the terms of the Business Combination Agreement that would reasonably be expected to materially and adversely affect the economic benefits of the PIPE Investors, among other customary closing conditions.

Pursuant to the PIPE Subscription Agreements, PubCo has agreed to certain obligations to register and maintain the registration of the shares of PubCo Common Stock into which the PIPE Shares are converted, including that, within 30 calendar days after the Closing, PubCo will file with the SEC (at PubCo's sole cost and expense) a registration statement registering the resale of the shares of PubCo Common Stock into which the PIPE Shares are converted, and PubCo shall use its commercially reasonable efforts to have such registration statement declared effective as soon as practicable after the filing thereof, but in any event no later than 90 calendar days after the Closing, which may be extended by a maximum of 90 calendar days depending on the level of SEC review involved.

Each PIPE Subscription Agreement shall terminate and be void and of no further force and effect upon the earliest to occur of (i) such date and time as the Business Combination Agreement is terminated in accordance with its terms; (ii) the mutual written agreement of the respective parties to terminate such agreement; or (iii) October 27, 2026.

Amended and Restated Registration Rights Agreement

Concurrently with the Closing, the Sponsor, CEPT, PubCo and certain Securitize Stockholders will enter into the Amended and Restated Registration Rights Agreement pursuant to which PubCo will (i) assume the registration obligations of CEPT under such registration rights agreement, with such rights applying to the shares of PubCo Common Stock and (ii) provide registration rights with respect to the resale of shares of PubCo Common Stock held by the Sponsor and the Securitize Stockholders party thereto.

122

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

PubCo estimates that, immediately following the Closing, up to 124,964,043 shares of PubCo Common Stock will be entitled to registration rights pursuant to the Amended and Restated Registration Rights Agreement, representing approximately 72.8% of the total issued and outstanding shares of PubCo Common Stock following the Business Combination and the consummation of the PIPE Investment, and assuming, among other things, that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination, that all PIPE Investors fund their commitments in their PIPE Subscription Agreements in cash, that the Sponsor Note and Sponsor Loan are repaid in cash and that no shares of PubCo Common Stock are issued pursuant to the Incentive Plan or the exercise of the Assumed Warrants.

Lock-Up Agreements

Concurrently with the Closing, as a condition to receiving their shares of PubCo Common Stock in the Securitize Merger, each Securitize Stockholder will enter into a Lock-Up Agreement with PubCo, pursuant to which each such Securitize Stockholder will agree that 118,247,742 shares of PubCo Common Stock received by them in connection with the Transactions (representing approximately 69% of the total issued and outstanding shares of PubCo Common Stock following the Business Combination and the consummation of the PIPE Investment, and assuming, among other things, that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination) and any other securities convertible into or exercisable or exchangeable for PubCo Common Stock held by them immediately after the Closing will be locked-up and subject to transfer restrictions, as described below, subject to certain exceptions. The shares of PubCo Common Stock held by each Securitize Stockholder will be locked up until 180 days following the Closing, with (i) one-third of such shares being released if the VWAP of PubCo Common Stock exceeds \$15.00 for 20 out of any 30 trading days beginning 90 days after the Closing, (ii) one-third of such shares being released if the VWAP of PubCo Common Stock exceeds \$17.50 for 20 out of any 30 trading days, and (iii) one-third of such shares being released if the VWAP of PubCo Common Stock exceeds \$20.00 for 20 out of any 30 trading days, in each case, subject to early release for release events including a PubCo sale, change of control, going private transaction or delisting after the Closing.

The foregoing lock-up restrictions do not apply to the following permitted transfers (provided that for transfers covered by clauses (i) (vii) below, the transferee of such permitted transfer executes and delivers to PubCo an agreement stating that the transferee is receiving and holding the Restricted Securities subject to the provisions of the Lock-Up Agreement and that Restricted Securities will not be transferred any further except in accordance with the Lock-Up Agreement):

Background of the Business Combination

The terms of the Business Combination are the result of arm's-length negotiations between representatives of CEPT and Securitize. The following chronology summarizes the key meetings and events that led to the signing of the Business Combination Agreement. This chronology does not purport to catalogue every correspondence among representatives of CEPT and Securitize.

CEPT is a blank check company incorporated as a Cayman Islands exempted company on November 11, 2020 for the purpose of effecting a merger, share exchange, asset

acquisition, share purchase, reorganization or similar business combination with one or more businesses.

On May 5, 2025, CEPT consummated the CEPT IPO and began its search for an acquisition target. During its search process, CEPT formally evaluated approximately four business combination opportunities across several business sectors, including, among others, cryptocurrencies, tokenization and consumer products. With respect to the companies it evaluated, CEPT executed non-disclosure agreements with three potential target businesses (including Securitize) and entered into substantive discussions with two of the four potential target businesses and their key stockholders. Among the potential targets CEPT had substantive discussions with, CEPT executed two letters of intent (including one with Securitize), as further described below. During CEPT's search for a business combination target, management of CEPT kept members of the CEPT Board apprised of the details of such business combination opportunities, including overviews of the businesses, terms of the proposed business combinations, and material discussions with such businesses.

On March 13, 2025, Carlos Domingo, the Chief Executive Officer of Securitize, was introduced to CF&Co. employees in a meeting in the course of such employees providing investment banking services to another client of CF&Co. Mr. Domingo provided such CF&Co. employees with a general overview of Securitize's business at such time and they agreed to keep in contact in the future.

In April 2025, a majority holder (the

Company A Shareholder

and subsequently, the

Target A Shareholder

) of a consumer products company (

Company A

and subsequently,

Target A

) contacted representatives of Cantor by email seeking to set up a meeting to discuss a potential business combination involving Company A. CEPT was not involved in the March 13, 2025 meeting with Securitize or the April 2025 email from the Company A Shareholder.

On May 12, 2025, an initial meeting was held among representatives of the Company A Shareholder, Cantor and CF&Co. to discuss Company A.

On May 20, 2025, an introductory meeting was held among representatives of the Company A Shareholder and Company A with CF&Co. where they discussed a potential business combination involving a SPAC sponsored by an affiliate of Cantor (

Proposed Transaction A

). Following that meeting, representatives of CEPT and additional representatives of CF&Co. became involved in discussions and negotiations among the Target A Shareholder, Target A, CEPT and CF&Co. regarding Proposed Transaction A.

In May 2025 (after the consummation of the CEPT IPO), representatives of CF&Co. and the Chief Executive Officer of CEPT engaged in preliminary discussions with a potential sponsor group (

Company B

) of a business combination opportunity in the cryptocurrency industry (

Proposed Transaction B

).

On May 23, 2025, CEPT executed a non-disclosure agreement with Target A.

On June 3, 2025, employees of CF&Co., in the ordinary course of their investment banking business, and representatives of Securitize had a call where Securitize provided such employees of CF&Co. with an update on Securitize's business.

On June 6, 2025, CEPT executed a non-binding letter of interest with Target A.

From early June 2025 to mid-July 2025, representatives of CEPT and CF&Co., acting on behalf of CEPT, commenced initial business diligence on Target A, participated in a number of business diligence sessions with representatives of Target A, performed additional due diligence on Target A and held discussions regarding the structuring of Proposed Transaction A.

On each of June 12, 2025 and June 27, 2025, employees of CF&Co.'s investment banking and structured products businesses and representatives of Securitize had calls to discuss Securitize, its business and the ways in which CF&Co. could work with Securitize, including assisting Securitize in a capital raising transaction.

In July 2025, representatives of CF&Co. were contacted by representatives of Company B who desired to reengage in discussions regarding Proposed Transaction B. CEPT determined that Proposed Transaction B represented a more attractive opportunity for CEPT shareholders. Representatives of CF&Co. and the Target A Shareholder discussed the potential for CEP III, instead of CEPT, to pursue Proposed Transaction A.

Effective as of July 14, 2025, CEPT and Target A terminated their letter of interest. CF&Co. introduced Target A to CEP III, following which they signed a letter of interest on July 15, 2025.

From early to late July 2025, CF&Co., on behalf of CEPT, continued discussions regarding Proposed Transaction B. In late July 2025, CEPT and Company B decided not to pursue Proposed Transaction B.

On July 29, 2025, employees of CF&Co.'s investment banking and structured products businesses and representatives of Securitize had another call to discuss Securitize, its business and the ways in which CF&Co. could work with Securitize, including assisting Securitize in a capital raising transaction. The parties also discussed the possibility of Securitize pursuing a de-SPAC transaction to facilitate greater access to capital by becoming a publicly-traded entity.

On July 31, 2025, representatives of CF&Co. made a presentation to Securitize and two of its stockholders on the state of the de-SPAC market and CF&Co.'s experience and capabilities in the SPAC market.

126

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

Shortly after the July 31, 2025 call, Securitize confirmed to CF&Co. its potential interest in pursuing a de-SPAC transaction and advised CF&Co. that it was in the process of engaging Citi to serve as a financial advisor on the potential de-SPAC transaction. At that time, CF&Co. suggested to Securitize that CEPT might be a

suitable de-SPAC partner.

On August 4, 2025, CEPT was made aware of the opportunity with Securitize by CF&Co.

On August 5, 2025, CEPT sent a non-disclosure agreement to Securitize, which the parties negotiated and executed on that date. The parties subsequently scheduled a meeting for August 8, 2025 to discuss Securitize's business and potential transaction opportunities in greater detail.

On August 7, 2025, Securitize sent CF&Co. a corporate presentation detailing Securitize's business in advance of the August 8, 2025 meeting.

On August 8, 2025, representatives of CF&Co., Securitize and Citi, Securitize's investment banking advisor, met to discuss the corporate presentation and the potential de-SPAC transaction. The parties discussed the entry by Securitize and CEPT entering into a non-binding letter of intent (an

LOI

) to set forth the material terms of a potential de-SPAC transaction between such parties; representatives from Citi indicated Securitize and its advisors would prepare and share a draft LOI with representatives of CF&Co. the following week (the week of August 11, 2025).

On August 11, 2025, representatives of CF&Co. and Citi held a call to discuss overall potential transaction process and timing.

On August 20, 2025, representatives of CF&Co. and Securitize had a call to discuss additional detail around a potential transaction.

On August 26, 2025, Mr. Domingo met with representatives of CF&Co. at CF&Co.'s offices in Manhattan, New York. Mr. Domingo presented Securitize's business and industry outlook and expressed Securitize's interest in engaging in a potential transaction with CEPT. The parties also discussed their respective desires to work quickly towards a potential transaction and, if Securitize determined to engage in a de-SPAC transaction, Securitize's desire to quickly select the SPAC that Securitize desires to move forward with in such a transaction. Following later discussions, Securitize selected CEPT as the potential partner to engage in a de-SPAC transaction.

During these August 2025 meetings and discussions between representatives of Securitize and CF&Co., representatives of CF&Co. and representatives of CEPT began their evaluation of Securitize, which included, among other things, an initial evaluation of Securitize's business, business model, technology and the market valuations for companies similar to Securitize.

On August 29, 2025, Citi, on behalf of Securitize, sent CEPT a form of LOI which included a proposed pre-transaction equity value of Securitize of \$1.25 billion along with an earnout for an additional 5% of such amount (equal to \$62.5 million), with one-third of the earnout vesting based on the VWAP of PubCo of \$15.00, \$20.00 and \$25.00. The LOI also proposed that the parties would seek to raise approximately \$150 million in a private placement, that the Sponsor forfeit up to 60% of its CEPT Founder Shares based on redemptions, that 50% of the remaining CEPT Founder Shares vest at the Closing and that the remaining 50% of the CEPT Founder Shares vest based on the VWAP of PubCo of \$12.50, \$15.00 and \$17.50.

On September 4, 2025, CEPT sent Securitize a revised LOI, which bracketed the proposed equity value, adjusted the potential forfeiture of CEPT Founder Shares by the Sponsor to be up to 30% based on redemptions, with 70% of the remaining CEPT Founder Shares vesting at the Closing and 30% being subject to the earnout.

Between September 5, 2025 and September 17, 2025, the parties exchanged drafts of the LOI, discussed various provisions in the LOI and agreed on the final terms of the LOI. Key matters discussed, negotiated and agreed by the parties included the equity value of Securitize, the amount of the potential PIPE Investment, the lock-up period applicable to the shares of PubCo Common Stock to be received by Securitize Stockholders (and potential early release events) and similar restrictions on the Sponsor's shares of PubCo Common Stock received in exchange for the CEPT Founder Shares, a minimum available cash condition tied to the amount of proceeds from the PIPE Investment, the forfeiture and earnout provisions applicable to the Sponsor's CEPT Founder Shares, the exclusivity provisions in the letter of intent, and the costs and expenses of the proposed business combination. CEPT's

management was prepared to move forward with a potential transaction if there was sufficient interest from investors in the PIPE Investment (taking into account the \$1.25 billion equity value plus the earnout based on the valuation of industry comparables). The PIPE Investment ultimately received \$225 million of commitments, which was in excess of the \$150 million contemplated by the LOI.

On September 9, 2025, Citi provided CEPT and certain of its representatives with access to a virtual data room (the Data Room

) containing initial due diligence materials.

On September 16, 2025, the CEPT Board was provided an update on CEPT's search for a business combination, was apprised that CEPT had begun discussions with Securitize regarding a potential business combination with Securitize, and was provided the then current version of the LOI, a presentation prepared by CF&Co. and a presentation prepared by Securitize.

Further on September 16, 2025, CEPT engaged Hughes Hubbard & Reed LLP (HHR

) as its legal counsel for the proposed business combination.

Additionally on September 16, 2025, CF&Co. and Citi held a kick-off call regarding the Transactions.

On September 17, 2025, CF&Co., on behalf of CEPT, sent Securitize an initial due diligence request list setting forth the initial materials of Securitize that CEPT wanted to review. In response to such request, Securitize uploaded additional documents into the Data Room for CEPT's review. CEPT updated this due diligence request list from time to time during the course of the diligence of Securitize and Securitize and Citi provided additional materials in the Data Room and via e-mail in response to CEPT's requests and CF&Co., CEPT, and their respective advisors performed due diligence in furtherance of the proposed PIPE Investment and business combination.

On September 17, 2025, the CEPT Board held a special meeting. In addition to all of the members of the CEPT Board, the meeting was attended by officers of CEPT and representatives of the Sponsor and CF&Co. At the special meeting, the CEPT Board was provided background information on Securitize and discussed the proposed terms of the business combination between Securitize and CEPT, including Securitize's \$1.25 billion equity value plus the earnout. By a unanimous vote of the CEPT Board, the CEPT Board authorized the execution of the LOI by CEPT.

On September 18, 2025, CEPT and Securitize executed the LOI. The LOI contemplated a \$1.25 billion pre-money equity value for Securitize, an aggregate potential earnout of PubCo Common Stock equal to 5% of the equity, the forfeiture of up to 30% of the Sponsor's CEPT Founder Shares at closing (based on redemptions), and earnout provisions applicable to up to 30% of the Sponsor's remaining CEPT Founder Shares, and a six month lock-up (subject to early release as provided therein)

applicable to the shares of PubCo Common Stock to be received by Securitize Stockholders. The LOI also contemplated a PIPE Investment of approximately \$150 million, with a minimum available cash condition of at least \$100 million of gross proceeds being raised in the PIPE Investment. Beginning on September 19, 2025 and continuing through execution of the Business Combination Agreement, the CEPT management team, its legal and financial advisors and representatives of the Sponsor engaged in due diligence of Securitize, including reviewing the materials in the Data Room, requesting additional documentation, reviewing additional information provided, and holding multiple due diligence video and telephonic conference calls with Securitize's management team, employees and advisors. Additional information was provided in the Data Room and via e-mail and a number of follow-up diligence calls were hosted as requested by CEPT. During due diligence, CEPT and Securitize discussed, among other things, an overview of Securitize and its current and future product and service offerings, Securitize's technology, operations, sales and marketing, corporate legal structure, compliance, licenses and regulatory matters, material contracts, intellectual property, historical, current and projected financial condition, employment structure, human resources and related matters, ongoing economic and contractual relationships with its key partners and other diligence matters. In addition, CEPT and its advisors and representatives received demonstrations of Securitize's software and customer and issuer interfaces. Such diligence continued as requested by CEPT through negotiation and finalization of the Business Combination Agreement and Ancillary Documents.

On September 19, 2025, HHR and Davis Polk & Wardwell LLP (DPW

), Securitize's legal counsel, discussed the PIPE Investment, the LOI, the Business Combination Agreement and certain Ancillary Documents and the allocation of drafting responsibility between legal counsel.

Between September 22, 2025 and September 24, 2025, CEPT, Securitize, Citi and CF&Co., and each of their respective counsel, negotiated the terms and conditions of the PIPE Engagement Letter, which such terms included the identity of any PIPE Investors for which Citi and CF&Co. would not be entitled to receive placement agent fees.

On September 22, 2025, the CEPT Audit Committee was given an update on the proposed transaction and advised that the parties were in the process of negotiating the PIPE Engagement Letter which, when in substantially final form, would be provided to the CEPT Audit Committee for its review and approval.

During this time, the parties negotiated and resolved all open items in the Business Combination Agreement and the Ancillary Documents. The principal points that were resolved included the finalization of the inclusions and exclusions in the \$1.25 billion equity value and in calculating the exchange ratio determining the number of shares of PubCo Common Stock the Securitize Stockholders would receive in exchange for their Securitize Shares, the right of the CEPT Board to change its recommendation to CEPT Shareholders to vote in favor of the Proposals, the terms of the lock-ups (and triggers for early release) applicable to the PubCo Common Stock held after the Mergers by the Securitize Stockholders and the Sponsor, the scope of representations and disclosures by Securitize under the Business Combination Agreement, restrictions on changes to Securitize during the interim period between signing of the Business Combination Agreement and the Closing, the Sponsor's rights in respect of enforcing PubCo's obligations under the Business Combination Agreement and Ancillary Documents, the forfeiture and earnout provisions applicable to the Sponsor's CEPT Founder Shares, and the terms of the earnout (and potential early earnout triggers) for shares of PubCo Common Stock potentially issuable to the Securitize Stockholders.

On October 24, 2025, a final form of PIPE Subscription Agreement was uploaded to the data room maintained for prospective PIPE Investors, with changes reflecting comments received that were accepted by Securitize and CEPT. Citi and CF&Co. requested prospective PIPE Investors provide their final subscription amounts (and executed PIPE Subscription Agreements) by October 24, 2025, pending execution of the Business Combination Agreement and the Ancillary Documents (including the PIPE Subscription Agreements) by Securitize and CEPT.

On October 27, 2025, a special meeting of the CEPT Board was held. In addition to all members of the CEPT Board, the meeting was attended by officers of CEPT and representatives of the Sponsor, CF&Co. and HHR. The CEPT Board, with the assistance of its financial and legal advisors, discussed and reviewed the Business Combination, including the terms and conditions of the Business Combination Agreement and the Ancillary Documents, the potential benefits of, and risks relating to, the Business Combination, the reasons for entering into the Business Combination Agreement, the proposed timeline for entering into the definitive transaction agreements and announcing the Business Combination, and related fiduciary duties, and conflicts of interest of the Sponsor and the officers and directors of CEPT with respect to the Business Combination.

Following the special meeting on October 27, 2025, by unanimous written consent, the CEPT Audit Committee unanimously approved the entry into the Business Combination Agreement and the Transactions and each of the Ancillary Documents that included CEPT and either the Sponsor or CF&Co. as parties and certain other matters. Additionally, on October 27, 2025, by unanimous written consent, the CEPT Board unanimously approved the Business Combination and the other Transactions, the entry into the Business Combination Agreement and the Ancillary Documents to be executed by CEPT and recommended that the CEPT Shareholders vote FOR the Business Combination Proposal. See CEPT Board's Reasons for the Approval of the Business Combination for additional information related to the factors considered by the CEPT Board in approving the Business Combination.

On October 30, 2025, CEPT filed a Form 8-K with the SEC that included a copy of the Business Combination Agreement and the forms or copies of the other executed Ancillary Documents.

CEPT Board's Reasons for the Approval of the Business Combination

The CEPT Board considered a variety of factors in connection with its evaluation of the Business Combination. In light of the complexity of those factors, the CEPT Board, as a whole, did not consider it practicable to, nor did it attempt to, quantify or otherwise assign relative weights to the specific factors it took into account in reaching its decision. Individual members of the CEPT Board may have given different weight to different factors. Certain information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under Cautionary Note Regarding Forward-Looking Statements.

Neither the CEPT Board nor any committee thereof obtained a fairness opinion (or any similar report or appraisal) in determining whether to pursue the terms of the Business Combination (including the consideration to be received by CEPT Shareholders and Securitize Stockholders). The independent directors of the CEPT Board did not retain an unaffiliated representative to act solely on behalf of the unaffiliated CEPT Shareholders to negotiate the terms of the Business Combination and/or prepare a report concerning the approval of the Business Combination.

Before reaching its decision, the CEPT Board was provided information regarding the findings from the due diligence conducted by its advisors, reviewed the analyses conducted by its management, representatives of the Sponsor and CEPT's legal and financial advisors, and discussed the diligence findings at the October 27, 2025 special meeting. The due diligence conducted by CEPT's management, representatives of the Sponsor and CEPT's legal and financial advisors included:

- " a presentation by CF&Co. to the CEPT Board, in CF&Co.'s capacity as financial advisor to CEPT, of financial and valuation analyses of Securitize and the Business Combination utilizing information provided by Securitize and publicly available information, as further described in the section entitled Certain Forecasted Information for Securitize below;
- " review of historical financial performance of Securitize and expected performance for the remainder of 2025 and in 2026, including information on recurring revenues and contractual commitments in respect of its pipeline;
- " financial, tax, legal, insurance, accounting, operational, business, management, employment and other due diligence, including a review of material contracts and other material matters;
- " meetings and calls with the management team and employees of Securitize regarding, among other things, operating environment, outlook, plans, forecasts, customers, targeted products and services; and
- " consultation with CEPT management and its legal and financial advisors.

The CEPT Board determined that pursuing a potential business combination with Securitize would be an attractive opportunity for CEPT and CEPT Shareholders for a number of reasons, which determination was based on a number of factors considered by the CEPT Board at the time it approved the Business Combination, including, but not limited to, the following:

- " Securitize's Existing Operations. Securitize's platform for the tokenization of real-world assets, and relationships with several institutional partners, such as BlackRock, Apollo, Hamilton Lane and VanEck.

" Securitize's Implementations. Securitize's platform has already been implemented with a number of leading institutional partners across a range of assets including treasury funds, equities and private investment funds.

" Securitize's Integration with the Digital Asset Ecosystem. Securitize is currently integrated with facets of the digital asset ecosystem, including multiple blockchains, custodians, oracle providers, institutional brokers, liquidity providers, DeFi protocols and stablecoin infrastructure.

" Securitize's Financial Performance and Forecasted Outlook. Securitize has experienced significant quarterly revenue growth since the start of 2024 (\$17.6 million in the second quarter of 2025 versus \$1.8 million in the first quarter of 2024 and achieved positive Adjusted EBITDA of \$9.8 million for the six-month period ending June 30, 2025). Pursuant to the 2026 Estimate, Securitize expected to achieve approximately \$110 million in 2026 revenues (including estimated revenue of approximately \$85 million that was contracted and recurring based on AUM at the time of announcement) and approximately \$32 million in 2026 Adjusted EBITDA.

" Digital Asset Regulatory Clarity. With the current U.S. administration viewed as supportive of developing the cryptocurrency industry, and with momentum towards positive regulatory clarity in the United States, there may be increased institutional adoption of digital assets which may help drive the growth of tokenization.

" Growth Potential of Securitize's Business. Securitize is well-positioned to capitalize on the potential tokenization market due to its products, connectivity to the crypto ecosystem and ability to attract customers, partners and investors.

" Continued Ownership by Securitize Stockholders. The CEPT Board considered that (i) Securitize Stockholders include a number of leading financial institutions and blockchain/cryptocurrency technology firms, (ii) Securitize Stockholders are converting all of their equity into shares of PubCo Common Stock, (iii) Securitize Stockholders will be significant stockholders of PubCo after Closing, and (iv) in order to receive shares of PubCo Common Stock, Securitize Stockholders must enter into Lock-Up Agreements.

" Securitize CEO and CFO. Following completion of the Business Combination, PubCo will be led by the same CEO and CFO that led Securitize prior to the Business Combination.

" Securitize Being an Attractive Target. The CEPT Board considered the fact that Securitize (i) provides a service that currently has an attractive base of customers, and the tokenization market provides room for continued growth, (ii) has a business plan, that if successfully implemented, could increase revenues and improve the financial performance of Securitize, (iii) has reduced significant historical losses to generate positive Adjusted EBITDA and (iv) might benefit from the consummation of the Business Combination by becoming a public company.

" Valuation. The CEPT Board's determination that if Securitize is successful in executing its business plan, the value of CEPT Shareholders stake in PubCo may grow. For more, see

The Business Combination Proposal Certain Forecasted Information for Securitize.

" Involvement of the PIPE Investors. The CEPT Board considered that the commitment of the PIPE Investors to invest \$225.0 million in CEPT and PubCo via the PIPE Investment at Closing, at a purchase price of \$10.00 per share, demonstrates Securitize's ability to attract capital at a valuation consistent with the Business Combination.

" Terms and Conditions of the Business Combination Agreement. The terms and conditions of the Business Combination Agreement and the Business Combination, were, in the opinion of the CEPT Board, the product of arm's-length negotiations between the parties.

" Redemption Option. The right of CEPT Shareholders to redeem their Public Shares in connection with the Closing as further described herein.

In the course of its deliberations, in addition to the various other risks associated with the business of Securitize, as described in the section entitled Risk Factors

appearing elsewhere in this proxy statement/prospectus, the CEPT Board also considered a variety of uncertainties, risks and other potentially negative reasons relevant to the Business Combination, including the following:

" Macroeconomic Risks Generally. Macroeconomic uncertainty, and the effects that could have on PubCo's revenues and financial performance.

" Success of Crypto Ecosystem and Tokenization. Securitize's market valuation is dependent upon the continued health and growth of the crypto ecosystem and tokenization of financial assets. Both trends are currently positive with a favorable regulatory environment and growing adoption among the financial sector. However, the sector has experienced volatility in the past, which may negatively impact Securitize's business model, future growth opportunities and market value.

" Regulatory Risks with respect to DeFi and Blockchain-focused Businesses. Government regulation of decentralized finance and blockchain businesses is evolving and changes in regulation, including tax policy or as a result of any change in administrations or regulators, could impact the value of DeFi and Blockchain-focused businesses, the market for tokenized assets and the value of PubCo.

" Competition in Securitize's Industry. Securitize competes within an evolving and highly competitive industry, with multiple participants competing for the same customers. Some competitors have greater capital resources than PubCo. Recently, a number of potential competitors and existing customers have announced plans to focus on tokenization and may become competitors to Securitize or may cease being customers of Securitize.

" Securitize Customer Contracts. Certain of Securitize's customer contracts are not long term, and most existing agreements do not contain exclusivity provisions and may be terminated under specified conditions. As a result, there can be no assurance that customers will continue their relationships with Securitize, and some may choose to engage with competitors or develop comparable technology internally.

" Risks in Securitize's Business Plan, including the Reliance on and Potential Loss of Key Relationships. Securitize may not be successful in maintaining its market position and continued growth. As noted above, Securitize's relationships are generally not bound by long-term contracts, and

132
<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>

Securitize may overly rely on certain products (such as BUIDL, which represented more than 60% of Securitize's tokenized assets under management as of September 30, 2025) and clients that provide Securitize with broader exposure and an enhanced reputation in the industry. Further, certain contracts with such key clients do not restrict the ability of such clients to pursue tokenization activities in-house

. The loss of such clients may adversely impact Securitize's prospects. While Securitize has recently achieved positive Adjusted EBITDA, there is no guarantee this will be sustainable and that Securitize will not be required to raise additional capital in the future.

" Exclusivity Arrangements in Customer Agreements. Certain customer agreements grant those customers exclusivity for certain products. While these arrangements are limited, granting of exclusivity may limit future business opportunities for Securitize.

" Risks Related to Use of Open Source Software. Securitize relies on open source software. The use and distribution of open source software may entail greater risk than the use of third-party commercial software as open source licensors generally do not provide protections regarding infringement claims or the quality of the code. To the extent that Securitize depends upon the successful operation of the open source software it uses, any undetected errors or defects in this open source software could impair Securitize's functionality, delay new solution introductions, result in a failure of its platform, and injure its reputation. For example, undetected errors or defects in open source software could render Securitize vulnerable to breaches or security attacks, and, in conjunction, make its systems more vulnerable to data breaches. Furthermore, some open source licenses contain requirements that Securitize make available source code for modifications or derivative works Securitize creates based upon the type of open source software Securitize uses. If Securitize combines its proprietary software with open source software in a specific manner, it could, under some open source licenses, be required to release the source code of its proprietary software to the public. This would allow Securitize competitors to create similar solutions with lower development effort.

" Securitize's Data Privacy. Securitize may need to significantly expand its IT and compliance resources to ensure compliance with all IT and data privacy laws. A failure to be in compliance with all IT and data privacy laws could subject it to large potential fines and other litigation.

" Securitize's PCAOB Audits. Securitize has not historically received PCAOB audits and does not have experience with PCAOB reporting, and any delays or significant changes in presentation in preparing the necessary PCAOB audits for 2025 may affect Securitize's ability to close the Transactions in a timely manner or provide a less positive presentation of its financial condition and results of operations. In connection with Securitize's PCAOB audit for 2025, certain revenue estimated to be recognized in 2025 was, in fact, not recognized in 2025. For more, see Certain Forecasted Information for Securitize.

" IP Risks. Securitize has limited registered intellectual property and no patents, and as a result, could in the future be subject to intellectual property infringement claims, whether with or without merit, which could lead to substantial additional costs. Securitize also relies on a significant number of foreign independent contractors, and as Securitize's reputation grows, there may be issues with respect to ownership or infringement of Securitize's intellectual property.

" Readiness to be a Public Company; Management Team. As Securitize has not previously been a public company, its senior executives have not previously been senior executives of a public company. In addition, several key members of management have recently left Securitize, and it may not have all the different types of employees necessary for it to timely and accurately prepare financial statements and reports for filing with the SEC. Securitize will be required to significantly expand its financial and legal operations and there is a risk that Securitize will not be able to hire the right people to fill in these gaps by the time of the Closing or that additional issues could arise after the Closing due to its failure to have hired these people in advance of Closing. As Securitize increases its presence into additional countries and expands its business into registered investment advisor and other regulated businesses, its compliance infrastructure more generally may not be able to keep pace with the increased compliance risks presented by rapid growth.

" Lack of Multi-Year Projections. In its ordinary course of business, Securitize does not maintain multi-year projections and Securitize instructed CEPT to rely on summary projections for the remainder of 2025 and 2026.

133
<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>

" Securitize Will Incur Additional Costs as a Result of Operating as a Listed Company. Following the Business Combination, Securitize will incur certain additional legal, accounting and other expenses that it would not incur as a private corporation. As a listed company, Securitize will be subject to additional rules and regulations, and Securitize's management and other personnel will need to devote a substantial amount of time to these compliance initiatives. Moreover, Securitize expects these rules and regulations to substantially increase its legal and financial compliance costs and to make some activities more time consuming and costly.

" Shares Available for Sale/Lock-Ups. The PubCo Common Stock to be issued to (i) the Securitize Stockholders in exchange for their Securitize shares are subject to a six month lock-up, subject to the exceptions described in this proxy statement/prospectus, (ii) the Sponsor in the exchange for the CEPT Private Placement Shares are subject to a 30 day lock-up, and (iii) the Sponsor in exchange for its CEPT Founder Shares are subject to a six month lock-up, subject to the exceptions described in this proxy statement/prospectus. PubCo is required to register such shares promptly after Closing. Upon the registration of such shares of PubCo Common Stock and upon the expiration of any applicable lock-up, a substantial number of shares of PubCo Common Stock may become available for sale, which could have a negative impact on PubCo's stock price.

" Absence of Fairness Opinion. CEPT did not obtain a fairness opinion (or any similar report or appraisal) in connection with the Business Combination.

" Liquidation. The risks and costs to CEPT if the Business Combination is not completed, including the risk of diverting management focus and resources from other businesses combination opportunities, which could result in CEPT being unable to effect a business combination prior to the Combination Deadline, which would require CEPT to liquidate.

" CEPT Shareholder Actions. CEPT Shareholders may object to and challenge the Business Combination and take action that may prevent or delay the Closing.

" Closing Conditions. Completion of the Business Combination is conditioned on the satisfaction of certain closing conditions that are not within CEPT's control.

" CEPT Shareholders Holding a Minority Position in PubCo. Existing CEPT Shareholders will hold a minority position in PubCo following completion of the Business Combination, with existing CEPT Shareholders (excluding the Sponsor) owning approximately 13.1% of PubCo after Closing, assuming that no shares of Public Shares are redeemed by CEPT Shareholders.

- " Sponsor Incentives. The Sponsor and its affiliates may be incentivized to complete the Business Combination, or an alternative initial business combination with a less favorable company or on terms less favorable to CEPT Shareholders, rather than to liquidate (in which case the Sponsor would lose its entire investment in CEPT). In addition, as described elsewhere in this proxy statement/prospectus, CF&Co. is entitled to fees that will only be received if the Business Combination is completed. As a result, the Sponsor and directors on the CEPT Board affiliated with the Sponsor may have a conflict of interest in determining whether the Business Combination is an appropriate transaction to be consummated by CEPT and/or in evaluating the terms of the Business Combination.
- " Litigation. The possibility of litigation challenging the Business Combination or that an adverse judgment granting permanent injunctive relief could indefinitely enjoin consummation of the Business Combination.
- " Fees and Expenses. The fees and expenses associated with completing the Business Combination.
- " Redemptions. The risk that holders of CEPT Public Shares would exercise their redemption rights, thereby depleting the amount of cash available in the Trust Account.
- " Exchange Listing. The potential inability to maintain the listing of PubCo's securities on NYSE or another national securities exchange immediately following the Closing including, as an example, the ability to maintain a sufficient number of round lot holders in the event of excessive redemptions by the holders of Public Shares.
- " Valuation. The risk that the CEPT Board may not have properly valued Securitize's business.

134

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

- " Distraction to Operations. The risk that the potential diversion of Securitize's management and employee attention as a result of the Business Combination may adversely affect Securitize's operations.

In addition to considering the factors described above, the CEPT Board also considered that:

- " Interests of Certain Persons. The Sponsor, its affiliates and certain officers and directors of CEPT, as individuals, may have interests in the Business Combination that are in addition to, and that may be different from, the interests of CEPT Shareholders (see section entitled "The Business Combination Proposal - Interests of the Sponsor and CEPT's Officers and Directors in the Business Combination"). CEPT's independent directors on the CEPT Audit Committee reviewed and considered these interests during the negotiation of the Business Combination and in evaluating and unanimously approving, as members of the CEPT Audit Committee, the Business Combination Agreement and the transactions contemplated therein.
- " Differing Returns. The Sponsor paid \$25,000, or approximately \$0.004 per share, for the CEPT Founder Shares (of which it currently holds 6,000,000), which such CEPT Founder Shares, if unrestricted and freely tradeable, would be valued at approximately \$72.2 million, based on the closing price of CEPT Class A Ordinary Shares of \$12.03 on October 24, 2025, the last trading day prior to the date the CEPT Board approved the Business Combination. Such shares will be worthless if a business combination is not consummated. The Sponsor and its affiliates can earn a positive rate of return on their investment even if Public Shareholders experience a negative return following the consummation of the Business Combination.

After considering the foregoing, the CEPT Board concluded, in its business judgment, that the potential benefits to CEPT and its stockholders relating to the Business Combination outweighed the potentially negative factors and risks relating to the Business Combination.

Certain Forecasted Information for Securitize

Securitize provided CEPT with internally prepared estimates of revenue and Adjusted EBITDA for the periods ending December 31, 2025 (the 2025 Estimate

) and December 31, 2026 (the

2026 Estimate

, together with the 2025 Estimate, the

Estimates

). The 2025 Estimate was \$69 million of revenue and \$17 million of Adjusted EBITDA. The 2026 Estimate was \$110 million of revenue and \$32 million of Adjusted EBITDA.

This prospective financial information was not prepared in compliance with GAAP, the published guidelines of the SEC or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. The Estimates were prepared solely for internal use, capital budgeting and other management purposes. The Estimates were subjective in many respects and therefore susceptible to varying interpretations and the need for periodic revision based on actual experience and business developments. The Estimates were and may be materially different from actual results.

The Estimates reflected numerous assumptions including assumptions with respect to general business, economic, currency exchange, market, regulatory and financial conditions and various other factors, all of which were difficult to predict and many of which were and are beyond Securitize's control, such as the risks and uncertainties contained in the sections entitled

Risk Factors

and

Cautionary Note Regarding Forward-Looking Statements.

These assumptions included, among others:

- " Market assumptions, including (i) approximately 25% growth in the overall crypto market from an estimated market capitalization of approximately \$4 trillion in 2025 to approximately \$5 trillion in 2026; (ii) growth in the stablecoins market from approximately \$300 billion in 2025 to approximately \$450 billion by the end of 2026; and (iii) growth in the market capitalization of tokenized securities from an estimated \$27 billion at the end of 2025 to approximately \$77 billion in 2026.

- " Securitize-specific assumptions, including (i) growth in assets under management of tokenized funds from approximately \$4 billion at the end of 2025 to approximately \$9 billion by the end of 2026; (ii) an increase in the number of contracted asset managers from approximately 185 at the end of 2025 to approximately 200 by the end of 2026; (iii) the integration of six additional onchain protocols during 2026, increasing the total number of integrated protocols from an estimated 19 at the end of 2025 to 25 by the end of 2026; and (iv) approximately 75 issuers of tokenized equities by the end of 2026.

The Estimates did not take into account any circumstances or events occurring after the date on which they were prepared. The Estimates were prepared in September 2025. Since the date the Estimates were prepared and after the announcement of the Business Combination, (i) the market capitalization of crypto has decreased, and

(ii) Securitize has

135

determined that Securitize's tokenized assets under management are likely to increase by less than the 2026 Estimate anticipated and that certain of the contracted revenue is unlikely to fully materialize without a substitute counter party (which Securitize is actively sourcing) during fiscal year 2026. Because such events occurred after the date the Business Combination was announced, the CEPT Board did not consider such factors in its approval of the Business Combination and the CEPT Board has not received any updated estimates. These and additional events that may occur in the future may decrease the likelihood that Securitize achieves the 2026 Estimate. This proxy statement/prospectus includes Securitize's financial results as of and for the year ended December 31, 2025. Although the 2025 Estimate estimated revenue of \$69 million for 2025, Securitize ultimately recognized \$62.2 million revenue in 2025 (approximately \$7 million lower than the 2025 Estimate), primarily due to (i) a deferral of \$6.4 million in revenue from a particular services contract, now expected to be recognized in 2026, and (ii) the identification of a financing component related to certain contracts, resulting in the deferral of approximately \$0.7 million of revenue originally expected to be recognized in 2025, which is instead expected to be recognized as other income over the applicable periods. There can be no assurances that the entirety of the \$7.1 million will be recognized in 2026 or at all. In addition, although the 2025 Estimate projected Adjusted EBITDA of \$17 million, Securitize's Adjusted EBITDA for the year ended December 31, 2025 was \$3.4 million. The variance was primarily due to the revenue deferrals described above, the inclusion of approximately \$5.1 million of losses on digital assets associated with decreases in market values at year-end, and higher staffing costs than anticipated in the 2025 Estimate.

These groups of companies were selected by CF&Co. based on, among other factors, the fact that they are publicly traded companies with operations and businesses that, for purposes of this analysis, were considered by CF&Co. to be relevant to those of Securitize. None of the Comparable Companies was identical to Securitize, or one another. Therefore, the Comparable Company Analysis is subject to certain limitations and a complete valuation analysis of Securitize cannot rely solely upon a quantitative review of the selected public companies, but rather must involve complex considerations and judgments concerning differences in financial and operating characteristics of such companies that could affect their value relative to that of Securitize. See the

General

section below for more detail on judgments and assumptions made by CF&Co. as part of the Comparable Company Analysis.

Precedent Transaction Analysis

The CEPT Board also considered illustrative transaction valuations and the implied LTM revenue and LTM Adjusted EBITDA multiples for two groups of M&A transactions (the

Precedent Transaction Analysis

), including:

Crypto Centric Trading Platforms (the

Crypto Centric Precedent Transaction Group

): The Crypto Centric Trading Platforms Precedent Transaction Group included a selection of transactions with target companies offering, among other things, platforms for trading, holding and otherwise providing services with respect to cryptocurrencies. The Crypto Centric Precedent Transaction Group was comprised of 24 transactions announced since 2021 with seven transactions having observable LTM revenue multiples and three transactions having observable LTM Adjusted EBITDA multiples.

Traditional Issuer Service Providers (the

Traditional Issuer Service Provider Precedent Transaction Group

): The Traditional Issuer Services Providers Precedent Transaction Group included a selection of transactions with target companies offering, among other things, a range of reporting, accounting and other investor services. The Traditional Issuer Service Provider Transaction Group was comprised of 25 transactions announced since 2021 with seven transactions having observable LTM revenue multiples and four transactions having observable LTM Adjusted EBITDA multiples.

These groups of transactions were selected by CF&Co. based on, among other factors, the fact that they have operations and businesses that, for purposes of this analysis, were considered by CF&Co. to be relevant to those of Securitize. The Precedent Transaction Analysis is subject to certain limitations due to (i) limited information including relevant financial metrics available for precedent transactions and (ii) none of the transactions included in the Precedent Transaction Analysis being identical to the Business Combination. Therefore, a complete valuation analysis of Securitize cannot rely solely upon a quantitative review of the selected transactions, and involves complex considerations and judgments concerning differences in financial and operating characteristics of such transactions that could affect their value relative to that of the Business Combination. See the

General

section below for more detail on judgments and assumptions made by CF&Co. as part of the Precedent Transaction Analysis.

General

CF&Co. based the Comparable Company Analysis and Precedent Transaction Analysis described above on assumptions that it deemed reasonable, including assumptions concerning general business and economic conditions and industry-specific factors. In conducting its valuation analysis, CF&Co. considered the results of all its analyses and did not attribute any particular weight to any one analysis or factor. CF&Co. arrived at its valuation based on the results of all analyses undertaken by it and assessed as a whole and believes that the totality of the factors considered and analyses performed by CF&Co. in connection with its valuation analysis operated collectively. The foregoing summary does not purport to be a complete description of the analyses performed by CF&Co. in connection with the valuation. The preparation of a valuation involves various determinations as to the most appropriate and relevant quantitative and qualitative methods of financial analyses and the application of those methods to the particular

137

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

circumstances and, therefore, is not readily susceptible to summary description. The analyses performed by CF&Co., particularly those based on estimates, are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than suggested by such analyses. None of the public companies used in the Comparable Company Analysis described above are identical to Securitize and none of the precedent transactions used in the Precedent Transaction Analysis described above are identical to the Business Combination. Additionally, selected Comparable Companies involved companies at a more advanced stage of development than Securitize. Accordingly, an analysis of publicly traded comparable companies and precedent transactions is not mathematical; rather it involves complex considerations and judgments concerning the differences in financial and operating characteristics of the companies and other factors that could affect the value of PubCo and the public trading values of the companies to which it was compared. The analyses do not purport to be appraisals or to reflect the prices at which any securities may trade at the present time or at any time in the future. The analyses were based on information available at their time of preparation and accordingly, the analyses do not take into account any subsequent information, events, or circumstances.

Securitize does not maintain multi-year projections in its normal course of operations. As a result of not having multi-year projections, CF&Co. was unable to perform, and the CEPT Board was unable to consider, a discounted cash flow analysis. CF&Co.'s valuation was just one of the many factors taken into consideration by the CEPT Board in determining to approve the Business Combination. Consequently, CF&Co.'s analysis should not be viewed as determinative of the decision of the CEPT Board.

The CEPT Board selected CF&Co. as its exclusive financial advisor in connection with the Business Combination based on CF&Co.'s reputation as a leading global provider of advisory and capital markets services, experience with SPAC business combinations and expertise in mergers and acquisitions, as well as its familiarity with CEPT. Pursuant to the M&A Engagement Letter, CEPT engaged CF&Co. as its exclusive financial advisor in connection with the Business Combination, pursuant to which CF&Co. will receive a cash fee at the Closing of between \$12.5 million and \$18.8 million (the

M&A Fee

). The final amount of the M&A Fee will be determined based on redemptions of CEPT Class Ordinary A Shares at the Closing. CF&Co. was also previously engaged by CEPT pursuant to the Business Combination Marketing Agreement pursuant to which it will receive a \$8.4 million cash fee at the Closing. Further, CF&Co. has been engaged by CEPT and PubCo as a co-placement agent in connection with the PIPE Investment, pursuant to which CF&Co. expects to receive approximately \$4.3 million of cash fees at the Closing. Payment of the foregoing fees is contingent on the Closing. Additionally, CF&Co. and/or its affiliates may seek to provide PubCo with certain investment banking and other services unrelated to the Business Combination in the future. CF&Co. also served as the lead underwriter in the CEPT IPO and received a fee of \$4.8 million upon closing of the CEPT IPO.

CF&Co. is an affiliate of each of CEPT and the Sponsor. For additional information on the fees to be paid to CF&Co. and conflicts of interest, see the sections of this proxy statement/prospectus titled

Certain CEPT Relationships and Related Party Transactions

and

The Business Combination Proposal Interests of the Sponsor and CEPT's Directors and Executive Officers in the Business Combination.

In the ordinary course of business, CF&Co. and its affiliates may actively trade the equity and debt securities and/or debt of CEPT, PubCo and their respective affiliates for the account of CF&Co.'s customers.

Satisfaction of 80% Test

It is a requirement under the CEPT Memorandum and Articles and Nasdaq listing requirements that the business or assets acquired in CEPT's initial business combination have a fair market value equal to at least 80% of the balance of the funds in the Trust Account (excluding taxes payable on the income earned on the Trust Account) at the time of the execution of a definitive agreement for its initial business combination.

As of October 27, 2025, the date of the execution of the Business Combination Agreement, the balance of the funds in the Trust Account was approximately \$244.9 million and 80% thereof represents approximately \$195.9 million. In reaching its conclusion that the Business Combination meets the 80% asset test, the CEPT Board looked at the pre-money equity value of Securitize, which is valued at approximately \$1.25 billion in accordance with the Business Combination Agreement. In determining whether the value described above represents the fair market value of the Business Combination, the CEPT Board considered all of the factors described above in this section and the fact that the valuation was borne from an auction process and the result of an arm's length negotiation

138

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

between CEPT and Securitize, and the PIPE Investors binding commitments to fund the PIPE Investment based on that valuation. As a result, the CEPT Board concluded that the fair market value of the business or assets acquired was significantly in excess of 80% of the assets held in the Trust Account (excluding taxes payable on the income earned on the Trust Account). In light of the financial background and experience of the members of CEPT's management team and the CEPT Board, the CEPT Board believes that the members of its management team and the CEPT Board are qualified to determine whether the Business Combination meets the 80% asset test. The CEPT Board did not seek or obtain a fairness opinion (or any similar report or appraisal) in determining whether the 80% asset test has been met.

Interests of the Sponsor and CEPT's Directors and Executive Officers in the Business Combination

When Public Shareholders consider the recommendation of the CEPT Board in favor of approval of the Business Combination and other Proposals, Public Shareholders should keep in mind that the Sponsor and CEPT's directors and officers have interests in the Proposals that are different from, or in addition to (and which may conflict with), the interests of a Public Shareholder as a CEPT Shareholder. These interests include, among other things:

" As of the date hereof, the Sponsor is the record holder of 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares. The following persons have material interests in the Sponsor: Cantor is the sole member of the Sponsor; CFGM is the managing general partner of Cantor; and Brandon G. Lutnick is the controlling trustee of the trusts owning all of the voting shares of CFGM and the Chairman and Chief Executive Officer of CFGM and Cantor. As of the date hereof, each of Cantor, CFGM and Brandon G. Lutnick may be deemed to have beneficial ownership of the CEPT Ordinary Shares held directly by the Sponsor. Each such entity or person disclaims any beneficial ownership of the reported shares other than to the extent of any pecuniary interest they may have therein, directly or indirectly. As of the date hereof, other than Brandon G. Lutnick (as described above) and Danny Salinas (who has a minority limited partnership interest in Cantor), none of CEPT's other directors or executive officers has a direct or indirect ownership interest in the Sponsor and none of CEPT's directors or executive officers has beneficial ownership of the CEPT Ordinary Shares held directly by the Sponsor;

" The Sponsor paid \$25,000, or approximately \$0.004 per share, for the 6,000,000 CEPT Founder Shares, and \$5,800,000, or \$10.00 per share, for the 580,000 CEPT Private Placement Shares. As of October 27, 2025, the aggregate value of such shares is estimated to be approximately \$81.1 million, assuming the per share value of the shares is the same as the \$12.33 closing price of the CEPT Class A Ordinary Shares on Nasdaq on October 28, 2025 (the date the proposed Business Combination was announced). As a result, the Sponsor is likely to be able to recoup its investment in CEPT and make a substantial profit on that investment, even if shares of PubCo Common Stock lose significant value after the Closing. This means that the Sponsor could earn a positive rate of return on its investment, even if Public Shareholders experience a negative rate of return in PubCo;

" The 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares held by the Sponsor and purchased by the Sponsor for \$5,825,000 will be worthless if a business combination is not consummated by CEPT by the end of the Combination Period (as defined below);

" Pursuant to the Insider Letter, Sponsor agreed that, subject to limited exceptions, the 580,000 CEPT Class A Ordinary Shares it holds will not be sold or

transferred until 30 days after CEPT has completed a business combination and that the 6,000,000 CEPT Founder Shares it holds will not be sold or transferred until the earlier of (a) the one-year anniversary of CEPT's initial business combination, (b) subsequent to CEPT's initial business combination, (x) if the last reported sale price of the CEPT Class A Ordinary Shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after CEPT's initial business combination, and (c) the date on which CEPT completes certain material transactions that result in all of its shareholders having the right to exchange their shares for cash, securities or other property. The Sponsor Support Agreement shortens the lock-up that will apply to the Post-Combination Founder Shares from one year to 180 days, and provides that one-third of the Post-Combination Founder Shares are subject to early-release in the event the VWAP of a share of PubCo Common Stock exceeds \$12.50, \$15.00 and \$17.50, in each case for at least 20 out of 30 consecutive trading days commencing 90 days after the Closing, and removes clause (b) above;

139

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

" CF&Co., an affiliate of the Sponsor and Cantor, is a party to the PIPE Engagement Letter pursuant to which PubCo, Securitize and CEPT engaged CF&Co. as a co-placement agent for the PIPE Investment. CF&Co. is also a party to the M&A Engagement Letter pursuant to which CEPT engaged CF&Co. as CEPT's exclusive financial advisor for the Business Combination. Pursuant to the PIPE Engagement Letter, for the services provided thereto CF&Co. will receive a cash fee at the Closing equal to approximately \$4.3 million (assuming that all PIPE Investors fund, or are deemed to have funded, their commitments in their PIPE Subscription Agreements and excluding certain PIPE Investors who had pre-existing investments in Securitize). Pursuant to the M&A Engagement Letter, for the services provided thereto, CF&Co. will receive a cash fee at the Closing equal to 1% of the Securitize Equity Value, and up to an additional 0.5% of the Securitize Equity Value (which shall be reduced in proportion to the number of Public Shares redeemed prior to the Closing). In addition, CF&Co. is also a party to the Business Combination Marketing Agreement, pursuant to which CF&Co. will receive an \$8.4 million cash fee at the Closing. Payment of the foregoing fees are contingent on the Closing.

" The Sponsor and CEPT's officers and directors have agreed not to redeem any CEPT Ordinary Shares held by them in connection with a shareholder vote to approve a proposed business combination, including the Business Combination;

" The CEPT Memorandum and Articles provide that, to the fullest extent permitted by applicable law: (i) no individual serving as a director or an officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as CEPT; and (ii) CEPT renounces any interest or expectancy in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for any director or officer, on the one hand, and CEPT, on the other. In the course of their other business activities, CEPT's officers and directors may have, or may become aware of, other investment and business opportunities which may be appropriate for presentation to CEPT as well as the other entities with which they are affiliated. CEPT's management has pre-existing fiduciary duties and contractual obligations and if there is a conflict of interest in determining to which entity a particular business combination opportunity should be presented, any pre-existing fiduciary obligation will be presented the business combination opportunity before CEPT is presented with it. CEPT does not believe that the pre-existing fiduciary duties or contractual obligations of its officers and directors materially impacted its search for an acquisition target;

" CEPT has until the end of the Combination Period to consummate a business combination. If the Business Combination with Securitize is not consummated and CEPT does not consummate another business combination by the end of the Combination Period, CEPT will cease all operations except for the purpose of winding up, redeeming 100% of the issued and outstanding Public Shares for cash and, subject to the approval of its remaining shareholders and the CEPT Board, dissolving and liquidating, subject in each case above to CEPT's obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law. In such event, the 6,000,000 CEPT Founder Shares and 580,000 CEPT Private Placement Shares held by the Sponsor would be worthless because the Sponsor has waived its right to participate in any redemption or distribution with respect to such CEPT Ordinary Shares, and CF&Co. will not receive any of the fees described above;

" CEPT has issued the Sponsor Loan to the Sponsor in respect of up to \$1,750,000 of loans the Sponsor has made, and will make, to CEPT to fund CEPT's expenses relating to investigating and selecting an acquisition target and other working capital requirements. The Sponsor Loan does not bear interest and is repayable by CEPT to the Sponsor upon consummation of a business combination; provided that, at the Sponsor's option at any time on or prior to the consummation of the Business Combination, all or any portion of the amount outstanding under the Sponsor Loan may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Loan would be repaid only out of funds held outside of the Trust Account. As of March 31, 2026, CEPT had approximately \$605,000 outstanding under the Sponsor Loan. If the Business Combination or another business combination is not consummated by the end of the Combination Period, the Sponsor Loan may not be repaid to the Sponsor, in whole or in part;

140

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

" CEPT has also issued the Sponsor Note to the Sponsor in respect of up to \$3,600,000 of loans the Sponsor will make to CEPT in connection with a Redemption Event, such that an amount equal to \$0.15 per Public Share being redeemed in connection with the applicable Redemption Event will be added to the Trust Account and paid to the holders of the applicable redeemed Public Shares on such Redemption Event. The Sponsor Note does not bear interest and is repayable by CEPT to the Sponsor upon consummation of a business combination; provided that, at the Sponsor's option at any time on or prior to the consummation of the Business Combination, all or any portion of the amount outstanding under the Sponsor Note may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Note would be repaid only out of funds held outside of the Trust Account. As of March 31, 2026, CEPT had \$0 outstanding under the Sponsor Note. The Sponsor Note, if drawn, will not be repaid to the extent that the amount of the Sponsor Note exceeds the amount of available proceeds not deposited in the Trust Account if a business combination is not completed;

" If CEPT is unable to complete a business combination by the end of the Combination Period, the Sponsor has agreed to be liable to CEPT if and to the extent of any claims by a third party for services rendered or products sold to CEPT or by a prospective acquisition target with which CEPT has entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, in each case, reduce the amount of redemption amount to below the lesser of (i) the sum of (A) \$10.00 per Public Share and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event and (ii) the sum of (A) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per share due to reductions in the value of the trust assets, less interest released to pay taxes, and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event, provided that such liability will not apply to any claims by a third party or prospective

acquisition target who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under CEPT's indemnity of the underwriters of the CEPT IPO against certain liabilities, including liabilities under the Securities Act nor to claims brought by CEPT's public auditor;

" The Sponsor, CEPT's officers and directors and their affiliates are entitled to reimbursement for any out-of-pocket expenses incurred by them in connection with certain activities on CEPT's behalf, such as identifying, investigating, negotiating and completing a business combination. If CEPT does not complete a business combination by the end of the Combination Period, CEPT may not have the cash necessary to reimburse these expenses. As of the date of this proxy statement/prospectus, none of the Sponsor, CEPT's officers and directors or their affiliates has incurred any such expenses which would be reimbursed at the Closing; and

" CEPT's officers and directors will be eligible for continued indemnification and continued coverage under a tail policy for CEPT's directors' and officers' liability insurance policy for up to a six-year period from and after the Closing for events occurring prior to the Closing, which tail policy is to be paid for by PubCo at the Closing pursuant to the Business Combination Agreement. If the Business Combination does not close, CEPT's officers and directors may not receive this tail insurance coverage.

Unrelated to the Business Combination, affiliates of the Sponsor and Cantor, including Cantor's asset management division, are customers of Securitize and pay Securitize fees for providing services. Cantor and its affiliates may pursue additional business relationships and opportunities in the future with Securitize unrelated to the Business Combination.

For more information, see

Certain CEPT Relationships and Related Party Transactions

and see the risk factor entitled

Risk Factors Risks Related to the Business Combination Since the Sponsor and CEPT's directors and officers have interests that are different from, or in addition to (and which may conflict with), the interests of Public Shareholders, a conflict of interest may have existed in determining whether the Business Combination with PubCo and Securitize is appropriate as CEPT's initial business combination. Such interests include that the Sponsor will lose its entire investment in CEPT if the Business Combination is not completed or any other business combination is not completed.

CEPT's management determined that, in light of the potential conflicting interests described above with respect to the Sponsor and its affiliates, the CEPT Audit Committee should separately review and consider the potential conflicts of interest with respect to the Sponsor and its Affiliates arising out of the proposed Business Combination and the proposed terms in respect thereof. Accordingly, the CEPT Audit Committee reviewed and considered such interests and, after taking into account the factors they deemed applicable (including the potential conflicting interests), unanimously approved the Business Combination Agreement and the transactions contemplated therein.

Interests of PubCo's Directors and Executive Officers in the Business Combination

In considering the recommendation of the CEPT Board to vote in favor of approval of the Proposals, CEPT Shareholders should keep in mind that the directors and executive officers of PubCo have interests in such Proposals that are different from or in addition to, those of CEPT Shareholders. In particular:

" PubCo intends to grant equity awards under the Incentive Plan to PubCo's Chief Executive Officer, Chief Financial Officer and Chief Operating Officer. As recipients of the anticipated equity awards, PubCo's Chief Executive Officer, Chief Financial Officer and Chief Operating Officer may have interests in the Business Combination that are different from or in addition to, the shareholders of PubCo; and

" The fact that Carlos Domingo, Chief Executive Officer of PubCo, is expected to become a director of PubCo at Closing.

Consideration to be Received by, and Securities to be Issued to, the Sponsor and its Affiliates

Set forth below is a summary of the terms and amount of the consideration received or to be received by the Sponsor and its Affiliates in connection with the Business Combination, the PIPE Investment, the amount of securities issued or to be issued by PubCo to the Sponsor and its Affiliates and the price paid or to be paid or consideration provided for such securities or any related financing transaction.

Potential Purchases of Public Shares

In connection with the CEPT Shareholder vote to approve the Business Combination, the Sponsor, CEPT's directors, officers, advisors or any of their respective affiliates may purchase Public Shares in privately negotiated transactions or in the open market either prior to or following the completion of the Business Combination, although they are under no obligation to do so.

Any such purchases shall be effected at a price per share no higher than the amount per share a Public Shareholder would receive if it elected to have its Public Shares redeemed in connection with the Business Combination. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. None of the funds in the Trust Account will be used to purchase Public Shares in such transactions. Such a purchase may include a contractual acknowledgment that such shareholder, although still the record holder of Public Shares is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that the Sponsor, CEPT's directors and officers or any of their affiliates purchase

Public Shares in privately negotiated transactions from Public Shareholders who have already elected to exercise their redemption rights, such selling shareholders would be required to revoke their prior elections to redeem their Public Shares. It is intended that, if Rule 10b-18 under the Exchange Act would apply to such purchases, then such purchases will comply with Rule 10b-18 under the Exchange Act, to the extent it applies, which provides a safe harbor for purchases made under certain conditions, including with respect to timing, pricing and volume of purchases. Any such purchases, together with the CEPT Ordinary Shares currently owned by the Sponsor, could influence the vote on the Business Combination or otherwise result in the completion of the Business Combination that may not otherwise have been possible.

Additionally, at any time at or prior to the consummation of the Business Combination, subject to applicable securities laws (including with respect to material non-public information), the Sponsor, CEPT's directors and officers and their affiliates may enter into transactions with investors and others to provide them with incentives to acquire Public Shares or not to elect to have their Public Shares redeemed. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. None of the funds in the Trust Account will be used to purchase public shares in such transactions.

In the event the Sponsor, CEPT's directors and officers or their affiliates were to purchase Public Shares from Public Shareholders, such purchases would be structured in compliance with the requirements of Rule 14e-5 under the Exchange Act to the extent such rule is applicable including, in pertinent part, through adherence to the following:

" CEPT would disclose in this proxy statement/prospectus the possibility that the Sponsor, CEPT's directors and officers or their affiliates may Public Shares from Public Shareholders outside the redemption process, along with the purpose of such purchases;

143

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

" if the Sponsor, CEPT's directors and officers or their affiliates were to purchase Public Shares from Public Shareholders, they would do so at a price no higher than the price offered through the redemption process;

" CEPT would include in this proxy statement/prospectus a representation that any of the Public Shares purchased by the Sponsor, CEPT's directors and officers or their affiliates would not be voted in favor of approving the Business Combination;

" the Sponsor, CEPT's directors and officers or their affiliates would either not possess any redemption rights with respect to such Public Shares or they would waive such rights; and

" CEPT would disclose in a Form 8-K filed prior to the Meeting, the following items, to the extent material:

" the amount of Public Shares purchased outside of the redemption offer by the Sponsor, CEPT's directors and officers or their affiliates, along with the average purchase price;

" the purpose of the purchases by the Sponsor, CEPT's directors and officers or their affiliates;

" the impact, if any, of the purchases by the Sponsor, CEPT's directors and officers or their affiliates on the likelihood that the Business Combination will be approved at the Meeting;

" the identities of the CEPT Shareholders who sold Public Shares to the Sponsor, CEPT's directors and officers or their affiliates (if not purchased in the open market) or the nature of the CEPT Shareholders (e.g., 5% shareholders) who sold Public Shares to the Sponsor, CEPT's directors and officers or their affiliates; and

" the number of Public Shares for which CEPT has received redemption requests pursuant to its redemption offer as of a date shortly prior to the filing date of the Form 8-K.

If such purchases are made, the public float

of CEPT Class A Ordinary Shares may be reduced and the number of beneficial holders of CEPT Class A Ordinary Shares may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of Public Shares on Nasdaq or another securities exchange. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such.

Recommendation of the CEPT Board

After careful consideration of the matters described above, the CEPT Board determined unanimously that each of the Business Combination Proposal, the Merger Proposal, the Organizational Documents Proposals, the Nasdaq Proposal and the Adjournment Proposal, if presented, is advisable and in the commercial interests of CEPT and the

CEPT Shareholders and unanimously recommend that you vote or give instructions to vote FOR

each of these Proposals.

The foregoing discussion of the information and factors considered by the CEPT Board is not meant to be exhaustive but includes the material information and factors considered by the CEPT Board as well as any other factors that the CEPT Board deemed relevant. The CEPT Board's decision to approve the Business Combination was based on factors existing as of the date of its approval on October 27, 2025.

Required Vote and Recommendation of the CEPT Board

The Closing is conditioned on, among other things, the approval of the Business Combination Proposal at the Meeting. The consummation of the Business Combination will require an ordinary resolution, being a resolution passed at the Meeting by the affirmative vote of a simple majority of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum).

Abstentions and broker non-votes will be counted towards the quorum requirement but will not have an effect on approval or rejection of the Business Combination Proposal.

The Sponsor has agreed to vote its CEPT Ordinary Shares, representing approximately 21.5% of the issued and outstanding CEPT Ordinary Shares, in favor of the adoption and approval of the Business Combination Agreement and the Business Combination and each of the CEPT Shareholder Approval Matters as described below under The Business Combination Other Transaction Agreements Sponsor Support Agreement.

If the Business Combination Proposal is not approved, then the other Proposals (other than the Adjournment Proposal) will not be presented to the CEPT Shareholders for a vote.

PROPOSAL NO. 2 THE MERGER PROPOSAL

Overview

In connection with the Business Combination, CEPT Shareholders are being asked to consider and vote upon a proposal by a special resolution to approve and authorize (a) the CEPT Merger and the CEPT Plan of Merger, and (b) upon the CEPT Merger Effective Date, (i) the memorandum and articles of CEPT Surviving Subsidiary in the form annexed to the CEPT Plan of Merger in all respects, and (ii) the authorized share capital of CEPT be amended from \$55,500 divided into 500,000,000 Class A ordinary shares of a par value of \$0.0001 each, 50,000,000 Class B ordinary shares of a par value of \$0.0001 each and 5,000,000 preference shares of a par value of \$0.0001 each to \$50,000 divided into 5,000,000 ordinary shares of a nominal or par value of \$0.01 each. We refer to this Proposal as the Merger Proposal.

The Merger Proposal is described in. The form of the CEPT Plan of Merger is attached to this proxy statement/prospectus as Annex B.

Under the Business Combination Agreement, the approval by CEPT Shareholders of the Business Combination Proposal and the Merger Proposal is a condition to the consummation of the Business Combination. If either of those Proposals is not approved by CEPT Shareholders, the Business Combination will not be consummated, unless waived by the Parties. The Merger Proposal is conditioned upon the approval of the Business Combination Proposal. The Organizational Documents Proposals and the Nasdaq Proposal are conditioned upon the approval of the Business Combination Proposal and the Merger Proposal. The Adjournment Proposal is not conditioned on the approval of any other Proposal.

Reasons for the CEPT Merger

The authorization of the CEPT Plan of Merger requires the approval of CEPT Shareholders by special resolution as a matter of Cayman Islands law.

Appraisal or Dissenters' Rights

Under the Cayman Act, shareholders of a Cayman Islands exempted company ordinarily have a right to dissent to a statutory merger and if they so dissent, they are entitled to be paid the fair value of their shares, which if necessary, may ultimately be determined by the court. Therefore, CEPT Class A Record Holders have a right to dissent to the CEPT Merger. Public Shareholders are still entitled to exercise the rights of redemption as detailed in this proxy statement/prospectus and the redemption proceeds payable to Public Shareholders who exercise such redemption rights will represent the fair value of those shares.

The following is a brief summary of the rights of CEPT Shareholders to dissent from the CEPT Merger and receive payment of the fair value of their CEPT Ordinary Shares as determined by the Grand Court of the Cayman Islands (solely for purposes of this section, the

Court

) in accordance with the Section 238 of the Cayman Act (

dissenters' rights

). This summary is not a complete statement of the law and is qualified in its entirety by the complete text of Sections 238 and 239 of the Cayman Act, a copy of which is attached as Annex J to this proxy statement/prospectus. If you are contemplating the possibility of dissenting from the CEPT Merger, you should carefully review the text of Annex J, particularly the procedural steps required to perfect your dissenters' rights. These procedures are complex and you should consult your Cayman Islands legal counsel. If you do not fully and precisely satisfy the procedural requirements of the Cayman Act, you will lose your dissenters' rights.

Requirements for Exercising Dissenters' Rights

A dissenting CEPT Class A Record Holder is entitled to payment of the fair value of its CEPT Class A Ordinary Shares as determined by the Court upon dissenting from the CEPT Merger in accordance with Section 238 of the Cayman Act.

The valid exercise of a CEPT Class A Record Holder's dissenters' rights will preclude the exercise of any other rights by virtue of holding CEPT Class A Ordinary Shares in connection with the CEPT Merger, other than the right to participate fully in proceedings to determine the fair value of CEPT Class A Ordinary Shares held by such holder and to seek relief on the grounds that the CEPT Merger is void or unlawful. Therefore, if a CEPT Class A Record

Holder

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Holder properly exercises its dissenters' rights, such holder will not receive any shares of PubCo Common Stock in the CEPT Merger. To exercise dissenters' rights, you must be a CEPT Class A Record Holder and the following procedures must be followed:

(1) A CEPT Class A Record Holder must give written notice of objection (

Notice of Objection

) to CEPT prior to the vote to approve the CEPT Merger at the Meeting. The Notice of Objection must include a statement that such holder proposes to demand payment for its CEPT Class A Ordinary Shares if the CEPT Merger is authorized by the vote at the Meeting.

(2) Within 20 days immediately following the date on which the vote authorizing the CEPT Merger is made, CEPT must give written notice of the authorization (

Authorization Notice

) to all dissenting shareholders who have served a Notice of Objection.

(3) Within 20 days immediately following the date on which the Authorization Notice is given (the

Dissent Period

), any dissenting shareholder who elects to dissent must give a written notice of its decision to dissent (a

Notice of Dissent

) to CEPT stating its name and address and the number and class of CEPT Class A Ordinary Shares with respect to which it dissents and demanding payment of the fair value of its CEPT Class A Ordinary Shares. A dissenting shareholder who dissents must do so in respect of all the CEPT Class A Ordinary Shares which it holds. Upon giving of the Notice of Dissent, the dissenting shareholder shall cease to have any of the rights of a shareholder of CEPT except the right to be paid the fair value of its CEPT Class A Ordinary Shares, the right to participate fully in proceedings to determine the fair value of such CEPT Class A Ordinary Shares and the right to seek relief on the grounds that the CEPT Merger is void or unlawful.

(4) Within seven days immediately following (a) the date of expiry of the Dissent Period or (b) the date on which the CEPT Plan of Merger is filed with the Cayman Islands Registrar, whichever is later, CEPT (or the surviving company in the CEPT Merger) must make a written offer (a

Fair Value Offer

) to each dissenting shareholder to purchase its CEPT Class A Ordinary Shares at a price determined by CEPT to be the fair value of such CEPT Class A Ordinary Shares.

(5) If, within 30 days immediately following the date of the Fair Value Offer, CEPT and the dissenting shareholder fail to agree on a price at which CEPT will purchase the dissenting shareholder's CEPT Class A Ordinary Shares, then, within 20 days immediately following the date of the expiry of such 30-day period, CEPT

must, and the dissenting shareholder may, file a petition with the Court for a determination of the fair value of the CEPT Class A Ordinary Shares held by all dissenting shareholders who have served a Notice of Dissent, which petition by CEPT must be accompanied by a verified list containing the names and addresses of all members who have filed a Notice of Dissent and who have not agreed with CEPT as to the fair value of such CEPT Class A Ordinary Shares (if a dissenting shareholder files a petition, CEPT must file such verified list within 10 days after service of such petition on CEPT).

(6) If a petition is timely filed and served, the Court will determine at a hearing at which shareholders are entitled to participate, (a) the fair value of such CEPT Class A Ordinary Shares held by those shareholders as the Court finds are involved with a fair rate of interest, if any, to be paid by CEPT upon the amount determined to be the fair value and (b) the costs of the proceeding and the allocation of such costs upon the parties.

All notices and petitions must be executed by or for the shareholder of record or a person duly authorized on behalf of that shareholder, fully and correctly, as such shareholder's name appears on the register of members of CEPT. If CEPT Class A Ordinary Shares are owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, these notices must be executed by or for the fiduciary. If CEPT Class A Ordinary Shares are owned by or for more than one person such notices and petitions must be executed by or for all joint owners. An authorized agent, including an agent for two or more joint owners, may execute the notices or petitions for a shareholder of record. The agent must, however, identify the record owner and expressly disclose the fact that, in exercising the notice, he or she is acting as agent for the record owner. A person having a beneficial interest in CEPT Class A Ordinary Shares held of record in the name of another person, such as a broker or other nominee, must act promptly to cause the record holder to follow the steps summarized above and in a timely manner to perfect whatever dissenters' rights attached to such CEPT Class A Ordinary Shares. If a CEPT Shareholder has any questions about who the record holder of its CEPT Class A Ordinary Shares is, or how to become the registered holder of its CEPT Class A Ordinary Shares, such CEPT Class A Record Holder should contact its broker or nominee.

It is a CEPT Shareholder's responsibility to ensure that it is a registered holder of CEPT Class A Ordinary Shares prior to the Meeting in order to exercise its dissenters' rights.

147

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

If a CEPT Class A Record Holder does not satisfy each of these requirements and comply strictly with all procedures required by the Cayman Act with regard to the exercise of dissenters' rights, such CEPT Class A Record Holder cannot exercise dissenters' rights and will be bound by the terms of the Business Combination Agreement and the CEPT Plan of Merger. Submitting a proxy card that does not direct how the CEPT Class A Ordinary Shares represented by that proxy are to be voted will give the proxy discretion to vote as it determines appropriate. In addition, failure to vote its CEPT Ordinary Shares, or a vote against the Business Combination Proposal or the Merger Proposal, will not alone satisfy the notice requirement to submit a Notice of Objection referred to above. CEPT Class A Record Holders must send all notices to CEPT at 110 East 59th Street, New York, NY, 10022, attention: Secretary.

If a CEPT Class A Record Holder is considering dissenting, such CEPT Class A Record Holder should be aware that the fair value of its CEPT Class A Ordinary Shares as determined by the Court under Section 238 of the Cayman Act could be more than, the same as, or less than the value of the assets that it would otherwise receive as consideration pursuant to the Business Combination Agreement if it does not exercise dissenting rights with respect to its CEPT Class A Ordinary Shares. CEPT Class A Shareholders may also be responsible for the cost of any appraisal proceedings.

The provisions of Section 238 of the Cayman Act are technical and complex. If a CEPT Class A Record Holder fails to comply strictly with the procedures set forth in Section 238, it will lose its dissenters' rights. Additionally, appraisal rights under Section 238 are subject to the limitation set forth in Section 239 of the Cayman Act. In particular, appraisal rights could be lost and extinguished where CEPT and the other parties to the Business Combination Agreement determine to delay the consummation of the Business Combination in order to invoke the limitation on dissenter rights under Section 239 of the Cayman Act. CEPT Class A Record Holders should consult their Cayman Islands legal counsel if they wish to exercise dissenters' rights.

Required Vote and Recommendation of the CEPT Board

The Closing is conditioned on, among other things, the approval of the Merger Proposal. The approval of the Merger Proposal will require a special resolution, being a resolution passed at the Meeting by the affirmative vote of at least two-thirds of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). Abstentions and broker non-votes will be counted towards the quorum requirement but will not have an effect on the Merger Proposal. The adoption of the Merger Proposal is conditioned upon the adoption of the Business Combination Proposal.

The Sponsor has agreed to vote its CEPT Ordinary Shares in favor of the adoption and approval of the Business Combination Agreement and the Business Combination and each of the CEPT Shareholder Approval Matters as described above under

The Business Combination Other Transaction Agreements Sponsor Support Agreement.

The full text of the resolutions to be passed is as follows:

) be authorized to merge with and into Pinecrest Merger Sub (the SPAC Merger Sub

CEPT Plan of Merger

) be and is hereby authorized, approved and confirmed in all respects and the Company be authorized to enter into the CEPT Plan of Merger, and (iii) upon the Effective Date (as defined in the CEPT Plan of Merger) (a) the memorandum and articles of Surviving Company (as defined in the CEPT Plan of Merger) in the form annexed to the CEPT Plan of Merger be approved in all respects, and (b) the authorized share capital of the Company be amended from US\$55,500 divided into 500,000,000 Class A ordinary shares of a par value of US\$0.0001 each, 50,000,000 Class B ordinary shares of a par value of US\$0.0001 each and 5,000,000 preference shares of a par value of US\$0.0001 each to US\$50,000 divided into 5,000,000 ordinary shares of a nominal or par value of US\$0.01 each by cancelling all issued and

PROPOSAL NO. 3 THE ORGANIZATIONAL DOCUMENTS PROPOSAL

Overview

As required by SEC guidance, CEPT Shareholders have the opportunity to present their views on important corporate governance provisions, CEPT is requesting that CEPT Shareholders vote upon, on a non-binding advisory basis, a proposal to approve certain governance provisions in the Proposed Organizational Documents, which are separately being presented. These separate votes are not otherwise required by Cayman Islands law or Delaware law. Accordingly, each of the CEPT Shareholder votes regarding each of the Organizational Documents Proposals is an advisory vote and it is not binding on CEPT or the CEPT Board, or PubCo or the PubCo Board. Furthermore, the Business Combination is not conditioned on the separate approval of any of the Organizational Documents Proposals. Accordingly, regardless of the outcome of the non-binding advisory votes on each of the Organizational Documents Proposals, the PubCo Charter and the PubCo Bylaws will take effect upon the Closing if the Business Combination Proposal and the Merger Proposal are approved.

The Organizational Documents Proposals are composed of the following proposals relating to the material differences between the CEPT Memorandum and Articles and the Proposed Organizational Documents:

- a. Proposal A: the Proposed Organizational Documents will provide for a classified PubCo Board with three classes, designated Class I, Class II and Class III, with each class being up for election on a rolling three-year basis, subject to an initial phase-in period.
- b. Proposal B: the Proposed Organizational Documents will require that the PubCo Board is elected by a plurality of the votes cast in respect of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. There shall be no cumulative voting in the election of directors.
- c. Proposal C: the Proposed Organizational Documents will provide that special meetings of the shareholders may be called only by the PubCo Board acting pursuant to a resolution adopted by a majority of the PubCo Board or by the Chair of the PubCo Board.
- d. Proposal D: the Proposed Organizational Documents will provide that a majority of the PubCo Board shall constitute a quorum for the transaction of business at any meeting of the PubCo Board and, except as otherwise expressly required by law or by the PubCo Charter, the act of a majority of the directors present at a meeting at which a quorum is present shall be the act of the PubCo Board. When a meeting is adjourned to another time or place (whether or not a quorum is present), notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting, the PubCo Board may transact any business which might have been transacted at the original meeting. If a quorum shall not be present at any meeting of the PubCo Board, the directors present thereat shall adjourn the meeting, from time to time, without notice other than announcement at the meeting, until a quorum shall be present.
- e. Proposal E: the Proposed Organizational Documents will provide that (a) PubCo must give written notice to shareholders entitled to vote at a meeting not less than ten (10) and not more than sixty (60) days before the date of such meeting, with such notice complying with any other requirements set by Delaware Law or the Proposed Organizational Documents, and (b) at an annual meeting of the shareholders, shareholder proposals must be brought, among other things, (i) pursuant to PubCo's notice of meeting (or any supplement thereto); (ii) by or at the direction of the PubCo Board or any committee thereof duly authorized; (iii) as may be provided in the certificate of designations for any class or series of preferred stock or (iv) by any shareholder of PubCo who (A) is a shareholder of record at the time of the giving of the notice, (B) is entitled to vote at such meeting and (C) complies with the procedures set forth in the PubCo Bylaws. Additionally, for proposals to be properly brought before an annual meeting of stockholders by a stockholder, the stockholder must have given timely notice thereof in writing to the Secretary of PubCo and any such proposed business (other than the nominations of persons for election to the PubCo Board) must constitute a proper matter for stockholder action.
- f. Proposal F: the Proposed Organizational Documents will provide for an exclusive forum for any filing, adjudication and trial of any action as set forth in the PubCo Charter, of the Court of Chancery of the State of Delaware (or, if the Court of Chancery of the State of Delaware does not have jurisdiction, the

federal district court for the District of Delaware); provided that unless the PubCo consents in writing to the selection of an alternative forum, to the fullest extent permitted by law, the sole and exclusive forum for any action asserting a cause of action arising under the Securities Act of 1933, or any rule or regulation promulgated thereunder, shall be the federal district courts of the United States.

The following table sets forth a summary of the principal proposed changes to be made between the CEPT Memorandum and Articles and the Proposed Organizational Documents for each of the proposals. This summary is qualified by reference to the complete text of the Proposed Organizational Documents, the form of which is attached to this proxy statement/prospectus as Annexes C and D. You are encouraged to read the Proposed Organizational Documents in its entirety for a more complete description of the terms of the Proposed Organizational Documents.

Proposal	CEPT Memorandum and Articles	Proposed Organizational Documents
Proposal A:	Classified or Unclassified Board	The CEPT Board is made up of two classes, Class I and Class II. The CEPT Memorandum and Articles provide that

the number of directors in each class shall be as nearly equal as possible. The Class I directors shall stand appointed for a term expiring at CEPT's first annual general meeting and the Class II directors shall stand appointed for a term expiring at CEPT's second annual general meeting. Commencing at CEPT's first annual general meeting, and at each annual general meeting thereafter, directors appointed to succeed those directors whose terms expire shall be appointed for a term of office to expire at the second succeeding annual general meeting after their appointment. The PubCo Bylaws provide that the PubCo Board will be divided into three classes, designated Class I, Class II and Class III, subject to the rights of the holders of any series of preferred stock to elect additional directors under specified circumstances from and after the Effective Time. Each director shall serve for a term ending on the date of the third annual meeting of stockholders next following the annual meeting at which such director was elected; provided that the term of office of the initial Class I directors shall expire at the first regularly-scheduled annual meeting of stockholders following the Effective Time, the term of office of the initial Class II directors shall expire at the second annual meeting of stockholders following the Effective Time and the term of office of the initial Class III directors shall expire at the third annual meeting of stockholders following the Effective Time. Notwithstanding the foregoing, each director shall hold office until the annual meeting at which his or her term expires and until his or her successor shall have been duly elected and qualified, or until his or her earlier death, resignation, retirement, disqualification or removal from office.

Proposal	CEPT Memorandum and Articles	Proposed Organizational Documents
Proposal B:	Election of Directors	The CEPT Memorandum and Articles provide that Directors may be appointed by ordinary resolution of CEPT Shareholders; provided that prior to the consummation of an initial business combination, only holders of CEPT Class B Ordinary Shares will have the right to vote on the appointment of directors of CEPT.
The CEPT directors may appoint any person to be a director, either to fill a vacancy or as an additional director provided that the appointment does not cause the number of directors to exceed any number fixed by or in accordance with the CEPT Memorandum and Articles as the maximum number of directors. Under the PubCo Bylaws, subject to the rights of the holders of any class or series of preferred stock to elect additional directors under specific circumstances, the PubCo Board is elected by a plurality of the votes cast in respect of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. There shall be no cumulative voting in the election of directors. Directors need not be shareholders of PubCo.		

See

Description of PubCo Securities

for the details of the composition of the PubCo Board.

Proposal	CEPT Memorandum and Articles	Proposed Organizational Documents
Proposal C:	Calling of Special Meeting of Shareholders	The CEPT Memorandum and Articles provide that the CEPT Board, the chief executive officer or the chairman of the CEPT Board may call general meetings, and, for the avoidance of doubt, holders of CEPT Ordinary Shares shall not have the ability to call general meetings. Under Delaware law, special meetings of the shareholders of a corporation may be called by the board of directors or by any other person authorized to call special meetings by the certificate of formation or bylaws of the corporation.
Under the Proposed Organizational Documents, special meetings of the stockholders of PubCo may be called only by the PubCo Board acting pursuant to a resolution adopted by a majority of the PubCo Board or by the Chair of the PubCo Board.		
The PubCo Charter provides that whenever holders of one or more classes or series of preferred stock shall have the right, voting separately as a class or series, to elect directors, such holders may call, pursuant to the terms of such class or series of Preferred Stock adopted by resolution or resolutions of the PubCo Board, special meetings of holders of such Preferred Stock.

Proposal	CEPT Memorandum and Articles	Proposed Organizational Documents
Proposal D:	Quorum of the Board of Directors	The quorum for the transaction of the business of the directors may be fixed by the directors, and unless so fixed shall be two if there are two or more directors, and shall be one if there is only one director. Pursuant to the terms and conditions of the PubCo Bylaws, unless the Proposed Organizational Documents require a greater number, a majority of the PubCo Board shall constitute a quorum for the transaction of business at any meeting of the PubCo Board and, except as otherwise expressly required by law or by the PubCo Charter, the act of a majority of the directors present at a meeting at which a quorum is present shall be the act of the PubCo Board.
When a meeting is adjourned to another time or place (whether or not a quorum is present), notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting, the PubCo Board may transact any business which might have been transacted at the original meeting. If a quorum shall not be present at any meeting of the PubCo Board, the directors present thereat shall adjourn the meeting, from time to time, without notice other than announcement at the meeting, until a quorum shall be present.		
The PubCo Bylaws provide that, unless otherwise provided under the Proposed Organizational Documents and subject to Delaware Law, the presence, in person or by proxy, of the holders of a majority of the voting power of all outstanding securities of PubCo generally entitled to vote at a meeting of stockholders shall constitute a quorum for the transaction of business.		
Unless otherwise required by the PubCo Charter and subject to Delaware Law, the affirmative vote of the holders of a majority of the votes cast at the meeting on the subject matter shall be the act of the stockholders. Abstentions and broker non-votes shall not be counted as votes cast.

Proposal CEPT Memorandum and Articles Proposed Organizational Documents

If a quorum shall not be present or represented at any meeting of the stockholders, the chairperson of the meeting or a majority in voting power of the stockholders present in person or represented by proxy may adjourn the meeting, without notice other than announcement at the meeting, until a quorum shall be present or represented. At such adjourned meeting at which a quorum shall be present or represented any business may be transacted that might have been transacted at the meeting as originally notified.

Proposal E: Notice of Shareholder Actions and Meetings The CEPT Memorandum and Articles provide that at least five (5) clear days' notice shall be given of any general meeting. Every notice shall specify the place, the day and the hour of the meeting and the general nature of the business to be conducted at the general meeting and shall be given in the manner mentioned in the CEPT Memorandum and Articles or such other manner if any as may be prescribed by CEPT, provided that a general meeting of CEPT shall, whether or not the notice specified in the CEPT Memorandum and Articles has been given and whether or not the provisions of the CEPT Memorandum and Articles regarding general meetings have been complied with, be deemed to have been duly convened if it is so agreed: (a) in the case of an annual general meeting, by all of the shareholders entitled to attend and vote at the meeting; and (b) in the case of an extraordinary general meeting, by a majority in number of the shareholders having a right to attend and vote at the meeting, together holding not less than 95% in par value of the shares giving that right.

The accidental omission to give notice of a general meeting to, or the non-receipt of notice of a general meeting by, any person entitled to receive such notice shall not invalidate the proceedings of that general meeting. The PubCo Bylaws provide that PubCo must give written notice not less than ten (10) and not more than sixty (60) days before the date of the meeting, to each stockholder entitled to vote at the meeting.

The notice shall include the place, if any, date and hour of the meeting, the means of remote communications, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such meeting, and in case of a special meeting, the purpose or purposes for which the meeting is called.

A written waiver of any notice signed by the person entitled thereto, or a waiver by electronic transmission by the person entitled to notice, whether before or after the time stated therein, shall be deemed equivalent to notice. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends the meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

Proposal CEPT Memorandum and Articles Proposed Organizational Documents

Proposal F: Exclusive Forum Unless CEPT consents in writing to the selection of an alternative forum, the courts of the Cayman Islands shall have exclusive jurisdiction over any claim or dispute arising out of or in connection with the CEPT Memorandum and Articles or otherwise related in any way to each CEPT Shareholder's shareholding in CEPT. The PubCo Charter provide that unless PubCo consents in writing to the selection of an alternative forum, to the fullest extent permitted by law, the sole and exclusive forum for (a) any derivative action or proceeding brought on behalf of PubCo, (b) any action asserting a claim of breach of a fiduciary duty owed by any current or former director, officer, other employee or stockholder of PubCo to PubCo or PubCo's stockholders (c) any action asserting a claim arising pursuant to any provision of Delaware Law, the Proposed Organizational Documents or as to which Delaware Law confers jurisdiction on the Court of Chancery of the State of Delaware, or (d) any action asserting a claim governed by the internal affairs doctrine of the law of the State of Delaware, shall be the Court of Chancery of the State of Delaware (or, if the Court of Chancery of the State of Delaware does not have jurisdiction, the federal district court for the District of Delaware).

Unless the PubCo consents in writing to the selection of an alternative forum, to the fullest extent permitted by law, the sole and exclusive forum for any action asserting a cause of action arising under the Securities Act of 1933, or any rule or regulation promulgated thereunder, shall be the federal district courts of the United States. The forum selection provision will not apply to actions arising under the Exchange Act.

Reasons for the Adoption of the Proposed Organizational Documents

The variations between the CEPT Memorandum and Articles and the Proposed Organizational Documents are desirable for the following reasons:

- a. The provisions on the three-class board (proposal A), the election of the directors (proposal B), calling of special meeting of shareholders (proposal C), quorum of the PubCo Board (proposal D) and notice of shareholder actions and meetings (proposal E) are necessary to reflect the changes in terms of corporate governance as a consequence of the Business Combination Agreement.
- b. The provision of an exclusive forum clause (proposal F) is intended to assist PubCo in avoiding multiple lawsuits in multiple jurisdictions regarding the same matter to assure consistent consideration of the issues and promote efficiency and cost-savings in the resolutions of claims. The Delaware courts have been selected to address disputes involving such matters given that PubCo is incorporated in Delaware and Delaware law generally applies to such matters. CEPT Shareholders should note the proposed exclusive forum clause may limit a shareholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with PubCo or its directors, officers, employees or agents, or could result in

154

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

increased costs for a shareholder to bring a claim, particularly if they do not reside in or near Delaware, both of which may discourage the filing of lawsuits with respect to such claims. At the same time, the provision will allow PubCo to retain the ability to consent to an alternative forum on a case-by-case basis where PubCo determines that its interests and those of its stockholders are best served by permitting such a dispute to proceed in a forum other than those set forth

under the Proposed Organizational Documents. There is, however, uncertainty as to whether a court would enforce these provisions, and investors cannot waive compliance with the federal securities laws and the rules and regulations thereunder. Additionally, Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder, and Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts with respect to suits brought to enforce a duty or liability created by the Securities Act or the rules and regulations thereunder.

Required Vote and Recommendation of the CEPT Board

The approval of each of the Organizational Documents Proposals does not require the passing of a resolution under the CEPT Memorandum and Articles or Cayman Islands law. Notwithstanding this, the CEPT Board is asking CEPT Shareholders to vote on each of the Organizational Documents Proposals on a non-binding advisory basis, being a non-binding advisory resolution passed by a simple majority of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement but will not have an effect on each of the Organizational Documents Proposals. The adoption of the Organizational Documents Proposals are conditioned upon the adoption of the Business Combination Proposal.

The full text of the resolutions to be passed is as follows:

RESOLVED, as separate non-binding advisory resolutions, that the following provisions of the Proposed Organizational Documents, including the differences between the Proposed Organizational Documents and the CEPT Memorandum and Articles be confirmed, ratified and approved:

Proposal A: the change from a board of directors consisting of two classes to a board of directors consisting of three classes;

Proposal B: the change that the board of directors is elected by a plurality of the votes cast by holders of shares of PubCo Common Stock (rather than solely by holders of CEPT Class B Ordinary Shares);

Proposal C: changes related to the parties that may call a special meeting of shareholders;

Proposal D: the changes to the quorum of the board of directors;

Proposal E: the changes to the notice of shareholder actions and meetings; and

Proposal F: the changes to the exclusive forum provision.

THE CEPT BOARD UNANIMOUSLY RECOMMENDS THAT CEPT SHAREHOLDERS VOTE FOR

THE APPROVAL OF EACH OF THE ORGANIZATIONAL DOCUMENTS PROPOSALS.

The existence of financial and personal interests of one or more of CEPT's directors may result in a conflict of interest on the part of such director(s) between what they may believe is in the commercial interests of CEPT and CEPT Shareholders and what they may believe is best for himself, herself or themselves in determining to recommend that CEPT Shareholders vote for the Proposals. See the section entitled

The Business Combination Proposal Interests of the Sponsor and CEPT's Directors and Executive Officers in the Business Combination for a further discussion.

PROPOSAL NO. 4 THE NASDAQ PROPOSAL

Overview

In connection with the Business Combination and the PIPE Investment, CEPT and PubCo intend to effect (subject to customary terms and conditions) the following issuances:

" by CEPT of (a) up to 535,000 CEPT Class A Ordinary Shares issuable in repayment of the Sponsor Loan and the Sponsor Note, and (b) up to 22,500,000 PIPE Shares issuable to the PIPE Investors upon consummation of the PIPE Investment, and

" by PubCo of (a) up to 156,675,245 shares of PubCo Common Stock in the Mergers (including up to 6,250,000 Securitize Earnout Shares), (b) an additional number of shares of PubCo Common Stock equal to 10% of the total number of shares of PubCo's Common Stock outstanding immediately following Closing that will, upon Closing, be reserved for issuance pursuant to the Incentive Plan and the ESPP plus an additional number of shares of PubCo Common Stock that may become issuable pursuant to the exercise or settlement of any Assumed Options and Assumed RSUs, and (c) up to 3,829,432 shares of PubCo Common Stock issuable upon exercise of the Assumed Warrants.

Reasons for the Approval for Purposes of Nasdaq Rule 5635

Under Nasdaq Rule 5635(a), shareholder approval is required prior to the issuance of securities in connection with the acquisition of another company if such securities are not issued in a public offering and (i) have, or will have upon issuance, voting power equal to or in excess of 20% of the voting power outstanding before the issuance of ordinary shares (or securities convertible into or exercisable for ordinary shares); or (ii) the number of ordinary shares to be issued is or will be equal to or in excess of 20% of the number of ordinary shares outstanding before the issuance of the share or securities.

Under Nasdaq Rule 5635(b), shareholder approval is required when any issuance or potential issuance will result in a change of control

of the issuer. Although Nasdaq has not adopted any rule on what constitutes a change of control

for purposes of Rule 5635(b), Nasdaq has previously indicated that the acquisition of, or right to acquire, by a single investor or affiliated investor group, as little as 20% of the ordinary shares (or securities convertible into or exercisable for ordinary shares) or voting power of an issuer could constitute a change of control.

Under Nasdaq Rule 5635(d), shareholder approval is required for a transaction other than a public offering involving the sale, issuance or potential issuance by an issuer of ordinary shares (or securities convertible into or exercisable for ordinary shares) at a price that is less than the Minimum Price, which is the lower of: (i) the Nasdaq official closing price immediately preceding the signing of the binding agreement; or (ii) the average Nasdaq official closing price of the common

stock for the five trading days immediately preceding the signing of the binding agreement if the number of shares of common stock to be issued is or may be equal to 20% or more of the common stock, or 20% or more of the voting power, outstanding before the issuance. Upon the consummation of the Business Combination, PubCo expects to issue, in the aggregate, up to an estimated 156,675,245 shares of PubCo Common Stock in the Mergers (including up to 6,250,000 Securitize Earnout Shares). For further details, see The Business Combination The Business Combination Agreement,

The Business Combination Covenants PIPE Investment
and
Executive and Director Compensation PubCo Summary of the Material Terms of the Incentive Plan.

On or prior to the Closing, CEPT may issue up to a maximum of 535,000 CEPT Class A Ordinary Shares to the Sponsor in repayment of the Sponsor Loan and the Sponsor Note (to the extent each is drawn in full and the Sponsor elects to have each repaid in CEPT Class A Ordinary Shares (at a deemed price of \$10.00 per share)). In addition, immediately prior to the Closing, CEPT expects to issue an aggregate of 22,500,000 PIPE Shares to the PIPE Investors at a per share price of \$10.00, which represents a discount to the Minimum Price of \$12.03.

In addition, in the future, PubCo may issue additional shares of PubCo Common Stock reserved for issuance under the Incentive Plan and under the Assumed Warrants. For further details, see

The Business Combination The Business Combination Agreement,

The Business Combination Covenants PIPE Investment
and
Executive and Director Compensation PubCo Summary of the Material Terms of the Incentive Plan.

156

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Accordingly, the aggregate number of (i) the maximum number of CEPT Class A Ordinary Shares that CEPT will issue in the PIPE, and, if the Sponsor so elects, upon repayment of the Sponsor Loan and the Sponsor Note in the form of CEPT Class A Ordinary Shares, and (ii) shares of PubCo Common Stock that PubCo will issue in connection with the Mergers (taking into account shares of PubCo Common Stock reserved for issuance under the Incentive Plan) will, in the aggregate, exceed 20% of both the voting power and the number of CEPT Ordinary Shares outstanding before such issuance and will result in a change of control of CEPT. For these reasons, CEPT is seeking the approval of CEPT Shareholders for the issuance of the PIPE Shares, the CEPT Class A Ordinary Shares issuable in repayment of the Sponsor Loan and the Sponsor Note, and the shares of PubCo Common Stock in connection with the Business Combination pursuant to Nasdaq Rules 5635(a), (b) and (d). For further details, see

The Business Combination The Business Combination Agreement
and
The Business Combination Covenants PIPE Investment.

Effect of the Proposal on CEPT Shareholders

In the event that the Nasdaq Proposal is approved by CEPT Shareholders, but the Business Combination Agreement is terminated (without the Business Combination being consummated) prior to the issuance of shares of PubCo Common Stock pursuant to the Business Combination Agreement or the issuance of PIPE Shares, CEPT will not issue the PIPE Shares or any CEPT Class A Ordinary Shares in repayment of the Sponsor Loan and/or Sponsor Note and PubCo will not issue such shares of PubCo Common Stock.

Required Vote and Recommendation of the CEPT Board

The approval of the Nasdaq Proposal will require an ordinary resolution, being a resolution passed at the Meeting by the affirmative vote of a simple majority of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). Abstentions and broker non-votes will be counted towards the quorum requirement but will not have an effect on the Nasdaq Proposal. The adoption of the Nasdaq Proposal is conditioned upon the adoption of the Business Combination Proposal.

The full text of the resolutions to be passed is as follows:

RESOLVED, as an ordinary resolution, that for the purposes of complying with the applicable provisions of Nasdaq Rules 5635(a), 5635(b) and 5635(d), the issuance (i) by CEPT of (a) up to 535,000 CEPT Class A Ordinary Shares issuable in repayment of certain debt owing from CEPT to the Sponsor, and (b) up to 22,500,000 PIPE Shares issuable to the PIPE Investors upon consummation of PIPE Investment, and (ii) by PubCo of (a) up to 156,675,245 shares of PubCo Common Stock that will be issuable in the Mergers, (b) an additional number of shares of PubCo Common Stock equal to 10% of the total number of shares of PubCo's Common Stock outstanding immediately following Closing that will, upon Closing, be reserved for issuance pursuant to the Securitize Holdings, Inc. Omnibus Incentive Plan, to be adopted prior to Closing, as amended from time to time (the

Incentive Plan

) and the Securitize Holdings, Inc. Employee Stock Purchase Plan, to be adopted prior to Closing, as amended from time to time (the ESPP

) plus an additional number of shares of PubCo Common Stock that may become issuable pursuant to the exercise or settlement of any Assumed Options and Assumed RSUs, and (c) up to 3,829,432 shares of PubCo Common Stock issuable upon exercise of the Assumed Warrants, to be approved.

THE CEPT BOARD UNANIMOUSLY RECOMMENDS THAT CEPT SHAREHOLDERS VOTE FOR

THE APPROVAL OF THE NASDAQ PROPOSAL.

The existence of financial and personal interests of one or more of CEPT's directors may result in a conflict of interest on the part of such director(s) between what they may believe is in the commercial interests of CEPT and CEPT Shareholders and what they may believe is best for himself, herself or themselves in determining to recommend that CEPT Shareholders vote for the Proposals. PROPOSAL NO. 5 THE ADJOURNMENT PROPOSAL

Overview

The Adjournment Proposal, if adopted, will allow the CEPT Board or the Chairman of the Meeting to adjourn the Meeting to a later date or dates to permit further solicitation of proxies. The Adjournment Proposal will be presented to CEPT Shareholders in the event that it is determined by CEPT that additional time is necessary or appropriate to complete the Business Combination or for any other reason. In no event will the CEPT Board adjourn the Meeting or consummate the Business Combination beyond the date by which it may properly do so under the CEPT Memorandum and Articles and Cayman Islands law.

Consequences if the Adjournment Proposal is Not Approved

If the Adjournment Proposal is presented to the Meeting and is not approved by CEPT Shareholders, the CEPT Board or the Chairman of the Meeting will not have the power, under the CEPT Memorandum and Articles, to adjourn the Meeting to a later date in the event it is determined by CEPT that additional time is necessary or appropriate to complete the Business Combination or for any other reason. As a result, a new extraordinary general meeting would need to be called before the CEPT Shareholders could vote on the Proposals again.

Required Vote and Recommendation of the CEPT Board

The approval of the Adjournment Proposal will require an ordinary resolution, being a resolution passed at the Meeting by the affirmative vote of a simple majority of the votes cast by, or on behalf of, the CEPT Shareholders as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at the Meeting (assuming the presence of a quorum). Abstentions and broker non-votes will be counted towards the quorum requirement but will not have an effect on the Adjournment Proposal. Adoption of the Adjournment Proposal is not conditioned upon the adoption of any of the other proposals.

RESOLVED, as an ordinary resolution, that the adjournment of the Meeting to a later date or dates to be determined by the Chairman of the Meeting, if it is determined by CEPT that additional time is necessary or appropriate to complete the Business Combination or for any other reason.

THE CEPT BOARD UNANIMOUSLY RECOMMENDS THAT CEPT SHAREHOLDERS VOTE FOR

THE APPROVAL OF THE ADJOURNMENT PROPOSAL.

The existence of financial and personal interests of one or more of CEPT's directors may result in a conflict of interest on the part of such director(s) between what they may believe is in the commercial interests of CEPT and CEPT Shareholders and what they may believe is best for himself, herself or themselves in determining to recommend that CEPT Shareholders vote for the Proposals. The following unaudited pro forma condensed combined financial information presents the combination of the financial information of CEPT and Securitize adjusted to give effect to the Business Combination, the PIPE Investment and related transactions, as outlined below. CEPT and Securitize are collectively referred to herein as the

Companies,

and the Companies, subsequent to the Business Combination, are referred to herein as the Combined Company.

The unaudited pro forma condensed combined financial information has been prepared in accordance with Article 11 of Regulation S-X, Pro Forma Financial Information, as amended by Release No. 33-10786

Amendments to Financial Disclosures about Acquired and Disposed Businesses.

Defined terms included below have the same meaning as terms defined and included elsewhere in this proxy statement/prospectus.

The unaudited pro forma condensed combined balance sheet as of March 31, 2026 assumes that the Business Combination and related transactions occurred on March 31, 2026. The unaudited pro forma condensed combined statement of operations for the three months ended March 31, 2026 gives pro forma effect to the Business Combination and related transactions as if they had occurred on January 1, 2025. The unaudited pro forma condensed combined statement of operations for the year ended December 31, 2025 gives pro forma effect to the Business Combination and related transactions as if they had occurred on January 1, 2025. These periods are presented on the basis that Securitize is the acquirer for accounting purposes.

The unaudited pro forma condensed combined financial information is based on and should be read in conjunction with the unaudited historical condensed consolidated financial statements of CEPT and Securitize as of and for the three months ended March 31, 2026, the audited historical consolidated financial statements of CEPT

The Business Combination will be accounted for as a reverse recapitalization, with no goodwill or other intangible assets recorded, in accordance with generally accepted accounting principles in the United States (

GAAP

). Under this method of accounting, CEPT is treated as the acquired

company for financial reporting purposes. Securitize has been determined to be the accounting acquirer because existing Securitize Stockholders, as a group, will retain the largest portion of the voting rights in the combined entity when contemplating the various redemption scenarios, the executive officers of PubCo will be appointed by Securitize, the majority of the board of directors of PubCo will be appointed by Securitize, Securitize represents a significant majority of the operations of PubCo, and the operations of Securitize will be the continued operations of PubCo.

COMBINED COMPANYNOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

Note 1. Description of the Business Combination

On October 27, 2025, CEPT entered into the Business Combination Agreement with Securitize, PubCo, SPAC Merger Sub and Company Merger Sub, under which (i) CEPT will merge with and into SPAC Merger Sub, with SPAC Merger Sub continuing as the surviving company and a direct wholly-owned subsidiary of PubCo and (ii) Company Merger Sub will merge with and into Securitize, with Securitize continuing as the surviving company and a direct wholly owned Subsidiary of PubCo.

The

Per Share Company Merger Consideration

is, for each share of Securitize Common Stock being converted into shares of PubCo Common Stock in the Securitize Merger, such number of shares of PubCo Common Stock equal to (a) (i) the Equity Value of Securitize (which is \$1,250,000,000, subject to adjustments calculated in accordance with the Business Combination Agreement), divided by (b) the Fully-Diluted Company Shares (calculated in accordance with the Business Combination Agreement), divided by (iii) \$10.00, and (b) the right to receive the relevant portion of 6,250,000 shares of PubCo Common Stock (the

Securitize Earnout Shares

), if any, attributable to such shares. The Per Share Company Merger Consideration used for purpose of these unaudited pro forma is 4.58.

The Securitize Earnout Shares will be issued to Securitize Stockholders if, at any time during the five (5) year period following the Closing Date, the VWAP of PubCo Common Stock exceeds certain price thresholds as described below: (i) one-third of the Securitize Earn-Out Shares will be issued if the VWAP of PubCo Common Stock exceeds \$15.00 for 20 out of any 30 trading days beginning 90 days after the Closing, (ii) one-third of the Securitize Earnout Shares will be issued if the VWAP of PubCo Common Stock exceeds \$20.00 for 20 out of any 30 trading days beginning 90 days after Closing, and (iii) one-third of the Securitize Earnout Shares will be issued if the VWAP of PubCo Common Stock exceeds \$25.00 for 20 out of any 30 trading days beginning 90 days after Closing.

Contemporaneously with the execution of the Business Combination Agreement, CEPT, the Sponsor, PubCo and Securitize entered into the Sponsor Support Agreement, pursuant to which, among other things, the Sponsor agreed to surrender, for no consideration, up to 30% of its CEPT Class B Ordinary Shares immediately prior to, and conditioned upon, the consummation of the CEPT Merger (such number of Surrendered CEPT Shares to be determined pursuant to a formula taking into account the number of CEPT Redeemed Shares and the gross proceeds from the PIPE Investments exceeding \$100,000,000). In addition, Sponsor agreed to subject the Sponsor Earnout Shares to vesting and potential forfeiture (and related transfer restrictions) after the Closing based on an earnout during the Earnout Period, with one-third of such shares vesting in the event the VWAP of a share of PubCo Common Stock exceeds \$12.50, \$15.00 and \$17.50, in each case for at least 20 out of 30 consecutive trading days commencing 90 days after the Closing. Contemporaneously with the execution of the Business Combination Agreement, the PIPE Investors agreed to make a private investment in CEPT by purchasing Class A ordinary shares in the aggregate amount of \$225,000,000 for \$10.00 per share pursuant to PIPE Subscription Agreements. The net proceeds from the PIPE will be used by PubCo for transaction expenses, working capital and general corporate purposes. PIPE Investors are permitted under the PIPE Subscription Agreements to satisfy their commitments thereunder through the purchase of CEPT Class A Ordinary Shares on the public market, subject to certain restrictions set forth therein. PubCo, Securitize and CEPT may seek to raise additional funds through private placement transactions, including PIPE transactions, or other forms of capital raising. There can be no assurance as to whether, when or on what terms any such future financings may be conducted.

The unaudited pro forma condensed combined information contained herein assumes that CEPT Shareholders approve the proposed Business Combination and that the PIPE Investors satisfy all of their commitments in cash. Public Shareholders may elect to redeem their Public Shares for cash even if they approve the proposed Business Combination. CEPT cannot predict how many of its Public Shareholders will exercise their right to have their Public Shares redeemed for cash. As a result, PubCo has elected to provide the unaudited pro forma condensed combined financial information under two different redemption scenarios, which produce different allocations of total PubCo equity between holders of PubCo common stock.

As described in greater detail in Note 2 of the

Notes to Unaudited Pro Forma Condensed Combined Financial Information

, the first scenario, or

No Redemptions Scenario

, assumes that no Public Shareholders will exercise their right to have their Public Shares redeemed for cash, and the second scenario, or

100% Redemptions Scenario

, assumes that holders of 100% of the Public Shares exercise their right to have their Public Shares redeemed for cash. The actual results will likely be within the parameters described by the two scenarios, however, there can be no assurance regarding which scenario will be closest to the actual results.

The unaudited pro forma condensed combined financial information has been prepared using the assumptions below with respect to the potential redemption of Public Shares into cash:

" Assuming No Redemptions: This presentation assumes that no Public Shareholders exercise redemption rights with respect to their Public Shares.

" Assuming 100% Redemptions: This presentation assumes all 24,000,000 Public Shares are redeemed in connection with the Business Combination, for an aggregate redemption payment of approximately \$252,353,188.

The following table summarizes the pro forma shares of PubCo Common Stock outstanding under the two scenarios (as described in greater detail in Note 2), excluding the potential dilutive effect of (i) the Securitize Earnout Shares; (ii) the Assumed Warrants; and (iii) the Assumed Options.

(1) Assumes the Securitize Equity Value is \$1,256,902,231, which is the Equity Value as defined in the Business Combination Agreement of \$1,250,000,000 and proceeds from the exercise of vested Company options and warrants of \$6,902,231.

(2) Consists of 73,582,444 shares of PubCo Common Stock to be issued to the Securitize Preferred Securityholders upon exchange of 16,048,654 shares of Securitize Preferred Stock based on the Securitize Exchange Ratio.

(3) Includes 580,000 shares of PubCo Common Stock received in exchange for the CEPT Private Placement Shares and up to 6,000,000 Post-Combination Founder Shares after accounting for the surrender of CEPT Founder Shares based on redemptions in each scenario as calculated in accordance with the Sponsor Support Agreement. Certain of the Post-Combination Founder Shares are subject to an earn-out as further described herein.

Note 2. Basis of Presentation

The Business Combination will be accounted for as a reverse recapitalization, with no goodwill or other intangible assets recorded, in accordance with GAAP. Under this method of accounting, CEPT will be treated as the

accounting acquiree
and Securitize as the

accounting acquirer

for financial reporting purposes. Accordingly, for accounting purposes, the Business Combination will be treated as the equivalent of Securitize issuing shares for the net assets of CEPT, followed by a recapitalization. The net assets of CEPT will be stated at historical cost. Operations prior to the Business Combination will be those of Securitize.

The unaudited pro forma condensed combined balance sheet as of March 31, 2026 assumes that the Business Combination and related transactions occurred on March 31, 2026. The unaudited pro forma condensed combined statement of operations for the three months ended March 31, 2026 gives pro forma effect to the Business Combination and related transactions as if they had occurred on January 1, 2025. The unaudited pro forma condensed combined statement of operations for the year ended December 31, 2025 gives pro forma effect to the Business Combination and related transactions as if they had occurred on January 1, 2025. These periods are presented on the basis that Securitize is the acquirer for accounting purposes.

The pro forma adjustments reflecting the consummation of the Business Combination and related transactions are based on certain currently available information and certain assumptions and methodologies that the parties believe are reasonable under the circumstances. The unaudited condensed combined pro forma adjustments, which are described in the accompanying notes, may be revised as additional information becomes available and is evaluated. Therefore, it is likely that the actual adjustments will differ from the pro forma adjustments and it is possible the difference may be material. The parties believe that their assumptions and methodologies provide a reasonable basis for presenting all of the significant effects of the Business Combination and related transactions based on information available to management at the time and that the pro forma adjustments give appropriate effect to those assumptions and are properly applied in the unaudited pro forma condensed combined financial information.

The unaudited pro forma condensed combined financial information does not give effect to any anticipated synergies, operating efficiencies, tax savings, or cost savings that may be associated with the Business Combination. The unaudited pro forma condensed combined financial information is not necessarily indicative of what the actual results of operations and financial position would have been had the Business Combination and related transactions taken place on the dates indicated, nor are they indicative of the future consolidated results of operations or financial position of the post-combination company. The unaudited pro forma condensed combined financial information should be read in conjunction with the historical audited consolidated financial statements and notes thereto of SPAC and Securitize.

The Business Combination is a capital transaction in substance whereby CEPT will be treated as the acquired company for financial reporting purposes. This determination was primarily based on the following:

" Securitize Stockholders will own the majority of the issued and outstanding common shares of PubCo under both the No Redemptions Scenario and the 100% Redemptions Scenario;

" The current senior management of Securitize will comprise all key management of PubCo;

" The PubCo Board will be selected by Securitize pursuant to the terms of the Business Combination Agreement; and

" Operations of Securitize prior to the Business Combination will comprise the only ongoing operations of PubCo following the closing of the Transactions.

The unaudited pro forma condensed combined financial information has been prepared using the assumptions below with respect to the potential redemption of CEPT Class A Ordinary Shares into cash:

" Assuming No Redemptions: This presentation assumes that no Public Shareholders exercise redemption rights with respect to their Public Shares.

" Assuming 100% Redemptions: This presentation assumes all 24,000,000 Public Shares are redeemed in connection with the Business Combination, for an aggregate redemption payment of \$252,353,188.

Note 3. Accounting Policies and Reclassifications

Management performed a comprehensive review of the two entities' accounting policies. As a result of the review, management did not identify any material differences related to the application of the accounting policies applied by CEPT and Securitize that would require adjustments in the unaudited pro forma condensed combined financial information. As a result, the unaudited pro forma condensed combined financial information does not assume any differences in accounting policies.

As part of the preparation of the unaudited pro forma condensed combined financial information, certain reclassifications were made to align CEPT's financial statement presentation with that of Securitize.

Note 4. Adjustments to the Unaudited Pro Forma Condensed Combined Financial Information

The unaudited pro forma condensed combined financial information has been prepared to illustrate the effect of the Transactions and has been prepared for informational purposes only.

The following unaudited pro forma condensed combined financial information has been prepared in accordance with Article 11 of Regulation S-X. PubCo has elected not to present Management's Adjustments and will only be presenting Transaction Accounting Adjustments in the unaudited pro forma condensed combined financial information. CEPT and Securitize have not had any historical relationship prior to the Business Combination. Accordingly, no pro forma adjustments were required to eliminate activities between the companies.

The pro forma basic and diluted earnings per share amounts presented in the unaudited pro forma condensed combined statements of operations are based upon the number of shares of PubCo Common Stock outstanding, assuming the closing of the Transactions occurred on January 1, 2025.

Transaction Accounting Adjustments to the Unaudited Pro Forma Condensed Combined Balance Sheet

The adjustments included in the unaudited pro forma condensed combined balance sheet as of March 31, 2026 are as follows:

- A. Represents the issuance of 22,500,000 CEPT Class A ordinary shares for \$10.00 per share, for total proceeds of \$216,409,000, which are net of issuance costs of \$8,591,000, pursuant to the PIPE Investment, as further described in Note 1, and assumes the PIPE Investors satisfy all of their commitments in cash. The PIPE shares that are committed to the PIPE investors are recorded on CEPT's March 31, 2026 balance sheet as a Forward sale securities liability of \$2,983,500, which would be settled through accumulated deficit upon the issuance of the 22,500,000 CEPT Class A ordinary shares pursuant to the PIPE Investment.
- B. Represents (1) in a No Redemptions Scenario, the reclassification of the remaining available-for-sale debt securities of \$248,753,188 held in the Trust Account to Cash and cash equivalents, including the reclassification of CEPT accumulated other comprehensive income of \$22,287 related to the cumulative unrealized appreciation of available-for-sale debt securities and; (2) in a 100% Redemptions Scenario, the redemption of 24,000,000 Public Shares for aggregate redemption payments of \$252,353,188 allocated to PubCo Common Stock using a par value of \$0.0001 per share and the excess to additional paid-in capital at a redemption price of approximately \$10.51 per share, consisting of an initial redemption price of \$10.36 per share, with an additional \$0.15 per share funded by the Sponsor Note and paid by CEPT in connection with the applicable Redemption Event.
- C. Represents the conversion of \$11,817,000 of simple agreements for future equity, \$101,944,844 of Securitize convertible notes and related derivative liability, \$31,300,000 Series Option preferred stock, and \$124,815,029 of Series A through B-4 preferred stock, upon the closing of the Business Combination for 16,048,654 shares of historical Securitize Common Stock, which are exchanged into 73,582,444 shares of PubCo Common Stock using a par value of \$0.0001 per share.
- D. Represents preliminary estimated transaction costs of CEPT and Securitize in connection with the Business Combination. (1) CEPT's preliminary total estimated transaction costs of \$30,350,000 in a No Redemptions Scenario and (2) \$24,100,000 in a 100% Redemptions Scenario, include advisory, printing, legal, and accounting fees. Out of the total estimated CEPT transaction costs, \$2,701,531 of transaction costs have been incurred, consisting of \$2,451,978 of transaction costs accrued and \$249,553 paid by CEPT as of March 31, 2026. Therefore, the remaining \$30,100,447 and \$23,850,447 in a No Redemptions Scenario and a 100% Redemptions Scenario, respectively, are to be paid at Closing. These transaction costs are directly attributable to the Business Combination and are recorded to acquisition related transaction costs (refer to adjustment BB).

Securitize's preliminary total estimated transaction costs of \$21,059,000 in both a No Redemptions Scenario and a 100% Redemptions Scenario include legal, advisory, and accounting fees. Out of the total estimated Securitize transaction costs, \$4,832,374 of transaction costs have been incurred and recorded as deferred offering costs, consisting of \$4,077,878 of transaction costs accrued and \$754,496 paid by

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

Securitize as of March 31, 2026. Therefore, the remaining \$20,304,504 of transaction costs will be paid in cash upon the closing of the Business Combination. The offering costs paid by Securitize are recorded as a reduction to additional paid-in capital given the Business Combination is being accounted for as a reverse recapitalization, while the offering costs paid by CEPT will be recorded as an expense.

- E. Reflects the reversal of the accrual of the \$0.15 per Public Shares for the redeeming Public Shareholders of \$3,600,000.
- F. To derecognize CEPT prepaid insurance and prepaid Nasdaq fee of \$157,473 and \$63,750, respectively, upon the Closing.
- G. Represents the estimated fair value of the earnout liability for Securitize Earnout Shares upon consummation of the Business Combination. The maximum amount of Securitize Earnout Shares to be issued is 6,250,000, contingent upon the Release Events outlined below. The earnout liability for the Securitize Earnout Shares is recognized at its preliminary estimated fair value. After Closing, the earnout liability will be remeasured to its fair value at the end of each reporting period and subsequent changes in the fair value will be recognized in Securitize's statement of operations within other income/expense. The Securitize Earnout Shares are issuable starting 90 days from the Closing Date and ending on the fifth anniversary of the Closing Date, however they are contingent upon various triggering events being met (a

Release Event

). The Release Events include three separate pricing thresholds (each an

Issuance Threshold) which can provide for the earnout shares to vest based on the future average prices of the PubCo Common Stock as listed on a public exchange:

" First Issuance Threshold = the weighted average stock price of PubCo Common Stock is greater than or equal to \$15.00 per share for any twenty (20) trading days (which do not need to be consecutive) over a thirty (30) trading day period.

" Second Issuance Threshold = the weighted average stock price of PubCo Common Stock is greater than or equal to \$20.00 per share for any twenty (20) trading days (which do not need to be consecutive) over a thirty (30) trading day period.

" Third Issuance Threshold = the weighted average stock price of PubCo Common Stock is greater than or equal to \$25.00 per share for any twenty (20) trading days (which do not need to be consecutive) over a thirty (30) trading day period.

Notwithstanding anything to the contrary, in the event that during the Earnout Period, a merger, consolidation or similar transaction (as further described in the Business Combination Agreement) occurs where holders of PubCo Common Stock have the right to receive cash or securities, and the consideration per share of PubCo

Common Stock would exceed one or more Issuance Threshold described above, the applicable Issuance Threshold will be deemed to have been satisfied and the applicable shares will be vested and issued to the applicable Securitize Stockholders.

These amounts are classified as liabilities in the unaudited pro forma condensed combined balance sheet, and a reduction of proceeds to be received by Securitize. The preliminary estimated fair values of the Securitize Earnout Shares were determined using a Monte Carlo simulation valuation model using a distribution of potential outcomes based on certain underlying assumptions such as stock price, volatility and risk-free interest rates. These assumptions reflect the most reliable information available. The actual fair values could change materially once the final valuation is determined at the Closing. Following the Business Combination, these liabilities will be remeasured to fair value at each reporting date and subsequent changes in the fair value will be recognized in PubCo's consolidated statement of operations. See Note 1 Description of the Business Combination for more information.

The valuation of the earnout liability was calculated using a Monte Carlo simulation. The stock price on the valuation date was \$10.00, with an earnout period beginning on the date that is the 90 days from the Closing Date and ending on the date that is the fifth anniversary of the Closing Date. The risk-free rate of the remaining term is 3.85%, and the rounded equity volatility is 64%. These inputs resulted in simulations determining estimated fair value outcomes between approximately \$0 and \$280,930,900. Therefore, adjustment G to the unaudited pro forma condensed combined balance sheet represents the probability-weighted estimated fair value of these outcomes of \$49,954,000 and was used for the estimated fair value of the earnout liability.

172

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

As the shares are only issuable upon the various Issuance Thresholds, the potential outcomes include a range from no liability (if no Release Event occurs) to the value of the full 6,250,000 shares to be issued if all three Release Events are achieved. Taking into account the potential upside due to share appreciation, the simulation provides a maximum aggregate liability of \$93,643,633, or \$44.95 on a per share basis on satisfaction of the First Issuance Threshold, \$44.95 on a per share basis on satisfaction of Second Issuance Threshold, and \$51.04 on a per share basis on satisfaction of the Third Issuance Threshold, for an average per share value of \$46.98.

H. Represents the estimated fair value of earnout liability for the Sponsor Earnout Shares upon consummation of the Business Combination. The earnout liability for the Sponsor Earnout Shares is recognized at its preliminary estimated fair value. After Closing, the earnout liability will be remeasured to its fair value at the end of each reporting period and subsequent changes in the fair value will be recognized in Securitize's statement of operations within other income/expense. Per the Sponsor Support Agreement, the Sponsor agreed to subject a maximum of 1,800,000 Post-Combination Founder Shares (the Sponsor Earnout Shares

) to vesting and potential forfeiture (and related transfer restrictions) after the Closing based on an earn-out during the Earnout Period.

The Sponsor Earnout Shares shall become fully vested in accordance with the following release events and pricing thresholds (a

Sponsor Release Event

):

(i) one-third of the Sponsor Earnout Shares being released if the VWAP of PubCo Common Stock exceeds \$12.50 for 20 out of any 30 trading days beginning 90 days after Closing (the

First Price Threshold

).

(ii) one-third of the Sponsor Earnout Shares being released if the VWAP of PubCo Common Stock exceeds \$15.00 for 20 out of any 30 trading days beginning 90 days after Closing (the

Second Price Threshold

).

(iii) one-third of the Sponsor Earnout Shares being released if the VWAP of PubCo Common Stock exceeds \$17.50 for 20 out of any 30 trading days beginning 90 days after Closing (the

Third Price Threshold

), in each case, subject to early release for release events including a PubCo sale, change of control, going private transaction or delisting after the Closing.

The valuation of the Sponsor Earn-Out Shares liability was calculated using a Monte Carlo simulation. The stock price on the valuation date was \$10.00, with an Earnout Period beginning on the date that is 90 days from the Closing Date and ending on the date that is the fifth anniversary of the Closing Date. The risk-free rate of the remaining term is 3.85%, and the rounded equity volatility is 64%. These inputs resulted in simulations determining estimated fair value outcomes between \$0 and \$27,486,000 on a No Redemptions Scenario and \$23,534,888 on a 100% Redemptions Scenario. Therefore, adjustment H1 represents the probability weighted estimated fair value of these outcomes of \$15,858,000, or \$8.81 on a per share basis, was used for the estimated fair value of the Sponsor Earnout Shares liability in a No Redemptions Scenario and adjustment H2 represents the probability weighted estimated fair value of these outcomes of \$13,578,412, or \$8.81 on a per share basis, in a 100% Redemptions Scenario.

As the shares are only issuable upon the achievement of the Sponsor Release Events, the potential outcomes include a range from no liability (if no Sponsor Release Event occurs) to the value of the full 1,800,000 shares to be issued if all three Release Events are achieved. Taking into account the potential upside due to share appreciation, the simulation provides a maximum aggregate liability of \$27,486,000 and \$23,534,888, or \$45.81 and \$45.81 on a per share basis for First Price Threshold for a No Redemptions Scenario and a 100% Redemptions Scenario, respectively. For the Second Price Threshold, the simulation provides a maximum aggregate liability of \$27,486,000 and \$23,534,888, or \$45.81 and \$45.81 on a per share basis for Second Price Threshold for a No Redemptions Scenario and a 100% Redemptions Scenario, respectively. For the Third Price Threshold, the simulation provides a maximum aggregate liability of \$27,486,000 and \$23,534,888, or \$45.81 and \$45.81 on a per share basis for Third Price Threshold for a no Redemptions Scenario and a 100% Redemptions Scenario, respectively.

I. Represents the recapitalization of Securitize's historical equity (comprised of the par value of Securitize Common Stock of \$2,603, the par value of

Securitize Class A Common Stock of \$33, Securitize accumulated other comprehensive income of \$1,144,268, and Securitize Treasury Stock of \$1,599,978) which is inclusive of any new securities issued in connection with the conversion of the convertible notes or the exercise of options into the PubCo Common Stock after giving effect to the Securitize Exchange Ratio at the closing. The shares are converted to 119,845,245 shares of PubCo Common Stock.

J. Represents the exercise of the NHTV Sierra Holdings LLC (

NHTV

) Option upon the closing of the business combination for proceeds of \$20,000,000 and a release of option liability of \$11,300,000. The NHTV Option is exercisable into Securitize Option Preferred Stock, which per the NHTV Option agreement means a series of Securitize's Preferred Stock that is substantially identical to the shares of Standard Preferred Stock issued in the most recent Qualifying Raise.

K. In a No Redemptions Scenario, represents the reclassification of 24,000,000 Class A CEPT redeemable shares to non-redeemable shares immediately prior to the Closing, totaling \$248,753,188.

L. Reflects the elimination of CEPT's historical accumulated deficit through additional paid-in capital of (1) \$30,774,105 No Redemptions Scenario and (2) \$24,524,105 in a 100% Redemptions Scenario, respectively after recording the transaction costs incurred by CEPT as described in (D) above, the reversal of the \$0.15 per public share accrual in ordinary shares subject to redemption as described in (E) above, the reversal of the accumulated other comprehensive income in adjustment (B) above, and the derecognition of CEPT prepaid insurance as described in (F) above to additional paid-in capital as part of the reverse recapitalization.

M. (1) Represents the conversion of 47,080,000 and 6,000,000 Class A and Class B CEPT ordinary shares into PubCo Common Stock in a No Redemptions Scenario, and (2) the conversion of 23,080,000 and 5,137,500 Class A and Class B CEPT ordinary shares into PubCo Common Stock in a 100% Redemptions Scenario.

N. Reflects the repayment of the Sponsor Loan of \$604,841 which is presumed to be paid in cash at Closing, and the payment of all accrued expenses of CEPT of \$93,159 at the Closing.

O. In the 100% Redemptions Scenario, reflects the draw by CEPT on the Sponsor Note of \$3,600,000 to fund the \$0.15 per Public Share to be paid to redeeming Public Shareholders for the 24,000,000 Public Shares being redeemed.

P. In the 100% Redemptions Scenario, reflects the \$3,600,000 repayment of the Sponsor Note which is payable in cash at Closing.

Transaction Accounting Adjustments to the Unaudited Pro Forma Condensed Combined Statements of Operations

AA. Reflects elimination of investment income from the Trust Account of \$2,251,571 and \$6,479,330 for the three months ended March 31, 2026 and for the year ended December 31, 2025, respectively.

BB. Reflects estimated non-recurring transaction costs not reflected in the March 31, 2026 historical unaudited condensed financial statements, nor reflected in the December 31, 2025 historical audited financial statements. Estimated non-recurring transaction costs total \$30,350,000 in a No Redemptions Scenario, and \$24,100,000 in a 100% Redemptions Scenario to be incurred and paid by CEPT. The adjustment reflects CEPT's non-recurring transaction costs as if they were incurred on January 1, 2025, the date the Business Combination occurred for purposes of the unaudited pro forma condensed combined statement of operations. As of March 31, 2026, CEPT recorded \$2,701,531 of the transaction costs, therefore the adjustment reflects the recognition of the remaining \$27,648,469 and \$21,398,469 in a No Redemptions Scenario and a 100% Redemptions Scenario, respectively. The transaction costs that are expected to be incurred and paid by Securitize (in both a No Redemptions Scenario and 100% Redemptions Scenario) are recorded as a reduction in proceeds and therefore are excluded from this adjustment.

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

CC. Reflects elimination of \$6,390,414 and \$2,268,575 for the three months ended March 31, 2026 and for the year ended December 31, 2025, respectively, in interest expense incurred from Securitize's convertible notes to be converted upon the completion of the Business Combination.

DD. Reflects elimination of the changes in fair values of the bifurcated derivatives related to the convertible notes, the option liability, and the simple agreements for future equity (SAFEs

) to be converted upon the completion of the Business Combination. The adjustment reflects the elimination of a \$2,001,000 and \$11,719,000 loss related to the embedded derivatives, a \$90,000 gain and a \$6,431,000 loss related to the option liability and a \$1,368,000 and \$4,735,000 loss related to the SAFEs for the three months ended March 31, 2026 and for the year ended December 31, 2025, respectively. The adjustment also reflects elimination of a \$1,625,060 gain for the three months ended March 31, 2026 and the elimination of a \$4,608,560 loss for the year ended December 31, 2025 related to the of the change in fair value of CEPT's forward sale securities liability.

EE. Reflects elimination of the expenses incurred by the CEPT under the Administrative Services Agreement with the Sponsor as well as compensation to the independent directors of CEPT for their services prior to the completion of the Business Combination at the amounts recognized of \$30,000 and \$79,677 during the three months ended March 31, 2026 and during the year ended December 31, 2025, respectively.

FF. No tax effect has been recorded for the transaction accounting adjustments. The changes in fair value of the SAFE liability and derivative liability represent permanent differences and therefore do not impact taxable income. Securitize maintains a full valuation allowance on its deferred tax assets; accordingly, no tax benefit is recognized for the transaction costs, regardless of whether such costs are deductible or give rise to permanent or temporary differences. As a result, the transaction accounting adjustments do not impact the provision for income taxes.

GG. Represents the change in share based compensation expense of \$102,384 and \$21,654,943 for the three months ended March 31, 2026 and for the year ended December 31, 2025, respectively, in connection with the Securitize stock options and Securitize warrants being assumed by PubCo post Business Combination and becoming an option and warrant to purchase shares of PubCo Common Stock.

HH. Reflects elimination of the interest income recognized of \$145,111 during the year ended December 31, 2025, related to the note receivable from Securitize to Carlos Domingo, co-founder and CEO. The loan was repaid in full during the year ended December 31, 2025.

II. Reflects the realization of unrealized depreciation of available-for-sale debt securities and the elimination of the realized gain of \$115,760 and \$138,047 for the three months ended March 31, 2026 and for the year ended December 31, 2025, respectively.

Note 5. Net Loss from Continuing Operations per Share

Net loss from continuing operations per share was calculated using the historical weighted average shares outstanding, and the issuance of additional shares in connection with the Business Combination. As the Business Combination is being reflected as if it had occurred at the beginning of the earliest period presented, the calculation of weighted average shares outstanding for basic and diluted net loss from continuing operations per share assumes that the shares issuable relating to the Business Combination have been outstanding for the entirety of all periods presented.

INFORMATION ABOUT CEPT

Overview

CEPT is a blank check company incorporated in the Cayman Islands on November 11, 2020, for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses (an initial business combination).

CEPT is an early stage and emerging growth company and, as such, CEPT is subject to all of the risks associated with early stage and emerging growth companies.

CEPT Ordinary Shares and CEPT IPO

In November 2020, the Sponsor purchased 14,375,000 CEPT Class B Ordinary Shares for a purchase price of \$25.000. On June 6, 2024, the Sponsor surrendered, for no consideration, 9,375,000 CEPT Class B Ordinary Shares, which CEPT cancelled, resulting in a decrease in the total number of CEPT Class B Ordinary Shares outstanding from 14,375,000 shares to 5,000,000 shares. On May 1, 2025, CEPT effected a share capitalization, resulting in an increase in the total number of issued CEPT Class B Ordinary Shares from 5,000,000 to 6,000,000 shares.

CEPT completed the CEPT IPO of 24,000,000 CEPT Class A Ordinary Shares on May 5, 2025, generating gross proceeds to CEPT of \$240,000,000. Simultaneously with the closing of the CEPT IPO, CEPT completed the sale of 580,000 CEPT Private Placement Shares, at a price of \$10.00 per share, to the Sponsor in the CEPT Private Placement, generating gross proceeds to CEPT of \$5,800,000.

Following the completion of the CEPT IPO and CEPT Private Placement, a total of \$240,000,000, comprised of the net proceeds from the CEPT IPO and the CEPT Private Placement, was placed in the Trust Account. As of March 31, 2026, the Trust Account balance was approximately \$248,753,000.

Since the CEPT IPO, CEPT's activity has been limited to the search and evaluation of and negotiation with acquisition targets for its initial business combination. CEPT has until May 5, 2027 (24 months from the closing of the CEPT IPO), or until such earlier liquidation date as the CEPT Board may approve or such later date as the CEPT Shareholders may approve pursuant to the CEPT Memorandum and Articles, to consummate an initial business combination.

The Public Shares are traded on Nasdaq under the symbol CEPT.

The Public Shares commenced public trading on May 2, 2025.

Experience of the Sponsor and its Affiliates

CEPT, the Sponsor, and CF&Co. are all affiliates of Cantor. Cantor is a diversified company primarily specializing in financial and real estate services for customers operating in the global financial and commercial real estate markets. Cantor's businesses include CF&Co., a leading independent middle market investment bank and primary dealer; a controlling interest in BGC Group, Inc. (

BGC

), whose Class A common stock trades on the Nasdaq under the ticker symbol

BGC,

a leading global brokerage and technology company primarily servicing the global financial markets; and a controlling interest in Newmark Group, Inc. (Newmark

), whose Class A common stock trades on the Nasdaq under the ticker symbol

NMRK,

a leading full-service commercial real estate services business.

Cantor was founded over 75 years ago and was led by Howard W. Lutnick from 1992 until February 2025 when he became the United States Secretary of Commerce. Cantor has successfully built a well-capitalized business across multiple business lines. Cantor has been at the forefront of financial and technological innovation in its industries, developing electronic markets and providing superior service to thousands of customers globally.

Over the last 30 years, Cantor has expanded from a broker of fixed income and equity products to a premier global financial services provider, which is recognized for its leading offerings across several areas including:

- " institutional equity and fixed income capital markets services;
- " investment banking;
- " prime brokerage;

- " fully electronic execution of various financial asset classes;

Cantor and its affiliates have a history of making successful acquisitions. Since 2005, Cantor and its affiliates have acquired over 75 companies in the financial and real estate services industries. In financial services, these acquisitions have included, among others, the publicly traded wholesale and inter-dealer brokerage firm GFI Group, Inc. (

GFI

), Sunrise Brokers Group, a global leader in listed and over the counter (

OTC

) derivative products brokerage, and Ed Broking Group Limited (

Ed Broking

), an independent Lloyd's of London insurance broker (which BGC subsequently sold in November 2021). In real estate services, these acquisitions have included, among others, Newmark & Company Real Estate, Inc., Berkeley Point Financial LLC, which is one of the nation's leading providers of multifamily capital solutions, engaged primarily in the origination, funding, sale and servicing of multifamily loans guaranteed by Government Sponsored Enterprises, Grubb & Ellis, Apartment Realty Advisors (

ARA

), and Cornish & Carey Commercial Inc. (

Cornish & Carey

). Most of Newmark's subsidiaries, including, ARA, Berkeley Point and Cornish & Carey now operate under the name

Newmark

or

NKF.

Cantor has also successfully exited from many of its acquisitions and investments. For example, in 1996, Cantor launched eSpeed, its fully electronic treasuries trading platform. Cantor developed and launched eSpeed, which consummated an initial public offering in 1996, and into which a predecessor of BGC was merged in 2008. In June 2013, BGC sold the eSpeed business to Nasdaq, Inc. for \$750 million in cash and up to \$484 million of Earnout shares of Nasdaq, Inc. (based on the stock price of Nasdaq, Inc. at the time the deal was announced). Following BGC's acquisition of GFI in 2015, BGC, whose controlling stockholder is Cantor, sold GFI's Trayport business, a leading intermediary and provider of trading technologies and support services to the global OTC and listed markets, to Intercontinental Exchange, Inc. (

ICE

) for \$650 million in exchange for 2,527,658 ICE common shares issued with respect to the \$650 million purchase price as adjusted at closing. In addition, on November

1, 2021, BGC successfully completed the sale of its insurance brokerage business (including Ed Broking and Besso) pursuant to which BGC received gross cash proceeds of approximately \$535 million from the buyer. The investment in BGC's insurance brokerage business generated an internal rate of return of 21.2% for BGC's shareholders.

You should not rely on any positive historical performance records of Cantor, CEPT's management team, any of their respective affiliates or any Prior Cantor SPAC as indicative of CEPT's future performance. CEPT's officers and directors may have conflicts of interest with other entities to which they owe fiduciary or contractual obligations with respect to initial business combination opportunities, including the Active Cantor SPACs.

Recent Developments

The Business Combination Agreement

On October 27, 2025, CEPT, PubCo, Securitize, SPAC Merger Sub and Company Merger Sub entered into the Business Combination Agreement pursuant to which they agreed to effect the Business Combination on the terms set forth therein and as is described in this proxy statement/prospectus. CEPT Shareholders are being asked to vote to approve the Business Combination Agreement and the Business Combination. The Business Combination Agreement provides that, among other things: (i) CEPT will merge with and into SPAC Merger Sub, with SPAC Merger Sub

179

continuing as the surviving entity in the CEPT Merger, and (a) with CEPT Shareholders holding CEPT Class B Ordinary Shares receiving one CEPT Class A Ordinary Share in exchange for each CEPT Class B Ordinary Share held by such CEPT Shareholder immediately prior to the CEPT Merger (other than the Surrendered CEPT Shares), and (b) immediately thereafter, each CEPT Class A Ordinary Share will be cancelled, in exchange for the right of CEPT Shareholders holding CEPT Class A Ordinary Shares to receive one share of PubCo Common Stock for each CEPT Class A Ordinary Share held by such CEPT Shareholder at the time of the CEPT Merger (other than any Public Shares for which a Public Shareholder has made a valid redemption request in accordance with the CEPT Memorandum and Articles and the CEPT IPO Prospectus), and (ii) at least two (2) hours after the CEPT Merger, Company Merger Sub will merge with and into Securitize, with Securitize continuing as the surviving entity in the Securitize Merger, and with Securitize Stockholders receiving shares of PubCo Common Stock in exchange for their Securitize Shares.

As a result of the Mergers and the other transactions contemplated by the Business Combination Agreement, SPAC Merger Sub and Securitize will become wholly-owned subsidiaries of PubCo and PubCo will become a publicly traded company, all upon the terms and subject to the conditions set forth in the Business Combination Agreement.

PIPE Investment

Contemporaneously with the execution of the Business Combination Agreement, on October 27, 2025, PubCo, CEPT and Securitize entered into the PIPE Subscription Agreements with the PIPE Investors, pursuant to which the PIPE Investors agreed to purchase, in a private placement immediately prior to the CEPT Merger, 22,500,000 PIPE Shares at a purchase price of \$10.00 per share payable in cash, for an aggregate purchase price of \$225 million. The PIPE Investors are permitted under the PIPE Subscription Agreements to satisfy their commitments thereunder through the purchase of CEPT Class A Ordinary Shares on the public market, subject to certain restrictions set forth therein.

Fair Market Value of Acquisition Target

So long as CEPT maintains a listing for its CEPT Class A Ordinary Shares on Nasdaq, CEPT must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the Trust Account (excluding taxes payable on the interest earned on the Trust Account) at the time of signing a definitive agreement in connection with its initial business combination. As discussed in the Section titled

The Business Combination Proposal Satisfaction of 80% Test,

the CEPT Board made the determination as to the fair market value of the Business Combination and that this test was met in connection with the proposed Business Combination with Securitize. The CEPT Board believes that the financial skills and background of its members qualified it to conclude that the Business Combination with Securitize met this requirement

Voting Restrictions in Connection with the Meeting

CEPT Shareholders will be entitled to vote or direct votes to be cast at the Meeting if they owned CEPT Ordinary Shares at the close of business on May 11, 2026, which is the Record Date for the Meeting. CEPT Shareholders are entitled to one vote at the Meeting for each CEPT Ordinary Share held as of the Record Date. If you hold your shares in

street name,

which means your shares are held of record by a broker, bank or nominee, you should contact your broker, bank or nominee to ensure that votes related to the Public Shares you beneficially own are properly counted. In this regard, you must provide the broker, bank or nominee with instructions on how to vote your Public Shares or, if you wish to attend the Meeting and vote, obtain a proxy from your broker, bank or nominee.

Redemption Rights for Public Shareholders in Connection with the Business Combination

Under the CEPT Memorandum and Articles, in connection with any proposed initial business combination, if CEPT seeks shareholder approval of an initial business combination, Public Shareholders must be offered the opportunity to redeem their Public Shares, regardless of whether they vote for or against the proposed initial business combination, subject to the limitations described in the CEPT Memorandum and Articles as described in the CEPT IPO Prospectus and herein. Accordingly, in connection with the Business Combination with Securitize, Public Shareholders may seek to redeem their Public Shares in accordance with the procedures set forth in this proxy statement/prospectus. Notwithstanding the foregoing, the CEPT Memorandum and Articles provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a group

(as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than 15% or more of the Public Shares in the aggregate, without the prior consent of CEPT.

Redemption of Public Shares and Liquidation if no Initial Business Combination

The CEPT Memorandum and Articles provides that CEPT will have only until the end of the Combination Period (which is a period of 24 months from the consummation of the CEPT IPO) to complete an initial business combination. If CEPT has not completed an initial business combination by the end of the Combination Period and does not seek CEPT Shareholder approval to amend the CEPT Memorandum and Articles to extend the date by which CEPT must consummate an initial business combination or by such earlier liquidation date as the CEPT Board may approve, CEPT will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but no more than ten (10) business days thereafter subject to lawfully available funds therefor, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account including interest earned on the funds held in the Trust Account and not previously released to CEPT to pay its taxes, divided by the number of then issued and outstanding Public Shares, which redemption will completely extinguish Public Shareholders' rights as shareholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of CEPT's remaining shareholders and the CEPT Board, liquidate and dissolve, subject in each case to CEPT's obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

CEPT has entered into letter agreements with the Sponsor and its officers and directors, pursuant to which they have waived their rights to liquidating distributions from the Trust Account with respect to any CEPT Founder Shares or CEPT Private Placement Shares held by them if CEPT fails to complete an initial business combination by the end of the Combination Period. However, if such persons acquire Public Shares in or after the CEPT IPO, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if CEPT fails to complete an initial business combination by the end of the Combination Period.

The Sponsor and CEPT's directors and officers have also agreed that they will not propose any amendment to the CEPT Memorandum and Articles (i) to modify the substance or timing of CEPT's obligation to allow redemptions in connection with an initial business combination or to redeem 100% of the Public Shares if CEPT does not complete an initial business combination by the end of the Combination Period or (ii) with respect to any other material provisions relating to shareholders' rights or pre-initial business combination activity, unless CEPT provides the Public Shareholders with the opportunity to redeem their Public Shares upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to CEPT to pay its taxes, divided by the number of then outstanding Public Shares.

CEPT expects that all costs and expenses associated with implementing its plan of dissolution, as well as payments to any creditors, will be funded from amounts remaining out of the proceeds of the CEPT IPO and CEPT Private Placement held outside the Trust Account, the Sponsor Loan and any Working Capital Loans (as defined below). However, if those funds are not sufficient to cover the costs and expenses associated with implementing CEPT's plan of dissolution, CEPT is not permitted to withdraw any interest earned on the Trust Account balance for such purpose.

As of the date of this proxy statement/prospectus, based on funds in the Trust Account of approximately \$248.8 million as of March 31, 2026, the per-share redemption amount received by Public Shareholders upon CEPT's dissolution would be approximately \$10.51 per share (inclusive of \$0.15 per share to be funded pursuant to the Sponsor Note and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes). The funds deposited in the Trust Account could, however, become subject to the claims of CEPT's creditors, which would have higher priority than the claims of Public Shareholders. CEPT cannot assure you that the actual per-share redemption amount received by Public Shareholders will not be substantially less than estimated \$10.51 per share redemption amount. While CEPT intends to pay such amounts, if any, CEPT cannot assure you that it will have funds sufficient to pay or provide for all creditors' claims.

Although CEPT seeks to have all vendors, service providers (other than the underwriters of the CEPT IPO and Withum, its independent registered public accounting firm), prospective acquisition targets and other entities with which CEPT does business execute agreements with CEPT waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account for the benefit of the Public Shareholders, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from

181

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

bringing claims against the Trust Account including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against CEPT's assets, including the funds held in the Trust Account. If any third party refuses to execute an agreement waiving such claims to the monies held in the Trust Account, CEPT's management will consider whether competitive alternatives are reasonably available to CEPT and will only enter into an agreement with such third-party if CEPT management believes that such third party's engagement would be in the best interests of CEPT under the circumstances. Examples of possible instances where CEPT may engage a third party that refuses to execute a waiver include the engagement of a third-party consultant whose particular expertise or skills are believed by CEPT management to be

significantly superior to those of other consultants that would agree to execute a waiver or in cases where CEPT management is unable to find a service provider willing to execute a waiver. Withum and the underwriters of the CEPT IPO have not executed agreements with CEPT waiving such claims to the monies held in the Trust Account.

In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with CEPT and will not seek recourse against the Trust Account for any reason. In order to protect the amounts held in the Trust Account, the Sponsor has agreed that it will be liable to CEPT if and to the extent any claims by a third party (other than Withum and the underwriters of the CEPT IPO) for services rendered or products sold to CEPT, or a prospective acquisition target with which CEPT has entered into a written letter of intent, confidentiality or other similar agreement or business combination agreement, reduce the amount of funds in the Trust Account to below the lesser of (i) the sum of (A) \$10.00 per Public Share and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event and (ii) the sum of (A) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per share due to reductions in the value of the trust assets, less taxes paid and payable, and (B) \$0.15 per redeemed Public Share pursuant to the Sponsor Note, provided that such liability will not apply to any claims by a third party or prospective acquisition target who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under CEPT's indemnity of the underwriters of the CEPT IPO against certain liabilities, including liabilities under the Securities Act.

However, CEPT has not asked the Sponsor to reserve for such indemnification obligations, nor has CEPT independently verified whether the Sponsor has sufficient funds to satisfy its indemnity obligations and CEPT believes that the Sponsor's only assets are the CEPT Ordinary Shares that it owns. Therefore, CEPT cannot assure you that the Sponsor would be able to satisfy those obligations. As a result, if any such claims were successfully made against the Trust Account, the funds available for CEPT's initial business combination and redemptions could be reduced to less than \$10.00 per Public Share. In such event, CEPT may not be able to complete its initial business combination and a Public Shareholder would receive such lesser amount per Public Share in connection with any redemption of its Public Shares. None of CEPT's officers or directors will indemnify CEPT for claims by third parties including, without limitation, claims by vendors and prospective acquisition targets.

In the event that the funds in the Trust Account are reduced below the lesser of (i) \$10.00 per Public Share and (ii) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account if less than \$10.00 per share due to reductions in the value of the Trust Account assets, in each case less taxes payable, and the Sponsor asserts that it is unable to satisfy its indemnification obligations or that it has no indemnification obligations related to a particular claim, CEPT's independent directors would determine whether to take legal action against the Sponsor to enforce its indemnification obligations. While CEPT currently expects that its independent directors would take legal action on CEPT's behalf against the Sponsor to enforce its indemnification obligations to CEPT, it is possible that CEPT's independent directors in exercising their business judgment may choose not to do so in any particular instance if, for example, the cost of such legal action is deemed by the independent directors to be too high relative to the amount recoverable or if the independent directors determine that a favorable outcome is not likely. Accordingly, CEPT cannot assure you that due to claims of creditors the actual value of the per-share redemption price will not be less than \$10.15 per share (inclusive of \$0.15 per share to be funded pursuant to the Sponsor Note).

If CEPT files a bankruptcy or winding-up petition or an involuntary bankruptcy or winding-up petition is filed against CEPT that is not dismissed, the funds held in the Trust Account could be subject to applicable bankruptcy or insolvency law, and may be included in CEPT's bankruptcy or insolvency estate and subject to the claims of third parties with priority over the claims of CEPT Shareholders. To the extent any bankruptcy or insolvency claims deplete the Trust Account, CEPT cannot assure you that it will be able to return \$10.15 per share to Public Shareholders. Additionally, if CEPT files a bankruptcy or winding-up petition or an involuntary bankruptcy or

182

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

winding-up petition is filed against CEPT that is not dismissed, any distributions received by CEPT Shareholders could be viewed under applicable debtor/creditor and/or bankruptcy or insolvency laws as either a preferential transfer or a fraudulent conveyance.

As a result, a bankruptcy or insolvency court could seek to recover some or all amounts received by CEPT Shareholders. Furthermore, the CEPT Board may be viewed as having breached its fiduciary duty to CEPT's creditors and/or may have acted in bad faith, and thereby exposing itself and CEPT to claims of punitive damages, by paying Public Shareholders from the Trust Account prior to addressing the claims of creditors. CEPT cannot assure you that claims will not be brought against CEPT for these reasons.

Public Shareholders will be entitled to receive funds from the Trust Account only (i) in the event of the redemption of the Public Shares if CEPT does not complete its initial business combination by the end of the Combination Period, (ii) in connection with a shareholder vote to amend the CEPT Memorandum and Articles (x) to modify the substance or timing of CEPT's obligation to allow redemption in connection with its initial business combination or to redeem 100% of the Public Shares if it does not complete its initial business combination by the end of the Combination Period or (y) with respect to any other material provisions relating to shareholders' rights or pre-initial business combination activity or (iii) if they redeem their respective Public Shares for cash upon the completion of CEPT's initial business combination. In no other circumstances will a Public Shareholder have any right or interest of any kind to or in the Trust Account. In the event CEPT seeks shareholder approval in connection with its initial business combination, a Public Shareholder's voting in connection with such initial business combination alone will not result in a Public Shareholder's redeeming its Public Shares for an applicable pro rata share of the Trust Account. Such Public Shareholder must have also exercised its redemption rights described above. These provisions of the CEPT Memorandum and Articles, like all provisions of the CEPT Memorandum and Articles, may be amended with a shareholder vote.

No family relationships exist between any of CEPT's directors or executive officers.

Number and Terms of Office of Officers and Directors

CEPT has five directors. Prior to the closing of CEPT's initial business combination, only holders of CEPT Class B Ordinary Shares are entitled to vote on the appointment and removal of directors or continuing CEPT in a jurisdiction outside the Cayman Islands (including any special resolution required to adopt new constitutional documents as a result of CEPT approving a transfer by way of continuation to a jurisdiction outside the Cayman Islands). Holders of the Public Shares are not entitled to vote on such matters during such time. These provisions of the CEPT Memorandum and Articles relating to these rights of holders of CEPT Class B Ordinary Shares may be amended by a special resolution passed by a majority of at least 90% of CEPT Ordinary Shares voting in a general meeting. Approval of CEPT's initial business combination will require the affirmative vote of a majority of the CEPT Board. The CEPT Board is divided into two classes with only one class of directors being appointed in each year and each class (except for those directors appointed prior to our first annual general meeting of shareholders) serving a two-year term. In accordance with Nasdaq corporate governance requirements, CEPT is not required to hold an annual general meeting until one year after its first fiscal year end following CEPT's listing on Nasdaq. The term of office of the first class of directors, consisting of Messrs. Sharp and Zurita, will expire at CEPT's first annual general meeting. The term of office of the second class of directors, consisting of Messrs. Lutnick and

185

Salinas and Dr. Prasad will expire at CEPT's second annual general meeting. CEPT may not hold an annual general meeting until after it consummates its initial business combination. Subject to the terms of any preference shares, any or all of the directors may be removed from office at any time, but only for cause and only by the affirmative vote of holders of a majority of the voting power of all then issued and outstanding CEPT Ordinary Shares entitled to vote generally in the appointment of directors, voting together as a single class; provided, however, that prior to the consummation of CEPT's initial business combination, any or all of the directors may be removed from office, for cause or not for cause, only by the affirmative vote of holders of a majority of the voting power of all then issued and outstanding CEPT Class B Ordinary Shares. Subject to any other special rights applicable to the CEPT Shareholders, including holders of preference shares, whenever any director shall have been elected by the holders of any class of shares voting separately as a class, such director may be removed and the vacancy filled only by the holders of that class of shares voting separately as a class. Vacancies caused by any such removal and not filled by the CEPT Shareholders at the meeting at which such removal shall have been made, or any vacancy caused by the death or resignation of any director or for any other reason, and any newly created directorship resulting from any increase in the authorized number of directors, may be filled by the affirmative vote of a majority of the directors then in office, although less than a quorum, and in any case, prior to the consummation of CEPT's initial business combination, by a majority of the holders of the CEPT Class B Ordinary Shares, and any director so elected to fill any such vacancy or newly created directorship shall hold office until his or her successor is elected and qualified or until his or her earlier resignation or removal.

CEPT's officers are appointed by the CEPT Board and serve at the discretion of the CEPT Board, rather than for specific terms of office. The CEPT Board is authorized

to appoint persons to the offices set forth in the CEPT Memorandum and Articles as it deems appropriate. The CEPT Memorandum and Articles provide that its officers may consist of a Chairman of the Board, Chief Executive Officer, Chief Financial Officer, Senior Managing Directors, Managing Directors, President, Vice Presidents, Secretary, Treasurer, Assistant Secretaries and such other offices as may be determined by the CEPT Board.

Controlled Company Exemption

Prior to the consummation of an initial business combination, only holders of the CEPT Class B Ordinary Shares have the right to vote on the appointment or removal of directors. As a result, Nasdaq considers CEPT to be a controlled company

within the meaning of Nasdaq rules. Under these rules, a company may elect to utilize exemptions from certain of Nasdaq's corporate governance requirements, including the requirements (a) that a majority of the board consists of independent directors; (b) for an annual performance evaluation of the nominating and corporate governance and compensation committees; (c) that the company has a nominating and corporate governance committee that is composed entirely of independent directors with a written charter addressing the committee's purpose and responsibilities; and (d) that the company has a compensation committee that is composed entirely of independent directors with a written charter addressing the committee's purpose and responsibility. CEPT relies on certain of these exemptions from the corporate governance requirements of Nasdaq. As a result, Public Shareholders may not have the same protections afforded to shareholders of companies that are subject to all of the Nasdaq corporate governance requirements.

Director Independence

Although in general under the Nasdaq Rules, a majority of a listed company's board of directors must be independent, CEPT relies on the controlled company

exemption from such requirement and therefore may not always have a majority of independent directors on the CEPT Board. An

independent director

is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship which in the opinion of the company's board of directors, would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director. The CEPT Board has determined that each of Dr. Mukesh Prasad, Robert Sharp and Louis Zurita is an

independent director

as defined in the Nasdaq listing standards and applicable SEC rules. CEPT's independent directors will have regularly scheduled meetings at which only independent directors are present.

Officer and Director Compensation

Except as described below, none of CEPT's officers or directors has received any cash compensation for services rendered to CEPT. Except as described below, to date, no compensation of any kind, including any finder's fee, reimbursement, consulting fee or monies in respect of any payment of a loan, will be paid by CEPT

186

to its officers and directors, or, other than as described herein, to the Sponsor or any affiliate of the Sponsor or officers, prior to, or in connection with any services rendered in order to effectuate, the consummation of CEPT's initial business combination (regardless of the type of transaction that it is). However, CEPT pays cash fees to its independent directors of \$50,000 per year, payable quarterly. In addition, commencing on May 2, 2025, the date the CEPT Class A Ordinary Shares were first listed on Nasdaq, CEPT commenced paying the Sponsor \$10,000 per month for office space, administrative and shared personnel support services. In addition, CEPT's officers and directors will be reimbursed for any out-of-pocket expenses incurred in connection with activities on CEPT's behalf such as identifying potential acquisition targets and performing due diligence on suitable business combinations. The CEPT Audit Committee reviews on a quarterly basis all payments that were made to the Sponsor, officers or directors, or CEPT or their affiliates. Any such payments prior to an initial business combination are, and will be, made using funds held outside the Trust Account. Other than quarterly CEPT Audit Committee review of such payments, CEPT does not have any additional controls in place governing its reimbursement payments to its directors and officers for their out-of-pocket expenses incurred in connection with identifying and consummating an initial business combination.

CEPT has engaged CF&Co. pursuant to the Business Combination Marketing Agreement as an advisor in connection with an initial business combination to assist CEPT in holding meetings with CEPT Shareholders to discuss the potential initial business combination and the acquisition target's attributes, introduce CEPT to potential investors that are interested in purchasing its securities and assist CEPT with its press releases and public filings in connection with an initial business combination. CEPT will pay CF&Co. a cash fee of \$8,400,000 for such services upon the consummation of an initial business combination, including the Business Combination.

CEPT, PubCo and Securitize have also engaged CF&Co. pursuant to the PIPE Engagement Letter as co-placement agent for the PIPE Investment. For the services provided thereto, CF&Co. will receive a cash fee at the Closing equal to approximately \$4.3 million (assuming that all PIPE Investors fund, or are deemed to have funded, their commitments in their PIPE Subscription Agreements and excluding certain PIPE Investors who had pre-existing investments in Securitize).

CEPT has also engaged CF&Co. pursuant to the M&A Engagement Letter as CEPT's exclusive financial advisor for the Business Combination. Pursuant to the M&A Engagement Letter, for the services provided thereto, CF&Co. will receive a cash fee at the Closing equal to 1% of the Securitize Equity Value and up to an additional 0.5% of the Securitize Equity Value, which shall be reduced in proportion to the number of Public Shares redeemed prior to the Closing.

After the completion of the Business Combination, directors or members of CEPT's management team who remain with PubCo may be paid consulting or management fees from PubCo. CEPT has not established any limit on the amount of such fees that may be paid by PubCo to CEPT's directors or members of management. Any compensation to be paid to CEPT's officers will be determined, or recommended to the PubCo Board for determination, either by a compensation committee constituted solely by independent directors or by a majority of the independent directors on the PubCo Board. However, as of the date hereof, none of CEPT's directors or officers are expected to remain with PubCo after the Closing and receive any fees from PubCo for providing any services in their capacity as such.

CEPT does not intend to take any action to ensure that members of CEPT's management team maintain their positions with PubCo after the Closing. CEPT is not party to any agreements with its officers and directors that provide for benefits upon termination of employment.

Committees of the CEPT Board

The CEPT Board has two standing committees: the CEPT Audit Committee and the CEPT Compensation Committee. Subject to phase-in rules and certain limited exceptions,

Nasdaq rules and Rule 10A-3 under the Exchange Act require that the audit committee of a listed company be comprised solely of independent directors. In addition, Nasdaq rules generally require that the compensation committee of a listed company be comprised solely of independent directors, subject to certain limited exceptions set forth thereunder.

CEPT Audit Committee

CEPT has established the CEPT Audit Committee. Messrs. Sharp and Zurita and Dr. Prasad serve as members of the CEPT Audit Committee and Mr. Zurita chairs the CEPT Audit Committee. Under the Nasdaq listing standards and applicable SEC rules, CEPT is required to have at least three members of the CEPT Audit Committee, all of whom must be independent. Each of Messrs. Sharp and Zurita and Dr. Prasad meet the independent director standards under Nasdaq listing standards and under Rule 10A-3(b)(1) under the Exchange Act.

Each member of the CEPT Audit Committee is financially literate and the CEPT Board has determined that Mr. Zurita qualifies as an audit committee financial expert as defined in applicable SEC rules.

CEPT has adopted a charter for the CEPT Audit Committee, which details the principal functions of the CEPT Audit Committee, including, among other items:

- " the appointment, compensation, retention, replacement and oversight of the work of the independent registered public accounting firm engaged by CEPT;
- " pre-approving all audit and permitted non-audit services to be provided by the independent registered public accounting firm engaged by CEPT, and establishing pre-approval policies and procedures;
- " setting clear hiring policies for employees or former employees of the independent registered public accounting firm, including, but not limited to, as required by applicable laws and regulations;
- " setting clear policies for audit partner rotation in compliance with applicable laws and regulations;
- " obtaining and reviewing a report, at least annually, from the independent registered public accounting firm describing (i) the independent registered public accounting firm's internal quality-control procedures, (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the audit firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm and any steps taken to deal with such issues and (iii) all relationships between the independent registered public accounting firm and CEPT to assess the independent registered public accounting firm's independence;
- " reviewing and approving any related party transaction required to be disclosed pursuant to Item 404 of Regulation S-K promulgated by the SEC prior to CEPT entering into such transaction; and
- " reviewing with management, the independent registered public accounting firm and CEPT's legal advisors, as appropriate, any legal, regulatory or compliance matters, including any correspondence with regulators or government agencies and any employee complaints or published reports that raise material issues regarding CEPT's financial statements or accounting policies and any significant changes in accounting standards or rules promulgated by the Financial Accounting Standards Board, the SEC or other regulatory authorities.

CEPT Compensation Committee

CEPT has established the CEPT Compensation Committee. Messrs. Sharp and Zurita and Dr. Prasad serve as members of the CEPT Compensation Committee. Each of Messrs. Sharp and Zurita and Dr. Prasad is independent and Mr. Zurita chairs the CEPT Compensation Committee.

CEPT has adopted a charter for the CEPT Compensation Committee, which details the principal functions of the CEPT Compensation Committee, including, among other items:

- " reviewing and approving on an annual basis the corporate goals and objectives relevant to CEPT's Chief Executive Officer's compensation, if any is paid by CEPT, evaluating CEPT's Chief Executive Officer's performance in light of such goals and objectives and determining and approving the remuneration (if any) of CEPT's Chief Executive Officer based on such evaluation;
- " reviewing and approving on an annual basis the compensation, if any is paid by CEPT, of all of our other officers;
- " reviewing on an annual basis CEPT's executive compensation policies and plans;

188

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

- " implementing and administering CEPT's incentive compensation equity-based remuneration plans, if any;
- " assisting management in complying with CEPT's proxy statement and annual report disclosure requirements;
- " approving all special perquisites, special cash payments and other special compensation and benefit arrangements for CEPT's officers and employees;
- " if required, producing a report on executive compensation to be included in CEPT's annual proxy statement; and
- " reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

The CEPT Memorandum and Articles also provides that the CEPT Compensation Committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, legal counsel or other adviser and will be directly responsible for the appointment, compensation and oversight of the work of any such adviser. However, before engaging or receiving advice from a compensation consultant, external legal counsel or any other adviser, the CEPT Compensation Committee will consider the independence of each such adviser, including the factors required by Nasdaq and the SEC.

Compensation Recovery and Clawback Policy

Under the Sarbanes-Oxley Act, in the event of misconduct that results in a financial restatement that would have reduced a previously paid incentive amount to any of CEPT's current or former executive officers, CEPT can recoup such improper payments from its applicable current or former executive officers. The SEC has also adopted Rule 10D-1 under the Exchange Act (the

SEC Clawback Rule

) which, among other things, directed national securities exchanges to require listed companies to implement policies intended to recoup incentive-based compensation paid to current or former executives if the company is found to have misstated its financial results. Nasdaq adopted Nasdaq Rule 5608 (the Nasdaq Clawback Rule

and together with the SEC Clawback Rule, the Clawback Rules

) to effect the foregoing.

CEPT has adopted the Executive Compensation Clawback Policy (the Clawback Policy

) that is compliant with the Clawback Rules. The Clawback Policy provides for the mandatory recovery of erroneously awarded incentive-based compensation from CEPT's current and former executive officers as defined in the SEC Clawback Rule (

Covered Officers

) in accordance with the Clawback Rules in the event that CEPT is required to prepare an accounting restatement. The recovery of such compensation applies regardless of whether a Covered Officer engaged in misconduct or otherwise caused or contributed to the requirement of an accounting restatement. Under the Clawback Policy, the CEPT Board may recoup from the Covered Officers' erroneously awarded incentive-based compensation received within a lookback period of the three completed fiscal years preceding the date on which CEPT is required to prepare an accounting restatement.

Director Nominations

CEPT does not have a standing nominating committee, though it intends to form a corporate governance and nominating committee as and when required to do so by law or Nasdaq Rules. As there is no standing nominating committee, CEPT has not adopted a nominating committee charter. Generally, companies are required by Nasdaq Listing Rule 5605 to select director nominees through either (i) a vote solely of independent directors or (ii) a nominations committee comprised solely of independent directors. However, CEPT relies on the controlled company

exemption and is therefore exempt from this requirement.

Director candidates may be nominated by the holders of CEPT Class B Ordinary Shares, which have the exclusive right to vote on directors prior to an initial business combination. The CEPT Board will also consider director candidates recommended for nomination by other CEPT Shareholders during such times as they are seeking proposed nominees to stand for election at the next annual general meeting (or, if applicable, an extraordinary general meeting). CEPT Shareholders that wish to nominate a director for appointment to the CEPT Board should follow the procedures set forth in the CEPT Memorandum and Articles. However, prior to an initial business combination, holders of Public Shares do not have the right to recommend director candidates for nomination to the CEPT Board.

189

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

CEPT has not formally established any specific, minimum qualifications that must be met or skills that are necessary for directors to possess. In general, in identifying and evaluating nominees for director, the CEPT Board considers educational background, diversity of professional experience, knowledge of CEPT's business, integrity, professional reputation, independence, wisdom and the ability to represent the best interests of CEPT Shareholders.

Compensation Committee Interlocks and Insider Participation

None of CEPT's officers currently serves, or in the past year has served, as a member of the compensation committee of any entity that has one or more officers serving on the CEPT Board.

Trading Policies

On May 1, 2025, CEPT adopted insider trading policies and procedures governing the purchase, sale and/or other dispositions of CEPT's securities by directors, officers and employees, which are reasonably designed to promote compliance with insider trading laws, rules and regulations and the applicable Nasdaq rules (the Insider Trading Policy

).

Code of Ethics

CEPT has adopted a Code of Ethics applicable to its directors, officers and employees. CEPT has filed a copy of its Code of Ethics and the charters for the CEPT Audit Committee and the CEPT Compensation Committee charters as exhibits to the CEPT IPO Prospectus. You are able to review these documents by accessing CEPT's public filings at the SEC's website at www.sec.gov. In addition, a copy of the Code of Ethics will be provided without charge upon request from CEPT. CEPT intends to disclose any amendments to or waivers of certain provisions of its Code of Ethics, including any implicit waiver from a provision of the Code of Ethics applicable to its principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions requiring disclosure under applicable SEC or Nasdaq rules, in a Current Report on Form 8-K. See the section of this proxy statement/prospectus entitled

Conflicts of Interest

As a matter of Cayman Islands law, directors and officers owe the following fiduciary duties:

- (i) duty to act in good faith in what the director or officer believes to be in the best interests of the company as a whole;
- (ii) duty to exercise powers for the purposes for which those powers were conferred and not for a collateral purpose;
- (iii) directors should not improperly fetter the exercise of future discretion;
- (iv) duty to exercise powers fairly as between different sections of shareholders;
- (v) duty not to put themselves in a position in which there is a conflict between their duty to the company and their personal interests; and
- (vi) duty to exercise independent judgment.

In addition to the above, directors also owe a duty of care which is not fiduciary in nature. This duty has been defined as a requirement to act as a reasonably diligent person having both the general knowledge, skill and experience that may reasonably be expected of a person carrying out the same functions as are carried out by that director in relation to the company and the general knowledge skill and experience of that director.

As set out above, directors have a duty not to put themselves in a position of conflict and this includes a duty not to engage in self-dealing, or to otherwise benefit as a result of their position. However, in some instances what would otherwise be a breach of this duty can be forgiven and/or authorized in advance by the shareholders provided that there is full disclosure by the directors. This can be done by way of permission granted in the CEPT Memorandum and Articles or

alternatively by shareholder approval at general meetings.

Each of CEPT's officers and directors presently has, and any of them in the future may have additional, fiduciary or contractual obligations to at least one other entity pursuant to which such officer or director will be required to present a business opportunity. The Sponsor, CEPT's directors and officers, Cantor and their respective affiliates may sponsor, form or participate in the formation of, or become an officer or director of, any other blank check company or may pursue other business or investment ventures. Any such companies, businesses or investments may present additional conflicts of interest in pursuing a business opportunity. Accordingly, they may have conflicts of interest in determining to which entity a particular business opportunity should be presented. The CEPT Memorandum and Articles provides that, to the fullest extent permitted by applicable law: (i) no individual serving as a director or an officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as CEPT; and (ii) CEPT shall renounce any interest or expectancy in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for any director or officer, on the one hand, and CEPT, on the other. These conflicts may not be resolved in CEPT's favor. However, based on the existing relationships of the Sponsor and CEPT's directors and officers, the fact that CEPT may consummate a business combination with a target in a wide range of industries, as well as the experiences of certain of CEPT's directors and officers and affiliates of the Sponsor with the Prior Cantor SPACs, CEPT does not believe that the fiduciary duties or contractual obligations of its directors or officers materially affected CEPT's search for an acquisition target or its ability to enter into Business Combination.

Below is a table summarizing the entities to which CEPT's directors and officers currently have fiduciary duties or contractual obligations or other material management relationships that may present a conflict of interest:

Overview

CEPT is a blank check company incorporated in the Cayman Islands as an exempted company on November 11, 2020, for the purpose of effecting an initial business combination. The Sponsor is Cantor EP Holdings II, LLC.

Although CEPT is not limited in its search for target business to a particular industry or sector for the purpose of consummating an initial business combination, CEPT focused its search on companies operating in the financial services, digital assets, healthcare, real estate services, technology and software industries. CEPT is an early stage and emerging growth company and, as such, CEPT is subject to all of the risks associated with early stage and emerging growth companies.

The registration statements for the CEPT IPO became effective on May 1, 2025. On May 5, 2025, CEPT consummated the CEPT IPO of 24,000,000 CEPT Class A Ordinary Shares at a purchase price of \$10.00 per share, generating gross proceeds of \$240,000,000.

Simultaneously with the closing of the CEPT IPO, CEPT consummated the sale of 580,000 CEPT Private Placement Shares, at a purchase price of \$10.00 per share, to the Sponsor in the CEPT Private Placement, generating gross proceeds of \$5,800,000.

Following the closing of the CEPT IPO and the CEPT Private Placement on May 5, 2025, an amount of \$240,000,000 (\$10.00 per share) from the net proceeds of the CEPT IPO and the CEPT Private Placement was placed in the Trust Account located in the United States with CST acting as trustee. The funds in the Trust Account were initially held in an account at J.P. Morgan Chase Bank, N.A. and on May 6, 2025, were transferred to an account at CF Secured, LLC (

CF Secured

), an affiliate of the Sponsor. The Trust Account may be invested only in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less or in any open-ended investment company that holds itself out as a money market fund selected by CEPT meeting the conditions of paragraphs (d)(2), (d)(3) and (d)(4) of Rule 2a-7 of the Investment Company Act, or held as cash or cash items (including in demand deposit accounts) at a bank as determined by CEPT, until the earlier of: (i) the completion of an initial business combination and (ii) the distribution of the Trust Account, as described below.

CEPT has until May 5, 2027 (24 months from the closing of the CEPT IPO), or until such earlier liquidation date as the CEPT Board may approve or such later date as the CEPT Shareholders may approve pursuant to the CEPT Memorandum and Articles, to consummate an initial business combination. If CEPT is unable to complete an initial business combination by the end of the Combination Period, CEPT will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account including interest earned on the funds held in the Trust Account and not previously released to CEPT to pay taxes, divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Shareholders' rights as shareholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining CEPT Shareholders and the CEPT Board, liquidate and dissolve, subject, in each case, to CEPT's obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

On January 24, 2024, the SEC adopted the 2024 SPAC Rules. The 2024 SPAC Rules require, among other matters, (i) additional disclosures relating to SPAC business combination transactions; (ii) additional disclosures relating to dilution and to conflicts of interest involving sponsors and their affiliates in both SPAC initial public offerings and business combination transactions; (iii) additional disclosures regarding projections included in SEC filings in connection with proposed

business combination transactions; and (iv) the requirement that both the SPAC and its target company be co-registrants for business combination registration statements. In addition, the SEC's adopting release provided guidance describing circumstances in which a SPAC could become subject to regulation under the Investment Company Act, including its duration, asset composition, business purpose and the activities of the SPAC and its management team in furtherance of such goals. The 2024 SPAC Rules may materially affect CEPT's ability to negotiate and complete an initial business combination and may increase the costs and time related thereto.

In March, 2024, the SEC adopted its final rules relating to The Enhancement and Standardization of Climate-Related Disclosures for Investors, that would require registrants to provide climate-related disclosures in registration statements and certain periodic reports. The final rules set forth requirements for disclosure of material climate-related risks, mitigation activities, targets and goals, and governance. The rules also require disclosure of certain greenhouse gas emissions metrics and attestation of emissions disclosures. Subsequent to the issuance of the final rules, in April 2024, the SEC has released an order staying the final rules pending judicial review of all of the petitions challenging the rules and in March 2025, the SEC voted to end its defense of the rules. CEPT is continuing to monitor the developments pertaining to the rules. However, if these reporting requirements are implemented following the completion of judicial review, they may significantly increase the complexity of CEPT's periodic reporting as a U.S. public company.

Business Combination with Securitize

On October 27, 2025, CEPT entered into the Business Combination Agreement, pursuant to which, (i) CEPT will merge with and into SPAC Merger Sub, with SPAC Merger Sub continuing as the surviving entity and as a result of which CEPT Shareholders will receive one share of PubCo Common Stock for each CEPT Class A Ordinary Share held by such CEPT Shareholder (including the CEPT Class A Ordinary Shares issued upon conversion of the CEPT Class B Ordinary Shares in accordance with the CEPT Memorandum and Articles and the Sponsor Support Agreement), and (ii) at least two (2) hours after the CEPT Merger, Securitize will merge with and into Company Merger Sub, with Securitize continuing as the surviving entity, and as a result of which the Securitize Stockholders will receive shares of PubCo Common Stock in exchange for their Securitize Shares.

Contemporaneously with the execution of the Business Combination Agreement, on October 27, 2025, PubCo, Securitize and CEPT entered into the PIPE Subscription Agreements with the PIPE Investors, pursuant to which the PIPE Investors agreed to purchase, in a private placement immediately prior to the CEPT Merger, 22,500,000 PIPE Shares, at a purchase price of \$10.00 per share, payable in cash, for an aggregate purchase price of \$225 million. The PIPE Investors are permitted under the PIPE Subscription Agreements to satisfy their commitments thereunder through the purchase of CEPT Class A Ordinary Shares on the public market, subject to certain restrictions set forth therein.

Contemporaneously with the execution of the Business Combination Agreement, on October 27, 2025, CEPT, PubCo and the Sponsor entered into the Sponsor Support Agreement, pursuant to which, among other matter described below, the Sponsor agreed to surrender the Surrendered CEPT Shares for no consideration and to subject the Sponsor Earnout Shares to vesting and potential forfeiture (and related transfer restrictions) after the Closing based on an earnout during the Earnout Period.

Liquidity and Capital Resources

As of March 31, 2026, December 31, 2025 and 2024, CEPT had \$25,000, \$25,000 and \$0, respectively, of cash in its operating account. As of March 31, 2026, December 31, 2025 and 2024, CEPT had a working capital deficit of approximately \$2,916,000, approximately \$1,472,000 and approximately \$174,000, respectively. As of March 31, 2026, December 31, 2025 and 2024, approximately \$8,753,000, approximately \$6,617,000 and \$0, respectively, of the amount earned on funds held in the Trust Account was available to pay taxes, if any.

194

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

CEPT's liquidity needs through March 31, 2026 have been satisfied through a contribution of \$25,000 from the Sponsor in exchange for the issuance of the CEPT Class B Ordinary Shares, a loan of approximately \$160,000 from the Sponsor pursuant to a promissory note (the

Pre-IPO Note

), the proceeds from the consummation of the CEPT Private Placement not held in the Trust Account and the Sponsor Loan. CEPT fully repaid the Pre-IPO Note upon completion of the CEPT IPO. In order to finance transaction costs in connection with a Business Combination, the Sponsor has committed to loan CEPT up to \$1,750,000 pursuant to the Sponsor Loan to fund CEPT's expenses relating to investigating and selecting a target business and other working capital requirements, of which approximately \$605,000, approximately \$397,000 and \$0 has been drawn by CEPT as of March 31, 2026, December 31, 2025 and 2024, respectively. If the Sponsor Loan is insufficient, the Sponsor or an affiliate of the Sponsor, or certain of CEPT's officers and directors may, but are not obligated to, provide CEPT additional loans (

Working Capital Loans

). As of March 31, 2026, December 31, 2025 and 2024, CEPT did not have any borrowings under the Working Capital Loans.

Based on the foregoing, management believes that CEPT will have sufficient working capital and borrowing capacity from the Sponsor to meet its needs through the earlier of the consummation of an initial business combination or one year from the date of this proxy statement/prospectus. Over this time period, CEPT will be using these funds for paying existing accounts payable, pursuing and consummating the Business Combination and, to the extent the Business Combination Agreement is terminated prior to the Closing, identifying and evaluating new prospective acquisition targets, performing due diligence on such new prospective acquisition targets, selecting the new acquisition target to merge with or acquire, and structuring, negotiating and consummating the Business Combination.

Results of Operations

CEPT's entire activity from inception through March 31, 2026 related to its formation, the CEPT IPO and to CEPT's efforts toward locating and completing a suitable business combination. CEPT has neither engaged in any operations nor generated any revenues to date. CEPT will not generate any operating revenues until after completion of the Business Combination or another business combination. CEPT has generated non-operating income in the form of interest income on amounts held in the Trust Account. CEPT has incurred, and expects to incur, increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses.

For the three months ended March 31, 2026, CEPT had net income of approximately \$2,396,000, which consisted of approximately \$2,252,000 of interest income on investments held in the Trust Account and approximately \$1,625,000 of income from the change in fair value of forward sale securities, partially offset by approximately \$1,451,000 of general and administrative expenses, and \$30,000 of administrative expenses incurred pursuant to the administrative services agreement with the Sponsor.

For the three months ended March 31, 2025, CEPT had a net loss of approximately \$27,000, which resulted from approximately \$27,000 of general and administrative

expenses.

For the year ended December 31, 2025, CEPT had net income of approximately \$18,000, which consisted of approximately \$6,479,000 of interest income on investments held in the Trust Account, partially offset by approximately \$4,608,000 of loss from the change in fair value of forward sale securities, approximately \$1,773,000 of general and administrative expenses and approximately \$80,000 of administrative expenses incurred pursuant to the administrative services agreement with the Sponsor.

For the year ended December 31, 2024, CEPT had a net loss of approximately \$71,000, which consisted of approximately \$71,000 of general and administrative expenses.

Factors That May Adversely Affect CEPT's Results of Operations

CEPT's results of operations and its ability to complete the Business Combination or another initial business combination may be adversely affected by various factors that could cause economic uncertainty and volatility in the financial markets, many of which are beyond CEPT's control. CEPT's results of operations and its ability to consummate the Business Combination or another initial business combination could be impacted by, among other things, downturns in the financial markets or in economic conditions, fluctuations in interest rates and geopolitical instability, such as the military conflicts in Ukraine and the Middle East. CEPT cannot at this time predict the likelihood of one or more of the above events, their duration or magnitude or the extent to which they may negatively impact CEPT's business and CEPT's ability to complete the Business Combination or another initial business combination.

Contractual Obligations

Business Combination Marketing Agreement

CEPT engaged CF&Co., an affiliate of the Sponsor, as an advisor in connection with an initial business combination to assist CEPT in holding meetings with CEPT Shareholders to discuss the potential initial business combination and the acquisition target's attributes, introduce CEPT to potential investors that are interested in purchasing CEPT's securities and assist CEPT with its press releases and public filings in connection with an initial business combination. CEPT will pay CF&Co. a cash fee for such services upon the consummation of the Business Combination or another initial business combination in an amount of \$8,400,000, which is equal to 3.5% of the gross proceeds of the CEPT IPO.

Related Party Loans

In connection with the CEPT IPO, the Sponsor has agreed to lend CEPT up to \$3,600,000 pursuant to the Sponsor Note in connection with each Redemption Event such that an amount equal to \$0.15 per Public Share being redeemed in connection with the applicable Redemption Event will be added to the Trust Account and paid to the holders of the applicable redeemed Public Shares on such Redemption Event. The Sponsor Note does not bear interest and is repayable by CEPT to the Sponsor upon consummation of the Business Combination; provided that, at any time beginning 60 days after the date of the CEPT IPO, at the Sponsor's option, all or any portion of the amount outstanding under the Sponsor Note may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. If CEPT is unable to consummate an initial business combination, the Sponsor Note would be repaid only out of funds held outside of the Trust Account. The Sponsor has waived any claims against the Trust Account in connection with the Sponsor Note.

In order to finance transaction costs in connection with an intended initial business combination, the Sponsor has committed up to \$1,750,000 in the Sponsor Loan to be provided to CEPT to fund expenses relating to investigating and selecting a target business and other working capital requirements, including \$10,000 per month for office space, administrative and shared personnel support services that will be paid to the Sponsor, after the CEPT IPO and prior to an initial business combination. The Sponsor Loan does not bear interest and is repayable by CEPT to the Sponsor upon consummation of the Business Combination or another initial business combination; provided that, at any time beginning 60 days after the date of the CEPT IPO, at the Sponsor's option, all or any portion of the amount outstanding under the Sponsor Loan may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Loan would be repaid only out of funds held outside the Trust Account. If the Sponsor Loan is insufficient, the Sponsor or an affiliate of the Sponsor, or certain of CEPT's officers and directors may, but are not obligated to, provide CEPT with Working Capital Loans.

As of March 31, 2026, December 31, 2025 and 2024, CEPT had approximately \$605,000, approximately \$397,000 and \$0, respectively, outstanding under the Sponsor Loan. As of March 31, 2026, December 31, 2025 and 2024, CEPT had no borrowings under the Working Capital Loans or the Sponsor Note.

Critical Accounting Policies and Estimates

CEPT has identified the following as its critical accounting policies:

Use of Estimates

The preparation of CEPT's consolidated financial statements and related disclosures in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, income and expenses and the disclosure of contingent assets and liabilities in CEPT's consolidated financial statements. These accounting estimates require the use of assumptions about matters, some of which are highly uncertain at the time of estimation. Management bases its estimates on historical experience and on various other assumptions it believes to be reasonable under the circumstances, the results of which form the basis for making judgments, and CEPT evaluates these estimates on an ongoing basis. To the extent actual experience

196

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

differs from the assumptions used, CEPT's consolidated balance sheets, consolidated statements of operations, consolidated statements of comprehensive income (loss), consolidated statements of shareholders' equity (deficit) and consolidated statements of cash flows could be materially affected. CEPT believes that the following accounting policies involve a higher degree of judgment and complexity.

Going Concern

In connection with CEPT's going concern considerations in accordance with guidance in Accounting Standards Codification (

ASC

) 205-40, Presentation of Financial Statements Going Concern, CEPT has until May 5, 2027 to consummate the initial business combination. CEPT's mandatory liquidation date if the initial business combination is not consummated raises substantial doubt about CEPT's ability to continue as a going concern. CEPT's consolidated financial statements included in elsewhere in this proxy statement/prospectus do not include any adjustments related to the recovery of the recorded assets or the classification of the liabilities should CEPT be unable to continue as a going concern. In the event of a mandatory liquidation, within ten business days, CEPT will redeem the CEPT Class A Ordinary Shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to us to pay taxes, if any, and including \$0.15 per redeemed share to be funded pursuant to the Sponsor Note, divided by the number of then outstanding redeemable CEPT Class A Ordinary Shares. As of March 31, 2026 and December 31, 2025, the redemption value per redeemable CEPT Class A Ordinary Share was \$10.51 and \$10.43, respectively.

Emerging Growth Company

Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a registration statement under the Securities Act declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. CEPT has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, CEPT, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of CEPT's consolidated financial statements with another public company, which is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standard used.

Forward Sale Securities

CEPT accounts for the CEPT Class A Ordinary Shares underlying the PIPE Subscription Agreements, which are referred to in this proxy statement/prospectus as forward sale securities, in accordance with guidance in ASC 815-40, Derivatives and Hedging Contracts in Entity's Own Equity, pursuant to which the forward sale securities do not meet the criteria for equity classification and must be recorded as liabilities or assets.

CEPT Class A Ordinary Shares Subject to Possible Redemption

CEPT accounts for the CEPT Class A Ordinary Shares subject to possible redemption in accordance with the guidance in ASC 480, Distinguishing Liabilities from Equity. CEPT Class A Ordinary Shares subject to mandatory redemption (if any) are classified as liability instruments and measured at fair value. Conditionally redeemable CEPT Class A Ordinary Shares (including CEPT Class A Ordinary Shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within CEPT's control) are classified as temporary equity. At all other times, CEPT Class A Ordinary Shares are classified as shareholders' equity. All of the Public Shares feature certain redemption rights that are considered to be outside of our control and subject to the occurrence of uncertain future events. Accordingly, as of March 31, 2026, December 31, 2025 and 2024, 24,000,000, 24,000,000 and 0 CEPT Class A Ordinary Shares subject to possible redemption, respectively, are presented as temporary equity outside of the shareholders' deficit section of CEPT's consolidated balance sheets. CEPT recognizes any subsequent changes in redemption value immediately as they occur and adjusts the carrying value of redeemable CEPT Class A Ordinary Shares to the redemption value at the

197

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

end of each reporting period. Immediately upon the closing of the CEPT IPO, CEPT recognized the accretion from initial book value to redemption amount value of redeemable CEPT Class A Ordinary Shares. This method would view the end of the reporting period as if it were also the redemption date for the security. The change in the carrying value of redeemable CEPT Class A Ordinary Shares also resulted in charges against Additional paid-in capital and Accumulated deficit.

Net Income (Loss) Per CEPT Ordinary Share

CEPT complies with the accounting and disclosure requirements of ASC 260, Earnings Per Share. Net income (loss) per CEPT Ordinary Share is computed by dividing net income (loss) applicable to shareholders by the weighted average number of CEPT Ordinary Shares outstanding for the applicable periods. CEPT applies the two-class method in calculating earnings per share and allocates net income (loss) pro rata to CEPT Class A Ordinary Shares subject to possible redemption, nonredeemable CEPT Class A Ordinary Shares and CEPT Class B Ordinary Shares. Accretion associated with the redeemable CEPT Class A Ordinary Shares is excluded from earnings per share as the redemption value is not in excess of the fair value.

See Note 2

Summary of Significant Accounting Policies

to CEPT's financial statements included elsewhere in this proxy statement/prospectus for additional information regarding these critical accounting policies and other significant accounting policies.

Off-Balance Sheet Arrangements and Contractual Obligations

As of March 31, 2026, December 31, 2025 and 2024, CEPT did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K and did not have any commitments or contractual obligations.

Overview

Our Business

Our mission is to bring the next generation of finance on-chain and tokenize the world.

Traditional capital markets rely on a patchwork of siloed, legacy ledger systems that were built decades ago long before the internet era and certainly before real-time digital interoperability was even imaginable. Each participant in the value chain from issuers and transfer agents to custodians, clearinghouses, and brokers maintains its own internal database to record ownership and transactions. These ledgers are not synchronized in real time, which means reconciling positions, verifying settlement, or transferring ownership often requires multiple intermediaries, manual processes, and days of delay. This fragmentation creates inefficiencies, counterparty risk, and significant operational costs that have become deeply ingrained in how securities markets function.

Because every institution operates its own closed system, data about asset ownership and transaction history is effectively trapped within organizational boundaries. As a result, market participants must rely on third-party trust layers such as clearing and settlement networks to ensure consistency and finality. This lack of a shared, authoritative source of truth leads to mismatches, settlement fails, and reconciliation errors. It also limits transparency for investors and regulators, restricts market access for smaller participants, and makes it extremely difficult to innovate or integrate new financial products and services.

Blockchain technology and tokenization address these problems by introducing a shared, programmable ledger where all participants can access the same canonical record of ownership in real time. Instead of fragmented databases, blockchain provides a unified infrastructure for asset issuance, trading, and settlement where tokens represent the digital equivalent of traditional securities. Smart contracts can automate compliance, corporate actions, and settlement, drastically reducing operational overhead and human error. Because every transaction is recorded immutably and transparently, blockchain eliminates the need for redundant reconciliation, accelerates settlement from days to near instant finality, and opens the door to 24/7 global market access.

In essence, tokenization transforms capital markets from a series of disconnected silos into a single interoperable network where assets, investors, and service providers can interact directly under a common data standard. The result is a more efficient, transparent, and inclusive financial system that mirrors the digital-native infrastructure powering other modern industries.

In 2017, Carlos Domingo, Jamie Finn and Shay Finkelstein envisioned using blockchain technology and tokenization to address this problem. Recognizing that the technology didn't exist, they built Securitize.

Securitize was the first digital securities issuance platform that came to market in January 2018. Securitize directly tackles the fragmentation and inefficiency of traditional capital markets by replacing those legacy, siloed ledgers with a unified digital infrastructure built on blockchain. Securitize is a regulated transfer agent and digital asset platform that issues, manages, and records securities natively on-chain meaning that instead of relying on disconnected systems across brokers, custodians, and clearinghouses, every transaction and ownership record is maintained on a single, verifiable ledger accessible in real time.

Over time, we have become much more aware of the need for our customers to adopt this emerging technology, we had to provide a whole solution

to move from early adopters to the mainstream market, consistent with the thesis set forth in the breakthrough as described in the breakthrough innovation book by Geoffrey A. Moore

Crossing the Chasm: Marketing and Selling High-Tech Products to Mainstream Customers

in 1991. In November 2020, we created Securitize Markets, a FINRA- and SEC-registered broker-dealer and Alternative Trading System (ATS), and in May 2021, we recognized the need to manage tokenized investment vehicles on behalf of our customers and created Securitize Capital, an exempt investment advisor, with plans to register with the SEC in 2026. And more recently, in late 2024, we created Securitize Fund Services to be able to offer fund administration services to our customers and control how we bridge the 24/7 nature of tokenized funds, compared to the underlying analog contents of those funds.

Today, Securitize has built the most comprehensive and trusted infrastructure for tokenizing financial assets on-chain. The company operates a fully regulated, end-to-end platform for the issuance, trading and servicing of tokenized securities. As the only vertically integrated tokenization provider with SEC-registered entities across a transfer agent, broker-dealer, alternative trading system (ATS), investor advisor and fund administration, Securitize uniquely enables a complete lifecycle for tokenized assets. These registrations enable Securitize to legally issue, manage, and trade digital securities in the United States under the same framework that governs traditional equities and bonds, while leveraging the efficiency and transparency of blockchain technology.

Securitize's heritage is deeply rooted in the U.S. financial system, where it has built its reputation as one of the few blockchain-native companies fully integrated into the regulated capital markets framework. Founded in the United States, Securitize chose from the outset to operate within existing U.S. securities laws rather than around them positioning itself as a bridge between traditional finance and the emerging digital asset ecosystem. This U.S. base has shaped its culture, governance, and credibility, aligning the company with the world's most mature and transparent capital market infrastructure. Unlike many blockchain companies that launched offshore to avoid regulatory scrutiny, Securitize took the opposite approach: we embraced compliance and regulation as a competitive advantage, operating from the United States the most trusted and largest financial market on the planet.

As of December 31, 2025, Securitize had more than \$3.1 billion in tokenized assets under management, through partnerships with leading asset managers, including Apollo, BlackRock, BNY, Hamilton Lane, KKR, and VanEck. The firm's launch of KKR's Health Care Strategic Growth Fund II in 2022 marked the first time a major global investment manager tokenized a fund on-chain, while BlackRock's BUIDL, tokenized by Securitize in 2024, became one of the fastest growing tokenized treasury funds. Beyond institutional funds, Securitize has also pioneered the tokenization of equities, beginning with Exodus, the first U.S.-registered company to tokenize its common stock, and more recently, FG Nexus, a new framework for tokenizing stocks for publicly listed companies. Securitize is also planning to tokenize the equity of PubCo.

We have grown to a significant scale since our founding and increased our tokenized assets' AUM from an approximate average of \$200 million in the first half of 2023 to an approximate average of \$3.9 billion in the second half of 2025, a compound annual growth rate of approximately 173%. Our aggregated transaction volume per

half year increased significantly as well, from less than \$50 million in H1 2023 to approximately \$13.3 billion as of H2 2025, where such volume is calculated by reference to aggregate volume of investments, redemptions, dividends and cross chain movements of assets issued by our platform. Our aggregated transaction volume was \$1.9 billion in the first quarter of 2026.

We now have an end-to-end platform servicing a diverse mix of asset classes, including approximately \$1.7bn (as of December 2025) in BlackRock's private fund, BUIDL, one of the fastest growing tokenized treasury funds; approximately \$443mm in Exodus's Class A and Class B common stock, the natively tokenized stock of a publicly traded company; approximately \$209mm in Blockchain Capital's venture capital fund, the largest tokenized institutional fund; and approximately \$133mm in Apollo's Diversified Credit Fund (ACRED), the largest tokenized private credit fund. According to RWA.XYZ as of December 2025, an industry website tracking the on-chain data of tokenization platforms of Real World Assets (RWA) platforms, Securitize has a market share of 19%, which places Securitize as the overall leader in the space. Not only that, but we also have significant market share in the categories we participate in, with 20.5% market share in tokenized treasuries, 14% of institutional funds, and 19.5% of tokenized stocks.

Securitize's revenue model is built around two main verticals, Tokenization and Asset Servicing, each containing multiple complementary revenue streams.

The Tokenization vertical consists of on-chain infrastructure and tokenization & distribution. For on-chain infrastructure, Securitize integrates with blockchain protocols to record ownerships, transactions, and compliance data for tokenized assets. The Company earns a one-time integration fee when onboarding a new issuer or fund, plus a recurring maintenance fee over the life of the contract for continued infrastructure support. Under tokenization & distribution, Securitize facilitates the issuance, trading and distribution of digital assets. The revenue model is mostly transaction-based and is calculated as managed assets under management (AUM) multiplied by the average revenue per user (ARPU).

The Asset Servicing vertical revolves around post-issuance transfer agent services and fund management services. As an SEC-registered transfer agent, Securitize provides a comprehensive suite of securities services including real-time approval, record-keeping, distributions, dividend issuances, compliance solutions, etc. This generates SaaS-based recurring revenue and a tokenization fee per issuer. Securitize also offers full administrative support to funds, including NAV calculations, reporting compliance, and integration with on-chain processes, all in one platform. Each fund is charged an annual fee, creating a recurring, AUM-based revenue stream.

We believe that our current revenue model has been successful, and our total revenue is largely generated from recurring/contracted fees earned from tokenization and asset servicing. For the year ended December 31, 2025, our total revenue was approximately \$62.2 million, with net income (loss) of approximately \$(49.2) million and Adjusted EBITDA of approximately \$3.4 million. For the year ended December 31, 2024, our total revenue was approximately \$18.6 million, with net income (loss) of approximately \$(24.3) million and Adjusted EBITDA of approximately \$(11.8) million.

Tokenization Overview

Tokenization transforms the traditional value chain by digitizing real-world-assets (

RWAs

) on blockchains, streamlining issuance and trading while unlocking greater efficiency, transparency and accessibility. While you can tokenize many asset classes, from dollars (referred to as stablecoins), commodities like gold, we focus only on the tokenization of securities like funds, stocks, bonds or securitized assets. We believe tokenization is the next evolution in capital markets. Just as Nasdaq and DTC digitized the paper-based stock market, Tradeweb and E*TRADE ushered in the era of electronic trading, and Coinbase and Robinhood made digital asset trading mainstream, tokenization now promises to reshape how ownership, settlement, and value of securities move across the financial system just as Tether (USDT) and Circle (USDC) did for dollars with stablecoins.

Blockchain-based tokenized securities provide a better way to access and manage capital:

" Accessibility The digitization and automation process provided by tokenization allows for efficient fractional ownership, drives liquidity for issuers and investors, and lowers barriers for investors to participate in asset classes once limited to institutional investors, given the embedded costs of serving a large number of investors simultaneously. Tokenization allows for reduced minimum investment sizes that broaden the investor participation and increase the global reach, given digital tokens can be distributed to investors globally online, expanding the investor base beyond traditional geographic and institutional limitations while complying with applicable regulations.

201

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

" Liquidity Unlike traditional markets that are restricted by trading hours, tokenized assets can be issued, transferred, or traded 24/7/365 either P2P or across approved regulated venues. Blockchain-based settlement between tokenized securities and tokenized dollars (stablecoins) reduces transaction friction and enables near-instant transfer of ownership, improving capital efficiency when necessary. Tokenized securities are also easier to utilize as collateral, enabling more efficient borrowing and leveraging DeFi lending pools that are adapted to regulated assets, which represents another form of liquidity.

" Operational efficiencies Tasks such as cap table management, dividend distributions, and compliance checks are automated via smart contracts, reducing manual errors and operational overhead.

" Transparency All transactions and ownership records are verifiable on-chain, providing a single source of truth and more direct and real time ownership updates to investors. Tokenization simplifies audits and enforces transfer restrictions inherent in securities regulations through smart contracts, AML/KYC verification, and other compliance workflows.

" Fewer economic tolls Built-in global regulatory compliance coded into the token and protocol levels reduces the economic toll. The removal of manual processing reduces legal, administrative, and brokerage fees. The instant settlement also reduces the need for multi-day clearing and associated costs.

" No intermediaries Issuers can connect directly with investors, bypassing intermediaries, eliminating friction and facilitating faster settlement. This enables more efficient fundraising and distribution cycle.

There are also risks associated with the tokenization of securities:

" Constrained Liquidity and Market Development Risk Tokenized securities may trade in nascent or limited secondary markets, including alternative trading systems (

ATSS

), and there can be no assurance that active or liquid markets will develop or be sustained. Limited market participation, regulatory constraints, or technological limitations may result in reduced liquidity, limited price discovery, or wider bid-ask spreads compared to traditional securities markets.

" Technological and Operational Risks The tokenization of securities relies on blockchain networks, smart contracts, and related infrastructure that are subject to operational failures, coding errors, network congestion, outages, or obsolescence. Any malfunction, disruption, or vulnerability in these systems could impair the issuance, transfer, or settlement of tokenized securities and adversely affect investors and issuers.

" Cybersecurity and Fraud Risks Tokenized securities and the blockchain networks on which they operate may be subject to cybersecurity incidents, including hacking, unauthorized access, denial-of-service attacks, or other malicious activity. Such incidents could result in loss of assets, compromised data integrity, transaction reversals, or reputational harm, and may expose participants to fraud or illicit activity.

" Redemption, Valuation, and Volatility Risks To the extent tokenized securities cannot be redeemed for, or directly exchanged with, the underlying traditional security, holders may be exposed to additional valuation and volatility risks. The market price of a tokenized security may deviate from the value of the underlying asset due to liquidity constraints, market sentiment, technological factors, or limited transparency, and may be difficult to value accurately.

" Blockchain Network and Transaction Risks Transaction fees, network congestion, protocol changes, or failures in smart contract execution could delay or prevent transfers of tokenized securities, impair settlement finality, or increase transaction costs. Any such issues could adversely affect the usability and adoption of tokenized securities.

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

" Regulatory and Market Infrastructure Uncertainty The regulatory framework and market infrastructure applicable to tokenized securities continue to evolve. Changes in regulatory interpretation, compliance requirements, or market standards could limit participation, restrict transferability, or require modifications to tokenization structures, which could negatively affect liquidity, valuation, or investor demand.

Traditional Value Chain vs. Tokenized Value Chain

time_001.jpg

The Tokenized Value Chain transforms traditional finance by making assets more accessible, liquid, transparent, and efficient, while reducing economic frictions and removing unnecessary intermediaries creating a more open, cost-effective, and frictionless financial ecosystem for issuers and investors.

Securitize's Role

As part of our Asset Servicing offering, we act as the official SEC-registered transfer agent for the majority of our customers. We use distributed ledger technology in the form of a public blockchain as the master securityholder file to provide recordkeeping, accounting, reporting, examination and other services. We store certain investor information on the blockchain, including wallet addresses, asset balances, number of shares or units held, date of purchase, transaction IDs, and other non-personally identifiable information about the investor, such as KYC or AML status and investor type (e.g., retail, accredited, qualified). In our off-chain proprietary system, we store any personally identifiable information, such as investor names, addresses, tax identifiers, and social security numbers. Each change in the balance of an investor wallet is controlled by a set of smart contracts that enforce specific compliance rules related to the relevant security, which guarantees that each transaction is legal and accurate. The master securityholder file is automatically updated to reflect such changes. We do not tokenize securities without the issuer's explicit permission and cooperation.

Our Market Opportunity

We believe that the financial services system is built on and relies on antiquated technology. While we are still in the early stages of adoption for tokenizing RWAs, we have seen explosive growth in RWA's tokenization market capitalization in recent years, which has even outpaced that of overall crypto and stablecoins. Despite this significant growth, it still represents only a small fraction of the value of the global bond, equities, treasuries, alternative asset, real estate, and private credit markets.

linechart_001.jpg

1 The data was compiled from RWA.xyz, CoinGecko, Defillama, and CoinMarketCap on April 10, 2026. Note that the RWA figures exclude stablecoins to isolate pure tokenization growth, consistent with the original chart's methodology.

The worldwide development of tokenized assets is progressing at varying rates, influenced by regional disparities in how they are adopted, regulated, and utilized. We believe the market is now poised for accelerated adoption and the inefficient traditional capital markets are ripe for tokenization.

The United States is accelerating the adoption of tokenized funds, treasuries, and collateral, thanks to recent strides towards clearer regulations. Meanwhile, Europe is advancing under the DLT Pilot regime framework, which establishes a foundation for consistent adoption throughout the region. Switzerland continues to lead, possessing one of the earliest and most extensive legal frameworks for tokenized securities and distributed ledger technology (DLT) infrastructure. In the Middle East, tokenization initiatives are primarily focused on real estate and private credit, supported by coherent policies and governmental backing. Across the Asia-Pacific region, key jurisdictions like Japan, Singapore, and Hong Kong are piloting tokenized funds, bonds, and structured products through regulatory sandboxes and industry collaborations. Latin America, with Brazil at the forefront, is expanding its use of tokenized assets through fintech platforms and USD-denominated tokenized offerings. In Africa, adoption is growing, particularly in remittances and instruments designed to resist inflation, bolstered by mobile-first infrastructure and stablecoin systems.

We believe the Company will be uniquely positioned to capitalize on the global regulatory tailwind to participate in this \$19 trillion total addressable market (TAM)

) for tokenization of RWAs and ready to unlock features and utilities not possible on traditional rails. With an increase in adoption and emerging use cases, we believe that the TAM for tokenization could expand even more over the coming decades. These market opportunities represent immense untapped potential for Securitize's growth.

Regulatory landscape

As described in previous sections, the process of tokenization involves using a different ledger technology (a blockchain) to represent the ownership of securities.

Therefore, as SEC commissioners and SEC staff have stated publicly on many occasions, tokenized securities are still securities and, absent legislation from Congress, revisions to the SEC's current regulations or new SEC guidance, subject to the same federal securities laws as traditional securities. As such, since our inception, we have assumed that all our activities are subject to federal securities regulations and all our licenses are registered with the SEC in the U.S. or with the European Securities and Markets Authority, or other relevant National Competent Authorities (

NCAs

) in the European Union countries where we hold licenses. At Securitize, we have adopted a regulation-first

philosophy that underpins all our activities and the usage of technology which led us to build a robust and comprehensive compliance infrastructure.

Given the emergence of tokenized securities (i.e., securities represented, issued, transferred or recorded via distributed-ledger technology (DLT)/blockchain), the SEC staff issued a set of FAQs on May 15, 2025 that were intended to clarify how the transfer-agent rules apply in the digital asset context. The main takeaways are:

" The registration

facts and circumstances

test applies. The FAQs emphasize that whether a person must register as a transfer agent depends on what functions the person is performing (i.e., the enumerated transfer agent activities

) and what securities those functions relate to (i.e., registered under Section 12 of the Exchange Act).

" Use of public blockchains is allowed: The FAQs explicitly say that a registered transfer agent may use distributed ledger technology as its official Master Securityholder File

(MSF), so long as it complies with all applicable federal securities laws (such as recordkeeping and prompt and accurate transfer). The FAQs note the agent may keep personal identifying information off-chain while recording the blockchain transaction details on-chain, provided things remain auditable and accessible.

While the above public clarifications are recent, we have historically operated under those assumptions and therefore the recent FAQ has only provided further regulatory clarity and a positive tailwind for us.

Another important and recent regulatory change has to do with the ability of SEC registered broker dealers to custody tokenized securities. In 2020 the SEC's Division of Trading and Market introduced the Special Broker Dealer Framework (SPBD) through a Statement on Custody of Digital Asset Securities by Special Purpose Broker-Dealers.

(the

2020 SPBD

). It was meant as a five-year pilot program (running through 2026) to give the SEC empirical data on how broker-dealers handle digital asset securities (DAS).

i.e., tokenized stocks, bonds, or fund interests issued and traded using blockchain or distributed ledger technology (DLT) or digital assets that were deemed to be securities by the SEC. It was a fairly restrictive license and only two companies in the space received it: one in 2023 and one in

205

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

2024. Securitize took the position over those years that specifically for tokenized securities (not digital assets that were deemed securities which have different custody and risk profiles given that they are bearer assets) a separate license should not be required and therefore opted for not applying and not using our broker-dealer license to provide custody services. In May 2025, SEC staff withdrew the 2019 joint statement and posted FAQs clarifying how broker-dealers can handle tokenized securities. In December 2025, the SEC staff issued a statement specifying the circumstances under which the SEC staff would not object to a broker-dealer custodying a crypto asset security on behalf of a client, with such circumstances being significantly less restrictive than those outlined in the 2020 SPBD safe harbor. Since then, Securitize Markets, our registered broker-dealer subsidiary, obtained expanded approval through FINRA's Continuing Membership Application (CMA) process, which is required for broker-dealers to introduce new business lines or material capabilities. Through this process, Securitize Markets is now the first company to be approved to custody tokenized securities in a regular broker-dealer, enabling it to facilitate atomic swaps and clear and settle transactions between tokenized securities and stablecoins onchain. The approval also permits Securitize Markets to be an underwriter and selling group participant for both initial and secondary tokenized securities offerings. We believe that becoming licensed to provide custodial services through our broker-dealer will open up new use cases and functionality to tokenize securities and help avoid the need for investors to have wallets, which would improve the user experience in buying and selling tokenized securities.

In the European Union, ESMA introduced the so called DLT Pilot Regime that has been live since March 2023. The EU's DLT Pilot Regime is one of the most advanced regulatory frameworks in the world for tokenized securities and market infrastructure it is, in essence, a sandbox for regulated firms to issue, trade, and settle financial instruments directly on DLT i.e., blockchain while operating under temporary exemptions from existing EU rules. In December 2024, Securitize secured an Investment Firm license to operate with tokenized securities from the Spanish regulator, the CNMV, and early in 2025, the license was successfully passported to 15 other EU countries. We are currently pending the approval of a Trading and Settlement System (TSS) license under the DLT Pilot Regime that will allow us to combine trading and settlement infrastructures on-chain, an activity that was previously required to be separated under MiFID II. This license will allow us to provide real-time DvP (delivery versus payment) on-chain without central clearinghouses. It is expected that the European Commission will propose a Digital Securities Market Infrastructure Regulation (DSMIR) by 2026, making parts of the pilot permanent.

Other jurisdictions where there are relevant regulatory frameworks that we might explore in the future are:

" Switzerland (FINMA): under the DLT Act & ledger-based securities. Swiss law expressly recognizes ledger-based securities;
" Singapore (MAS): Technology-neutral under the SFA. If a token is a capital markets product, securities law applies (offers, intermediaries, custody, AML). MAS continues to refine the framework and runs Project Guardian on tokenized finance; and
" United Arab Emirates (ADGM & DIFC) regulations on investment tokens.

Our Platform

The Securitize platform powers the end-to-end relationship between issuers and investors. Securitize offers a comprehensive and fully-regulated stack, including an SEC-registered transfer agent (permits the issuance and management of tokenized securities), an SEC-registered broker-dealer and an alternative trading system (permits asset raising and trading of tokenized securities), as well as a digital assets-focused fund administration business.

Tokenization Natively integrated with 21 leading and public blockchains, enabling seamless token issuance, transfer and settlement across networks via the integration of a cross-chain interoperability protocol. Native integration with a blockchain means Securitize can issue tokens and smart contracts using the respective blockchain's native technology and smart contract language, which eliminates the need to wrap or bridge assets from other blockchains. Securitize is natively integrated with the following blockchains: Ethereum, Avalanche, Polygon, Optimism, Arbitrum, XDC, Base, InkChain, ZkSync, Mantle, Hedera, BNB, Linea, Sei, Tron, Aptos, Solana, XRP Ledger, Cronos, Injective, and SUI.

Asset servicing SEC-registered Transfer Agent focused on providing a comprehensive suite of securities services including real-time approval, record-keeping, distributions, dividend issuances and compliance solutions, etc. Also provides full administrative support to funds, including NAV calculations, reporting compliance, and integration with on-chain processes, all in one platform.

Distribution SEC-regulated and FINRA member broker-dealer and alternative trading system approved for digital asset securities primary and secondary market trading, which allows for greater transparency, security, and accessibility.

Decentralized finance (

DeFi

) integrations Directly linked to major DeFi platforms that are adapted to consume RWAs respecting regulations and stablecoin infrastructure, expanding liquidity access and enabling tokenized assets to interact with on-chain finance via trading, lending, collateral management and borrowing.

Our Strengths

Trusted by the World's Leading Institutions

Securitize is a highly trusted tokenization platform with blue-chip institutional partnerships including Apollo, BlackRock, BNY, Hamilton Lane, KKR, Van Eck and 15,000+ investors across all products. Securitize has tokenized more than \$4 billion in assets through partnerships with leading asset managers. BlackRock's BUIDL, tokenized by Securitize in 2024, became one of the fastest growing tokenized treasury funds.

Positioned to Participate in a Massive TAM of \$19 trillion

Institutional capital is increasingly demanding for compliant solutions to gain an early footing in the tokenization market. Securitize's regulatory stature de-risks the onboarding process for institutions and positions the Company to capitalize on the global regulatory tailwind to participate in this \$19 trillion TAM for the tokenization of RWAs.

Comprehensive platform with End-to-End Vertical Integration

Securitize is the only vertically integrated tokenization platform with a comprehensive platform that streamlines end-to-end relationships between issuers and investors, covering tokenization, asset servicing, and distribution. This vertical integration amplifies our network effect, resulting in approximately 500,000+ registered accounts from investors, some of the highest quality issuers on platform, and the largest tokenized securities volume in the industry.

Fully Regulated Infrastructure Stack

Securitize's fully-regulated stack includes an SEC-registered transfer agent, broker-dealer, alternative trading systems, and fund administrator. Securitize has also been approved as an investment firm (i.e. registered broker-dealer) in 15 EU countries allowed to deal with tokenized securities and is pending approval for a Trading and Settlement System (TSS) as part of the EU DLT Pilot regime program. The platform fully integrates compliance protocol with automated and decentralized regulatory checks, making Securitize the first end-to-end regulatory infrastructure for tokenized assets.

Deep Ecosystem Integration

Securitize supports eighteen major blockchains, and is connected to leading DeFi protocols that are adapted to RWAs, stablecoin infrastructure, and digital custodians to enable secondary market liquidity. The native integration with leading and public blockchains enables seamless token issuance, transfer, and settlement across networks. Securitize is connected to top tier custodians and oracle providers to ensure institutional-grade asset safeguarding, data integrity and regulatory compliance. Oracle providers, such as RedStone and Chronicle, bring off-chain data into blockchain protocols, which cannot access external information on their own. These providers fetch, verify, and deliver data, such as asset prices, to smart contracts in a format that the blockchain can use. Securitize utilizes oracle providers to provide smart contracts and protocols with NAV information regarding its tokenized assets, with such NAV information provided by the respective fund administrator or transfer agent. Securitize's platform is directly linked to major DeFi platforms and stablecoin infrastructure, expanding liquidity access and enabling tokenized assets to interact with on-chain finance. This ecosystem is actively supported by institutional brokers and liquidity providers, enhancing market depth, price discovery and secondary market efficiency for digital assets. The breadth of Securitize's ecosystem integrations makes tokenized securities issued by Securitize more useful and actionable within the crypto ecosystem.

Strong and Accelerating Financial Performance

We have seen increased momentum in our quarterly revenue, resulting in significant topline growth and achieved positive Adjusted EBITDA in each of the first three quarters of 2025 (with negative Adjusted EBITDA in the fourth quarter of 2025). The partnerships with blue-chip institutions have fueled our growth. With our strong

207

tokenized money market and fixed income funds pipeline and broader roll-out of tokenization of public equities, we expect significant growth from our tokenization

vertical of the business. On the asset servicing vertical, the expanding contractual agreements with asset managers and investors and integrations with BUIDL, ACRED, as well as acquisition of MG Stover in Q2 2025 that has positioned Securitize as the largest U.S. based digital asset fund administrator and will continue to drive our top-line growth.

Our Growth Strategies

Our strategy focuses on efficient growth within the crypto ecosystem while preparing for expansion in TradFi markets.

Near-term focus (within three years) Penetrate the \$2.4 trillion crypto market

Our revenue growth is highly correlated with our ability to grow the size of the tokenized assets issued and managed by our platform, what the industry typically refers to as Assets Under Management (AUM). We are committed to driving our AUM growth through several strategic initiatives. Firstly, we plan to significantly grow both our direct and indirect distribution channels. This will add more partnerships to our ecosystem. Concurrently, we intend to launch new funds, leveraging collaborations with both our existing and new asset managers. To further enhance our offerings, we will focus on adding more utility to tokenized securities with further integrations within the Decentralized Finance (DeFi) ecosystem where tokenized securities are accepted complying with regulations, thereby fueling their broader usage and adoption. We will seek to offer tokenized public securities to our clients as well to further diversify our product offerings.

In addition to these core growth drivers, we will strategically expand into adjacent activities designed to better monetize our AUM. This expansion encompasses providing comprehensive fund administration services, and facilitating trading, lending, and borrowing activities through robust DeFi integrations while complying with regulations. We also aim to generate substantial transaction-based revenues from stablecoin conversions, various dealer activities, and a dedicated RFQ platform. Furthermore, we will develop and introduce structured products through strategic partnerships and actively launch higher-margin products to enhance overall profitability.

Medium-term growth (within three to five years) expand into the over \$400 trillion TradFi market

Our medium-term strategy focuses on expanding into adjacent activities to better monetize our AUM within the TradFi market. Historically, TradFi investors have had barriers to adoption of tokenized securities, given the friction of having to install wallets with complex user interfaces, stablecoins that were not regulated until recently, connection to multiple different blockchains to access products or lack of support for tokenized securities by major TradFi broker-dealers or custodians. We believe that with the current regulatory tailwinds and increased crypto adoption by major platforms outside of crypto native ones, adoption of tokenized securities will follow, opening up a much larger market opportunity. We plan to grow our TradFi user base by trying to integrate with major TradFi players and working on improving the user interface experience to abstract the complexities of using blockchains, thereby preparing for the multi-trillion dollar opportunity, a goal actively pursued by all asset managers. Our approach involves activating these investors with products that offer more efficient fractional ownership, significantly lower minimum investment thresholds, self-directed management capabilities, and increased liquidity options, all of which are enabled by tokenization.

Our growth strategy for tokenized RWA focuses on three pillars:

First, tokenized treasuries where we command the leading position with BlackRock's BUIDL and VanEck's Vbill and we believe that there continues to be a large opportunity due to the following factors:

- " Disparity in the crypto industry between tokenized dollars and treasuries as opposed to TradFi markets where treasuries are ~2x bigger

208

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

- " Approval of the U.S. GENIUS Act, which includes tokenized treasury funds as approved reserves, and the expected proliferation of stablecoins
- " Emerging collateral use case for tokenized securities that can significantly boost AUM when broadly adopted by exchanges and where we started making progress integrating some of our products with some major crypto derivatives exchanges

Second, continue expansion of tokenized funds where we already have 20.5%+ market share and 14 products with our current asset manager customers as well as with new products, focusing on yield-generating assets that can seamlessly interact with the crypto ecosystem and complement treasuries (higher yield with moderately higher risk) with additional products such as CLOs (we recently released our first product in this category in partnership with BNY), floating rate products, bonds, private credit, etc. in advanced stage of development and contracting.

Third, expansion into retail products with a specific focus on issuer-led, native tokenization of public equities via integration with retail platforms for indirect distribution and collaboration with existing transfer agents as their tokenization partner

One of the next frontiers of tokenization are public securities such as stocks and ETFs

We believe we are well positioned to capture this tailwind given we have pioneered the native tokenization of equities, beginning with Exodus, the first U.S.-registered company to tokenize its common stock, and more recently, FG Nexus, a new framework for tokenizing stocks for publicly listed companies. We have also announced plans to tokenize PubCo on listing, and furthermore, have signed a Memorandum of Understanding with the New York Stock Exchange (NYSE) in which Securitize is positioned to be the issuance and record-keeping backbone for NYSE's forthcoming Digital Trading Platform targeting stocks and ETFs.

As part of the collaboration formalized in the Memorandum of Understanding, NYSE plans to partner with Securitize as a premier design partner in the development of a digital transfer agent program intended to support on-chain settlement of tokenized security transactions.

The companies plan to collaborate on developing standards for digital transfer agents and tokenization agents participating in the digital ecosystem, with a focus on establishing regulatory, operational, and technology requirements for institutional-grade tokenized securities infrastructure.

As part of the broader collaboration, Securitize Markets is expected to become one of the broker-dealer participants on the upcoming Digital Trading Platform, supporting the development of market structure for issuer-sponsored tokenized securities.

Our position as a mature transfer agent with tokenization capabilities allows us to work with publicly traded issuers of stocks or ETFs to natively tokenize their shares preserving all the rights and without taking any third-party counterparty risk or creating wrappers that introduce fragmentation and additional risks. We believe that native tokenization will be the superior way to tokenize public stocks and ETFs. We serve as the neutral asset layer for the broader crypto ecosystem

and do not directly compete with exchanges and brokers given we serve as the infrastructure to enable these platforms.

Competitive Landscape

Securitize operates in a large and evolving market at the intersection of traditional financial infrastructure and emerging digital-asset markets. The tokenization ecosystem is highly fragmented and continues to evolve as regulatory frameworks mature across major jurisdictions. Within this landscape, we believe we primarily compete with (i) other tokenization service providers, (ii) asset managers with inhouse tokenization capabilities, and (iii) issuers of freely transferable tokens.

Tokenization Service Providers

This category includes firms such as Centrifuge, INX, Superstate, and tZERO, which offer technology platforms that enable the issuance and management of tokenized securities. These companies generally operate under limited or narrower regulatory frameworks and primarily serve third-party issuers seeking to digitize private or alternative assets. Securitize differentiates itself from these firms through its scale, blue-chip partnerships, fully

209

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

integrated and regulated model, combining a tokenization platform, registered transfer agent, broker-dealer, ATS, and fund administration capabilities, allowing compliant, end-to-end issuance and secondary trading of digital securities across multiple blockchains.

Asset Managers with In-House Tokenization Capabilities

Traditional asset managers such as Franklin Templeton and WisdomTree have developed internal tokenization capabilities to issue blockchain-enabled versions of their proprietary investment products. These firms are not neutral infrastructure providers and generally use tokenization to enhance distribution or efficiency within their own product lines. While these offerings indirectly compete for investor attention, Securitize's neutral-platform model positions it as a key enabler for a broad range of asset managers seeking to access tokenization without building in-house infrastructure.

Issuers of Freely Transferable Tokens

Certain firms, including Backed and Ondo, issue freely transferable wrapper tokens that represent exposure to off-chain assets. These issuers typically operate outside traditional investor-protection frameworks and may permit tokens to circulate among non-KYC'd wallets. While such structures appeal to certain DeFi participants, they expose investors to additional counterparty, legal, and regulatory risks. In contrast, Securitize's regulated approach emphasizes compliance with U.S. and EU securities frameworks, providing a trusted environment for both issuers and investors.

Intellectual Property

The Company maintains and uses trade names, registered and unregistered trademarks, domain names, and logos, which it considers material to its brand identity. The Company may pursue registration of certain additional marks or content as appropriate, and otherwise protects its intellectual property and proprietary technology through confidentiality procedures and contractual restrictions. See the

Risk Factors

section of this S-4 for further discussion of intellectual property matters.

Government Regulation

We are subject to a wide variety of local, state, federal, and international laws, regulations, licensing schemes, and industry standards in the United States and the EU and in other countries and regions in which we operate. These laws, regulations, and standards govern numerous areas that are important to our business, and include, or might in the future include, those relating to all aspects of the securities industry, financial services, tokens, derivatives, trading in tokenized securities, fraud detection, customer protection, anti-money laundering, sanctions regimes, data privacy, data security, risk management and other technology-related aspects such as decentralized finance integration, protocol partnerships and smart contract usage. The substantial costs and uncertainties related to complying with these laws and regulations continue to increase, and our introduction of new products or services, expansion of our business into new jurisdictions or subindustries, acquisitions of other businesses that operate in similar regulated spaces, or other actions that we may take might subject us to additional laws, regulations, or other government or regulatory scrutiny. For example, we are in the process of investing in and implementing significant modifications and upgrades to our information technology systems and procedures, to better comply with IT and data privacy laws, including replacing legacy systems with successor systems, making changes to legacy systems or acquiring new systems with new functionality, hiring employees with information technology expertise and building new policies, procedures, training programs and monitoring tools. For more information, see the risk factors included in

Risk Factors Risks Related to Government Regulation and Litigation

and

Risk Factors Risks Related to Cybersecurity, Data Privacy and our Intellectual Property.

Human Capital Management

As of December 31, 2025, we and our subsidiaries had approximately 194 full-time employees, of whom 154 are based in the U.S. and 40 are based internationally. None of our employees are covered by a collective bargaining agreement. We have also engaged 67 contractors based internationally and may further engage other third-party contractors and consultants on an as-needed basis.

Our human capital objectives include sourcing, recruiting, retaining, incentivizing and developing our existing and future employees. Our equity incentive plans are designed to attract, retain and motivate selected employees, consultants and directors through the granting of share-based compensation awards to encourage focus and calculated risk-taking. In connection with becoming a public company, we expect to hire additional personnel and to implement procedures and processes to address public company regulatory requirements and customary practices.

SECURITIZE'S MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read together with Securitize's unaudited condensed consolidated financial statements and the related notes thereto included elsewhere in this proxy statement/prospectus. Some of the information contained in this discussion and analysis or set forth elsewhere in this proxy statement/prospectus, including information with respect to Securitize's plans and strategy for its business, includes forward-looking statements that reflect plans, estimates and beliefs and involve numerous risks and uncertainties, including but not limited to those described in the

and sections of this proxy statement/prospectus, including

Cautionary Statement Regarding Forward-Looking Statements.

Therefore, actual results may differ materially from those contained in any forward-looking statements. For purposes of this section, references to Securitize,

Overview

Securitize was the first digital securities issuance platform, coming to market in 2018. Securitize and its subsidiaries have built the most comprehensive and trusted

infrastructure for tokenizing financial assets on-chain. The company operates a fully regulated, end-to-end platform for the issuance, trading and servicing of tokenized securities. As the only vertically integrated tokenization provider with SEC-registered entities across a transfer agent, broker-dealer, alternative trading system (ATS), investor advisor and fund administration, Securitize uniquely enables a complete lifecycle for tokenized assets. These registrations enable Securitize to legally issue, manage, and trade digital securities in the United States under the same framework that governs traditional equities and bonds, while leveraging the efficiency and transparency of blockchain technology.

Key Factors Affecting Our Operating Performance

Growth of the internet financial system

The Internet financial system is increasingly being built on blockchain infrastructure, and represents a fundamental shift that we believe will result in a profound change to the existing financial system by materially improving efficiency, reducing costs, expanding accessibility, and accelerating innovation. While the Internet financial system has grown rapidly, it remains in its infancy and is very small relative to the legacy financial system. We believe we are well positioned to be among the winners in this emerging, transformative space, and we expect increased adoption and expansion of the internet financial system to be a key driver of growth in all our products and services, and hence of our overall financial performance.

Government regulation

At Securitize, we have always had a regulation first

philosophy that underlies our operations and has led to significant investments in building a robust compliance infrastructure regarding the tokenization of real-world assets (

RWAs

). As global regulatory frameworks continue to evolve and expand in scope, we remain vigilant in monitoring these changes and expect to continue allocating significant resources across our legal, compliance, product, and engineering teams to ensure our tokenization practices remain aligned with both current and anticipated regulations.

Major economies around the world including the United States, European Union, Hong Kong, Japan, and Singapore are actively developing and refining national laws that govern digital representations of traditional assets. Others, such as the United Arab Emirates, are exploring comprehensive frameworks to integrate tokenized RWAs into their financial systems.

In the U.S., the recent passage of the Guiding and Establishing National Innovation for U.S. Stablecoins Act (the GENIUS Act

) marks a pivotal step toward establishing regulatory clarity for digital asset markets, including tokenized securities and other RWAs. The GENIUS Act is a U.S. federal law enacted in July 2025 that creates a regulatory framework for stablecoin digital assets pegged to the U.S. dollar. We believe that increased global

212

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

regulatory certainty will foster greater institutional and consumer confidence in tokenized assets, accelerating their adoption as a trusted and efficient vehicle for investment and capital formation. These developments reinforce our belief that Securitize is well-positioned to lead the growth of a compliant and scalable RWA tokenization ecosystem.

Growth in TradFi market

Management believes the continued adoption of tokenized real-world assets and blockchain-enabled financial infrastructure may support long-term demand for the Company's platform and servicing capabilities. Specifically, we expect to expand into the over \$400 trillion Traditional Finance (

TradFi

) market by growing our user base with tokenized products. These products will provide individual investors access to alternative assets that TradFi institutions do not offer. These products will also provide individual investors with securities that have more efficient fractional ownership, lower minimums, are self-directed, and have more liquidity options which tokenization enables.

Price and volatility of digital assets

Values of certain digital assets have been highly volatile. Effects from speculation regarding the future appreciation or depreciation in the value of digital assets, making their market prices more volatile, may materially and adversely affect the value of our digital asset inventory. Changing investor confidence and resultant fluctuations in the price of various digital assets may cause uncertainty in the market and could negatively impact trading volumes of digital assets, which would negatively impact our business and operating results.

Adoption of digital assets

The cryptoeconomy experienced rapid growth in 2021 driven by the simultaneous widespread adoption of digital assets, expanded use of cryptocurrencies and broader blockchain innovations including DeFi and the growth of non-fungible tokens (

NFTs

) as a prominent form of tokenization. After a retreat in 2022, cryptocurrency markets started to rally in 2023, which continued through December 2024. After a brief retreat in the first quarter of 2025, the price of bitcoin, as a proxy for the overall market, moved to over \$100,000 again in the second quarter of 2025 and continued to exceed \$100,000 as of July 2025 reaching another all-time high temporarily of approximately \$126,000 on October 6, 2025, before declining to approximately \$88,000 and \$68,000 as of December 31, 2025 and March 31, 2026, respectively. The initially retail-driven adoption of cryptocurrencies has evolved to include institutional holders, utilizing digital assets as both a store of value and for commercial applications. The lead up to the launch of the spot-based bitcoin exchange-traded funds (

ETFs

) in the U.S. in the first quarter of 2024 followed by the U.S. Presidential election in November 2024 provided a boost to bitcoin. According to the Crypto Market Sizing Report released by Crypto.com, the number of worldwide individual cryptocurrency users was estimated to be 748,900,000 as of March 31, 2026, up from 741,000,000 as of December 31, 2025, and 659,000,000 as of December 31, 2024. However, historical trends are not indicative of future adoption, and it is possible

that the adoption of digital assets and blockchain technology may slow, take longer to develop, or never be broadly adopted, which would negatively impact our business and operating results.

Other challenges and risks

We are operating in new industries that are highly innovative, rapidly evolving and characterized by healthy competition, experimentation, changing customer needs, and the frequent introduction of new products and services. We are subject to uncertain and evolving industry and regulatory requirements. While we believe we are well-positioned to capitalize on market opportunities made possible by the rapid evolution of the digital assets ecosystem, due to the relatively nascent stage of our industries and other challenges that we face, our business model also presents certain material risks.

All participants in the cryptoeconomy, including direct investors, consumers and providers of goods and services related to this industry, may be subject to additional costs associated with participating in this industry, as compared with participation in established commerce, due to the rapidly evolving landscape. The potentially higher costs associated with the cryptoeconomy include, but are not limited to, elevated legal and financial advisory fees, use of significant resources to monitor and maintain compliance with applicable laws and regulations, as well as elevated and unpredictable costs of custody, transactions, insurance and theft. Other material risks specific to this industry include a lack of adoption or acceptance of digital assets and blockchain technology, the volatile prices of digital assets, exposure to malicious actors and platform vulnerabilities, and uncertainties in the tax and accounting treatment of digital assets, among others.

Key Indicators of Performance and Financial Condition

The Company uses a variety of operating and financial metrics, including a non-U.S. GAAP (non-GAAP

) financial measure, to evaluate the performance of its business and assess its financial condition. Key financial metrics include total revenue, net income (loss), and Adjusted EBITDA. Key operating metrics include average assets under management (

AUM

), as defined below.

Average AUM

AUM serves as a critical indicator of Securitize's operational scale and market traction. As a measure of the total value of digital securities and tokenized assets managed across its platform, AUM reflects both investor confidence and the platform's ability to attract and retain high-quality issuers. The following table highlights Securitize's AUM growth over time, offering insight into its expanding footprint in the digital asset ecosystem and its effectiveness in delivering compliant, blockchain-based investment solutions:

AverageAUM

During the three months ended March 31, 2026	\$ 3,153,547,270
During the year ended December 31, 2025	\$ 3,224,477,014
During the three months ended March 31, 2025	\$ 1,673,160,889
During the year ended December 31, 2024	\$ 846,681,764

Average AUM for the three months ended March 31, 2026 decreased by \$0.1 billion, or 2%, to \$3.15 billion from \$3.22 billion for the year ended December 31, 2025.

Average AUM for the three months ended March 31, 2025 increased by \$0.8 billion, or 98%, to \$1.7 billion from \$846.7 million for the year ended December 31, 2024. The increase in average AUM of 272% from December 31, 2024 through March 31, 2026 is primarily due to significant growth in tokenized fund issuances, expansion of institutional partnerships, and increased adoption of tokenized real-world assets on the Securitize platform.

Significant Transactions

Business Combination

The Business Combination will be accounted for as a reverse recapitalization in accordance with GAAP and not as a business combination, given CEPT is not considered to be a business under ASC 805. Under this method of accounting, CEPT will be treated as the acquired

company for financial reporting purposes. Accordingly, for accounting purposes, the Business Combination will be treated as the equivalent of PubCo issuing stock for the net assets of CEPT, accompanied by a recapitalization. Upon the completion of the Business Combination, substantially all of the assets and business of PubCo will be held and operated by PubCo and its subsidiaries.

The most significant change in our future reported financial position and results is expected to be an estimated increase in cash (as compared to our unaudited condensed consolidated balance sheet as of March 31, 2026) of between approximately \$202.4 million, assuming 100% Redemptions by Public Shareholders, and \$448.5 million, assuming No Redemptions by Public Shareholders and, in each case, after deducting estimated expenses.

In connection with becoming a public company, we expect to hire additional personnel and to implement procedures and processes to address public company regulatory requirements and customary practices. We expect to incur additional annual expenses as a public company for, among other things, hiring of new personnel and fees to outside consultants, and costs related to implementation of an appropriate internal control framework, insurance, and investor relations.

MG Stover, Inc. Acquisition

On April 15, 2025, the Company completed the acquisition of all outstanding equity interests of MG Stover (MG Stover

), a leading fund administrator for digital assets. As a result, MG Stover's operating results have been consolidated into the Company's financial statements effective from the acquisition date. The total purchase consideration was \$21.1 million, net cash acquired. No equity was issued as part of the transaction. Acquired intangible assets include customer relationships valued at approximately \$9.4 million, which were fair valued using a discounted cash flow method based on company projections and Level 3 inputs. The trademark and non-compete agreements were determined to have de minimis values due to immediate rebranding and retention of key personnel. Goodwill of approximately \$13.0 million represents expected synergies, expanded service capabilities, and the excess of purchase price over the fair value of net assets acquired.

Convertible Promissory Notes Payable Issuance

During the years ended December 31, 2025 and 2024, the Company issued convertible promissory notes (the Convertible Notes

) to various investors for proceeds. The total principal outstanding was \$79.9 million and \$49.9 million as of December 31, 2025 and 2024, respectively. The Convertible Notes are senior to other secured indebtedness and carry a 5% annual interest rate. The interest on the notes issued during the year ended December 31, 2025 is compounding until either full repayment or conversion, and the interest on the notes issued during the year ended December 31, 2024 is simple interest. The Convertible Notes mature 36 months from issuance.

Lending and Collateralization Arrangements Involving Tokens

Throughout the year ended December 31, 2025, the Company became party to lending arrangements, governed by various Master Loan and Security Agreement (MLSAs), with certain investors of tokenized funds (the counterparties

). Under the MLSAs, we are subject to making advances to the counterparties in exchange for transferring certain tokens as collateral on the loans. These loans receivable bear an annual facilitation fee of approximately 2% which accrues until settled as a deduction from the collateral balance remitted back to the counterparties. The loans have no specified maturity date and are mutually callable. We simultaneously locked the tokens received as collateral in a smart contract with a decentralized finance network, and in exchange for the locked tokens (which are minted as

sTokens

to enhance composability with these networks and are recorded on the unaudited condensed consolidated balance sheet within 'Restricted tokenized assets' in the aggregate amounts of \$1.7 million as of December 31, 2025) we obtain stablecoins or another form of collateralized digital assets. The digital assets received have historically either been held for investment or used for other purposes by the Company such as funding our outstanding 'Digital assets loan receivable' balance by immediately transferring the digital assets obtained back to the counterparties. As a result of the Company's facilitation of these transactions through proof-of-concepts demonstrating how tokenized real-world assets (RWAs) can interact with DeFi protocols to enable new institutional investment strategies while concurrently advancing the ecosystem and increasing the amount of tokenized assets and protocols available the public release of these smart contracts has been successfully rolled out, allowing investors to access them independently as intended. Specifically, the Company's facilitation of each transaction's execution is no longer required, while the functionality still provides for the level of compliance necessary for the underlying RWAs and the applicable regulatory frameworks. Accordingly, during the final months of the year ended December 31, 2025 and during the three months ended March 31, 2026, the Company wound down all of these lending arrangements with counterparties and had no associated amounts remaining on the unaudited condensed consolidated balance sheets as of March 31, 2026.

See the notes to the unaudited condensed consolidated financial statements, Lending and Collateralization Arrangements Involving Tokens, for additional details regarding our MLSAs.

Secondary transactions and exchange of Common stock for Series B-4 redeemable convertible preferred stock

During the three months ended March 31, 2025, certain former employees, co-founders, and related parties sold 846,418 shares of common stock, 95,203 shares of Series A redeemable convertible preferred stock, 4,649 shares of Series B-1 redeemable convertible preferred stock, and \$0.1 million shares of Series B-2 redeemable convertible preferred stock to new and existing investors at purchase prices in excess of the estimated fair value of the respective classes of stock at the time of the transaction (

2025 secondary transactions

).

215

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

The Company waived its right of first refusal applicable to such shares. As a result of the common stock transactions, the Company recorded a total of \$7.2 million in stock-based compensation expense for the excess of the purchase price paid by these investors over the fair value of shares sold. This amount is included in 'Selling, general, and administrative' expense on the unaudited condensed consolidated statements of operations and comprehensive loss for the three months ended March 31, 2026. As a result of the preferred stock transactions, the Company recorded a deemed dividend in the amount of \$1.5 million for the excess of the purchase price paid by these investors over the carrying value of the shares sold. In connection with certain of the 2025 secondary transactions, on March 4, 2025, a preferred stockholder exchanged \$0.4 million shares of common stock with the Company for \$0.4 million shares of Series B-4 redeemable convertible preferred stock. The fair value of the newly issued Series B-4 redeemable convertible preferred stock at the time of the exchange was \$6.3 million. Upon completion of the Series B-4 redeemable convertible preferred stock exchange, the associated shares of common stock received in the exchange were retired.

The Company did not have any secondary transactions during the three months ended March 31, 2026.

Sale of Securitize for Advisors

On November 26, 2025, the Company finalized the sale of their Securitize For Advisors business, which was presented as discontinued operations in the consolidated financial statements as of and for the year ended December 31, 2025. The base consideration/sale price per the Agreement was \$2,871,526.

Revenue						

Revenue for the three months ended March 31, 2026 was \$19.5 million, an increase of \$5.4 million compared to \$14.0 million for the three months ended March 31, 2025.

The increase was primarily driven by growth in asset servicing revenue of \$5.6 million, partially offset by a slight decrease in tokenization revenue year over year.

The increase in asset servicing revenue for the three months ended March 31, 2026 was primarily driven by the acquisition of MG Stover in April 2025, resulting in three months of revenue from MG Stover in the current-year period, compared to no revenue from MG Stover during the three months ended March 31, 2025 (an increase of \$4.8 million). The remaining increase in asset servicing revenue year over year was primarily driven by the Company's transfer agent business.

Operating expenses

Cost of revenue (exclusive of items shown below)

Cost of revenue for the three months ended March 31, 2026 was \$4.5 million, an increase of \$2.7 million compared to \$1.7 million for the three months ended March 31, 2025. The increase was primarily due to higher revenues in 2026 as well as increased headcount of revenue-generating personnel and software & systems expenses, mainly associated with the acquisition of MG Stover, which contributed to \$2.5 million of the total increase.

Cost of revenue as a percentage of revenue was 22.9% for the three months ended March 31, 2026, compared to 12.4% for the three months ended March 31, 2025. This increase was largely attributable to the acquisition of MG Stover.

Selling, general & administrative

Selling, general & administrative expenses for the three months ended March 31, 2026 were \$7.7 million, an increase of \$4.4 million compared to \$3.3 million for the three months ended March 31, 2025. The increase was driven in part by higher consulting, professional, and accounting fees of \$2.5 million, including costs associated with public-company readiness efforts, a portion of which are non-recurring in nature. The remaining \$1.9 million increase was primarily driven by higher marketing expenses, software & subscriptions expenses, licenses costs, and depreciation & amortization, among others, some of which were driven by the acquisition of MG Stover.

218

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Selling, general & administrative expenses represented approximately 39.7% of revenue for the three months ended March 31, 2026, compared to approximately 23.7% for the three months ended March 31, 2025. The increase as a percentage of revenue was primarily due to higher consulting, professional, and accounting fees, including investments in public company readiness, which outpaced revenue growth in the current-year period.

Compensation and benefits

Compensation and benefits expense for the three months ended March 31, 2026 was \$9.1 million, a decrease of \$2.9 million compared to \$12.0 million for the three months ended March 31, 2025. The decrease was primarily driven by \$7.0 million of stock-based compensation expense attributable to non-recurring secondary transactions during the three months ended March 31, 2025, for which there were no comparable transactions during the three months ended March 31, 2026. This decrease was partially offset by increases of \$2.0 million at Digital Fund Services, primarily driven by the acquisition of MG Stover, and \$2.1 million related to increased headcount at corporate and the Company's SEC-registered broker dealer.

Compensation and benefits expense represented approximately 47% of revenue for the three months ended March 31, 2026, compared to approximately 85% for the three months ended March 31, 2025. The decrease as a percentage of revenue was primarily driven by revenue growth in the current-year period, which outpaced the increase in compensation and benefits expense, as well as the impact of the non-recurring secondary transactions recognized in the same period of 2025, for which there were no comparable transactions in the current-year period.

Provision for expected credit losses

Provision for expected credit losses for the three months ended March 31, 2026 was \$0.3 million, compared to \$0.1 million for the three months ended March 31, 2025, reflecting no significant change versus the same period in 2025.

Loss on digital assets from operations, net

Loss on digital assets from operations, net were a \$0.3 million loss for the three months ended March 31, 2026, a decrease of \$0.6 million compared to \$0.9 million for the three months ended March 31, 2025. The period-over-period change was attributable to changes in digital asset prices due to market volatility as well as the Company's asset composition in both periods. Specifically, the fair value remeasurement on the embedded derivative included within the Company's Digital assets

receivable had significantly less of an impact during the three months ended March 31, 2026 relative to the three months ended March 31, 2025 as the Company began receiving the digital assets underlying the receivable during 2025 and the balance of assets subject to mark-to-market adjustments also has continued to decline over time.

Other income (expense)

Interest expense

Interest expense was \$2.3 million for the three months ended March 31, 2026, an increase of \$0.8 million compared to \$1.5 million for the three months ended March 31, 2025. The increase was primarily attributable to an increase in the average outstanding balance of our interest-bearing convertible notes during the three months ended March 31, 2026, as compared to the same period in 2025, driven by the issuance of additional convertible promissory notes in September and October 2025.

Interest income

Interest income was \$0.2 million for the three months ended March 31, 2026, remaining consistent with the \$0.2 million reported for the same period.

Dividend income

Dividend income was \$0.2 million for the three months ended March 31, 2026, an increase of \$0.1 million compared to \$0.04 million for the three months ended March 31, 2025. The increase resulted from a higher average balance of dividend-bearing investments held during the three months ended March 31, 2026 compared to the same period in 2025.

Loss on digital assets held for investment, net

Loss on digital assets held for investment, net, was \$0.9 million for the three months ended March 31, 2026, with no such losses incurred during the three months ended March 31, 2025. The decline reflects the decrease in value of the Company's digital asset holdings during the current period, consistent with broader market price declines, particularly among alternative coins (

altcoins

) in which the Company is invested. These losses were only partially offset by nominal gains generated from underlying investments through various DeFi strategies involving the held altcoins. The Company did not hold any digital assets for investment during the three months ended March 31, 2025, and therefore no gain or loss was recognized in that period.

Other income, net

Other income, net was \$0.6 million for the three months ended March 31, 2026, consistent with \$0.6 million for the same period in 2025. Other income, net remained relatively flat year over year, with no significant offsetting income or expense items or significant activity in either period.

Change in fair value of simple agreements for future equity

The change in the fair value of simple agreements for future equity resulted in a \$1.4 million loss for the three months ended March 31, 2026, representing an increase of \$1.3 million compared to a \$0.1 million loss for the same period in 2025. This increase was primarily driven by in the Company's underlying stock price.

Change in fair value of derivative liability

The change in the fair value of the derivative liability resulted in an unrealized loss of \$2.0 million for the three months ended March 31, 2026, compared to an unrealized loss of \$0.3 million for the same period in 2025. This increase was primarily driven by an increase in the Company's underlying stock price as well as a higher probability of completing a de-SPAC transaction.

Change in fair value of option liability

The change in the fair value of the option liability for the three months ended March 31, 2026 resulting in a \$0.1 million gain, representing a \$0.4 million decrease compared to a \$0.5 million gain for the same period in 2025. The change was primarily driven by an increase in the Company's underlying stock price.

Provision for income taxes

The provision for income taxes for the three months ended March 31, 2026 was \$0.04 million, compared to \$0.08 million for the three months ended March 31, 2025. The income tax provision for both periods primarily relates to the portion of tax-deductible goodwill that increases our deferred tax liabilities which is not fully offset by our deferred tax assets related to new operating losses due to limitations on net operating loss utilization.

Loss from discontinued operations

There were no losses from discontinued operations for the three months ended March 31, 2026, compared to a loss of \$0.6 million for the three months ended March 31, 2025. The Company sold its discontinued operations, the Securitize for Advisors reporting unit, in the fourth quarter of 2025; accordingly, there were no operations or results from this business in the current period.

Revenue					

Revenue for the year ended December 31, 2025 was \$62.2 million, an increase of \$43.5 million compared to \$18.6 million for the year ended December 31, 2024. The increase was primarily driven by growth in tokenization revenue and asset servicing revenue.

Tokenization revenue for the year ended December 31, 2025 was \$37.4 million, an increase of \$27.3 million compared to \$10.1 million for the year ended December 31, 2024. The increase was primarily attributable to a significant number of new on-chain integrations completed during 2025, compared to the prior year, which expanded the number of supported blockchains.

Asset servicing revenue for the year ended December 31, 2025 was \$24.7 million, an increase of \$16.2 million compared to \$8.5 million for the year ended December 31, 2024. Asset servicing revenue, which is largely comprised of fund administration services, increased primarily due to the acquisitions of Theorem Fund Services, LLC in mid-October 2024 and MG Stover in April 2025. The increase primarily reflects twelve months of revenue from Theorem Fund Services, LLC in 2025 compared to approximately 2.5 months in 2024 (an increase of \$3.6 million), as well as incremental revenue resulting from the acquisition of MG Stover (an increase of \$12.8 million).

Operating costs and expenses

Cost of revenue (exclusive of items shown below)

Cost of revenue for the year ended December 31, 2025 was \$13.5 million, an increase of \$11.6 million compared to \$1.8 million for the year ended December 31, 2024.

The increase was primarily due to higher revenues in 2025 and increased headcount of revenue-generating personnel, mainly associated with the acquisitions of Theorem Fund Services, LLC and MG Stover, which contributed to \$7.3 million of the total increase, as well as increased software costs of \$3.4 million which support our asset servicing operations, also associated with the acquisition of Theorem Fund Services, LLC and MG Stover.

Cost of revenue as a percentage of revenue was 21.7% for the year ended December 31, 2025, compared to 9.9% for the year ended December 31, 2024. This increase was largely attributable to the acquisition of MG Stover.

Selling, general and administrative expenses

Selling, general and administrative expenses for the year ended December 31, 2025 were \$20.5 million, an increase of \$8.6 million compared to \$11.9 million for the year ended December 31, 2024. The increase was driven in part by higher consulting, professional, and accounting fees of \$4.6 million, including costs associated with public-company readiness efforts, a portion of which are non-recurring in nature. The increase was also attributable to additional operating costs resulting from the acquisitions of Theorem Fund Services, LLC and MG Stover, including \$0.8 million of higher software-related subscription costs, as well as an increase of \$2.5 million relating to recruiting costs, advertising costs, and depreciation.

Selling, general and administrative expenses represented approximately 33% of revenue for the year ended December 31, 2025, compared to approximately 64% for the year ended December 31, 2024. This decrease as a percentage of revenue was driven by operating leverage and economies of scale achieved as revenue growth in 2025 outpaced increases in operating costs.

Compensation and benefits

Compensation and benefits expense for the year ended December 31, 2025 was \$37.2 million, an increase of \$18.7 million compared to \$18.5 million for the year ended December 31, 2024. The increase was primarily driven by \$7.3 million of higher salaries, wages, and benefits mainly resulting from increased administrative headcount associated with the acquisitions of Theorem Fund Services, LLC and MG Stover, as well as an increase in corporate headcount. The increase was also attributable to \$10.5 million of stock-based compensation expense primarily attributable to non-recurring secondary transactions during the year ended December 31, 2025.

Compensation and benefits expense represented approximately 60% of revenue for the year ended December 31, 2025, compared to approximately 99% for the year ended December 31, 2024. This decrease as a percentage of revenue was driven by significant revenue growth during 2025, which outpaced the increase in compensation and benefit costs.

Provision for expected credit losses

Provision for expected credit losses for the year ended December 31, 2025 was \$0.4 million, a decrease of \$1.3 million compared to \$1.7 million for the year ended December 31, 2024. The decrease was primarily attributable to a \$1.2 million write-off of a customer's outstanding accounts receivable balance during 2024, for which there was no comparable write-off during 2025.

Loss on digital assets from operations, net

Loss on digital assets from operations, net were a \$5.1 million loss for the year ended December 31, 2025, compared to no such losses or gains for the year ended December 31, 2024. The year-over-year change was attributable to changes in digital asset prices due to market volatility, together with an increase in digital assets received as consideration from certain customers related to the Company's Tokenization revenues from contracts with customers that also increased during 2025.

Other income (expense)

Interest expense

Interest expense was \$6.9 million for the year ended December 31, 2025, an increase of \$2.4 million compared to \$4.5 million for the year ended December 31, 2024. The increase was primarily attributable to an increase in the average outstanding balance of our interest bearing convertible notes during the year ended December 31, 2025 as compared to the same period last year.

Interest income

Interest income was \$1.2 million for the year ended December 31, 2025, a decrease of \$0.9 million compared to \$2.1 million for the year ended December 31, 2024. The decrease was primarily attributable to lower average cash and investment balances during the period, particularly with regards to our position in BUIDL.

Dividend income

Dividend income was \$0.2 million for the year ended December 31, 2025, a decrease of \$0.2 million compared to \$0.4 million for the year ended December 31, 2024. The decrease resulted from a lower average balance of dividend-bearing investments held during the year ended December 31, 2025.

Other income, net

Other income, net was \$0.9 million for the year ended December 31, 2025, compared to other income, net of \$0.2 million for the year ended December 31, 2024, representing a net change of \$0.7 million year over year. The change was primarily attributable to realized and unrealized gains on certain tokenized investments and other assets held by the Company during the year ended December 31, 2025.

Change in fair value of simple agreements for future equity

The change in fair value of simple agreements for future equity was a \$4.7 million loss for the year ended December 31, 2025, an increase of \$4.6 million compared to a \$0.1 million loss for the year ended December 31, 2024. The change was primarily driven by an increase in the Company's underlying stock price.

Change in fair value of derivative liability

The change in fair value of the derivative liability resulted in an unrealized loss of \$11.7 million for the year ended December 31, 2025, compared to an unrealized loss of \$1.4 million for the year ended December 31, 2024. This change was primarily driven by an increase in the Company's underlying stock price and increase in the probability of completing a de-SPAC transaction.

Change in fair value of option liability

The change in fair value of option liability for the year ended December 31, 2025 was a \$6.4 million loss, a fluctuation of \$6.7 million compared to a \$0.3 million gain for the year ended December 31, 2024. The change was primarily driven by an increase in the Company's underlying stock price.

Provision for income taxes

The provision for income taxes for the year ended December 31, 2025 was \$0.3 million, compared to \$0.1 million for the year ended December 31, 2024. The income tax provision for both periods primarily relates to the portion of tax-deductible goodwill that increases our deferred tax liabilities which is not fully offset by our deferred tax assets related to new operating losses due to limitations on net operating loss utilization.

Loss from discontinued operations

The loss from discontinued operations for the year ended December 31, 2025 was \$6.1 million, representing an increase of \$0.2 million as compared to the loss from discontinued operations for the year ended December 31, 2024 of \$5.9 million. This increase was primarily due to the impairment of our Securitize for Advisors reporting unit of \$4.1 million in 2025 versus the impairment charge of \$3.0 million for the year ended December 31, 2024, partially offset by lower operating expenses.

Non-GAAP Financial Measures

Adjusted EBITDA

To provide investors with additional information regarding our financial results, we have disclosed here and elsewhere in this proxy statement/prospectus the measure of Adjusted EBITDA, a non-GAAP financial measure that we calculate as Net loss from continuing operations excluding: Depreciation and amortization expense, Provision for expected credit losses, Share-based compensation expense, Provision for income taxes, Interest income, Interest expense, Dividend income, Loss on digital assets held for investments, net, Other income, net, Change in fair value of simple agreements for future equity, embedded derivatives, and option liability, Acquisition related transaction costs, and Professional fees and other one-time public company readiness costs. We have provided a reconciliation below of Adjusted EBITDA to Net loss from continuing operations, the most directly comparable GAAP financial measure.

We present Adjusted EBITDA because it facilitates external comparisons of the results of our overall business to the historical operating performance of other companies that may have different capital structures or operating histories. Accordingly, we believe that Adjusted EBITDA provides useful information to investors and others in understanding and evaluating our operating results.

We believe it is useful to exclude non-cash charges, such as Depreciation and amortization and Share-based compensation expense, from Adjusted EBITDA because the amount of such expenses in any specific period may not directly correlate to the underlying performance of our business operations. We believe it is useful to exclude Provision for income taxes, Interest income, Interest expense, and other non-routine items as these items are not components of our core business operations.

Adjusted EBITDA has limitations as a financial measure, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

- " Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and Adjusted EBITDA does not reflect capital expenditure requirements for such replacements or for new capital expenditures;
 - " Adjusted EBITDA does not reflect share-based compensation and related taxes. Share-based compensation expense has been, and will continue to be for the foreseeable future, a recurring expense in our business and an important part of our compensation strategy;
 - " Adjusted EBITDA does not reflect changes in, or cash requirements for, our working capital;
 - " Adjusted EBITDA excludes one-time non-routine items; and
 - " Other companies, including companies in our industry, may calculate Adjusted EBITDA differently, which reduces its usefulness as a comparative measure.
- Because of these limitations, you should consider Adjusted EBITDA alongside other financial performance measures, including various cash flow metrics, net income (loss), and our other GAAP results.

Liquidity and Capital Resources

We have experienced recurring net losses and negative cash flows from operations from inception through December 31, 2025. The Company is in a net loss position for the three months ended March 31, 2026 with a net loss of \$7.9 million. The Company has an accumulated deficit of approximately \$173.4 million at March 31, 2026. We have primarily relied on raising capital through debt and equity financings to support our operations.

As of March 31, 2026, we had total liquidity sources consisting of cash and cash equivalents of \$14.5 million. As of December 31, 2025 we had cash and cash

equivalents of \$24.9 million. We believe our operating cash flows, together with our total liquidity sources on hand, will be sufficient to meet our working capital and capital

expenditure requirements for a period of at least 12 months from the date of this filing. We expect our capital expenditures and working capital requirements to continue to increase in the immediate future as we continue to invest in the expansion of our products and services.

Cash Flows for the Three Months Ended March 31, 2026 and 2025

Cash flows from operating, investing and financing activities, as reflected in the accompanying unaudited condensed consolidated statements of cash flow, are summarized in the following table:

	Three Months Ended March 31, 2026	2025	
Net cash flows used in operating activities	\$ (9,092,102)	\$ (3,979,485)	
Net cash flows used in investing activities	(1,021,562)	(765,460)	
Net cash flows (used in) provided by financing activities		(347,960)	3,020
Effect of exchange rate changes on cash	49,886	73,228	
Net change in cash and cash equivalents	\$ (10,411,738)	\$ (4,668,697)	
Operating Activities			

Net cash used in operating activities was \$9.1 million for the three months ended March 31, 2026, compared to net cash used in operating activities of \$4.0 million for the three months ended March 31, 2025, representing an increase in cash used of \$5.1 million (\$6.3 million from continuing operations). Our largest source of cash provided by operating activities are revenues generated from Tokenization and Asset Servicing. Our primary uses of cash in operating activities include payments to employees for compensation, professional services, and other operating costs such as software subscriptions, insurance, and marketing, among others. In addition to the net losses from continuing operations incurred during the period increasing by \$3.4 million, these were exacerbated by a decrease of \$2.6 million in the non-cash adjustments to reconcile net loss to net cash used in operating activities during the three months ended March 31, 2026, relative to the three months ended March 31, 2025. The decrease to these non-cash adjustments primarily consisted of lower share-based compensation expenses by \$6.6 million, and increases in net gains from the Company's investments by \$1.4 million, which were largely offset by the aggregate losses on the fair value adjustments related to digital assets \$0.9 million, and changes in the fair values of simple agreements for future equity, embedded derivatives, and the option liability increasing by an aggregate amount of \$3.4 million.

Changes in working capital also contributed to the change in cash flows used in operating activities, resulting in \$0.3 million of additional cash outflows from operating activities relative to the prior period. This increase in the cash used in operating activities, driven by these changes in working capital accounts, are primarily the result of higher revenues generated in 2026 versus 2025 resulting in corresponding increases to the Company's accounts receivable balances and decreases to the deferred revenues balance reported for each period. Additionally, the Company paid down \$1.7 million more of its accounts payable during the three months ended March 31, 2026, relative to the three months ended March 31, 2025. The higher operating cash outflows resulting from these changes in the Company's working capital were largely offset by a \$2.7 million increase in including the changes in accrued expenses and other current liabilities, a \$2.4 million decrease in the change in contract assets, and a \$6.3 million decrease in the amount of digital assets receivable (reflecting an unconditional right to receive digital assets as consideration in the future) recognized during the three months ended March 31, 2026, relative to the three months ended March 31, 2025.

Net cash used in operating activities from discontinued operations decreased by \$1.2 million for the three months ended March 31, 2026, because the Company disposed of the discontinued operation during the year ended December 31, 2025. There were no cash flows related to investing or financing activities from discontinued operations during either of the periods presented.

Investing Activities

Net cash used in investing activities was \$1.0 million for the three months ended March 31, 2026, compared to \$0.8 million for the three months ended March 31, 2025, representing an increase of \$0.3 million.

226

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

The \$1.0 million of net cash used from investing activities for the three months ended March 31, 2026 was primarily driven by \$2.2 million of originations of notes receivable from related parties and \$0.3 million of purchases of equipment and other long-lived assets, partially offset by \$1.5 million of proceeds from partial redemptions of the Company's investments in tokenized assets.

The \$0.8 million of net cash used in investing activities for the three months ended March 31, 2025 was primarily driven by \$0.9 million of purchases of digital assets for investment and \$0.7 million of originations of notes receivable from related parties, partially offset by \$0.8 million of proceeds from sales and redemptions of marketable securities and \$0.1 million of proceeds from partial repayments of notes receivable from related parties.

Financing Activities

Net cash used in financing activities was approximately \$0.3 million for the three months ended March 31, 2026, primarily driven by payments of deferred offering costs associated with the Business Combination, partially offset by proceeds from the exercise of options. There were no significant financing cash flows during the same period in 2025.

Cash Flows for the Years Ended December 31, 2025 and 2024

Cash flows from operating, investing and financing activities, as reflected in the accompanying consolidated statements of cash flow, are summarized in the following table:

	Year Ended December 31, 2025	2024
Net cash flows used in operating activities	\$ (16,181,535)	\$ (18,527,655)
Net cash used in investing activities	(13,015,588)	(13,691,098)
Net cash provided by financing activities	31,477,818	47,341,895
Effect of exchange rate changes on cash	627,402	106,250
Net change in cash and cash equivalents	\$ 2,908,097	\$ 15,229,392
Operating Activities		

Net cash used in operating activities was \$16.2 million for the year ended December 31, 2025, compared to net cash used in operating activities of \$18.5 million for the year ended December 31, 2024, representing a decrease in cash used of \$2.3 million. Our largest source of cash provided by operating activities are revenues generated from Tokenization and Asset Servicing. Our primary uses of cash in operating activities include payments to employees for compensation, professional services, and other operating costs such as software subscriptions, insurance, and marketing, among others.

Although the net losses generated during the period increased by \$24.2 million, these were more than offset by an increase of \$39.0 million in the non-cash adjustments to reconcile net loss to net cash used in operating activities during the same period. The increases to these non-cash adjustments primarily consisted of higher share-based compensation expenses by \$11.7 million, losses on fair value adjustments related to digital assets of \$5.1 million, and changes in the fair values of simple agreements for future equity, embedded derivatives, and the option liability increasing by an aggregate amount of \$21.7 million.

Changes in working capital also contributed to the change in cash flows used in operating activities, resulting in \$15.4 million of additional operating cash used in versus prior year. This increase in operating cash used in, driven by these changes in working capital accounts, are primarily the result of higher revenues generated in 2025 versus 2024 resulting in corresponding increases to the Company's accounts receivable and contract asset balances reported for each period. Additionally, changes in the Company's working capital included amounts not settled in cash, including digital assets receivable (reflecting an unconditional right to receive digital assets in the future) and stablecoins and other digital assets received as consideration.

Net cash used in operating activities from discontinued operations decreased by \$2.7 million, primarily due to lower operating expenditures as the Company reduced its level of activity in advance of the sale of the Securitize for Advisors business in November 2025. This decrease occurred despite a \$0.2 million increase in the net loss from discontinued operations during the same period.

Investing Activities

Net cash used in investing activities was \$13.0 million for the year ended December 31, 2025, compared to \$13.7 million for the year ended December 31, 2024, representing a decrease of \$0.7 million. The net decrease in cash used was primarily driven by a \$24.6 million decrease in proceeds received from sales and redemptions of investments and available-for-sale marketable securities versus the prior year and a \$15.4 million increase in cash paid related to the acquisition of MG Stover in 2025 compared to cash proceeds paid for Theorem in the prior year. These increases in cash used were partially offset by a \$21.9 million increase in proceeds provided from dispositions of digital assets held for investment, a \$16.9 million decrease in purchases made of investments in available-for-sale marketable securities, an increase of \$2.8 million from the proceeds received in the sale of the Securitize for Advisors business, net of cash disposed and other closing adjustments, and a \$14.6 million decrease in DeFi investing activities originated with cash equivalents. The remaining \$15.5 million increase in cash used was attributable to other net investing outflows, including digital and tokenized asset purchases of \$8.8 million, less related-party notes receivable activity of \$6.4 million, and net purchases of long-lived assets of \$0.3 million.

Financing Activities

Net cash provided by financing activities was \$31.5 million for the year ended December 31, 2025, compared to \$47.3 million for the year ended December 31, 2024. This decrease was primarily driven by a \$19.9 million reduction in proceeds received from convertible notes, net of issuance costs, and a \$1.5 million reduction in proceeds received from issuance of notes payable to a related party compared to the prior year, partially offset by proceeds received from repayment of a stockholder note of \$3.6 million, proceeds received from stock options exercised of \$0.5 million, and a \$1.6 million reduction in repayments of a related-party notes payable.

Debt

Simple Agreements for Future Equity

During 2021, we secured proceeds of \$4.8 million in connection with the execution of SAFEs with investors. Upon the closing of an equity financing of at least \$50,000,000, as defined in the agreements, the SAFEs will automatically convert into shares of preferred stock, equal to the SAFE purchase amount divided by the purchase price in the equity financing. If there is a liquidity event, defined as a change of control or an initial public offering, the SAFE holders will be entitled to receive a portion of the proceeds equal to the greater of the SAFE purchase amount or the amount payable on the number of shares of common stock equal to the purchase amount divided by the liquidity price, as defined in the agreements. There were no additional SAFEs executed during the three months ended March 31, 2026 or 2025. In October and November of 2025 the SAFEs were amended to provide that they will automatically convert into shares of preferred stock concurrently with the closing of the Business Combination.

Hamilton Lane SF6

During 2024, the Company was provided \$6.0 million from investors which is to be transferred to the Hamilton Lane SF6 Securitize Tokenized Feeder Fund, Ltd upon

certain capital calls. The Company is required to fund Hamilton Lane SF6 Securitize Tokenized Feeder Fund, Ltd via these capital calls with the funds provided by the investors, and the entire amount is due and payable in full no later than five years from the date of the respective advance. This obligation bears 0% interest and as of December 31, 2024, the outstanding balance under the obligation was \$2.5 million, which was fully settled by the Company during the year ended December 31, 2025 through transferring funds to the Hamilton Lane SF6 Securitize Tokenized Feeder Fund, Ltd. As such, as of December 31, 2025 there was no outstanding payable balance.

Line of Credit

We maintain a margin credit line with UBS Financial Services Inc., secured by our investment portfolio held at UBS. The borrowing capacity under this arrangement is not a fixed commitment but rather is determined based on a percentage of the market value of eligible collateral in the UBS investment account. As such, the total amount available to borrow fluctuates with changes in the value of the underlying investments. Borrowings under the margin line bear interest at a variable rate based on the One-Month SOFR plus 65 basis points (4.30% at March 31, 2026, 4.44% at December 31, 2025, and 5.18% at December 31, 2024). The total commitment availability on the line of credit is limited to the amount of capital invested with UBS at a given time, which

228

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

amounted to \$0.6 million, \$0.6 million, and \$1.3 million as of March 31, 2026, December 31, 2025, and December 31, 2024, respectively. There were no borrowings on the line of credit during the three months ended March 31, 2026 nor during the years ended December 31, 2025 and 2024.

Convertible Promissory Notes Payable

During the years ended December 31, 2025 and 2024, we entered into note purchase agreements with certain investors, pursuant to which we issued convertible promissory notes for an aggregate principal amount of approximately \$30.0 million (the

2025 Notes

) and \$49.9 million (the

2024 Notes

), respectively. The notes accrue interest at 5% per annum, provided that, upon the occurrence and during the continuance of certain Events of Default (as defined in the note purchase agreements), interest will accrue daily at rate of 15% per annum. The notes mature 36 months from issuance. They include multiple conversion triggers: (1) Non-Qualified Financing, (2) Qualified Financing (3) Change of Control, and (4) Maturity Date, and the 2025 Notes includes a (5) SPAC Transaction trigger. The notes are expected to automatically convert into shares of Securitize Preferred Stock concurrently with the closing of the Transactions (and, pursuant to the Business Combination Agreement, will be converted into shares of Securitize Common Stock and then exchanged for shares of PubCo Common Stock).

" Non-Qualified Financing: In the event of a smaller financing or Qualified IPO, investors may elect to convert their notes into the same securities issued in that round, at the same price per share paid by investors in the non-Qualified Financing.

" Qualified Financing A bona fide equity financing (or series) with third-party lead investors, excluding any conversions of this Note or other convertible securities, with the per-share price determined without giving effect to the Notes.

" Change of Control: Upon a change in control event, the investor is entitled to repayment of the full outstanding balance of principal and accrued unpaid interest.

" Maturity: For the 2024 Notes, if not converted earlier, the notes will convert at maturity into newly authorized Series B-5 Senior Preferred Stock, with a 1.0x non-participating senior liquidation preference, at a conversion price equal to 75% of the most recently issued preferred equity price. The 2025 Notes do not convert upon maturity but rather are to be paid in cash.

" SPAC Transaction: For the 2025 Notes, in the event of a SPAC Transaction, the investors outstanding principal and any unpaid accrued interest shall automatically convert in whole without any further action by the investor into a number of shares of common stock of the surviving public company in such SPAC Transaction equal to the outstanding principal amount of this Note plus any unpaid accrued interest on the original principal.

NHTV Side Letter Options

In connection with the Series B-1 preferred stock issuance, the Company issued an option to the lead investor in the Series B-1 funding round to purchase up to \$20.0 million of shares of Preferred Stock at an exercise price of \$15.56 per share upon the occurrence of a subsequent capital raise that raises over \$30.0 million in cash, an IPO, or a deemed liquidation event.

Quantitative and Qualitative Disclosures about Market Risk

The following discussion about our market risk exposures involves forward-looking statements. Actual results could differ materially from those projected in the forward-looking statements. Potential risks are discussed below.

Token Market Price Risk

Our digital assets will be measured using observed prices from active exchanges which could result in volatility in our financial results in future periods.

Adjustments are recorded in net income through 'Loss on digital assets from operations, net' and 'Loss on digital assets held for investments, net'. Therefore, negative swings in the market price of our digital assets could have a material impact on our earnings and on the carrying value of our digital assets.

Custodian Risk

Following the Transactions, PubCo will utilize third-party custodians, which we will select based on various factors, including their financial strength and industry reputation. Custodian risk refers to the potential loss, theft, or misappropriation of our digital assets due to operational failures, cybersecurity breaches, or financial difficulties experienced by these third parties. Although we periodically monitor the financial health, insurance coverage, and security measures of our custodians, reliance on such third parties inherently exposes us to risks that we cannot fully mitigate.

Under the SEC Glossary definition of a crypto asset, meaning any digital representation of value that is recorded on a cryptographically secured distribution ledger, our crypto digital asset holdings consist primarily of (i) stablecoins, such as USDC (classified as a cash equivalent) and USDT, which we use for day-to-day operating activities, (ii) cryptocurrencies and digital tokens associated with protocols integrated into the digital securities protocol that are obtained in the ordinary course of our operations, including tokens such as Aptos (APT), Mantle (MNT), ZKsync (ZK), and Wormhole (W), (iii) tokenized assets, including regulated securities and other financial

230

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

instruments such as BUIDL, VBILL, ACRED, and other tokenized RWA investments issued through the Company's platform, and (iv) to a lesser extent, cryptocurrencies such as ETH, SOL, POL, and other similar digital assets that we hold primarily to pay blockchain transaction fees required to support our operations.

Digital assets held on trading platforms are subject to the operational control of the platform operators, and could potentially be lost or impaired due to fraud or negligence of the platform operators. The Company mitigates this risk by performing regular reviews of each digital asset trading platform on which it transacts, distributing its digital assets across multiple different trading platforms to reduce concentration risk, and holding assets in self-custody where appropriate.

We hold certain crypto assets as part of our corporate treasury through third-party custodians, including hosted custodial wallets offered by Coinbase and, to the extent applicable, OKX. In these arrangements, we do not control the private keys associated with the crypto assets and rely on the custodian's operational controls to safeguard the assets. Because our treasury crypto assets may be held in omnibus or pooled custody structures rather than in individually segregated, on-chain wallets dedicated to us, we may face heightened risk in the event of a loss, operational failure, security incident, or a reconciliation shortfall at a custodian.

While Coinbase and OKX maintain certain insurance policies, such insurance, if any, is generally shared among all the third-party exchanges' customers and is not specific to the Company. As a result, such coverage may be insufficient to fully protect the Company against losses. The Company does not believe that its digital assets held through these exchange accounts are materially insured. The Company's treasury crypto assets held by third party custodians are not insured by the FDIC, SIPC, or any comparable governmental insurance program. Further, the Company acknowledges that the bankruptcy or insolvency of a third party custodian could adversely affect its ability to access or recover its treasury crypto assets.

The Company's policy is to maintain the majority of its digital assets in self-custody using Fireblocks, Inc.'s (Fireblocks

) MPC-based custody technology. Fireblocks provides the Company with a software-as-a-service platform for utilizing its MPC-based advanced cryptographic system for

transaction authorization through distributed threshold computations, such that a complete private key is never generated, reconstructed, or stored in any single location. This approach is intended to enhance security while retaining operational flexibility. Digital assets held with third-party custodians, such as Coinbase or OKX, are limited to amounts necessary to support short-term trading and liquidity needs. The selection of such custodians and the allocation of assets among them are determined based on the specific operational requirements and regulatory considerations of the subsidiary managing the funds. The Company periodically reviews its custody arrangements and asset allocations to ensure alignment with its risk management, liquidity, and operational objectives.

The Company does not currently maintain insurance coverage for digital assets held in the Company's corporate treasury and self-custodied through Fireblocks. During each of the periods presented, the Company has held no crypto assets under custody on behalf of third parties, and accordingly all digital assets reported on the Company's balance sheets were under the accounting control of the Company. The custodian risks described herein relate solely to digital assets held by the Company in corporate treasury for its own account or, if applicable, holdings safeguarded on behalf of third parties via arrangements that hold the Company responsible for the safekeeping of such assets. The Company does not consider the amounts recorded for customer escrow balances, paying agent activities, or other third party assets and liabilities recorded in connection with the Company's distribution service arrangements to be subject to this custodian risk based on the Company's sole responsibility as an intermediary for the issuer of the related funds (i.e. the custodian). Accordingly, as of March 31, 2026, December 31, 2025, and December 31, 2024, the crypto assets held by the Company that are subject to this custodian risk are solely related to the digital assets held in the Company's corporate treasury.

Fireblocks serves solely as a technology service provider and does not custody, possess, or control the Company's crypto assets, does not act as a custodian, agent, or fiduciary, and does not transact on behalf of the Company. The Company retains exclusive control over its digital assets and wallets, including all policy-setting authority, governance rights, approval thresholds, wallet controls, and transaction authorization decisions.

MPC's cryptographic properties solely allow for signing operations to occur via interactive, distributed computations between fragmented share(s) that all must participate and in which no fully-formed private key is assembled or maintained at any stage, and no individual share confers signing authority on its own. No individual share confers signing authority, as each represents an incomplete fragment of the signing material that cannot be

231

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

combined into a usable private key by any party. Each share contains only a mathematically incomplete fragment of the signing material and lacks sufficient entropy or structure to be combined by us, the provider, or any other party into a usable private key to authorize transactions.

Accordingly, as of March 31, 2026, December 31, 2025, and December 31, 2024, the Company did not have any private keys that were maintained in more traditional hot or cold storage solutions given the MPC properties which underly the Fireblocks platform that the Company utilizes. This is due to the underlying properties of MPC-based technology which, unlike private-key or multi-signature models, enables transaction-signing via a threshold computation requiring participation of a predefined subset of shares without ever exposing or reconstructing a fully-formed private key.

In addition to maintaining the majority of its crypto assets in self custody through Fireblocks' MPC framework, the Company notes that most of the digital assets it holds both within self custody and in the aggregate for each period presented are tokenized securities issued natively on chain by Securitize (see table below). These tokenized securities are recorded and maintained under the same controlled issuer and transfer agent framework that governs all securities issued on the Company's platform. Unlike native cryptocurrencies, Securitize issued tokenized securities represent interests in real world assets or other securities and are subject to the same federal securities laws and standards as traditional off chain securities. As a result, the on chain token is a native representation of the underlying security and maintains the same economic value.

Securitize also serves as the exclusive digital transfer agent for tokenized securities issued on the Company's platform. In this role, Securitize has established operational procedures and controls designed to ensure completeness and accuracy of off-chain investor ownership records in the event of disruptions to normal blockchain processes.

As digital transfer agent for each tokenized fund, the Company has implemented backstops and manual workflows to maintain platform functionality and accurate recordkeeping if automated systems or API integrations fail. If a smart contract malfunction or other disruption prevents a holder from transferring tokenized securities to the designated redemption wallet for example, due to loss of access to a wallet, private key, or partial key share the Company may facilitate redemption through alternative procedures. These procedures may include (i) burning and reissuing the tokenized security to a new verified whitelisted wallet for the holder, followed by transfer to the redemption wallet, or (ii) manually burning the tokenized security upon appropriate verification and supporting documentation of the holder. These processes are generally completed on the same business day, subject to required verification and processing constraints.

The Company believes that these characteristics of tokenized securities provide an additional layer of protection relative to native crypto assets. Even if an on chain wallet were hacked or otherwise compromised, ownership records maintained through the transfer agent framework remain authoritative, and the primary risk would generally be limited to delays in settlement timing due to reliance on manual processes rather than automated blockchain execution. Accordingly, the Company has assessed the custodian risk for native crypto assets relative to the Securitize-issued tokenized securities held in self-custody on Fireblocks separately given the risk of total loss is higher for any native crypto assets without real-world asset backing.

The relationship with Fireblocks is governed by a Master SaaS Agreement and related order forms, pursuant to which Fireblocks provides a non-exclusive, non-transferable license to its platform. The agreement expressly provides that Fireblocks is not a custodian or agent and that the Company retains exclusive ownership and control over all cryptographic share(s), wallets, and digital assets at all times. The Fireblocks Master SaaS Agreement generally provides for a one-year term, with automatic renewals for additional one-year periods upon execution of a new order form reflecting any updated terms, limits, or fees. Either party may terminate the agreement with at least 30 days' written notice before the end of any annual term.

OKX's Terms of Service remain in effect for so long as a user maintains an account on the platform and may be terminated at the user's request or at OKX's discretion. OKX retains broad rights to suspend or terminate accounts or services at any time, with or without notice, and upon termination may return remaining assets subject to fees, legal requirements, and compliance obligations.

Coinbase's User Agreement remains in effect for so long as a user maintains an account on the platform and may be terminated by the user at any time or by Coinbase in its sole discretion. Coinbase retains broad rights to suspend, restrict, or terminate accounts or services at any time (including without notice), and upon termination users are generally permitted a limited period to withdraw remaining assets, subject to applicable fees, legal requirements, and compliance obligations.

Interest Rate Risk

Our results of operations are exposed to changes in interest rates, among other macroeconomic conditions. Interest rate risk is highly sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political considerations, and other factors beyond our control.

Implications of Being an Emerging Growth Company and Smaller Reporting Company

We are an

emerging growth company

within the meaning of the JOBS Act. As an emerging growth company, we may take advantage of certain exemptions from various public company reporting requirements, including the requirement that our internal control over financial reporting be audited by our independent registered public accounting firm pursuant to Section 404 of the Sarbanes-Oxley Act, certain requirements related to the disclosure of executive compensation in this prospectus and in our periodic reports and proxy statements, and the requirement that we hold a nonbinding advisory vote on executive compensation and any golden parachute payments. We have also taken advantage of the ability to provide reduced disclosure of financial information in this prospectus, such as being permitted to include only two years of audited financial information and two years of selected financial information in addition to any required annual financial statements, with correspondingly reduced

Management's Discussion and Analysis of Financial Condition and Results of Operations

disclosure. We may take advantage of these exemptions until we are no longer an emerging growth company. Section 107 of the JOBS Act provides that an

emerging growth company

can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act, for complying with new or revised accounting standards. In other words, an

emerging growth company

can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. However, because we have taken advantage of certain reduced reporting requirements, the information contained herein may be different from the information you receive from other public companies. We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the date of the first sale of PubCo common shares pursuant to an effective registration statement or (b) in which it has total annual gross revenue of at least \$1,235,000,000 (as adjusted for inflation pursuant to SEC rules from time to time), and (2) the date on which (x) it is deemed to be a large accelerated filer, which means the market value of PubCo common shares that are held by non-affiliates exceeds \$700,000,000 as of the end of that year's second fiscal quarter, or (y) the date on which it has issued more than \$1,000,000,000 in nonconvertible debt during the prior three-year period.

Additionally, we are a smaller reporting company

as defined in Item 10(f)(1) of Regulation S-K. Smaller reporting companies may take advantage of certain reduced disclosure obligations, including, among other things, providing only two years of audited financial statements. We will remain a smaller reporting company until the last day of the fiscal year in which (i) the market value of our common shares held by non-affiliates exceeds \$250,000,000 as of the end of that year's second fiscal quarter, or (ii) our annual revenues exceeded \$100,000,000 during such completed fiscal year and the market value of our common shares held by non-affiliates exceeds \$700,000,000 as of the end of that year's second fiscal quarter. To the extent we take advantage of such reduced disclosure obligations, it may also make comparison of our financial statements with other public companies more difficult.

Critical Accounting Estimates

Our financial statements and the accompanying notes thereto included elsewhere in this proxy statement/prospectus are prepared in accordance with GAAP. The preparation of financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, costs and expenses, and related disclosures. We base our estimates on assumptions that we believe to be reasonable under the circumstances. Actual results could differ significantly from our estimates. To the extent that there are differences between our estimates and actual results, our future financial statement presentation, financial condition, results of operations, and cash flows will be affected.

We believe the following critical accounting estimates used in the preparation of our consolidated financial statements affect our more significant judgments and estimates.

234

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Business combinations

We account for business acquisitions using the acquisition method of accounting, in accordance with ASC 805, under which assets acquired and liabilities assumed are recorded at their respective fair values at the acquisition date. The fair value of the consideration paid is assigned to the assets acquired and liabilities assumed based on their respective fair values. Goodwill represents the excess of the purchase price over the estimated fair values of the assets acquired and liabilities assumed.

Our management exercises significant judgments in determining the fair value of assets acquired and liabilities assumed, as well as intangible assets and their estimated useful lives. Fair value and useful life determinations are based on, among other factors, estimates of future expected cash flows and appropriate discount rates used in computing present values. These judgments may materially impact the estimates used in allocating acquisition date fair values to assets acquired and liabilities assumed, as well as our current and future operating results. Actual results may vary from these estimates which may result in adjustments to goodwill and acquisition date fair values of assets and liabilities during a measurement period or upon a final determination of asset and liability fair values, whichever occurs first. Adjustments to the fair value of assets and liabilities made after the end of the measurement period are recorded within our operating results.

Revenue

See notes to the consolidated financial statements, Summary of Significant Accounting Policies Revenue Recognition, for information regarding our significant accounting policies over revenue recognition.

Many of our on-chain contracts with customers include multiple performance obligations, and we make estimates and judgments to allocate the transaction price to each performance obligation based on an observable or estimated standalone selling price (

SSP

). The SSP is the price, or estimated price, of the service when sold on a standalone basis at contract inception. We consider our evaluation of SSP to be a critical accounting estimate.

An observable price of a good or service sold separately provides the best evidence of SSP. However, in many situations, SSP will not be readily observable, but must still be estimated using reasonably available information. We do not have directly observable standalone selling prices of our on-chain services given the recent launch of this service line, the novel nature of the product, and the fact that the current pricing is highly variable. Therefore we use a variation of an expected cost approach which relies on a historical level of effort metric, along with our judgment, to establish SSP for this revenue stream. As such, the establishment of SSP of our on-chain services directly impacts the amount of revenues recognized for those services, and therefore also impacts the overall timing of revenue recognition.

We review and analyze the SSP we have established for our on-chain services annually, and these SSPs do not change significantly year to year. We also assess whether any new observable data has become known that would provide a more accurate estimate of SSP or whether the current method to estimate SSP continues to be a fair allocation of the transaction price.

In the future, SSP for our on-chain services could be impacted by various factors, including potential changes in our pricing practices, pricing for contract renewals, customer demand for our services, and various market or economic conditions. However, we consider the risk of significant volatility in our established SSP to be small given our internal processes to monitor SSP on an ongoing basis and react to trends that could impact the future SSPs.

Stock-based compensation

We account for share-based awards under the recognition and measurement provisions of Accounting Standards Codification Topic 718, Stock-Based Compensation. In the absence of a public trading market, our management and board of directors considered various objectives and subjective factors to determine the fair value of Securitize's common stock as of each grant date, including the value determined by a third party valuation firm. These factors included, among other things, the following:

- " our actual operating and financial performance and estimated trends and prospects for our future performance;
- " the weighted average cost of capital;

235

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

- " the timing and probability of liquidity events;
- " consideration of the lack of liquidity of the common stock as a private company;
- " our stage of development, business strategy, and the material risks related to our business and industry;
- " the valuations of publicly traded companies in the financial services and digital asset sectors, as well as recently completed mergers and acquisitions of peer companies;
- " external market conditions affecting the digital assets sector;
- " the likelihood of achieving a liquidity event for the holders of our common stock
- " the prices, rights, preferences, and privileges of our convertible preferred stock relative to those of our common stock; and
- " the prices of our convertible preferred stock and common stock sold to investors in arm's-length transactions

Our policy is to value our common shares at least annually with significant events potentially requiring additional valuations.

We use the Black-Scholes option pricing model (

Black-Scholes

) to estimate the grant-date fair value of option grants. The Black-Scholes model requires management to make a number of key assumptions, including expected volatility, expected term, risk-free interest rate, and expected dividends. The expected term represents the period of time that the options are expected to be outstanding and is estimated using the midpoint between the requisite service period and the contractual term of the option. The risk-free interest rate is estimated using the rate of return on U.S. Treasury notes with a life that approximates the expected term. Share-based compensation cost is measured at the grant date based on the fair value of the underlying common stock and is recognized as expense over the requisite service period.

The assumptions underlying these valuations represent management's best estimates, which involve inherent uncertainties and the application of management judgment. As a result, if factors or expected outcomes change and our management uses significantly different assumptions or estimates, our stock-based compensation expense for future periods could be materially different, including as a result of adjustments to share-based compensation expense recorded for prior periods.

Income Taxes

When recognizing the tax benefit, a tax position must be more likely than not to be sustained upon examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized from such positions are then measured based on the largest benefit that has a greater than 50% likelihood of being realized upon settlement.

We utilize the asset and liability method for computing our income tax provision. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases, as well as operating loss, capital loss, and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period of the enactment date. Management makes estimates, assumptions, and judgments to determine our provision for income taxes, deferred tax assets and liabilities, and any valuation allowance recorded against deferred tax assets. We assess the likelihood that our deferred tax assets will be recovered from future taxable income and, to the extent we believe that recovery is not more likely than not, we establish a valuation allowance. As of March 31, 2026, December 31, 2025, and December 31, 2024, we maintained a full valuation allowance against our deferred tax assets, as management concluded that it is not more likely than not that these assets will be realized based on current projections of future taxable income. Because a full valuation allowance remains in place, our income tax provision was driven primarily by current U.S. federal and state income taxes, partially offset by the utilization of available net operating loss carryforwards. The provision also included current foreign income taxes and deferred tax expense

236

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

related primarily to the increase in the indefinite-lived deferred tax liability on goodwill and other net taxable temporary differences. If future operating results improve such that realization of deferred tax assets becomes more likely than not, we may release all or a portion of the valuation allowance, which could result in a material income tax benefit in the period of release.

Valuation of Liability Classified Financial Instruments

We measure certain liability classified financial instruments at fair value at each reporting period presented. These liability classified financial instruments consist of a bifurcated derivative related to our convertible notes, options to purchase preferred stock, SAFEs, and warrants. We believe the estimate of fair value of these financial instruments requires significant judgment. We measured the fair value using both observable and unobservable inputs and this measurement reflects our best estimates of the assumptions a market participant would use to calculate fair value. The significant unobservable inputs used include, but are not limited to:

- " timing and probability of liquidity and other events;
- " volatility
- " discount rate; and
- " fair value of the underlying stock.

Changes in fair value are reported in 'Other income (expense)' or 'Selling, general, & administrative' expense (for changes in the fair value of the warrant liability) in the consolidated statements of operations and comprehensive loss in each reporting period subsequent to the issuance. In the future, depending on the valuation approaches used and the expected timing and weighting of each, the inputs described above, or other inputs, may have a greater or lesser impact on our estimates of fair value.

Impairment of Long-Lived Assets

In accordance with ASC 360, Property, Plant, and Equipment, we assess the recoverability of long-lived assets, which include property and equipment and intangible assets, whenever significant events or changes in circumstances indicate that the carrying amount of an asset group may not be recoverable. If indicators of impairment exist, projected future undiscounted cash flows associated with the asset group are compared to its carrying amount to determine whether the asset group's carrying value is recoverable. Any resulting impairment is recorded as a reduction in the carrying value of the related asset in excess of fair value and a charge to operating results. We determined that there were no indicators of impairment for the three months ended March 31, 2026, as well as for the years ended December 31, 2025 and 2024 for our long-lived assets.

Impairment of Goodwill

We assess goodwill for impairment on an annual basis as of October 1, or more frequently when events and circumstances occur indicating that the recorded goodwill may be impaired. Management regularly monitors current business conditions and other factors including, but not limited to, adverse industry or economic trends and lower projections of profitability that may impact future operating results. The process of evaluating the potential impairment of goodwill requires significant judgment. In performing our annual goodwill impairment test, we are permitted to first assess qualitative factors to determine whether it is more likely than not that the fair value of any of our reporting units is less than its carrying amount, including goodwill. In performing the qualitative assessment (

Step 0 test

), management considers certain events and circumstances specific to the reporting unit and the entity as a whole, such as macroeconomic conditions, industry and market considerations, overall financial performance and cost factors when evaluating whether it is more likely than not that the fair value of any of the reporting units is less than its carrying amount. We are also permitted to bypass the qualitative assessment and proceed directly to the quantitative test. If we choose to undertake the qualitative assessment and conclude that it is more likely than not that the fair value of a reporting unit is less than its carrying amount, we would then proceed to the quantitative impairment test (

Step 1 test

). In the quantitative assessment, we compare the fair value of the reporting unit to its carrying amount, which includes goodwill. If the fair value exceeds the carrying value, no impairment loss exists. If the fair value is less than the carrying amount, a goodwill impairment loss is measured and recorded for the difference.

237

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

During the year ended December 31, 2025, specifically Q3 2025, we determined there was a triggering event related to our Securitize for Advisors reporting unit, as the total consideration expected from its eventual sale was substantially less than the carrying value of the reporting unit. Therefore, we recorded goodwill impairment of \$4,122,926 based on the total consideration expected from the sale of the Securitize for Advisors reporting unit. There were no triggering events identified related to the Company's remaining reporting units.

Based on the qualitative evaluation performed as of October 1, 2025, we concluded that it is not more likely than not that the fair value of any reporting unit is less than its carrying amount, with the exception of the Securitize for Advisors reporting unit as described above. Therefore, no quantitative impairment test was deemed necessary for any reporting unit other than Securitize for Advisors. This conclusion reflects our judgment that these reporting units continue to generate stable cash flows, operate in favorable market conditions, and maintain a sufficient cushion between fair value and carrying amount.

Based on the qualitative evaluation performed during the year ended December 31, 2024, we concluded that it is not more likely than not that the fair value of any reporting unit is less than its carrying amount, with the exception of the Securitize for Advisors reporting unit. Therefore, no quantitative impairment test was deemed necessary for any reporting unit other than Securitize for Advisors. This conclusion reflected our judgment that these reporting units continue to generate stable cash flows, operate in favorable market conditions, and maintain a sufficient cushion between fair value and carrying amount. Given that the qualitative assessment of the Securitize for Advisors reporting unit revealed that it is in fact more likely than not that the fair value of this reporting unit is less than its carrying amount due to the declining revenues and cash flows in the reporting unit, the Company performed a quantitative goodwill impairment analysis. The Company engaged a third party valuation expert to determine the fair value of the Securitize for Advisors reporting unit based on a discounted cash flow model. This analysis indicated that the fair value of the reporting unit was less than its carrying amount and therefore the Company recorded an impairment loss on goodwill equal to the difference, or \$3,000,000. We determined there were no triggering events identified and therefore no impairment charges related to goodwill recognized during the three months ended March 31, 2026.

The Company believes the estimates and assumptions used in its impairment evaluations are reasonable and consistent with those that would be applied by market participants; however, actual results may differ materially from those estimates due to changes in economic or business conditions.

Family Relationships

There are no family relationships between our board of directors and our executive officers.

Board of Directors

Our business and affairs will be managed under the direction of our board of directors. Following the consummation of the Business Combination, our board of directors will initially consist of seven members. The PubCo Bylaws provide for a classified board of directors divided into three classes serving staggered three-year terms as follows:

" Class I directors will be Rebecca Macieira-Kaufmann and Sunil Sabharwal, and they will serve until our annual meeting of shareholders in 2027;

" Class II directors will be Brett Redfearn and Manuel Sánchez Rodríguez, and they will serve until our annual meeting of shareholders in 2028; and

" Class III directors will be Carlos Domingo, Tal Elyashiv and Brad Stephens, and they will serve until our annual meeting of shareholders in 2029;

At each annual meeting of shareholders, directors will be elected to succeed the class of directors whose terms have expired. This classification of the PubCo Board could have the effect of increasing the length of time necessary to change the composition of a majority of the board of directors. The PubCo Bylaws provide that the authorized number of directors shall be fixed from time to time solely by resolution adopted by the affirmative vote of a majority of our board of directors.

Director Independence

We intend to comply with the requirements of Rule 10A-3 of the Exchange Act and the NYSE listing rules, which rules require that our audit committee be composed of at least three members. Under Rule 10A-3 of the Exchange Act, we are permitted to phase in our compliance with the independent audit committee requirements set forth in Rule 10A-3 of the Exchange Act as follows: (1) one independent member at the time of listing, (2) a majority of independent members within 90 days of listing and (3) all independent members within one year of listing.

Upon the consummation of the Business Combination, our board of directors is expected to undertake a review of the independence of the directors and consider whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of this review, our board of directors has determined that each of Tal Elyashiv, Rebecca Macieira-Kaufmann, Sunil Sabharwal, Manuel Sánchez Rodríguez and Brad Stephens, representing five of the seven members of our board of directors, are independent, as that term is defined under the applicable rules and regulations of the SEC and the NYSE listing rules. Our board of directors has determined that each of Carlos Domingo and Brett Redfearn is not independent under applicable SEC and NYSE listing rules. We plan to comply with the corporate governance requirements of the SEC and the NYSE listing rules.

Committees of the Board of Directors

Effective upon the consummation of the Business Combination, our board of directors is expected to establish an audit committee, a compensation committee, and a nominating and corporate governance committee, each of which will have the composition and responsibilities described below. From time to time, the board may establish other committees to facilitate the management of our business.

EXECUTIVE COMPENSATION

This section discusses the material components of the executive compensation program for Securitize's executive officers who would be Securitize's named executive officers

if Securitize was subject to the reporting requirements under the Exchange Act. We expect that at least some of these executive officers will be named executive officers of the combined business after the closing of the Business Combination. In 2025, Securitize's

named executive officers

and their positions were as follows:

" Carlos Domingo, our Co-Founder and Chief Executive Officer;
 " Francisco Flores, our Chief Financial Officer; and
 " Billy Miller, our Chief Operating Officer.

CEPT is, and after the Business Combination, PubCo will be, an emerging growth company and therefore is subject to reduced disclosure obligations regarding executive compensation and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Summary Compensation Table

The following table sets forth information concerning the compensation paid to our named executive officers during fiscal year 2025.

Narrative Disclosure to the Summary Compensation Table
 Elements of Securitize's Executive Compensation Program

For the year ended December 31, 2025, the compensation for each named executive officer generally consisted of a base salary, a discretionary annual bonus (for the 2025 performance year) and standard employee benefits. Messrs. Flores and Miller also received an award of stock options under the Securitize, Inc. 2018 Equity Incentive Plan (the

2018 Plan

). These elements (and the amounts of compensation and benefits under each element) were selected because Securitize believes they are necessary to help attract and retain executive talent which is fundamental to its success. Below is a more detailed summary of the current executive compensation program as it relates to Securitize's named executive officers.

245

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

The Company is assessing its executive compensation program in connection with the Business Combination and may implement changes to its executive compensation program to reflect the Business Combination and the Company's status as a publicly traded company.

Base Salaries

The named executive officers receive a base salary to compensate them for services rendered to Securitize. The base salary payable to each named executive officer is intended to provide a fixed component of compensation reflecting the executive's skill set, experience, role, and responsibilities. The actual base salaries paid to each named executive officer for 2025 are set forth above in the Summary Compensation Table in the column entitled Salary.

Annual Incentive Program

Securitize maintains a discretionary cash bonus program pursuant to which certain of its employees, including the named executive officers, are eligible to receive an annual bonus based on, among other things, the named executive officer's overall performance and Securitize's performance. Such bonuses are designed to incentivize the named executive officers with a variable level of compensation. Actual bonus amounts are determined in the discretion of the Securitize Board of Directors. In fiscal year 2025, Messrs. Domingo, Flores, and Miller were each eligible to earn an annual cash bonus targeted at 50%, 30%, and 30% of their annual base salaries, respectively.

Equity Incentive Plans and Outstanding Awards

The 2018 Equity Incentive Plan.

The board of directors of Securitize (the Securitize Board

During fiscal year 2025, our board of directors approved a stock option award with a grant date fair value of \$133,500 to each of Messrs. Flores and Miller, which awards were granted pursuant to the 2018 Plan. These stock options are scheduled to vest 25% on the first anniversary of the vesting commencement date and will vest in quarterly installments thereafter, subject to each named executive officer's continued employment through each applicable vesting date.

The PubCo Board may amend, alter, suspend, discontinue or terminate the Incentive Plan or any portion thereof at any time; provided, however, that no such amendment, alteration, suspension, discontinuation or termination shall be made without (i) shareholder approval if such approval is required by applicable law or the rules of the stock market or exchange, if any, on which the shares of PubCo Common Stock are principally quoted or traded or (ii) subject to the terms of the Incentive Plan, the consent of the affected participant, if such action would materially adversely affect the rights of such participant under any outstanding award, except (x) to the extent any such amendment, alteration, suspension, discontinuance or termination is made to cause the Incentive Plan to comply with applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations or (y) to impose any

clawback

or recoupment provisions on any awards.

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

The ESPP will be effective at Closing, subject to approval by PubCo shareholders as constituted prior to the Closing. The ESPP will automatically terminate on the earlier of the 10th anniversary of the effective date or the date that the administrator terminates the ESPP. The administrator may, in its sole discretion, amend, suspend or terminate the ESPP at any time and for any reason. If the ESPP is terminated, the administrator may elect to terminate all outstanding offering periods either immediately or once shares have been purchased on the next purchase date (which may, in the discretion of the administrator, be accelerated) or permit offering periods to expire in accordance with their terms. If any offering period is terminated before its scheduled expiration, all amounts that have not been used to purchase shares will be returned to participants (without interest, except as otherwise required by law) as soon as administratively practicable.

PubCo intends to file a registration statement on Form S-8 to register the number of shares of PubCo Common Stock reserved for issuance under the ESPP following the Closing Date.

BENEFICIAL OWNERSHIP OF SECURITIES

The following table sets forth information regarding (i) the actual beneficial ownership of CEPT Class A Ordinary Shares and CEPT Class B Ordinary Shares as of April 2, 2026 and (ii) the expected beneficial ownership of PubCo Common Stock immediately following the consummation of the Business Combination and the other Transactions (including the PIPE Investment), assuming that no Public Shares are redeemed and, alternatively, that 100% of the issued and outstanding Public Shares are redeemed, in each case, by:

- " each person who (i) is known to be the beneficial owner of more than 5% of the outstanding CEPT Ordinary Shares or (ii) is expected to be the beneficial owner of more than 5% of PubCo Common Stock following the Business Combination;
- " each of the current executive officers and directors of CEPT, and such persons as a group; and
- " each person who is expected to be a named executive officer or director of PubCo, and all directors and executive of PubCo as a group, in each cash following the Business Combination.

Beneficial ownership is determined according to the rules and regulations of the SEC. A person is a beneficial owner

of a security if that person has or shares
voting power,

which includes the power to vote or to direct the voting of the security, or

investment power,

which includes the power to dispose of or to direct the disposition of the security or has the right to acquire such powers within 60 days.

Unless otherwise indicated in the footnotes to the following tables and subject to applicable community property laws, we believe that all persons named in the table below have, or may be deemed to have, sole voting and investment power with respect to all CEPT Ordinary Shares beneficially owned, or PubCo Common Stock to be beneficially owned, by them. Additionally, the following table does not reflect record or beneficial ownership of any equity incentive awards that are subject to vesting conditions that have not yet been satisfied, as such securities are not exercisable or convertible within 60 days of April 2, 2026. However, shares that a person has the right to acquire within 60 days of April 2, 2026 are deemed issued and outstanding for purposes of computing the percentage ownership of the person holding such rights, but are not deemed issued and outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group.

CERTAIN CEPT RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

CEPT's Relationships and Related Party Transactions

CEPT Founder Shares

In November 2020, the Sponsor purchased 14,375,000 CEPT Class B Ordinary Shares for a purchase price of \$25,000. On June 6, 2024, the Sponsor surrendered, for no consideration, 9,375,000 CEPT Class B Ordinary Shares, which CEPT cancelled, resulting in a decrease in the total number of CEPT Class B Ordinary Shares outstanding from 14,375,000 shares to 5,000,000 shares. On May 1, 2025, CEPT effected a share capitalization, resulting in an increase in the total number of CEPT Class B Ordinary Shares from 5,000,000 to 6,000,000 shares.

Pursuant to the Insider Letter, the Sponsor agreed that, subject to limited exceptions, the 6,000,000 CEPT Founder Shares it holds will not be sold or transferred until the earlier of (a) the one-year anniversary of CEPT's initial business combination, (b) subsequent to CEPT's initial business combination, (x) if the last reported sale price of the CEPT Class A Ordinary Shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after CEPT's initial business combination, and (c) the date on which CEPT completes certain material transactions that result in all of its shareholders having the right to exchange their shares for cash, securities or other property. The Sponsor Support Agreement shortens the lock-up that will apply to the Post-Combination Founder Shares from one year to 180 days, with one-third of the Post-Combination Founder Shares subject to early-release in the event the VWAP of a share of PubCo Common Stock exceeds each of \$12.50, \$15.00 and \$17.50, in each case for at least 20 out of 30 consecutive trading days commencing 90 days after consummation of the Business Combination, and removes clause (b) above.

CEPT Private Placement Shares

Simultaneously with the closing of the CEPT IPO, the Sponsor purchased 580,000 CEPT Private Placement Shares in the CEPT Private Placement at a price of \$10.00 per share, for an aggregate purchase price of \$5,800,000. Pursuant to the Insider Letter, the Sponsor has agreed (i) to waive its redemption rights with respect to the CEPT Private Placement Shares in connection with the completion of the initial business combination or otherwise and (ii) subject to limited exceptions, not to transfer, assign or sell any of its CEPT Private Placement Shares until 30 days after the completion of an initial business combination.

Investments Held in the Trust Account

Starting on May 6, 2025, CEPT's investments in U.S. government treasury bills have been held in the Trust Account that is custodied by CF Secured with CST acting as trustee.

Administrative Services Agreement

On May 1, 2025, CEPT entered into an administrative services agreement with the Sponsor, pursuant to which, commencing May 2, 2025, the date the CEPT Class A Ordinary Shares were first listed on Nasdaq, CEPT has agreed to pay the Sponsor a total of \$10,000 per month for office space, administrative and shared personnel support services. CEPT will cease paying these fees upon the earlier of the completion of an initial business combination or CEPT's liquidation.

Officer and Director Compensation

CEPT has agreed to pay cash fees to its independent directors of \$50,000 per year, payable quarterly, which fees commenced on the date of appointment to the CEPT Board for each independent director.

In addition, CEPT's officers and directors will be reimbursed for any out-of-pocket expenses incurred in connection with activities on CEPT's behalf such as identifying potential acquisition targets and performing due diligence on suitable initial business combinations.

Related Party Loans

The Sponsor made available to CEPT, under the Pre-IPO Note, up to \$300,000 to be used for a portion of the expenses of the CEPT IPO. The Pre-IPO Note was non-interest bearing and was repaid in full upon the completion of the CEPT IPO.

254

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

In connection with the CEPT IPO, the Sponsor agreed to lend CEPT up to \$3,600,000 pursuant to the Sponsor Note in connection with each Redemption Event such that an amount equal to \$0.15 per Public Share being redeemed in connection with the applicable Redemption Event will be added to the Trust Account and paid to the holders of the applicable redeemed Public Shares on such Redemption Event. The Sponsor Note does not bear interest and will be repaid by CEPT at the closing of an initial business combination; provided that, at the Sponsor's option, at any time beginning 60 days after the date of the CEPT IPO, all or any portion of the amount outstanding under the Sponsor Note may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. If CEPT is unable to consummate an initial business combination, the Sponsor Note would be repaid only out of funds held outside of the Trust Account. The Sponsor has waived any claims against the Trust Account in connection with the Sponsor Note.

In order to finance transaction costs in connection with an intended initial business combination, the Sponsor has committed up to \$1,750,000 pursuant to the Sponsor Loan to be provided to CEPT to fund expenses relating to investigating and selecting an acquisition target and other working capital requirements, including \$10,000 per month for office space, administrative and shared personnel support services that will be paid to the Sponsor, after the CEPT IPO and prior to an initial business combination. The Sponsor Loan does not bear interest and is repayable by CEPT to the Sponsor upon consummation of an initial business combination; provided that, at the Sponsor's option, at any time beginning 60 days after the date of the CEPT IPO, all or any portion of the amount outstanding under the Sponsor Loan may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Loan would be repaid only out of funds held outside the Trust Account.

If the Sponsor Loan is insufficient to cover CEPT's working capital requirements, the Sponsor or an affiliate of the Sponsor, or certain of CEPT's officers and directors may, but are not obligated to, provide CEPT with Working Capital Loans. If CEPT completes an initial business combination, CEPT would repay the Working Capital Loans out of the proceeds of the Trust Account released to CEPT; provided that, at the lender's option, at any time beginning 60 days after the date of the CEPT IPO, all or any portion of the amount outstanding under the Working Capital Loans may be converted into CEPT Class A Ordinary Shares at a conversion price of \$10.00 per share. Otherwise, the Working Capital Loans would be repaid only out of funds held outside the Trust Account. In the event that an initial business combination does not close, CEPT may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans.

As of March 31, 2026, December 31, 2025 and 2024, CEPT had approximately \$605,000, approximately \$397,000 and \$0, respectively, outstanding under the Sponsor Loan. As of March 31, 2026, December 31, 2025 and 2024, CEPT had no borrowings under the Working Capital Loans or the Sponsor Note.

Registration Rights Agreement

Pursuant to a registration rights agreement CEPT entered into with the Sponsor on May 1, 2025, CEPT is required to register certain securities for sale under the Securities Act. The Sponsor is entitled under the registration rights agreement to make up to three demands that CEPT register certain of CEPT securities held by it for sale under the Securities Act and to have the securities covered thereby registered for resale pursuant to Rule 415 under the Securities Act. In addition, the Sponsor has certain

piggy-back

registration rights on registration statements filed after the consummation of an initial business combination. CEPT will bear the costs and expenses of filing any such registration statements. Notwithstanding the foregoing, the Sponsor may not exercise its demand and

piggyback

registration rights solely with respect to the CEPT Private Placement Shares after May 1, 2030 and May 1, 2032, respectively, and may not exercise its demand rights with respect to the CEPT Private Placement Shares on more than one occasion. In connection with the Business Combination, PubCo, CEPT, Securitize and certain Securitize Stockholders will enter into the Amended and Restated Registration Rights Agreement which will amend and restate this registration rights agreement as further described in the section entitled

The Business Combination Other Transaction Agreements Amended and Restated Registration Rights Agreement.

On October 10, 2025, CF&Co. entered into the M&A Engagement Letter with CEPT, pursuant to which CEPT engaged CF&Co. as CEPT's exclusive financial advisor for the Business Combination. Sponsor Support Agreement

Contemporaneously with the execution of the Business Combination Agreement, on October 27, 2025, CEPT, the Sponsor, PubCo and Securitize entered into the Sponsor Support Agreement. For a description of the terms and conditions of the Sponsor Support Agreement, see the section entitled The Business Combination Other Transaction Agreements Sponsor Support Agreement.

Insider Letter

On May 2, 2025, CEPT, the Sponsor and certain other insiders, who were members of CEPT's board of directors and/or management team (the Other Insiders

), entered into the Insider Letter. The Insider Letter requires the Sponsor and each Other Insider to, among other things: (i) vote their CEPT Ordinary Shares (other than any Public Shares) in favor of any proposed business combination for which the Company is seeking shareholder approval, (ii) not to redeem any CEPT Ordinary Shares held by them in connection with a shareholder vote to approve a proposed business combination, (iii) to take reasonable steps to cause CEPT to promptly (but in any event within 10 business days) following the end of the Combination Period, cease all operations and redeem 100% of its Public Shares.

In addition, the Sponsor agreed that it will be liable to CEPT if and to the extent any claims by a third party (other than CEPT's independent registered public accounting firm and the underwriters in the CEPT IPO) for services rendered or products sold to CEPT, or a prospective acquisition target with which CEPT has entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, reduce the redemption amount to below the lesser of (i) the sum of (A) \$10.00 per Public Share and (B) \$0.15 per redeemed Public Share pursuant to the funding of the Sponsor Note in connection with a Redemption Event and (ii) the sum of (A) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per share due to reductions in the value of the assets in the Trust Account, less interest released to pay taxes, and (B) \$0.15 per redeemed Public Share pursuant to the Sponsor Note, provided that such liability will not apply to any claims by a third party or prospective acquisition target who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under CEPT's indemnity of its underwriters in connection with the IPO against certain liabilities, including liabilities under the Securities Act. For more, see

Risk Factors Risks Related to CEPT and the Business Combination If third parties bring claims against CEPT, the proceeds held in the Trust Account could be reduced and the per-share redemption amount received by Public Shareholders could be less than \$10.51 per share (based on the Trust Account balance as of March 31, 2026, inclusive of \$0.15 per redeemed Public Share to be funded pursuant to the Sponsor Note in the applicable Redemption Event and which amount takes into account CEPT's estimate of the amount that may be withdrawn to pay applicable taxes).

Pursuant to the Insider Letter, Sponsor agreed that, subject to limited exceptions, the 580,000 CEPT Class A Ordinary Shares it holds will not be sold or transferred until 30 days after CEPT has completed a business combination and that the 6,000,000 CEPT Founder Shares it holds will not be sold or transferred until the earlier of (a) the one-year anniversary of CEPT's initial business combination, (b) subsequent to CEPT's initial business combination, (x) if the last reported sale price of the CEPT Class A Ordinary Shares

The CEPT Audit Committee, or its chair, reviews all relevant facts and approves only those transactions that are in, or not inconsistent with, CEPT's best interests. The policy does not permit any member of the CEPT Audit Committee to participate in any review, consideration, approval or ratification of any related person transaction in which such member or any of his or her immediate family member is the related party.

The loan was originally scheduled to mature on March 17, 2025 but, in 2024, was extended to March 17, 2027. For the nine months ended September 30, 2025 and the years ended December 31, 2024 and 2023, Securitize recognized interest income related to the note receivable in the amounts of \$115,937, \$178,243 and \$215,821, respectively. Carlos Domingo pledged 166,667 shares of our common stock as collateral for the note. As of September 30, 2025, December 31, 2024 and December 31, 2023, the outstanding balance of the note was \$3,000,000. This loan was repaid in full as of December 19, 2025.

Loan of Digitized Assets from Securitize

Between December 2024 and February 2025, we advanced \$1,084,332 to Jamie Finn, former President of Securitize, and Tiny Ventures, LLC, a fund associated with Jamie Finn, \$152,026 to Brett Finn, Jamie Finn's brother, \$5,000,000 to Brad Stephens Revocable Trust, a trust controlled by Brad Stephens, our director, and \$810,734 to Tal Elyashiv, our director, and we received tokenized funds as collateral under the terms of a secured Master Loan and Security Agreement. The loans carry a 2.00% annual facilitation fee, which is accrued and deducted from collateral at each net asset value valuation date. The loans are secured by tokenized funds with a required collateral-to-loan ratios of 100% to 167% and are subject to rebalancing and liquidation provisions if collateral coverage falls below defined thresholds. Securitize obtains control over the collateral assets, which it uses to participate in liquid staking activities with the Elixir Network, as specified in the agreement. All such loans were settled, and none are outstanding as of January 28, 2026.

Promissory Note from Securitize to Lucio-Finn Revocable Trust

On August 18, 2024, we issued a promissory note to the Lucio-Finn Revocable Trust for a principal amount of 83.51993162 BTC, bearing interest at 2.95% per annum, payable in Bitcoin, and maturing six months from issuance. This note is unsecured and may be prepaid without penalty, with interest and principal due at maturity unless repaid earlier. Both obligations were fully paid with a remaining balance of \$0 as of December 31, 2024. Lucio-Finn Revocable Trust is a related party entity due to its association with Jamie Finn, former President of Securitize.

Compensation to Brett Redfearn

In October 2021, we entered into an advisor agreement with Brett Redfearn for him to serve as Senior Strategic Advisor to Carlos Domingo and Chairman of Securitize's Advisory Board. In years ending 2023, 2024 and 2025, we have paid \$435,000, \$355,000 and \$435,000 to Brett Redfearn as compensation for his advisory services. The advisor agreement with Brett will terminate immediately before his appointment to the PubCo board.

Agreements with Stockholders

We have entered into investors' rights, voting and right of first refusal and co-sale agreements containing registration rights, information and observer rights, voting rights, board designation and rights of first refusal, among other things, with certain holders of our preferred stock, including Blockchain Capital, Hanwha and Morgan Stanley, who are 5%+ holders of our common stock. These stockholder agreements will terminate immediately before the consummation of the Business Combination.

Policies and Procedures for Related Person Transactions

In connection with closing of the business combination contemplated by this registration statement, we will adopt a formal, written policy regarding related person transactions. This written policy regarding related person transactions will provide that a related person transaction is a transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships, in which we are a participant and in which a related person has, had or will have a direct or indirect material interest and in which the aggregate amount involved exceeds \$120,000. Our policy will also provide that a related person means any of our executive officers and directors (including director nominees), in each case at any time since the beginning of our last fiscal year, or holders of more than 5% of any class of our voting securities and any member of the immediate family of, or person sharing the household with, any of the foregoing persons. Our audit committee will have the primary responsibility for reviewing and approving or disapproving related person transactions. In addition to our policy, our audit committee charter will provide that our audit committee shall review and approve or disapprove any related person transactions.

All related person transactions described in this section occurred prior to adoption of the formal, written policy described above, and therefore these transactions were not subject to the approval and review procedures set forth in the policy.

DESCRIPTION OF SECURITIES

As a result of the Business Combination, CEPT Shareholders who have or receive CEPT Class A Ordinary Shares will become holders of shares of PubCo Common Stock. Your rights as a holder of PubCo Common Stock will be governed by Delaware law and the PubCo Charter and PubCo Bylaws, if approved. The following description of the material terms of PubCo's securities reflects the anticipated state of affairs upon completion of the Business Combination.

The following summary of the material terms of PubCo securities following the Business Combination is not intended to be a complete summary of the rights and preferences of such securities. You are encouraged to read the applicable provisions of Delaware law, the Proposed Charter and the Proposed Bylaws in their entirety for a complete description of the rights and preferences of the PubCo securities following the Business Combination.

Authorized and Outstanding Stock

The PubCo Charter authorizes the issuance of 300,000,000 shares, consisting of 290,000,000 shares of common stock, \$0.0001 par value per share, and 10,000,000 shares of preferred stock, \$0.0001 par value.

Common Stock

The PubCo Charter provides the following with respect to the rights, powers, preferences and privileges of the PubCo Common Stock.

Voting Power

Except as otherwise required by law or as otherwise provided in any certificate of designation for any series of preferred stock, the holders of PubCo Common Stock possess all voting power for the election of PubCo's directors and all other matters requiring stockholder action; provided, however, that, except as otherwise required by law, holders of PubCo Common Stock, as such, shall not be entitled to vote on any amendment to the Proposed Charter that relates solely to the terms of one or more outstanding classes or series of PubCo Preferred Stock if the holders of such affected class or series of PubCo Preferred Stock are entitled, either separately or together with the holders of one or more other such affected classes or series of PubCo Preferred Stock, to vote thereon pursuant to the Proposed Charter or pursuant to Delaware Law. Holders of PubCo Common Stock are entitled to one vote per share on matters to be voted on by stockholders.

Dividends

Holders of PubCo Common Stock will be entitled to receive such dividends, if any, as may be declared from time to time by PubCo's board of directors in its discretion out of funds legally available therefor. SPAC has not historically paid any cash dividends on its Class A Ordinary Shares or Class B Ordinary Shares to date and does not intend to pay cash dividends in the foreseeable future. Any payment of cash dividends in the future will be dependent upon PubCo's revenues and earnings, if any, capital requirements and general financial conditions. In no event will any stock dividends or stock splits or combinations of stock be declared or made on PubCo Common Stock unless the shares of PubCo Common Stock at the time outstanding are treated equally and identically.

Liquidation, Dissolution and Winding Up

In the event of PubCo's voluntary or involuntary liquidation, dissolution or winding-up, the net assets of PubCo will be distributed pro rata to the holders of PubCo Common Stock, subject to the rights of the holders of the preferred stock, if any.

Preemptive or Other Rights

There are no sinking fund provisions applicable to the PubCo Common Stock.

Preferred Stock

The PubCo Charter provides that shares of preferred stock may be issued from time to time in one or more series. PubCo's board of directors will be authorized to fix designations, powers, including voting powers, full or limited, or no voting powers, preferences and the relative, participating, optional or other special rights of the shares of each series of preferred stock and any qualifications, limitations and restrictions thereof. PubCo's board of directors will be able to, without stockholder approval, issue preferred stock with voting and other rights that could adversely affect the voting power and other rights of the holders of the PubCo Common Stock and could have anti-takeover effects. The ability of PubCo's board of directors to issue preferred stock without stockholder approval could have the effect of delaying, deferring or preventing a change of control of PubCo or the removal of existing management. SPAC has no preferred stock currently outstanding.

Registration Rights

PubCo, CEPT, the Sponsor and certain of the Securitize Stockholders will enter into the Amended and Restated Registration Rights Agreement, pursuant to which, among other things, such stockholders will be granted certain registration rights with respect to certain shares of PubCo held by them. See PubCo Common Stock Eligible for Future Sale Registration Rights Agreement.

A copy of the form of the Registration Rights Agreement is attached as Annex E hereto and incorporated herein by reference.

Anti-Takeover Provisions

Proposed Charter and Bylaws

Among other things, the PubCo Charter and PubCo Bylaws will:

- " permit PubCo's board of directors to issue up to 10,000,000 shares of preferred stock, with any rights, preferences and privileges as they may designate, including the right to approve an acquisition or other change of control;
- " provide that the number of directors of PubCo may be changed only by resolution of PubCo's board of directors;
- " provide that, subject to the rights of any series of preferred stock to elect directors, directors may be removed only with cause by the holders of not less than a majority of all of the PubCo's then-outstanding shares of the capital stock entitled to vote generally at an election of directors;
- " provide that all vacancies, subject to the rights of any series of preferred stock, including newly created directorships, may, except as otherwise required by law, be filled by the affirmative vote of a majority of directors then in office, even if less than a quorum;
- " provide that stockholders seeking to present proposals before a meeting of stockholders or to nominate candidates for election as directors at a meeting of stockholders must provide advance notice in writing, and also specify requirements as to the form and content of a stockholder's notice;
- " provide that special meetings of PubCo's stockholders may only be called by the PubCo Board pursuant to a resolution adopted by a majority of the board or by the chairman of the PubCo Board;
- " provide that PubCo's board of directors will be divided into three classes of directors, with the directors serving three-year terms, therefore making it more difficult for stockholders to change the composition of the board of directors; and
- " not provide for cumulative voting rights, therefore allowing the holders of a majority of the shares of PubCo Common Stock entitled to vote in any election of directors to elect all of the directors standing for election, if they should so choose.

261

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

The combination of these provisions will make it more difficult for the existing stockholders to replace the PubCo Board as well as for another party to obtain control of PubCo by replacing the PubCo Board. Because the PubCo Board will have the power to retain and discharge its officers, these provisions could also make it more difficult for existing stockholders or another party to effect a change in management. In addition, the authorization of undesignated preferred stock will make it possible for the PubCo Board to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change the control of PubCo.

These provisions are intended to enhance the likelihood of continued stability in the composition of the PubCo Board and its policies and to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed to reduce PubCo's vulnerability to hostile takeovers and to discourage certain tactics that may be used in proxy fights. However, such provisions could have the effect of discouraging others from making tender offers for PubCo's shares and may have the effect of delaying changes in our control or management. As a consequence, these provisions may also inhibit fluctuations in the market price of PubCo Common Stock.

Certain Anti-Takeover Provisions of Delaware Law

PubCo will be subject to Section 203 of the DGCL. This statute prevents certain Delaware corporations, under certain circumstances, from engaging in a business combination

with:

- " a stockholder who owns 15% or more of our outstanding voting stock (otherwise known as an interested stockholder
-);
- " an affiliate of an interested stockholder; or
- " an associate of an interested stockholder, for three years following the date that the stockholder became an interested stockholder.

A

business combination

includes a merger or sale of more than 10% of a corporation's assets. However, the above provisions of Section 203 would not apply if:

- " the relevant board of directors approves the transaction that made the stockholder an interested stockholder,
- prior to the date of the transaction;
- " after the completion of the transaction that resulted in the stockholder becoming an interested stockholder, that stockholder owned at least 85% of the corporation's voting stock outstanding at the time the transaction commenced, other than statutorily excluded shares of common stock; or
- " on or subsequent to the date of the transaction, the initial business combination is approved by the board of directors and authorized at a meeting of the corporation's stockholders, and not by written consent, by an affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

These provisions may have the effect of delaying, deferring, or preventing changes in control of PubCo.

Exclusive Forum

The Proposed Charter will provide that, unless we consent in writing to the selection of an alternative forum, the Court of Chancery (the Chancery Court

) of the State of Delaware (or, in the event that the Chancery Court does not have jurisdiction, another court of the State of Delaware, or if no court of the State of Delaware has jurisdiction, the federal district court for the District of Delaware) and any appellate court thereof shall, to the fullest extent permitted by

law, be the sole and exclusive forum for: (1) any derivative action, suit or proceeding brought on our behalf; (2) any action, suit or proceeding asserting a claim of breach of a fiduciary duty owed by any of our current or former directors, officers, stockholders or employees of ours or our stockholders; (3) any action, suit or proceeding asserting a claim against us arising pursuant to any provision of the DGCL, the Proposed Bylaws or the Proposed Charter (as either may be amended from time to time); or (4) any action, suit or proceeding asserting a claim governed by the internal affairs doctrine.

262

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

The Proposed Charter provides that the federal district courts of the United States of America shall be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act. If any such foreign action is filed in a court other than the courts in the State of Delaware in the name of any stockholder, such stockholder shall be deemed to have consented to (a) the personal jurisdiction of the state and federal courts in the State of Delaware in connection with any action brought in any such court to enforce such actions and (b) having service of process made upon such stockholder in any such action by service upon such stockholder's counsel in the foreign action as agent for such stockholder. The Proposed Charter will also provide that any person or entity purchasing or otherwise acquiring any interest in any of our securities shall be deemed to have notice of and consented to this choice of forum provision. It is possible that a court of law could rule that the choice of forum provision contained in our certificate of incorporation is inapplicable or unenforceable if it is challenged in a proceeding or otherwise. This choice of forum provision has important consequences for our stockholders.

Transfer Agent

The Transfer Agent for the CEPT Class A Ordinary Shares is (and, after the consummation of the Business Combination, the PubCo Common Stock will be) Continental Stock Transfer & Trust Company.

Listing of PubCo Common Stock

PUBCO COMMON STOCK ELIGIBLE FOR FUTURE SALE

Upon completion of the Business Combination, PubCo will have PubCo Common Stock authorized and, based on the assumptions set out elsewhere in this proxy statement/prospectus, up to 171,327,742 shares of PubCo Common Stock issued and outstanding, assuming no Public Shares are redeemed in connection with the Business Combination (excluding the shares underlying Assumed Options, the shares underlying the Assumed Warrants and the Securitize Earnout Shares). Immediately upon the Closing, shares of PubCo Common Stock issued in connection with the Business Combination to CEPT Shareholders will be freely transferable by persons other than by PubCo's

affiliates

without restriction or further registration under the Securities Act, except PubCo Common Stock issued to the Sponsor, which are subject to the lock-up described below. Immediately upon the Closing, the remaining shares of PubCo Common Stock will be held by Securitize Stockholders and will be subject to the lock-up restrictions described below and may only be resold pursuant to Rule 144. Sales of substantial amounts of PubCo Common Stock in the public market could adversely affect prevailing market price of PubCo Common Stock.

Lock-up Periods and Registration Rights

Certain Securitize Equityholders Lock-ups

Contemporaneously with the Closing, the Securitize Stockholders will enter into Lock-Up Agreements with PubCo, pursuant to which such parties will agree that the 118,247,742 shares of PubCo Common Stock received by them in connection with the Transactions (representing approximately 69% of the total issued and outstanding shares of PubCo Common Stock following the Business Combination and the consummation of the PIPE Investment, and assuming, among other things, that no Public Shareholders exercise redemption rights with respect to their Public Shares in connection with the Business Combination) and any other securities convertible into or exercisable or exchangeable for PubCo Common Stock held by them immediately after the Closing, will be locked-up and subject to transfer restrictions subject to certain exceptions. The Restricted Securities will be locked up until the date that is 180 days from the Closing Date, and provides that one-third of the Restricted Securities will be subject to early-release in the event the VWAP of a share of PubCo Common Stock exceeds \$15.00, \$17.50 and \$20.00, in each case for at least 20 out of 30 consecutive trading days commencing 90 days after the Closing. The Lock-Up Agreements include customary exceptions to the transfer restrictions, including transfers to affiliates, family members, charitable organizations, and in connection with certain tax or estate planning transactions, provided that the transferee agrees to be bound by the same restrictions for the remainder of the lock-up period.

Sponsor Lock-up

Pursuant to the Insider Letter, the Sponsor agreed that, subject to limited exceptions, the 580,000 CEPT Class A Ordinary Shares it holds will not be sold or transferred until 30 days after CEPT has completed a business combination and that the 6,000,000 CEPT Founder Shares it holds will not be sold or transferred until the earlier of (a) the one-year anniversary of CEPT's initial business combination, (b) subsequent to CEPT's initial business combination, (x) if the last reported sale price of the CEPT Class A Ordinary Shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after CEPT's initial business combination, and (c) the date on which CEPT completes certain material transactions that result in all of its shareholders having the right to exchange their shares for cash, securities or other property. The Sponsor Support Agreement shortens the lock-up that will apply to the Post-Combination Founder Shares from one year to 180 days, and provides that one-third of the Post-Combination Founder Shares are subject to early-release in the event the VWAP of a share of PubCo Common Stock exceeds \$12.50, \$15.00 and \$17.50, in each case for at least 20 out of 30 consecutive trading days commencing 90 days after consummation of the Business Combination;

PIPE Resale Shelf

Pursuant to the PIPE Subscription Agreements relating, PubCo has agreed that, within 30 calendar days after the consummation of the Business Combination, it will file with the SEC (at PubCo's sole cost and expense) a registration statement registering the resale of shares of PubCo Common Stock issuable to PIPE Investors in the CEPT Merger (the

Resale Registration Statement

), and PubCo will use its commercially reasonable efforts to have the Resale Registration Statement declared effective as soon as practicable after the filing thereof, subject to certain conditions.

Registration Rights Agreement

Subject to the lock-up periods described above, certain shareholders are also entitled to registration rights pursuant to the terms of the Registration Rights Agreement. PubCo has agreed to file a registration statement, within 30 calendar days after the consummation of the Business Combination, to register certain registrable securities under the Securities Act. PubCo has also agreed to provide customary demand registration rights and customary

piggy-back

registration rights with respect to any valid demand registration request. The Registration Rights Agreement provides that PubCo will pay certain expenses relating to such registrations and indemnify the securityholders against certain liabilities.

Rule 144

Pursuant to Rule 144 under the Securities Act (

Rule 144

), a person who has beneficially owned restricted PubCo Common Stock for at least six months would, subject to the restrictions noted in the section below, be entitled to sell their securities provided that (i) such person is not deemed to have been an affiliate of PubCo at the time of, or at any time during the three months preceding, a sale and (ii) PubCo has been subject to the Exchange Act periodic reporting requirements for at least three months before the sale and has filed all required reports under Section 13 or 15(d) of the Exchange Act during the twelve months (or such shorter period as PubCo was required to file reports) preceding the sale.

Persons who have beneficially owned restricted PubCo Common Stock for at least six months but who are affiliates of PubCo at the time of, or at any time during the three months preceding, a sale, would be subject to Additional restrictions, by which such person would be entitled to sell within any three-month period only a number of securities that does not exceed the greater of:

" 1% of the total number of PubCo Common Stock then outstanding; or

" the average weekly reported trading volume of PubCo Common Stock during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales by affiliates of PubCo under Rule 144 are also limited by manner of sale provisions and notice requirements and to the availability of current public information about PubCo.

FUTURE SHAREHOLDER PROPOSALS

For any proposal to be considered for inclusion in our proxy statement and form of proxy for submission to the stockholders at PubCo's 2027 annual meeting of stockholders, assuming consummation of the Business Combination, it must be submitted in writing and comply with the requirements of Rule 14a-8 of the Exchange Act and PubCo's bylaws.

In addition, PubCo's bylaws provide notice procedures for shareholders to nominate a person as a director and to propose business to be considered by stockholders at a meeting. To be timely, a shareholder's notice must be delivered to PubCo at its offices at 78 SW 7th Street, Suite 500, Miami, FL 33130, not later than the close of business on the 90th day nor earlier than the opening of business on the 120th day before the anniversary date of the immediately preceding annual meeting of shareholders; provided, however, that in the event that the annual meeting is called for a date that is not within 30 days before such anniversary date, which we anticipate will be the case for the 2027 annual meeting, or delayed more 70 days after such anniversary date, notice by the shareholder to be timely must be so received no earlier than the opening of business on the 120th day before the meeting and not later than the later of (x) the close of business on the 90th day before the meeting and (y) the close of business on the 10th day following the day on which public announcement of the date of the annual meeting was first made by PubCo. Nominations and proposals also must satisfy other requirements set forth in PubCo's bylaws. The Chairman of the Board may refuse to acknowledge the introduction of any shareholder proposal not made in compliance with the foregoing procedures.

CHANGE IN CO-REGISTRANT'S CERTIFYING ACCOUNTANT

On August 27, 2025, Securitize, Inc. dismissed Wolf & Company, P.C., (

Wolf

) as its independent registered public accounting firm, effective with the completion of the audits of the Securitize, Inc. and Subsidiaries' consolidated financial statements as of and for the year ended December 31, 2024 and 2023. On September 17, 2025, Securitize, Inc. engaged KPMG LLP (

KPMG

) as Wolf's replacement. The audit opinion on the consolidated financial statements as of and for the years ended December 31, 2024 and 2025 included in the

registration statement is provided by KPMG. The decision to change independent registered public accounting firms was made with the recommendation and approval of the Board of Directors of Securitize, Inc.

Wolf's audit reports on Securitize, Inc.'s consolidated financial statements as of and for the fiscal years ended December 31, 2024 and December 31, 2023 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to audit scope or accounting principles.

During the fiscal years ended December 31, 2024 and 2023, and the subsequent interim period through the date of this prospectus, there were no disagreements, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K, between Securitize, Inc. and Wolf on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Wolf's satisfaction, would have caused Wolf to make reference to such disagreements in its audit reports.

During the fiscal years ended December 31, 2024 and 2023, and the subsequent interim period through the date of this prospectus, there were no reportable events within the meaning of Item 304(a)(1)(v) of Regulation S-K, except for the following material weaknesses which Securitize, Inc. identified in its internal control over financial reporting: lack of effective segregation of duties and inadequate access controls.

During the fiscal years ended December 31, 2024 and 2023, neither Securitize, Inc. nor anyone acting on behalf of Securitize, Inc. consulted KPMG with respect to either (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on Securitize, Inc.'s consolidated financial statements, and no written report or oral advice was provided to Securitize, Inc. by KPMG that KPMG concluded was an important factor considered by Securitize, Inc. in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a disagreement, as that term is described in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

Securitize, Inc. delivered a copy of this disclosure to Wolf and requested that they furnish Securitize, Inc. a letter addressed to the SEC stating whether they agree with the above statements. In their letter to the SEC dated January 28, 2026, attached as Exhibit 16.1 to the registration statement of which this prospectus forms a part, Wolf states that they agree with the statements above concerning their firm.

If a bank, broker or other nominee holds the shares, the CEPT Shareholder should contact the bank, broker or other nominee directly.

 CANTOR EQUITY PARTNERS II, INC. NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 1 Description of Organization, Business Operations and Basis of Presentation

Cantor Equity Partners II, Inc. (the

Company

) was incorporated on November 11, 2020 as a Cayman Islands exempted company for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses (the

Business Combination

).

Although the Company is not limited in its search for target businesses to a particular industry or sector for the purpose of consummating the Business Combination, the Company focused its search on companies operating in the financial services, digital assets, healthcare, real estate services, technology and software industries. The Company is an early stage and emerging growth company and, as such, the Company is subject to all of the risks associated with early stage and emerging growth companies.

As of March 31, 2026, the Company had not commenced operations. All activity through March 31, 2026 relates to the Company's formation, the initial public offering (the

Initial Public Offering

) described below, and the Company's efforts toward locating and completing a suitable Business Combination. The Company will not generate any operating revenues until after the completion of the Business Combination, at the earliest. During the three months ended March 31, 2026, the Company used the net proceeds derived from the Initial Public Offering and the Private Placement (as defined below) to generate non-operating income in the form of interest income from direct investments in U.S. government debt securities. During the three months ended March 31, 2026, the Company also recognized changes in the fair value of the forward

sale securities (as further described below) as other income.

The Company's sponsor is Cantor EP Holdings II, LLC (the Sponsor

). The registration statements for the Initial Public Offering were declared effective on May 1, 2025. On May 5, 2025, the Company consummated the Initial Public Offering of 24,000,000 Class A ordinary shares, par value \$0.0001 per share (

Class A ordinary shares

and such Class A ordinary shares issued in the Initial Public Offering, the Public Shares

) at a purchase price of \$10.00 per share, generating gross proceeds of \$240,000,000, as described in Note 3.

Simultaneously with the closing of the Initial Public Offering, the Company consummated the sale of 580,000 Class A ordinary shares (the Private Placement Shares

) to the Sponsor, at a purchase price of \$10.00 per share, in a private placement (the Private Placement

), generating gross proceeds of \$5,800,000, as described in Note 4.

The net proceeds of the Private Placement were deposited into the Trust Account (as defined below) and will be used to fund the redemption of the Public Shares subject to the requirements of applicable law (see Note 4).

Offering costs amounted to approximately \$5,300,000, consisting of \$4,900,000 of underwriting fees and approximately \$400,000 of other costs.

Following the closing of the Initial Public Offering and the Private Placement on May 5, 2025, an amount of \$240,000,000 (\$10.00 per share) from the net proceeds of the Initial Public Offering and the Private Placement was placed in a trust account (the

Trust Account

) located in the United States with Continental Stock Transfer & Trust Company (Continental

) acting as trustee. The funds in the Trust Account were initially held in an account at J.P. Morgan Chase Bank, N.A., and on May 6, 2025, were transferred to an account at CF Secured, LLC (

CF Secured

), an affiliate of the Sponsor. The Trust Account may be invested only in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act of 1940, as amended (the

Investment Company Act

), with a maturity of 185 days or less or in any open-ended investment company that holds itself out as a money market fund selected by the Company meeting the conditions of paragraphs (d)(2), (d)(3) and (d)(4) of Rule 2a-7 of the Investment Company Act, or held as cash or cash items (including in demand deposit accounts) at a bank, as determined by the Company, until the earlier of: (i) the completion of the Business Combination or (ii) the distribution of the Trust Account, as described below.

Business Combination The Company's management has broad discretion with respect to the specific application of the net proceeds of the Initial Public Offering and the Private Placement, although substantially all of the net proceeds are intended to be applied generally toward consummating the Business Combination. There is no assurance that the Company will be able to complete the Business Combination successfully. The Company must complete one or more Business Combinations having an aggregate fair market value of at least 80% of the assets held in the Trust Account (excluding taxes payable on income earned on the Trust Account) at the time of

F-7

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

the agreement to enter into the Business Combination. However, the Company will only complete the Business Combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act.

The Company will provide the holders of the Public Shares (the Public Shareholders

) with the opportunity to redeem all or a portion of their Public Shares upon the completion of the Business Combination either (i) in connection with a shareholders meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek shareholder approval of the Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The Public Shareholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account (which, as of March 31, 2026 and December 31, 2025, was \$10.51 and \$10.43 per Public Share, respectively, and for both periods, inclusive of \$0.15 per redeemed share to be funded pursuant to the Sponsor Note (as defined below) in the applicable Redemption Event (as defined below)). The Public Shares are recorded at a redemption value and classified as temporary equity in accordance with the Financial Accounting Standards Board's (

FASB

) Accounting Standards Codification (

ASC

) 480, Distinguishing Liabilities from Equity (

ASC 480

). In such case, the Company will proceed with the Business Combination if a majority of the shares voted are voted in favor of the Business Combination. If a shareholder vote is not required by law and the Company does not decide to hold a shareholder vote for business or other legal reasons, the Company will, pursuant to its amended and restated memorandum and articles of association (as may be amended, the

Amended and Restated Memorandum and Articles

), conduct the redemptions pursuant to the tender offer rules of the U.S. Securities and Exchange Commission (the SEC

) and file tender offer documents with the SEC prior to completing the Business Combination. If, however, shareholder approval of the Business Combination is required by law, or the Company decides to obtain shareholder approval for business or legal reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. Additionally, each Public Shareholder may elect to redeem their Public Shares irrespective of whether they vote for or against the Business Combination, or if they vote at all. If the Company seeks shareholder approval in connection with the Business Combination, the Sponsor and the Company's directors and officers have agreed to vote their Founder Shares (as defined in Note 4), their Private Placement Shares and any Public Shares purchased during or after the Initial Public Offering in favor of the Business Combination (except that any Public Shares such parties may purchase in compliance with the requirements of Rule 14e-5 under the Securities Exchange Act of 1934, as amended (the Exchange Act

), would not be voted in favor of approving the Business Combination). In addition, the Sponsor and the Company's directors and officers have agreed to waive their redemption rights with respect to their Founder Shares, Private Placement Shares and any Public Shares held by them in connection with the completion of the Business Combination.

Notwithstanding the foregoing, the Amended and Restated Memorandum and Articles provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a group

(as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than an aggregate of 15% or more of the Public Shares, without the prior consent of the Company.

The Sponsor and the Company's officers and directors have agreed not to propose an amendment to the Amended and Restated Memorandum and Articles (i) that would affect the substance or timing of the Company's obligation to allow redemption in connection with the Business Combination or to redeem 100% of the Public Shares if the Company does not complete the Business Combination or (ii) with respect to any other provision relating to shareholders' rights or pre-business combination activity, unless the Company provides the Public Shareholders with the opportunity to redeem their Public Shares in conjunction with any such amendment.

Business Combination Agreement On October 27, 2025, the Company entered into a business combination agreement (the Business Combination Agreement

), with Securitize, Inc., a Delaware corporation (

Securitize

), Securitize Holdings, Inc., a Delaware corporation (

Pubco

), Pinecrest Merger Sub, a Cayman Islands exempted company and a wholly-owned subsidiary of Pubco (

CEPT Merger Sub

), and Senna Merger Sub, Inc., a Delaware corporation and a wholly-owned subsidiary of the Company (

Securitize Merger Sub

).

Pursuant to the Business Combination Agreement, and subject to the terms and conditions set forth therein, upon the consummation of the transactions contemplated thereby (the

Closing

and the date of the Closing, the

Closing Date

), (a) the Company will merge with and into CEPT Merger Sub, with CEPT Merger Sub continuing

as the surviving entity (the

CEPT Merger

), in accordance with which (i) the Company's shareholders holding Class B ordinary shares, par value \$0.0001 per share (

Class B ordinary shares

), will receive one Class A ordinary share in exchange for each Class B ordinary share held by such shareholder immediately prior to the CEPT Merger (other than certain Class B ordinary shares surrendered by the Sponsor) and (ii) immediately thereafter, each Class A ordinary share will be cancelled and cease to exist, in exchange for the right of Company shareholders holding Class A ordinary shares to receive one share of common stock, par value \$0.0001 per share, of Pubco (

Pubco Common Stock

), for each Class A ordinary share held by such shareholder at the time of the CEPT Merger (other than any Public Shares which are the subject of valid redemption requests and any treasury shares), and (b) at least two hours after the CEPT Merger, Securitize Merger Sub will merge with and into Securitize, with Securitize continuing as the surviving entity (the

Securitize Merger

and, together with the CEPT Merger, the

Mergers

), in accordance with which the holders (the

Securitize Stockholders

) of common stock of Securitize (

Securitize Common Stock

) will receive a number of shares of Pubco Common Stock in exchange for their shares of Securitize Common Stock as determined in accordance with the Business Combination Agreement. As a result of the Mergers and the other transactions contemplated by the Business Combination Agreement (the Securitize Business Combination), CEPT Merger Sub and Securitize will become wholly-owned subsidiaries of Pubco and Pubco will become a publicly traded company, all upon the terms and subject to the conditions set forth in the Business Combination Agreement and in accordance with applicable law.

Contemporaneously with the execution of the Business Combination Agreement, the Company, Pubco and Securitize entered into subscription agreements (the PIPE Subscription Agreements) with certain investors (the PIPE Investors), pursuant to which the PIPE Investors agreed to purchase, in a private placement immediately prior to the CEPT Merger, 22,500,000 Class A ordinary shares (the PIPE Shares), at a purchase price of \$10.00 per share payable in cash, for an aggregate purchase price of \$225,000,000 (the PIPE Investment).

) PIPE Investors are permitted under the PIPE Subscription Agreements to satisfy their commitments thereunder through the purchase of Class A ordinary shares in the public market, subject to certain restrictions set forth therein.

Contemporaneously with the execution of the Business Combination Agreement, the Company, Pubco, Securitize and the Sponsor entered into the Sponsor Support Agreement, dated as of October 27, 2025 (the Sponsor Support Agreement), pursuant to which, among other things, the Sponsor agreed (i) to vote its Class A ordinary shares and Class B ordinary shares in favor of the Business Combination Agreement and the Securitize Business Combination and each of the other proposals to be presented to the Company's shareholders at the extraordinary general meeting of the Company's shareholders to be held in connection with the Securitize Business Combination, (ii) to vote its Class A ordinary shares and Class B ordinary shares against certain other transactions and matters, (iii) to waive the anti-dilution rights of the Class B ordinary shares set forth in the Amended and Restated Memorandum and Articles, (iv) to comply with the restrictions imposed by the letter agreement, dated as of May 2, 2025, by and among the Company, the Sponsor and the other parties thereto (the Insider Letter), including the restrictions on transferring and redeeming Class A ordinary shares and Class B ordinary shares in connection with the Securitize Business Combination, (v) to surrender, for no consideration, up to 30% of its Founder Shares (as defined in Note 4) immediately prior to, and conditioned upon, the consummation of the CEPT Merger (such number of surrendered Founder Shares to be determined pursuant to a formula taking into account the number of shares redeemed by Company shareholders in the Securitize Business Combination and the gross proceeds from the PIPE Investment exceeding \$100,000,000), (vi) that the shares of Pubco Common Stock received by the Sponsor in exchange for its Founder Shares (other than any surrendered shares) (any such remaining shares, the Post-Combination Founder Shares) will be subject to a six month lock-up, subject to early release, and (vii) to subject up to 30% of its Post-Combination Founder Shares to forfeiture and vesting based on an earn-out during the five year period after the Closing on the terms and conditions set forth in the Sponsor Support Agreement.

Certain of the Company's existing agreements will be amended or amended and restated in connection with the Securitize Business Combination.

For more information regarding the Securitize Business Combination, refer to the Company's filings with the SEC, including the Current Reports on Form 8-K filed by the Company with the SEC on October 28, 2025, October 30, 2025 and November 13, 2025, Pubco's Registration Statement on Form S-4 (File No. 333-293022) initially filed with the SEC on January 28, 2026 (as amended from time to time), and the other filings the Company and Pubco may make from time to time with the SEC.

Forward Sale Securities As described above, in connection with the Securitize Business Combination, pursuant to the PIPE Subscription Agreements, the PIPE Investors committed to purchase a certain number of Class A ordinary shares, at \$10.00 per share, in exchange for cash. The PIPE Investors also have the option to purchase the Class A ordinary shares in the public market at a price that is less than the redemption price, subject to certain restrictions set forth in the PIPE Subscription Agreements. The PIPE Shares are referred in the Company's unaudited condensed consolidated financial statements and the footnotes as the forward sale securities.

Failure to Consummate the Business Combination The Company has until May 5, 2027, or until such earlier liquidation date as the Company's board of directors may approve or such later date as the Company's shareholders may approve pursuant to the Amended and Restated Memorandum and Articles (the Combination Period)

), to consummate the Business Combination. If the Company is unable to complete the Business Combination by the end of the Combination Period, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to the Company to pay taxes, divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Shareholders' rights as shareholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining shareholders and the Company's board of directors, liquidate and dissolve, subject, in each case, to the Company's obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

The Sponsor and the Company's directors and officers have agreed to waive their liquidation rights from the Trust Account with respect to the Founder Shares and the Private Placement Shares held by them if the Company fails to complete the Business Combination within the Combination Period. However, if the Sponsor or any of the Company's directors and officers acquire Public Shares in or after the Initial Public Offering, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete the Business Combination within the Combination Period. In the event of such

distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be less than the initial redemption amount of \$10.15 per share (inclusive of \$0.15 per redeemed share to be funded pursuant to the Sponsor Note). In order to protect the amounts held in the Trust Account, the Sponsor has agreed to be liable to the Company if and to the extent any claims by a vendor for services rendered or products sold to the Company, or a prospective target business with which the Company has discussed entering into a transaction agreement, reduce the amount of funds in the Trust Account below \$10.15 per share (inclusive of \$0.15 per redeemed share to be funded pursuant to the Sponsor Note). This liability will not apply with respect to any claims by a third party who executed a waiver of any right, title, interest or claim of any kind in or to any monies held in the Trust Account or to any claims under the Company's indemnity of the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the

Securities Act

). Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third party claims. The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers (except for the Company's independent registered public accounting firm and the underwriters of the Initial Public Offering), prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

Liquidity and Capital Resources

As of both March 31, 2026 and December 31, 2025, the Company had \$25,000 of cash in its operating account. As of March 31, 2026 and December 31, 2025, the Company had a working capital deficit of approximately \$2,916,000 and approximately \$1,472,000, respectively. As of March 31, 2026 and December 31, 2025, approximately \$8,753,000 and approximately \$6,617,000, respectively, of the amount earned on funds held in the Trust Account was available to pay taxes, if any.

The Company's liquidity needs through March 31, 2026 have been satisfied through a contribution of \$25,000 from the Sponsor in exchange for the issuance of the Founder Shares, a loan of approximately \$160,000 from the Sponsor pursuant to a promissory note (the

Pre-IPO Note

), the proceeds from the sale of the Private

F-10

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Placement Shares not held in the Trust Account and the Sponsor Loan (as defined below). The Company fully repaid the Pre-IPO Note upon completion of the Initial Public Offering. In addition, in order to finance transaction costs in connection with the Business Combination, the Sponsor agreed to loan the Company up to \$1,750,000 to fund the Company's expenses relating to investigating and selecting a target business and other working capital requirements after the Initial Public Offering and prior to the Business Combination (the

Sponsor Loan

), of which approximately \$605,000 and approximately \$397,000 has been drawn by the Company as of March 31, 2026 and December 31, 2025, respectively. If the Sponsor Loan is insufficient, the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors may, but are not obligated to, provide the Company with Working Capital Loans (as defined in Note 4). As of both March 31, 2026 and December 31, 2025, the Company did not have any borrowings under the Working Capital Loans.

Based on the foregoing, management believes that the Company will have sufficient working capital and borrowing capacity from the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors, to meet its needs through the earlier of the consummation of the Business Combination or one year from this filing. Over this time period, the Company will be using these funds for paying existing accounts payable and consummating the Securitize Business Combination.

Basis of Presentation

The unaudited condensed consolidated financial statements are presented in U.S. dollars, in accordance with accounting principles generally accepted in the United States of America (

U.S. GAAP

) and pursuant to the rules and regulations of the SEC, and reflect all adjustments, consisting only of normal recurring adjustments, which are, in the opinion of management, necessary for a fair presentation of the financial position as of March 31, 2026 and the results of operations, comprehensive income (loss), and cash flows for the periods presented. Certain information and disclosures normally included in unaudited condensed consolidated financial statements prepared in accordance with U.S. GAAP have been omitted pursuant to such rules and regulations. Interim results are not necessarily indicative of results for a full year or any future period. The unaudited condensed consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements and notes thereto for the fiscal year ended December 31, 2025, included in the Company's Annual Report on Form 10-K filed by the Company with the SEC on March 6, 2026.

Principles of Consolidation

The unaudited condensed consolidated financial statements of the Company include its wholly-owned subsidiary. All intercompany accounts and transactions are eliminated in consolidation.

Going Concern

In connection with the Company's going concern considerations in accordance with guidance in ASC 205-40 Presentation of Financial Statements Going Concern, the Company has until May 5, 2027 to consummate the Business Combination. The Company's mandatory liquidation date, if the Business Combination is not consummated, raises substantial doubt about the Company's ability to continue as a going concern. These unaudited condensed consolidated financial statements do not include any adjustments related to the recovery of the recorded assets or the classification of the liabilities should the Company be unable to continue as a going concern. As discussed above, in the event of a mandatory liquidation, within ten business days, the Company will redeem the Public Shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to the Company to pay taxes, if any, and including \$0.15 per redeemed share to be funded pursuant to the Sponsor Note, divided by the number of then outstanding Public Shares. As of March 31, 2026 and December 31, 2025, the redemption value per Public Share was \$10.51 and \$10.43, respectively.

Emerging Growth Company

The Company is an

emerging growth company

, as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the JOBS Act

), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation

F-11

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard.

This may make comparison of the Company's unaudited condensed consolidated financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Note 2 Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. One of the more significant accounting estimates included in these consolidated financial statements is the determination of the fair value of the forward sale securities. Such estimates may be subject to change as more current information becomes available, and accordingly, the actual results could differ significantly from those estimates.

Cash and Cash Equivalents

The Company considers all short-term investments (if any) with an original maturity of three months or less when purchased to be cash equivalents. The Company had no cash equivalents in its operating account or the Trust Account as of both March 31, 2026 and December 31, 2025.

Available-for-Sale Debt Securities

The Company's investments held in the Trust Account as of both March 31, 2026 and December 31, 2025 comprised of a direct investment in U.S. government treasury bills.

The Company accounts for its investment in debt securities in accordance with the guidance in ASC 320, Investments Debt and Equity Securities. When the Company has the ability and positive intent to hold debt securities until maturity, such securities are classified as held-to-maturity and carried at amortized cost. None of the Company's debt securities met the criteria for held-to-maturity classification as of both March 31, 2026 and December 31, 2025. As the Company does not have the ability or positive intent to hold its debt securities until maturity, the securities are classified as available-for-sale. Unrealized gains and losses from available-for-sale debt securities carried at fair value are reported as a separate component of Accumulated other comprehensive income in shareholders' deficit. Interest income recognized on the unaudited condensed consolidated statements of operations reflects accretion of discount. Investments in debt securities are recorded on a trade-date basis.

F-12

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist of cash accounts in financial institutions which, at times, may exceed the Federal Deposit Insurance Corporation maximum coverage limit of \$250,000, and investments in the U.S. government debt securities held in the Trust Account. For both the three months ended March 31, 2026 and 2025, the Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Fair Value of Financial Instruments

Under ASC 820, Fair Value Measurement (

ASC 820

),

fair value

is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. The fair value of the Company's assets and liabilities, which qualify as financial instruments under ASC 820 approximates the carrying amounts

presented in the consolidated balance sheets, primarily due to their short-term nature, with the exception of the available-for-sale debt securities and forward sale securities.

Offering Costs Associated with the Initial Public Offering

Offering costs consisted of legal and other fees incurred in connection with the preparation for the Initial Public Offering. These costs amounted to approximately \$5,300,000 and were charged against the carrying value of the Public Shares upon the completion of the Initial Public Offering.

Forward Sale Securities

The Company accounts for the forward sale securities as either equity-classified or liability-classified instruments based on an assessment of the specific terms of the PIPE Subscription Agreements using applicable authoritative guidance in ASC 480, Distinguishing Liabilities from Equity (

ASC 480

) and ASC 815, Derivatives and Hedging (

ASC 815

). The assessment considers whether the forward sale securities are freestanding financial instruments pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and meet all of the requirements for equity classification under ASC 815, including whether the forward sale securities are indexed to the Company's own shares. This assessment, which requires the use of professional judgment, is conducted at the time of the execution of the PIPE Subscription Agreements and as of each subsequent quarterly period-end date while the forward sale securities are outstanding. The forward sale securities that do not meet all the criteria for equity classification are required to be recorded at their initial fair value at the time of the execution of the PIPE Subscription Agreements and on each balance sheet date thereafter. Changes in the estimated fair value of the forward sale securities are recognized on the unaudited condensed consolidated statements of operations in the period of the change.

The Company accounts for the forward sale securities in accordance with guidance in ASC 815-40, Derivatives and Hedging Contracts in Entity's Own Equity, pursuant to which the forward sale securities do not meet the criteria for equity classification and must be recorded as liabilities or assets. See Note 8 for further discussion of the methodology used to determine the fair value of the forward sale securities.

Class A Ordinary Shares Subject to Possible Redemption

The Company accounts for its Class A ordinary shares subject to possible redemption in accordance with the guidance in ASC 480. Class A ordinary shares subject to mandatory redemption (if any) are classified as liability instruments and measured at fair value. Conditionally redeemable Class A ordinary shares (including Class A ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) are classified as temporary equity. At all other times, Class A ordinary shares are classified as shareholders' equity. All of the Public Shares feature certain redemption rights that are considered to be outside of the Company's control and subject to the occurrence of uncertain future events. Accordingly, as of both March 31, 2026 and December 31, 2025, 24,000,000 Class A ordinary shares subject to possible redemption are presented as temporary equity outside of the shareholders' deficit section of the Company's consolidated balance sheets. The Company recognizes any subsequent changes in redemption value immediately as they occur and adjusts the carrying value of redeemable Class A ordinary shares to the redemption value at the end of each reporting period. Immediately upon the closing of the Initial Public Offering, the Company recognized the accretion from initial book value to redemption amount value of redeemable Class A

F-13

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

ordinary shares. This method would view the end of the reporting period as if it were also the redemption date for the security. The change in the carrying value of redeemable Class A ordinary shares also resulted in charges against Additional paid-in capital and Accumulated deficit.

As of March 31, 2026 and December 31, 2025, the Class A ordinary shares subject to possible redemption, as presented in the accompanying consolidated balance sheets, are reconciled in the following table:

Gross proceeds	\$	240,000,000

Issuance costs allocated to Class A ordinary shares subject to possible redemption		(5,302,338)	
Plus:

Class A ordinary shares subject to possible redemption, March 31, 2026	\$	252,353,188	
Net Income (Loss) Per Ordinary Share			

The Company complies with the accounting and disclosure requirements of ASC 260, Earnings Per Share. Net income (loss) per ordinary share is computed by dividing net income (loss) applicable to shareholders by the weighted average number of ordinary shares outstanding for the applicable periods. The Company applies the two-class method in calculating earnings per share and allocates net income (loss) pro rata to Class A ordinary shares subject to possible redemption, nonredeemable Class A ordinary shares and Class B ordinary shares. Accretion associated with the redeemable Class A ordinary shares is excluded from earnings per share as the redemption value is not in excess of the fair value.

The following table reflects the calculation of basic and diluted net income (loss) per ordinary share:

For the Three Months Ended March 31, 2026				For the Three Months Ended March 31, 2025			
Class A Public shares	Class A Private placement shares	Class B Ordinary shares		Class B Ordinary shares	Class A Public shares	Class A

6,000,000						
Basic and diluted net income (loss) per ordinary share	\$	0.08	\$	0.08	\$	0.08
Income Taxes	\$		\$		\$	(0.00)

Income taxes are accounted for using the asset and liability method as prescribed under ASC 740, Income Taxes (ASC 740)

). Deferred tax assets and liabilities are recognized for the future tax consequences attributable to basis differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis.

ASC 740 prescribes a recognition threshold that a tax position is required to meet before being recognized in the financial statements. The Company provides for uncertain tax positions, based upon management's assessment of whether a tax benefit is more likely than not to be sustained upon examination by tax authorities. Management

F-14

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

is required to determine whether a tax position is more likely than not to be sustained upon examination by tax authorities, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Because significant assumptions are used in determining whether a tax benefit is more likely than not to be sustained upon examination by tax authorities, actual results may differ from management's estimates under different assumptions or conditions.

The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. As of both March 31, 2026 and December 31, 2025, the Company has not recorded any amounts related to uncertain tax positions.

The Company is considered an exempted Cayman Islands company and is presently not subject to income taxes or income tax filing requirements in the Cayman Islands or the United States. As such, the Company recorded no income tax provision for the periods presented.

Segment Reporting

The Company has one reportable segment. See Note 9 Segment Information for additional information.

Recently Adopted Accounting Pronouncements

In November 2023, the FASB issued Accounting Standards Update (ASU

ASU

) No. 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures. The guidance was issued in response to requests from investors for companies to disclose more information about their financial performance at the segment level. The ASU does not change how a public entity identifies its operating segments, aggregates them or applies the quantitative thresholds to determine its reportable segments. The standard requires a public entity to disclose significant segment expenses and other segment items on an annual and interim basis, and to provide in interim periods all disclosures about a reportable segment's profit or loss and assets that were previously required annually. Public entities with a single reportable segment are required to provide the new disclosures and all the disclosures previously required under ASC 280. The Company adopted the standard on the required effective date for the financial statements issued for the annual reporting periods beginning on January 1, 2024 and applies the guidance for the interim periods beginning on January 1, 2025. The adoption of the new guidance did not have an impact on the Company's consolidated financial statements.

In December 2023, the FASB issued ASU No. 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The standard improves the transparency of income tax disclosures by requiring consistent categories and greater disaggregation of information in the rate reconciliation and income taxes paid disaggregated by jurisdiction. The ASU also includes certain other amendments to improve the effectiveness of income tax disclosures. The Company adopted the standard on the required effective date for the Company's consolidated financial statements issued for annual reporting periods beginning on January 1, 2025. The adoption of this guidance did not have a material impact on the footnotes to the Company's consolidated financial statements and had no impact on the Company's consolidated financial statements.

In March 2024, the FASB issued ASU No. 2024-02, Codification Improvements Amendments to Remove References to the Concepts Statements. The Conceptual Framework establishes concepts that the FASB considers in developing standards. The ASU was issued to remove references to the Conceptual Framework in the Codification. The FASB noted that references to the Concepts Statements in the Codification could have implied that the Concepts Statements are authoritative. Also, some of the references removed were to Concepts Statements that are superseded. The Company adopted the standard on the required effective date beginning on January 1, 2025 using a prospective transition method for all new transactions recognized on or after the effective date. The adoption of this guidance did not have a material impact on the Company's consolidated financial statements.

New Accounting Pronouncements

In November 2024, the FASB issued ASU No. 2024-03, Income Statement Reporting Comprehensive Income Expense Disaggregation Disclosures (Subtopic 220-40):

Disaggregation of Income Statement Expenses. The standard improves financial reporting and responds to investor input that additional expense detail is fundamental to understanding the performance of an entity, assessing its prospects for future cash flows, and comparing its performance over time and with that of other entities. The new guidance requires public business

F-15

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

entities to disclose in the notes to financial statements specified information about certain costs and expenses at each interim and annual reporting period. Specified expenses, gains or losses that are already disclosed under existing U.S. GAAP will be required by the ASU to be included in the disaggregated income statement expense line item disclosures, and any remaining amounts will need to be described qualitatively. The new guidance will become effective for the Company's consolidated financial statements issued for annual reporting periods beginning on January 1, 2027 and interim reporting periods beginning on January 1, 2028, will require either prospective or retrospective presentation, and early adoption is permitted. Management is currently evaluating the impact of the new standard on the Company's unaudited condensed consolidated financial statements.

In May 2025, the FASB issued ASU No. 2025-03, Business Combinations (Topic 805) and Consolidation (Topic 810): Determining the Accounting Acquirer in the Acquisition of a Variable Interest Entity. The standard revises current guidance for determining the accounting acquirer for a transaction effected primarily by exchanging equity interests in which the legal acquiree is a variable interest entity (

VIE

) that meets the definition of a business. The amendments differ from current U.S. GAAP because, for certain transactions, they replace the requirement that the primary beneficiary of a VIE is always the acquirer with an assessment that requires an entity to consider the factors to determine which entity is the accounting acquirer. Under the amendments, acquisition transactions in which the legal acquiree is a VIE will, in more instances, result in the same accounting outcomes as economically similar transactions in which the legal acquiree is a voting interest entity. The ASU does not change the accounting for a transaction determined to be a reverse acquisition or a transaction in which the legal acquirer is not a business and is determined to be the accounting acquiree. The new guidance will become effective for interim and annual reporting periods beginning on January 1, 2027, will require a prospective transition method for business combinations that occur after the initial adoption date, and early adoption is permitted. Management is currently evaluating the impact of the new standard on the Company's unaudited condensed consolidated financial statements.

In December 2025, the FASB issued ASU No. 2025-11, Interim Reporting (Topic 270): Narrow-Scope Improvements. The guidance clarifies the current interim disclosure requirements and their applicability. The ASU is intended to address feedback from stakeholders that the current guidance is difficult to navigate. The amendments do not change the fundamental nature or expand or reduce the disclosure requirements of interim reporting. The ASU creates a comprehensive list of interim disclosures required under U.S. GAAP and incorporates a disclosure principle that requires disclosures at interim periods when an event or change that has a material effect on an entity has occurred since the previous year end. The new guidance will become effective for the Company beginning on January 1, 2028, can be adopted using either a prospective or retrospective method, and early adoption is permitted. Management is currently evaluating the impact of the new standard on the Company's unaudited condensed consolidated financial statements.

In December 2025, the FASB issued ASU No. 2025-12, Codification Improvements. The guidance clarifies, corrects errors in or makes other improvements to a variety of topics in the Codification that are intended to make it easier to understand and apply. The amendments apply to all reporting entities in the scope of the affected accounting guidance. The new guidance will become effective for the Company beginning on January 1, 2027, can be adopted using either a prospective or retrospective method, and early adoption is permitted. Management is currently evaluating the impact of the new standard on the Company's unaudited condensed consolidated financial statements.

SEC Rule on Climate-Related Disclosures

In March 2024, the SEC adopted final rules relating to The Enhancement and Standardization of Climate-Related Disclosures for Investors, that would require registrants to provide climate-related disclosures in a note to their audited financial statements. The disclosures under the final rules would include certain effects of severe weather events and other natural conditions, including the aggregate amounts and where in the financial statements they are presented. If carbon offsets or renewable energy credits or certificates (

RECs

) are deemed a material component of the registrant's plans to achieve its disclosed climate-related targets, registrants would be required to disclose information about the offsets and RECs. Registrants would also be required to disclose whether and how (1) exposures to risks and uncertainties associated with, or known impacts from, severe weather events and other natural conditions and (2) any disclosed climate-related targets or transition plans materially impacted the estimates and assumptions used in preparing the financial statements. Finally, registrants would be required to disclose additional contextual information about the above disclosures, including how each financial statement effect was derived and the accounting policy decisions made to calculate the effects, for the most recently completed fiscal year and, if previously disclosed or required to be disclosed, for the historical fiscal year for which audited

financial statements are included in the filing. In April 2024, the SEC released an order staying the rules pending judicial review of all of the petitions challenging the rules and in March 2025, the SEC voted to end its defense of the rules. Absent these developments, the rules would have been effective for the Company upon its registration under the Exchange Act on May 1, 2025 and phased in starting in 2027. Management is continuing to monitor the developments pertaining to the rules and any resulting potential impacts on the Company's unaudited condensed consolidated financial statements.

The Company's management does not believe that any other recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's unaudited condensed consolidated financial statements.

Note 3 Initial Public Offering

Founder Shares

). The Class B ordinary shares will automatically convert into nonredeemable Class A ordinary shares in connection with the consummation of the Business Combination, as described in Note 5, and are subject to certain transfer restrictions, as described in Note 7. Further, pursuant to the Sponsor Support Agreement, solely in connection with the Securitize Business Combination, subject to and conditioned upon the Closing, the Sponsor agreed to surrender, for no consideration, up to 30% of its Founder Shares immediately prior to the consummation of the CEPT Merger.

Pursuant to the Sponsor Support Agreement, in connection with the Closing, the Company, Pubco and the Sponsor will enter into an amendment to the transfer restrictions set forth above so that the shares of Pubco Common Stock received by the Sponsor in exchange for its Founder Shares (other than any surrendered shares) will be subject to a six month lock-up, subject to early release.

Simultaneously with the closing of the Initial Public Offering, the Sponsor purchased 580,000 Private Placement Shares at a price of \$10.00 per share (\$5,800,000 in the aggregate) in the Private Placement. The net proceeds from the Private Placement were added to the net proceeds from the Initial Public Offering held in the Trust Account. The Sponsor has agreed to waive its redemption rights with respect to the Private Placement Shares in connection with the completion of the Business Combination or otherwise. The Sponsor and the Company's officers and directors have agreed, subject to limited exceptions, not to transfer, assign or sell any of their Private Placement Shares until 30 days after the completion of the Business Combination.

If the Company is unable to consummate the Business Combination, the Company may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. As of both March 31, 2026 and December 31, 2025, the Company had no borrowings under the Working Capital Loans.

The Sponsor Note does not bear interest and is repayable by the Company to the Sponsor upon consummation of the Business Combination; provided that, at any time beginning 60 days after the date of the Initial Public Offering, at the Sponsor's option, all or any portion of the amount outstanding under the Sponsor Note may be converted into Class A ordinary shares at a conversion price of \$10.00 per share. Independent Directors Compensation

Commencing on May 1, 2025, the Company compensates its independent directors through cash payments for their services on the Company's board of directors. As a result, during the three months ended March 31, 2026 and 2025, the Company recognized \$25,000 and \$0, respectively, of compensation expense on its unaudited condensed consolidated statements of operations. The corresponding accrued compensation payable recognized on the Company's consolidated balance sheets was \$25,000 as of both March 31, 2026 and December 31, 2025.

Risks and Uncertainties

The Company's results of operations and its ability to complete the Business Combination may be adversely affected by various factors that could cause economic uncertainty and volatility in the financial markets, many of which are beyond the Company's control. The Company's results of operations and its ability to consummate the Business Combination could be impacted by, among other things, downturns in the financial markets or in economic conditions, fluctuations in interest rates, and geopolitical instability, such as the military conflicts in Ukraine and the Middle East. Management continues to evaluate the impact of these factors and has concluded that while it is reasonably possible that these factors could have an effect on the Company's financial position, results of its operations and completion of the Business Combination, the specific impact is not readily determinable as of the date of the unaudited condensed consolidated financial statements. The unaudited condensed consolidated financial statements do not include any adjustments that might result from the outcome of these uncertainties.

The Company did not have any sales of its available-for-sale debt securities during the three months ended March 31, 2026.

Note 7 Shareholders' Deficit

Class A Ordinary Shares The Company is authorized to issue 500,000,000 Class A ordinary shares with a par value of \$0.0001 per share. As of both March 31, 2026 and December 31, 2025, there were 580,000 Class A ordinary shares issued and outstanding, excluding 24,000,000 Class A ordinary shares subject to possible redemption.

F-20

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Class B Ordinary Shares The Company is authorized to issue 50,000,000 Class B ordinary shares with a par value of \$0.0001 per share. Holders of Class B ordinary shares are entitled to one vote for each share. In November 2020, the Company issued 14,375,000 Class B ordinary shares to the Sponsor. On June 6, 2024, the Sponsor surrendered, for no consideration, 9,375,000 Class B ordinary shares, which the Company cancelled, resulting in a decrease in the total number of Class B ordinary shares outstanding from 14,375,000 shares to 5,000,000 shares. On May 1, 2025, the Company issued 1,000,000 Class B ordinary shares to the Sponsor in a share capitalization, resulting in an increase in the total number of Class B ordinary shares outstanding from 5,000,000 shares to 6,000,000 shares. Information contained in the unaudited condensed consolidated financial statements has been retroactively adjusted for the surrender and cancellation and capitalization. As of both March 31, 2026 and December 31, 2025, there were 6,000,000 Class B ordinary shares issued and outstanding.

Prior to the consummation of the Business Combination, only holders of Class B ordinary shares will have the right to vote on the appointment and removal of directors and be entitled to vote on continuing the Company in a jurisdiction outside the Cayman Islands (including any special resolution required to adopt new constitutional documents as a result of the Company approving a transfer by way of continuation to a jurisdiction outside the Cayman Islands). Other than as described above, holders of Class A ordinary shares and Class B ordinary shares will vote together as a single class on all other matters submitted to a vote of shareholders except as required by law.

The Class B ordinary shares will automatically convert into nonredeemable Class A ordinary shares in connection with the consummation of the Business Combination or at any time and from time to time at the option of the holder thereof, on a one-for-one basis, subject to adjustment. Class A ordinary shares issued in connection with the conversion of Class B ordinary shares issued prior to the consummation of the Business Combination are subject to the same restrictions as applied to Class B ordinary shares prior to such conversion, including, among other things, certain transfer restrictions, waiver of redemption rights and the obligation to vote in favor of a Business Combination.

In the case that additional Class A ordinary shares, or equity-linked securities, are issued or deemed issued in excess of the amounts sold in the Initial Public Offering and related to the closing of the Business Combination, the ratio at which Class B ordinary shares shall convert into Class A ordinary shares will be adjusted (unless the holders of a majority of the outstanding Class B ordinary shares agree to waive such adjustment with respect to any such issuance or deemed issuance) so that the number of Class A ordinary shares issuable upon conversion of all Class B ordinary shares will equal, in the aggregate, on an as-converted basis, 20% of the sum of the total number of all ordinary shares issued and outstanding upon the completion of the Initial Public Offering plus all Class A ordinary shares and equity-linked securities issued or deemed issued in connection with the Business Combination (excluding any shares or equity-linked securities issued, or to be issued, to any seller in the Business Combination).

Preference Shares The Company is authorized to issue 5,000,000 preference shares with a par value of \$0.0001 per share, with such designations, voting and other rights and preferences as may be determined from time to time by the Company's board of directors. As of both March 31, 2026 and December 31, 2025, there were no preference shares issued or outstanding.

Note 8 Fair Value Measurement on a Recurring Basis

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs to valuation techniques used in measuring fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest

priority to unobservable inputs (Level 3 measurements). These three levels of the fair value hierarchy are:

- " Level 1 measurements unadjusted observable inputs such as quoted prices for identical instruments in active markets;
- " Level 2 measurements inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and

F-21

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

" Level 3 measurements unobservable inputs for which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

The following tables present information about the Company's assets and liabilities that are measured at fair value on a recurring basis as of March 31, 2026 and December 31, 2025, and indicate the fair value hierarchy of the inputs that the Company utilized to determine such fair value.

As of both March 31, 2026 and December 31, 2025, Level 1 assets include a direct investment in the U.S. government treasury bills classified as available-for-sale debt securities. The Company uses inputs such as actual trade data, benchmark yields, quoted market prices from dealers or brokers, and other similar sources to determine the fair value of its investments.

Forward Sale Securities

The forward sale securities to be issued under the PIPE Subscription Agreements were valued using an adjusted net assets method, which is considered to be a Level 3 fair value measurement. Under the adjusted net assets method utilized, the aggregate purchase price of \$225,000,000 pursuant to the PIPE Subscription Agreements is discounted to present value and compared to the fair value of the Class A ordinary shares to be issued pursuant to the PIPE Subscription Agreements. The fair value of the Class A ordinary shares to be issued under the PIPE Subscription Agreements is based on the trading price of the Public Shares. The excess (liability) or deficit (asset) of the fair value of the Class A ordinary shares to be issued compared to the \$225,000,000 purchase price is then adjusted by the probability, which is determined based on observed success rates of business combinations for third-party special purpose acquisition companies. The probability is the primary unobservable input utilized in

F-22

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

determining the fair value of the forward sale securities. Significant changes in this unobservable input may result in significantly lower or higher fair value measurement. As of March 31, 2026 and December 31, 2025, the probability used to derive the fair value of the forward sale securities liability was approximately 10.6% and approximately 12.8%, respectively.

The following table presents the change in the fair value of the forward sale securities liability for the three months ended March 31, 2026:

Note 9 Segment Information

The Company has not yet commenced operations, thus all activity for the three months ended March 31, 2026 and 2025 relates to the Company's formation, the Initial Public Offering, and the Company's efforts toward locating and completing a suitable Business Combination. The Company has identified its Chairman and Chief Executive Officer as the chief operating decision maker (the

CODM

). The Company consists of one reportable segment, because the resource allocation and assessment of performance of the entity's business activities by the CODM are performed using the entity-wide operating results. The net income (loss) is the measure of segment profit (loss) most consistent with U.S. GAAP that is regularly reviewed by the CODM to allocate resources and assess financial performance. When evaluating the Company's performance and making key decisions regarding resource allocation, the CODM also reviews interest income and general and administrative expenses included in the net income (loss). The CODM reviews interest income on investments held in the Trust Account to measure and monitor shareholder value and determine the most effective strategy for investing the Trust Account funds while maintaining compliance with the terms of the trust agreement. In addition, the CODM reviews and monitors general and administrative expenses to manage and forecast cash to ensure enough capital is available to complete a Business Combination within the Combination Period and to ensure expenses are aligned with the underlying contractual agreements.

The Company does not have operating income and therefore, it does not have any operating revenues. The Company will not generate any operating revenues until after the completion of the Business Combination, at the earliest. During the three months ended March 31, 2026 and 2025, the Company earned approximately \$2,252,000 and \$0, respectively, of interest income on investments held in the Trust Account. The Company's significant segment expenses were general and administrative expenses, which were approximately \$1,451,000 and approximately \$27,000 for the three months ended March 31, 2026 and 2025, respectively. The other segment expenses were administrative expenses incurred pursuant to the administrative services agreement with the Sponsor, which amounted to \$30,000 and \$0 for the three months ended March 31, 2026 and 2025, respectively. The other segment income was the gain from the change in fair value of the forward sale securities, which amounted to approximately \$1,625,000 and \$0 for the three months ended March 31, 2026 and 2025, respectively. Refer to the Company's unaudited condensed consolidated statements of operations for additional information.

CANTOR EQUITY PARTNERS II, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1 Description of Organization, Business Operations and Basis of Presentation

Cantor Equity Partners II, Inc. (the Company

) was incorporated on November 11, 2020 as a Cayman Islands exempted company for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses (the Business Combination).

Although the Company is not limited in its search for target businesses to a particular industry or sector for the purpose of consummating the Business Combination, the Company intends to focus its search on companies operating in the financial services, digital assets, healthcare, real estate services, technology and software industries. The Company is an early stage and emerging growth company and, as such, the Company is subject to all of the risks associated with early stage and emerging growth companies.

As of December 31, 2025, the Company had not commenced operations. All activity through December 31, 2025 relates to the Company's formation, the initial public offering (the

Initial Public Offering

) described below, and the Company's efforts toward locating and completing a suitable Business Combination. The Company will not generate any operating revenues until after the completion of the Business Combination, at the earliest. During the year ended December 31, 2025, the Company used the net proceeds derived from the Initial Public Offering and the Private Placement (as defined below) to generate non-operating income in the form of interest income from direct investments in U.S. government debt securities. During the year ended December 31, 2025, the Company also recognized changes in the fair value of the forward sale securities (as further described below) as other loss.

The Company's sponsor is Cantor EP Holdings II, LLC (the Sponsor

). The registration statements for the Initial Public Offering were declared effective on May 1, 2025. On May 5, 2025, the Company consummated the Initial Public Offering of 24,000,000 Class A ordinary shares, par value \$0.0001 per share (Class A ordinary shares

and such Class A ordinary shares issued in the Initial Public Offering, the Public Shares

) at a purchase price of \$10.00 per share, generating gross proceeds of \$240,000,000, as described in Note 3.

Simultaneously with the closing of the Initial Public Offering, the Company consummated the sale of 580,000 Class A ordinary shares (the Private Placement Shares

) to the Sponsor at a price of \$10.00 per share in a private placement (the Private Placement

), generating gross proceeds of \$5,800,000, as described in Note 4.

The net proceeds of the Private Placement were deposited into the Trust Account (as defined below) and will be used to fund the redemption of the Public Shares subject to the requirements of applicable law (see Note 4).

Offering costs amounted to approximately \$5,300,000, consisting of \$4,900,000 of underwriting fees and approximately \$400,000 of other costs.

Following the closing of the Initial Public Offering and the Private Placement on May 5, 2025, an amount of \$240,000,000 (\$10.00 per Public Share) from the net proceeds of the sale of the Public Shares and the Private Placement Shares (see Note 4) was placed in a trust account (the

Trust Account

) located in the United States with Continental Stock Transfer & Trust Company (Continental

) acting as trustee. The funds in the Trust Account were initially held in an account at J.P. Morgan Chase Bank, N.A., and on May 6, 2025, were transferred to an account at CF Secured, LLC (

CF Secured

), an affiliate of the Sponsor. The Trust Account may be invested only in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act of 1940, as amended (the

Investment Company Act

), with a maturity of 185 days or less or in any open-ended investment company that holds itself out as a money market fund selected by the Company meeting the conditions of paragraphs (d)(2), (d)(3) and (d)(4) of Rule 2a-7 of the Investment Company Act, or held as cash or cash items (including in demand deposit accounts) at a bank, as determined by the Company, until the earlier of: (i) the completion of the Business Combination or (ii) the distribution of the Trust Account, as described below.

Business Combination The Company's management has broad discretion with respect to the specific application of the net proceeds of the Initial Public Offering and the Private Placement, although substantially all of the net proceeds are intended to be applied generally toward consummating the Business Combination. There is no assurance that the Company will be able to complete the Business Combination successfully. The Company must complete one or more Business Combinations having an aggregate fair market value of at least 80% of the assets held in the

F-30

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

Trust Account (excluding taxes payable on income earned on the Trust Account) at the time of the agreement to enter into the Business Combination. However, the Company will only complete the Business Combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act.

The Company will provide the holders of the Public Shares (the Public Shareholders

) with the opportunity to redeem all or a portion of their Public Shares upon the completion of the Business Combination either (i) in connection with a shareholders meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek shareholder approval of the Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The Public Shareholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account (which, as of December 31, 2025, was \$10.43 per Public Share, inclusive of \$0.15 per redeemed share to be funded pursuant to the Sponsor Note (as defined below) in the applicable Redemption Event (as defined below)). The Public Shares are recorded at a redemption value and classified as temporary equity in accordance with the Financial Accounting Standards Board's (

FASB

) Accounting Standards Codification (

ASC

) 480, Distinguishing Liabilities from Equity (

ASC 480

). In such case, the Company will proceed with the Business Combination if a majority of the shares voted are voted in favor of the Business Combination. If a shareholder vote is not required by law and the Company does not decide to hold a shareholder vote for business or other legal reasons, the Company will, pursuant to its amended and restated memorandum and articles of association (as may be amended, the

Amended and Restated Memorandum and Articles

), conduct the redemptions pursuant to the tender offer rules of the U.S. Securities and Exchange Commission (the

SEC

) and file tender offer documents with the SEC prior to completing the Business Combination. If, however, shareholder approval of the Business Combination is required by law, or the Company decides to obtain shareholder approval for business or legal reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. Additionally, each Public Shareholder may elect to redeem their Public Shares irrespective of whether they vote for or against the Business Combination, or if they vote at all. If the Company seeks shareholder approval in connection with the Business Combination, the Sponsor and the Company's directors and officers have agreed to vote their Founder Shares (as defined in Note 4), their Private Placement Shares and any Public Shares purchased during or after the Initial Public Offering in favor of the Business Combination (except that any Public Shares such parties may purchase in compliance with the requirements of Rule 14e-5 under the Securities Exchange Act of 1934, as amended (the Exchange Act

), would not be voted in favor of approving the Business Combination). In addition, the Sponsor and the Company's directors and officers have agreed to waive their redemption rights with respect to their Founder Shares, Private Placement Shares and any Public Shares held by them in connection with the completion of the Business Combination.

Notwithstanding the foregoing, the Amended and Restated Memorandum and Articles provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a group

(as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than an aggregate of 15% or more of the Public Shares, without the prior consent of the Company.

The Sponsor and the Company's officers and directors have agreed not to propose an amendment to the Amended and Restated Memorandum and Articles (i) that would affect the substance or timing of the Company's obligation to allow redemption in connection with the Business Combination or to redeem 100% of the Public Shares if the Company does not complete the Business Combination or (ii) with respect to any other provision relating to shareholders' rights or pre-business combination activity, unless the Company provides the Public Shareholders with the opportunity to redeem their Public Shares in conjunction with any such amendment.

Business Combination Agreement On October 27, 2025, the Company entered into a business combination agreement (the Business Combination Agreement

), with Securitize, Inc., a Delaware corporation (Securitize

), Securitize Holdings, Inc., a Delaware corporation (Pubco

), Pinecrest Merger Sub, a Cayman Islands exempted company and a wholly-owned subsidiary of Pubco (CEPT Merger Sub

), and Senna Merger Sub, Inc., a Delaware corporation and a wholly-owned subsidiary of the Company (Securitize Merger Sub

).

Pursuant to the Business Combination Agreement, and subject to the terms and conditions set forth therein, upon the consummation of the transactions contemplated thereby (the

Closing

and the date of the Closing, the

Closing Date

), (a) the Company will merge with and into CEPT Merger Sub, with CEPT Merger Sub continuing as the surviving entity (the CEPT Merger

), in accordance with which (i) the Company's shareholders holding Class B ordinary shares will receive one Class A ordinary share in exchange for each Class B ordinary share held by such shareholder immediately prior to the CEPT Merger (other than certain Class B ordinary shares surrendered by the Sponsor) and (ii) immediately thereafter, each Class A ordinary share will be cancelled and cease to exist, in exchange for the right of Company shareholders holding Class A ordinary shares to receive one share of common stock, par value \$0.0001 per share, of Pubco (

Pubco Common Stock

), for each Class A ordinary share held by such shareholder at the time of the CEPT Merger (other than any Public Shares which are the subject of valid redemption requests and any treasury shares), and (b) at least two hours after the CEPT Merger, Securitize Merger Sub will merge with and into Securitize, with Securitize continuing as the surviving entity (the

Securitize Merger

and, together with the CEPT Merger, the

Mergers

), in accordance with which the holders (the

Securitize Stockholders

) of common stock of Securitize (

Securitize Common Stock

) will receive a number of shares of Pubco Common Stock in exchange for their shares of Securitize Common Stock as determined in accordance with the Business Combination Agreement. As a result of the Mergers and the other transactions contemplated by the Business Combination Agreement (the

Securitize Business Combination

), CEPT Merger Sub and Securitize will become wholly-owned subsidiaries of Pubco and Pubco will become a publicly traded company, all upon the terms and subject to the conditions set forth in the Business Combination Agreement and in accordance with applicable law.

Contemporaneously with the execution of the Business Combination Agreement, the Company, Pubco and Securitize entered into subscription agreements (the PIPE Subscription Agreements) with certain investors (the PIPE Investors), pursuant to which the PIPE Investors agreed to purchase, in a private placement immediately prior to the CEPT Merger, 22,500,000 Class A ordinary shares (the PIPE Shares), at a purchase price of \$10.00 per share payable in cash, for an aggregate purchase price of \$225,000,000 (the PIPE Investment).

PIPE Investors are permitted under the PIPE Subscription Agreements to satisfy their commitments thereunder through the purchase of Class A ordinary shares in the public market, subject to certain restrictions set forth therein.

Contemporaneously with the execution of the Business Combination Agreement, the Company, Pubco, Securitize and the Sponsor entered into the Sponsor Support Agreement, dated as of October 27, 2025 (the Sponsor Support Agreement), pursuant to which, among other things, the Sponsor agreed (i) to vote its Class A ordinary shares and Class B ordinary shares in favor of the Business Combination Agreement and the Securitize Business Combination and each of the other proposals to be presented to the Company's shareholders at the extraordinary general meeting of the Company's shareholders to be held in connection with the Securitize Business Combination, (ii) to vote its Class A ordinary shares and Class B ordinary shares against certain other transactions and matters, (iii) to waive the anti-dilution rights of the Class B ordinary shares set forth in the Amended and Restated Memorandum and Articles, (iv) to comply with the restrictions imposed by the letter agreement, dated as of May 2, 2025, by and among the Company, the Sponsor and the other parties thereto (the Insider Letter), including the restrictions on transferring and redeeming Class A ordinary shares and Class B ordinary shares in connection with the Securitize Business Combination, (v) to surrender, for no consideration, up to 30% of its Class B ordinary shares immediately prior to, and conditioned upon, the consummation of the CEPT Merger (such number of surrendered Class B ordinary shares to be determined pursuant to a formula taking into account the number of shares redeemed by Company shareholders in the Securitize Business Combination and the gross proceeds from the PIPE Investment exceeding \$100,000,000), (vi) that the shares of Pubco Common Stock received by the Sponsor in exchange for its Class B ordinary shares (other than any surrendered shares) (any such remaining shares, the Post-Combination Founder Shares) will be subject to a six month lock-up, subject to early release, and (vii) to subject up to 30% of its Post-Combination Founder Shares to forfeiture and vesting based on an earn-out during the five year period after the Closing on the terms and conditions set forth in the Sponsor Support Agreement.

Certain of the Company's existing agreements will be amended or amended and restated in connection with the Securitize Business Combination.

For more information regarding the Securitize Business Combination, refer to the Company's filings with the SEC, including the Current Reports on Form 8-K filed by the Company with the SEC on October 28, 2025, October 30, 2025 and November 13, 2025, Pubco's Registration Statement on Form S-4 (File No. 333-293022) initially filed with the SEC on January 28, 2026 (as amended from time to time), and the other filings the Company and Pubco may make from time to time with the SEC.

Forward Sale Securities As described above, in connection with the Securitize Business Combination, pursuant to the PIPE Subscription Agreements, the PIPE Investors committed to purchase a certain number of Class A ordinary shares, at \$10.00 per share, in exchange for cash. The PIPE Investors also have the option to purchase the Class A ordinary shares in the public market at a price that is less than the redemption price, subject to certain restrictions set forth in the PIPE Subscription Agreements. The PIPE Shares are referred in the Company's consolidated financial statements and the footnotes as the forward sale securities.

Failure to Consummate the Business Combination The Company has until May 5, 2027, or until such earlier liquidation date as the Company's board of directors may approve or such later date as the Company's shareholders may approve pursuant to the Amended and Restated Memorandum and Articles (the Combination Period)

, to consummate the Business Combination. If the Company is unable to complete the Business Combination by the end of the Combination Period, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to the Company to pay taxes, divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Shareholders' rights as shareholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining shareholders and the Company's board of directors, liquidate and dissolve, subject, in each case, to the Company's obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

The Sponsor and the Company's directors and officers have agreed to waive their liquidation rights from the Trust Account with respect to the Founder Shares and the Private Placement Shares held by them if the Company fails to complete the Business Combination within the Combination Period. However, if the Sponsor or any of the Company's directors and officers acquire Public Shares in or after the Initial Public Offering, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete the Business Combination within the Combination Period. In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be less than \$10.15 per share (inclusive of \$0.15 per redeemed share to be funded pursuant to the Sponsor Note) initially held in the Trust Account. In order to protect the amounts held in the Trust Account, the Sponsor has agreed to be liable to the Company if and to the extent any claims by a vendor for services rendered or products sold to the Company, or a prospective target business with which the Company has discussed entering into a transaction agreement, reduce the amount of funds in the Trust Account below \$10.15 per share. This liability will not apply with respect to any claims by a third party who executed a waiver of any right, title, interest or claim of any kind in or to any monies held in the Trust Account or to any claims under the Company's indemnity of the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the

Securities Act

). Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third party claims. The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers (except for the Company's independent registered public accounting firm and the underwriters of the Initial Public Offering), prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

Liquidity and Capital Resources

As of December 31, 2025 and 2024, the Company had \$25,000 and \$0, respectively, of cash in its operating account. As of December 31, 2025 and 2024, the Company had a working capital deficit of approximately \$1,472,000 and approximately \$174,000, respectively. As of December 31, 2025 and 2024, approximately \$6,617,000 and \$0, respectively, of the amount earned on funds held in the Trust Account was available to pay taxes, if any.

The Company's liquidity needs through December 31, 2025 have been satisfied through a contribution of \$25,000 from the Sponsor in exchange for the issuance of the Founder Shares, a loan of approximately \$160,000 from the Sponsor pursuant to a promissory note (the

Pre-IPO Note

), the proceeds from the sale of the Private Placement Shares not held in the Trust Account and the Sponsor Loan (as defined below). The Company fully repaid the Pre-IPO Note upon completion of the Initial Public Offering. In addition, in order to finance transaction costs in connection with the Business Combination, the Sponsor agreed to loan the Company up to \$1,750,000 to fund the Company's expenses

F-33

relating to investigating and selecting a target business and other working capital requirements after the Initial Public Offering and prior to the Business Combination (the

Sponsor Loan

), of which approximately \$397,000 and \$0 has been drawn by the Company as of December 31, 2025 and 2024, respectively. If the Sponsor Loan is insufficient, the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors may, but are not obligated to, provide the Company with Working Capital Loans (as defined in Note 4). As of both December 31, 2025 and 2024, the Company did not have any borrowings under the Working Capital Loans.

Based on the foregoing, management believes that the Company will have sufficient working capital and borrowing capacity from the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors, to meet its needs through the earlier of the consummation of the Business Combination or one year from this filing. Over this time period, the Company will be using these funds for paying existing accounts payable and consummating the Securitize Business Combination.

Basis of Presentation

The accompanying consolidated financial statements are presented in U.S. dollars, in conformity with accounting principles generally accepted in the United States of America (

U.S. GAAP

) for financial information and pursuant to the rules and regulations of the SEC.

Principles of Consolidation

The consolidated financial statements of the Company include its wholly-owned subsidiary. All intercompany accounts and transactions are eliminated in consolidation.

Emerging Growth Company

The Company is an

emerging growth company

, as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the

JOBS Act

), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard.

This may make comparison of the Company's consolidated financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Note 2 Summary of Significant Accounting Policies

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set

F-34

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

of circumstances that existed at the date of the consolidated financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. One of the more significant accounting estimates included in these consolidated financial statements is the determination of the fair value of the forward sale securities. Such estimates may be subject to change as more current information becomes available, and accordingly, the actual results could differ significantly from those estimates.

Cash and Cash Equivalents

The Company considers all short-term investments (if any) with an original maturity of three months or less when purchased to be cash equivalents. The Company had no cash equivalents in its operating account or the Trust Account as of both December 31, 2025 and 2024.

Available-for-Sale Debt Securities

The Company's investments held in the Trust Account as of December 31, 2025 comprised of a direct investment in U.S. government treasury bills.

The Company accounts for its investment in debt securities in accordance with the guidance in ASC 320, Investments Debt and Equity Securities. When the Company has the ability and positive intent to hold debt securities until maturity, such securities are classified as held-to-maturity and carried at amortized cost. None of the Company's debt securities met the criteria for held-to-maturity classification as of December 31, 2025. As the Company does not have the ability or positive intent to hold its debt securities until maturity, the securities are classified as available-for-sale. Unrealized gains and losses from available-for-sale debt securities carried at fair value are reported as a separate component of Accumulated other comprehensive income in shareholders' deficit. Interest income recognized on the consolidated statements of operations reflects accretion of discount. Investments in debt securities are recorded on a trade-date basis.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist of cash accounts in financial institutions which, at times, may exceed the Federal Deposit Insurance Corporation maximum coverage limit of \$250,000, and investments in the U.S. government debt securities held in the Trust Account. For both the years ended December 31, 2025 and 2024, the Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Fair Value of Financial Instruments

Under ASC 820, Fair Value Measurement (

ASC 820

),

fair value

is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. The fair value of the Company's assets and liabilities, which qualify as financial instruments under ASC 820 approximates the carrying amounts presented in the consolidated balance sheets, primarily due to their short-term nature, with the exception of the available-for-sale debt securities and forward sale securities.

Offering Costs Associated with the Initial Public Offering

Offering costs consisted of legal and other fees incurred in connection with the preparation for the Initial Public Offering. These costs amounted to approximately \$5,300,000 and were charged against the carrying value of the Public Shares upon the completion of the Initial Public Offering. Deferred offering costs of approximately \$107,000 incurred through the December 31, 2024 balance sheet date consisted of legal fees and other costs that were directly related to the Initial Public Offering.

Forward Sale Securities

The Company accounts for the forward sale securities as either equity-classified or liability-classified instruments based on an assessment of the specific terms of the PIPE Subscription Agreements using applicable authoritative guidance in ASC 480, Distinguishing Liabilities from Equity (

ASC 480

) and ASC 815, Derivatives and Hedging (

ASC 815

). The assessment considers whether the forward sale securities are freestanding financial instruments

F-35

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and meet all of the requirements for equity classification under ASC 815, including whether the forward sale securities are indexed to the Company's own shares. This assessment, which requires the use of professional judgment, is conducted at the time of the execution of the PIPE Subscription Agreements and as of each subsequent quarterly period-end date while the forward sale securities are outstanding. The forward sale securities that do not meet all the criteria for equity classification are required to be recorded at their initial fair value at the time of the execution of the PIPE Subscription Agreements and on each balance sheet date thereafter. Changes in the estimated fair value of the forward sale securities are recognized on the consolidated statements of operations in the period of the change.

The Company accounts for the forward sale securities in accordance with guidance in ASC 815-40, Derivatives and Hedging Contracts in Entity's Own Equity, pursuant to which the forward sale securities do not meet the criteria for equity classification and must be recorded as liabilities or assets. See Note 8 for further discussion of the methodology used to determine the fair value of the forward sale securities.

Class A Ordinary Shares Subject to Possible Redemption

The Company accounts for its Class A ordinary shares subject to possible redemption in accordance with the guidance in ASC 480. Class A ordinary shares subject to mandatory redemption (if any) are classified as liability instruments and measured at fair value. Conditionally redeemable Class A ordinary shares (including Class A ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) are classified as temporary equity. At all other times, Class A ordinary shares are classified as shareholders' equity. All of the Public Shares feature certain redemption rights that are considered to be outside of the Company's control and subject to the occurrence of uncertain future events. Accordingly, as of December 31, 2025 and 2024, 24,000,000 and 0 Class A ordinary shares subject to possible redemption, respectively, are presented as temporary equity outside of the shareholders' deficit section of the Company's consolidated balance sheets. The Company recognizes any subsequent changes in

redemption value immediately as they occur and adjusts the carrying value of redeemable Class A ordinary shares to the redemption value at the end of each reporting period. Immediately upon the closing of the Initial Public Offering, the Company recognized the accretion from initial book value to redemption amount value of redeemable Class A ordinary shares. This method would view the end of the reporting period as if it were also the redemption date for the security. The change in the carrying value of redeemable Class A ordinary shares also resulted in charges against Additional paid-in capital and Accumulated deficit.

As of December 31, 2025 and 2024, the Class A ordinary shares subject to possible redemption, as presented in the accompanying consolidated balance sheets, are reconciled in the following table:

Class A ordinary shares subject to possible redemption, December 31, 2024	\$	
Gross proceeds	240,000,000	
Less:		
Issuance costs allocated to Class A ordinary shares subject to possible redemption	(5,302,338)

Class A ordinary shares subject to possible redemption, December 31, 2025	\$	250,217,377
Net Income (Loss) Per Ordinary Share		

The Company complies with the accounting and disclosure requirements of ASC 260, Earnings Per Share. Net income (loss) per ordinary share is computed by dividing net income (loss) applicable to shareholders by the weighted average number of ordinary shares outstanding for the applicable periods. The Company applies the two-class method in calculating earnings per share and allocates net income (loss) pro rata to Class A ordinary shares subject to possible redemption, nonredeemable Class A ordinary shares and Class B ordinary shares. Accretion associated with the redeemable Class A ordinary shares is excluded from earnings per share as the redemption value is not in excess of the fair value.

The following table reflects the calculation of basic and diluted net income (loss) per ordinary share:

Basic and diluted net income (loss) per ordinary share	\$	0.00	\$	0.00	\$	0.00	\$ (0.01)
Income Taxes							

Income taxes are accounted for using the asset and liability method as prescribed under ASC 740, Income Taxes (ASC 740)

) Deferred tax assets and liabilities are recognized for the future tax consequences attributable to basis differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis.

ASC 740 prescribes a recognition threshold that a tax position is required to meet before being recognized in the consolidated financial statements. The Company provides for uncertain tax positions, based upon management's assessment of whether a tax benefit is more likely than not to be sustained upon examination by tax authorities. Management is required to determine whether a tax position is more likely than not to be sustained upon examination by tax authorities, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Because significant assumptions are used in determining whether a tax benefit is more likely than not to be sustained upon examination by tax authorities, actual results may differ from management's estimates under different assumptions or conditions. The Company recognizes interest and penalties related to unrecognized tax benefits as provision for income taxes on the consolidated statements of operations.

No amounts were accrued for the payment of interest and penalties as of both December 31, 2025 and 2024. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. As of both December 31, 2025 and 2024, the Company has not recorded any amounts related to uncertain tax positions.

The Company is considered an exempted Cayman Islands company and is presently not subject to income taxes or income tax filing requirements in the Cayman Islands or the United States. As such, the Company recorded no income tax provision for the periods presented.

Segment Reporting

The Company has one reportable segment. See Note 9 Segment Information for additional information.

Recently Adopted Accounting Pronouncements

In November 2023, the FASB issued Accounting Standards Update (

ASU

) No. 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures. The guidance was issued in response to requests from investors for companies to disclose more information about their financial performance at the segment level. The ASU does not change how a public entity identifies its operating

segments, aggregates them or applies the quantitative thresholds to determine its reportable segments. The standard requires a public entity to disclose significant segment expenses and other segment items on an annual and interim basis, and to provide in interim periods all disclosures

F-37

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

about a reportable segment's profit or loss and assets that were previously required annually. Public entities with a single reportable segment are required to provide the new disclosures and all the disclosures previously required under ASC 280. The Company adopted the standard on the required effective date for the financial statements issued for the annual reporting periods beginning on January 1, 2024 and applies the guidance for the interim periods beginning on January 1, 2025. The adoption of the new guidance did not have an impact on the Company's consolidated financial statements.

In December 2023, the FASB issued ASU No. 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The standard improves the transparency of income tax disclosures by requiring consistent categories and greater disaggregation of information in the rate reconciliation and income taxes paid disaggregated by jurisdiction. The ASU also includes certain other amendments to improve the effectiveness of income tax disclosures. The Company adopted the standard on the required effective date for the Company's consolidated financial statements issued for annual reporting periods beginning on January 1, 2025. The adoption of this guidance did not have a material impact on the footnotes to the Company's consolidated financial statements and had no impact on the Company's consolidated financial statements.

In March 2024, the FASB issued ASU No. 2024-02, Codification Improvements Amendments to Remove References to the Concepts Statements. The Conceptual Framework establishes concepts that the FASB considers in developing standards. The ASU was issued to remove references to the Conceptual Framework in the Codification. The FASB noted that references to the Concepts Statements in the Codification could have implied that the Concepts Statements are authoritative. Also, some of the references removed were to Concepts Statements that are superseded. The Company adopted the standard on the required effective date beginning on January 1, 2025 using a prospective transition method for all new transactions recognized on or after the effective date. The adoption of this guidance did not have a material impact on the Company's consolidated financial statements.

New Accounting Pronouncements

In November 2024, the FASB issued ASU No. 2024-03, Income Statement Reporting Comprehensive Income Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses. The standard improves financial reporting and responds to investor input that additional expense detail is fundamental to understanding the performance of an entity, assessing its prospects for future cash flows, and comparing its performance over time and with that of other entities. The new guidance requires public business entities to disclose in the notes to financial statements specified information about certain costs and expenses at each interim and annual reporting period. Specified expenses, gains or losses that are already disclosed under existing U.S. GAAP will be required by the ASU to be included in the disaggregated income statement expense line item disclosures, and any remaining amounts will need to be described qualitatively. The new guidance will become effective for the Company's consolidated financial statements issued for annual reporting periods beginning on January 1, 2027 and interim reporting periods beginning on January 1, 2028, will require either prospective or retrospective presentation, and early adoption is permitted. Management is currently evaluating the impact of the new standard on the Company's consolidated financial statements.

In May 2025, the FASB issued ASU No. 2025-03, Business Combinations (Topic 805) and Consolidation (Topic 810): Determining the Accounting Acquirer in the Acquisition of a Variable Interest Entity. The standard revises current guidance for determining the accounting acquirer for a transaction effected primarily by exchanging equity interests in which the legal acquiree is a variable interest entity (

VIE

) that meets the definition of a business. The amendments differ from current U.S. GAAP because, for certain transactions, they replace the requirement that the primary beneficiary of a VIE is always the acquirer with an assessment that requires an entity to consider the factors to determine which entity is the accounting acquirer. Under the amendments, acquisition transactions in which the legal acquiree is a VIE will, in more instances, result in the same accounting outcomes as economically similar transactions in which the legal acquiree is a voting interest entity. The ASU does not change the accounting for a transaction determined to be a reverse acquisition or a transaction in which the legal acquirer is not a business and is determined to be the accounting acquiree. The new guidance will become effective for interim and annual reporting periods beginning on January 1, 2027, will require a prospective transition method for business combinations that occur after the initial adoption date, and early adoption is permitted. Management is currently evaluating the impact of the new standard on the Company's consolidated financial statements.

F-38

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

In December 2025, the FASB issued ASU No. 2025-11, Interim Reporting (Topic 270): Narrow-Scope Improvements. The guidance clarifies the current interim disclosure requirements and their applicability. The ASU is intended to address feedback from stakeholders that the current guidance is difficult to navigate. The amendments do not change the fundamental nature or expand or reduce the disclosure requirements of interim reporting. The ASU creates a comprehensive list of interim disclosures required under U.S. GAAP and incorporates a disclosure principle that requires disclosures at interim periods when an event or change that has a material effect on an entity has occurred since the previous year end. The new guidance will become effective for the Company beginning on January 1, 2028, can be adopted using either a prospective or retrospective method, and early adoption is permitted. Management is currently evaluating the impact of the new standard on the Company's consolidated financial statements.

In December 2025, the FASB issued ASU No. 2025-12, Codification Improvements. The guidance clarifies, corrects errors in or makes other improvements to a variety of topics in the Codification that are intended to make it easier to understand and apply. The amendments apply to all reporting entities in the scope of the affected accounting guidance. The new guidance will become effective for the Company beginning on January 1, 2027, can be adopted using either a prospective or retrospective method, and early adoption is permitted. Management is currently evaluating the impact of the new standard on the Company's consolidated financial statements.

SEC Rule on Climate-Related Disclosures

In March 2024, the SEC adopted final rules relating to The Enhancement and Standardization of Climate-Related Disclosures for Investors, that would require registrants to provide climate-related disclosures in a note to their audited financial statements. The disclosures under the final rules would include certain

effects of severe weather events and other natural conditions, including the aggregate amounts and where in the financial statements they are presented. If carbon offsets or renewable energy credits or certificates (

RECs

) are deemed a material component of the registrant's plans to achieve its disclosed climate-related targets, registrants would be required to disclose information about the offsets and RECs. Registrants would also be required to disclose whether and how (1) exposures to risks and uncertainties associated with, or known impacts from, severe weather events and other natural conditions and (2) any disclosed climate-related targets or transition plans materially impacted the estimates and assumptions used in preparing the financial statements. Finally, registrants would be required to disclose additional contextual information about the above disclosures, including how each financial statement effect was derived and the accounting policy decisions made to calculate the effects, for the most recently completed fiscal year and, if previously disclosed or required to be disclosed, for the historical fiscal year for which audited consolidated financial statements are included in the filing. In April 2024, the SEC released an order staying the rules pending judicial review of all of the petitions challenging the rules and in March 2025, the SEC voted to end its defense of the rules. Absent these developments, the rules would have been effective for the Company upon its registration under the Exchange Act on May 1, 2025 and phased in starting in 2027. Management is continuing to monitor the developments pertaining to the rules and any resulting potential impacts on the Company's consolidated financial statements.

The Company's management does not believe that any other recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's consolidated financial statements.

Note 3 Initial Public Offering

Pursuant to the Initial Public Offering, the Company sold 24,000,000 Class A ordinary shares at a price of \$10.00 per share.

Note 4 Related Party Transactions

Founder Shares

In November 2020, the Sponsor purchased 14,375,000 Class B ordinary shares for a purchase price of \$25,000. On June 6, 2024, the Sponsor surrendered, for no consideration, 9,375,000 Class B ordinary shares, which the Company cancelled, resulting in a decrease in the total number of Class B ordinary shares outstanding from 14,375,000 shares to 5,000,000 shares. On May 1, 2025, the Company issued 1,000,000 Class B ordinary shares to the Sponsor in a share capitalization, resulting in an increase in the total number of Class B ordinary shares outstanding from 5,000,000 shares to 6,000,000 shares (the

Founder Shares

). The Class B ordinary shares will automatically convert

into nonredeemable Class A ordinary shares in connection with the consummation of the Business Combination, as described in Note 5, and are subject to certain transfer restrictions, as described in Note 7. Further, pursuant to the Sponsor Support Agreement, solely in connection with the Securitize Business Combination, subject to and conditioned upon the Closing, the Sponsor agreed to surrender, for no consideration, up to 30% of its Founder Shares immediately prior to the consummation of the CEPT Merger.

The Sponsor and the Company's directors and officers have agreed, subject to limited exceptions, not to transfer, assign or sell any of their Founder Shares until the earlier to occur of: (A) one year after the completion of the Business Combination or (B) subsequent to the Business Combination, (x) if the last reported sale price of the Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30 trading day period commencing at least 150 days after the Business Combination, or (y) the date on which the Company completes a liquidation, merger, share exchange or other similar transaction that results in all of the Company's shareholders having the right to exchange their ordinary shares for cash, securities or other property. Pursuant to the Sponsor Support Agreement, in connection with the Closing, the Company, Pubco and the Sponsor will enter into an amendment to the transfer restrictions set forth above so that the shares of Pubco Common Stock received by the Sponsor in exchange for its Class B ordinary shares (other than any surrendered shares) will be subject to a six month lock-up, subject to early release.

Private Placement Shares

Simultaneously with the closing of the Initial Public Offering, the Sponsor purchased 580,000 Private Placement Shares at a price of \$10.00 per share (\$5,800,000 in the aggregate) in the Private Placement. The net proceeds from the Private Placement were added to the net proceeds from the Initial Public Offering held in the Trust Account. The Sponsor has agreed to waive its redemption rights with respect to the Private Placement Shares in connection with the completion of the Business Combination or otherwise. The Sponsor and the Company's officers and directors have agreed, subject to limited exceptions, not to transfer, assign or sell any of their Private Placement Shares until 30 days after the completion of the Business Combination.

Investments Held in the Trust Account

Starting on May 6, 2025, the Company's investments in U.S. government treasury bills have been held in the Trust Account that is custodied by CF Secured with Continental acting as trustee.

Underwriter

Cantor Fitzgerald & Co. (CF&Co.

), the lead underwriter of the Initial Public Offering, is an affiliate of the Sponsor (see Note 5).

Business Combination Marketing Agreement

The Company has engaged CF&Co. as an advisor in connection with the Business Combination to assist the Company in holding meetings with its shareholders to discuss the potential Business Combination and the target business' attributes, introduce the Company to potential investors that are interested in purchasing the Company's securities, and assist the Company with its press releases and public filings in connection with the Business Combination. The Company will pay CF&Co. a cash fee of \$8,400,000 for such services upon the consummation of the Business Combination.

M&A Engagement Letter

On October 10, 2025, the Company entered into a letter agreement with CF&Co. (the

M&A Engagement Letter

), pursuant to which the Company engaged CF&Co. as its exclusive financial advisor for the Securitize Business Combination. Pursuant to the M&A Engagement Letter, for the services provided thereto, CF&Co. will receive a cash fee at the Closing equal to 1.0% of the total value of the shares of Pubco Common Stock issued to Securitize stockholders at the Closing with such shares valued at \$10.00 per share (the Securitize Equity Value

), and up to an additional 0.5% of the Securitize Equity Value (which shall be reduced in proportion to the number of Public Shares redeemed prior to the Closing).

PIPE Engagement Letter

On September 25, 2025, the Company entered into a letter agreement with Securitize, Pubco, Citigroup Global Markets Inc. (Citi

), and CF&Co. (the PIPE Engagement Letter

), pursuant to which the Company, Securitize and Pubco engaged Citi and CF&Co. as co-placement agents for the PIPE Investment. Pursuant to the PIPE Engagement Letter, for the services provided thereto CF&Co. and Citi each will receive a cash fee at the Closing equal to approximately \$4,296,000 (assuming that all PIPE Investors fund, or are deemed to have funded, their commitments in their PIPE Subscription Agreements and excluding certain PIPE Investors who had pre-existing investments in Securitize).

Sponsor Support Agreement

On October 27, 2025, the Company entered into the Sponsor Support Agreement with the Sponsor, Pubco and Securitize, as described in Note 1.

Related Party Loans

On June 6, 2024, the Sponsor agreed to loan the Company up to \$300,000 to be used for a portion of the expenses of the Initial Public Offering pursuant to the Pre-IPO Note. The Pre-IPO Note was non-interest bearing and was repaid in full upon completion of the Initial Public Offering. As of December 31, 2025 and 2024, the Company had \$0 and approximately \$80,000, respectively, outstanding under the Pre-IPO Note.

In order to finance transaction costs in connection with the Business Combination, the Sponsor has committed up to \$1,750,000 in the Sponsor Loan to be provided to the Company to fund the Company's expenses relating to investigating and selecting a target business and other working capital requirements, including \$10,000 per month for office space, administrative and shared personnel support services that will be paid to the Sponsor. The Sponsor Loan does not bear interest and is repayable by the Company to the Sponsor upon consummation of the Business Combination; provided that, at any time beginning 60 days after the date of the Initial Public Offering, at the Sponsor's option, all or any portion of the amount outstanding under the Sponsor Loan may be converted into Class A ordinary shares at a conversion price of \$10.00 per share. Otherwise, the Sponsor Loan would be repaid only out of funds held outside the Trust Account. As of December 31, 2025 and 2024, the Company had approximately \$397,000 and \$0, respectively, outstanding under the Sponsor Loan.

If the Sponsor Loan is insufficient to cover the working capital requirements of the Company, the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors may, but are not obligated to, loan the Company funds as may be required (

Working Capital Loans

).

Any Working Capital Loans will be repayable by the Company upon consummation of the Business Combination out of the proceeds of the Trust Account released to the Company; provided that, at any time beginning 60 days after the date of the Initial Public Offering, at the lender's option, all or any portion of the amount outstanding under any Working Capital Loans may be converted into Class A ordinary shares at a conversion price of \$10.00 per share. If the Company is unable to consummate the Business Combination, the Company may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. As of both December 31, 2025 and 2024, the Company had no borrowings under the Working Capital Loans.

In addition, the Sponsor has agreed to lend the Company up to \$3,600,000 pursuant to a promissory note (the

Sponsor Note

) in connection with the consummation of the Business Combination, an extension of time for the Company to consummate the Business Combination or the Company's liquidation (each, a

Redemption Event

), such that an amount equal to \$0.15 per Public Share being redeemed in connection with the applicable Redemption Event will be added to the Trust Account and paid to the holders of the applicable redeemed Public Shares on such Redemption Event. The Sponsor Note does not bear interest and is repayable by the Company to the Sponsor upon consummation of the Business Combination; provided that, at any time beginning 60 days after the date of the Initial Public Offering, at the Sponsor's option, all or any portion of the amount outstanding under the Sponsor Note may be converted into Class A ordinary shares at a conversion price of \$10.00 per share. If the Company is unable to consummate the Business Combination, the Sponsor Note would be repaid only out of funds held outside of the Trust Account. The Sponsor has waived any claims against the Trust Account in connection with the Sponsor Note.

Pursuant to a registration rights agreement entered into on May 1, 2025, the holders of Founder Shares (only after conversion of such shares to Class A ordinary

shares), the Private Placement Shares and any Class A ordinary shares issued upon conversion of up to \$1,750,000 pursuant to the Sponsor Loan, any borrowings under the Working Capital Loans, up to \$3,600,000 pursuant to the Sponsor Note and any additional loans are entitled to registration rights. These holders are entitled to certain demand and piggyback registration rights. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement
CF&Co. was paid a cash underwriting discount of \$4,800,000 in connection with the Initial Public Offering. The Company also engaged a qualified independent underwriter to participate in the preparation of the registration statement and exercise the usual standards of due diligence in respect thereto. The Company paid the independent underwriter a fee of \$100,000 upon the completion of the Initial Public Offering in consideration for its services and expenses as the qualified independent underwriter. The qualified independent underwriter received no other compensation.

Business Combination Marketing Agreement
The Company has engaged CF&Co. as an advisor in connection with the Business Combination (see Note 4).

M&A Engagement Letter
The Company has engaged CF&Co. as its exclusive financial advisor for the Securitize Business Combination (see Note 4).

PIPE Engagement Letter
The Company has engaged CF&Co. and Citi to provide placement agent services in connection with the PIPE Investment (see Note 4).

Independent Directors Compensation
Commencing on May 1, 2025, the Company compensates its independent directors through cash payments for their services on the Company's board of directors. As a result, during the years ended December 31, 2025 and 2024, the Company recognized approximately \$54,000 and \$0, respectively, of compensation expense on its consolidated statements of operations. The corresponding accrued compensation payable recognized on the Company's consolidated balance sheets was \$25,000 and \$0 as of December 31, 2025 and 2024, respectively.

Risks and Uncertainties
The Company's results of operations and its ability to complete the Business Combination may be adversely affected by various factors that could cause economic uncertainty and volatility in the financial markets, many of which are beyond the Company's control. The Company's results of operations and its ability to consummate the Business Combination could be impacted by, among other things, downturns in the financial markets or in economic conditions, fluctuations in interest rates, and geopolitical instability, such as the military conflicts in Ukraine and the Middle East.

Management continues to evaluate the impact of these factors and has concluded that while it is reasonably possible that these factors could have an effect on the Company's financial position, results of its operations and completion of the Business Combination, the specific impact is not readily determinable as of the date of the consolidated financial statements. The consolidated financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Note 6 Available-for-Sale Debt Securities
The following table presents the amortized cost, gross unrealized gains (losses), fair value and other information for the available-for-sale debt securities held in the Trust Account:

(1) Contractual maturities are one year or less.
(2) No debt securities were in an unrealized loss position.

The Company did not have any sales of its available-for-sale debt securities during the year ended December 31, 2025.
The Company did not hold any available-for-sale debt securities as of December 31, 2024.

Note 7 Shareholders' Equity (Deficit)
Class A Ordinary Shares The Company is authorized to issue 500,000,000 Class A ordinary shares with a par value of \$0.0001 per share. As of December 31, 2025, there were 580,000 Class A ordinary shares issued and outstanding, excluding 24,000,000 Class A ordinary shares subject to possible redemption. As of December 31, 2024, there were no Class A ordinary shares issued and outstanding.

Class B Ordinary Shares The Company is authorized to issue 50,000,000 Class B ordinary shares with a par value of \$0.0001 per share. Holders of Class B ordinary shares are entitled to one vote for each share. In November 2020, the Company issued 14,375,000 Class B ordinary shares to the Sponsor. On June 6, 2024, the Sponsor surrendered, for no consideration, 9,375,000 Class B ordinary shares, which the Company cancelled, resulting in a decrease in the total number of Class B ordinary shares outstanding from 14,375,000 shares to 5,000,000 shares. On May 1, 2025, the Company issued 1,000,000 Class B ordinary shares to the Sponsor in a share capitalization, resulting in an increase in the total number of Class B ordinary shares outstanding from 5,000,000 shares to 6,000,000 shares. Information contained in the consolidated financial statements has been retroactively adjusted for the surrender and cancellation and capitalization. As of both December 31, 2025 and 2024, there were 6,000,000 Class B ordinary shares issued and outstanding.

Prior to the consummation of the Business Combination, only holders of Class B ordinary shares will have the right to vote on the appointment and removal of directors and be entitled to vote on continuing the Company in a jurisdiction outside the Cayman Islands (including any special resolution required to adopt new constitutional documents as a result of the Company approving a transfer by way of continuation to a jurisdiction outside the Cayman Islands). Other than as described above, holders of Class A ordinary shares and Class B ordinary shares will vote together as a single class on all other matters submitted to a vote of shareholders except as required by law.

The Class B ordinary shares will automatically convert into nonredeemable Class A ordinary shares in connection with the consummation of the Business Combination or at any time and from time to time at the option of the holder thereof, on a one-for-one basis, subject to adjustment. Class A ordinary shares issued in connection with the conversion of Class B ordinary shares issued prior to the consummation of the Business Combination are subject to the same restrictions as applied to Class B ordinary shares prior to such conversion, including, among other things, certain transfer restrictions, waiver of redemption rights and the obligation to vote in favor of a Business Combination.

In the case that additional Class A ordinary shares, or equity-linked securities, are issued or deemed issued in excess of the amounts sold in the Initial Public Offering and related to the closing of the Business Combination, the ratio at which Class B ordinary shares shall convert into Class A ordinary shares will be adjusted (unless the holders of a

majority of the outstanding Class B ordinary shares agree to waive such adjustment with respect to any such issuance or deemed issuance) so that the number of Class A ordinary shares issuable upon conversion of all Class B ordinary shares will equal, in the aggregate, on an as-converted basis, 20% of the sum of the total number of all ordinary shares issued and outstanding upon the completion of the Initial Public Offering plus all Class A ordinary shares and equity-linked securities issued or deemed issued in connection with the Business Combination (excluding any shares or equity-linked securities issued, or to be issued, to any seller in the Business Combination).

Preference Shares The Company is authorized to issue 5,000,000 preference shares with a par value of \$0.0001 per share, with such designations, voting and other rights and preferences as may be determined from time to time by the Company's board of directors. As of both December 31, 2025 and 2024, there were no preference shares issued or outstanding.

Note 8 Fair Value Measurement on a Recurring Basis

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs to valuation techniques used in measuring fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These three levels of the fair value hierarchy are:

" Level 1 measurements unadjusted observable inputs such as quoted prices for identical instruments in active markets;

" Level 2 measurements inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and

" Level 3 measurements unobservable inputs for which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

The following table presents information about the Company's assets and liabilities that are measured at fair value on a recurring basis as of December 31, 2025, and indicates the fair value hierarchy of the inputs that the Company utilized to determine such fair value.

As of December 31, 2025, Level 1 assets include a direct investment in the U.S. government treasury bills classified as available-for-sale debt securities. The Company uses inputs such as actual trade data, benchmark yields, quoted market prices from dealers or brokers, and other similar sources to determine the fair value of its investments.

The Company did not hold assets or liabilities measured at fair value on a recurring basis as of December 31, 2024.

Forward Sale Securities

The forward sale securities to be issued under the PIPE Subscription Agreements were valued using an adjusted net assets method, which is considered to be a Level 3 fair value measurement. Under the adjusted net assets method utilized, the aggregate purchase price of \$225,000,000 pursuant to the PIPE Subscription Agreements is discounted to present value and compared to the fair value of the Class A ordinary shares to be issued pursuant to the PIPE Subscription Agreements. The fair value of the Class A ordinary shares to be issued under the PIPE Subscription Agreements is based on the trading price of the Public Shares. The excess (liability) or deficit (asset) of the fair value of the Class A ordinary shares to be issued compared to the \$225,000,000 purchase price is then reduced to account for the probability of consummation of the Securitize Business Combination. The primary unobservable input utilized in determining the fair value of the forward sale

securities is the probability of consummation of the Securitize Business Combination. As of December 31, 2025, the probability assigned to the consummation of the Securitize Business Combination was 12.8%. The probability was determined based on observed success rates of business combinations for special purpose acquisition companies.

The following table presents the change in the fair value of the forward sale securities for the year ended December 31, 2025:

ForwardSaleSecurities		
Fair value at inception	\$	
Change in valuation inputs or other assumptions(1)		(4,608,560)
Fair value as of December 31, 2025	\$	(4,608,560)

(1) Changes in valuation inputs or other assumptions are recognized in Change in fair value of forward sale securities in the consolidated statements of operations.

Note 9 Segment Information

The Company has not yet commenced operations, thus all activity for the years ended December 31, 2025 and 2024 relates to the Company's formation, the Initial Public Offering, and the Company's efforts toward locating and completing a suitable Business Combination. The Company has identified its Chairman and Chief Executive Officer as the chief operating decision maker (the

CODM

). The Company consists of one reportable segment, because the resource allocation and assessment of performance of the entity's business activities by the CODM are performed using the entity-wide operating results. The net income (loss) is the measure of segment profit (loss) most consistent with U.S. GAAP that is regularly reviewed by the CODM to allocate resources and assess financial performance. When evaluating the Company's performance and making key decisions regarding resource allocation, the CODM also reviews interest income and general and administrative expenses included in the net income (loss). The CODM reviews interest income on investments held in the Trust Account to measure and monitor shareholder value and determine the most effective strategy for investing the Trust Account funds while maintaining compliance with the terms of the trust agreement. In addition, the CODM reviews and monitors general and administrative expenses to manage and forecast cash to ensure enough capital is available to complete a Business Combination within the Combination Period and to ensure expenses are aligned with the underlying contractual agreements.

The Company does not have operating income and, therefore, it does not have any operating revenues. The Company will not generate any operating revenues until after the completion of the Business Combination, at the earliest. During the years ended December 31, 2025 and 2024, the Company earned approximately \$6,479,000 and \$0, respectively, of interest income on investments held in the Trust Account. The Company's significant segment expenses were general

and administrative expenses, which were approximately \$1,773,000 and approximately \$71,000 for the years ended December 31, 2025 and 2024, respectively. The remaining segment expenses consisted of administrative expenses incurred pursuant to the administrative services agreement with the Sponsor and the loss as a result of the change in fair value of the forward sale securities, which amounted to approximately \$4,688,000 and \$0 for the years ended December 31, 2025 and 2024, respectively.

Refer to the Company's consolidated statements of operations for additional information.

As of December 31, 2025 and 2024, the Company had total assets of approximately \$246,836,000 and approximately \$107,000, respectively. See the Company's consolidated balance sheets for additional information.

Note 10 Subsequent Events

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to the date that the consolidated financial statements were issued and determined that there have been no events that have occurred that would require adjustments to the disclosures in the consolidated financial statements.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION AND NATURE OF BUSINESS

Nature of Business and Operations

Securitize, Inc. and its subsidiaries (Securitize

,
Company
, and
our

), founded in 2017, is a Delaware corporation that operates a comprehensive platform for issuing, managing, and trading private market securities using blockchain technology. The Company provides a compliance-driven infrastructure that enables the tokenization of private securities, supporting functions such as dividends, distributions, share buy-backs, and investor servicing.

The platform offers issuer services, including securities issuance and management, end-to-end document handling, and investor communications, as well as investor services, such as accreditation, wallet management, an investor dashboard, and token distribution. Additionally, the Company operates a registered broker-dealer and alternative trading system (ATS), facilitating compliant trading of digital asset securities.

The Company is headquartered in Miami, Florida, with a global presence, maintaining offices in New York, Nevada, Spain, Israel, and Japan.

On March 20, 2024, the Company announced the launch of the first tokenized fund in conjunction with the BlackRock USD Institutional Digital Liquidity Fund (BUIDL), which is issued on a public blockchain and managed by BlackRock Financial Management Inc.

On April 15, 2025, the Company completed the acquisition of MG Stover & Co. (

MG Stover

), a leading fund administrator for digital assets. The acquisition enhances the Company's institutional fund administration services and positions Securitize as a leading provider in the U.S. digital asset market.

The Company is subject to a number of risks, including limited operating history, dependence on key individuals, rapid technological changes, competition from larger companies, new entrants, the need for adequate financing to fund future operations, and the need for successful development and marketing of its products and services.

Potential Business Combination with Cantor Equity Partners II, Inc.

On October 27, 2025, the Company executed a Business Combination Agreement (the Business Combination

) with Cantor Equity Partners II, Inc. (Nasdaq: CEPT), a special purpose acquisition company, regarding a potential transaction that would result in the Company becoming a publicly traded entity (

PubCo

). The proposed transaction values the Company's equity at approximately \$1,250,000,000 and includes provisions for equity conversion and potential earn-out shares.

The agreement also contemplates a concurrent private placement targeting \$225,000,000 in gross proceeds and a minimum available cash condition of \$100,000,000 at closing, which may be waived by the Company. Completion of the transaction is subject to customary conditions, including regulatory and shareholder approvals, and there is no assurance that the transaction will be consummated.

The Business Combination will be accounted for as a reverse recapitalization, with no goodwill or other intangible assets recorded. Under this method of accounting,

CEPT does not meet the Accounting Standards Codification (

ASC

) 805, Business Combinations (

ASC 805

) definition of a

business

and is treated as the

acquired

company for financial reporting purposes. Securitize has been determined to be the accounting acquirer because existing Securitize Stockholders, as a group, will retain the largest portion of the voting rights in the combined entity when contemplating the various redemption scenarios, the executive officers of PubCo will be appointed by Securitize, the majority of the board of directors of PubCo will be appointed by Securitize, Securitize represents a significant majority of the operations of PubCo, and the operations of Securitize will be the continued operations of PubCo.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Consolidation and Presentation

The accompanying unaudited condensed consolidated financial statements include the accounts of Securitize, Inc. along with the Company's wholly-owned subsidiaries.

All intercompany balances and transactions have been eliminated in consolidation.

Going Concern

Substantial doubt about an entity's ability to continue as a going concern exists when relevant conditions and events, considered in the aggregate, indicate that it

is probable that the entity will be unable to meet its obligations as they become due within one year from the unaudited condensed consolidated financial statements issuance date. The Company has determined that, in aggregate, no conditions or events raise substantial doubt about its ability to continue as a going concern for at least twelve months from the date these unaudited condensed consolidated financial statements were issued. Accordingly, the unaudited condensed consolidated financial statements have been prepared in accordance with GAAP on a going concern basis.

Use of Estimates

The preparation of unaudited condensed consolidated financial statements requires management to make estimates and assumptions that affect the amounts reported in the unaudited condensed consolidated financial statements and disclosures in the accompanying notes.

Significant estimates that are particularly susceptible to significant changes relate to the fair value of stock-based awards, the fair value of embedded derivatives, the preferred stock option liability, the grant date fair value of the warrants, the assessment of the amount and likelihood of adverse outcomes from claims and disputes, the valuation of intangible assets acquired in business combinations including goodwill, the determination as to whether goodwill or indefinite-lived intangible assets are impaired and, if so, the amount of the impairment, the determination of standalone selling price for the Company's on-chain services, the ability to continue as a going concern, the net asset value of the Company's investment in tokenized funds, the realizability of deferred tax assets and related valuation allowances, particularly for net operating loss carryforwards, and the valuation of simple agreements for future agreements (

SAFE's

). The Company bases its estimates on historical experience and various other assumptions which it believes to be reasonable under the circumstances. These estimates may change as new events occur and additional information becomes available. Actual results could differ from these estimates and any such differences may be material to the unaudited condensed consolidated financial statements.

Preparation

The unaudited condensed consolidated results of operations for the three months ended March 31, 2026, are not necessarily indicative of the results to be expected for the full year or any other period. Additionally, certain information and disclosures normally included in the annual consolidated financial statements prepared in accordance with U.S. GAAP have been omitted. Accordingly, the unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements as of and for the years ended December 31, 2025 and 2024.

There have been no changes to our significant accounting policies described in the audited consolidated financial statements as of and for the years ended December 31, 2025 and 2024 that have had a material impact on our unaudited condensed consolidated financial statements and accompanying notes, other than as discussed below.

Digital Assets

The Company uses the term

digital asset

to refer to an asset that is generated, issued and/or transferred using distributed ledger or blockchain technology, including, but not limited to, assets known as tokens

,

cryptocurrencies

,

crypto assets

,

stablecoins

, and

tokenized securities

which also rely on and/or are secured through cryptographic protocols.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Digital intangible assets that meet the scope requirements of ASC 350-60, Intangibles Goodwill and Other Crypto Assets (ASC 350-60

), digital assets that do not meet the scope requirements of ASC 350-60, and stablecoins are collectively referred to as 'Digital assets'. Accounting for digital assets depends on the nature of the asset and how the asset is held. The Company typically obtains digital assets through its operations as a form of payment from customers and they are converted to cash or cash equivalents, or they are used to fulfill expenses, primarily various blockchain fees that need to be settled in cryptocurrencies, nearly immediately. The Company considers these digital assets received as payment, traded, purchased and/or disposed of nearly immediately to be operating activities in the unaudited condensed consolidated statements of cash flows and are recognized within 'Digital assets from operations' in the Company's unaudited condensed consolidated balance sheets. While the Company's policy is to sell, convert, or otherwise dispose of 'Digital assets from operations' that are received as a form of payment from certain customers nearly immediately, if any circumstances exist that result in the holding of these assets for an extended period of time or the Company elects to open an investment or similar position with the related digital assets due to circumstances occurring that alter the Company's investing strategy and require the reassessment of Company objectives with the relevant assets, they are reclassified into 'Digital assets held for investment'.

The Company also obtains digital assets for investment purposes typically through helping customers or businesses tokenize real-world assets, which the Company may also hold for its own strategies from time to time, which are recognized within 'Digital assets held for investment'. As noted above, if any assets received that are initially recorded within 'Digital assets from operations' consistent with the Company's accounting policy and original intent when the assets were received, end up being held for an extended period of time as a result of certain circumstances or due to a change in the Company's intent with regard to the digital assets,

they are reclassified into 'Digital assets held for investment'. The characteristics of the digital assets themselves typically do not change, rather the Company makes an election to hold the relevant assets for a particular purpose, which does not involve the Company trading or otherwise disposing of the digital assets. Rather, the digital assets are held for the Company's specified investment purposes, including the staking of the digital assets, depositing them into liquidity pools, or locking them in a similar type of smart contract and/or lending protocol. Regardless of the specific investment strategy for the balances within 'Digital assets held for investment', as long as they are held and reported by the Company, any of the related activities involving the digital assets while they are held prior to disposal are classified as investing activities in the condensed consolidated statements of cash flows. The Company plans to liquidate these digital assets within the next twelve months.

Digital assets are initially recorded at the transaction price of the assets obtained upon their initial recognition, as determined by the quoted prices within the Company's principal market at the time of measurement. Gains and losses upon the sale of digital assets are determined on a first-in, first-out (

FIFO

) basis for each pool of digital assets. The Company accounts for digital assets based on their nature in the following ways:

" Digital assets recorded at fair value Changes in fair value are presented net on the Company's unaudited condensed consolidated statements of operations and comprehensive loss in the period in which they occur. These assets include digital assets that meet the scope requirements of ASC 350-60, Intangibles Goodwill and Other Crypto Assets (

ASC 350-60

). They are recognized within 'Digital assets from operations' and 'Digital assets held for investment' in the Company's unaudited condensed consolidated balance sheets. Because changes in the fair value are reported in earnings as they occur, the sale or disposition of these assets does not necessarily give rise to a gain or loss. The unrealized gains and losses on 'Digital assets from operations' are recorded to 'Loss on digital assets from operations, net', and the unrealized gains and losses on 'Digital assets held for investment' are recorded to 'Loss on digital assets held for investments, net'.

" Digital assets recorded at cost less applicable impairment charge These digital assets do not meet the scope criteria of ASC 350-60, primarily because they provide the holder with enforceable rights to or claims on other assets. Any net gain or loss on derecognition of these assets as a result of their sale or disposition are recognized in the unaudited condensed consolidated statements of operations and comprehensive loss based on the nature of how they were held or used by the Company up until the date that the sale or disposition of the asset occurs, consistent with the classification above.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Restricted Tokenized Assets

As of March 31, 2026, there were no remaining collateral assets comprising the Company's

Restricted tokenized assets

held by the Company as all of the lending arrangements which were outstanding as of December 31, 2025 were settled during the period. Any of the collateral assets which were still retained by the Company after all the lending arrangements were settled, subsequently were reclassified into 'Investments in tokenized assets' accordingly as they were no longer restricted.

Presentation of Loan Collateral

As of March 31, 2026, all of the Company's positions in the lending arrangements outlined in Note 15 were closed. Therefore, the Company did not hold any digital assets as collateral, as stated above.

Accounts Receivable

The Company carries its accounts receivable at the invoiced amount. On a periodic basis, the Company evaluates its accounts receivable and will record an allowance for expected credit losses representing management's estimate of expected credit losses related to trade receivables. The change in allowance for expected credit losses is due to both a change in the calculated estimate discussed below and a change in the estimated transaction price of the underlying revenue. Trade receivables are pooled based on similar risk characteristics, such as the age of receivables and the entity which the trade receivable was generated from. The Company disaggregates trade receivables into two risk pools: Securitize customers which refer to customers from the Company's core business, and Pacific Stock Transfer Company customers which refer to customers from the Pacific Stock Transfer Company acquisition. To estimate the allowance for expected credit losses, management leverages information on historical losses, asset-specific risk characteristics, current conditions, and reasonable and supportable forecasts of future conditions. Account balances are written off against the allowance when deemed uncollectible.

The following table shows the activity in the allowance for credit losses:

Balance at January 1, 2025	\$	3,190,514
Provision for expected credit losses		1,300,149
Write-offs	(1,178,608)	
Balance at December 31, 2025		3,312,055
Provision for expected credit losses		285,453
Write-offs	(276,646)	
Balance at March 31, 2026	\$	3,320,862

Recently Issued And Adopted Accounting Standards

There were no new accounting pronouncements adopted during the three months ended March 31, 2026 that materially impacted our unaudited condensed consolidated financial statements and related disclosures.

Recently Issued Accounting Standards Not Yet Adopted

In December 2025, the FASB issued ASU 2025-12,

Codification Improvements.

The standard makes improvements to the Accounting Standards Codification (

ASC

) for a broad range of Topics arising from technical corrections, unintended application of the Codification, clarifications, and other minor improvements. This update is effective for annual reporting periods beginning after December 15, 2026, including interim reporting periods within those annual reporting periods. The Company is currently evaluating the impact of adopting this standard on the consolidated financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

In December 2025, the FASB issued ASU 2025-11,

Interim Reporting (Topic 270)

Narrow Scope Improvements which amends and clarifies the interim disclosure requirements of ASC 270. The standard provides clarity about current requirements to help entities determine whether disclosures not specified in ASC 270 should be provided in interim reporting periods. This update is effective for interim reporting periods beginning after December 15, 2027. The Company is currently evaluating the impact of adopting this standard on the condensed consolidated financial statements.

In September 2025, the FASB issued ASU 2025-06,

Intangibles Goodwill and Other Internal-Use Software (Subtopic 350-40): Targeted Improvements to the Accounting for Internal-Use Software.

The amendments provide updated guidance on the accounting for internal-use software, including clarifications to the capitalization criteria, enhancements to the evaluation of development stages, and refinements to the treatment of implementation costs. 3. ACQUISITIONS

MG Stover, LLC

On April 15, 2025, the Company completed the acquisition of all outstanding equity interests of MG Stover, a leading fund administrator for digital assets. As a result, MG Stover's operating results have been consolidated into the Company's consolidated financial statements effective from the acquisition date.

The following table summarizes the approximate values of consideration paid and the net assets acquired on the acquisition date:

Purchase consideration:
Cash, net of cash acquired \$ 21,090,525

Fair value of identifiable assets acquired and liabilities assumed:

Customer relationships	\$ 9,400,000
Prepaid expenses	109,538
Total identifiable assets acquired	9,509,538
Accounts payable	(991,616)
Deferred revenue	(462,398)
Total liabilities assumed	(1,454,014)
Net identifiable assets acquired	8,055,524
Goodwill	13,035,001
Net assets acquired	\$ 21,090,525

The total purchase consideration was approximately \$21,090,525, which consisted of cash paid net of cash acquired. No equity was issued as part of the transaction.

Acquired intangible assets include customer relationships valued at approximately \$9,400,000, which were fair valued using a discounted cash flow method based on company projections and Level 3 inputs. The useful life of these customer relationships at acquisition was 10 years. The trademark, non-compete agreements, and acquired technology related to an internally developed workflow system were determined to have de minimis values due to immediate rebranding, retention of key personnel, and the Company's intent to continue using its existing internal systems rather than the acquired technology, respectively. Goodwill of approximately \$13,035,001 represents expected synergies, expanded service capabilities, and the excess of purchase price over the fair value of net assets acquired. Goodwill is deductible for tax purposes.

The Company incurred approximately \$246,069 in transaction-related expenses related to the acquisition of MG Stover for the three months ended March 31, 2025. These costs are included in 'Selling, general & administrative' costs on the unaudited condensed consolidated statements of operations and comprehensive loss.

Digital assets receivable

Certain digital assets are subject to sale and transfer restrictions through vesting schedules typically associated with contracts with blockchain customers and their associated foundations. Digital assets receivable and restricted by vesting schedules for which the Company has not obtained accounting control and that are subject to contractual transfer restrictions through vesting schedules are recognized as 'Digital assets receivable' on the Company's unaudited condensed consolidated balance sheets. As of March 31, 2026 and December 31, 2025, the majority of the balance was denominated in USD, with a variable quantity of tokens expected to be received based on their USD equivalent at the time of transfer. The portion of the balance denominated in digital assets represents the right to receive a fixed amount of those assets in the future and contains an embedded forward feature that is remeasured at fair value each period based on the market price of the underlying digital assets to be received. As the tokens are released to the Company in accordance with contractual vesting schedules, the tokens are reclassified from 'Digital assets receivable' to 'Digital assets held for investment' on the unaudited condensed consolidated balance sheets.

As of March 31, 2026 the Company was entitled to receive \$3,679,836 of digital assets restricted by vesting schedules (including \$2,059,917 and \$1,619,919 classified as current and noncurrent, respectively) after accounting for the effects of the embedded derivative feature identified resulting from the Company's right to receive a fixed amount of digital assets, the fair value of which fluctuates based on market conditions. As of March 31, 2026, sale restrictions associated with the digital assets subject to these vesting schedules range from less than one month to approximately two years.

5. DIGITAL ASSETS (cont.)

As of December 31, 2025, the Company was entitled to receive \$4,056,320 of digital assets restricted by vesting schedules (including \$2,500,102 and \$1,556,218 classified as current and noncurrent, respectively) after accounting for the effects of the embedded feature based on the changes in the fair value of the underlying digital assets when the quantity to be received is fixed. The remaining restriction periods on these digital assets similarly ranged from less than one month to approximately two years.

6. INVESTMENT IN FUNDS

Investments in Tokenized Fund Interests

The Company holds investments in STAC, HLSCOPE, ACRED, VBILL, and sVBILL (together, the Equity Tokens

). Each of these instruments represents a tokenized ownership interest in a corresponding investment fund and therefore is not within the scope of ASC 350-60. The Company's VBILL and sVBILL holdings of \$77,489 and \$5,000,000 are classified as a cash equivalent and a receipt token held at cost less impairment, respectively as of March 31, 2026 and \$14,813 and \$5,000,000, respectively as of December 31, 2025. The remaining Equity Tokens, consisting of STAC, HLSCOPE, and ACRED, represent non-voting, non-redeemable participating shares issued as part of the funds' respective share capital. The investment for each of these Equity Tokens are recorded on the unaudited condensed consolidated balance sheets in 'Investments in tokenized assets' as of March 31, 2026 and December 31, 2025.

The Company's stablecoins included on the unaudited condensed consolidated balance sheets as 'Cash and cash equivalents' are excluded from the table above. The Company's digital assets held at fair value are included on the unaudited condensed consolidated balance sheets as 'Digital assets held for investment' as of March 31, 2026 and December 31, 2025. The Company's digital assets receivable held at fair value are included on the unaudited condensed consolidated balance sheets as 'Digital assets receivable and 'Digital assets receivable, noncurrent' as of March 31, 2026 and December 31, 2025. The Company's unrestricted BUIDL is included on the unaudited condensed consolidated balance sheets as 'Cash and cash equivalents' as of March 31, 2026 and December 31, 2025. The Company's SAFEs are included on the unaudited condensed consolidated balance sheets as 'Simple agreements for future equity' as of March 31, 2026 and December 31, 2025. The Company's Option liability is included on the unaudited condensed consolidated balance sheets as 'Option liability' as of March 31, 2026 and December 31, 2025. The Company's Derivative liability is included on the unaudited condensed consolidated balance sheets as 'Derivative liability' as of March 31, 2026 and December 31, 2025.

The following table shows the activity of Level 3 financial instruments:

Certain instruments have been valued using the concept of NAV as a practical expedient. The Company notes that their NAV is generally not published and publicly available, nor are these instruments traded on an exchange. Instruments valued using NAV as a practical expedient are in accordance with GAAP and are not classified within the fair value hierarchy levels.

There were no transfers in and out of Level 3 financial instruments during any of the periods presented.

The Company measures certain financial instruments at fair value on a recurring basis. These instruments are classified within Level 3 of the fair value hierarchy as their valuation relies on significant unobservable inputs. Level 3 measurements reflect management's judgment regarding the assumptions market participants would use in pricing the instruments. As of March 31, 2026 and December 31, 2025, Level 3 liabilities included an option liability, SAFE liability, and derivative liabilities associated with convertible notes.

The option liability is measured using a probability-weighted option pricing model framework. As of March 31, 2026 and December 31, 2025, the fair value of the option liability was approximately \$11,300,000 and \$11,390,000, respectively. Significant unobservable inputs used in the valuation for the three months ended March 31, 2026 included an equity volatility assumption of approximately 69%, an expected time to event of approximately 0.17 years, and an estimated fair value of the underlying preferred stock of approximately \$34.05 per share. Significant unobservable inputs used in the valuation for the year ended December 31, 2025 included an equity volatility assumption of approximately 68%, an expected time to event of approximately 0.25 years, and an estimated fair value of the underlying preferred stock of approximately \$34.05 per share. An increase in equity volatility would result in a higher fair value measurement.

7. FAIR VALUE MEASUREMENTS (cont.)

SAFES are accounted for as liabilities and measured at fair value using a scenario-based, probability-weighted valuation technique. The valuation considers outcomes including an equity financing, liquidity event, or dissolution, based on the contractual terms of the SAFES. As of March 31, 2026 and December 31, 2025, the fair value of SAFES was approximately \$11,817,000 and \$10,449,000, respectively. Significant unobservable inputs used in the valuation for the three months ended March 31, 2026 included equity volatility of approximately 75%, a market discount rate of approximately 14%, and expected conversion dates of approximately 0.17 years. Significant unobservable inputs used in the valuation for the year ended December 31, 2025 included equity volatility of approximately 56%, a market discount rate of approximately 13%, and expected conversion dates of approximately 0.25 years. Changes in volatility, discount rates, or assumed timing of conversion events would materially affect the estimated fair value.

The Company's convertible notes contain embedded features that meet the definition of derivatives and are bifurcated from the host debt instrument. The embedded derivative liabilities are measured using option pricing techniques. As of March 31, 2026 and December 31, 2025, the fair value of the embedded derivative liabilities was approximately \$28,171,000 and \$26,170,000, respectively. Significant unobservable inputs used in the valuation for the three months ended March 31, 2026 included equity volatility ranging from approximately 62% to 75%, estimated transaction-based equity values ranging from \$27.28 to \$40.87 per share, and credit-adjusted discount rates of approximately 8% to 23%. Significant unobservable inputs used in the valuation for the year ended December 31, 2025 included equity volatility ranging from approximately 56% and 71%, estimated transaction-based equity values of approximately \$27.28 to \$40.87 per share, and credit-adjusted discount rates of approximately 7.69% and 21.63%. Increases in volatility or the likelihood of favorable transaction scenarios would result in higher derivative fair values.

The following table presents the cost and fair value of the Company's investments:

When evaluating investments for credit losses, the Company considers multiple factors, including the duration and extent of fair value declines, the financial condition of the issuer, and whether the Company intends to sell or is more likely than not to be required to sell the investment before recovery of its amortized cost basis. The Company determined that the increase in fair value of its investments in 2025 was primarily driven by changes in market interest rates, which affected the valuation of fixed-income securities, including U.S. Treasury holdings. Accordingly, the Company concluded that no credit losses were recognized on its investment portfolio during the three months ended March 31, 2026 and 2025.

All of the U.S. Treasury bills held at March 31, 2026 are scheduled to mature in 2026.

Total Long-Term Debt \$ 79,915,000 \$ 84,704,733 \$ 84,704,733

The Company notes that the fair value of its Convertible promissory notes payable approximates their initial carrying value. Interest expense on outstanding debt totaled \$2,269,858 and \$1,399,414 for the three months ended March 31, 2026 and 2025, respectively.

Line of Credit

The Company is party to a line of credit with a financial institution, which provides for a total commitment based on a percentage of the Company's investments held with the financial institution. The balance of outstanding borrowings will incur interest at a variable rate based on the One-Month SOFR plus 65 basis points (4.30% at March 31, 2026 and 4.44% at December 31, 2025). Total commitment availability on the line of credit is limited to the amount of capital invested with UBS at a given time, which amounted to \$641,636 and \$638,451 as of March 31, 2026 and December 31, 2025, respectively. There were no borrowings on the line of credit during the three months ended March 31, 2026 and 2025, and no outstanding borrowings as of March 31, 2026 and December 31, 2025.

2025 secondary transactions

) The Company waived its right of first refusal applicable to such shares. As a result of the common stock transactions, the Company recorded a total of \$7,236,667 in stock-based compensation expense for the excess of the purchase price paid by these investors over the fair value of shares sold. This amount is included in 'Selling, general, and administrative' expense on the unaudited condensed consolidated statements of operations and comprehensive loss for three months ended March 31, 2025. As a result of the preferred stock transactions, the Company recorded a deemed dividend

in the amount of \$1,493,539 for the excess of the purchase price paid by these investors over the carrying value of the shares sold. In connection with certain of the 2025 secondary transactions, on March 4, 2025, a preferred stockholder exchanged 421,723 shares of common stock with the Company for 421,723 shares of Series B-4 redeemable convertible preferred stock. The fair value of the newly issued Series B-4 redeemable convertible preferred stock at the time of the exchange was 6,325,845. Upon completion of the Series B-4 redeemable convertible preferred stock exchange, the associated shares of common stock received in the exchange were retired.

The Company did not have any secondary transactions during the three months ended March 31, 2026.

12. INCOME TAXES

The Company accounts for income taxes in interim periods in accordance with ASC 740-270, Income Taxes, Interim Reporting. Under ASC 740-270, interim tax provisions are generally determined using an estimated annual effective tax rate applied to year-to-date ordinary income or loss, adjusted for discrete items. Due to the Company's full valuation allowance against its deferred tax assets, the estimated annual effective tax rate method is not meaningful. As a result, the Company determined its income tax provision for the three months ended March 31, 2026 using a year-to-date actual method. The provision primarily reflects current income taxes payable or refundable for the period, while deferred tax benefits generated during the period are offset by corresponding changes in the valuation allowance.

The provision for income taxes and the effective income tax rates were as follows:

	Three Months endedMarch 31, 2026	2025		
Provision for income taxes	\$ 43,008	\$ 82,059		
Effective income tax rate	0.55 %	0.68 %		

The effective tax rates differ from the statutory tax rates for the three months ended March 31, 2026 and 2025 primarily due to the Company's full valuation allowance position against net deferred tax assets. The provision for income taxes for the three months ended March 31, 2026 and 2025 included estimated federal, state, and foreign income taxes in jurisdictions in which the Company does not have sufficient tax attributes.

The valuation allowance was \$28,929,000 as of March 31, 2026 compared to \$28,627,000 as of December 31, 2025. The increase during the three months ended March 31, 2026 relates to a full valuation allowance primarily recorded against capitalized research expenditures and additional net operating losses generated in the year. The Company regularly assesses the need for a valuation allowance against its deferred tax assets. In making that assessment, the Company considers both positive and negative evidence related to the likelihood of realization of the deferred tax assets to determine, based on the weight of available evidence, whether it is more-likely-than-not that some or all of the deferred tax assets will not be realized. In assessing the realizability of deferred tax assets, the Company considers taxable income in prior carryback years, as permitted under the tax law, forecasted taxable earnings, tax planning strategies, and the expected timing of the reversal of temporary differences. This determination requires significant judgment, including assumptions about future taxable income that are based on historical and projected information and is performed on a jurisdiction-by-jurisdiction basis. Despite positive operating results in 2026, the Company faces uncertainties in forecasting its operating results going forward. This operating uncertainty also makes it difficult to predict the availability and utilization of tax benefits over the next several years. As a result, management has concluded, as of March 31, 2026, it is more likely than not the Company's net deferred tax assets will not be realized, and a full valuation allowance against net deferred tax assets in all jurisdictions is still warranted as of March 31, 2026. The valuation allowance against these deferred tax assets may require adjustment in the future based on changes in the mix of temporary differences, changes in tax laws, and operating

performance. If the positive operating results continue, and the Company believes future taxable income can be more reliably forecasted, the Company may release all or a portion of the valuation allowance. If and when the Company determines the valuation allowance should be released (i.e., reduced), the adjustment would result in a tax benefit reported in that period's Consolidated Statements of Operations, the effect of which would be an increase in reported net income.

13. RELATED PARTY TRANSACTIONS

Management Fees

The Company is entitled to earn management fees for fund management services provided to certain investment funds that are considered related parties of the Company. Accounts receivable related to these management fees totaled \$433,409 and \$594,435 as of March 31, 2026 and December 31, 2025, respectively, and are included within 'Accounts receivable, related parties' on the unaudited condensed consolidated balance sheets. Management fee revenues totaled \$218,024 and \$5,663 for the three months ended March 31, 2026 and 2025, respectively, and are included within revenue on the unaudited condensed consolidated statements of operations and comprehensive loss.

Collateralized Lending Related Parties

At various times throughout 2025, the Company entered into lending arrangements with certain related parties of the Company in which the Company advanced an aggregate amount of \$2,253,026 in certain digital assets also borrowed by the Company during the year ended December 31, 2025, of which \$290,356 was still outstanding as of December 31, 2025. All of the remaining lending arrangements entered into with related parties were settled and fully repaid during the current quarter such that there were none outstanding as of March 31, 2026. These amounts were included within 'Digital assets loan receivable, related parties' on the unaudited condensed consolidated balance sheets.

Secondary transactions and exchange of Common stock for Series B-4 redeemable convertible preferred stock

During the three months ended March 31, 2025, the Company waived its right of first refusal in connection with certain secondary transactions involving its equity securities held by certain former employees, co-founders, and related parties, which resulted in the recognition of stock-based compensation expense and deemed dividends recorded in the consolidated financial statements. There were no such transactions during the three months ended March 31, 2026. Refer to the Stockholders' Deficit note (Note 11) for additional information.

Notes Receivable, Related Parties

In January 2019, the Company provided funds in the form of a promissory note, as most recently amended in December 2022, totaling \$89,879 to Batch 22X Ltd. (Batch 22X

), which is managed by the co-founders and members of the Company's management. There is no interest due and the note matures on December 31, 2029. The outstanding balance of the note totaled \$66,109 as of March 31, 2026 and December 31, 2025. The balance of this note was recorded as 'Notes receivable, related parties' on the Company's unaudited condensed consolidated balance sheets as of March 31, 2026 and December 31, 2025.

On August 6, 2025, the Company signed a loan agreement with SIZE Foundation, a Cayman Islands foundation company and related party, to provide SIZE Foundation with an unsecured revolving credit facility of up to \$500,000, which was subsequently amended to increase the credit line to \$2,000,000 during the quarter ended December 31, 2025. During 2026 the loan agreement was amended to increase the credit line to \$3,000,000, which became effective on May 12, 2026. Borrower may repay the loan at any time but must fully repay each advance no later than 5 years from the advance date. Interest is accrued on the unpaid principal balance of the loans at a per-annum rate equal to the midterm applicable federal rate (

AFR

) for quarterly compounding most recently published by the Internal Revenue Service. Borrowers can request advances at least one business day before the desired date of advance, subject to the maximum loan amount not being exceeded. The outstanding balance was recorded as 'Notes receivable, related parties' on the Company's unaudited condensed consolidated balance sheets \$2,116,042 and \$556,282 as of March 31, 2026 and December 31, 2025, respectively.

In February 2022, the Company executed an unsecured credit facility to a related party, Securitize KKR Platform SPC, LTC (

Securitize KKR

), with a maximum loan amount not to exceed \$15,000,000 to fund capital calls. Securitize Capital is the General Partner of Securitize KKR. The borrower may repay each advance at any time or from time to time, provided that each advance is repaid in full prior to the 5-year anniversary of each

advance. This credit facility does not provide for a stated interest charge. The outstanding balance was \$4,702,874 and \$3,476,639 as of March 31, 2026 and December 31, 2025, respectively. The balance of this note was recorded as 'Notes receivable, related parties' on the Company's unaudited condensed consolidated balance sheets as of March 31, 2026 and December 31, 2025.

On July 14, 2023, the Company signed a loan agreement with Securitize Capital Hamilton Lane Equity Opportunity Fund LP (Securitize Capital Hamilton Lane Fund

), a related party, for up to \$7,000,000. Borrower may repay the loan at any time but must fully repay each advance no later than 5 years from its date. This note is interest free. Borrowers can request advances at least one business day before the desired date of advance, subject to the maximum loan amount not being exceeded.

The outstanding balance was \$1,353,732 and \$1,084,957 as of March 31, 2026 and December 31, 2025, respectively. The balance of this note was recorded as 'Notes receivable, related parties' on the Company's unaudited condensed consolidated balance sheets as of March 31, 2026 and December 31, 2025.

The related party loan arrangements related to Securitize KKR and Securitize Capital Hamilton Lane Fund were entered into in the ordinary course of business to

support liquidity management, working capital needs, and operational efficiency across the Company and its affiliated entities. These arrangements facilitate the timely funding of operating activities and investment-related obligations within the Securitize platform and related funds. The issuance of notes receivable to related parties facilitates the funding of capital calls in accordance with the Company's required commitment. The Company receives L.P. interests in the funds based on the amount of capital contributed. These L.P. interests increase and decrease directly with the capital contributed and repaid, along with respective changes in the fund's NAV. Therefore, the Company elected to apply the Net Asset Value (

NAV

) practical expedient for the L.P. interests, with changes in NAV recorded in Other income, net on the Company's unaudited condensed consolidated statements of operations and comprehensive loss.

14. VARIABLE INTEREST ENTITIES

The Company holds variable interests in certain entities that meet the definition of a Variable Interest Entity (

VIE

) under Accounting Standards Codification (

ASC

) 810, Consolidation (

ASC 810

). These entities were evaluated to determine whether the Company is the primary beneficiary and, therefore, required to consolidate their financial results.

As of March 31, 2026 and December 31, 2025, the Company identified Securitize AAA CLO Tokenized Fund, Ltd., Apollo Diversified Credit Securitize Fund, Hamilton Lane SCOPE Securitize Tokenized Feeder, L.P., Securitize KKR Platform SPC Ltd., Securitize Capital Hamilton Lane Equity Opportunity Fund LP, and VanEck Treasury Fund, Ltd. as VIEs; the Company's relationships with these funds are outlined in the table below.

During the year ended December 31, 2025, the Company obtained an equity interest in Securitize AAA CLO Tokenized Fund, Ltd. This equity interest represents a tokenized interest in the participating, non-voting equity shares of Securitize AAA CLO Tokenized Fund, Ltd., providing exposure to the full residual returns and losses of the underlying portfolio without conferring any governance or decision-making rights with respect to the CLOs or their managers. The Company also obtained an equity interest in Securitize AAA CLO Tokenized Fund, Ltd.'s management, voting equity shares which do not have the right to participate in full residual returns of the underlying portfolio. The Company is not the primary beneficiary of Securitize AAA CLO Tokenized Fund, Ltd. because the Company does not have the obligation to absorb losses or the right to receive benefits that could potentially be significant to Securitize AAA CLO Tokenized Fund, Ltd.

The Company is not the primary beneficiary of the Apollo Diversified Credit Securitize Fund, Hamilton Lane SCOPE Securitize Tokenized Feeder, L.P., Securitize KKR Platform SPC Ltd., Securitize Capital Hamilton Lane Equity Opportunity Fund LP, and VanEck Treasury Fund, Ltd. because the Company does not have the power to direct the activities that most significantly affect the economic performance of these VIEs.

14. VARIABLE INTEREST ENTITIES (cont.)

Accordingly, the Company does not consolidate these VIEs in their unaudited condensed consolidated financial statements. The carrying amounts of the assets and liabilities represent the maximum exposure to loss as a result of this involvement and are as follows:

15. LENDING AND COLLATERALIZATION ARRANGEMENTS INVOLVING TOKENS

Beginning in November 2024 and throughout 2025, the Company became party to various lending arrangements, governed by various Master Loan and Security Agreements (

MLSAs

), with certain investors of tokenized funds (the counterparties

). Under the MLSAs, the Company was subject to making advances to the counterparties in exchange for transferring certain tokens as collateral on the loans. These loans receivable typically bore an annual facilitation fee of approximately 2.00% which accrued until settled as a deduction from the collateral balance remitted back to the counterparties. When facilitating these transactions, the Company simultaneously locked the tokenized assets received as collateral in smart contracts

using its sToken vault technology (minted as the applicable sTokens

) which enabled the collateral assets to be able to interact with various decentralized finance protocols so the Company could service these lending arrangements via on-chain borrowings from the respective network.

In facilitating these lending arrangements, the Company provided a regulated, contract-based, and operationally managed means for investors in certain tokenized assets to access certain DeFi investment strategies, rather than requiring the investor to interact directly with blockchain protocols. The Company, in its capacity as a regulated intermediary and transfer agent for the underlying collateral assets, ensured that the tokenized assets were not transferred, pledged, or otherwise utilized without the required regulatory controls and permissions. This structure was followed to ensure that these of types transactions involving tokenized collateral within DeFi were able to occur in compliance with applicable securities laws and contractual restrictions in a controlled setting and access to the relevant smart contracts to open these positions was exclusively available through the Company's infrastructure. By initially restricting these smart contracts for use by the Company such that they were not publicly available for direct access by investors, the Company was able to control its measured release while also demonstrating some potential benefits of tokenizing and using regulated assets in DeFi strategies, including added yield generation and providing new liquidity sources. The Company opted for this gradual release of these concepts to prove that the underlying assets could maintain their compliance with traditional regulations while also being composable in DeFi, which were novel use cases for the industry and that had limited previous institutional adoption historically.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

15. LENDING AND COLLATERALIZATION ARRANGEMENTS INVOLVING TOKENS (cont.)

As a result of the Company's facilitation of these transactions through proof-of-concepts demonstrating how tokenized real-world assets (RWAs) can interact with DeFi protocols to enable new institutional investment strategies while concurrently advancing the ecosystem and increasing the amount of tokenized assets and protocols available the public release of these smart contracts has been successfully rolled out, allowing investors to access them independently as intended. Specifically, the Company's facilitation of each transaction's execution is no longer required, while the functionality still provides for the necessary level of compliance necessary for the underlying RWAs and the applicable regulatory frameworks. Accordingly, during the final months of the year ended December 31, 2025 and into early 2026, the Company wound down all of these lending arrangements with counterparties and had no associated amounts remaining on the unaudited condensed consolidated balance sheets as of March 31, 2026.

As of December 31, 2025, there was \$1,722,665, recorded within 'Restricted tokenized assets' representing the collateral received from counterparties, with a corresponding \$1,722,665 amount recorded within 'Obligation to return collateral' which the Company used to service the associated loans by borrowing additional assets, typically from a DeFi protocol. The corresponding liabilities for the amounts received from the applicable network were recorded within 'Digital asset borrowings' in the amount of \$101,109 on the unaudited condensed consolidated balance sheets as of December 31, 2025. The collateral assets and related borrowings from the applicable networks facilitated the advances of \$99,647 in loans of certain digital assets (excluding the \$290,356 advanced to related parties in the ordinary course see Note 13) which were recognized within 'Digital assets loan receivable' as of December 31, 2025.

These types of lending arrangements, specifically where the Company obtains accounting control over a counterparty's collateral and facilitates participation in DeFi strategies through servicing additional collateralized borrowings from protocols for counterparties, are no longer being executed by the Company and there is no expectation that they will resume in 2026.

Legal Claims

The Company, from time to time, is subject to legal proceedings and claims which arise in the normal course of its business. Management believes that resolutions of these matters will not have a material adverse effect on the Company's results of operations or financial condition.

Regulatory Risk

The Company's business is subject to extensive laws, rules, regulations, policies, orders, determinations, directives, treaties, and legal and regulatory interpretations and guidance in the markets in which it operates. Many of these legal and regulatory regimes were adopted prior to the advent of the internet, mobile technologies, digital assets, and related technologies.

As a result, some applicable laws and regulations do not contemplate or address unique issues associated with the digital asset economy, are subject to significant uncertainty, and vary widely across U.S. federal, state, and local and international jurisdictions. These legal and regulatory regimes, including the laws, rules, and regulations thereunder, evolve frequently and may be modified, interpreted, and applied in an inconsistent manner from one jurisdiction to another, and may conflict with one another. To the extent the Company has not complied with such laws, rules, and regulations, the Company could be subject to significant fines, revocation of licenses, limitations on the Company's products and services, reputational harm, and other regulatory consequences, each of which may be significant and could adversely affect the Company's business, operating results, and financial condition.

J Digital 6 LLC Warrant Agreement

On March 6, 2025, the Company entered into an agreement with J Digital 6 LLC (

JD6

) under which the Company issued 835,217 Warrants to JD6 (the

J Digital 6 Warrants

). Under the terms of the agreement, J Digital 6 LLC paid a purchase price of \$1,000 to acquire a warrant to purchase shares of the Company's Series B-4 Preferred Stock (or other applicable series) at an exercise price of \$15.00 per share. The J Digital 6 Warrants cover up to 2.72% of the Company's fully diluted capitalization as of the issue date, divided into four equal tranches, each representing 0.68% of fully diluted capitalization. Each tranche vests independently, subject to specific vesting criteria and other

conditions as set forth in the agreement. The Company notes that the J Digital 6 Warrants are subject to a contractual expiration date of March 6, 2028 (three years from issuance), which represents the period during which vested tranches may be exercised.

The vesting conditions for each tranche require (i) the listing of the Company's BUIDL token on an approved centralized exchange (

CEX

) with the Jump Group onboarded and actively trading on such exchange, and (ii) the Jump Group maintaining at least 30% of its total exchange collateral in BUIDL for four consecutive months following the listing. Each tranche vests only upon satisfaction of these performance conditions. The grant date fair value of vested portions of the J Digital 6 Warrants are recorded as an increase to mezzanine equity. The compensation cost is recognized in accordance with ASC 718 for nonemployee awards.

The fair value of the J Digital 6 Warrants were measured at their grant date and totaled \$4,678,886 (or \$5.60 per J Digital 6 Warrant), determined using an option-pricing model. The agreement includes customary anti-dilution protections, transfer restrictions, and provisions for automatic vesting and exercise of certain tranches in connection with qualifying liquidation transactions.

During the fourth quarter of 2025, the first tranche of 208,804 J Digital 6 Warrants was deemed probable of vesting and began vesting over a four-month period commencing in October 2025. Therefore, the Company recognized \$438,645 of compensation expense related to the first tranche for the three months ended March 31, 2026. This amount is recorded within 'Selling, general & administrative' expense, with a corresponding increase to mezzanine equity. There were no transactions of a similar nature during the three months ended March 31, 2025.

Capital Call Commitments

The Company is a party to separate notes receivables issued to related parties, Securitize KKR and Securitize Capital Hamilton Lane Equity Opportunity Fund, as detailed in Note 13. For each of the funds, the Company is responsible to cover capital calls up to their remaining commitment amount, which is the total commitment amount as described as the maximum loan amounts outlined in Note 13, less the amount committed to date. The Company did not record a commitment liability as of March 31, 2026 or December 31, 2025 for the remaining commitment amount, because it is not probable that the Company will be required to pay the full commitment.

18. REVENUE

Major Solutions/Service Offerings

The following table summarizes revenues from our major solutions/service offerings:

	For the Three Months Ended	March 31,
	2026	2025
Tokenization	\$ 11,135,205	\$ 11,261,663
Asset Servicing	8,343,261	2,772,356
Total	\$ 19,478,466	\$ 14,034,019

Tokenization revenue consists of services related to ecosystem expansion, as well as the trading, enhancement of utility, and distribution of digital assets. Revenue from on-chain contracts is recognized at a point in time upon completion of blockchain integration, when the technical integration is complete. Revenue from trading activities is recognized at a point in time when the related trades are executed. In addition to integration services, tokenization arrangements typically include performance obligations for ongoing maintenance and support services, with the associated revenue recognized ratably over the contractual term. Placement fees associated with making assets available for distribution are recognized either at a point in time or over the contract period, depending on the specific terms of the agreement.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION AND NATURE OF BUSINESS

Nature of Business and Operations

Securitize, Inc. and its subsidiaries (

Securitize

,

Company

, and

our

), founded in 2017, is a Delaware corporation that operates a comprehensive platform for issuing, managing, and trading private market securities using blockchain technology. The Company provides a compliance-driven infrastructure that enables the tokenization of private securities, supporting functions such as dividends, distributions, share buy-backs, and investor servicing.

The platform offers issuer services, including securities issuance and management, end-to-end document handling, and investor communications, as well as investor services, such as accreditation, wallet management, an investor dashboard, and token distribution. Additionally, the Company operates a registered broker-dealer and alternative trading system (ATS), facilitating compliant trading of digital asset securities.

The Company is headquartered in Miami, Florida, with a global presence, maintaining offices in New York, Nevada, Spain, Israel, and Japan.

On March 20, 2024, the Company announced the launch of the first tokenized fund in conjunction with the BlackRock USD Institutional Digital Liquidity Fund (BUIDL), which is issued on a public blockchain and managed by BlackRock Financial Management Inc.

On April 15, 2025, the Company completed the acquisition of MG Stover & Co. (

MG Stover

), a leading fund administrator for digital assets. The acquisition enhances the Company's institutional fund administration services and positions Securitize as a leading provider in the U.S. digital asset market.

The Company is subject to a number of risks, including limited operating history, dependence on key individuals, rapid technological changes, competition from larger companies, new entrants, the need for adequate financing to fund future operations, and the need for successful development and marketing of its products and services.

Potential Business Combination with Cantor Equity Partners II, Inc.

On October 27, 2025, the Company executed a Business Combination Agreement (the

Business Combination

) with Cantor Equity Partners II, Inc. (Nasdaq: CEPT), a special purpose acquisition company, regarding a potential transaction that would result in the Company becoming a publicly traded entity (

PubCo

). The proposed transaction values the Company's equity at approximately \$1,250,000,000 and includes provisions for equity conversion and potential earn-out shares.

The agreement also contemplates a concurrent private placement targeting \$225,000,000 in gross proceeds and a minimum available cash condition of \$100,000,000 at closing, which may be waived by the Company. Completion of the transaction is subject to customary conditions, including regulatory and shareholder approvals, and there is no assurance that the transaction will be consummated.

The Business Combination will be accounted for as a reverse recapitalization, with no goodwill or other intangible assets recorded. Under this method of accounting,

CEPT does not meet the ASC 805, Business Combinations (

ASC 805

) definition of a

business

and is treated as the

acquired

company for financial reporting purposes. Securitize has been determined to be the accounting acquirer because existing Securitize Stockholders, as a group, will retain the largest portion of the voting rights in the combined entity when contemplating the various redemption scenarios, the executive officers of PubCo will be appointed by Securitize, the majority of the board of directors of PubCo will be appointed by Securitize, Securitize represents a significant majority of the operations of PubCo, and the operations of Securitize will be the continued operations of PubCo.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Consolidation and Presentation

The accompanying consolidated financial statements include the accounts of Securitize, Inc. along with the Company's wholly-owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation.

Going Concern

Substantial doubt about an entity's ability to continue as a going concern exists when relevant conditions and events, considered in the aggregate, indicate that it is probable that the entity will be unable to meet its obligations as they become due within one year from the consolidated financial statement issuance date. The Company has determined that, in aggregate, no conditions or events raise substantial doubt about its ability to continue as a going concern for at least twelve months from the date these consolidated financial statements were issued. Accordingly, the consolidated financial statements have been prepared in accordance with

GAAP on a going concern basis.

Use of Estimates

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and disclosures in the accompanying notes.

Significant estimates that are particularly susceptible to significant changes relate to the fair value of stock-based awards, the fair value of embedded derivatives, the preferred stock option liability, the grant date fair value of the warrants, the assessment of the amount and likelihood of adverse outcomes from claims and disputes, the valuation of intangible assets acquired in business combinations including goodwill, the determination as to whether goodwill or indefinite-lived intangible assets are impaired and, if so, the amount of the impairment, the determination of standalone selling price for the Company's on-chain services, the ability to continue as a going concern, the net asset value of the Company's investment in tokenized funds, the realizability of deferred tax assets and related valuation allowances, particularly for net operating loss carryforwards, and the valuation of simple agreements for future agreements (

SAFE's

). The Company bases its estimates on historical experience and various other assumptions which it believes to be reasonable under the circumstances. These estimates may change as new events occur and additional information becomes available. Actual results could differ from these estimates and any such differences may be material to the consolidated financial statements.

Reclassifications

Certain prior-period amounts have been reclassified to conform to the current period presentation, with no impact on previously reported net loss, total assets, total liabilities, or stockholders' deficit.

Foreign Currency Translation

The operations of Securitize Japan, Securitize Israel and Securitize Europe are measured using the Japanese Yen, Israeli New Shekel and Euro, their functional currencies, respectively, and translated into U.S. dollars for presentation in the financial statements. Assets and liabilities have been translated using the foreign currency exchange rate at the balance sheet date. Revenues and expenses are translated using the weighted average exchange rate, and cash flows were either reported using exchange rates in effect at the time of the cash flows or at the average rate for the reporting period.

The related foreign currency translation adjustment is reflected in accumulated other comprehensive income as a component of stockholders' deficit. Foreign exchange gains and losses arising from transactions denominated in a currency other than the functional currency are included within 'Other income, net' in the consolidated statements of operations and comprehensive loss.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less, at the time of purchase, to be cash equivalents. The Company notes that each tokenized share of BUIDL and VBILL represents an ownership interest in the BlackRock USD Institutional Digital Liquidity Fund and VanEck Treasury Fund, Ltd., respectively,

the Funds

. Shares of the Funds are only available for purchase by qualified investors. The Company classifies each share of BUIDL and VBILL, tokenized U.S. dollar denominated funds, as a cash equivalent because the funds are highly liquid, tokenized U.S. dollar-denominated funds whose underlying portfolio is required to maintain a weighted average maturity of 60 days or less for VBILL and 90 days or less for BUIDL, and the Funds' portfolio investments are exclusively in cash, U.S. Treasury obligations maturing in three months or less, and repurchase agreements secured by such obligations. BUIDL and VBILL tokens can be redeemed at their net asset value which is \$1 per share and are readily convertible to cash. This does not include any VBILL locked in a smart contract (sVBILL, as defined below), which is classified as Investments in tokenized assets on the Company's consolidated balance sheets as of December 31, 2025, as this represents an investment activity by the Company. This also does not include any BUIDL locked in a smart contract (sBUIDL, as defined below), which is classified as Restricted tokenized assets on the Company's consolidated balance sheets as of December 31, 2024, as this represents a receipt token held as collateral.

The Company also considers USDC a cash equivalent. USDC is readily convertible to known amounts of cash, allowing for near-instant, one-to-one redemption of USDC for U.S. dollars. Furthermore, the underlying reserves backing USDC, comprising cash in segregated accounts titled for benefit of USDC holders and a government money market fund that holds cash, short-duration U.S. Treasuries, and overnight U.S. Treasury repurchase agreements, exhibit the risk and liquidity characteristics of cash equivalents as defined in ASC 230, Statement of Cash Flows.

Digital Assets

The Company uses the term

digital asset

to refer to an asset that is generated, issued and/or transferred using distributed ledger or blockchain technology, including, but not limited to, assets known as tokens

,
cryptocurrencies

,
crypto assets

,
stablecoins

, and
tokenized securities

which also rely on and/or are secured through cryptographic protocols.

Digital intangible assets that meet the scope requirements of ASC 350-60, digital assets that do not meet the scope requirements of ASC 350-60, and stablecoins are collectively referred to as 'Digital assets. Accounting for digital assets depends on the nature of the asset and how the asset is held. The Company typically obtains digital assets through its operations as a form of payment from customers and they are converted to cash or cash equivalents, or they are used to fulfill expenses, primarily various blockchain fees that need to be settled in cryptocurrencies, nearly immediately. The Company also obtains digital assets for investment purposes typically through helping customers or businesses tokenize real-world assets which the Company may also hold for its own strategies from time to time. Digital assets are initially recorded at the transaction price of the assets obtained upon their initial recognition, as determined by the quoted prices within the Company's principal market at the time of measurement. Gains and losses upon the sale of digital assets are determined on a first-in, first-out (

FIFO)
) basis for each pool of digital assets. The Company accounts for digital assets based on their nature in the following ways:

" Digital assets recorded at fair value Changes in fair value are presented net on the Company's consolidated statements of operations and comprehensive loss in the period in which they occur. These assets include digital assets that meet the scope requirements of ASC 350-60, Intangibles Goodwill and Other Crypto Assets (

ASC 350-60

). They are recognized within 'Digital assets' in the Company's consolidated balance sheets. Because changes in the fair value are reported in earnings as they occur, the sale or disposition of these assets does not necessarily give rise to a gain or loss. The unrealized gains and losses on digital assets held or used in the ordinary course of business are recorded to 'Loss on digital assets from operations, net', and the unrealized gains and losses on digital assets held for investment purposes are recorded to 'Other income, net'.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

" Digital assets recorded at cost less applicable impairment charge These digital assets do not meet the scope criteria of ASC 350-60, primarily because they provide the holder with enforceable rights to or claims on other assets. Any net gain or loss on derecognition of these assets as a result of their sale or disposition are recognized in the consolidated statements of operations and comprehensive loss based on the nature of how they were held or used by the Company up until the date that the sale or disposition of the asset occurs, consistent with the classification above.

Stablecoins

Stablecoins are digital assets designed to have a relatively stable price that aligns with the price of an underlying asset, most commonly a fiat currency, such as USD, or an exchange-traded commodity. For the stablecoins held by the Company that are not considered to be a cash equivalent as determined above, the Company accounts for these other stablecoins either as digital assets which either meet or do not meet the scope requirements of ASC 350-60, and are either carried at fair value if the digital assets meet those scope requirements or at cost less impairment if they do not. The Company may transact with these types of stablecoins from time to time for various reasons, including to hold and use them for various investment strategies or otherwise in the ordinary course of business and classifies them in the consolidated financial statements accordingly.

As of December 31, 2025 and 2024, all of the Company's investments in stablecoins are recorded at cost less impairment, and all of the Company's stablecoins fair value approximates their cost. The Company's stablecoin holdings as of December 31, 2025 and 2024 are primarily comprised of USDT and deUSD, respectively, which are not subject to the same regulations or standards as those which meet the definition of a payment stablecoin under the Guiding and Establishing National Innovation for U.S. Stablecoins Act (the

GENIUS Act

). These assets may not be backed by audited physical reserves and/or may not provide for any contractual redemption rights for USD or any other asset on demand from the issuer; however, the underlying pricing and collateralization mechanisms of the stablecoin have still provided for them to maintain a consistent value pegged to the US Dollar while held by the Company.

Restricted Tokenized Assets

Restricted tokenized assets

primarily consists of tokenized assets the Company received as collateral for its

Digital assets loan receivable

balances, where the Company has obtained accounting control over the collateral assets and the nature of the underlying assets can vary based on the activities for which they are being used. Typically, in facilitating the Company's lending arrangements the collateral assets held by the Company are locked in smart contracts to mint the associated receipt or wrapped tokens (i.e.

sTokens

such as

sBUIDL

or

sACRED

) which can be used to participate in various investing strategies with decentralized finance protocols (

DeFi activities

) including the borrowing of digital assets with the Company using the minted sTokens as collateral. Receipt and wrapped tokens associated with these protocols are forms of digital assets whose value is derived from the underlying digital assets for which the Company had obtained control, and the corresponding

Obligation to return collateral

for the underlying digital assets owed back to counterparties. As the collateral assets received is simultaneously locked in a smart contract, after which the Company is not allowed to use, invest or repledge the underlying digital assets, the assets received and held as collateral are derecognized in exchange for the

associated receipt and wrapped tokens, recognized within

Restricted tokenized assets

. Unlike the underlying tokenized assets that were derecognized when locked in a smart contract, these receipt tokens can be used to participate in DeFi activities and so the Company also may use the minted sTokens as collateral to facilitate the Company's lending arrangements (see

Digital asset borrowings

below). When these receipt and wrapped tokens are posted as collateral to facilitate these arrangements, the protocols do not obtain control, because only the Company can redeem the sTokens locked in the respective smart contracts. Accordingly, the associated receipt and wrapped tokens continue to be recognized by the Company.

Receipt tokens are initially recorded at cost less impairment, as they provide the Company with enforceable rights to or claims on the underlying tokenized assets while locked in smart contracts. If the Company elects to settle any of its open DeFi positions using these receipt tokens while an associated digital assets loan receivable is still

outstanding, then the receipt token is derecognized and reclassified back to the underlying tokenized asset initially received as collateral from the counterparties (i.e. such as ACRED, HLSCOPE, or other tokenized assets defined elsewhere in these consolidated financial statements). While the corresponding liability with the DeFi network (i.e. comprising

Digital asset borrowings

) is settled as a result of this activity, the

Obligation to return collateral

for the tokenized assets received from counterparties at the onset of the arrangement remains outstanding until the counterparty settles the

Digital assets loan receivable

outstanding with the Company. These tokenized assets are still restricted for Company use while held as collateral but are carried at their net asset value (NAV

), as they provide the holder with the same ownership rights as the underlying financial instruments with the only difference being that the tokenized record of ownership is on-chain, and accordingly stay recognized within

Restricted tokenized assets

until settlement.

As of December 31, 2025, the collateral assets comprising the Company's

Restricted tokenized assets

held by the Company consisted of HLSCOPE, ACRED, and sACRED of \$1,103,171, \$518,219, and \$101,275, respectively.

As of December 31, 2024,

Restricted tokenized assets

consisted entirely of the collateral assets that the Company received from counterparties that were subsequently minted as sTokens so the Company could use them to participate in certain DeFi activities while facilitating the Company's lending arrangements. These receipt tokens held as of December 31, 2024 are comprised entirely of sBUIDL (i.e. representing the right to receive BUIDL, which is considered a cash equivalent when its not locked in a smart contract) of \$36,000,000. Although receipt tokens initially are carried at cost less impairment as noted above, because the fair value of the underlying tokenized assets they represent fluctuates with market prices, the instruments are accounted for as hybrid contracts consisting of a host contract (the receipt token) measured at cost less impairment and an embedded forward feature based on changes in the fair value of the underlying tokenized asset, with the embedded derivative bifurcated and subsequently measured at fair value. The embedded forward feature to deliver a fixed amount of tokenized assets in the future is included in the balance for

Restricted tokenized assets

as it is immaterial within the context of the lending and collateralization arrangements outstanding for the Company as further described below.

Presentation of Loan Collateral

As of December 31, 2025, the Company held BlackRock USD Institutional Digital Liquidity Fund (

BUIDL

), Apollo Diversified Credit Securitize Fund (

ACRED

) and Hamilton Lane Senior Credit Opportunities Securitize Fund (

HLSCOPE

) as collateral on behalf of platform users who enter into lending arrangements with the Company. As of December 31, 2024, BUIDL was the only form of collateral held. The Company monitors collateral value and requests additional collateral from borrowers if the fair value of the collateral associated with a given loan drops below a predefined threshold, which typically ranges from 100% to 167% of the fair value of the digital assets on loan. If a borrower fails to post additional collateral when requested, the Company is entitled to liquidate the collateral and close out the loan, generally within 24 hours and never later than one business day. In all lending arrangements to date, the Company obtains control of the digital assets posted as collateral and records an 'Obligation to return collateral' at fair value on the consolidated balance sheets, with all collateral held in segregated custodial wallets, and subject to the Company's first-priority security interest allowing use, pledge, re-pledge, hypothecation, rehypothecation, sale, lending, or transfer without limitation. The right to receive the underlying digital assets posted as collateral is reflected within 'Restricted tokenized assets,' and the 'Obligation to return collateral' includes both the host instrument and a bifurcated embedded derivative remeasured at fair value each period representing the receipt tokens received due to the locking of the collateral in a smart contract. While fair value changes associated with the embedded derivative were nominal in 2024, during 2025 such changes were offset by the embedded forward feature bifurcated from the

sTokens recorded in 'Restricted tokenized assets,' with the offsetting positions in 'Obligation to return collateral' and 'Digital asset borrowings' substantially mitigating market risk related to fluctuations in the underlying digital assets.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Digital Asset Borrowings

The Company enters into borrowing arrangements with decentralized finance protocols via smart contracts to acquire digital assets for various purposes including to lend to counterparties through lending arrangements, to utilize as collateral for obtaining additional liquidity, or to hold for investment and earn rewards through staking or other yield strategies using the underlying digital assets. The borrowing arrangements allow for the Company to lock its tokenized assets into smart contracts with the network as collateral in exchange for a certain quantity of digital assets (e.g. deUSD) to be minted for the Company. Only the Company can redeem the collateral posted, however, the digital assets received as a collateralized borrowing from the protocol must be repaid in order to redeem all the corresponding tokens (e.g. sBUIDL). Because the decentralized finance protocol does not have the ability to lend or trade the locked receipt tokens with other market participants while the borrowings are outstanding, the Company has determined that it retains control of the assets posted as collateral to the network to obtain the borrowed digital assets.

The digital assets borrowed by the Company are initially recorded as 'Digital assets' in the consolidated balance sheets, and the associated protocol liabilities are recorded in 'Digital asset borrowings' in the consolidated balance sheets. The digital assets borrowed are initially recorded at and subsequently marked to fair value with a corresponding liability associated with the Company's obligation to return the borrowed digital assets back to the protocol, regardless of whether the assets are subsequently loaned out or held by the Company. The Company may use the borrowed digital assets at its discretion, and has an obligation to return the same quantity and type of digital assets to the associated DeFi network, upon repayment of the digital assets borrowed.

Customer Escrow Funds

Customer escrow funds include payments received from customers and held on their behalf. Such funds are restricted from the Company's use and are deposited into escrow accounts. A liability for customer escrow funds payable is recorded on the consolidated balance sheets offsetting the assets held. Generally, these funds represent dividends and distributions issued by customers.

Investments in Marketable Securities

Investments consist of marketable debt and equity securities classified as available-for-sale (

AFS

) and are carried at fair value. Investment purchases and sales are accounted for on a trade-date basis. Realized gains and losses on dispositions are based on the net proceeds and the adjusted cost of the securities sold, using the specific identification method. Realized gains and losses are included in operations in the year of sale. Unrealized gains and losses are based on the difference between cost and fair value of each security. Unrealized gains and losses are recorded in 'other income, net'.

Investments in Tokenized Assets

As of December 31, 2025, 'Investments in tokenized assets' on the consolidated balance sheets consisted of certain of the Company's unrestricted investments in tokenized funds Securitize Tokenized AAA CLO Fund (

STAC

), ACRED, and HLSCOPE. As these tokens represent equity ownership, these investments are not within the scope of ASC 350-60 and meet the definition of an equity security under ASC 321, Investments Equity Securities (

ASC 321

). The Company elected to apply the NAV practical expedient to measure the tokenized interests, and changes in NAV are recorded on the Company's consolidated statements of operations and comprehensive loss as 'Other income, net' as the changes were not significant during the year ended December 31, 2025. As of December 31, 2025, 'Investments in tokenized assets' also consisted of tokens the Company invests in and subsequently locks into smart contracts with certain decentralized finance networks in order to mint the associated receipt or wrapped tokens (i.e. similar to the Company's

sTokens

defined hereafter as

sVBILL

, etc.) that can be used to participate in DeFi investing strategies with various decentralized finance protocols. Receipt and wrapped tokens associated with these protocols are forms of digital assets whose value is derived from the underlying digital assets posted as collateral; because only the Company can redeem the tokens locked in the

respective smart contracts, the protocols do not obtain control, and the underlying tokenized assets continue to be recognized by the Company. These receipt tokens, including the Company's sVBILL positions as of December 31, 2025, are initially recorded at cost less impairment, as they provide the Company with enforceable rights to or claims on the underlying digital assets while locked in smart contracts.

Accounts Receivable

The Company carries its accounts receivable at the invoiced amount. On a periodic basis, the Company evaluates its accounts receivable and will record an allowance for expected credit losses representing management's estimate of expected credit losses related to trade receivables. The change in allowance for expected credit losses is due to both a change in the calculated estimate discussed below and a change in the estimated transaction price of the underlying revenue. Trade receivables are pooled based on similar risk characteristics, such as the age of receivables and the entity which the trade receivable was generated from. The

Company disaggregates trade receivables into two risk pools: Securitize customers which refer to customers from the Company's core business, and Pacific Stock Transfer Company customers which refer to customers from the Pacific Stock Transfer Company acquisition. To estimate the allowance for expected credit losses, management leverages information on historical losses, asset-specific risk characteristics, current conditions, and reasonable and supportable forecasts of future conditions. Account balances are written off against the allowance when deemed uncollectible.

The following table shows the activity in the allowance for credit losses:

Balance at January 1, 2024	\$	3,017,500

Certain of the Company's revenue contracts with customers permit the customer to elect to pay for the services provided by the Company in a form of consideration other than fiat currency, including in certain blockchain's native cryptocurrencies (tokens). The Company typically only permits the applicable digital assets as forms of consideration in its contracts when there are provisions in the contract that adjust the actual quantity of tokens due from the customer for satisfying each performance obligation based on the calculated fair value upon receipt such that the transaction price can remain predominantly fixed and denominated in USD (e.g. by using a 7-day moving average of the token price, or other similar

TWAP

, as the basis for releasing a variable amount of tokens to the Company that would equal the total fixed transaction price at the payment date). Particularly for those blockchain networks or foundations that are newer to the industry or simply to offer some anti-dilution protections to the customer and the market value of its native tokens, the Company permits certain customers to commit to the release or unlock of tokens as consideration either on a defined schedule or upon the achievement of certain milestones at a future date. The associated digital assets are typically held in a smart contracts or a form of escrow account which governs how the digital assets are transferred into the Company's designated wallets over time, with the quantity of tokens transferred subject to variability based on the TWAP as noted above, usually according to an agreed-upon release schedule. When the right to receive digital assets at a future date meets the definition of a derivative, because the right is denominated in the digital asset and represents the right to receive a fixed amount of those digital assets in the future, changes in the fair value of this embedded forward derivative contract that are based on fluctuations in the market price of the underlying digital asset are reported within earnings as they occur within 'Loss on digital assets from operations, net' in the consolidated statements of operations and comprehensive loss.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

For arrangements in which the Company has become entitled to or is expected to receive these forms of consideration, but prior to receiving the tokens in a

Company-controlled wallet as they are subject to contractual sale and transfer restrictions in accordance with certain vesting terms, the Company classifies these assets as 'Digital assets receivable' in the Company's consolidated balance sheets. As the tokens are released (or unlocked

) from a non-Company-controlled wallet to a Company-controlled wallet in accordance with the applicable vesting schedule, the tokens are reclassified from 'Digital assets receivable' to the applicable digital asset account on the Company's consolidated balance sheets pursuant to the scoping criteria of ASC 350-60. In instances where the value of the receivable is fixed and denominated in USD per the agreement, the quantity of digital assets for which the Company will be entitled to and receive will be variable. In instances where the quantity of digital assets that the Company expects to receive at a future date is fixed and denominated in the digital assets per the agreement, this reclassification into 'Digital assets' does not necessarily give rise to a gain or loss as any previous changes in fair value of the underlying digital assets were already reported within earnings as they occurred. 'Digital assets receivable' not expected to be received within a year are classified as non-current in the consolidated balance sheets.

Deferred Offering Costs

The Company capitalizes fees that are directly and incrementally attributable to equity financing transactions as deferred offering costs until such transactions are consummated. During the year ended December 31, 2025, the Company incurred costs in connection with the proposed business combination with CEPT and the related contemplated equity issuances, including a concurrent private placement. As of December 31, 2025, deferred offering costs totaled \$3,041,602 and were classified on the consolidated balance sheets as 'Deferred offering costs'.

Intangible Assets

Definite-lived intangible assets

The Company amortizes its definite-lived intangible assets using the straight-line method over their estimated useful lives as follows:

Classification	Estimateduseful life
Customer relationships	10 15 years
Non-compete agreements	3 5 years
Licenses	5 years

Definite-lived assets consist of customer relationships, intellectual property, capitalized software, licenses, and non-compete agreements. Customer

relationships, whether contractual or non-contractual, are recognized as intangible assets separate from goodwill when the acquired entity has a history of establishing such relationships through contracts, even if no contract exists at the acquisition date.

The Company reviews long-lived assets, including property, plant, and equipment and definite-lived intangible assets, whenever events or changes in circumstances indicate that the carrying amount of an asset group may not be recoverable in accordance with ASC 360, Property, Plant, and Equipment (ASC 360

). The Company monitors for potential triggering events on an ongoing basis, including but not limited to significant adverse changes in the business climate, operating performance, market conditions, or legal factors. If such indicators are identified, the Company performs a recoverability test by comparing the estimated undiscounted future cash flows of the asset group to its carrying amount. If the carrying amount exceeds the estimated undiscounted cash flows, an impairment loss is recognized for the amount by which the carrying amount exceeds the fair value of the asset group.

The Company capitalizes costs incurred to renew or extend the term of a recognized definite lived intangible asset if the renewal or extension is expected to provide future economic benefits and if the costs are directly attributable to securing the renewal or extension. All other costs incurred to renew or extend the term are expensed.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Indefinite-lived intangible assets

Indefinite-lived intangible assets consist of a trading license and certain digital assets, which are described above as digital assets that are within scope of ASC 350-60. The trading license represents a broker-dealer alternative trading system license, which has no legal, regulatory, contractual, competitive, economic, or other factors, which limit the useful life of the license to the Company. The Company anticipates that the license will be used for the foreseeable future and renewals are in the control of the Company, therefore the trading license has been classified as an indefinite-lived intangible asset.

Indefinite-lived intangible assets are not amortized but are tested for impairment on at least an annual basis. Impairment testing is required more frequently if indicators arise. In conducting its impairment testing, the Company determines if qualitative or quantitative factors are to be used to evaluate the potential impairment in the carrying amount of the Company's indefinite-lived intangible assets. The Company has the option to first assess the qualitative factors to determine whether the existence of events and circumstances indicate that it is more likely than not that the assets are impaired. If, based on its qualitative assessment, the Company concludes that it is more likely than not that the assets are impaired, quantitative impairment testing is required. However, if the Company concludes otherwise, quantitative testing is not required. An impairment charge is recognized to the extent the recorded amount of the assets exceeds the implied fair value of the assets.

Goodwill

Goodwill represents the excess of the purchase price over the fair value of identifiable net assets acquired in a business combination, in accordance with ASC 805.

Goodwill is not amortized but is subject to impairment testing as prescribed by ASC 350.

The Company evaluates goodwill for impairment at least annually, or more frequently if events or changes in circumstances indicate that the carrying value may not be recoverable. Impairment testing is performed at the reporting unit level, which the Company has defined as its business unit level one level below the operating segment. An impairment loss is recognized when the carrying amount of a reporting unit exceeds its estimated fair value. The loss recognized is limited to the amount of goodwill allocated to that reporting unit. The fair value estimates used in the impairment analysis are based on a combination of income and market approaches and involve significant management judgment. Key assumptions include projected cash flows, long-term growth rates, discount rates, macroeconomic conditions, competitive dynamics, and the Company's strategic plans.

During the year ended December 31, 2025, the Company recognized a goodwill impairment charge of \$4,122,926, all of which related to the Securitize For Advisors reporting unit and is included in 'Net loss from discontinued operations. The Company recognized a goodwill impairment charge of \$3,000,000 for the year ended December 31, 2024, also related to the Securitize For Advisors reporting unit which is included in 'Net loss from discontinued operations. No goodwill impairment was recognized for continuing operations in either period. Goodwill recorded by the Company related to the Securitize for Advisors reporting unit is not deductible for income tax purposes, however the remaining goodwill is deductible for income tax purposes.

Revenue Recognition

The Company's revenue is derived from contracts with its customers that often include multiple performance obligations such as platform services, broker and token issuance services, transfer agent services, professional services, initial set-up services, blockchain integration services and fund administration services. The Company recognizes revenue using the five step approach outlined in ASC 606, Revenue from Contracts with Customers (

ASC 606

) as follows: (1) Identify the contract with the customer, (2) Identify the performance obligations in the contract, (3) Determine the transaction price, (4) Allocate the transaction price to the performance obligations in the contract and (5) Recognize the revenue when (or as) the Company satisfies the performance obligations.

The Company regularly enters into contractual agreements that establish general terms and conditions. The identification of a contract with a customer requires an evaluation of the terms and conditions in contractual agreements to determine what specific enforceable rights and obligations exist. Management considers a number of factors

F-94

when making this evaluation that include, but are not limited to, the nature and substance of the business exchange, the specific contractual terms and conditions, the promised products and services, the termination provisions in the contract, as well as the nature and execution of the customer's ordering process, and how the

Company is authorized to perform work. Generally, enforceable rights and obligations are not created until a statement of work is issued or a quote is accepted by a customer for a specified product or service. Therefore, the issuance of a statement of work or acceptance of a quote is generally the point at which a contract is identified for accounting purposes.

For those agreements where services are provided equally over a contract term which exceed one month in duration, the Company generally recognizes revenue ratably (over-time) over the contract term. For those agreements where performance obligations are satisfied on an individual basis (

e.g.

month to month), the Company recognizes revenue at a point in time. Services are typically explicitly stated in each contract, but management also evaluates whether any performance obligations are implied based on the terms of the agreement, past business practice, or other facts and circumstances. Each service is evaluated to determine if it is a distinct product or service and therefore represents a performance obligation. Agreements which share with customers access to the Company's platform and provide routine platform and transfer agent services are interdependent and rendered over similar patterns, and therefore, are combined into a single performance obligation. Routine platform and transfer agent services are recognized ratably over the contract term, beginning on the commencement date of each contract which is the date the platform is available to customers and related services begin. Generally, fees for the routine platform and transfer agent services are recognized discretely each month those services are provided, as that is when the specific performance obligation has been satisfied. Certain customers engage the Company to provide additional implementation services which have been identified as distinct from the access to the platform and routine platform and transfer agent services. These implementation services are accounted for as separate performance obligations and are recognized as the services are rendered. The Company may also be engaged to perform transaction-based transfer agent services or other professional services, such as the issuance of token securities, the issuance, transfer and cancellation of shares or certificates and consulting for the creation of token securities on a customer's blockchain. Such transaction-based transfer agent services and other professional services are recognized at the point-in-time at which the services are completed. The Company is the principal in all of its contracts with customers.

The Company allocates the transaction price to each performance obligation on a relative standalone selling price (SSP

) basis. Judgment is required to determine the SSP for each distinct performance obligation. The determination of SSP takes into consideration overall pricing objectives, market conditions, and other techniques that maximize the usage of observable inputs. The inputs used to determine SSP vary depending on the specific revenue stream. Significant pricing practices taken into consideration include the Company's discounting practices, the size and volume of the Company's transactions, the number of users, the geographic area where services are sold, price lists, its go-to-market strategy, historical standalone sales and contract prices. As the Company's go-to-market strategies evolve, the Company may modify its pricing practices in the future, which could result in changes in relative selling prices.

The Company may receive Digital assets as a form of payment for certain revenue generating activities, typically the contracts with blockchain customers who contract with the Company for its blockchain integration services, which are recorded in the applicable 'Digital assets' or 'Stablecoins' accounts in the consolidated balance sheets when received. As a matter of policy, digital assets received as a form of payment are either nearly immediately converted to cash and cash equivalents, or are used to fulfill expenses that are contractually required to be settled in cryptocurrencies, such as blockchain fees. Digital assets held for operations are initially recorded at the transaction price of the received assets at initial recognition and are subsequently remeasured at fair value at the end of each reporting period, with changes in fair value recognized in 'Loss on digital assets from operations, net' in the consolidated statements of operations and comprehensive loss. In contracts in which the Company receives non-cash consideration in the form of digital assets, the amount of digital assets is fixed at contract inception. The transaction price is measured at the fair value of the fixed amount of digital assets at contract inception. Future changes in the fair value of the consideration are due to the form of the consideration and are not included in the transaction price.

In certain cases, the Company is able to establish SSP based on observable prices of subscriptions sold separately in comparable circumstances to similar customers.

The Company uses a single amount to estimate SSP when it has observable prices. In instances where SSP is not directly observable, such as when pricing is

F-95

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

highly variable, the Company determines the SSP range using information that may include market conditions or other observable inputs. The Company typically has more than one SSP for individual subscriptions due to the stratification of those subscriptions by customers and circumstances. In these instances, the Company may use information such as the number of users in determining the SSP.

For certain ecosystem expansion arrangements, the Company applies judgment in allocating the transaction price based on an observable or estimated standalone selling price (

SSP

). These arrangements are often customized and may include a combination of technical integration and ongoing support. Because directly observable SSPs are not always available due to the recent launch, novel nature, and pricing variability of certain services, the Company estimates SSP using an expected cost approach that incorporates historical levels of effort and management judgment. The Company reviews its estimated SSPs at least annually to assess their continued appropriateness.

Primary revenue generating activities include Tokenization and Asset Servicing. Tokenization revenue consists of services related to ecosystem expansion, as well as trading, enhancement of the utility, and distribution of digital assets. Revenue from ecosystem expansion initiatives is recognized at a point in time upon completion of blockchain integration. Revenue from trading activities is recognized at a point in time when the related trades are executed. In addition to integration services, tokenization arrangements typically include performance obligations for ongoing maintenance and support services, with the associated revenue recognized ratably over the contractual term. Placement fees associated with making assets available for distribution are recognized either at a point in time or over the contract period, depending on the specific terms of the agreement. Asset Servicing revenue includes fees earned for ongoing operational and administrative services provided to issuers, asset managers, and investors throughout the lifecycle of a fund or digital asset. These services include recordkeeping, transfer processing, fund accounting, and compliance support. Setup fees are recognized at a point in time when the initial services are delivered, while recurring service

fees are recognized over time over the agreement term for those support services which are made available equally over the contract terms. There may, at times, be differences between the timing of revenue recognition and the contractual payment terms which result in the recognition of contract assets and contract liabilities. Contract assets primarily represent revenues recognized for performance obligations that have been satisfied but for which amounts have not been billed. Contract liabilities primarily represent billings or payments received in advance of revenue recognition and are contingent upon the satisfaction of performance obligations and are presented as Deferred revenue in the consolidated balance sheets.

The Company elects the following practical expedients and policy elections when recognizing revenue and related contract costs: (1) incremental costs of obtaining a contract are expensed when the amortization period is one year or less, (2) the transaction price excludes tax amounts assessed by governmental authorities that are both (i) imposed on and concurrent with specific revenue producing transactions and (ii) collected from customers.

Cost of revenue (exclusive of items shown below)

Cost of revenue consists of direct costs incurred to provide services to the Company's customers. These costs primarily include direct labor cost, which include salaries, wages, and benefits for employees directly involved in the servicing of customers for the Company's Tokenization and Asset Servicing offerings, including certain blockchain and protocol engineers as well as fund administrators among others. Other costs of revenues include contractor costs, security and identity verification costs, legal fees, software subscription costs, and certain other costs incurred as a direct result of customer transactions. These costs do not include depreciation, amortization, and the allocation of any rent or utilities.

Advertising

Advertising is expensed as incurred and included as a component of 'Selling, general & administrative' expenses in the consolidated statements of operations and comprehensive loss. Advertising expenses totaled \$1,504,927 and \$654,534 for the years ended December 31, 2025 and 2024.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Stock-based Compensation

The Company recognizes compensation costs resulting from the issuance of share-based awards as an expense in the consolidated statements of operations and comprehensive loss over the requisite service period based on a measurement of fair value for each award at the grant date.

The fair value of options is calculated using the Black-Scholes option pricing model. This option valuation model requires input of assumptions including, among others, the volatility of stock price, the expected life of the option and the risk-free interest rate. Due to its limited operating history and limited number of sales of its common stock, the Company estimates the volatility of its stock in considering a number of factors including the volatility of comparable public companies. The expected term of a stock option is the estimated period the options are expected to be outstanding and is calculated using the simplified method, which is based upon an average of the vesting period and the contractual term of the option. The Company has elected to recognize forfeitures related to share-based payments as they occur.

Income Taxes

For federal and state income taxes, deferred tax assets and liabilities are recognized based upon temporary differences between the consolidated financial statements and the tax basis of assets and liabilities. Deferred income taxes are based upon prescribed rates and enacted laws at the end of the reporting period in the countries where the Company operates and expects to generate taxable income. A valuation allowance is recorded when it is more likely than not that some portion or all the deferred tax assets will not be realized. In assessing the realizability of deferred tax assets, the Company considers taxable income in prior carryback years, as permitted under the tax law, forecasted taxable earnings, tax planning strategies, and the expected timing of the reversal of temporary differences. This determination requires significant judgment, including assumptions about future taxable income that are based on historical and projected information and is performed on a jurisdiction-by-jurisdiction basis. Accordingly, the Company provides a valuation allowance, if necessary, to reduce deferred tax assets to amounts that are realizable.

Tax positions taken or expected to be taken in the course of preparing the Company's tax returns are required to be evaluated to determine whether the tax positions are

more likely-than-not

of being sustained by the applicable tax authority. Tax positions not deemed to meet a more-likely-than-not threshold would be recorded as income tax expense in the current year. There are no uncertain tax positions that require accrual or disclosure to the consolidated financial statements as of December 31, 2025 and 2024.

The Company's policy is to recognize interest and penalties related to income tax matters in income tax expense. The Company had no material accruals for interest or penalties related to income tax matters as of December 31, 2025 and 2024.

Concentration of Credit Risk

Financial instruments which potentially expose the Company to concentrations of credit risk consist primarily of cash, investments, accounts receivable, contract assets, and notes receivable. At times, deposits held may exceed the federally insured limits. The Company also notes that 18.0% of their cash and cash equivalents are BUIDL as of December 31, 2025. BUIDL is a tokenized U.S. dollar-denominated fund which invests in U.S. Treasury bills and cash. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash. Two customers constituted approximately 21% of the Company's consolidated revenues for the year ended December 31, 2025 and each of these customers individually accounted for more than 10% of consolidated revenues. Four customers constituted approximately 62% of the Company's consolidated revenues for the year ended December 31, 2024 and each of these customers individually accounted for 10% or more of consolidated revenues.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

The following table presents the Company's major customers, who accounted for more than 10% of the Company's consolidated revenue:

For the Year Ended December 31, 2025				For the Year Ended December 31, 2024			
Customer A		\$	4,000,000	21	%		
Customer B			2,713,785	15	%		
Customer C			2,567,315	14	%		
Customer D			2,169,869	12	%		
Customer E	6,556,218	11	%				
Customer F	6,308,901	10	%				
Total	\$ 12,865,119	21	%	\$ 11,450,969	62	%	

As of December 31, 2025, two customers constituted approximately 63% of the Company's contract assets, with Customer A and Customer G accounting for approximately 41%, or \$6,306,046, and 22%, or \$3,430,315, respectively. As of December 31, 2024, two customers constituted approximately 95% of the Company's contract assets, with Customer A and Customer C accounting for approximately 85%, or \$4,060,000, and 10%, or \$482,672, respectively.

The Company does not believe there are any collectability concerns regarding these customers' outstanding receivables balances. As of December 31, 2025 and 2024, a note receivable issued to Securitize KKR Platform SPC, LTC, a related party entity, represented approximately 67% and 86% percent, respectively, of total notes receivable, related parties. Refer to Note 14, for details on the note receivable.

Leases

The Company applies the requirements of ASC 842, Leases, which requires an entity to recognize a right-of-use asset, representing the right to use an underlying asset for the lease term, and a lease liability, representing the obligation to make lease payments arising from a lease. The Company has leases related to various office equipment and office spaces.

Loss Per Share

The Company follows the guidance in ASC 260, Earnings Per Share (ASC 260

), which establishes standards regarding the computation of earnings per share, or EPS, by companies that have issued securities other than common stock that contractually entitle the holder to participate in dividends and earnings of a company. The guidance requires earnings to be hypothetically allocated between the common, preferred, and other participating stockholders based on their respective rights to receive non-forfeitable dividends, whether or not declared. Participating securities include Convertible Preferred Stock.

Basic net loss per common share (EPS

) is calculated by dividing the net loss attributable to common stockholders (after the reduction for any preferred stock and assuming current income for the period had been distributed) by the weighted-average number of shares of common stock outstanding during the period, without consideration of potentially dilutive securities.

Diluted loss per share reflects the potential dilution that could occur if stock options, convertible promissory notes, and convertible preferred stock were exercised or converted by using the more dilutive of the (1) treasury stock method, reverse treasury stock method or if-converted method, as applicable, or (2) the two-class method. Under the two-class method, the net loss attributable to common stockholders is not allocated to the Convertible Preferred Stock as the preferred stockholders do not have a contractual obligation to share in the Company's losses. In loss periods, basic and diluted net loss per share are identical because the otherwise dilutive potential common shares become anti-dilutive and are therefore excluded. Diluted loss per share

F-98

excludes, when applicable, the potential impact of stock options, convertible promissory notes, convertible preferred stock, and other dilutive instruments because their effect would be anti-dilutive in the periods in which the Company incurs a net loss.

Diluted net loss per share (diluted EPS

) is computed by dividing the net loss attributable to common stockholders adjusted for income (expenses), net of tax, related to any diluted securities, by the weighted-average number of shares of common stock and potentially dilutive securities outstanding for the period.

Segments

The Company reports operating segments in accordance with ASC 280, Segment Reporting (ASC 280

), including the impact of adopting ASU 2023-07, as further described below. Operating segments are components of an enterprise about which separate financial information is available that is evaluated regularly by our chief operating decision maker (CODM

) in deciding how to allocate resources and assesses performance. ASC 280 requires that a public enterprise report a measure of segment profit or loss, certain specific revenue and expense items, segment assets, information about the way operating segments were determined and other items.

The ASU also permits a public entity to report multiple measures of a segment's profit or loss as long as: i) all the reported measures of a segment's profit or loss are used by the CODM for purposes of assessing performance and allocating resources; and ii) the measure closest to GAAP is also provided. The ASU is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024, with early adoption permitted. The Company adopted this ASU for the annual reporting period ending December 31, 2024.

The Company's Chief Executive Officer is the chief operating decision maker. The CODM regularly reviews the Company's results to assess performance and allocate

resources on a consolidated basis and uses consolidated net loss, as reported on our consolidated statements of operations and comprehensive loss, as the primary measure of segment profit or loss to evaluate company performance and to allocate and prioritize resources during the planning and forecasting process. The Company operates as a single reportable segment, as the CODM does not review any balance sheet information at any other level than on a consolidated basis and does not review any income statement information at any other level than on a consolidated basis.

Warrants

The Company issues warrants as mezzanine equity-classified share-based payment awards to non-employees in exchange for services and accounts for such instruments under ASC 718, Compensation Stock Compensation. Warrants are measured at grant-date fair value and are not remeasured at the fair value at each reporting period. Compensation cost is recognized only when the applicable service is performed or the performance-based vesting conditions become probable of achievement, and is then recognized ratably over the related service or performance vesting period. If a performance condition is ultimately not satisfied, previously recognized compensation cost is reversed. The services obtained in exchange for these warrants consist of promotional and branding-related activities performed for the benefit of the Company.

Recently Issued And Adopted Accounting Standards

In December 2023, the FASB issued ASU 2023-09,

Income Taxes Improvements to Income Tax Disclosures (Subtopic 740-10)

:, which expands the required disclosures related to the effective tax rate reconciliation and income taxes paid. The standard is effective for the Company for annual periods beginning after December 15, 2024, with early adoption permitted. The standard is required to be applied prospectively, although retrospective application is permitted. The Company adopted ASU 2023-09 in its current annual consolidated financial statements for the year ended December 31, 2025 and applied the guidance retrospectively.

3. ACQUISITIONS

MG Stover, Inc.

On April 15, 2025, the Company completed the acquisition of all outstanding equity interests of MG Stover, a leading fund administrator for digital assets. As a result, MG Stover's operating results have been consolidated into the Company's consolidated financial statements effective from the acquisition date. The following table summarizes the approximate values of consideration paid and the net assets acquired on the acquisition date:

Purchase consideration:

Cash, net of cash acquired \$ 21,090,525

Fair value of identifiable assets acquired and liabilities assumed:

Customer relationships	\$ 9,400,000	
Prepaid expenses	109,538	
Total identifiable assets acquired		9,509,538
Accounts payable	(991,616)	
Deferred revenue	(462,398)	
Total liabilities assumed		(1,454,014)
Net identifiable assets acquired		8,055,524
Goodwill	13,035,001	
Net assets acquired	\$ 21,090,525	

The total purchase consideration was approximately \$21,090,525, which consisted of cash paid net of cash acquired. No equity was issued as part of the transaction.

Acquired intangible assets include customer relationships valued at approximately \$9,400,000, which were fair valued using a discounted cash flow method based on company projections and Level 3 inputs. The useful life of these customer relationships at acquisition was 10 years. The trademark, non-compete agreements, and acquired technology related to an internally developed workflow system were determined to have de minimis values due to immediate rebranding, retention of key personnel, and the Company's intent to continue using its existing internal systems rather than the acquired technology, respectively. Goodwill of approximately \$13,035,001 represents expected synergies, expanded service capabilities, and the excess of purchase price over the fair value of net assets acquired. Goodwill is deductible for tax purposes.

The Company incurred approximately \$290,000 in transaction-related expenses related to the acquisition of MG Stover for the year ended December 31, 2025. These costs are included in 'Selling, general & administrative' costs on the consolidated statements of operations and comprehensive loss.

Theorem Fund Services

On October 17, 2024, the Company completed the acquisition of all outstanding capital stock of Theorem in order to obtain the ability to offer services to a new customer base. As a result, Theorem's operating results have been consolidated into the Company's consolidated financial statements effective from the acquisition date.

3. ACQUISITIONS (cont.)

The following table summarizes the approximate values of consideration paid and the net assets acquired on the acquisition date:

Purchase consideration:

Cash, net of cash acquired	\$ 5,644,898	
Contingent consideration common stock (20,513 shares)		53,539
Portion of seller's transaction costs paid by the Company		94,216
\$ 5,792,653		

Fair value of identifiable assets acquired and liabilities assumed:

Customer relationships	\$ 3,100,000	
Accounts receivable	225,645	
Prepaid expenses and other assets	136,231	
Total identifiable assets acquired		3,461,876
Accrued expenses and other current liabilities		(486,517)
Total liabilities assumed	(486,517)	
Net identifiable assets acquired		2,975,359
Goodwill	2,817,294	
Net assets acquired	\$ 5,792,653	

The total purchase consideration was \$5,792,653, which included cash of \$5,644,898, transaction costs paid of \$94,216, and \$53,539 of contingent consideration payable in common stock of the Company. The Company issued 20,513 shares of common stock in January 2025 valued at approximately \$2.61 per share pursuant to the agreement in satisfaction of the contingent consideration payable. The Company's common stock was fair valued using the income approach, specifically the discounted cash flow method, which is based on company projections and Level 3 fair value inputs. In January 2025, following the Theorem employees' completion of 90 days of service from the acquisition close date, the Company issued 183,309 shares of common stock, the value of which was excluded from purchase

consideration.

Acquired intangible assets included customer relationships, valued at approximately \$3,100,000, while the trademark and non-compete agreements were determined to have de minimis values due to immediate rebranding and the retention of key personnel. The customer relationships were fair valued using a discounted cash flow method based on company projections. The useful life of these customer relationships at acquisition was 15 years. The goodwill is associated with the Company's Securitize Fund Services reporting unit and represents the impact of the positive cash flow from Theorem in addition to expected synergies and the excess of the purchase price over the fair value of the net assets acquired in a business combination.

The Company incurred approximately \$275,000 in transaction-related expenses related to the acquisition of Theorem for the year ended December 31, 2024. These costs are included in 'Selling, general & administrative' costs on the Company's consolidated statements of operations and comprehensive loss.

4. DISCONTINUED OPERATIONS

On August 5, 2025, the Company entered into a letter of intent, after which management approved the sale of its Securitize for Advisors reporting unit and determined the disposal group qualified for discontinued operations presentation during the year ended December 31, 2025.

Prior to the net assets being classified as discontinued operations, in the third quarter of 2025 the Company evaluated the individual assets within the disposal group for impairment and recorded a non-cash goodwill impairment charge of \$4,122,926. This charge is presented within 'Net loss from discontinued operations' in the consolidated statements of operations and comprehensive loss for the year ended December 31, 2025. After recognizing the impairment charge, the carrying value of the disposal group was compared to the total expected consideration from the sale to determine the resulting loss on disposal. The carrying value of the disposal group was decreased by an impairment charge, which was not material, to reflect the expected consideration from the sale.

On November 26, 2025, the Company finalized the sale of their Securitize For Advisors business, which was presented as discontinued operations in the consolidated financial statements as of and for the years ended December 31, 2025 and 2024. The base consideration/sale price per the agreement was \$2,871,526. The Company did not record a loss on sale as the sale price and the carrying value of the net assets of the Company's Securitize For Advisors business were the same.

The following table provides a reconciliation of the carrying amounts of major classes of assets and liabilities classified as discontinued operations, respectively, to the amounts presented in the Company's consolidated balance sheets.

December 31,2024	
Goodwill	\$ 5,995,793

As of December 31, 2024 there were \$5,314 of liabilities within the Securitize for Advisors disposal group classified as discontinued operations and included within the 'Assets of discontinued operations' on the consolidated balance sheets.

5. DIGITAL ASSETS (cont.)

The following table presents a roll-forward of the Company's digital asset holdings, recorded at fair value during the period indicated below:

	December 31, 2025
Digital assets, held at fair value, beginning of year	\$ 31,246
Purchases and receipts of digital assets(1)	6,322,484
Dispositions and transfers out of digital assets(2)	(1,817,751)
Losses, net(3)	(2,599,353)
Digital assets, held at fair value, end of year	\$ 1,936,626

(1) Includes the digital assets retained by the Company from operating activities, including certain DeFi activities, trading activities, and accounts receivable payments, net of any amounts immediately or nearly immediately disposed of to third parties

(2) Includes disbursements to satisfy certain liabilities as well as redemptions for stablecoins or cross-chain swaps for similar assets at their USD equivalent market value

(3) The Company measures gains and losses on an individual asset basis. There were no unrealized gains and de minimis realized gains during the year ended December 31, 2025. The

Losses, net

amount primarily consists of realized losses of \$69,941 and unrealized losses of \$2,529,412 during the year ended December 31, 2025.

Digital assets are often received as a form of payment from blockchain customers and these assets are typically converted to cash, cash equivalents, or certain other stablecoins (i.e. USDT) or are otherwise used to fulfill expenses nearly immediately, in the ordinary course of the Company's business. A reconciliation of this additional net digital asset activity is not provided as the associated risk of exposure to digital assets, even during periods of significant activity, is

immaterial.

Stablecoins

The following table summarizes units held and cost basis (which equates to fair value) of stablecoins at the periods indicated:

December 31, 2024

Asset	Symbol	Quantity	Digital assets held	Cost basis
Elixir	deUSD	20,721,815	\$ 20,721,815	
Tether	USDT	22,818	\$ 22,818	

As of December 31, 2025, the Company's stablecoins held were not material and are included within Prepaid expenses and other current assets on the Company's consolidated balance sheets. Substantially all of these stablecoins are USDT and were obtained for use in the ordinary course of business.

As of December 31, 2024, and until the positions were closed during the year ended December 31, 2025, the majority of the stablecoins balance held by the Company were for use in various investment strategies, including participating in DeFi activities.

The Company measures gains and losses by each asset held, including de minimis gains and losses from the minor fluctuations in stablecoin fair values from their underlying fiat currency (i.e. USD). These amounts include minor cumulative realized gains primarily from stablecoin pair arbitrage and fair value adjustments resulting in de minimis unrealized losses during the years ended December 31, 2025 and 2024.

5. DIGITAL ASSETS (cont.)

The following table presents a roll-forward of the Company's stablecoin holdings, recorded at fair value during the periods indicated below:

December 31,	2024		
Stablecoins, beginning of year	\$ 20,744,633	\$ 113,918	
Additions to stablecoin investments(1)	1,493,942	20,721,815	
Dispositions of stablecoin investments(2)	(22,215,757)		
Additions and receipts from operations(3)	86,472	296,493	
Redemptions and disbursements for operations(3)	(22,818)	(387,593)	
Stablecoins, end of year	\$ 86,472	\$ 20,744,633	

(1) Includes the additional stablecoins deposited for investment, and the resulting stablecoin rewards and/or yield generated from stablecoin digital assets held for investment. This amount includes cumulative realized gains of \$230,927, net of protocol fees, primarily resulting from the realization of underlying changes in the fair values of stablecoin derivatives upon their conversion and other forms of stablecoin yield earned from participation in these activities.

(2) Represents the wind down of the Company's stablecoin investment positions with the redeemed assets being transferred for use in operations or positions involving other assets, such as the Company's tokenized investments in real world assets.

(3) Includes stablecoins received as a form of payment for transaction revenues, from facilitating the Company's lending arrangements, or by transfers into/from the Company's operating exchanges as a result of digital asset redemptions for various operational activities, including the facilitation of cross-chain swaps or transfers for digital assets and other general disbursements to satisfy certain liabilities.

Stablecoins that are not being held for investment purposes by the Company but are still reported on the consolidated balance sheets are often the result of various stablecoins being received as a form of payment initially, or to convert transfers from other forms of digital assets received as a form of payment, and are typically converted to other types of stablecoin and/or cash or used to fulfill expenses nearly immediately, in the ordinary course of the Company's business. A reconciliation of this net stablecoin and related transfer activity transacted in normal operations is not provided as the associated risk of exposure to stablecoins or other digital assets, even during periods of significant activity, is immaterial.

Digital assets receivable

Certain digital assets are subject to sale and transfer restrictions through vesting schedules typically associated with contracts with blockchain customers and their associated foundations. Digital assets receivable and restricted by vesting schedules for which the Company has not obtained accounting control and that are subject to contractual transfer restrictions through vesting schedules are recognized as 'Digital assets receivable' on the Company's consolidated balance sheets. As of December 31, 2025, the majority of the balance was denominated in USD, with a variable quantity of tokens expected to be received based on their USD equivalent at the time of transfer. The portion of the balance denominated in digital assets represents the right to receive a fixed amount of those assets in the future and contains an embedded forward feature that is remeasured at fair value each period based on the market price of the underlying digital assets to be received. As the tokens are released to the Company in accordance with contractual vesting schedules, the tokens are reclassified from 'Digital assets receivable' to 'Digital assets' on the consolidated balance sheets.

The Company was entitled to receive \$4,056,320 of digital assets restricted by vesting schedules as of December 31, 2025 (including \$2,500,102 and \$1,556,218 classified as current and noncurrent, respectively) after accounting for the effects of the embedded feature based on the changes in the fair value of the underlying digital assets when the quantity to be received is fixed. As of December 31, 2025, sale restrictions associated with the digital assets subject to these vesting schedules range from less than one month to approximately two years. There was no related balance of Digital assets receivable held by the Company as of December 31, 2024.

6. INVESTMENT IN FUNDS

Investments in Tokenized Fund Interests

The Company holds investments in STAC, HLSCOPE, ACRED, VBILL, and sVBILL (together, the Equity Tokens

). Each of these instruments represents a tokenized ownership interest in a corresponding investment fund and therefore is not within the scope of ASC 350-60. The Company's VBILL and sVBILL holdings of \$14,813 and \$5,000,000 are classified as a cash equivalent and a receipt token held at cost less impairment, respectively (See Note 2).

The remaining Equity Tokens, consisting of STAC, HLSCOPE, and ACRED, represent non-voting, non-redeemable participating shares issued as part of the funds' respective share capital. Therefore, the Company concluded that the instruments meet the definition of an equity security under ASC 321. The Company notes that these Equity Tokens are not traded on an exchange, do not have observable market prices, and do not meet any of the conditions for

readily determinable fair value

in the ASC 820 Master Glossary. Therefore, the Company elected to apply the Net Asset Value (NAV

) practical expedient for the Equity Tokens. The investment is recorded on the consolidated balance sheets in 'Investments in tokenized assets' as of December 31, 2025. The change in NAV for these Equity Tokens were not significant for the year ended December 31, 2025.

7. FAIR VALUE MEASUREMENTS (cont.)

There were no transfers in and out of Level 3 financial instruments during any of the periods presented.

The Company measures certain financial instruments at fair value on a recurring basis. These instruments are classified within Level 3 of the fair value hierarchy as their valuation relies on significant unobservable inputs. Level 3 measurements reflect management's judgment regarding the assumptions market participants would use in pricing the instruments. As of December 31, 2025 and 2024, Level 3 liabilities included an option liability, SAFE liability, and derivative liabilities associated with convertible notes.

The option liability is measured using a probability-weighted option pricing model framework. As of December 31, 2025 and 2024, the fair value of the option liability was approximately \$11,390,000 and \$4,959,000, respectively. Significant unobservable inputs used in the valuation for the year ended December 31, 2025 included an equity volatility assumption of approximately 68%, an expected time to event of approximately 0.25 years, and an estimated fair value of the underlying preferred stock of approximately \$34.05 per share. Significant unobservable inputs used in the valuation for the year ended December 31, 2024 included an equity volatility assumption of approximately 47%, an expected time to event of approximately 2 years, and an estimated fair value of the underlying preferred stock of approximately \$15.21 per share. An increase in equity volatility would result in a higher fair value measurement.

SAFES are accounted for as liabilities and measured at fair value using a scenario-based, probability-weighted valuation technique. The valuation considers outcomes including an equity financing, liquidity event, or dissolution, based on the contractual terms of the SAFEs. As of December 31, 2025 and 2024, the fair value of SAFEs was approximately \$10,449,000 and \$5,714,000, respectively. Significant unobservable inputs included equity volatility of approximately 56%, a market discount rate of approximately 13.15%, and expected conversion dates of approximately 0.25 years. Significant unobservable inputs used in the valuation for the year ended December 31, 2024 included equity volatility of approximately 42%, a market discount rate of approximately 3.52%, and expected conversion dates of approximately 2 years. Changes in volatility, discount rates, or assumed timing of conversion events would materially affect the estimated fair value.

The Company's convertible notes contain embedded features that meet the definition of derivatives and are bifurcated from the host debt instrument. The embedded derivative liabilities are measured using option pricing techniques. As of December 31, 2025 and 2024, the fair value of the embedded derivative liabilities was approximately \$26,170,000 and \$11,293,000, respectively. Significant unobservable inputs included equity volatility of approximately 56%, estimated transaction-based equity values ranging from \$34.05 to \$40.87 per share, and credit-adjusted discount rates of approximately 7.69%. Significant unobservable inputs used in the valuation for the year ended December 31, 2024 included equity volatility ranging from approximately 42% to 46%, estimated transaction-based equity values of approximately \$15.21 per share, and credit-adjusted discount rates of approximately 17.46%. Increases in volatility or the likelihood of favorable transaction scenarios would result in higher derivative fair values.

The following table presents the cost and fair value of the Company's investments:

7. FAIR VALUE MEASUREMENTS (cont.)

The following table reflects information about the Company's investments held at an unrealized loss position:

	Less than 12 Months		12 Months or Greater		Total	
	Fair Value	UnrealizedGains(Losses)	Fair Value	UnrealizedGains(Losses)	Fair Value	UnrealizedGains(Losses)

U.S. Treasury bills	\$	1,269,373	\$	(21,144)	\$	1,269,373
					\$	(21,144)

When evaluating investments for credit losses, the Company considers multiple factors, including the duration and extent of fair value declines, the financial condition of the issuer, and whether the Company intends to sell or is more likely than not to be required to sell the investment before recovery of its amortized cost basis. The Company determined that the decline in fair value of its investments in 2024 was primarily driven by changes in market interest rates, which affected the valuation of fixed-income securities, including U.S. Treasury holdings. Accordingly, the Company concluded that no credit losses were recognized on its investment portfolio during the year ended December 31, 2025 and 2024.

All of the U.S. Treasury bills held at December 31, 2025 are scheduled to mature in 2026.

Indefinite-lived intangible assets (excluding goodwill)

As of October 1, 2025 and 2024, the Company performed its annual qualitative impairment assessments of its trading license. In each period, management evaluated a range of factors that could affect the fair value of the asset, including macroeconomic conditions, industry and market trends, the regulatory and legal environment, cost structure, overall financial performance, changes in the carrying amount of the asset, and other entity-specific considerations.

Based on these qualitative assessments, management concluded in both years that it was not more likely than not that the fair value of the trading license was less than its carrying amount. Accordingly, no quantitative impairment tests were required, and no impairment charges were recognized for the years ended December 31, 2025 and 2024.

The trading license continues to be classified as an indefinite-lived intangible asset, and management will continue to monitor relevant factors that could impact its recoverability.

The Company's digital assets initially measured at cost are tested for impairment by comparing the digital asset's fair value to its carrying value. An impairment loss is recognized whenever the carrying value exceeds quoted market prices of the respective digital asset during the period. The Company notes that the Company's digital assets measured at cost were not significant as of December 31, 2025 and consisted entirely of stablecoins as of December 31, 2024.

Goodwill

The following table summarizes the changes in the carrying amount of Goodwill for the periods indicated:

	Continuing Operations	Discontinued Operations
January 1, 2024	\$ 10,512,975	\$ 8,995,793
Goodwill recognized in connection with the Theorem acquisition		2,817,294

The Company performs its annual goodwill impairment test as of October 1 in accordance with ASC 350, Intangibles Goodwill and Other. During 2025, the Company elected to perform a qualitative assessment to determine whether it is more likely than not that the fair value of any of its reporting units is less than their

respective carrying amounts. In conducting this assessment, management considered the totality of relevant events and circumstances as outlined in ASC 350-20-35-3C, including but not limited to: macroeconomic conditions and industry trends; changes in the Company's overall financial performance; market capitalization and share price trends; operational results and forecasts for each reporting unit; access to capital and cost of financing; entity-specific developments such as changes in management, strategy, or customer base. Based on this assessment, the Company concluded that it was not more likely than not that the fair values of the reporting unit were less than their carrying amounts; therefore, quantitative goodwill impairment tests were not required and the Company concluded there was no impairment.

During the fourth quarter of 2024, the Company identified a triggering event requiring an evaluation of goodwill associated with its Securitize for Advisors reporting unit, as year-to-date financial performance had fallen short of expectations. As part of the resulting goodwill impairment analysis, the Company recorded an impairment charge of \$3,000,000 for the year ended December 31, 2024, and continually monitored this indicator during the year ended December 31, 2025. During the year ended December 31, 2025, the Company commenced the process of finding a buyer for the Securitize for Advisors reporting unit and estimated that the total consideration expected from its potential sale would be substantially less than the carrying value of the reporting unit. Therefore, the Company recorded a goodwill impairment charge of \$4,122,926 based on the total consideration expected from the sale of the Securitize for Advisors reporting unit. Securitize for Advisors was sold on November 26, 2025.

) with investors. Upon the closing of an equity financing of at least \$50,000,000, as defined in the agreements, the SAFEs will automatically convert into shares of preferred stock, equal to the SAFE purchase amount divided by the purchase price in the equity financing. If there is a liquidity event, defined as a change of control or an initial public offering, the SAFE holders will be entitled to receive a

portion of the proceeds equal to the greater of the SAFE purchase amount or the amount payable on the number of shares of common stock equal to the purchase amount divided by the liquidity price, as defined in the agreements. The SAFEs do not have a maturity date and do not bear interest. Based on the terms of the agreements, the Company has classified the SAFEs as liabilities under ASC 480, as the SAFEs embody obligations to deliver a variable number of shares or cash upon the occurrence of certain future events.

For the years ended December 31, 2025 and 2024, fair value adjustments related to the Company's SAFEs resulted in a loss of \$4,735,000 and \$95,000, respectively, as reflected in the consolidated statements of operations and comprehensive loss.

Hamilton Lane SF6 Related Party

During 2024, the Company was provided \$6,000,000 from investors which is to be transferred to the Hamilton Lane SF6 Securitize Tokenized Feeder Fund, Ltd upon certain capital calls. The Company is required to fund Hamilton Lane SF6 Securitize Tokenized Feeder Fund, Ltd via these capital calls with the funds provided by the investors, and the entire amount is due and payable in full no later than five years from the date of the respective advance. This obligation bears 0% interest and as of December 31, 2024, the outstanding balance under the obligation was \$2,474,384, which was fully settled by the Company during the year ended December 31, 2025 through transferring funds to the Hamilton Lane SF6 Securitize Tokenized Feeder Fund, Ltd. As such, as of December 31, 2025 there was no outstanding payable balance.

Convertible Promissory Notes Payable

The Company has issued multiple series of Convertible Promissory Notes (the Convertible Notes

), which are classified as liabilities in accordance with ASC 470. The total principal outstanding was \$79,915,000 and \$49,915,000 as of December 31, 2025 and 2024, respectively. These instruments are primarily intended to facilitate equity conversion rather than settle a fixed monetary obligation, with the stated principal serving as the basis for conversion. The only mandatory cash settlement provisions is a cash settlement of principal and accrued interest upon a change in control, except for the 2025 notes, which require cash settlement if the notes reach maturity.

The Convertible Notes are senior to other secured indebtedness and carry a five percent annual interest rate, compounding until either full repayment or conversion, except for the Convertible Note issued on September 29, 2025, which bears interest at five percent per annum calculated on a simple interest basis and ranks junior to the 2024 notes. All notes mature thirty-six months from the date of issuance. Prepayment is prohibited without consent, with the 2024 notes requiring approval from the Lead Investor and the 2025 note requiring consent from a Majority in Interest.

The 2024 notes include conversion provisions that allow conversion upon a Qualified Financing at the lesser of seventy-five percent of the financing price or \$21.60 per share. If outstanding at maturity, these notes convert into Series B-5 Senior Preferred Stock at seventy-five percent of the most recent preferred equity price, which carries a 1.0x non-participating senior liquidation preference.

In September and October of 2025, Securitize, Inc. entered into various Promissory Note Purchase Agreements where the Company issued unsecured convertible promissory notes in the aggregate principal amount of \$30,000,000. The notes bear interest at 5% per annum and mature three years after issuance, unless earlier converted or repaid pursuant to its terms. The notes are convertible into equity securities of the Company upon the occurrence of certain events, including a qualified financing, SPAC transaction, or change of control, as defined in the agreement.

The proceeds from the note issuances are intended to be used for working capital, general corporate purposes, and Company operations as determined by the Board of Directors.

SECURITIZE, INC. AND SUBSIDIARIESNOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

10. DEBT (cont.)

The notes contain customary representations, warranties, covenants, and events of default, including cross-default provisions and restrictions on prepayment. The obligations under these notes rank junior to the Company's outstanding convertible promissory notes issued in January 2024 through April 2024.

The 2025 notes include automatic conversion upon a SPAC Transaction or Qualified Financing, as defined in the Convertible Notes agreements, at the greater share count derived from an eighty percent discount to the transaction price or a valuation cap-based price using a \$1.25 billion cap divided by capitalization. Both notes also provide for conversion upon non-qualified financings or at the option of the holder in certain events. In the event of a change of control, holders may elect cash

repayment of principal plus accrued interest.

Embedded Features

The Company evaluated the embedded put features in accordance with ASC 815-15-25. The Convertible Notes were considered more akin to a debt-type instrument and the economic characteristics and risks of some embedded conversion features were not considered clearly and closely related to the Convertible Notes. Accordingly, these embedded features were bifurcated from the Convertible Notes and separately accounted for on a combined basis at fair value as a single derivative liability. The Company allocated \$3,158,000 and \$9,923,000 of the net proceeds received from the issuances during the year ended December 31, 2025 and during the year ended December 31, 2024, respectively, to a derivative liability based on the aggregate fair value of the embedded features on the date of issuance which reduced the net carrying value of the Convertible Notes. The derivative is accounted for at fair value with subsequent changes in the fair value being reported as 'Change in fair value of derivative liability' in the consolidated statements of operations and comprehensive loss. The Convertible Notes will be reported at carrying value, with the initial value of the derivative representing a discount which will be accreted over the life of the Convertible Notes using the effective interest method. Management used a scenario-based analysis to estimate the fair value of the bifurcated embedded derivative liability at issuance of the Convertible Notes and as of December 31, 2025 and 2024.

The proceeds received upon issuing the Convertible Notes were first allocated to the fair value of the bifurcated embedded derivative with the remainder to the allocated to the debt host instrument. The Company recognized losses of \$11,719,000 and \$1,370,000 for the years ended December 31, 2025 and 2024, respectively, due to the increase in fair value of the bifurcated embedded derivative liability.

Line of Credit

The Company is party to a line of credit with a financial institution, which provides for a total commitment based on a percentage of the Company's investments held with the financial institution. The balance of outstanding borrowings will incur interest at a variable rate based on the One-Month SOFR plus 65 basis points (4.44% at December 31, 2025 and 5.18% at December 31, 2024). Total commitment availability on the line of credit is limited to the amount of capital invested with UBS at a given time, which amounted to \$638,451 and \$1,287,723 as of December 31, 2025 and 2024, respectively. There were no borrowings on the line of credit during the years ended December 31, 2025 and 2024, and no outstanding borrowings as of December 31, 2025 and 2024.

The following table depicts the timing of future minimum debt payments as of December 31, 2025:

Incentive stock options may be granted at an exercise price of not less than 100% of the estimated fair value of the stock at the date of the grant as determined by the Board of Directors and generally vest over a four-year period. The options are exercisable for a period of time not to exceed ten years from the vesting start date. If incentive stock options are granted to a stockholder who owns more than 10% of the voting power of all classes of stock of the Company, the exercise price of the incentive stock options must be at least 110% of the estimated fair value of the Common Stock at the date of the grant.

At December 31, 2025, the aggregate number of shares of Class A common stock that may be issued pursuant to the 2018 Plan is 5,100,000 and the number of shares available for future grants under the 2018 Plan is 1,148,504.

The following table provides a summary of the Company's stock option activity:

12. SHARE-BASED COMPENSATION (cont.)

In determining the exercise prices for options granted, the Company's Board of Directors has considered the fair value of the common stock as of the measurement date.

The fair value of the common stock has been determined by the Board of Directors after considering a broad range of factors, including the results of a third-party valuation, the illiquid nature of an investment in the Company's common stock, the Company's performance and financial position and the Company's future prospects and opportunity for liquidity events. The Company utilized guideline public companies in the estimate of expected volatility disclosed above.

The Company prepared a 409A analysis to inform the fair value of the common stock as of the date of the grant. For the 2025 409A valuation, the Company utilized a weighted value between the value of the Company per the Business Combination with Cantor Equity Partners II, Inc. and the value of the Company utilizing a discounted cash flow and a market-based approach. For the 2024 409A valuation, the Company utilized both an income-based approach using discounted cash flows based on company forecasts and a market-based approach using guideline public companies, equally weighting both approaches at 50%.

As of December 31, 2025, there was approximately \$3,176,401 of unrecognized compensation expense related to stock-based compensation arrangements granted under the 2018 Plan, which is expected to be recognized over a weighted average period of approximately 1.7 years.

The Company adopted ASU 2023-09 on January 1, 2025 on a retrospective basis and has revised prior-period disclosures presented herein.

The Company regularly assesses the need for a valuation allowance against its deferred tax assets. In making that assessment, the Company considers both positive and negative evidence related to the likelihood of realization of the deferred tax assets to determine, based on the weight of available evidence, whether it is more-likely-than-not that some or all of the deferred tax assets will not be realized. In assessing the realizability of deferred tax assets, the Company considers taxable income in prior carryback years, as permitted under the tax law, forecasted taxable earnings, tax planning strategies, and the expected timing of the reversal of temporary differences. This determination requires significant judgment, including assumptions about future taxable income that are based on historical and projected information and is performed on a jurisdiction-by-jurisdiction basis. Despite positive taxable income in 2025, the Company faces uncertainties in forecasting its operating results going forward. This operating uncertainty also makes it difficult to predict the availability and utilization of tax benefits over

the next several years. As a result, management has concluded, as of December 31, 2025, it is more likely than not the Company's net deferred tax assets will not be realized, and a full valuation allowance against net deferred tax assets in all jurisdictions is still warranted. The valuation allowance against these deferred tax assets may require adjustment in the future based on changes in the mix of temporary differences, changes in tax laws, and operating performance. If the results leading to positive taxable income continue, and the Company believes future taxable income can be more reliably forecasted, the Company may release all or a portion of the valuation allowance. If and when the Company determines the valuation allowance should be released (i.e., reduced), the adjustment would result in a tax benefit reported in that period's Consolidated Statements of Operations, the effect of which would be an increase in reported net income.

The valuation allowance was \$28,651,000 as of December 31, 2025 compared to \$28,927,000 as of December 31, 2024. The decrease of \$276,000 during 2025 primarily reflects the utilization of a portion of the Company's deferred tax attributes based on taxable income in 2025. The Company's US federal and certain state net operating loss carryforwards are expected to offset no more than 80% of taxable income in any year, which may

constrain the amount of net operating loss utilization in a given period and may result in the Company incurring current tax expense even when net operating losses are available. The increase of \$6,070,000 during 2024 related to a full valuation allowance primarily recorded against capitalized research expenditures and additional net operating losses generated in the year.

As of December 31, 2025, the Company had federal net operating losses of \$72,561,000. The Company's federal net operating losses incurred in 2020 to 2024 totaling \$72,561,000 can be carried forward indefinitely, but are limited to 80% utilization against future taxable income each year. During 2025, following the sale of Securitize For Advisors, federal net operating loss carryforwards attributable to the disposed subsidiary in the amount of \$13,726,000 generally ceased to be available to the Company and were removed from the Company's consolidated federal carryforward balances.

As of December 31, 2024, the Company had federal net operating losses of \$91,480,000, which may be available to offset future federal income tax liabilities.

As of December 31, 2025, the Company had post-apportioned state net operating losses of \$51,122,000 that can generally be carried forward 20 years and will expire at various dates through 2045. During 2025, following the sale of Securitize For Advisors, state net operating loss carryforwards attributable to the disposed subsidiary in the amount of \$11,151,000 generally ceased to be available to the Company and were removed from the Company's consolidated federal carryforward balances. As of December 31, 2024, the Company had post-apportioned state net operating losses of \$62,548,000 that can generally be carried forward 20 years and will expire at various dates through 2044.

As of December 31, 2025, the Company had capital losses of \$10,141,000 primarily relating to the sale of Securitize for Advisors that can generally be carried forward 5 years and will expire at various dates through 2030. As of December 31, 2024, the Company had capital loss carryforwards of \$669,000.

As of December 31, 2025, the Company had foreign net operating losses of \$7,967,000 that can generally be carried forward 10 years and will expire at various dates through 2035. As of December 31, 2024, the Company had foreign net operating losses of \$7,246,000.

Pursuant to Internal Revenue Code Sections 382 and 383, annual use of the Company's federal and state net operating losses and other carryforward tax attributes may be limited in the event a cumulative change in ownership of more than 50% that occurs within a three-year period. The Company has not completed an ownership change analysis pursuant to IRS Section 382. If ownership changes have occurred or occur in the future, the amount of remaining tax attribute carryforwards available to offset taxable income and income tax expense in future years may be restricted or eliminated. If eliminated, the related asset would be removed from deferred tax assets with a corresponding reduction in the valuation allowance.

The Tax Cuts and Jobs Act resulted in significant changes to the treatment of research or experimental (

R&E

) expenditures under Section 174. For tax years beginning after December 31, 2021, taxpayers are required to capitalize and amortize all R&E expenditures that are paid or incurred in connection with their trade or business which represent costs in the experimental or laboratory sense. Specifically, costs for U.S. based R&E activities must be amortized over five years and costs for foreign R&E activities must be amortized over 15 years; both using a midyear convention. The Company implemented this standard on January 1, 2022, noting that the impact on the Company's consolidated financial statements was immaterial.

On July 4, 2025, the One Big Beautiful Bill Act (

OBBA

) was enacted. Among other changes, the OBBA restored immediate deductibility of domestic research and experimental expenditures for tax years beginning after December 31, 2024. In accordance with ASC 740, the Company recorded the effects of enacted tax law changes in the quarter ended September 30, 2025, primarily related to the change in the tax treatment of domestic research and experimental costs. The impact of this change on the Company's consolidated financial statements was not material for the year ending December 31, 2025.

13. INCOME TAXES (cont.)

The calculation of the Company's tax liabilities involves dealing with uncertainties in the application of complex tax regulations in a multitude of jurisdictions.

The Company recognizes liabilities for uncertain tax positions based on a two-step process. First, management determines whether it is more likely than not that the tax positions will be sustained on audit, including resolution of related appeals or litigation processes, based on their technical merits. Second, management measures the tax benefit of those positions as the largest amount that is more than 50% likely to be realized upon ultimate settlement with the related tax authority. While the Company believes that it has appropriate support for the positions taken on its tax returns, the Company regularly assesses the potential outcome of examinations by tax authorities in determining the adequacy of its provision for income taxes. As of December 31, 2025 and 2024, the Company did not have any uncertain tax positions.

The Company's policy is to recognize interest and penalties related to unrecognized tax benefits on the income tax expense line in the accompanying consolidated statements of operations and comprehensive loss. As of December 31, 2025 and 2024, no accrued interest or penalties are included on the related tax liability line in the consolidated balance sheets.

The Company files income tax returns in the U.S. federal jurisdiction and various state and foreign jurisdictions. There are currently no pending income tax examinations. To the extent the Company has tax attribute carryforwards, the tax years in which the attribute was generated may still be adjusted upon examination by the Internal Revenue Service and state and foreign tax authorities to the extent the tax attributes are utilized in a future period.

During the year ended December 31, 2025, the Company obtained an equity interest in Securitize AAA CLO Tokenized Fund, Ltd. This equity interest is a tokenized interest in Securitize AAA CLO Tokenized Fund, Ltd.'s participating, non-voting equity shares which expose it to the full residual returns and losses of the underlying portfolio without granting any governance or decision-making rights over the CLOs or their managers. The Company also obtained an equity interest in Securitize AAA CLO Tokenized Fund, Ltd.'s management, voting equity shares which do not have the right to participate in full residual returns of the underlying portfolio. The Company is not the primary beneficiary of Securitize AAA CLO Tokenized Fund, Ltd. because the Company does not have the obligation to absorb losses or the right to receive benefits that could potentially be significant to Securitize AAA CLO Tokenized Fund, Ltd.

During the year ended December 31, 2025, the Company has identified Securitize AAA CLO Tokenized Fund, Ltd., Apollo Diversified Credit Securitize Fund, Hamilton Lane SCOPE Securitize Tokenized Feeder, L.P., Securitize KKR Platform SPC Ltd., Securitize Capital Hamilton Lane Equity Opportunity Fund LP, VanEck Treasury Fund, Ltd., and Hamilton Lane SF6 Securitize Tokenized Feeder Fund, Ltd as VIEs; the Company's relationships with these funds is outlined in the table below. During the year ended December 31, 2024, the Company has identified Securitize KKR Platform SPC Ltd., Securitize Capital Hamilton Lane Equity Opportunity Fund LP, and Hamilton Lane SF6 Securitize Tokenized Feeder Fund, Ltd as VIEs; the Company's relationships with these funds outlined in the table below.

The Company is not the primary beneficiary of Apollo Diversified Credit Securitize Fund, Hamilton Lane SCOPE Securitize Tokenized Feeder, L.P., Securitize KKR Platform SPC Ltd., Securitize Capital Hamilton Lane Equity Opportunity Fund LP, Hamilton Lane SF6 Securitize Tokenized Feeder Fund, Ltd, and VanEck Treasury Fund, Ltd. because the Company does not have the power to direct the activities that most significantly affect the economic performance of these VIEs. The loan associated with Hamilton Lane SF6 Securitize Tokenized Feeder Fund, Ltd was issued to Hamilton Lane SF6 Securitize Tokenized Feeder Fund, Ltd, and therefore does not represent a variable interest in the entity. Additionally, the loan was repaid as of December 31, 2025.

16. LENDING AND COLLATERALIZATION ARRANGEMENTS INVOLVING TOKENS

Beginning in November 2024 and throughout 2025, the Company became party to various lending arrangements, governed by various Master Loan and Security Agreements (MLSAs

), with certain investors of tokenized funds (the counterparties

). Under the MLSAs, the Company is subject to making advances to the counterparties in exchange for transferring certain tokens as collateral on the loans. These loans receivable typically bear an annual facilitation fee of approximately 2.00% which accrues until settled as a deduction from the collateral balance remitted back to the counterparties. There can be variability in the annual facilitation fee levied in the MLSAs based on a variety of factors, including the loan amount, collateral maintenance, and lending risk profile assessed by the Company when entering the arrangement. The loans have no specified maturity date and are mutually callable. The Company simultaneously locks the tokenized assets received as collateral in smart contracts using its sToken vault technology (minted as the applicable

sTokens

) which can interact with various decentralized finance protocols so the Company can facilitate these lending arrangements via on-chain borrowings from the respective network.

In exchange for the locked tokens (in the aggregate amounts of \$1,722,665 and \$36,000,000, recorded within 'Restricted tokenized assets' on the consolidated balance sheets as of December 31, 2025 and 2024, respectively), the Company receives a stablecoin or other form of collateralized asset that is already tokenized by the Company and supported by the network to fund the loans. The digital assets received are immediately transferred to the counterparties except for the cases where the Company funds its own arrangements to hold the amounts received for investment. The corresponding liabilities for the amounts received by the applicable network are recorded within 'Digital asset borrowings' on the consolidated balance sheets in the amounts of \$101,109 and \$36,000,000 as of December 31, 2025 and 2024, respectively.

The collateral facilitated the advances of \$390,003 and \$15,000,000 in loans outstanding (including \$290,356 advanced to related parties in the ordinary course see Note 14) as of December 31, 2025 and 2024, which are recognized within 'Digital assets loan receivable' on the consolidated balance sheets. During the year ended December 31, 2025, there were instances where the Company repaid either some or all of the outstanding 'Digital asset borrowings' that were previously transacted to facilitate the funding of the Company's 'Digital assets loan

16. LENDING AND COLLATERALIZATION ARRANGEMENTS INVOLVING TOKENS (cont.)

receivable' balances. Additionally, there were two arrangements entered into with the same counterparty that were over-collateralized with HLSCOPE for the related Digital assets loan receivable amounts denominated in deUSD which were still outstanding as of December 31, 2025. For these arrangements, the Company had also entered into corresponding borrowing arrangements with the Elixir network to fund the deUSD initially loaned, and were fully repaid by the Company in October 2025 prior to the value of deUSD losing its peg to the US Dollar. As such, the Company had no Digital asset borrowings denominated deUSD at the time of this depegging event. However, there were corresponding loans outstanding that were initially loaned for \$810,734 at origination, and were denominated in deUSD, that were overcollateralized by \$1,103,171 in HLSCOPE as of December 31, 2025. As the Elixir network had already announced that deUSD would be deprecated in 2026, the Company expected that the value of Digital asset loan receivable would not be fully recoverable at settlement. Therefore, the Company wrote down the loan receivable balance to the USD equivalent value of the associated loaned deUSD outstanding, recognizing a loss of \$809,823 during the year ended December 31, 2025, within 'Loss on digital assets from operations, net' in the consolidated statements of operations and comprehensive loss for the year ended December 31, 2025. The counterparty fully repaid the outstanding loan amount denominated in deUSD, and the Company deducted 2% of the collateral assets held upon remittance in January 2026 along with all the remaining balances associated with this lending arrangement as of December 31, 2025.

The Company maintains control over the tokens held as collateral and uses the assets to facilitate participation in various DeFi activities, with the minted sTokens meeting the criteria for recognition in place of the underlying tokens secured as collateral from the counterparties. Accordingly, the Company recognizes the

obligation to return the underlying tokens as a current liability, within the 'Obligation to return collateral' balance; including both the host instrument representing the obligation to return the value of the collateral received and a bifurcated embedded derivative measured at fair value each period based on the change in the spot price of the underlying tokens received as collateral by the counterparties. All MLSAs that were outstanding as of December 31, 2025 were settled by January 2026, as noted above.

The market risk exposure on the obligation to return collateral from the fluctuating spot prices of the underlying tokens is naturally offset, at least in part, by the associated embedded forward feature bifurcated from the sTokens which are recorded within 'Restricted tokenized assets' and is realized upon redemption of the collateral after the loans are repaid. Although a portion of the underlying tokens received as collateral are derecognized once they are locked in smart contracts by the Company and replaced by the minted sTokens (which are carried at cost less impairment within 'Restricted tokenized assets'), upon derecognition of the sToken once the underlying collateral is redeemed by the Company with the respective network, the gain or loss upon derecognition offsets any previously recognized fair value adjustments on the collateral obligation. The sToken represents the right to receive a fixed amount of the same underlying tokens that were initially locked in the smart contract; and accordingly the tokens are recognized at their updated fair values upon redemption prior to returning them to the counterparty in satisfaction of the collateral obligation. The Company ensures that all MLSAs include a required collateral level, which obligates the counterparty to pledge a minimum amount of collateral over the designated loan amount. For the year ended December 31, 2024, all MLSAs had a required collateral level of at least 100%, while for the year ended December 31, 2025, all MLSAs had a required collateral level ranging from 100% to 167%.

During the year ended December 31, 2024, the Company also locked \$21,000,000 of its own BUIDL tokens in a smart contract in exchange for \$21,000,000 deUSD, which the Company held as an investment to earn staking rewards from the applicable network. The Company recognized the sBUIDL representation tokens in place of the BUIDL locked in a smart contract within 'Restricted tokenized assets' on the consolidated balance sheet as of December 31, 2024. The Company's deUSD held for investment was locked in a smart contract to generate rewards and was only able to be used or redeemed by the Company such that the network did not obtain control over the deUSD while staked. Accordingly, the Company continued to recognize the deUSD tokens locked in a smart contract while being held for investment within 'Stablecoins' on the consolidated balance sheet as of December 31, 2024. These stablecoins were redeemed by the Company during the year ended December 31, 2025 as the Company used the funds as consideration paid for the MG Stover acquisition (see Note 3).

18. COMMITMENTS AND CONTINGENCIES (cont.)

Regulatory Risk

The Company's business is subject to extensive laws, rules, regulations, policies, orders, determinations, directives, treaties, and legal and regulatory interpretations and guidance in the markets in which it operates. Many of these legal and regulatory regimes were adopted prior to the advent of the internet, mobile technologies, digital assets, and related technologies.

As a result, some applicable laws and regulations do not contemplate or address unique issues associated with the digital asset economy, are subject to significant uncertainty, and vary widely across U.S. federal, state, and local and international jurisdictions. These legal and regulatory regimes, including the laws, rules, and regulations thereunder, evolve frequently and may be modified, interpreted, and applied in an inconsistent manner from one jurisdiction to another, and may conflict with one another. To the extent the Company has not complied with such laws, rules, and regulations, the Company could be subject to significant fines, revocation of licenses, limitations on the Company's products and services, reputational harm, and other regulatory consequences, each of which may be significant and could adversely affect the Company's business, operating results, and financial condition.

J Digital 6 LLC Warrant Agreement

On March 6, 2025, the Company entered into an agreement with J Digital 6 LLC (JD6

) under which the Company issued 835,217 Warrants to JD6 (the

J Digital 6 Warrants

). Under the terms of the agreement, J Digital 6 LLC paid a purchase price of \$1,000 to acquire a warrant to purchase shares of the Company's Series B-4 Preferred Stock (or other applicable series) at an exercise price of \$15.00 per share. The J Digital 6 Warrants cover up to 2.72% of the Company's fully diluted capitalization as of the issue date, divided into four equal tranches, each representing 0.68% of fully diluted capitalization. Each tranche vests independently, subject to specific vesting criteria and other conditions as set forth in the agreement. The Company notes that the J Digital 6 Warrants are subject to a contractual expiration date of March 6, 2028 (three years from issuance), which represents the period during which vested tranches may be exercised.

The warrant agreement provides that, in the event of a qualifying liquidation transaction (as defined in the agreement, including certain mergers, acquisitions, or other change of control events), any vested but unexercised tranches will be deemed exercised. Additionally, if fewer than two tranches have vested at the time of such a transaction, up to two tranches may automatically vest and be deemed exercised, subject to the terms and conditions specified in the agreement. Any remaining unvested tranches will be cancelled without consideration. The J Digital 6 Warrants may be exercised in whole or in part upon satisfaction of the vesting conditions and is subject to customary transfer restrictions and compliance with applicable securities laws.

The vesting conditions for each tranche require (i) the listing of the Company's BUIDL token on an approved centralized exchange (CEX

) with the Jump Group onboarded and actively trading on such exchange, and (ii) the Jump Group maintaining at least 30% of its total exchange collateral in BUIDL for four consecutive months following the listing. Each tranche vests only upon satisfaction of these performance conditions. The grant date fair value of vested portions of the J Digital 6 Warrants are recorded as an increase to mezzanine equity. The compensation cost is recognized in accordance with ASC 718 for nonemployee awards.

The fair value of the J Digital 6 Warrants were measured at their grant date and totaled \$4,678,886 (or \$5.60 per Warrant), determined using an option-pricing model. The agreement includes customary anti-dilution protections, transfer restrictions, and provisions for automatic vesting and exercise of certain tranches in connection with qualifying liquidation transactions.

During the year ended December 31, 2025, the first tranche of 208,804 J Digital 6 Warrants were deemed probable of vesting. Therefore, the Company recognized \$731,076 of compensation expense related to the first tranche for the year ended December 31, 2025. This amount is recorded within 'Selling, general & administrative' expense, with a corresponding increase to mezzanine equity.

19. REVENUE

Major Solutions/Service Offerings

The following table summarizes revenues from our major solutions/service offerings:

	For the Year EndedDecember 31,	
	2025	2024
Tokenization	\$ 37,411,171	\$ 10,103,109
Asset Servicing	24,740,969	8,533,061
Total	\$ 62,152,140	\$ 18,636,170
Tokenization		

Tokenization revenue consists of services related to ecosystem expansion, as well as the trading, enhancement of utility, and distribution of digital assets. Revenue from on-chain contracts is recognized at a point in time upon completion of blockchain integration, when the technical integration is complete. Revenue from trading activities is recognized at a point in time when the related trades are executed. In addition to integration services, tokenization arrangements typically include performance obligations for ongoing maintenance and support services, with the associated revenue recognized ratably over the contractual term. Placement fees associated with making assets available for distribution are recognized either at a point in time or over the contract period, depending on the specific terms of

the agreement.

Asset Servicing

Asset Servicing revenue includes fees earned for ongoing operational and administrative services provided to issuers, asset managers, and investors throughout the lifecycle of a fund or digital asset. These services include recordkeeping, transfer processing, fund accounting, and compliance support. Fees related to setup activities, including the initial recording of investor information on the blockchain and investor onboarding procedures such as know your customer (

KYC

) verification and accreditation, are recognized at a point in time when the initial services are delivered, while recurring service fees are recognized over time over the agreement term for those support services which are made available equally over the contract terms.

Contract Assets and Deferred Revenue

The following table shows contract assets as of the dates below:

December 31,		2025	2024
Beginning balance	\$	4,768,725	\$
Revenue recognized		35,637,032	4,885,901
Reclassified to accounts receivable		(25,134,543)	(117,176)
Ending balance	\$	15,271,214	\$ 4,768,725

The Company notes the increase in contract assets during the year ended December 31, 2025 is primarily related to revenue recognized from the Company's on-chain revenue contracts at the point in time the integration of the customers' blockchain is completed, which typically occurs towards the beginning of each contract and reflects when the customer receives the benefit of the integrated blockchain becoming available for product launches. Payments related to these integrations are subsequently invoiced, at which point the contract asset balances are reclassified to accounts receivable. Included within the contract asset balance as of December 31, 2025 is \$6,306,046 in unbilled receivables related to customers from which the Company has an unconditional right to payment, but has not yet issued invoices.

19. REVENUE (cont.)

The Company notes that the increase in contract assets during the year ended December 31, 2024 is derived primarily from one contract with a customer in which the customer is obligated to pay the full annual fee only if the Company achieves all required annual milestones. The Company notes that as of December 31, 2024, not all milestones had been met, and therefore payment was not yet due. However, the Company recognized in revenue the portion of the transaction price allocated to the completed milestones and the corresponding amount was recorded as a contract asset as of December 31, 2024.

The following table shows deferred revenue as of the dates below:

Revenue recognized		(29,771,874)	(672,606)
Ending balance	\$	6,503,357	\$ 3,075,369

During the year ended December 31, 2025, the Company recognized \$2,852,604 in revenue that was included in the beginning deferred revenue balance of \$3,075,369 as of December 31, 2024. During the year ended December 31, 2024, the Company recognized in revenue the entirety of the amount included in the beginning deferred revenue balance of \$461,208 as of December 31, 2023.

As of December 31, 2025, the aggregate amount of the transaction price allocated to remaining performance obligations that are unsatisfied or partially unsatisfied was \$4,774,680. The Company expects to recognize approximately \$1,649,063 during 2027, and \$1,192,753 thereafter.

Securitize Holdings, Inc. Notes to Unaudited Financial Statements As of March 31, 2026

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Income Taxes

For federal and state income taxes, deferred tax assets and liabilities are recognized based upon temporary differences between the financial statements and the tax basis of assets and liabilities. Deferred income taxes are based upon prescribed rates and enacted laws at the end of the reporting period in the countries where the Company operates and expects to generate taxable income. A valuation allowance is recorded when it is more likely than not that some portion or all the deferred

tax assets will not be realized. In assessing the realizability of deferred tax assets, the Company considers taxable income in prior carryback years, as permitted under the tax law, forecasted taxable earnings, tax planning strategies, and the expected timing of the reversal of temporary differences. This determination requires significant judgment, including assumptions about future taxable income that are based on historical and projected information and is performed on a jurisdiction-by-jurisdiction basis. Accordingly, the Company provides a valuation allowance, if necessary, to reduce deferred tax assets to amounts that are realizable.

Tax positions taken or expected to be taken while preparing the Company's tax returns are required to be evaluated to determine whether the tax positions are more likely-than-not

of being sustained by the applicable tax authority. Tax positions not deemed to meet a more-likely-than-not threshold would be recorded as a tax expense in the current year. There are no uncertain tax positions that require accrual or disclosure to the financial statements as of March 31, 2026. The Company's policy is to recognize interest and penalties related to income tax matters in income tax expense. The Company had no material accruals for interest or penalties related to income tax matters as of March 31, 2026.

Organizational and Offering Costs

No organizational costs have been incurred to date. If any organizational costs are incurred in the future, such costs will be paid by Securitize Inc. on behalf of the Company.

Organizational costs, including legal fees, registration fees, and other costs related to the formation of the Company, will be expensed as incurred in accordance with applicable accounting standards. Offering costs, such as legal, accounting, and printing fees directly associated with the issuance of equity or debt securities, will be deferred and offset against the proceeds of the related offering.

Related Party Transactions

Securitize Inc. is the sole owner of Securitize Holdings, Inc. Any organizational costs incurred in connection with the formation of the Company will be paid by Securitize Inc. on behalf of the Company. Accordingly, such payments, if made, would represent related party transactions.

- (h) Distributions with Respect to Unexchanged Shares of PubCo Common Stock. All shares of PubCo Common Stock to be issued as the Per Share Merger Consideration shall be deemed issued and outstanding as of each of the SPAC Merger Effective Time and the Company Merger Effective Time. 2.12 Intended Tax Treatment; Transfer Taxes.

- (a) Intended Tax Treatment. The Parties hereby agree and acknowledge that, for U.S. federal income tax purposes, (a) the SPAC Merger is intended to be treated as a reorganization described in Section 368(a)(1)(F) of the Code (the SPAC Merger Intended Tax Treatment

), and (b) the Company Merger is intended to be treated as a reorganization described in Section 368(a) of the Code (the Company Merger Intended Tax Treatment and, together with the SPAC Merger Intended Tax Treatment, the Intended Tax Treatment

). The Parties hereby agree to file all Tax and other informational returns on a basis consistent with the Intended Tax Treatment, unless otherwise required pursuant to a determination within the meaning of Section 1313(a) of the Code. Each of the Parties acknowledge and agree that each (a) has had the opportunity to obtain independent legal and tax advice with respect to the Transactions, and (b) is responsible for paying its own Taxes, including any adverse Tax consequences that may result if the SPAC Merger and/or the Company Merger do not qualify for the Intended Tax Treatment, respectively. The Parties hereby adopt this Agreement as a plan of reorganization

within the meaning of Treasury Regulation Sections 1.368-2(g) and 1.368-3(a).

(b) Transfer Taxes. Subject to Section 2.11(e), all transfer, documentary, sales, use, real property transfer, stamp, recording, registration and other similar Taxes, fees and costs (including any associated penalties and interest) incurred as a result of the Transactions (

Transfer Taxes

) shall be borne by PubCo. The Party required by Law to do so shall file all necessary Tax Returns and other documentation with respect to all such Transfer Taxes and, if required by applicable Law, the other Parties shall, and shall cause their respective Affiliates to, join in the execution of such Tax Returns and other documentation. The Parties shall use commercially reasonable efforts in good faith to minimize the amount of any Transfer Taxes payable in connection with the Transactions. To the extent applicable Law requires a Person other than PubCo to pay any Transfer Taxes, PubCo shall, upon written demand from such Person and without duplication of any amounts paid under Section 11.5, promptly reimburse such Person for such Transfer Taxes.

2.13 Taking of Necessary Action; Further Action. If, at any time after the Effective Time, any further action is necessary or desirable to carry out the purposes of this Agreement and to vest the SPAC Surviving Subsidiary or Company Surviving Subsidiary, as applicable, with full right, title and possession to all assets, property, rights, privileges, powers and franchises of SPAC and SPAC Merger Sub, on the one hand, or Company and Company Merger Sub, on the other hand, the officers and directors of SPAC, SPAC Merger Sub, Company and Company Merger Sub, as applicable, are fully authorized in the name of their respective entities to take, and will take, all such lawful and necessary action, so long as such action is not inconsistent with this Agreement.

2.14 Release of Funds from Trust Account. Subject to the terms and conditions of the Trust Agreement, each Party shall use commercially reasonable efforts, and shall cooperate fully with the other Parties, to take, or cause to be taken, all actions and to do, or cause to be done, all things reasonably necessary, proper or advisable under applicable Laws and regulations to cause the funds held in the Trust Account to be released simultaneously with, or as promptly as practicable after, the SPAC Merger Effective Time.

2.15 Withholding. Each of PubCo, the SPAC Surviving Subsidiary, Company Surviving Subsidiary and the Exchange Agent (without duplication) shall be entitled to deduct and withhold from the consideration otherwise payable to any Person pursuant to this Agreement such amounts as are required to be deducted and withheld with respect to the making of such payment under any applicable Law; provided, however, that the relevant payor will reasonably cooperate with the relevant payee prior to the making of such deductions and withholding payments to determine whether any such deductions or withholding payments (other than with respect to compensatory payments, if any) are required under applicable Law and in obtaining any available exemption or reduction of, or otherwise minimizing to the extent permitted by applicable Law, such deduction and withholding. Any amounts so deducted and withheld shall be paid over to the appropriate Governmental Authority in accordance with applicable Law, and to that extent shall be treated for all purposes of this Agreement as having been paid to the Person in respect of which such deduction or withholding was made. The Parties acknowledge that no withholding is expected to be required under the Code or other applicable Law in respect of Taxes as in effect as of the date of this Agreement with respect to any

Annex A-31

amounts payable pursuant to this Agreement. To the extent any Party becomes aware of any obligation to deduct or withhold from amounts otherwise payable, issuable or transferable pursuant to this Agreement, such Party shall notify the other Parties as soon as reasonably practicable, and the Parties shall reasonably cooperate to obtain any certificates or other documentation required in respect of such withholding obligation.

- (ii) Issuance Threshold II: One-third (1/3) of the total Company Earnout Shares shall be issued in the event that the Measurement Period VWAP shall equal or exceed twenty dollars (\$20.00) for any twenty (20) Trading Days within a thirty (30) Trading Day period during the Measurement Period; and

- (e) The issuance thresholds set forth in Section 2.16(c) and the applicable number of Company Earnout Shares that shall vest in respect of each such issuance threshold shall be subject to equitable adjustment for share splits, share dividends, reorganizations, combinations, recapitalizations and similar transactions affecting the PubCo Common Stock after the Closing.
- (f) To the extent any amount of Company Earnout Shares has not been issued on or before the expiry of the Measurement Period due to failure to satisfy the issuance thresholds set forth in Section 2.16(b), the Company Earnout Stockholders shall have no future rights to receive any such unissued Company Earnout Shares; provided that, for the avoidance of doubt, in the event an Issuance Event has occurred on or prior to the end of the Measurement Period, but the shares of PubCo Common Stock to be issued in accordance with such Issuance Event have not yet been issued by the end of the Measurement Period, the Company Earnout Shares to be issued in such circumstance shall be issued pursuant to the mechanics set forth in Section 2.16(b) even if such issuance occurs after the end of the Measurement Period.
- (g) Notwithstanding anything to the contrary in this Agreement, in the event that, prior to the expiration of the Measurement Period and before the Issuance Thresholds are met, PubCo consummates a merger, consolidation, business combination, tender offer, reorganization, recapitalization, or other transaction or series of related transactions pursuant to which the holders of PubCo Common Stock have the right to receive cash or securities (collectively,

(i) No Company Earnout Shares issuable pursuant to this Section 2.16 shall be issued to any Company Earnout Stockholder who is required to file notification pursuant to the HSR Act or under any applicable Antitrust Law of any non-U.S. jurisdictions (collectively,

-) until any applicable waiting period pursuant to the HSR Act or Foreign Antitrust Laws has expired or been terminated (provided, that any such Company Earnout Stockholder has notified PubCo of such required filing pursuant to the HSR Act or Foreign Antitrust Laws in connection therewith following reasonable advance notice from PubCo of the reasonably anticipated issuance of Company Earnout Shares).

(e) As soon as practicable (and in any event within three (3) Business Days) following the Proxy/Registration Statement

clearing

Approval, change, withdraw, withhold, qualify or modify the SPAC Recommendation (a Modification in Recommendation

) in response to an Intervening Event (an Intervening Event Change in Recommendation

) if the SPAC Board determines in good faith, based on the advice of its legal counsel, that the failure to take such action would be a breach of the fiduciary duties of the SPAC Board under applicable Law; provided that: (A) the Company shall have received written notice from SPAC of SPAC's intention to make an Intervening Event Change in Recommendation at least five (5) Business Days prior to the taking of such action by SPAC (the

Intervening Event Notice Period

), which notice shall specify the applicable Intervening Event in reasonable detail (including the facts and circumstances providing the basis for the determination by the SPAC Board to effect such Intervening Event Change in Recommendation), (B) during the Intervening Event Notice Period and prior to making an Intervening Event Change in Recommendation, if requested by the Company, SPAC and its Representatives shall have negotiated in good faith with the Company and its Representatives regarding any revisions or adjustments proposed by the Company to the terms and conditions of this Agreement as would enable the SPAC Board to proceed with its recommendation of this Agreement and the Transactions and not make such Intervening Event Change in Recommendation, (C) the SPAC and its Representatives shall have provided to the Company and its Representatives all applicable information with respect to such Intervening Event reasonably requested by the Company to permit the Company to propose revisions to the terms of this Agreement and (D) if the Company requested negotiations in accordance with the foregoing sub-clause (B), the SPAC Board may make an Intervening Event Change in Recommendation only if the SPAC Board, after considering in good faith any revisions or adjustments to the terms and conditions of this Agreement that the Company shall have, prior to the expiration of the five (5) Business Day period, offered in writing in a manner that would form a binding Contract if accepted by SPAC (and the other applicable Parties), continues to determine in good faith, based on the advice of legal counsel, that failure to make an Intervening Event Change in Recommendation would be a breach of its fiduciary duties to the SPAC Shareholders under applicable Law. An

Intervening Event

shall mean any material and negative event after the date of this Agreement that (i) was not known and was not reasonably foreseeable to the SPAC Board as of the date of this Agreement (or the consequences or magnitude of which were not reasonably foreseeable to the SPAC Board as of the

Annex A-73

date of this Agreement), which becomes known to the SPAC Board prior to the Extraordinary General Meeting, and (ii) does not relate to and excludes, whether alone or in combination, (A) any Acquisition Proposal (in each case, solely with respect to SPAC), (B) any actions taken pursuant to the terms of this Agreement or any Ancillary Document, including obtaining all Consents required to be obtained from any Governmental Authority as required herein, (C) any change in the price or trading volume of SPAC Class A Ordinary Shares, and (D) any Action filed or threatened against SPAC or any member of the SPAC Board arising out of or related to the Transactions by any Person (provided that the exceptions in clauses (C) and (D) shall not prevent or otherwise affect a determination that any Event underlying such change or Action (or referred to in such Action) has resulted in or contributed to an Intervening Event). For the avoidance of doubt, an Intervening Event Change in Recommendation shall constitute a Modification in Recommendation.

(ii) Notwithstanding anything to the contrary contained in this Agreement, during an Intervening Event Notice Period, the obligations of SPAC or the SPAC Board to make filings with the SEC with respect to the proposals contemplated herein, to give notice for or to convene a meeting, or to make a recommendation, shall be tolled to the extent reasonably necessary until such time as SPAC has filed an update to the Proxy/Registration Statement with the SEC (which SPAC shall file as promptly as practicable after the Intervening Event Change in Recommendation), and in the event a filing and/or notice for a general meeting was made prior to the Intervening Event Notice Period, SPAC shall be permitted to adjourn or postpone such general meeting and to amend such filing as necessary in order to provide sufficient time for the SPAC Shareholders to consider any revised recommendation.

(iii) To the fullest extent permitted by applicable Law, (A) SPAC's obligations to establish a record date for, duly call, give notice of, convene and hold the Extraordinary General Meeting shall not be affected by any Modification in Recommendation, (B) SPAC agrees to establish a record date for, duly call, give notice of, convene and hold the Extraordinary General Meeting and submit the SPAC Shareholder Approval Matters for approval by the SPAC Shareholders and (C) SPAC agrees that if the Required Shareholder Approval shall not have been obtained at any such Extraordinary General Meeting, then SPAC shall promptly continue to take all such reasonably necessary actions, including the actions required by this Section 7.14, and hold additional Extraordinary General Meetings in order to obtain the Required Shareholder Approval. SPAC may adjourn or postpone the Extraordinary General Meeting (including, for the avoidance of doubt on the date for which the Extraordinary General Meeting is scheduled) (x) to solicit additional proxies for the purpose of obtaining the Required Shareholder Approval, (y) for the absence of a quorum and/or (z) to allow reasonable additional time for the filing or mailing of any supplemental or amended disclosure that SPAC has determined in good faith after consultation with legal counsel is required under applicable Law and for such supplemental or amended disclosure to be disseminated and reviewed by the SPAC Shareholders prior to the Extraordinary General Meeting.

(g) SPAC and PubCo shall comply with all applicable Laws, any applicable rules and regulations of Nasdaq, the SPAC Memorandum and this Agreement in the preparation, filing and distribution of the Proxy/Registration Statement, any solicitation of proxies thereunder, the calling and holding of the Extraordinary General Meeting and the Redemption Rights.

(h) Company Written Consent. Concurrently with the execution of this Agreement, the Company shall have delivered to SPAC the duly-executed Company Written Consent.

7.15 Public Announcements.

(a) The Parties agree that during the Interim Period, no public release, filing or announcement concerning this Agreement or the Ancillary Documents or the Transactions shall be issued by any Party or any of their Affiliates without the prior written consent (not be unreasonably withheld, conditioned or delayed) of SPAC, PubCo and the Company, except as such release, filing or announcement may be required by applicable Law or the rules or regulations of any securities exchange, in which case the applicable Party shall use commercially reasonable efforts to allow the other Parties reasonable time to comment on, and arrange for any required filing with respect to, such release, filing or announcement in advance of such issuance; provided that nothing shall prevent the Parties from issuing any press releases or making any public announcements about the Transactions containing information that has already been made public by the Parties.

) with the Signing Press Release and a description of this Agreement as required by Federal Securities Laws, which the Company shall review, comment upon and approve (which approval shall not be unreasonably withheld, conditioned or delayed) prior to filing. The Parties shall mutually agree upon and, as promptly as practicable after the Closing, issue a press release announcing the consummation of the Transactions (the

Closing Press Release

). Promptly after the issuance of the Closing Press Release, PubCo shall file a current report on Form 8-K (the Closing Filing

) with the Closing Press Release and a description of the Closing as required by Federal Securities Laws which the Sponsor and the Company shall review, comment upon and approve (which approval shall not be unreasonably withheld, conditioned or delayed) prior to filing. In connection with the preparation of the Signing Press Release, the Signing Filing, the Closing Filing, the Closing Press Release, or any other report, statement, filing notice or application made by or on behalf of a Party to any Governmental Authority or other third party in connection with the Transactions, each Party shall, upon request by any other Party, furnish the Parties with all information concerning themselves, their respective directors, officers and equity holders, and such other matters as may be reasonably necessary or advisable in connection with the Transactions, or any other report, statement, filing, notice or application made by or on behalf of a Party to any third party and/or any Governmental Authority in connection with the Transactions.

(c) Notwithstanding the foregoing, the restrictions set forth in this Section 7.15 shall not apply to any release, statement, announcement, or other disclosure made with respect to (i) a Modification in Recommendation issued or made in compliance with Section 7.14; or (ii) any other disclosures issued or made in compliance with Section 7.14. Furthermore, nothing contained in this Section 7.15 shall prevent SPAC, PubCo or the Company from furnishing customary or other reasonable information concerning the Transactions to their investors and prospective investors that is substantively consistent with public statements previously consented to by the other Parties in accordance with this Section 7.15.

This Agreement may only be terminated in the circumstances described in Section 9.1 and pursuant to a written notice delivered by the applicable Party to the other applicable Parties, which sets forth the basis for such termination, including the provision of Section 9.1 under which such termination is made. In the event of the valid termination of this Agreement pursuant to Section 9.1, this Agreement shall forthwith become void, and there shall be no Liability on the part of any Party or any of their respective Representatives, and all rights and obligations of each Party shall cease, except: (a) Sections 7.15, 7.16, 10.1, Article XI and this Section 9.2 shall survive the termination of this Agreement, and (b) nothing herein shall relieve any Party from Liability for any willful and material breach of any representation, warranty, covenant or obligation under this Agreement or any Fraud Claim against such Party, in either case, prior to termination of this Agreement (in each case of clauses (a) and (b) above, subject to Section 10.1). Without limiting the foregoing, and except as provided in Section 11.6 and this Section 9.2 (but subject to Section 10.1, and subject to the right (which shall not be impaired prior to the valid termination of this Agreement) to seek injunctions, specific performance or other equitable relief in accordance with Section 11.7), the Parties' sole right prior to the Closing with respect to any breach of any representation, warranty, covenant or other agreement contained in this Agreement by another Party or with respect to the Transactions shall be the right, if applicable, to terminate this Agreement pursuant to Section 9.1.

ARTICLE XWAIVERS AND RELEASES

10.1 Waiver of Claims Against Trust. Each of the Company, PubCo and SPAC Merger Sub hereby represents and warrants that it has read the IPO Prospectus and understands that SPAC has established the Trust Account containing the proceeds of the IPO, from certain private placements occurring simultaneously with the IPO and from certain loans agreed to be made by Sponsor (including interest accrued from time to time thereon) for the benefit of the holders of the SPAC Class A Ordinary Shares issued and sold in the IPO (the

Public Shareholders

-) and that, except as otherwise described in the IPO Prospectus, SPAC may disburse monies from the Trust Account only: (a) to the Public Shareholders in the event they elect to redeem their SPAC Class A Ordinary Shares in connection with the consummation of its initial Business Combination or in connection with

Annex A-82

an amendment to the SPAC Memorandum to extend SPAC's deadline to consummate a Business Combination, (b) to the Public Shareholders if SPAC fails to consummate a Business Combination within twenty four (24) months after the closing of the IPO, subject to further extension by amendment to the SPAC Memorandum, (c) with respect to any interest earned on the amounts held in the Trust Account, as necessary to pay any income taxes, and (d) to SPAC after or concurrently with the consummation of a Business Combination. For and in consideration of SPAC entering into this Agreement and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Company, PubCo and SPAC Merger Sub hereby agree on behalf of themselves and their Affiliates, notwithstanding anything to the contrary in this Agreement, that none of the Company, PubCo, SPAC Merger Sub nor any of their respective Affiliates do now or shall at any time hereafter have any right, title, interest or claim of any kind in or to any monies in the Trust Account or distributions therefrom, or make any claim against the Trust Account (including any distributions therefrom), regardless of whether such claim arises as a result of, in connection with or relating in any way to, this Agreement or any other matter, and regardless of whether such claim arises based on contract, tort, equity or any other theory of legal liability (collectively, the

Released Claims

-). The Company, PubCo and SPAC Merger Sub on behalf of themselves and their respective Affiliates hereby irrevocably waive any Released Claims that any such Party or any of its Affiliates may have against the Trust Account (including any distributions therefrom) now or in the future as a result of, or arising out of, any negotiations, contracts or agreements hereunder and will not seek recourse against the Trust Account (including any distributions therefrom) for any reason whatsoever (including for an alleged breach of this Agreement or any other agreement with SPAC or its Affiliates). Each of the Company, PubCo and SPAC Merger Sub agrees and acknowledges that such irrevocable waiver is material to this Agreement and specifically relied upon by SPAC to induce SPAC to enter in this Agreement, and each of the Company, PubCo and SPAC Merger Sub further intends and understands such waiver to be valid, binding and enforceable against such Party and each of its Affiliates under applicable Law. To the extent the Company, PubCo, SPAC Merger Sub, Company Merger Sub or any of their respective Affiliates commences any Action or proceeding based upon, in connection with, relating to or arising out of any matter relating to this Agreement or the Transactions, which proceeding

seeks, in whole or in part, monetary relief against the Trust Account, each such Party hereby acknowledge and agree that such Party's and its Affiliates' sole remedy with respect to monetary relief shall be against funds held outside of the Trust Account and that such claim shall not permit such Party or any of its Affiliates (or any Person claiming on any of their behalf or in lieu of them) to have any claim against the Trust Account (including any distributions therefrom) or any amounts contained therein. Nothing in this Section 10.1 shall amend, limit, alter, change, supersede or otherwise modify the right of the Company, PubCo or SPAC Merger Sub to (a) bring any Action or Actions for specific performance, injunctive and/or other equitable relief or (b) bring or seek a claim for damages against SPAC, or any of its successors or assigns, for any breach of this Agreement (but such claim shall not be against the Trust Account or any funds distributed from the Trust Account). This Section 10.1 shall survive termination of this Agreement for any reason.

ARTICLE XIMISCELLANEOUS

11.1 Survival. Except as otherwise contemplated by Section 9.2, (a) the representations and warranties of the Parties contained in this Agreement (or in any certificate or instrument delivered by or on behalf of the Parties pursuant to this Agreement) shall not survive the SPAC Closing and the Company Closing, and from and after the SPAC Closing and the Company Closing, the Parties and their respective Representatives shall not have any further obligations, nor shall any claim be asserted or Action be brought against any of the Parties or their respective Representatives with respect thereto and (b) the covenants and agreements made by the Parties in this Agreement or in any certificate or instrument delivered pursuant to this Agreement, including any rights arising out of any breach of such covenants or agreements, shall not survive the SPAC Closing and the Company Closing, except for those covenants and agreements contained herein and therein that by their terms apply or are to be performed in whole or in part after the SPAC Closing and the Company Closing (which such covenants shall survive the SPAC Closing and the Company Closing and continue until fully performed in accordance with their terms), including, for the avoidance of doubt, Section 2.14, Section 7.18, Section 10.1 and this Article XI.

11.2 Notices. All notices, consents, waivers and other communications hereunder shall be in writing and shall be given (and shall be deemed to have been duly given upon receipt) by delivery (a) in person, (b) by email (without receiving notice of non-receipt or other

bounce-back

), (c) by reputable, nationally recognized overnight courier service or (d) by registered or certified mail, pre-paid and return receipt requested; provided, however, that

11.3 Binding Effect; Assignment. Subject to Section 11.4, this Agreement and all of the provisions hereof shall be binding upon and inure solely to the benefit of the Parties and their respective successors and permitted assigns. This Agreement shall not be assigned by operation of Law or otherwise without the prior written consent of SPAC, PubCo, and the Company. Any assignment without such consent shall be null and void; provided that no such assignment shall relieve the assigning Party of its obligations hereunder.

11.4 Third Parties. Nothing contained in this Agreement or in any Ancillary Document shall create any rights in, or be deemed to have been executed for the benefit of, any Person that is not a Party or party thereto or a successor or permitted assign of such a Party; provided, however, that (a) in the event that the SPAC Closing and the Company Closing occur, the D&O Indemnified Persons are intended third-party beneficiaries of Section 7.18(a), (b) the past, present or future directors, officers, agents, employees, equityholders or other Representatives, Affiliates, successors or assignees of any Party, are intended third-party beneficiaries of, and may enforce, Section 11.15, (c) the Nonparty Affiliates are intended third-party beneficiaries of the rights set forth in Section 11.13, and (d) the Sponsor is an intended third-party beneficiary of any provision of this Agreement that confers any right or privilege to Sponsor (including pursuant to Section 11.9, Section 11.11 and Section 11.14),

11.5 Fees and Expenses. Subject to Section 10.1, all Expenses incurred in connection with this Agreement and the Transactions shall be paid by the Party incurring

such Expenses, provided that, if the Closing shall occur, PubCo shall reimburse or pay or cause to be reimbursed or paid, at or promptly following Closing, by wire transfer of immediately available funds, all Expenses. For the avoidance of doubt, any payments to be made (or to cause to be made) by PubCo pursuant to this Section 11.5 shall be paid upon consummation of the Transactions and release of proceeds from the Trust Account.

11.6 Governing Law; Jurisdiction; Waiver of Jury Trial.

- (a) Subject to Section 11.6(b) and the proviso in the parenthetical to this sentence, this Agreement and all claims or causes of Action based upon, arising out of, or related to this Agreement or the Transactions shall be governed by, construed and enforced in accordance with the Laws of the State of Delaware, without regard to the conflict of Laws principles or rules thereof to the extent such principles or rules would require or permit the application of Laws of another jurisdiction (provided, however, that notwithstanding the foregoing, the effects of the SPAC Merger shall be governed by the Laws of the Cayman Islands with respect to determining the effects of the filing of the SPAC Plan of Merger and other documents under the Cayman Act with the Cayman Registrar pursuant to Section 2.1).
- (b) Any Action based upon, arising out of or related to this Agreement or the Transactions must be brought in the Court of Chancery of the State of Delaware (or, to the extent such court does not have subject matter jurisdiction, the Superior Court of the State of Delaware and the Parties will endeavor to have such Action assigned to the Delaware Complex Commercial Litigation Division thereof), or, if it has or can acquire jurisdiction, in the United States District Court for the District of Delaware, and each Party irrevocably (i) submits to the exclusive jurisdiction of each such court in any such Action, (ii) waives any objection it may now or hereafter have to personal jurisdiction, venue or to convenience of forum, (iii) agrees that all claims in respect of the Action shall be heard and determined only in any such court, and (iv) agrees not to bring any Action arising out of or relating to this Agreement or the Transactions in any other court. Nothing herein contained shall be deemed to affect the right of any Party to serve process in any manner permitted by Law or to commence Actions or otherwise proceed against any other Party in any other jurisdiction, in each case, to enforce judgments obtained in any Action brought pursuant to this Section 11.7.
- (c) EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT AND THE TRANSACTIONS IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH PARTY HEREBY IRREVOCABLY, UNCONDITIONALLY AND VOLUNTARILY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OF THE TRANSACTIONS.

11.7 Specific Performance. Each Party acknowledges that the rights of each Party to consummate the Transactions are unique, recognizes and affirms that in the event of a breach of this Agreement by any Party, money damages may be inadequate and the non-breaching Parties may not have an adequate remedy at law, and agree that irreparable damage may occur in the event that any of the provisions of this Agreement were not performed by an applicable Party in accordance with their specific terms or were otherwise breached. Accordingly, each Party shall be entitled to seek an injunction or restraining order to prevent breaches of this Agreement and to seek to enforce specifically the terms and provisions hereof, without the requirement to post any bond or other security or to prove that money damages would be inadequate, this being in addition to any other right or remedy to which such Party may be entitled under this Agreement, at law or in equity.

11.8 Severability. In case any provision in this Agreement shall be held invalid, illegal or unenforceable by any court of competent jurisdiction, such provision shall be modified or deleted, as to the jurisdiction involved, only to the extent necessary to render the same valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby nor shall the validity, legality or enforceability of such provision be affected thereby in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties will substitute for any invalid, illegal or unenforceable provision a suitable and equitable provision that carries out, so far as may be valid, legal and enforceable, the intent and purpose of such invalid, illegal or unenforceable provision.

11.9 Amendment. Subject to the provisions of applicable Law, this Agreement may be amended, supplemented or modified only by execution of a written instrument signed by each of the Parties; provided, however, that (a) with respect to any amendment modification, supplement or waiver adversely affecting (i) the SPAC D&O Tail Insurance or the D&O Indemnified Parties covered by such policy, (ii) any rights of the SPAC or Sponsor under Section 11.14 or (iii) any other express rights of the Sponsor hereunder, such action shall only be effected by execution of a written instrument signed by PubCo and Sponsor, and (b) with respect to any amendment, modification, supplement or waiver affecting any terms or conditions of or to the issuance of Company Earnout Shares from the terms and conditions set forth on the date of this Agreement in a manner that allows for the issuance of any Company Earnout Shares that would not be issuable under the terms and conditions of this Agreement as of the date of this Agreement, such action shall only be taken upon the affirmative written consent of the independent directors of the board of directors of PubCo.

11.10 Entire Agreement. This Agreement and the documents or instruments referred to herein, including any Exhibits, Annexes and Schedules, which Exhibits, Annexes and Schedules are incorporated herein by reference, together with the Ancillary Documents, embody the entire agreement and understanding of the Parties in respect of the subject matter contained herein. There are no restrictions, promises, representations, warranties, covenants or undertakings, other than those expressly set forth or referred to herein or the documents or instruments referred to herein, which collectively supersede all prior agreements and the understandings among the Parties with respect to the subject matter contained herein.

11.11 Waiver. Each Party may in its sole discretion (a) extend the time for the performance of any obligation or other act of any other non-Affiliated Party, (b) waive any inaccuracy in the representations and warranties by any other non-Affiliated Party contained herein or in any document delivered pursuant hereto and (c) waive compliance by such other non-Affiliated Party with any covenant or condition contained herein, subject to the proviso to Section 11.9 above. Any such extension or waiver shall be valid only if set forth in an instrument in writing signed by the Party or Parties to be bound thereby. Notwithstanding the foregoing, no failure or delay by a Party in exercising any right or remedy hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise of any other right hereunder.

11.12 Counterparts. This Agreement may be executed and delivered (including by facsimile, email or other electronic means or transmission) in one or more counterparts, and by the different Parties in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement. Copies of executed counterparts of this Agreement transmitted by electronic transmission (including by email or in .pdf

format) or facsimile as well as electronically or digitally executed counterparts (such as DocuSign) shall have the same legal effect as original signatures and shall be considered original executed counterparts of this Agreement.

11.13 No Recourse. Notwithstanding anything that may be expressed or implied in this Agreement, the Parties acknowledge and agree that all claims, obligations, liabilities, or causes of Action (whether in contract or in tort, in Law or in equity or otherwise, or granted by statute or otherwise, whether by or through attempted piercing of the corporate, limited partnership or limited liability company veil or any other theory or doctrine, including alter ego or otherwise) that may be based upon, in respect of, arise under, out or by reason of, be connected with, or relate in any manner to this Agreement or the Ancillary Documents, or the negotiation, execution, or performance or non-performance of this Agreement or the Ancillary Documents (including any representation or warranty made in, in connection with, or as an inducement to, this Agreement or the Ancillary Documents), may be made only against (and such representations and warranties are those solely of) the Persons that are expressly identified as Parties hereunder or Persons party to the applicable Ancillary Document (the

Contracting Parties

) except as set forth in this Section 11.13. In no event shall any Contracting Party have any shared or vicarious liability for the Actions or omissions of any other Person. No Person who is not a Contracting Party, including any current, former or future director, officer, employee, incorporator, member, partner, manager, shareholder, affiliate, agent, financing source, attorney or Representative or assignee of any Contracting Party, or any current, former or future director, officer, employee, incorporator, member, partner, manager, shareholder, affiliate, agent, financing source, attorney or Representative or assignee of any of the foregoing (collectively, the

Nonparty Affiliates

), shall have any Liability (whether in contract or in tort, in Law or in equity or otherwise, or granted by statute or otherwise, whether by or through attempted piercing of the corporate, limited partnership or limited liability company veil or any other theory or doctrine, including alter ego or otherwise) for any obligations or Liabilities arising under, out of, in connection with, or related in any manner to this Agreement or the other Ancillary Documents or for any claim based on, in respect of, or by reason of this Agreement or the other Ancillary Documents or their negotiation, execution, performance, or breach; and each Party waives and releases all such Liabilities and Actions against any such Nonparty Affiliates. Notwithstanding anything to the contrary herein, none of the Contracting Parties or any Nonparty Affiliate shall be responsible or liable for any multiple, consequential, indirect, special, statutory, exemplary or punitive damages (in each case, other than in connection with damages awarded in a third-party claim) which may be alleged as a result of this Agreement, the Ancillary Documents or any other agreement referenced herein or therein or the Transactions, or the termination or abandonment of any of the foregoing. The Parties acknowledge and agree that the Nonparty Affiliates are intended third-party beneficiaries of this Section 11.13.

11.14 Legal Representation. The Parties agree that, notwithstanding the fact that Hughes Hubbard & Reed LLP (

HHR

) may have, prior to the SPAC Closing, jointly represented SPAC, Company Merger Sub and Sponsor in connection with this Agreement, the Ancillary Documents and the Transactions, and has also represented SPAC, Sponsor and their respective Affiliates in connection with matters other than the Transactions, HHR will be permitted in the future, after the SPAC Closing, to represent Sponsor or its Affiliates in connection with matters in which such Persons are adverse to PubCo, SPAC or any of their respective Affiliates, including any disputes arising out of, or related to, this Agreement. The Company, PubCo and SPAC Merger Sub, who are or have the right to be represented by independent counsel in connection with the Transactions contemplated by this Agreement, hereby agree, in advance, to waive (and to cause their Affiliates to waive) any actual or potential conflict of interest that may hereafter arise in connection with HHR's future representation of one or more of the Sponsor or its Affiliates in which the interests of such Person are adverse to the interests of PubCo, SPAC and the Company, or any of their respective Affiliates, including any matters that arise out of this Agreement or that are substantially related to this Agreement or to any prior representation by HHR of Sponsor, SPAC or any of their respective Affiliates. The Parties acknowledge and agree that, for the purposes of the attorney-client privilege, Sponsor shall be deemed the client of HHR with respect to the negotiation, execution and performance of this Agreement and the Ancillary Documents. All such communications in any form or format whatsoever between or among any of HHR, SPAC or Sponsor, or any of their respective Representatives, that relate in any way to the negotiation, documentation and consummation of the Transactions or, beginning on the date of this Agreement, any dispute arising under this Agreement (collectively, the

SPAC Deal Communications

) shall remain privileged after the Closing and the expectation of client confidence relating thereto shall belong solely to Sponsor, shall be controlled by Sponsor and shall not pass to or be claimed by PubCo or SPAC; provided, further, that nothing contained herein shall be deemed to be a waiver by PubCo, SPAC or any of their respective Affiliates of any applicable privileges or protections that can or may be asserted to prevent disclosure of any such communications to any third party. The Company agrees on behalf of itself and SPAC, PubCo and the Company Entities that after the SPAC Closing, (a) to the extent that SPAC or, after the SPAC Closing, PubCo or the Company Entities receives or takes physical possession of any SPAC Deal Communications, (i) such physical possession or receipt shall not, in any way, be deemed a waiver by Sponsor or any other Person, of the privileges or protections described in this Section 11.14, and (ii) neither SPAC, PubCo nor the Company Entities after the SPAC Closing shall assert any claim that Sponsor or any other Person waived the attorney-client privilege, attorney work-product protection or any other right or expectation of client confidence applicable to any such materials or communications, (b) not to access or use the SPAC Deal Communications, including by way of review of any electronic data, communications or other information, or by seeking to have SPAC, PubCo or any Company Entity waive the attorney-client or other privilege, or by otherwise asserting that SPAC, PubCo or the Company Entities after the SPAC Closing has the right to waive the attorney-client or other privilege and (c) not to seek to obtain the SPAC Deal Communications from HHR so long as such SPAC Deal Communications would be subject to a privilege or protection if they were being requested in a proceeding by an unrelated third party.

11.15 Cumulative Remedies. The rights, powers, privileges and remedies provided in this Agreement are cumulative and not exclusive of any rights, powers, privileges or remedies provided by Law except as otherwise expressly provided.

6.3 If a share certificate is defaced, worn out, lost or destroyed, it may be renewed on such terms (if any) as to evidence and indemnity and on the payment of such expenses reasonably incurred by the Company in investigating evidence, as the Directors may prescribe, and (in the case of defacement or wearing out) upon delivery of the old certificate.

6.4 Every share certificate sent in accordance with the Articles will be sent at the risk of the Member or other person entitled to the certificate. The Company will not be responsible for any share certificate lost or delayed in the course of delivery.

- 7.2 The instrument of transfer of any Share shall be in writing in the usual or common form or in a form prescribed by the rules and regulations of the Designated Stock Exchange, the Securities and Exchange Commission and/or any other competent regulatory authority or otherwise under Applicable Law or in any other form approved by the Directors and shall be executed by or on behalf of the transferor (and if the

Directors so require, signed by or on behalf of the transferee) and may be under hand or, if the transferor or transferee is a Clearing House or its nominee(s), by hand or by machine imprinted signature or by such other manner of execution as the Directors may approve from time to time. The transferor shall be deemed to remain the holder of a Share until the name of the transferee is entered in the Register of Members.

8 Redemption, Repurchase and Surrender of Shares

8.1 Subject to the provisions of the Statute, and, where applicable, the rules and regulations of the Designated Stock Exchange, the Securities and Exchange Commission and/or any other competent regulatory authority or otherwise under Applicable Law, the Company may issue Shares that are to be redeemed or are liable to be redeemed at the option of the Member or the Company. The redemption of such Shares, except Public Shares, shall be effected in such manner and upon such other terms as the Company by Ordinary Resolution, may determine before the issue of such Shares. With respect to redeeming or repurchasing the Shares:

(a) Members who hold Public Shares are entitled to request the redemption of such Shares in the circumstances described in the Business Combination Article hereof; and

(b) Public Shares shall be repurchased by way of tender offer in the circumstances set out in the Business Combination Article hereof.

8.2 Subject to the provisions of the Statute, and, where applicable, the rules and regulations of the Designated Stock Exchange, the Securities and Exchange Commission and/or any other competent regulatory authority or otherwise under Applicable Law, the Company may purchase its own Shares (including any redeemable Shares) in such manner and on such other terms as the Directors may agree with the relevant Member. For the avoidance of doubt, redemptions, repurchases and surrenders of Shares in the circumstances described in the Article above shall not require further approval of the Members.

8.3 The Company may make a payment in respect of the redemption or purchase of its own Shares in any manner permitted by the Statute, including out of capital.

8.4 The Directors may accept the surrender for no consideration of any fully paid Share.

9 Treasury Shares

9.1 The Directors may, prior to the purchase, redemption or surrender of any Share, determine that such Share shall be held as a Treasury Share.

9.2 The Directors may determine to cancel a Treasury Share or transfer a Treasury Share on such terms as they think proper (including, without limitation, for nil consideration).

10 Variation of Rights of Shares

10.1 Subject to Article 3.1, if at any time the share capital of the Company is divided into different classes of Shares, all or any of the rights attached to any class (unless otherwise provided by the terms of issue of the Shares of that class) may, whether or not the Company is being wound up, be varied without the consent of the holders of the issued Shares of that class where such variation is considered by the Directors not to have a material adverse effect upon such rights; otherwise, any such variation shall be made only with the consent in writing of the holders of not less than two-thirds of the issued Shares of that class (other than

with respect to a waiver of the provisions of the Class B Ordinary Share Conversion Article hereof, which as stated therein shall only require the consent in writing of the holders of a majority of the issued Shares of that class), or with the approval of a resolution passed by a majority of not less than two-thirds of the votes cast at a separate meeting of the holders of the Shares of that class. For the avoidance of doubt, the Directors reserve the right, notwithstanding that any such variation may not have a material adverse effect, to obtain consent from the holders of Shares of the relevant class. To any such meeting all the provisions of the Articles relating to general meetings shall apply mutatis mutandis, except that the necessary quorum shall be one person holding or representing by proxy at least one-third of the issued Shares of the class and that any holder of Shares of the class present in person or by proxy may demand a poll.

10.2 For the purposes of a separate class meeting, the Directors may treat two or more or all the classes of Shares as forming one class of Shares if the Directors consider that such class of Shares would be affected in the same way by the proposals under consideration, but in any other case shall treat them as separate classes of Shares.

10.3 The rights conferred upon the holders of the Shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by

the terms of issue of the Shares of that class, be deemed to be varied: (i) by the creation or issue of further Shares ranking pari passu therewith or Shares issued with preferred or other rights; (ii) where the constitutional documents of the Company are amended or new constitutional documents of the Company are adopted, in each case, as a result of the Company registering by way of continuation as a body corporate under the laws of any jurisdiction outside of the Cayman Islands; or (iii) by the conversion of any Class B Shares pursuant to the Class B Ordinary Share Conversion Article.

11 Commission on Sale of Shares

The Company may, in so far as the Statute permits, pay a commission to any person in consideration of that person subscribing or agreeing to subscribe (whether absolutely or conditionally) or procuring or agreeing to procure subscriptions (whether absolutely or conditionally) for any Shares. Such commissions may be satisfied by the payment of cash and/or the issue of fully or partly paid-up Shares. The Company may also on any issue of Shares pay such brokerage as may be lawful.

12 Non Recognition of Trusts

The Company shall not be bound by or compelled to recognise in any way (even when notified) any equitable, contingent, future or partial interest in any Share, or (except only as is otherwise provided by the Articles or the Statute) any other rights in respect of any Share other than an absolute right to the entirety thereof in the holder.

13 Lien on Shares

13.1 The Company shall have a first and paramount lien on all Shares (whether fully paid-up or not) registered in the name of a Member (whether solely or jointly with others) for all debts, liabilities or engagements to or with the Company (whether presently payable or not) by such Member or their estate, either alone or jointly with any other person, whether a Member or not, but the Directors may at any time declare any Share to be wholly or in part exempt from the provisions of this Article. The registration of a transfer of any such Share shall operate as a waiver of the Company's lien thereon. The Company's lien on a Share shall also extend to any amount payable in respect of that Share.

13.2 The Company may sell, in such manner as the Directors think fit, any Shares on which the Company has a lien, if a sum in respect of which the lien exists is presently payable, and is not paid within 14 clear days after notice has been received or deemed to have been received by the holder of the Shares, or to the person entitled to it in consequence of the death or bankruptcy of the holder, demanding payment and stating that if the notice is not complied with the Shares may be sold.

13.3 To give effect to any such sale the Directors may authorise any person to execute an instrument of transfer of the Shares sold to, or in accordance with the directions of, the purchaser. The purchaser or their nominee shall be registered as the holder of the Shares comprised in any such transfer, and they shall not be bound to see to the application of the purchase money, nor shall their title to the Shares be affected by any irregularity or invalidity in the sale or the exercise of the Company's power of sale under the Articles.

13.4 The net proceeds of such sale after payment of costs, shall be applied in payment of such part of the amount in respect of which the lien exists as is presently payable and any balance shall (subject to a like lien for sums not presently payable as existed upon the Shares before the sale) be paid to the person entitled to the Shares at the date of the sale.

14 Call on Shares

14.1 Subject to the terms of the allotment and issue of any Shares, the Directors may make calls upon the Members in respect of any monies unpaid on their Shares (whether in respect of par value or premium), and each Member shall (subject to receiving at least 14 clear days' notice specifying the time or times of payment) pay to the Company at the time or times so specified the amount called on the Shares. A call may be revoked or postponed, in whole or in part, as the Directors may determine. A call may be required to be paid by instalments. A person upon whom a call is made shall remain liable for calls made upon them notwithstanding the subsequent transfer of the Shares in respect of which the call was made.

14.2 A call shall be deemed to have been made at the time when the resolution of the Directors authorising such call was passed.

14.3 The joint holders of a Share shall be jointly and severally liable to pay all calls in respect thereof.

14.4 If a call remains unpaid after it has become due and payable, the person from whom it is due shall pay interest on the amount unpaid from the day it became due and payable until it is paid at such rate as the Directors may determine (and in addition all expenses that have been incurred by the Company by reason of such non-payment), but the Directors may waive payment of the interest or expenses wholly or in part.

14.5 An amount payable in respect of a Share on issue or allotment or at any fixed date, whether on account of the par value of the Share or premium or otherwise, shall be deemed to be a call and if it is not paid all the provisions of the Articles shall apply as if that amount had become due and payable by virtue of a call.

14.6 The Directors may issue Shares with different terms as to the amount and times of payment of calls, or the interest to be paid.

14.7 The Directors may, if they think fit, receive an amount from any Member willing to advance all or any part of the monies uncalled and unpaid upon any Shares held by that Member, and may (until the amount would otherwise become payable) pay interest at such rate as may be agreed upon between the Directors and the Member paying such amount in advance.

- 14.8 No such amount paid in advance of calls shall entitle the Member paying such amount to any portion of a Dividend or other distribution payable in respect of any period prior to the date upon which such amount would, but for such payment, become payable.
- 15 Forfeiture of Shares
- 15.1 If a call or instalment of a call remains unpaid after it has become due and payable the Directors may give to the person from whom it is due not less than 14 clear days' notice requiring payment of the amount unpaid together with any interest which may have accrued and any expenses incurred by the Company by reason of such non-payment. The notice shall specify where payment is to be made and shall state that if the notice is not complied with the Shares in respect of which the call was made will be liable to be forfeited.
- 15.2 If the notice is not complied with, any Share in respect of which it was given may, before the payment required by the notice has been made, be forfeited by a resolution of the Directors. Such forfeiture shall include all Dividends, other distributions or other monies payable in respect of the forfeited Share and not paid before the forfeiture.
- 15.3 A forfeited Share may be sold, re-allotted or otherwise disposed of on such terms and in such manner as the Directors think fit and at any time before a sale, re-allotment or disposition the forfeiture may be cancelled on such terms as the Directors think fit. Where for the purposes of its disposal a forfeited Share is to be transferred to any person the Directors may authorise some person to execute an instrument of transfer of the Share in favour of that person.
- 15.4 A person any of whose Shares have been forfeited shall cease to be a Member in respect of them and shall surrender to the Company for cancellation the certificate for the Shares forfeited and shall remain liable to pay to the Company all monies which at the date of forfeiture were payable by that person to the Company in respect of those Shares together with interest at such rate as the Directors may determine, but that person's liability shall cease if and when the Company shall have received payment in full of all monies due and payable by them in respect of those Shares.
- 15.5 A certificate in writing under the hand of one Director or Officer that a Share has been forfeited on a specified date shall be conclusive evidence of the facts stated in it as against all persons claiming to be entitled to the Share. The certificate shall (subject to the execution of an instrument of transfer) constitute a good title to the Share and the person to whom the Share is sold or otherwise disposed of shall not be bound to see to the application of the purchase money, if any, nor shall their title to the Share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the Share.
- 15.6 The provisions of the Articles as to forfeiture shall apply in the case of non payment of any sum which, by the terms of issue of a Share, becomes payable at a fixed time, whether on account of the par value of the Share or by way of premium as if it had been payable by virtue of a call duly made and notified.
- 16 Transmission of Shares
- 16.1 If a Member dies, the survivor or survivors (where they were a joint holder), or their legal personal representatives (where they were a sole holder), shall be the only persons recognised by the Company as having any title to the deceased Member's Shares. The estate of a deceased Member is not thereby released from any liability in respect of any Share, for which the Member was a joint or sole holder.

If they elect to have another person registered as the holder of such Share they shall sign an instrument of transfer of that Share to that person. The Directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the Share by the relevant Member before their death or bankruptcy or liquidation or dissolution, as the case may be.
- 16.3 A person becoming entitled to a Share by reason of the death or bankruptcy or liquidation or dissolution of a Member (or in any other case than by transfer) shall be entitled to the same Dividends, other distributions and other advantages to which they would be entitled if they were the holder of such Share. However, they shall not, before becoming a Member in respect of a Share, be entitled in respect of it to exercise any right conferred by membership in relation to general meetings of the Company and the Directors may at any time give notice requiring any such person to elect either to be registered or to have some person nominated by them registered as the holder of the Share (but the Directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the Share by the relevant Member before their death or bankruptcy or liquidation or dissolution or any other case than by transfer, as the case may be). If the notice is not complied with within 90 days of being received or deemed to be received (as determined pursuant to the Articles), the Directors may thereafter withhold payment of all Dividends, other distributions, bonuses or other monies payable in respect of the Share until the requirements of the notice have been complied with.
- 17 Class B Ordinary Share Conversion
- 17.1 The rights attaching to the Class A Shares and Class B Shares shall rank pari passu in all respects, and the Class A Shares and Class B Shares shall vote together as a single class on all matters (subject to the Variation of Rights of Shares Article and the Appointment and Removal of Directors Article hereof) with the exception that the holder of a Class B Share shall have the conversion rights referred to in this Article.
- 17.2 Class B Shares shall automatically convert into Class A Shares on a one-for-one basis (the Initial Conversion Ratio): (a) at any time and from time to time at the option of the holders thereof; or (b) in connection with the consummation of a Business Combination.
- 17.3 Notwithstanding the Initial Conversion Ratio, in the case that additional Class A Shares or any other Equity-linked Securities, are issued, or deemed

issued, by the Company in excess of the amounts offered in the IPO and in connection with the consummation of a Business Combination including in any private placement, all Class B Shares in issue shall automatically convert into Class A Shares in connection with the consummation of a Business Combination at a ratio for which the Class B Shares shall convert into Class A Shares will be adjusted (unless the holders of a majority of the Class B Shares in issue agree to waive such anti-dilution adjustment with respect to any such issuance or deemed issuance) so that the number of Class A Shares issuable upon conversion of all Class B Shares will equal, on an as-converted basis, in the aggregate, 20% of the sum of all Class A Shares and Class B Shares in issue upon completion of the IPO (not including the Class A Shares issued in the Private Placement) plus all Class A Shares and Equity-linked Securities issued or deemed issued in connection with a Business Combination, excluding any Shares or Equity-linked Securities issued, or to be issued, to any seller in a Business Combination.

- 17.4 Notwithstanding anything to the contrary contained herein, the foregoing adjustment to the Initial Conversion Ratio may be waived as to any particular issuance or deemed issuance of additional Class A Shares or Equity-linked Securities by the written consent or agreement of holders of a majority of the Class B Shares then in issue consenting or agreeing separately as a separate class in the manner provided in the Variation of Rights of Shares Article hereof.
- 17.5 The foregoing conversion ratio shall also be adjusted to account for any subdivision (by share subdivision, exchange, capitalisation, rights issue, reclassification, recapitalisation or otherwise) or combination (by share consolidation, exchange, reclassification, recapitalisation or otherwise) or similar reclassification or recapitalisation of the Class A Shares in issue into a greater or lesser number of shares occurring after the original filing of the Articles without a proportionate and corresponding subdivision, combination or similar reclassification or recapitalisation of the Class B Shares in issue.
- 17.6 Each Class B Share shall convert into its pro rata number of Class A Shares pursuant to this Article. The pro rata share for each holder of Class B Shares will be determined as follows: each Class B Share shall convert into such number of Class A Shares as is equal to the product of 1 multiplied by a fraction, the numerator of which shall be the total number of Class A Shares into which all of the Class B Shares in issue shall be converted pursuant to this Article and the denominator of which shall be the total number of Class B Shares in issue at the time of conversion.

The Class A Shares to be issued on an exchange or conversion shall be registered in the name of such Member or in such name as the Member may direct.
- 17.8 Notwithstanding anything to the contrary in this Article, in no event may any Class B Share convert into Class A Shares at a ratio that is less than one-for-one.

 - (b) consolidate and divide all or any of its share capital into Shares of larger amount than its existing Shares;
 - (c) convert all or any of its paid-up Shares into stock, and reconvert that stock into paid-up Shares of any denomination;
 - (d) by subdivision of its existing Shares or any of them divide the whole or any part of its share capital into Shares of smaller amount than is fixed by the Memorandum or into Shares without par value; and

- (e) cancel any Shares that at the date of the passing of the Ordinary Resolution have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the Shares so cancelled.
- 18.2 All new Shares created in accordance with the provisions of the preceding Article shall be subject to the same provisions of the Articles with reference to the payment of calls, liens, transfer, transmission, forfeiture and otherwise as the Shares in the original share capital.
- 18.3 Subject to the provisions of the Statute, the provisions of the Articles as regards the matters to be dealt with by Ordinary Resolution, Articles 29.4 and Article 47.2, the Company may by Special Resolution:
- (a) change its name;

19 Offices and Places of Business

Subject to the provisions of the Statute, the Company may by resolution of the Directors change the location of its Registered Office. The Company may, in addition to its Registered Office, maintain such other offices or places of business as the Directors determine.

20 General Meetings

20.1 All general meetings other than annual general meetings shall be called extraordinary general meetings.

20.2 The Company may, but shall not (unless required by the Statute) be obliged to, in each year hold a general meeting as its annual general meeting, and shall specify the meeting as such in the notices calling it. Any annual general meeting shall be held at such time and place as the Directors shall appoint. At these meetings the report of the Directors (if any) shall be presented.

20.3 The Directors, the chief executive officer or the chairperson of the board of Directors may call general meetings, and, for the avoidance of doubt, the Members shall not have the ability to call general meetings.

20.4 Members seeking to bring business before the annual general meeting or to nominate candidates for appointment as Directors at the annual general meeting must deliver notice to the principal executive offices of the Company not less than 120 calendar days before the date of the Company's proxy statement released to Members in connection with the previous year's annual general meeting or, if the Company did not hold an annual general meeting the previous year, or if the date of the current year's annual general meeting has been changed by more than 30 days from the date of the previous year's annual general meeting, then the deadline shall be set by the board of Directors with such deadline being a reasonable time before the Company begins to print and send its related proxy materials.

21 Notice of General Meetings

21.1 At least five clear days' notice shall be given of any general meeting. Every notice shall specify the place, the day and the hour of the meeting and the general nature of the business to be conducted at the general meeting and shall be given in the manner hereinafter mentioned or in such other manner if any as may be prescribed by the Company, provided that a general meeting of the Company shall, whether or not the notice specified in this Article has been given and whether or not the provisions of the Articles regarding general meetings have been complied with, be deemed to have been duly convened if it is so agreed:

- (a) in the case of an annual general meeting, by all of the Members entitled to attend and vote at the meeting; and
- (b) in the case of an extraordinary general meeting, by a majority in number of the Members having a right to attend and vote at the meeting, together holding not less than 95% in par value of the Shares giving that right.

21.2 The accidental omission to give notice of a general meeting to, or the non receipt of notice of a general meeting by, any person entitled to receive such notice shall not invalidate the proceedings of that general meeting.

22 Proceedings at General Meetings

22.1 No business shall be transacted at any general meeting unless a quorum is present. The holders of a majority of the Shares being individuals present in person or by proxy or if a corporation or other non-natural person by its duly authorised representative or proxy shall be a quorum.

22.2 A person may participate at a general meeting by conference telephone or other communications equipment by means of which all the persons participating in the meeting can communicate with each other. Participation by a person in a general meeting in this manner is treated as presence in person at that meeting.

22.3 A resolution (including a Special Resolution) in writing (in one or more counterparts) signed by or on behalf of all of the Members for the time being entitled to receive notice of and to attend and vote at general meetings (or, being corporations or other non-natural persons, signed by their duly authorised representatives) shall be as valid and effective as if the resolution had been passed at a general meeting of the Company duly convened and held.

22.4 If a quorum is not present within half an hour from the time appointed for the meeting to commence, the meeting shall stand adjourned to the same day in the next week at the same time and/or place or to such other day, time and/or place as the Directors may determine, and if at the adjourned meeting a quorum is not present within half an hour from the time appointed for the meeting to commence, the Members present shall be a quorum.

22.5 The Directors may, at any time prior to the time appointed for the meeting to commence, appoint any person to act as chairperson of a general meeting of the Company or, if the Directors do not make any such appointment, the chairperson, if any, of the board of Directors shall preside as chairperson at such general meeting. If there is no such chairperson, or if the person shall not be present within 15 minutes after the time appointed for the meeting to commence, or is unwilling to act, the Directors present shall elect one of their number to be chairperson of the meeting.

22.6 If no Director is willing to act as chairperson or if no Director is present within 15 minutes after the time appointed for the meeting to commence, the Members present shall choose one of their number to be chairperson of the meeting.

22.7 The chairperson may, with the consent of a meeting at which a quorum is present (and shall if so directed by the meeting) adjourn the meeting from time to time and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the

- adjournment took place.
- 22.8 When a general meeting is adjourned for 30 days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. Otherwise it shall not be necessary to give any such notice of an adjourned meeting.
- 22.9 If, prior to a Business Combination, a notice is issued in respect of a general meeting and the Directors, in their absolute discretion, consider that it is impractical or undesirable for any reason to hold that general meeting at the place, the day and the hour specified in the notice calling such general meeting, the Directors may postpone the general meeting to another place, day and/or hour provided that notice of the place, the day and the hour of the rearranged general meeting is promptly given to all Members. No business shall be transacted at any postponed meeting other than the business specified in the notice of the original meeting.
- 22.10 When a general meeting is postponed for 30 days or more, notice of the postponed meeting shall be given as in the case of an original meeting. Otherwise it shall not be necessary to give any such notice of a postponed meeting. All proxy forms submitted for the original general meeting shall remain valid for the postponed meeting. The Directors may postpone a general meeting which has already been postponed.
- 22.11 A resolution put to the vote of the meeting shall be decided on a poll.
- 22.12 A poll shall be taken as the chairperson directs, and the result of the poll shall be deemed to be the resolution of the general meeting at which the poll was demanded.
- 22.13 A poll demanded on the election of a chairperson or on a question of adjournment shall be taken forthwith. A poll demanded on any other question shall be taken at such date, time and place as the chairperson of the general meeting directs, and any business other than that upon which a poll has been demanded or is contingent thereon may proceed pending the taking of the poll.
- 22.14 In the case of an equality of votes the chairperson shall be entitled to a second or casting vote.
- 23 Votes of Members
- 23.1 Subject to any rights or restrictions attached to any Shares, including as set out at Articles 29.4 and 47.2, every Member present in any such manner shall have one vote for every Share of which they are the holder.
- 23.2 In the case of joint holders the vote of the senior holder who tenders a vote, whether in person or by proxy (or, in the case of a corporation or other non-natural person, by its duly authorised representative or proxy), shall be accepted to the exclusion of the votes of the other joint holders, and seniority shall be determined by the order in which the names of the holders stand in the Register of Members.

- 23.3 A Member of unsound mind, or in respect of whom an order has been made by any court, having jurisdiction in lunacy, may vote by their committee, receiver, curator bonis, or other person on such Member's behalf appointed by that court, and any such committee, receiver, curator bonis or other person may vote by proxy.
- 23.4 No person shall be entitled to vote at any general meeting unless they are registered as a Member on the record date for such meeting nor unless all calls or other monies then payable by them in respect of Shares have been paid.
- 23.5 No objection shall be raised as to the qualification of any voter except at the general meeting or adjourned general meeting at which the vote objected to is given or tendered and every vote not disallowed at the meeting shall be valid. Any objection made in due time in accordance with this Article shall be referred to the chairperson whose decision shall be final and conclusive.
- 23.6 Votes may be cast either personally or by proxy (or in the case of a corporation or other non-natural person by its duly authorised representative or proxy). A Member may appoint more than one proxy or the same proxy under one or more instruments to attend and vote at a meeting. Where a Member appoints more than one proxy the instrument of proxy shall specify the number of Shares in respect of which each proxy is entitled to exercise the related votes.
- 23.7 A Member holding more than one Share need not cast the votes in respect of their Shares in the same way on any resolution and therefore may vote a Share or some or all such Shares either for or against a resolution and/or abstain from voting a Share or some or all of the Shares and, subject to the terms of the instrument appointing the proxy, a proxy appointed under one or more instruments may vote a Share or some or all of the Shares in respect of which they are appointed either for or against a resolution and/or abstain from voting a Share or some or all of the Shares in respect of which they are appointed.
- 24 Proxies
- 24.1 The instrument appointing a proxy shall be in writing and shall be executed under the hand of the appointor or of their attorney duly authorised in writing, or, if the appointor is a corporation or other non natural person, under the hand of its duly authorised representative. A proxy need not be a Member.
- 24.2 The Directors may, in the notice convening any meeting or adjourned meeting, or in an instrument of proxy sent out by the Company, specify the manner by which the instrument appointing a proxy shall be deposited and the place and the time (being not later than the time appointed for the commencement of the meeting or adjourned meeting to which the proxy relates) at which the instrument appointing a proxy shall be deposited. In the absence of any such direction from the Directors in the notice convening any meeting or adjourned meeting or in an instrument of proxy sent out by the Company, the instrument appointing a proxy shall be deposited physically at the Registered Office not less than 48 hours before the time appointed for the meeting or adjourned meeting to commence at which the person named in the instrument proposes to vote.
- 24.3 The chairperson may in any event at their discretion declare that an instrument of proxy shall be deemed to have been duly deposited. An instrument of proxy that is not deposited in the manner permitted, or which has not been declared to have been duly deposited by the chairperson, shall be invalid.
- 24.4 The instrument appointing a proxy may be in any usual or common form (or such other form as the Directors may approve) and may be expressed to be for a particular meeting or any adjournment thereof or generally until revoked. An instrument appointing a proxy shall be deemed to include the power to demand or join or concur in demanding a poll.

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

24.5 Votes given in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death or insanity of the principal or revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the Share in respect of which the proxy is given unless notice in writing of such death, insanity, revocation or transfer was received by the Company at the Registered Office before the commencement of the general meeting, or adjourned meeting at which it is sought to use the proxy.

25 Corporate Members

25.1 Any corporation or other non-natural person which is a Member may in accordance with its constitutional documents, or in the absence of such provision by resolution of its directors or other governing body, authorise such person as it thinks fit to act as its representative at any meeting of the Company or of any class of Members, and the person so authorised shall be entitled to exercise the same powers on behalf of the corporation which they represent as the corporation could exercise if it were an individual Member.

25.2 If a Clearing House (or its nominee(s)), being a corporation, is a Member, it may authorise such persons as it sees fit to act as its representative at any meeting of the Company or at any meeting of any class of Members provided that the authorisation shall specify the number and class of Shares in respect of which each such representative is so authorised. Each person so authorised under the provisions of this Article shall be deemed to have been duly authorised without further evidence of the facts and be entitled to exercise the same rights and powers on behalf of the Clearing House (or its nominee(s)) as if such person was the registered holder of such Shares held by the Clearing House (or its nominee(s)).

26 Shares that May Not be Voted

Shares in the Company that are beneficially owned by the Company shall not be voted, directly or indirectly, at any meeting and shall not be counted in determining the total number of outstanding Shares at any given time.

27 Directors

27.1 There shall be a board of Directors consisting of not less than one person provided however that the Company may by Ordinary Resolution increase or reduce the limits in the number of Directors.

27.2 The Directors shall be divided into two classes: Class I and Class II. The number of Directors in each class shall be as nearly equal as possible. Upon the adoption of the Articles, the existing Directors shall by resolution classify themselves as Class I or Class II Directors. The Class I Directors shall stand appointed for a term expiring at the Company's first annual general meeting and the Class II Directors shall stand appointed for a term expiring at the Company's second annual general meeting. Commencing at the Company's first annual general meeting, and at each annual general meeting thereafter, Directors appointed to succeed those Directors whose terms expire shall be appointed for a term of office to expire at the second succeeding annual general meeting after their appointment. Except as the Statute or other Applicable Law may otherwise require, in the interim between annual general meetings or extraordinary general meetings called for the appointment of Directors and/or the removal of one or more Directors and the filling of any vacancy in that connection, additional Directors and any vacancies in the board of Directors, including unfilled vacancies resulting from the removal of Directors for cause, may be filled by the vote of a majority of the remaining Directors then in office, although less than a quorum (as defined in the Articles), or by

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

the sole remaining Director. All Directors shall hold office until the expiration of their respective terms of office and until their successors shall have been appointed and qualified. A Director appointed to fill a vacancy resulting from the death, resignation or removal of a Director shall serve for the remainder of the full term of the Director whose death, resignation or removal shall have created such vacancy and until their successor shall have been appointed and qualified.

28 Powers of Directors

28.1 Subject to the provisions of the Statute, the Memorandum and the Articles and to any directions given by Special Resolution, the business of the Company shall be managed by the Directors who may exercise all the powers of the Company. No alteration of the Memorandum or Articles and no such direction shall invalidate any prior act of the Directors which would have been valid if that alteration had not been made or that direction had not been given. A duly convened meeting of Directors at which a quorum is present may exercise all powers exercisable by the Directors.

28.2 All cheques, promissory notes, drafts, bills of exchange and other negotiable or transferable instruments and all receipts for monies paid to the Company shall be signed, drawn, accepted, endorsed or otherwise executed as the case may be in such manner as the Directors shall determine by resolution.

28.3 The Directors on behalf of the Company may pay a gratuity or pension or allowance on retirement to any Director who has held any other salaried office or place of profit with the Company or to their surviving spouse, civil partner or dependants and may make contributions to any fund and pay premiums for the purchase or provision of any such gratuity, pension or allowance.

28.4 The Directors may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking, property and assets (present and future) and uncalled capital or any part thereof and to issue debentures, debenture stock, mortgages, bonds and other such securities whether outright or as security for any debt, liability or obligation of the Company or of any third party.

29 Appointment and Removal of Directors

29.1 The Company may by Ordinary Resolution appoint any person to be a Director or may by Ordinary Resolution remove any Director, provided that prior to the

consummation of a Business Combination and for so long as there are Class B Shares in issue, only the holders of the Class B Shares shall be entitled to vote on any such Ordinary Resolution. For the avoidance of doubt, prior to the consummation of a Business Combination, if there are any Class B Shares in issue, holders of Class A Shares shall have no right to vote on the appointment or removal of any Director.

- 29.2 The Directors may appoint any person to be a Director, either to fill a vacancy or as an additional Director provided that the appointment does not cause the number of Directors to exceed any number fixed by or in accordance with the Articles as the maximum number of Directors.
- 29.3 After the consummation of a Business Combination, the Company may by Ordinary Resolution appoint any person to be a Director or may by Ordinary Resolution remove any Director.
- 29.4 Prior to the consummation of a Business Combination, Article 29.1 may only be amended by a Special Resolution passed by at least 90% of such Members as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at a general meeting of which notice specifying the intention to propose the resolution as a special resolution has been given, or by way of unanimous written resolution.

The office of a Director shall be vacated if:
- (a) the Director gives notice in writing to the Company that they resign the office of Director; or
 - (b) the Director is absent (for the avoidance of doubt, without being represented by proxy) from three consecutive meetings of the board of Directors without special leave of absence from the Directors, and the Directors pass a resolution that they have by reason of such absence vacated office; or
 - (c) the Director dies, becomes bankrupt or makes any arrangement or composition with their creditors generally; or
 - (d) the Director is found to be or becomes of unsound mind; or
 - (e) all of the other Directors (being not less than two in number) determine that the Director should be removed as a Director, either by a resolution passed by all of the other Directors at a meeting of the Directors duly convened and held in accordance with the Articles or by a resolution in writing signed by all of the other Directors.
- 31 Proceedings of Directors
- 31.1 The quorum for the transaction of the business of the Directors may be fixed by the Directors, and unless so fixed shall be two if there are two or more Directors, and shall be one if there is only one Director.
- 31.2 Subject to the provisions of the Articles, the Directors may regulate their proceedings as they think fit. Questions arising at any meeting shall be decided by a majority of votes. In the case of an equality of votes, the chairperson shall have a second or casting vote.
- 31.3 A person may participate in a meeting of the Directors or any committee of Directors by conference telephone or other communications equipment by means of which all the persons participating in the meeting can communicate with each other at the same time. Participation by a person in a meeting in this manner is treated as presence in person at that meeting. Unless otherwise determined by the Directors, the meeting shall be deemed to be held at the place where the chairperson is located at the start of the meeting.
- 31.4 A resolution in writing (in one or more counterparts) signed by all the Directors or all the members of a committee of the Directors or, in the case of a resolution in writing relating to the removal of any Director or the vacation of office by any Director, all of the Directors other than the Director who is the subject of such resolution shall be as valid and effectual as if it had been passed at a meeting of the Directors, or committee of Directors as the case may be, duly convened and held.
- 31.5 A Director may, or other Officer on the direction of a Director shall, call a meeting of the Directors by at least two days' notice in writing to every Director which notice shall set forth the general nature of the business to be considered unless notice is waived by all the Directors either at, before or after the meeting is held. To any such notice of a meeting of the Directors all the provisions of the Articles relating to the giving of notices by the Company to the Members shall apply mutatis mutandis.

- 31.6 The continuing Directors (or a sole continuing Director, as the case may be) may act notwithstanding any vacancy in their body, but if and so long as their number is reduced below the number fixed by or pursuant to the Articles as the necessary quorum of Directors the continuing Directors or Director may act for the purpose of increasing the number of Directors to be equal to such fixed number, or of summoning a general meeting of the Company, but for no other purpose.
- 31.7 The Directors may elect a chairperson of their board and determine the period for which they are to hold office; but if no such chairperson is elected, or if at any meeting the chairperson is not present within five minutes after the time appointed for the meeting to commence, the Directors present may choose one of their number to be chairperson of the meeting.
- 31.8 All acts done by any meeting of the Directors or of a committee of the Directors shall, notwithstanding that it is afterwards discovered that there was some defect in the appointment of any Director, and/or that they or any of them were disqualified, and/or had vacated their office and/or were not entitled to vote, be as valid as if every such person had been duly appointed and/or not disqualified to be a Director and/or had not vacated their office and/or had been entitled to

vote, as the case may be.

31.9 A Director may be represented at any meetings of the board of Directors by a proxy appointed in writing by that Director. The proxy shall count towards the quorum and the vote of the proxy shall for all purposes be deemed to be that of the appointing Director.

32 Presumption of Assent

A Director who is present at a meeting of the board of Directors at which action on any Company matter is taken shall be presumed to have assented to the action taken unless their dissent shall be entered in the minutes of the meeting or unless they shall file their written dissent from such action with the person acting as the chairperson or secretary of the meeting before the adjournment thereof or shall forward such dissent by registered post to such person immediately after the adjournment of the meeting. Such right to dissent shall not apply to a Director who voted in favour of such action.

33 Directors' Interests

33.1 A Director may hold any other office or place of profit under the Company (other than the office of Auditor) in conjunction with their office of Director for such period and on such terms as to remuneration and otherwise as the Directors may determine.

35.1 The Directors may delegate any of their powers, authorities and discretions, including the power to sub-delegate, to any committee consisting of one or more Directors (including, without limitation, the Audit Committee and the Compensation Committee). Any such delegation may be made subject to any conditions the Directors may impose and either collaterally with or to the exclusion of their own powers and any such delegation may be revoked or altered by the Directors. 35.4 The Directors may by power of attorney or otherwise appoint any person to be the agent of the Company on such conditions as the Directors may determine, provided that the delegation is not to the exclusion of their own powers and may be revoked by the Directors at any time.

35.5 The Directors may by power of attorney or otherwise appoint any company, firm, person or body of persons, whether nominated directly or indirectly by the Directors, to be the attorney or authorised signatory of the Company for such purpose and with such powers, authorities and discretions (not exceeding those vested in or exercisable by the Directors under the Articles) and for such period and subject to such conditions as they may think fit, and any such powers of attorney or other appointment may contain such provisions for the protection and convenience of persons dealing with any such attorneys or authorised signatories as the Directors may think fit and may also authorise any such attorney or authorised signatory to delegate all or any of the powers, authorities and discretions vested in them.

35.6 The Directors may appoint such Officers as they consider necessary on such terms, at such remuneration and to perform such duties, and subject to such provisions as to disqualification and removal as the Directors may think fit. Unless otherwise specified in the terms of their appointment an Officer may be removed by resolution of the Directors or Members. An Officer may vacate their office at any time if they give notice in writing to the Company that they resign their office.

36 No Minimum Shareholding

The Company in general meeting may fix a minimum shareholding required to be held by a Director, but unless and until such a shareholding qualification is fixed a Director is not required to hold Shares.

37 Remuneration of Directors

37.1 The remuneration to be paid to the Directors, if any, shall be such remuneration as the Directors shall determine, provided that no cash remuneration shall be paid to any Director by the Company prior to the consummation of a Business Combination unless otherwise approved in writing by a majority of the holders of Class B Shares. The Directors shall also, whether prior to or after the consummation of a Business Combination, be entitled to be paid all travelling, hotel and other expenses properly incurred by them in connection with their attendance at meetings of Directors or committees of Directors, or general meetings of the Company, or separate meetings of the holders of any class of Shares or debentures of the Company, or otherwise in connection with the business of the Company or the discharge of their duties as a Director, or to receive a fixed allowance in respect thereof as may be determined by the Directors, or a combination partly of one such method and partly the other.

37.2 The Directors may by resolution approve additional remuneration to any Director for any services which in the opinion of the Directors go beyond that Director's ordinary routine work as a Director. 38 Seal

38.1 The Company may, if the Directors so determine, have a Seal. The Seal shall only be used by the authority of the Directors or of a committee of the Directors authorised by the Directors. Every instrument to which the Seal has been affixed shall be signed by at least one person who shall be either a Director or some Officer or other person appointed by the Directors for the purpose.

38.2 The Company may have for use in any place or places outside the Cayman Islands a duplicate Seal or Seals each of which shall be a facsimile of the common Seal of the Company and, if the Directors so determine, with the addition on its face of the name of every place where it is to be used.

38.3 A Director or Officer, representative or attorney of the Company may without further authority of the Directors affix the Seal over their signature alone to any document of the Company required to be authenticated by them under seal or to be filed with the Registrar of Companies in the Cayman Islands or elsewhere wheresoever.

39 Dividends, Distributions and Reserve

39.1 Subject to the Statute and this Article and except as otherwise provided by the rights attached to any Shares, the Directors may resolve to pay Dividends and other distributions on Shares in issue and authorise payment of the Dividends or other distributions out of the funds of the Company lawfully available therefor. A Dividend shall be deemed to be an interim Dividend unless the terms of the resolution pursuant to which the Directors resolve to pay such Dividend specifically state that such Dividend shall be a final Dividend. No Dividend or other distribution shall be paid except out of the realised or unrealised profits of the Company, out of the share premium account or as otherwise permitted by law.

39.2 Except as otherwise provided by the rights attached to any Shares, all Dividends and other distributions shall be paid according to the par value of the Shares that a Member holds. If any Share is issued on terms providing that it shall rank for Dividend as from a particular date, that Share shall rank for Dividend accordingly.

39.3 The Directors may deduct from any Dividend or other distribution payable to any Member all sums of money (if any) then payable by the Member to the Company on account of calls or otherwise.

- 39.4 The Directors may resolve that any Dividend or other distribution be paid wholly or partly by the distribution of specific assets and in particular (but without limitation) by the distribution of shares, debentures, or securities of any other company or in any one or more of such ways and where any difficulty arises in regard to such distribution, the Directors may settle the same as they think expedient and in particular may issue fractional Shares and may fix the value for distribution of such specific assets or any part thereof and may determine that cash payments shall be made to any Members upon the basis of the value so fixed in order to adjust the rights of all Members and may vest any such specific assets in trustees in such manner as may seem expedient to the Directors.
- 39.5 Except as otherwise provided by the rights attached to any Shares, Dividends and other distributions may be paid in any currency. The Directors may determine the basis of conversion for any currency conversions that may be required and how any costs involved are to be met.

- 39.6 The Directors may, before resolving to pay any Dividend or other distribution, set aside such sums as they think proper as a reserve or reserves which shall, at the discretion of the Directors, be applicable for any purpose of the Company and pending such application may, at the discretion of the Directors, be employed in the business of the Company.
- 39.7 Any Dividend, other distribution, interest or other monies payable in cash in respect of Shares may be paid by wire transfer to the holder or by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of the holder who is first named on the Register of Members or to such person and to such address as such holder or joint holders may in writing direct. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent. Any one of two or more joint holders may give effectual receipts for any Dividends, other distributions, bonuses, or other monies payable in respect of the Share held by them as joint holders.
- 39.8 No Dividend or other distribution shall bear interest against the Company.
- 39.9 Any Dividend or other distribution which cannot be paid to a Member and/or which remains unclaimed after six months from the date on which such Dividend or other distribution becomes payable may, in the discretion of the Directors, be paid into a separate account in the Company's name, provided that the Company shall not be constituted as a trustee in respect of that account and the Dividend or other distribution shall remain as a debt due to the Member. Any Dividend or other distribution which remains unclaimed after a period of six years from the date on which such Dividend or other distribution becomes payable shall be forfeited and shall revert to the Company.
- 39.10 Prior to the consummation of a Business Combination, the Directors may only resolve to pay Dividends and other distributions on Shares in issue in accordance with this Article if approved by consent in writing of the holders of not less than two-thirds of the issued Class B Shares.
- 40 Capitalisation
- The Directors may at any time capitalise any sum standing to the credit of any of the Company's reserve accounts or funds (including the share premium account and capital redemption reserve fund) or any sum standing to the credit of the profit and loss account or otherwise available for distribution; appropriate such sum to Members in the proportions in which such sum would have been divisible amongst such Members had the same been a distribution of profits by way of Dividend or other distribution; and apply such sum on their behalf in paying up in full unissued Shares for allotment and distribution credited as fully paid-up to and amongst them in the proportion aforesaid. In such event the Directors shall do all acts and things required to give effect to such capitalisation, with full power given to the Directors to make such provisions as they think fit in the case of Shares becoming distributable in fractions (including provisions whereby the benefit of fractional entitlements accrue to the Company rather than to the Members concerned). The Directors may authorise any person to enter on behalf of all of the Members interested into an agreement with the Company providing for such capitalisation and matters incidental or relating thereto and any agreement made under such authority shall be effective and binding on all such Members and the Company.
- 41 Books of Account
- 41.1 The Directors shall cause proper books of account (including, where applicable, material underlying documentation including contracts and invoices) to be kept with respect to all sums of money received and expended by the Company and the matters in respect of which the receipt or expenditure takes place, all

Such books of account must be retained for a minimum period of five years from the date on which they are prepared. Proper books shall not be deemed to be kept if there are not kept such books of account as are necessary to give a true and fair view of the state of the Company's affairs and to explain its transactions.
- 41.2 The Directors shall determine whether and to what extent and at what times and places and under what conditions or regulations the accounts and books of the Company or any of them shall be open to the inspection of Members not being Directors and no Member (not being a Director) shall have any right of inspecting any account or book or document of the Company except as conferred by Statute or authorised by the Directors or by the Company in general meeting.

The composition and responsibilities of the Audit Committee shall comply with the rules and regulations of the Designated Stock Exchange, the Securities and Exchange Commission and/or any other competent regulatory authority or otherwise under Applicable Law. The Audit Committee shall meet at least once every financial quarter, or more frequently as circumstances dictate.

- 42.4 The remuneration of the Auditor shall be fixed by the Audit Committee (if one exists).
- 42.5 If the office of Auditor becomes vacant by resignation or death of the Auditor, or by their becoming incapable of acting by reason of illness or other disability at a time when their services are required, the Directors shall fill the vacancy and determine the remuneration of such Auditor.
- 42.6 Every Auditor of the Company shall have a right of access at all times to the books and accounts and vouchers of the Company and shall be entitled to require from the Directors and Officers such information and explanation as may be necessary for the performance of the duties of the Auditor.
- 42.7 Auditors shall, if so required by the Directors, make a report on the accounts of the Company during their tenure of office at the next annual general meeting following their appointment in the case of a company which is registered with the Registrar of Companies as an ordinary company, and at the next extraordinary

43.3 A notice may be given by the Company to the person or persons which the Company has been advised are entitled to a Share or Shares in consequence of the death or bankruptcy of a Member in the same manner as other notices which are required to be given under the Articles and shall be addressed to them by name, or by the title of representatives of the deceased, or trustee of the bankrupt, or by any like description at the address supplied for that purpose by the persons claiming to be so entitled, or at the option of the Company by giving the notice in any manner in which the same might have been given if the death or bankruptcy had not occurred.

43.4 Notice of every general meeting shall be given in any manner authorised by the Articles to every holder of Shares carrying an entitlement to receive such notice on the record date for such meeting except that in the case of joint holders the notice shall be sufficient if given to the joint holder first named in the Register of Members and every person upon whom the ownership of a Share devolves because they are a legal personal representative or a trustee in bankruptcy of a Member where the Member but for their death or bankruptcy would be entitled to receive notice of the meeting, and no other person shall be entitled to receive notices of general meetings.

44 Winding Up

44.1 If the Company shall be wound up, the liquidator shall apply the assets of the Company in satisfaction of creditors' claims in such manner and order as such liquidator thinks fit. Subject to the rights attaching to any Shares, in a winding up:

- (a) if the assets available for distribution amongst the Members shall be insufficient to repay the whole of the Company's issued share capital, such assets shall be distributed so that, as nearly as may be, the losses shall be borne by the Members in proportion to the par value of the Shares held by them; or
- (b) if the assets available for distribution amongst the Members shall be more than sufficient to repay the whole of the Company's issued share capital at the commencement of the winding up, the surplus shall be distributed amongst the Members in proportion to the par value of the Shares held by them at the commencement of the winding up subject to a deduction from those Shares in respect of which there are monies due, of all monies payable to the Company for unpaid calls or otherwise.

44.2 If the Company shall be wound up the liquidator may, subject to the rights attaching to any Shares and with the approval of a Special Resolution of the Company and any other approval required by the Statute, divide amongst the Members in kind the whole or any part of the assets of the Company (whether such assets shall consist of property of the same kind or not) and may for that purpose value any assets and determine how the division shall be carried out as between the Members or different classes of Members. The liquidator may, with the like approval, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the Members as the liquidator, with the like approval, shall think fit, but so that no Member shall be compelled to accept any asset upon which there is a liability.

45 Indemnity and Insurance

45.1 Every Director and Officer (which for the avoidance of doubt, shall not include auditors of the Company), together with every former Director and former Officer (each an Indemnified Person

No Indemnified Person shall be liable to the Company for any loss or damage incurred by the Company as a result (whether direct or indirect) of the carrying out of their functions unless that liability arises through the actual fraud, wilful neglect or wilful default of such Indemnified Person. No person shall be found to have committed actual fraud, wilful neglect or wilful default under this Article unless or until a court of competent jurisdiction shall have made a finding to that effect.

45.2 The Company shall advance to each Indemnified Person reasonable attorneys' fees and other costs and expenses incurred in connection with the defence of any action, suit, proceeding or investigation involving such Indemnified Person for which indemnity will or could be sought. In connection with any advance of any expenses hereunder, the Indemnified Person shall execute an undertaking to repay the advanced amount to the Company if it shall be determined by final judgment or other final adjudication that such Indemnified Person was not entitled to indemnification pursuant to this Article. If it shall be determined by a final judgment or other final adjudication that such Indemnified Person was not entitled to indemnification with respect to such judgment, costs or expenses, then such party shall not be indemnified with respect to such judgment, costs or expenses and any advancement shall be returned to the Company (without interest) by the Indemnified Person.

45.3 The Directors, on behalf of the Company, may purchase and maintain insurance for the benefit of any Director or Officer against any liability which, by virtue of any rule of law, would otherwise attach to such person in respect of any negligence, default, breach of duty or breach of trust of which such person may be guilty in relation to the Company.

46 Financial Year

Unless the Directors otherwise prescribe, the financial year of the Company shall end on 31st December in each year and, following the year of incorporation, shall begin on 1st January in each year.

47 Transfer by Way of Continuation

47.1 If the Company is exempted as defined in the Statute, it shall, subject to the provisions of the Statute and with the approval of a Special Resolution passed in accordance with this Article 47, have the power to register by way of continuation as a body corporate under the laws of any jurisdiction outside the

Cayman Islands and to be deregistered in the Cayman Islands.

47.2 Prior to the closing of a Business Combination:

- (a) only the Class B Shares shall carry the right to vote on any resolution of the shareholders to approve any transfer by way of continuation pursuant to this Article (including any Special Resolution required to amend the constitutional documents of the Company or to adopt new constitutional documents of the Company, in each case, as a result of the Company approving a transfer by way of continuation in a jurisdiction outside the Cayman Islands); and

- (b) this Article 47.2 may only be amended by a Special Resolution passed by at least 90% of such Members as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at a general meeting of which notice specifying the intention to propose the resolution as a special resolution has been given, or by way of unanimous written resolution.

48 Mergers and Consolidations

The Company shall have the power to merge or consolidate with one or more other constituent companies (as defined in the Statute) upon such terms as the Directors may determine and (to the extent required by the Statute) with the approval of a Special Resolution.

49 Business Combination

49.1 Notwithstanding any other provision of the Articles, this Article shall apply during the period commencing upon the adoption of the Articles and terminating upon the first to occur of the consummation of a Business Combination and the full distribution of the Trust Account pursuant to this Article. In the event of a conflict between this Article and any other Articles, the provisions of this Article shall prevail.

49.2 Prior to the consummation of a Business Combination, the Company shall either:

- (a) submit such Business Combination to its Members for approval; or
(b) provide Members with the opportunity to have their Shares repurchased by means of a tender offer for a per-Share repurchase price payable in cash, equal to the aggregate amount then on deposit in the Trust Account, calculated as of two business days prior to the consummation of such Business Combination, including interest earned on the Trust Account (net of taxes paid or payable, if any), divided by the number of then issued Public Shares. Such obligation to repurchase Shares will be subject to the completion of the proposed Business Combination to which it relates.

49.3 If the Company initiates any tender offer in accordance with Rule 13e-4 and Regulation 14E of the Exchange Act in connection with a proposed Business Combination, it shall file tender offer documents with the Securities and Exchange Commission prior to completing such Business Combination which contain substantially the same financial and other information about such Business Combination and the redemption rights as is required under Regulation 14A of the Exchange Act. If, alternatively, the Company holds a general meeting to approve a proposed Business Combination, the Company will conduct any redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, and not pursuant to the tender offer rules, and file proxy materials with the Securities and Exchange Commission.

49.4 At a general meeting called for the purposes of approving a Business Combination pursuant to this Article, in the event that such Business Combination is approved by Ordinary Resolution, the Company shall be authorised to consummate such Business Combination, provided that the Company shall not consummate such Business Combination unless the Company can satisfy any minimum cash requirement that may be contained in the agreement relating to such Business Combination.

Board of Directors in the absence of a designation by the Board of Directors). The Board of Directors may, in its sole discretion, determine that a meeting of stockholders shall not be held at any place, but may instead be held solely by means of remote communication as authorized under Delaware Law. Section 2.04. Notice of Meetings and Adjourned Meetings; Waivers of Notice. (a) Whenever stockholders are required or permitted to take any action at a meeting, a written notice of the meeting shall be given which shall state the place, if any, date and hour of the meeting, the means of remote communications, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such meeting, and, in the case of a special meeting, the purpose or purposes for which the meeting is called. Unless otherwise provided by the General Corporation Law of the State of Delaware as the same exists or may hereafter be amended (Delaware Law), the Certificate of Incorporation of the Corporation, as amended from time to time (the Certificate of Incorporation) or these Bylaws, such notice shall be given not less than 10 nor more than 60 days before the date of the meeting to each stockholder of record entitled to vote at such meeting. The Board of Directors or the chairperson of the meeting may adjourn the meeting to another time or place (whether or not a quorum is present), and notice need not be given of the adjourned meeting if the time, place, if any, and the means of remote communications, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such meeting, are announced at the meeting at which such adjournment is made or provided in any other manner permitted by Delaware Law. Business transacted at any special meeting of stockholders shall be limited to the purposes stated in the notice.

Section 2.05. Quorum. Unless otherwise provided under the Certificate of Incorporation or these Bylaws and subject to Delaware Law, the presence, in person or by proxy, of the holders of a majority of the voting power of all outstanding securities of the Corporation generally entitled to vote at a meeting of stockholders shall constitute a quorum for the transaction of business. If, however, such quorum shall not be present or represented at any meeting of the stockholders, the chairperson of the meeting or a majority in voting power of the stockholders present in person or represented by proxy may adjourn the meeting, without notice other than announcement at the meeting, until a quorum shall be present or represented. At such adjourned meeting at which a quorum shall be present or represented any business may be transacted that might have been transacted at the meeting as originally notified.

Section 2.06. Voting. (a) Unless otherwise provided in the Certificate of Incorporation and subject to Delaware Law, each stockholder shall be entitled to one vote for each outstanding share of capital stock of the Corporation held by such stockholder. Any share of capital stock of the Corporation held by the Corporation shall have no voting rights. Except as otherwise required by law, the Certificate of Incorporation or these Bylaws, in all matters other than the election of directors, the affirmative vote of the holders of a majority of the votes cast at the meeting on the subject matter shall be the act of the stockholders. Abstentions and broker non-votes shall not be counted as votes cast. Subject to the rights of the holders of any class or series of preferred stock to elect additional directors under specific circumstances, as may be set forth in the certificate of designations for such class or series of preferred stock, directors shall be elected by a plurality of the votes cast in respect of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors.

(b) Each stockholder entitled to vote at a meeting of stockholders or to express consent or dissent to a corporate action in writing without a meeting may authorize another person or persons to act for such stockholder by proxy, appointed by an instrument in writing, subscribed by such stockholder or by their attorney thereunto authorized, or by proxy sent by any means of electronic communication permitted by law, which results in a writing from such stockholder or by their attorney, and delivered to the secretary of the meeting. No proxy shall be voted after three (3) years from its date, unless said proxy provides for a longer period.

Section 2.07. Action by Consent. Subject to the rights of the holders of any class or series of preferred stock then outstanding, as may be set forth in the certificate of designations for such class or series of preferred stock, any action required or permitted to be taken at any annual or special meeting of stockholders may be taken only upon the vote of stockholders at an annual or special meeting duly noticed and called in accordance with Delaware Law and may not be taken by written consent of stockholders without a meeting.

Section 2.08. Organization. At each meeting of stockholders, the Chairperson of the Board of Directors, if one shall have been elected, or in the Chairperson's absence or if one shall not have been elected, the director designated by the vote of the majority of the directors present at such meeting, shall act as chairperson of the meeting. The Secretary (or in the Secretary's absence or inability to act, the person whom the chairperson of the meeting shall appoint secretary of the meeting) shall act as secretary of the meeting and keep the minutes thereof.

Section 2.09. Order of Business. The order of business at all meetings of stockholders shall be as determined by the chairperson of the meeting.

Section 2.10(a) and at the time of the annual meeting, who shall be entitled to vote at the meeting and who complies with the procedures set forth in this Section 2.10(a), and, except as otherwise required by law, any failure to comply with these procedures shall result in the nullification of such nomination or proposal. For the avoidance of doubt, the foregoing clause (D)

Annex D-9

shall be the exclusive means for a stockholder to make nominations or propose other business at an annual meeting of stockholders (other than a proposal included in the Corporation's proxy statement pursuant to and in compliance with Rule 14a-8 under the Exchange Act).

(ii) For nominations or other business to be properly brought before an annual meeting of stockholders by a stockholder pursuant to clause (D) of paragraph (i) of this Section 2.10(a), the stockholder must have given timely notice thereof in writing to the Secretary of the Corporation and any such proposed business (other than the nominations of persons for election to the Board of Directors) must constitute a proper matter for stockholder action. To be timely, a stockholder's notice shall be delivered to, or mailed and received by, the Secretary of the Corporation at the principal executive offices of the Corporation not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting of stockholders; provided, however, that in the event that the date of the annual meeting is advanced more than 30 days prior to such anniversary date or delayed more than 70 days after such anniversary date then to be timely such notice must be received by the Corporation no earlier than 120 days prior to such annual meeting and no later than the later of 90 days prior to the date of the meeting or the 10th day following the day on which public announcement of the date of the meeting was first made by the Corporation. The minimum timeliness requirements of this paragraph shall apply despite any different timeline described in Rule 14a-19 or elsewhere in Regulation 14A under the Securities Exchange Act of 1934 (as amended (together with the rules and regulations promulgated thereunder), the

Exchange Act

), including with respect to any statements or information required to be provided to the Corporation pursuant to Rule 14a-19 of the Exchange Act by a stockholder and not otherwise specified herein. In no event shall the adjournment, recess or postponement of any meeting, or any announcement thereof, commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above. The number of nominees a stockholder may nominate for election at the annual meeting on its own behalf (or in the case of a stockholder giving the notice on behalf of a beneficial owner, the number of nominees a stockholder may nominate for election at the annual meeting on behalf of such beneficial owner) shall not exceed the number of directors to be elected at such annual meeting.

Notwithstanding anything in this Section 2.10 to the contrary, in the event that the number of directors to be elected to the Board of Directors of the Corporation at an annual meeting of stockholders is increased effective after the time period for which nominations would otherwise be due under this Section 2.10 and there is no public announcement by the Corporation naming the nominees for the additional directorships or specifying the size of the increased Board of Directors at least 100 days prior to the first anniversary of the preceding year's annual meeting of stockholders, a stockholder's notice required by this Section 2.10 shall also be considered timely, but only with respect to nominees for any new directorships created by such increase, if it shall be delivered to, and received by, the Secretary at the principal executive offices of the Corporation not later than the 10th day following the day on which such public announcement is first made by the Corporation.

(iii) A stockholder's notice to the Secretary shall set forth:

(7) an executed agreement by such person: (i) consenting to serve as a director if elected and (if applicable) to being named in a proxy statement and/or form of proxy relating to the meeting at which directors are to be elected, along with a representation that such person intends to serve a full term as a director if elected, and (ii) that such person is not and will not become a party to (x) any direct or indirect compensatory, payment or other financial agreement, arrangement

or understanding with any other person or entity other than the Corporation, in each case in connection with candidacy or service as a director of the Corporation (a

- (A) acted contrary to any representation, statement, certification or agreement required by the applicable provisions of these Bylaws; (B) otherwise failed to comply with these Bylaws or with any law, rule or regulation identified in these Bylaws, including all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to the matters set forth in this Section 2.10; provided, however, that any references in these Bylaws to the Exchange Act or the rules and regulations promulgated thereunder are not intended to and shall not limit any requirements applicable to nominations or proposals as to any other business to be considered pursuant to this Section 2.10; or (C) provided information to the Corporation (whether required by these Bylaws or otherwise) that is false, misleading, inaccurate or incomplete in any material respect. The Board of Directors, the Chairperson of the Board of Directors or the chairperson of the meeting shall, if the facts warrant, determine and declare to the meeting that a nomination was not made in accordance with the procedures prescribed by these Bylaws or that business was not properly brought before the meeting, and if he/she should so determine, he/she shall so declare to the meeting and the defective nomination shall be disregarded or such business shall not be transacted, as the case may be. Notwithstanding the foregoing provisions of this Section 2.10, unless otherwise required by law, if the stockholder (or a qualified representative of the stockholder) does not appear at the annual or special meeting of stockholders of the Corporation to present a nomination or other proposed business, such nomination shall be disregarded or such proposed business shall not be transacted, as the case may be, notwithstanding that proxies in respect of such vote may have been received by the Corporation and counted for purposes of determining a quorum. For purposes of this Section 2.10, to be considered a qualified representative of the stockholder, a person must be a duly authorized officer, manager or partner of such stockholder or must be authorized by a writing executed by such stockholder or an electronic transmission delivered by such stockholder to act for such stockholder as proxy at the meeting of stockholders and such person must produce such writing or electronic transmission, or a reliable reproduction of the writing or electronic transmission, at the meeting of stockholders.

Notwithstanding anything to the contrary in these Bylaws, unless otherwise required by law, if any Proposing Person (i) provides notice pursuant to Rule 14a-19(b) promulgated under the Exchange Act (or has previously filed a preliminary or definitive proxy statement with the information required by Rule 14a-19(b)) with respect to any proposed nominee for election as a director of the Corporation and (ii) subsequently fails to comply with the requirements of Rule 14a-19(a)(2) or Rule 14a-19(a)(3) promulgated under the Exchange Act (or fails to timely provide reasonable evidence sufficient to satisfy the Corporation that such Proposing Person has met the requirements of Rule 14a-19(a)(3) promulgated under the Exchange Act in accordance with the following sentence), then the nomination of each such proposed nominee shall be disregarded, notwithstanding that the nominee is included as a nominee in the Corporation's proxy statement, notice of meeting or other proxy materials for any meeting (or any supplement thereto) and notwithstanding that proxies or votes in respect of the election of such proposed nominees may have been received by the Corporation (which proxies and votes shall be disregarded). Upon request by the Corporation, if any Proposing Person provides notice pursuant to Rule 14a-19(b) promulgated under the Exchange Act (or has previously filed a preliminary or definitive proxy statement with the information required by Rule 14a-19(b)), such Proposing Person, shall deliver to the Corporation, no later than 5 business days prior to the applicable meeting, reasonable evidence that it has met the requirements of Rule 14a-19(a)(3) promulgated under the Exchange Act.

- (iii) Compliance with paragraphs (a) and (b) of this Section 2.10 shall be the exclusive means for a stockholder to make nominations or submit other business (other than as provided in Section 2.10(c)(iv)).

- (iv) Notwithstanding anything to the contrary, the notice requirements set forth herein with respect to the proposal of any business pursuant to this Section 2.10 shall be deemed satisfied by a stockholder if such stockholder has submitted a proposal to the Corporation in compliance with Rule 14a-8 under the Exchange Act, and such stockholder's proposal has been included in a proxy statement that has been prepared by the Corporation to solicit proxies for the meeting of stockholders.

- (v) Any stockholder directly or indirectly soliciting proxies from other stockholders in connection with any annual or special meeting of stockholders must use a proxy card color other than white, which shall be reserved for the exclusive use for solicitation by or on behalf of the Board of Directors.

ARTICLE 3Directors

Section 3.01. Number, Election and Term of Office. Subject to the Certificate of Incorporation, the number of directors shall be fixed from time to time solely by resolution adopted by the affirmative vote of a majority of the Board. The term of each director shall be as set forth in the Certificate of Incorporation. Directors need not be stockholders.

Section 3.02. Quorum and Manner of Acting. Unless the Certificate of Incorporation or these Bylaws require a greater number, a majority of the Board of Directors shall constitute a quorum for the transaction of business at any meeting of the Board of Directors and, except as otherwise expressly required by law or by the Certificate of Incorporation, the act of a majority of the directors present at a meeting at which a quorum is present shall be the act of the Board of Directors. When a meeting is adjourned to another time or place (whether or not a quorum is present), notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting, the Board of Directors may transact any business which might have been transacted at the original meeting. If a quorum shall not be present at any meeting of the Board of Directors, the directors present thereat shall adjourn the meeting, from time to time, without notice other than announcement at the meeting, until a quorum shall be present.

Section 3.03. Time and Place of Meetings. The Board of Directors shall hold its meetings at such place, either within or without the State of Delaware, and at such time as may be determined from time to time by the Board of Directors (or the Chairperson of the Board of Directors in the absence of a determination by the Board of Directors).

Section 3.04. Annual Meeting. The Board of Directors may meet for the purpose of organization, the election of officers and the transaction of other business, as soon as practicable after each annual meeting of stockholders. Notice of such meeting need not be given. In the event such annual meeting is not so held, the annual meeting of the Board of Directors may be held at such place, if any, either within or without the State of Delaware, on such date and at such time as shall be specified in a notice thereof given as hereinafter provided in Section 3.06 herein or in a waiver of notice thereof signed by any director who chooses to waive the requirement of notice.

Section 3.05. Regular Meetings. After the place, if any, and time of regular meetings of the Board of Directors shall have been determined and notice thereof shall have been once given to each member of the Board of Directors, regular meetings may be held without further notice being given.

Section 3.06. Special Meetings. Special meetings of the Board of Directors may be called by the Chairperson of the Board of Directors or the President and shall be called by the Chairperson of the Board of Directors, President or the Secretary, on the written request of [three] directors. Notice of special meetings of the Board of Directors shall be given to each director at least 48 hours before the date of the meeting in such manner as is determined by the Board of Directors.

Section 3.07. Committees. The Board of Directors may designate one or more committees, each committee to consist of one or more of the directors of the Corporation. The Board of Directors may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee. In the absence or disqualification of a member of a committee, the member or members present at any meeting and not disqualified from voting, whether or not such member or members constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member. Any such committee, to the extent provided in the resolution of the Board of Directors, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the Corporation, and may authorize the seal of the Corporation to be affixed to all papers which may require it; but no such committee shall have the power or authority in reference to the following matters: (a) approving or adopting, or recommending to the stockholders, any action or matter expressly required by Delaware Law to be submitted to the stockholders for approval or (b) adopting, amending or repealing any Bylaw of the Corporation. Each committee shall keep regular minutes of its meetings and report the same to the Board of Directors when required.

Section 3.08. Action by Consent. Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if all members of the Board of Directors or committee, as the case may be, consent thereto in writing or by electronic transmission and any consent may be documented, signed and delivered in any manner permitted by Delaware Law. After an action is taken, the consent or consents relating thereto shall be filed with the minutes of proceedings of the Board of Directors or committee in the same paper or electronic form as the minutes are maintained.

Section 3.09. Telephonic Meetings. Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, members of the Board of Directors, or any committee designated by the Board of Directors, may participate in a meeting of the Board of Directors, or such committee, as the case may be, by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other, and such participation in a meeting shall constitute presence in person at the meeting.

Section 3.10. Resignation. Any director may resign from the Board of Directors at any time by giving notice to the Board of Directors or to the Secretary of the Corporation. Any such notice must be in writing or by electronic transmission to the Board of Directors or to the Secretary of the Corporation. The resignation of any director shall take effect upon receipt of notice thereof or at such later time as shall be specified in such notice; and unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

Section 3.11. Vacancies. Unless otherwise provided in the Certificate of Incorporation, vacancies on the Board of Directors resulting from death, resignation, removal or otherwise and newly created directorships resulting from any increase in the number of directors shall, except as otherwise required by law, be filled solely by a majority of the directors then in office (although less than a quorum) or by the sole remaining director, and each director so elected shall hold office for a term that shall coincide with the term of the Class to which such director shall have been elected. If there are no directors in office, then an election of directors may be held in accordance with Delaware Law. Unless otherwise provided in the Certificate of Incorporation, when one or more directors shall resign from the Board of Directors, effective at a future date, a majority of the directors then in office, including those who have so resigned, shall have the power to fill such vacancy or vacancies, the vote thereon to take effect when such resignation or resignations shall become effective, and each director so chosen shall hold office as provided in the filling of the other vacancies.

Section 3.12. Removal. No director may be removed from office by the stockholders except for cause with the affirmative vote of the holders of not less than a majority of the total voting power of all outstanding securities of the corporation generally entitled to vote in the election of directors, voting together as a single class.

Section 3.13. Compensation. Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, the Board of Directors shall have authority to fix the compensation of directors, including fees and reimbursement of expenses.

Section 3.14. [Preferred Stock Directors. Notwithstanding anything else contained herein, whenever the holders of one or more classes or series of preferred stock shall have the right, voting separately as a class or series, to elect directors, the election, term of office, filling of vacancies, removal and other features of such directorships shall be governed by the terms of the resolutions applicable thereto adopted by the Board of Directors pursuant to the Certificate of Incorporation, and such directors so elected shall not be subject to the provisions of Sections 3.01, 3.11 and 3.12 of this Article 3 unless otherwise provided therein.]

ARTICLE 4 Officers

Section 4.01. Principal Officers. The principal officers of the Corporation shall be appointed by the Board of Directors and may consist of a Chief Executive Officer, a President, a Chief Financial Officer, a Chief Operating Officer, one or more Vice Presidents, a Treasurer and a Secretary who shall have the duty, among other things, to record the proceedings of the meetings of stockholders and directors in a book kept for that purpose. The Corporation may also have such other

principal officers, including one or more Controllers, as the Board of Directors may in its discretion appoint. One person may hold the offices and perform the duties of any two or more of said offices, except that no one person shall hold the offices and perform the duties of President and Secretary.

Section 4.02. Appointment, Term of Office and Remuneration. The principal officers of the Corporation shall be appointed by the Board of Directors in the manner determined by the Board of Directors. Each such officer shall hold office for such period as the Board of Directors may from time to time determine and until their successor is appointed, or until their earlier death, resignation, retirement, disqualification or removal. The remuneration of all officers of the Corporation shall be fixed by the Board of Directors. Any vacancy in any office shall be filled in such manner as the Board of Directors shall determine.

Section 4.03. Subordinate Officers. In addition to the principal officers enumerated in Section 4.01 herein, the Corporation may have one or more Assistant Treasurers, Assistant Secretaries and Assistant Controllers and such other subordinate officers, agents and employees as the Board of Directors may deem necessary, each of whom shall hold office for such period as the Board of Directors may from time to time determine. The Board of Directors may delegate to any principal officer the power to appoint and to remove any such subordinate officers, agents or employees.

Section 4.04. Removal. Except as otherwise permitted with respect to subordinate officers, any officer may be removed, with or without cause, at any time, by resolution adopted by the Board of Directors.

Section 4.05. Resignations. Any officer may resign at any time by giving notice to the Board of Directors (or to a principal officer if the Board of Directors has delegated to such principal officer the power to appoint and to remove such officer). Any such notice must be in writing. The resignation of any officer shall take effect upon receipt of notice thereof or at such later time as shall be specified in such notice; and unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

Section 4.06. Powers and Duties. The officers of the Corporation shall have such powers and perform such duties incident to each of their respective offices and such other duties as may from time to time be conferred upon or assigned to them by the Board of Directors.

ARTICLE 5Capital Stock

Section 5.01. Certificates For Stock; Uncertificated Shares. The shares of the Corporation shall be represented by certificates, provided that the Board of Directors may provide by resolution or resolutions that some or all of any or all classes or series of its stock shall be uncertificated shares or a combination of certificated and uncertificated shares. Any such resolution that shares of a class or series will only be uncertificated shall not apply to shares represented by a certificate until such certificate is surrendered to the Corporation. Except as otherwise required by law, the rights and obligations of the holders of uncertificated shares and the rights and obligations of the holders of shares represented by certificates of the same class and series shall be identical. Every holder of stock represented by certificates shall be entitled to have a certificate signed by, or in the name of the Corporation by the Chairperson or Vice Chairperson of the Board of Directors, or the Chief Executive Officer, President or Vice President, and by the Treasurer or an Assistant Treasurer, or the Secretary or an Assistant Secretary of the Corporation representing the number of shares registered in certificate form. Any or all of the signatures on the certificate may be a facsimile. In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if such person were such officer, transfer agent or registrar at the date of issue. The Corporation shall not have power to issue a certificate in bearer form.

Section 5.02. Lost Certificates. The Corporation may issue a new certificate of stock or uncertificated shares in the place of any certificate theretofore issued by it that is alleged to have been lost, stolen or destroyed, and the Corporation may require the owner of the lost, stolen or destroyed certificate, or such owner's legal representative, to give the Corporation a bond sufficient to indemnify it against any claim that may be made against it on account of the alleged loss, theft or destruction of any such certificate or the issuance of such new certificate or uncertificated shares.

Section 5.03. Shares Without Certificates. The Corporation may adopt a system of issuance, recordation and transfer of its shares of stock by electronic or other means not involving the issuance of certificates, provided the use of such system by the Corporation is permitted in accordance with Delaware Law.

Section 5.04. Transfer Of Shares. Shares of the stock of the Corporation may be transferred on the record of stockholders of the Corporation by the holder thereof or by such holder's duly authorized attorney upon surrender of a certificate therefor properly endorsed or upon receipt of proper transfer instructions from the registered holder of uncertificated shares or by such holder's duly authorized attorney and upon compliance with appropriate procedures for transferring shares in uncertificated form, unless waived by the Corporation.

Section 5.05. Authority for Additional Rules Regarding Transfer. The Board of Directors shall have the power and authority to make all such rules and regulations as they may deem expedient concerning the issue, transfer and registration of certificated or uncertificated shares of the stock of the Corporation, as well as for the issuance of new certificates in lieu of those which may be lost or destroyed, and may require of any stockholder requesting replacement of lost or destroyed certificates, bond in such amount and in such form as they may deem expedient to indemnify the Corporation, and/or the transfer agents, and/or the registrars of its stock against any claims arising in connection therewith.

ARTICLE 6Indemnification

Section 6.01. Limited Liability. A director or officer of the Corporation shall not be liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director to the fullest extent permitted by applicable law.

Section 6.02. Right to Indemnification. (a) Each person (and the heirs, executors or administrators of such person) who was or is a party or is threatened to be made a party to, or is involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director or officer of the Corporation or while an officer or director of the Corporation is or was serving at the request of the Corporation as a director or officer of another corporation, partnership, joint venture, trust or other enterprise, shall be indemnified and held harmless by the Corporation to the fullest extent permitted by applicable law. The right to indemnification conferred in this Article 6 shall also include the right to be paid by the Corporation the expenses incurred in connection with any such proceeding in advance of its final disposition to the fullest extent authorized by applicable law. The right to indemnification conferred in this Article 6 shall be a contract right, provided, however, that, except with respect to proceedings to enforce rights to indemnification or advancement of expenses or with respect to any compulsory counterclaim brought by such indemnitee, the Corporation shall

indemnify any such indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board of Directors.

(b) The Corporation may, by action of its Board of Directors, provide indemnification to such of the employees and agents of the Corporation to such extent and to such effect as the Board of Directors shall determine to be appropriate and authorized by applicable law.

Section 6.03. Insurance. The Corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss incurred by such person in any such capacity or arising out of such person's status as such, whether or not the Corporation would have the power to indemnify such person against such liability under applicable law.

Section 6.04. Nonexclusivity of Rights. The rights and authority conferred in this Article 6 shall not be exclusive of any other right that any person may otherwise have or hereafter acquire.

Section 6.05. Preservation of Rights. Neither the amendment nor repeal of this Article 6, nor the adoption of any provision of the Certificate of Incorporation or these Bylaws, nor, to the fullest extent permitted by applicable law, any modification of law, shall adversely affect any right or protection of any person granted pursuant hereto existing at, or arising out of or related to any event, act or omission that occurred prior to, the time of such amendment, repeal, adoption or modification (regardless of when any proceeding (or part thereof) relating to such event, act or omission arises or is first threatened, commenced or completed).

ARTICLE 7 General Provisions

Section 7.01. Fixing the Record Date. (a) In order that the Corporation may determine the stockholders entitled to notice of any meeting of stockholders or any adjournment thereof, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing such record date is adopted by the Board of Directors, and which record date shall not be more than 60 nor less than 10 days before the date of such meeting. If the Board of Directors so fixes a date, such date shall also be the record date for determining the stockholders entitled to vote at such meeting unless the Board of Directors determines, at the time it fixes such record date, that a later date on or before the date of the meeting shall be the date for making such determination. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may in its discretion or as required by law fix a new record date for determination of stockholders entitled to vote at the adjourned meeting, and in such case shall fix the same date or an earlier date as the record date for stockholders entitled to notice of such adjourned meeting.

(b) In order that the Corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion or exchange of stock, or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted, and which record date shall be not more than 60 days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

Section 7.02. Dividends. Subject to limitations contained in Delaware Law and the Certificate of Incorporation, the Board of Directors may declare and pay dividends upon the shares of capital stock of the Corporation, which dividends may be paid either in cash, in property or in shares of the capital stock of the Corporation.

Section 7.03. Year. The fiscal year of the Corporation shall commence on January 1 and end on December 31 of each year.

Section 7.04. Corporate Seal. The corporate seal shall have inscribed thereon the name of the Corporation, the year of its organization and the words Corporate Seal, Delaware

. The seal may be used by causing it or a facsimile thereof to be impressed, affixed or otherwise reproduced.

Section 7.05. Voting of Stock Owned by the Corporation. The Board of Directors may authorize any person, on behalf of the Corporation, to attend, vote at and grant proxies to be used at any meeting of stockholders of any corporation (except this Corporation) in which the Corporation may hold stock.

Section 7.06. Amendments. These Bylaws or any of them, may be altered, amended or repealed, or new Bylaws may be made, by the stockholders entitled to vote thereon at any annual or special meeting thereof or by the Board of Directors as provided in the Certificate of Incorporation. Unless a higher percentage is required by the Certificate of Incorporation as to any matter that is the subject of these Bylaws, all such amendments must be approved by the affirmative vote of the holders of not less than a majority of the total voting power of all outstanding securities of the Corporation, generally entitled to vote in the election of directors, voting together as a single class, or by a majority of the Board of Directors.

Section 7.07. Forum Selection. Unless the Corporation consents in writing to the selection of an alternative forum, to the fullest extent permitted by law, the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by any current or former director, officer, other employee or stockholder of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim arising pursuant to any provision of Delaware Law, the Certificate of Incorporation or these Bylaws (in each case, as they may be amended from time to time) or as to which Delaware Law confers jurisdiction on the Court of Chancery of the State of Delaware or (iv) any action

asserting a claim governed by the internal affairs doctrine of the law of the State of Delaware, shall be the Court of Chancery of the State of Delaware (or, if the Court of Chancery of the State of Delaware does not have jurisdiction, the federal district court for the District of Delaware). Unless the Corporation consents in writing to the selection of an alternative forum, to the fullest extent permitted by law, the sole and exclusive forum for any action asserting a cause of action arising under the Securities Act of 1933, or any rule or regulation promulgated thereunder, shall be the federal district courts of the United States. The Court of Chancery of the State of Delaware (or if the Court of Chancery does not have jurisdiction, another court of the State of Delaware, or if no court of the State of Delaware has jurisdiction, the federal district court for the District of Delaware) shall have the fullest authority allowed by law to issue an anti-suit injunction

to enforce this forum selection clause and to preclude suit in any other forum. Any person or entity holding, purchasing or otherwise acquiring any interest in shares of capital stock of the Corporation shall be deemed to consent to (i) the personal jurisdiction of the Court of Chancery of the State of Delaware (or if the Court of Chancery does not have jurisdiction, another court of the State of Delaware, or if no court of the State of Delaware has jurisdiction, the federal district court for the District of Delaware) in any proceeding brought to enjoin, or otherwise enforce this Section 7.07 with respect to, any action by that person or entity that is inconsistent with the exclusive jurisdiction provided for in this Section 7.07 (an

), PubCo shall prepare and file with the SEC a shelf registration statement under Rule 415 of the Securities Act (such registration statement, a Shelf Registration Statement

) covering the resale of all the Registrable Securities and all the Common Stock and Common Stock Equivalents of PubCo held by the Other PubCo Shareholders (in each case, determined as of two business days prior to such filing) on a delayed or continuous basis and shall use its commercially reasonable efforts to have such Shelf Registration Statement declared effective as soon as practicable after the filing thereof and no later than the earlier of (x) the ninetieth (90th) calendar day following the Filing Date if the Commission notifies PubCo that it will

reviewed

or will not be subject to further review. PubCo shall maintain the Shelf Registration Statement in accordance with the terms hereof, and shall prepare and file with the SEC such amendments, including post-effective amendments, and supplements as may be necessary to keep a Shelf Registration Statement continuously effective, available for use to permit all Holders and Other PubCo Shareholders named therein to sell their Registrable Securities included therein and in compliance with the provisions of the Securities Act until such time as (i)(i) there are no longer any Registrable Securities and (ii) no Other PubCo Shareholders hold any Common Stock or Common Stock Equivalents of PubCo held by such Other PubCo Shareholders on the date hereof. The Holder or Holders shall make such election by delivering to PubCo a written request (a

In connection with any Demand Registration, PubCo shall have the right to designate the Manager and each other managing underwriter in connection with any underwritten offering pursuant to such registration, subject to the Initiating Holders' reasonable approval provided that in each case, each such underwriter is reasonably satisfactory to PubCo, which approval shall not be unreasonably withheld or delayed.

(ii) PubCo shall, as expeditiously as possible, but subject to Section 2.1(c), use its reasonable best efforts to (x) file or confidentially submit with the SEC (no later than (A) sixty (60) days from PubCo's receipt of the applicable Demand Registration Request if the Demand Registration is on Form S-1 or similar long-form registration and or (B) thirty (30) days from PubCo's receipt of the applicable Demand Registration Request if the Demand Registration is on Form S-3 or any similar short-form registration), (y) cause to be declared effective as soon as reasonably practicable such registration statement under the Securities Act that includes the Registrable Securities which PubCo has been so requested to register for distribution in accordance with the intended method of distribution, and (z) if requested by the Initiating Holders, obtain acceleration of the effective date of the registration statement relating to such registration.

(c) Notwithstanding anything to the contrary in Section 2.1(a) or Section 2.1(b), the Shelf Underwriting and Demand Registration rights granted in Section 2.1(a) and Section 2.1(b) are subject to the following limitations: (i) PubCo shall not be required to cause a registration statement filed pursuant to Section 2.1(b) to be declared effective within a period of ninety (90) days after the effective date of any other registration statement of PubCo filed pursuant to the Securities Act (other than a Form S-4, Form S-8 or a comparable form or an equivalent registration form then in effect); (ii) PubCo shall not be required to effect more than two (2) Demand Registrations on Form S-1 or any similar long-form registration statement at the request of the Holders in the aggregate; (iii) if the Board, in its good faith judgment, determines that any registration of Registrable Securities or Shelf Underwriting should not be made or continued because it would materially and adversely interfere with any existing or potential financing, acquisition, corporate reorganization, merger, share exchange or other transaction or event involving PubCo

Annex E-6

or any of its subsidiaries or would otherwise result in the public disclosure of information that the Board in good faith has a bona fide business purpose for keeping confidential (a

Valid Business Reason

), then (x) PubCo may postpone filing or confidentially submitting a registration statement relating to a Demand Registration Request or a prospectus supplement relating to a Shelf Underwriting Request until five (5) Business Days after such Valid Business Reason no longer exists, but in no event for more than forty-five (45) days after the date the Board determines a Valid Business Reason exists or (y) if a registration statement has been filed or confidentially submitted relating to a Demand Registration Request or a prospectus supplement has been filed relating to a Shelf Underwriting Request, PubCo may, to the extent determined in the good faith judgment of the Board to be reasonably necessary to avoid interference with any of the transactions described above, suspend use of or, if required by the SEC, cause such registration statement to be withdrawn and its effectiveness terminated or may postpone amending or supplementing such registration statement until five (5) Business Days after such Valid Business Reason no longer exists, but in no event for more than forty-five (45) days after the date the Board determines a

Valid Business Reason exists (such period of postponement or withdrawal under this clause (iv), the Postponement Period

-).
- PubCo shall give written notice to the Initiating Holders or Shelf Underwriting Initiating Holders and any other Holders that have requested registration pursuant to Section 2.2 of its determination to postpone or suspend use of or withdraw a registration statement and of the fact that the Valid Business Reason for such postponement or suspension or withdrawal no longer exists, in each case, promptly after the occurrence thereof; provided, however, that PubCo shall not be entitled to more than two (2) Postponement Periods during any twelve (12) month period.
- Each Holder of Registrable Securities agrees that, upon receipt of any notice from PubCo that PubCo has determined to suspend use of, withdraw, terminate or postpone amending or supplementing any registration statement pursuant to clause (c)(iii) above, such Holder will discontinue its disposition of Registrable Securities pursuant to such registration statement. If PubCo shall have suspended use of, withdrawn or terminated a registration statement filed under Section 2.1(b)(i) (whether pursuant to clause (c)(iii) above or as a result of any stop order, injunction or other order or requirement of the SEC or any other governmental agency or court), PubCo shall not be considered to have effected a Demand Registration for the purposes of this Agreement and such request shall not count as a Demand Registration Request under this Agreement until PubCo shall have permitted use of such suspended registration statement or filed a new registration statement covering the Registrable Securities covered by the withdrawn or terminated registration statement and such registration statement shall have been declared effective and shall not have been withdrawn. If PubCo shall give any notice of suspension, withdrawal or postponement of a registration statement, PubCo shall, not later than five (5) Business Days after the Valid Business Reason that caused such suspension, withdrawal or postponement no longer exists (but, with respect to a suspension, withdrawal or postponement pursuant to clause (c)(iii) above, in no event later than forty-five (45) days after the date of the suspension, postponement or withdrawal), as applicable, permit use of such suspended registration statement or use its reasonable best efforts to effect the registration under the Securities Act of the Registrable Securities covered by the withdrawn or postponed registration statement in accordance with this Section 2.1 (unless the Initiating Holders or Shelf Underwriting Initiating Holders shall have withdrawn such request, in which case PubCo shall not be considered to have effected a Demand Registration for the purposes of this Agreement and such request shall not count as a Demand Registration Request under this Agreement), and following such permission or such effectiveness such registration shall no longer be deemed to be suspended, withdrawn or postponed pursuant to clause (iv) of Section 2.1(c) above.
- (d) No Demand Registration shall be deemed to have occurred for purposes of Section 2.1(b) (i) if the registration statement relating thereto (x) does not become effective, (y) is not maintained effective for a period of at least one hundred eighty (180) days after the effective date thereof or such shorter period during which all Registrable Securities included in such Registration Statement have actually been sold (provided, however, that such period shall be extended for a period of time equal to the period any Holder of Registrable Securities refrains from selling any securities included in such Registration Statement at the request of PubCo or an underwriter of PubCo), or (z) is subject to a stop order, injunction, or similar order or requirement of the SEC during such period, (ii) for each Initiating Holder, if less than seventy five percent (75%) of the Registrable Securities requested by such Initiating Holder to be included in such Demand Registration are not so included pursuant to Section 2.3, (iii) if the method of disposition is a firm commitment underwritten public offering and less than seventy five percent (75%) of the applicable Registrable Securities have not been sold pursuant thereto (excluding any Registrable Securities included for sale in the underwriters' overallotment option) or (iv) if the conditions to closing specified in any underwriting agreement, purchase agreement or similar agreement entered into in connection with the registration relating to such request are not satisfied (other than as a result of a default or breach thereunder by such Initiating Holder(s) or its Affiliates or are otherwise waived by such Initiating Holder(s)).

Annex E-7

- (e) Any Initiating Holder may withdraw or revoke a Demand Registration Request delivered by such Initiating Holder at any time prior to the effectiveness of such Demand Registration by giving written notice to PubCo of such withdrawal or revocation and such Demand Registration shall have no further force or effect and such request shall not count as a Demand Registration Request under this Agreement.
- 2.2. Piggyback Registrations.
- (a) If PubCo proposes or is required to register any of its equity securities for its own account or for the account of any other shareholder under the Securities Act (other than pursuant to registrations on Form S-4 or Form S-8 or any similar successor forms thereto), PubCo shall give written notice (the Piggyback Notice
-) of its intention to do so to each of the Holders of record of Registrable Securities, at least five (5) Business Days prior to the filing of any registration statement under the Securities Act. Notwithstanding the foregoing, PubCo may delay any Piggyback Notice until after filing a registration statement, so long as all recipients of such notice have the same amount of time to determine whether to participate in an offering as they would have had if such notice had not been so delayed. Upon the written request of any such Holder, made within five (5) days following the receipt of any such Piggyback Notice (which request shall specify the maximum number of Registrable Securities intended to be disposed of by such Holder and the intended method of distribution thereof), PubCo shall, subject to Sections 2.2(c), 2.3 and 2.6 hereof, use its reasonable best efforts to cause all such Registrable Securities, the Holders of which have so requested the registration thereof, to be registered under the Securities Act with the securities which PubCo at the time proposes to register to permit the sale or other disposition by the Holders (in accordance with the intended method of distribution thereof) of the Registrable Securities to be so registered, including, if necessary, by filing with the SEC a post-effective amendment or a supplement to the registration statement filed by PubCo or the prospectus related thereto. There is no limitation on the number of such piggyback registrations which PubCo is obligated to effect pursuant to the preceding sentence. No registration of Registrable Securities effected under this Section 2.2(a) shall relieve PubCo of its obligations to effect Demand Registrations under Section 2.1 hereof. For the avoidance of doubt, this Section 2.2 shall not apply to any Underwritten Block Trade.
- (b) Other than in connection with a Demand Registration or a Shelf Underwriting, at any time after giving a Piggyback Notice and prior to the effective date of the registration statement filed in connection with such registration, if PubCo shall determine for any reason not to register or to delay registration of such equity securities, PubCo may, at its election, give written notice of such determination to all Holders of record of Registrable Securities and (x) in the case of a determination not to register, shall be relieved of its obligation to register any Registrable Securities in connection with such abandoned registration, without prejudice, however, to the rights of Holders under Section 2.1, and (y) in the case of a determination to delay such registration of its equity securities, shall be permitted to delay the registration of such Registrable Securities for the same period as the delay in registering such other equity securities.
- (c) Any Holder shall have the right to withdraw its request for inclusion of its Registrable Securities in any registration statement pursuant to this Section 2.2 by

giving written notice to PubCo of its request to withdraw; provided, however, that such request must be made in writing prior to the earlier of the execution by such Holder of the underwriting agreement or the execution by such Holder of the custody agreement with respect to such registration or as otherwise required by the underwriters.

2.3. Allocation of Securities Included in Registration Statement.

- (y) to the extent required by the rules and regulations of FINRA, retain a Qualified Independent Underwriter acceptable to the managing underwriter; and
- (z) use reasonable best efforts, in good faith, to cooperate with the managing underwriters, Participating Holders, any indemnitee of PubCo and their respective counsel in connection with the preparation and filing of any applications, notices, registrations and responses to requests for additional information with FINRA, Nasdaq, or any other national securities exchange on which the shares of Common Stock are listed.

To the extent PubCo is a WKSI at the time any Demand Registration Request is submitted to PubCo, PubCo shall file an automatic shelf registration statement (as defined in Rule 405 under the Securities Act) (an automatic shelf registration statement

-) on Form S-3 which covers those Registrable Securities which are requested to be registered. PubCo shall not take any action that would result in it not remaining a WKSI or would result in it becoming an ineligible issuer (as defined in Rule 405 under the Securities Act) during the period during which such automatic shelf

registration statement is required to remain effective. If PubCo does not pay the filing fee covering the Registrable Securities at the time the automatic shelf registration statement is filed, PubCo agrees to pay such fee at such time or times as the Registrable Securities are to be sold in compliance with the SEC rules. If the automatic shelf registration statement has been outstanding for at least three (3) years, at or prior to the end of the third year PubCo shall refile a new automatic shelf registration statement covering the Registrable Securities. If at any time when PubCo is required to re-evaluate its WKSI status PubCo determines that it is not a WKSI, PubCo shall use its reasonable best efforts to refile the shelf registration statement on Form S-3 and, if such form is not available, Form S-1 and keep such registration statement effective during the period which such registration statement is required to be kept effective.

If PubCo files any shelf registration statement for the benefit of the holders of any of its securities other than the Holders, and the Holders do not request that their Registrable Securities be included in such Shelf Registration Statement, PubCo agrees that it shall include in such registration statement such disclosures as may be required by Rule 430B under the Securities Act (referring to the unnamed selling security holders in a generic manner by identifying the initial offering of the securities to the Holders) in order to ensure that the Holders may be added to such shelf registration statement at a later time through the filing of a prospectus supplement rather than a post-effective amendment.

PubCo may require as a condition precedent to PubCo's obligations under this Section 2.4 that each Participating Holder as to which any registration is being effected (i) furnish PubCo such information regarding such seller and the distribution of such securities as PubCo may from time to time reasonably request (including as required under state securities laws), provided that such information is necessary for PubCo to consummate such registration and shall be used only in connection with such registration and (ii) provide any underwriters participating in the distribution of such securities such information as the underwriters may request and execute and deliver any agreements, certificates or other documents as the underwriters may request.

Each Holder of Registrable Securities agrees that upon receipt of any notice from PubCo of the happening of any event of the kind described in clause (v) of paragraph (e) of this Section 2.4, such Holder will discontinue such Holder's disposition of Registrable Securities pursuant to the registration statement covering such Registrable Securities until such Holder's receipt of the copies of the supplemented or amended prospectus contemplated by paragraph (e) of this Section 2.4 and, if so directed by PubCo, will deliver to PubCo (at PubCo's expense) all copies, other than permanent file copies, then in such Holder's possession of the prospectus covering such Registrable Securities that was in effect at the time of receipt of such notice. In the event PubCo shall give any such notice, the applicable period mentioned in paragraph (b) of this Section 2.4 shall be extended by the number of days during such period from and including the date of the giving of such notice to and including the date when each Participating Holder covered by such registration statement shall have received the copies of the supplemented or amended prospectus contemplated by paragraph (e) of this Section 2.4.

PubCo agrees not to file or make any amendment to any registration statement with respect to any Registrable Securities, or any amendment of or supplement to the prospectus, or any free writing prospectus, which amendment refers to any Holder covered thereby by name, or otherwise identifies such Holder, without the consent of such Holder, such consent not to be unreasonably withheld or delayed, unless such disclosure is required by law, in which case PubCo shall provide written notice to such Holders no less than five (5) Business Days prior to the filing.

(a) PubCo shall pay all Expenses with respect to any registration or offering of Registrable Securities pursuant to Section 2, whether or not a registration statement becomes effective or the offering is consummated.

(b) Notwithstanding the foregoing, (x) the provisions of this Section 2.5 shall be deemed amended to the extent necessary to cause these expense provisions to comply with state laws of each state in which the offering is made and (y) in connection with any underwritten offering hereunder, each Participating Holder shall pay all underwriting discounts and commissions and any transfer taxes, if any, attributable to the sale of such Registrable Securities, pro rata with respect to payments of discounts and commissions in accordance with the number of shares sold in the offering by such Participating Holder.

2.6. Certain Limitations on Registration Rights. In the case of any registration under Section 2.1 involving an underwritten offering, or, in the case of a registration under Section 2.2, if PubCo has determined to enter into an underwriting agreement in connection therewith, all securities to be included in such underwritten offering shall be subject to such underwriting agreement and no Person may participate in such underwritten offering unless such Person (i) agrees to sell such Person's securities on the basis provided therein and completes and executes all reasonable questionnaires, and other customary documents (including custody agreements, powers of attorney, indemnities, lock-up agreements) which must be executed in connection therewith; provided, however, that all such documents shall be consistent with the provisions hereof and (ii) provides such other information to PubCo or the underwriter as may be necessary to register such Person's securities.

2.7. Limitations on Sale or Distribution of Other Securities.

(a) Each Holder that is a director or officer of PubCo agrees, to the extent requested by the Manager of any underwritten public offering pursuant to a registration or offering effected pursuant to Section 2.1 (including any Shelf Underwriting pursuant to Section 2.1) or Section 2.2 (including any offering effected by PubCo for its own account), not to sell, transfer or otherwise dispose of, including any sale pursuant to Rule 144, any Common Stock or Common Stock Equivalents (other than as part of such underwritten public offering) during the time period reasonably requested by the Manager, not to exceed the period from seven days prior to the pricing date of such offering until ninety (90) days after the pricing date of such offering or such shorter period as agreed by the Manager, PubCo or any executive officer or director of PubCo.

(b) PubCo hereby agrees that, in connection with an offering pursuant to Section 2.1 (including any Shelf Underwriting pursuant to Section 2.1(e)) or 2.2, PubCo shall not sell, transfer, or otherwise dispose of, any Common Stock or Common Stock Equivalent (other than as part of such underwritten public offering, a registration on Form S-4 or Form S-8 or any successor or similar form which is (x) then in effect or (y) shall become effective upon the conversion, exchange or exercise of any then outstanding Common Stock Equivalent), until a period from seven days prior to the pricing date of such offering until ninety (90) days after the pricing date of such offering or such shorter period as the Manager, PubCo or any executive officer or director of PubCo shall agree to and PubCo shall so provide in any registration rights agreements hereafter entered into with respect to any of its securities.

2.8. No Required Sale. Nothing in this Agreement shall be deemed to create an independent obligation on the part of any Holder to sell any Registrable Securities

pursuant to any effective registration statement. A Holder is not required to include any of its Registrable Securities in any registration statement, is not required to sell any of its Registrable Securities which are included in any effective registration statement, and may sell any of its Registrable Securities in any manner in compliance with applicable law (subject to applicable lock-up restrictions) even if such shares are already included on an effective registration statement.

affiliates, representatives, successors and assigns thereof), each other Person who participates as a seller (and its directors, officers, employees, stockholders, members, general and limited partners, agents, affiliates, representatives, successors and assigns), underwriter or Qualified Independent Underwriter, if any, in the offering or sale of such securities, each officer, director, employee, stockholder, managing director, agent, affiliate, representative, successor, assign or partner of such underwriter or Qualified Independent Underwriter, and each other Person, if any, who controls (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) such seller or any such underwriter or Qualified Independent Underwriter and each director, officer, employee, stockholder, managing director, agent, affiliate, representative, successor, assign or partner of such controlling Person, from and against any and all losses, claims, damages or liabilities, joint or several, actions or proceedings (whether commenced or threatened) and expenses (including reasonable fees of counsel and any amounts paid in any settlement effected with PubCo's consent, which consent shall not be unreasonably withheld or delayed) to which each such indemnified party may become subject under the Securities Act or otherwise in respect thereof (collectively,

Claims

), insofar as such Claims arise out of, are based upon, relate to or are in connection with (i) any untrue statement or alleged untrue statement of a material fact contained in any registration statement under which such securities were registered under the Securities Act or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, (ii) any untrue statement or alleged untrue statement of a material fact contained in any preliminary, final or summary prospectus or any amendment or supplement thereto, together with the documents incorporated by reference therein, or any free writing prospectus utilized in connection therewith, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, or (iii) any untrue statement or alleged untrue statement of a material fact in the information conveyed by PubCo or any underwriter to any purchaser at the time of the sale to such purchaser, or the omission or alleged omission to state therein a material fact required to be stated therein, or (iv) any violation by PubCo of any federal, state or common law rule or regulation applicable to PubCo and relating to any action required of or inaction by PubCo in connection with any such offering of Registrable Securities, and PubCo will reimburse any such indemnified party for any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such Claim as such expenses are incurred; provided, however, that PubCo shall not be liable to any such indemnified party in any such case to the extent such Claim arises out of or is based upon any untrue statement or alleged untrue statement of a material fact or omission or alleged omission of a material fact made in such registration statement or amendment thereof or supplement thereto or in any such prospectus or any preliminary, final or summary prospectus or free writing prospectus in reliance upon and in conformity with written information furnished to PubCo by or on behalf of such indemnified party specifically for use therein. Such indemnity and reimbursement of expenses shall remain in full force and effect regardless of any investigation made by or on behalf of such indemnified party and shall survive the transfer of such securities by such seller.

(b) Each Participating Holder (and, if PubCo requires as a condition to including any Registrable Securities in any registration statement filed in accordance with Section 2.1 or 2.2, any underwriter and Qualified Independent Underwriter, if any) shall, severally and not jointly, indemnify and hold harmless (in the same manner and to the same extent as set forth in paragraph (a) of this Section 2.9) to the extent permitted by law PubCo, its officers and its directors, each Person controlling PubCo within the meaning of the Securities Act and all other prospective sellers and their directors, officers, stockholders, fiduciaries, managing directors, agents, affiliates, representatives, successors, assigns or general and limited partners and respective controlling Persons with respect to any untrue statement or alleged untrue statement of any material fact in, or omission or alleged omission of any material fact from, such registration statement, any preliminary, final or summary prospectus contained therein, or any amendment or supplement thereto, or any free writing prospectus utilized in connection therewith, if such statement or alleged statement or omission or alleged omission was made in reliance upon and in conformity with written information furnished to PubCo or its representatives by or on behalf of such Participating Holder or underwriter or Qualified Independent Underwriter, if any, specifically for use therein, and each such Participating Holder, underwriter or Qualified Independent Underwriter, if any, shall reimburse such indemnified party for any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such Claim as such expenses are incurred; provided, however, that the aggregate amount which any such Participating Holder shall be required to pay pursuant to this Section 2.9 (including pursuant to indemnity, contribution or otherwise) shall in no case be greater than the amount of the net proceeds received by such Participating Holder upon the sale of the Registrable Securities pursuant to the registration statement giving rise to

Annex E-16

such Claim; provided, further, that such Participating Holder shall not be liable in any such case to the extent that prior to the filing or confidential submission of any such registration statement or prospectus or amendment thereof or supplement thereto, or any free writing prospectus utilized in connection therewith, such Participating Holder has furnished in writing to PubCo information expressly for use in such registration statement or prospectus or any amendment thereof or supplement thereto or free writing prospectus which corrected or made not misleading information previously furnished to PubCo. PubCo and each Participating Holder hereby acknowledge and agree that, unless otherwise expressly agreed to in writing by such Participating Holders to the contrary, for all purposes of this Agreement, the only information furnished or to be furnished to PubCo for use in any such registration statement, preliminary, final or summary prospectus or

amendment or supplement thereto, or any free writing prospectus, are statements specifically relating to (i) the beneficial ownership of shares of Common Stock by such Participating Holder and its Affiliates as disclosed in the section of such document entitled Selling Stockholders or Principal and Selling Stockholders and (ii) the name and address of such Participating Holder. If any additional information about such Holder or the plan of distribution (other than for an underwritten offering) is required by law to be disclosed in any such document, then such Holder shall not unreasonably withhold its agreement referred to in the immediately preceding sentence. Such indemnity and reimbursement of expenses shall remain in full force and effect regardless of any investigation made by or on behalf of such indemnified party and shall survive the transfer of such securities by such Holder.

(c) Indemnification similar to that specified in the preceding paragraphs (a) and (b) of this Section 2.9 (with appropriate modifications) shall be given by PubCo and each Participating Holder with respect to any required registration or other qualification of securities under any applicable securities and state blue sky laws.

(d) Any Person entitled to indemnification under this Agreement shall notify promptly the indemnifying party in writing of the commencement of any action or proceeding with respect to which a claim for indemnification may be made pursuant to this Section 2.9, but the failure of any indemnified party to provide such notice shall not relieve the indemnifying party of its obligations under the preceding paragraphs of this Section 2.9, except to the extent the indemnifying party is materially and actually prejudiced thereby and shall not relieve the indemnifying party from any liability which it may have to any indemnified party otherwise than under this Section 2.9. In case any action or proceeding is brought against an indemnified party and such indemnified party shall have notified the indemnifying party of the commencement thereof (as required above), the indemnifying party shall be entitled to participate therein and, unless in the reasonable opinion of outside counsel to the indemnified party a conflict of interest between such indemnified and indemnifying parties exists in respect of such Claim, to assume the defense thereof jointly with any other indemnifying party similarly notified, to the extent that it chooses, with counsel reasonably satisfactory to such indemnified party, and after notice from the indemnifying party to such indemnified party that it so chooses, the indemnifying party shall not be liable to such indemnified party for any legal or other expenses subsequently incurred by such indemnified party in connection with the defense thereof other than reasonable costs of investigation; provided, however, that (i) if the indemnifying party fails to take reasonable steps necessary to defend diligently the action or proceeding within twenty (20) days after receiving notice from such indemnified party that the indemnified party believes it has failed to do so; or (ii) if such indemnified party who is a defendant in any action or proceeding which is also brought against the indemnifying party reasonably shall have concluded that there may be one or more legal or equitable defenses available to such indemnified party which are not available to the indemnifying party or which may conflict with or be different from those available to another indemnified party with respect to such Claim; or (iii) if representation of both parties by the same counsel is otherwise inappropriate under applicable standards of professional conduct, then, in any such case, the indemnified party shall have the right to assume or continue its own defense as set forth above (but with no more than one firm of counsel for all indemnified parties in each jurisdiction, except to the extent any indemnified party or parties reasonably shall have made a conclusion described in clause (ii) or (iii) above) and the indemnifying party shall be liable for any expenses therefor. No indemnifying party shall be liable for any settlement of any proceeding effected without its written consent (which consent shall not be unreasonably withheld or delayed), but if settled with such consent or if there be a final judgment for the plaintiff, such indemnifying party agrees to indemnify each indemnified party from and against any loss, claim, damage, liability or expense by reason of such settlement or judgment. No indemnifying party shall, without the written consent of the indemnified party, effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or claim in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified party is an actual or potential party to such action or claim) unless such settlement, compromise or judgment (A) includes an unconditional release of the indemnified party from all liability arising out of such action or claim and (B) does not include a statement as to or an admission of fault or culpability, by or on behalf of any indemnified party.

(e) If for any reason the foregoing indemnity is unavailable, unenforceable or is insufficient to hold harmless an indemnified party under Sections 2.9(a), (b) or (c), then each applicable indemnifying party shall contribute to the amount paid or payable to such indemnified party as a result of any Claim in such proportion as is appropriate to reflect the relative fault of the indemnifying party, on the one hand, and the indemnified party, on the other hand, with respect to such Claim. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party or the indemnified party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. If, however, the allocation provided in the second preceding sentence is not permitted by applicable law, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party in such proportion as is appropriate to reflect not only such relative faults but also the relative benefits of the indemnifying party and the indemnified party as well as any other relevant equitable considerations. The parties hereto agree that it would not be just and equitable if any contribution pursuant to this Section 2.9(e) were to be determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to in the preceding sentences of this Section 2.9(e). The amount paid or payable in respect of any Claim shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such Claim. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. Notwithstanding anything in this Section 2.9(e) to the contrary, no indemnifying party (other than PubCo) shall be required pursuant to this Section 2.9(e) to contribute any amount greater than the amount of the net proceeds received by such indemnifying party from the sale of Registrable Securities pursuant to the registration statement giving rise to such Claim, less the amount of any indemnification payment made by such indemnifying party pursuant to Sections 2.9(b) and (c). In addition, no Holder of Registrable Securities or any Affiliate thereof shall be required to pay any amount under this Section 2.9(e) unless such Person or entity would have been required to pay an amount pursuant to Section 2.9(b) if it had been applicable in accordance with its terms.

(f) The indemnity and contribution agreements contained herein shall be in addition to any other rights to indemnification or contribution which any indemnified party may have pursuant to law or contract and shall remain operative and in full force and effect regardless of any investigation made or omitted by or on behalf of any

indemnified party and shall survive the transfer of the Registrable Securities by any such party.

(g) The indemnification and contribution required by this Section 2.9 shall be made by periodic payments of the amount thereof during the course of the investigation or defense, as and when bills are received or expense, loss, damage or liability is incurred.

2.10. No Inconsistent Agreements. PubCo shall not hereafter enter into any agreement with respect to its securities that is inconsistent in any material respects with the rights granted to the Holders in this Agreement.

Section 3. Underwritten Offerings.

3.1. Requested Underwritten Offerings. If requested by the underwriters for any underwritten offering pursuant to a registration requested under Section 2.1, PubCo shall enter into a customary underwriting agreement with the underwriters. Such underwriting agreement shall (i) be satisfactory in form and substance to the Initiating Holders and the Majority Participating Holders, (ii) contain terms not inconsistent with the provisions of this Agreement and (iii) contain such representations and warranties by, and such other agreements on the part of, PubCo and such other terms as are generally prevailing in agreements of that type, including indemnities and contribution agreements on substantially the same terms as those contained herein or as otherwise customary for the lead underwriter. Every Participating Holder shall be a party to such underwriting agreement. Each Participating Holder shall not be required to make any representations or warranties to or agreements with PubCo or the underwriters other than customary representations of a selling shareholder, including representations, warranties or agreements regarding its ownership of and title to the Registrable Securities, any written information specifically provided by such Participating Holder for inclusion in the registration statement and its intended method of distribution; and any liability of such Participating Holder to any underwriter or other Person under such underwriting agreement for indemnity, contribution or otherwise shall in no case be greater than the amount of the net proceeds received by such Participating Holder upon the sale of Registrable Securities pursuant to such registration statement and in no event shall relate to anything other than information about such Holder specifically provided by such Holder for use in the registration statement and prospectus.

3.2. Piggyback Underwritten Offerings. In the case of a registration pursuant to Section 2.2, if PubCo shall have determined to enter into an underwriting agreement in connection therewith, all of the Participating Holders' Registrable Securities to be included in such registration shall be subject to such underwriting agreement. Each such Participating Holder shall not be required to make any representations or warranties to or agreements with PubCo or the underwriters other than customary representations of a selling shareholder, including representations, warranties or agreements regarding its ownership of and title to the Registrable Securities, any written information specifically provided by such Participating Holder for inclusion in the registration statement and its intended method of distribution; and any liability of such Participating Holder to any underwriter or other Person under such underwriting agreement shall in no case be greater than the amount of the net proceeds received by such Participating Holder upon the sale of Registrable Securities pursuant to such registration statement and in no event shall relate to anything other than information about such Holder specifically provided by such Holder for use in the registration statement and prospectus.

Section 4. General.

4.1. Adjustments Affecting Registrable Securities. The provisions of this Agreement shall apply, to the full extent set forth herein with respect to the Registrable Securities, to any and all shares of capital stock of PubCo, any successor or assign of PubCo (whether by merger, share exchange, consolidation, sale of assets or otherwise) or any Subsidiary or parent company of PubCo which may be issued in respect of, in exchange for or in substitution of, Registrable Securities and shall be appropriately adjusted for any stock dividends, splits, reverse splits, combinations, recapitalizations and the like occurring after the date hereof.

4.2. Rule 144. PubCo covenants that (i) so long as it remains subject to the reporting provisions of the Exchange Act, it will timely file the reports required to be filed by it under the Securities Act or the Exchange Act (including, but not limited to, the reports under Sections 13 and 15(d) of the Exchange Act referred to in subparagraph (c)(1)(i) of Rule 144 under the Securities Act, as such Rule may be amended (

Rule 144

)) or, if PubCo is not required to file such reports, it will, upon the request of any Holder, make publicly available other information so long as necessary to permit sales by such Holder under Rule 144, or any similar rules or regulations hereafter adopted by the SEC, and (ii) it will take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such Holder to sell Registrable Securities without registration under the Securities Act within the limitation of the exemptions provided by Rule 144, or any similar rule or regulation hereafter adopted by the SEC. Upon the request of any Holder of Registrable Securities, PubCo will promptly deliver to such Holder a written statement as to whether it has complied with such requirements.

4.3. Nominees for Beneficial Owners. If Registrable Securities are held by a nominee for the beneficial owner thereof, the beneficial owner thereof may, at its option, be treated as the Holder of such Registrable Securities for purposes of any request or other action by any Holder or Holders of Registrable Securities pursuant to this Agreement (or any determination of any number or percentage of shares constituting Registrable Securities held by any Holder or Holders of Registrable Securities contemplated by this Agreement) provided, however, that PubCo shall have received evidence reasonably satisfactory to it of such beneficial ownership.

4.4. Amendments and Waivers. Upon the written consent of PubCo and Holders of at least a majority in interest of the Registrable Securities held by all Other Holders at the time in question, compliance with any of the provisions, covenants and conditions set forth in this Agreement may be waived, or any of such provisions, covenants or conditions may be amended or modified; provided, however, that notwithstanding the foregoing, any amendment hereto or waiver hereof that adversely affects either the Sponsor Holders as a group or the Other Holders as a group (regardless, in each case, whether the Sponsor Holders or Other Holders, respectively, are adversely affected (as a group) to the same extent) shall require the consent of at least (x) a majority-in-interest of the Registrable Securities held by such Sponsor Holders or (y) each Other Holder, as applicable, at the time in question so affected; provided, further, that notwithstanding the foregoing, any amendment hereto or waiver hereof that adversely affects one Holder or group of affiliated Holders, solely in its capacity as a holder of the shares of capital stock of PubCo, in a manner that is materially different from the other Holders (in such capacity) shall require the consent of the Holder or group of affiliated Holders so affected. No course of dealing between any Holder or PubCo and any other party hereto or any failure or delay on the part of a Holder or PubCo in exercising any rights or remedies under this Agreement shall operate as a waiver of any rights or remedies of any Holder or PubCo. No single or partial exercise of any rights or remedies under this Agreement by a party shall operate as a waiver or preclude the exercise of any other rights or remedies hereunder or thereunder by such party.

4.5. Notices. All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Agreement shall be in writing and shall be deemed to have been given (i) if personally delivered, on the date of delivery, (ii) if delivered by express courier service of national standing (with charges prepaid), on the Business Day following the date of delivery to such courier service, (iii) if deposited in the United States mail, first-class postage prepaid, on the fifth (5th) Business Day following the date of such deposit, (iv) if delivered by facsimile transmission, upon confirmation of successful transmission, (x) on the date of such transmission, if such transmission is completed at or prior to 5:00 p.m., local time of the recipient party on a Business Day, and (y) on the next Business Day following the date of transmission, if such transmission is completed after 5:00 p.m., local time of the recipient party, or is transmitted on a day that is not a Business Day, or (v) if via e-mail communication, on the date of delivery. All notices, demands and other communications hereunder shall be delivered as set forth below and to any subsequent holder of Stock subject to this Agreement at such address as indicated by PubCo's records, or pursuant to such other instructions as may be designated in writing by the party to receive such notice:

4.6. Successors and Assigns; Third-Party Beneficiaries. Except as otherwise provided herein and except for the Other PubCo Shareholders (which are third-party beneficiaries of Section 2.1(a) of this Agreement), this Agreement shall be binding upon and inure to the benefit of and be enforceable by the parties hereto and the respective successors, permitted assigns, heirs and personal representatives of the parties hereto, whether so expressed or not (including any Permitted Transferees). This Agreement may not be assigned by PubCo without the prior written consent of the Holders. No Holder shall have the right to assign all or part of its or his rights and obligations under this Agreement to any Person, other than to a Permitted Transferee of such Holder, without the consent of PubCo and unless such Person duly executes and delivers to PubCo a Joinder Agreement. Upon any such assignment, such assignee shall have and be able to exercise and enforce all rights of the assigning Holder which are assigned to it and, to the extent such rights are assigned, any reference to the assigning Holder shall be treated as a reference to the assignee. If any Holder shall acquire additional Registrable Securities, such Registrable Securities shall be subject to all of the terms, and entitled to all the benefits, of this Agreement. Additional Persons may become parties to this Agreement as Holders with the consent of PubCo (not to be unreasonably withheld or delayed), by executing and delivering to PubCo the Joinder Agreement. Prior to the expiration of an applicable lock-up period, no Holder may assign or delegate such Holder's rights, duties or obligations under this Agreement, in whole or in part, except in connection with a transfer of Registrable Securities by such Holder to a Permitted Transferee but only if such Permitted Transferee executes and delivers to PubCo the Joinder Agreement.

4.7. Termination.

(a) The obligations of PubCo and a Holder under this Agreement, in each case solely with respect to such Holder, will terminate upon the earlier of:

(i) the date on which such Holder no longer holds any Registrable Securities; or

Annex E-20

(ii) for any Holder other than the Sponsor, the later of (A) the date on which such Holder no longer beneficially owns at least 1% of the then outstanding Common Stock or Common Stock Equivalents, and such Holder (notwithstanding any beneficial ownership of Common Stock or Common Stock Equivalents by such Holder) is not an Affiliate of PubCo and (B) the date on which such the Holder is eligible to sell its Registrable Securities pursuant to Rule 144 (without limitation as to volume or manner of sale).

(b) This Agreement shall terminate on the date that is ten (10) years from date hereof.

(c) Notwithstanding clauses (a) and (b) above, Section 2.5, Section 2.9, Section 4.9 and Section 4.13 shall survive termination of this Agreement.

4.8. Entire Agreement. This Agreement and the other documents referred to herein or delivered pursuant hereto which form part hereof constitute the entire agreement and understanding between the parties hereto and supersedes all prior agreements and understandings relating to the subject matter hereof.

4.9. Governing Law; Jurisdiction; Waiver of Jury Trial.

(a) This Agreement will be governed by, and construed in accordance with, the laws of the State of New York, without giving effect to the principles of conflict of laws thereof.

(b) Any suit, action or proceeding seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement may be brought against any of the parties in the United States District Court for the Southern District of New York or any New York state court located in New York, New York, and each of the parties hereby consents to the exclusive jurisdiction of such court (and of the appropriate appellate courts) in any such suit, action or proceeding and waives any objection to venue laid therein. Process in any such suit, action or proceeding may be served on any party anywhere in the world, whether within or without the jurisdiction of any such court. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT.

4.10. Interpretation; Construction.

(a) The table of contents and headings in this Agreement are for convenience of reference only, do not constitute part of this Agreement and shall not be deemed to limit or otherwise affect any of the provisions hereof. Where a reference in this Agreement is made to a Section, such reference shall be to a Section of this Agreement unless otherwise indicated. Whenever the words

- (b) The parties have participated jointly in negotiating and drafting this Agreement. In the event that an ambiguity or a question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the parties, and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provision of this Agreement.
- 4.11. Counterparts. This Agreement may be executed and delivered in any number of separate counterparts (including by facsimile or electronic mail), each of which shall be an original, but all of which together shall constitute one and the same agreement.
- 4.12. Severability. The provisions of this Agreement shall be deemed severable and the invalidity or unenforceability of any provision shall not affect the validity or enforceability of the other provisions hereof. If any provision of this Agreement, or the application thereof to any person or any circumstance, is invalid or unenforceable, (a) a suitable and equitable provision shall be substituted therefor in order to carry out, so far as may be valid and enforceable, the intent and purpose of such invalid or unenforceable provision and (b) the remainder of this Agreement and the application of such provision to other persons or circumstances shall not be affected by such invalidity or unenforceability, nor shall such invalidity or unenforceability affect the validity or enforceability of such provision, or the application thereof, in any other jurisdiction.
- 4.13. Specific Enforcement. It is agreed and understood that monetary damages would not adequately compensate an injured party for the breach of this Agreement by any party hereto and, accordingly, that this Agreement shall be specifically enforceable, in addition to any other remedy to which such injured party is entitled at law or in equity, and that any breach of this Agreement shall be the proper subject of a temporary or permanent

- injunction or restraining order. Further, each party hereto waives any claim or defense that there is an adequate remedy at law for such breach or threatened breach or an award of specific performance is not an appropriate remedy for any reason at law or equity and agrees that a party's rights would be materially and adversely affected if the obligations of the other parties under this Agreement were not carried out in accordance with the terms and conditions hereof. Each party further agrees that no party shall be required to obtain, furnish or post any bond or similar instrument in connection with or as a condition to obtain any remedy referred to in this Section 4.13, and each party irrevocably waives any right it may have to require the obtaining, furnishing or posting of any such bond or similar instrument.
- 4.14. Further Assurances. Each party hereto shall do and perform or cause to be done and performed all such further acts and things and shall execute and deliver all such other agreements, certificates, instruments, and documents as any other party hereto reasonably may request in order to carry out the intent and accomplish the purposes of this Agreement and the consummation of the transactions contemplated hereby.
- 4.15. Confidentiality. Each Holder agrees that any non-public information which they may receive relating to PubCo and its Subsidiaries (the Confidential Information
) including notices of proposed offerings or any suspension thereof will be held strictly confidential and will not be disclosed by it to any Person without the express written permission of PubCo; provided, however, that the Confidential Information may be disclosed (i) in the event of any compulsory legal process or compliance with any applicable law, subpoena or other legal process, as required by an administrative requirement, order, decree or the rules of any relevant stock exchange or in connection with any filings that the Holder may be required to make with any regulatory authority; provided, however, that in the event of compulsory legal process, unless prohibited by applicable law or that process, each Holder agrees (A) to give PubCo prompt notice thereof and to cooperate with PubCo in securing a protective order in the event of compulsory disclosure and (B) that any disclosure made pursuant to public filings will be subject to the prior reasonable review of PubCo, (ii) to any foreign or domestic governmental or quasi-governmental regulatory authority, including any stock exchange or other self-regulatory organization having jurisdiction over such party, (iii) to each Holder's or its Affiliate's, officers, directors, employees, partners, accountants, lawyers and other professional advisors for use relating solely to management of the investment or administrative purposes with respect to such Holder and (iv) to a proposed transferee of securities of PubCo held by a Holder; provided, however, that the Holder informs the proposed transferee of the confidential nature of the information and the proposed transferee agrees in writing to comply with the restrictions in this Section 4.15 and delivers a copy of such writing to PubCo.
- 4.16. Opt-Out Requests. Each Holder shall have the right, at any time and from time to time (including after receiving information regarding any potential public offering), to elect to not receive any notice that PubCo or any other Holders otherwise are required to deliver pursuant to this Agreement by delivering to PubCo a written statement signed by such Holder that it does not want to receive any notices hereunder (an Opt-Out Request
) ; in which case and notwithstanding anything to the contrary in this Agreement PubCo and other Holders shall not be required to, and shall not, deliver any notice or other information required to be provided to Holders hereunder to the extent that PubCo or such other Holders reasonably expect would result in a Holder acquiring material non-public information within the meaning of Regulation FD promulgated under the Exchange Act. An Opt-Out Request may state a date on which it expires or, if no such date is specified, shall remain in effect indefinitely. A Holder who previously has given PubCo an Opt-Out Request may revoke such request at any time, and there shall be no limit on the ability of a Holder to issue and revoke subsequent Opt-Out Requests; provided that each Holder shall use commercially reasonable efforts to minimize the administrative burden on PubCo arising in connection with any such Opt-Out Requests.
- 4.17. Original Registration Rights Agreement. The Sponsor hereby agrees that upon execution of this Agreement by the Sponsor, the Original Registration Rights Agreement shall be automatically terminated and superseded in its entirety by this Agreement.

- (ii) no Other Subscription Agreement (or other agreements or understandings (including side letters) entered into in connection therewith or in connection with the sale of the Other Subscribed Shares) shall have been amended, modified or waived in any manner that benefits any Other Subscriber unless the Subscriber shall have

shall be extended by a maximum of ninety (90) calendar days if the Registration Statement is reviewed by, and comments thereto are provided from, the Commission;

provided, further that PubCo shall request the Registration Statement declared effective promptly, and in any event within three (3) Business Days, after the date PubCo is notified (orally or in writing, whichever is earlier) by the staff of the Commission that the Registration Statement will not be reviewed

or will not be subject to further review; provided, further, that (i) if the Effectiveness Deadline falls on a Saturday, Sunday or other day that the Commission is

closed for business, the Effectiveness Deadline shall be extended to the next Business Day on which the Commission is open for business, (ii) if the Commission is closed for operations due to a government shutdown, the Effectiveness Deadline shall be extended by the same number of calendar days as the number of calendar days during which the Commission remains closed and (iii) in the event the Commission is closed for operations due to a government shutdown, PubCo will use commercially reasonable efforts to have the Registration Statement effective as soon as possible, including, without limitation, by considering the removal of the delaying amendment in consultation with outside counsel. PubCo will provide a draft of the Registration Statement to Subscriber at least two (2) Business Days in advance of the date of filing the Registration Statement with the Commission. Unless otherwise agreed to in writing by Subscriber prior to the filing of the Registration Statement, Subscriber shall not be identified as a statutory underwriter in the Registration Statement unless the Commission requests that Subscriber be identified as a statutory underwriter; provided, that if the Commission requests that Subscriber be identified as a statutory underwriter in the Registration Statement, Subscriber will have the opportunity to withdraw from the Registration Statement upon its prompt written request to PubCo. Notwithstanding the foregoing, if the Commission or its regulations prevent PubCo from including any or all of the Registrable Securities proposed to be registered under the Registration Statement due to limitations on the use of Rule 415 of the Securities Act for the resale of the Registrable Securities by the applicable stockholders or otherwise, such Registration Statement shall register for resale such number of Registrable Securities which is equal to the maximum number of Registrable Securities as is permitted by the Commission. In such event, the number of Registrable Securities shall be reduced pro rata among all such selling stockholders and as promptly as practicable after being permitted to register additional Registrable Securities under Rule 415 under the Securities Act, PubCo shall amend the Registration Statement or file one or more new Registration Statement(s) (with such amendment or new Registration Statement also being deemed to be a

Registration Statement

hereunder) to register such additional Registrable Securities and use commercially reasonable efforts to cause such amendment or Registration Statement(s) to become effective as promptly as practicable after the filing thereof, but in any event no later than thirty (30) calendar days after the filing of such Registration Statement (the

Additional Effectiveness Deadline

); provided, that the Additional Effectiveness Deadline shall be extended to ninety (90) calendar days after the filing of such Registration Statement, including any new Registration Statement or amended Registration Statement, if such Registration Statement is reviewed by, and comments thereto are provided from, the Commission; provided, further, that PubCo shall request that such Registration Statement be declared effective promptly, and in any event within three (3) Business Days, after the date PubCo is notified (orally or in writing, whichever is earlier) by the staff of the Commission that such Registration Statement will not be reviewed

or will not be subject to further review; provided, further, that (i) if such day falls on a Saturday, Sunday or other day that the Commission is closed for business, the Additional Effectiveness Deadline shall be extended to the next Business Day on which the Commission is open for business, (ii) if the Commission is closed for operations due to a government shutdown, the Additional Effectiveness Deadline shall be extended by the same number of calendar days as the number of calendar days during which the Commission remains closed and (iii) in the event the Commission is closed for operations due to a government shutdown, PubCo will use commercially reasonable efforts to have the Registration Statement effective as soon as possible, including, without limitation, by considering the removal of the delaying amendment in consultation with outside counsel. Any failure by PubCo to file a Registration Statement by the Effectiveness Deadline or Additional Effectiveness Deadline shall not otherwise relieve PubCo of its obligations to file or effect a Registration Statement as set forth in this Section 5.

(b) PubCo agrees that, except for such times as PubCo is permitted hereunder to suspend the use of the prospectus forming part of a Registration Statement, PubCo will use its commercially reasonable efforts to cause such Registration Statement to remain effective with respect to Subscriber, including to prepare and file any post-effective amendment to such Registration Statement or a supplement to the related prospectus such that the prospectus will not include any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, until the earliest to occur of (i) the date on which Subscriber ceases to hold any Registrable Securities issued pursuant to this Subscription Agreement and (ii) the first date on which Subscriber can sell all of its Registrable Securities issued pursuant to this Subscription Agreement (or shares received in exchange therefor) under Rule 144 of the Securities

Act without limitation as to the manner of sale or the amount of such securities that may be sold and without the requirement for PubCo to be in compliance with the current public information required under Rule 144(c)(1) (or Rule 144(i)(2), if applicable) (the earliest of clauses (i) and (ii), the End Date

). Prior to the End Date, PubCo (i) will use commercially reasonable efforts to obtain the withdrawal of any order suspending the effectiveness of any Registration Statement as soon as reasonably practicable; (ii) file all reports, and provide all customary and reasonable cooperation, necessary to enable Subscriber to resell Registrable Securities pursuant to the Registration Statement; and (iii) qualify the Registrable Securities for listing on the Stock Exchange and update or amend the Registration Statement as necessary to include Registrable Securities. PubCo will use its commercially reasonable efforts to (A) for so long as Subscriber holds Registrable Securities, make and keep public information available (as those terms are understood and defined in Rule 144) and file with the Commission in a timely manner all reports and other documents required of PubCo under the Exchange Act so long as PubCo remains subject to such requirements to enable Subscriber to resell the Registrable Securities pursuant to Rule 144, (B) at the reasonable request of Subscriber, deliver all the necessary documentation to cause PubCo's transfer agent to remove all restrictive legends from any Registrable Securities being sold under the Registration Statement or pursuant to Rule 144 at the time of sale of the Registrable Securities, and (C) cause its legal counsel to deliver to the transfer agent the necessary legal opinions required by the transfer agent, if any, in connection with the instruction under clause (B) upon the receipt of Subscriber representation letters and such other customary supporting documentation as requested by (and in a form reasonably acceptable to) such counsel. Subscriber agrees to disclose its beneficial ownership, as determined in accordance with Rule 13d-3 of the Exchange Act, of Registrable Securities to PubCo (or its successor) as may be reasonably required to enable PubCo to make the determination described above.

(c) PubCo's obligations to include the Registrable Securities in the Registration Statement are contingent upon Subscriber furnishing in writing to PubCo a completed selling stockholder questionnaire in customary form that contains such information regarding Subscriber, the securities of PubCo held by Subscriber and the intended method of disposition of the Registrable Securities as shall be reasonably requested by PubCo to effect the registration of the Registrable Securities, and

Subscriber shall execute such documents in connection with such registration as PubCo may reasonably request that are customary of a selling stockholder in similar situations, including providing that PubCo shall be entitled to postpone and suspend the effectiveness or use of the Registration Statement (i) during any customary blackout or similar period or as permitted hereunder and (ii) as may be necessary in connection with the preparation and filing of a post-effective amendment to the Registration Statement following the filing of PubCo's Annual Report on Form 10-K for its first completed fiscal year following the effective date of the Registration Statement; provided, that PubCo shall request such information from Subscriber, including the selling stockholder questionnaire, at least five (5) Business Days prior to the anticipated date of filing the Registration Statement with the Commission. In the case of the registration effected by PubCo pursuant to this Subscription Agreement, PubCo shall, upon reasonable request, inform Subscriber as to the status of such registration. Subscriber shall not be entitled to use the Registration Statement for an underwritten offering of Registrable Securities. Notwithstanding anything to the contrary contained herein, PubCo may from time to time require Subscriber not to sell under the Registration Statement or suspend the use or effectiveness of any such Registration Statement if (A) it determines in good faith that in order for the registration statement to not contain a material misstatement or omission, an amendment thereto would be needed, including as a result of any request by the Commission for any amendment or supplement to such Registration Statement or any prospectus relating thereto or for additional information, (B) such filing or use would materially affect a bona fide business or financing transaction of PubCo or would require premature disclosure of information that would materially adversely affect PubCo, (C) in the good faith judgment of the majority of the members of PubCo's board of directors, such filing or effectiveness or use of such Registration Statement would be seriously detrimental to PubCo, (D) the majority of the board determines to delay the filing or initial effectiveness of, or suspend use of, a Registration Statement and such delay or suspension arises out of, or is a result of, or is related to or is in connection with the SEC Guidance or future Commission guidance directed at special purpose acquisition companies or companies that have consummated a business combination with a special purpose acquisition company, or any related disclosure or related matters, (E) as may be necessary in connection with the preparation and filing of a post-effective amendment to the Registration Statement following the filing of PubCo's Annual Report on Form 10-K for its first completed fiscal year following the effective date of the Registration Statement, or (F) Subscriber agrees that (1) it will immediately discontinue offers and sales of the Registrable Securities under the Registration Statement until Subscriber receives copies of a supplemental or amended prospectus (which PubCo agrees to use commercially reasonable efforts to promptly prepare) that corrects the misstatement(s) or omission(s) referred to in Section 5(b)(A) and receives notice that any post-effective amendment has become effective or unless otherwise notified by PubCo

that it may resume such offers and sales and (2) it will maintain the confidentiality of any information included in such written notice delivered by PubCo unless otherwise required by law, subpoena or regulatory request or requirement (each such circumstance, a

Suspension Event

); provided, that, (w) PubCo shall not so delay filing or so suspend the use of the Registration Statement for a period of more than forty-five (45) consecutive days or more than ninety (90) total calendar days in any consecutive three hundred sixty (360) day period, or more than two (2) times in any consecutive three hundred sixty (360) day period and (x) PubCo shall use commercially reasonable efforts to make such registration statement available for the sale by Subscriber of such securities as soon as practicable thereafter.

(d) Upon receipt of any written notice from PubCo of the happening of (i) an issuance by the Commission of any stop order suspending the effectiveness of any Registration Statement or the initiation of any proceedings for such purpose, which notice shall be given no later than three (3) Business Days from the date of such event, (ii) any Suspension Event during the period that the Registration Statement is effective, which notice shall be given no later than three (3) Business Days from the date of such Suspension Event, or (iii) if as a result of a Suspension Event the Registration Statement or related prospectus contains any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made (in the case of the prospectus) not misleading, Subscriber agrees that (1) it will immediately discontinue offers and sales of the Registrable Securities under the Registration Statement until Subscriber receives copies of a supplemental or amended prospectus (which PubCo agrees to use commercially reasonable efforts to promptly prepare) that corrects the misstatement(s) or omission(s) referred to above and receives notice that any post-effective amendment has become effective or unless otherwise notified by PubCo that it may resume such offers and sales and (2) it will maintain the confidentiality of any information included in such written notice delivered by PubCo unless otherwise required by law, subpoena or regulatory request or requirement. If so directed by PubCo, Subscriber will deliver to PubCo or, in Subscriber's sole discretion destroy, all copies of the prospectus covering the Registrable Securities in Subscriber's possession; provided, however, that this obligation to deliver or destroy all copies of the prospectus covering the Registrable Securities shall not apply (w) to the extent Subscriber is required to retain a copy of such prospectus (A) in order to comply with applicable legal, regulatory, self-regulatory or professional requirements or (B) in accordance with a bona fide pre-existing document retention policy or (X) to copies stored electronically on archival servers as a result of automatic data back-up.

(e) For purposes of this Section 5 (i)

Registrable Securities

shall mean, as of any date of determination, the Registrable Securities and any other equity security issued or issuable with respect to the Registrable Securities by way of share split, dividend, distribution, recapitalization, merger, exchange, or replacement, and (ii)

Subscriber

shall include any person to which the rights under this Section 5 shall have been duly assigned.

(f) PubCo shall indemnify, defend and hold harmless Subscriber, (to the extent Subscriber is a seller under the Registration Statement), the officers, directors, members, managers, partners, agents and employees of Subscriber, each person who controls Subscriber (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) and the officers, directors, members, managers, partners, agents and employees of each such controlling person, to the fullest extent permitted by applicable law, from and against any and all out-of-pocket and reasonably documented losses, claims, damages, liabilities, costs (including reasonable and documented external attorneys' fees) and expenses (collectively,

Losses

) arising out of or caused by or based upon any untrue or alleged untrue statement of a material fact contained in the Registration Statement, any prospectus included in the Registration Statement or any form of prospectus or in any amendment or supplement thereto or in any preliminary prospectus, or any omission or alleged

omission to state a material fact required to be stated therein or necessary to make the statements therein (in the case of any prospectus or form of prospectus or supplement thereto, in light of the circumstances under which they were made) not misleading, except to the extent that such untrue statements, alleged untrue statements, omissions or alleged omissions are (1) based upon information regarding Subscriber furnished in writing to PubCo by or on behalf of Subscriber expressly for use therein or Subscriber has omitted a material fact from such information or (2) result from or in connection with any offers or sales effected by or on behalf of Subscriber in violation of Section 5(b). Notwithstanding the foregoing, PubCo's indemnification obligations shall not apply to amounts paid in settlement of any Losses or action if such settlement is effected without the prior written consent of PubCo. PubCo shall provide Subscriber with an update on any threatened or asserted proceedings arising from or in connection with the transactions contemplated by this Section 5 of which PubCo receives notice whether oral or in writing.

Annex F-16

- (g) Subscriber shall, severally and not jointly with any Other Subscriber in the offering contemplated by this Subscription Agreement, indemnify, defend and hold harmless PubCo, its directors, officers, members, managers, partners, agents and employees, each person who controls PubCo (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act), and the directors, officers, members, managers, partners, agents or employees of such controlling persons, to the fullest extent permitted by applicable law, from and against all Losses arising out of or based upon any untrue statement of a material fact contained in any Registration Statement, any prospectus included in the Registration Statement, or any form of prospectus, or in any amendment or supplement thereto or in any preliminary prospectus, or arising out of or relating to any omission of a material fact required to be stated therein or necessary to make the statements therein (in the case of any prospectus, or any form of prospectus or supplement thereto, in light of the circumstances under which they were made) not misleading to the extent, but only to the extent, that such untrue statements or omissions are based upon information regarding Subscriber furnished in writing to PubCo by or on behalf of Subscriber expressly for use therein. In no event shall the liability of Subscriber be greater in amount than the United States dollars amount of the net proceeds received by Subscriber upon the sale of the Registrable Securities giving rise to such indemnification obligation. Notwithstanding the foregoing, Subscriber's indemnification obligation shall not apply to amounts paid in settlement of any Losses or action if such settlement is effected without the prior written consent of Subscriber (which consent shall not be unreasonably withheld or delayed).
- (h) Any person or entity entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's or entity's right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (ii) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld, conditioned or delayed). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement), which settlement shall not include a statement or admission of fault and culpability on the part of such indemnified party, and which settlement shall include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.
- (i) The indemnification provided for under this Subscription Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling person or entity of such indemnified party and shall survive the transfer of the Registrable Securities pursuant to this Subscription Agreement.
- (j) If the indemnification provided under this Section 5 from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any Losses, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such Losses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations; provided, however, that the liability of Subscriber shall be limited to the net proceeds received by such Subscriber from the sale of Registrable Securities giving rise to such indemnification obligation. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by (or not made by, in the case of an omission), or relates to information supplied by (or not supplied by, in the case of an omission), or on behalf of such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action. The amount paid or payable by a party as a result of the Losses shall be deemed to include, subject to the limitations set forth in this Section 5, any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. No person guilty of fraudulent misrepresentation (within the

Annex F-17

- meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this Section 5(j) from any person or entity who was not guilty of such fraudulent misrepresentation. Notwithstanding anything to the contrary herein, in no event will any party be liable for punitive damages in connection with this Subscription Agreement or the transactions contemplated hereby.
- (k) At any time and from time to time in connection with a bona-fide sale of Subscribed Shares effected in compliance with the requirements of Rule 144 under the Securities Act or through any broker-dealer sale transactions described in the plan of distribution set forth within any prospectus and pursuant to the Registration Statement, PubCo shall use its commercially reasonable efforts, subject to the receipt of customary documentation required from the holder of the applicable Subscribed Shares and broker in connection therewith and compliance with applicable laws, (i) promptly instruct its transfer agent to remove any restrictive legends applicable to the Subscribed Shares being sold and (ii) in connection with any sale made pursuant to Rule 144, cause its legal counsel to deliver reasonably requested legal opinions, if any, to the transfer agent in connection with the instruction under subclause (i). Subscriber may request that PubCo remove any legend

from the book entry position evidencing its Subscribed Shares following the earliest of such time as such Subscribed Shares (i) (x) are subject to or (y) have been or are about to be sold or transferred pursuant to an effective registration statement (including the Registration Statement), or (ii) have been sold pursuant to Rule 144. PubCo shall be responsible for the fees of its transfer agent, its legal counsel (including for purposes of giving the opinion referenced herein) and all DTC fees associated with such issuance and the Subscriber shall be responsible for its fees or costs associated with such removal of the legend (including its legal fees or costs of its legal counsel).

- (l) With a view to making available to Subscriber the benefits of Rule 144 that permit Subscriber to sell securities of PubCo to the public without registration, PubCo agrees, for so long as Subscriber holds Subscribed Shares, to:
 - (i) use commercially reasonable efforts to make and keep publicly available, as those terms are understood and defined in Rule 144; and
 - (ii) use commercially reasonable efforts to file with the Commission in a timely manner all reports and other documents required of PubCo under the Exchange Act so long as PubCo remains subject to such requirements and the filing of such reports and other documents as may be required pursuant to the applicable provisions of Rule 144.
 - (m) Upon request, PubCo shall provide the Subscriber with contact information for the person responsible for PubCo's account at the transfer agent to facilitate transfers made pursuant to this Section 5 and provide reasonable assistance to facilitate transfers. PubCo shall be responsible for the fees of its transfer agent and its legal counsel (including for purposes of giving the opinion referenced herein) associated with such issuance and the Subscriber shall be responsible for its fees or costs associated with such removal of the legend (including its legal fees or costs of its legal counsel).
- Section 6. Termination. This Subscription Agreement shall terminate and be void and of no further force and effect, and all rights and obligations of the parties hereunder shall terminate without any further liability on the part of any party in respect thereof, upon the earliest to occur of (a) such date and time as the BCA is terminated in accordance with its terms; (b) the mutual written agreement of the parties hereto to terminate this Subscription Agreement or (c) twelve (12) months after the date hereof; provided, that nothing herein will relieve any party from liability for any willful breach hereof prior to the time of termination, and each party will be entitled to any remedies at law or in equity to recover losses, liabilities or damages arising from such breach. SPAC, the Company or PubCo shall notify Subscriber of the termination of the BCA promptly after the termination thereof. Upon the termination hereof in accordance with this Section 6, any monies paid by Subscriber in connection herewith shall promptly (and in any event within two (2) Business Days) be returned in full to Subscriber by wire transfer of United States dollars in immediately available funds to the account specified by Subscriber, without any deduction for or on account of any tax withholding except as required by law, charges or set-off, whether or not the Transactions shall have been consummated.

Section 7. Trust Account Waiver. Subscriber hereby acknowledges that SPAC is a blank check company formed for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses. Subscriber further acknowledges that, as described in the final prospectus relating to SPAC's initial public offering (

IPO

) filed with the Commission (File Nos. 333-285681 and 333-286916) on May 2, 2025 (the

Prospectus

), substantially all of SPAC's assets consist of the cash proceeds of SPAC's IPO and a private placement of its securities and substantially all of those proceeds (including interest accrued from time to time thereon) have been deposited into a trust account (the

Trust Account

) for the benefit of SPAC and its public shareholders. As described in the Prospectus, the funds held from time to time in the Trust Account may only be released upon certain conditions. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Subscriber hereby agrees (on its own behalf and on behalf of its related parties) that it does not now and shall not at any time hereafter have any right, title, interest or claim of any kind (

Claim

) to, or to any monies or other assets in, the Trust Account, and hereby irrevocably waives (on its own behalf and on behalf of its related parties) any Claim to, or to any monies or other assets in, the Trust Account that it may have now or in the future as a result of, or arising out of, this Subscription Agreement, the transactions contemplated hereby or the Subscriber Shares, in or to any monies held in the Trust Account (or any distributions therefrom directly or indirectly to SPAC's public shareholders). In the event that Subscriber has any Claim against SPAC as a result of, or arising out of, this Subscription Agreement, the Other Subscription Agreements, the transactions contemplated hereby and thereby, or the Subscribed Shares, Subscriber agrees not to seek recourse against the Trust Account or any funds distributed therefrom (it being clarified that such waiver shall not apply following the Closing to the Trust Account funds that are released from the Trust Account to SPAC or PubCo in connection with the Transactions). Subscriber acknowledges and agrees that such irrevocable waiver is a material inducement to SPAC to enter into this Subscription Agreement, and further intends and understands such waiver to be valid, binding, and enforceable against Subscriber in accordance with applicable law. To the extent Subscriber commences any action or proceeding based upon, in connection with, relating to or arising out of any matter relating to SPAC or its Representatives, which proceeding seeks, in whole or in part, monetary relief against SPAC or its Representatives, Subscriber hereby acknowledges and agrees that its sole remedy shall be against funds held outside of the Trust Account and that such claim shall not permit Subscriber (or any person claiming on Subscriber's behalf or in lieu of Subscriber) to have any claim against the Trust Account (including any distributions therefrom) or any amounts contained therein. Nothing in this Section 7 shall be deemed to limit Subscriber's right to distributions from the Trust Account in accordance with the SPAC Organizational Documents in respect of any redemptions by Subscriber in respect of SPAC Class A Ordinary Shares acquired by any means other than pursuant to this Subscription Agreement. Notwithstanding anything in this Subscription Agreement to the contrary, the provisions of this Section 7 shall survive termination of this Subscription Agreement.

Section 8. Miscellaneous.

(a) Subscriber hereby acknowledges that it shall be solely responsible for and bear the cost of all transfer, stamp, issue, registration, documentary or other similar taxes, duties, fees or charges arising in any jurisdiction in connection with the Subscription contemplated in this Subscription Agreement as well as the execution of this Subscription Agreement.

(b) Notwithstanding any other provision of this Subscription Agreement, SPAC, PubCo and any of their Representatives, as applicable, shall be entitled to deduct and

withhold from the Registrable Securities and any other amount payable pursuant to this Subscription Agreement (in connection with a future share split, dividend, distribution, recapitalization, merger, exchange, or replacement) any such taxes as may be required to be deducted and withheld from such amounts (and any other amounts treated as paid for applicable tax law) under the Internal Revenue Code of 1986, as amended, or any other applicable tax law (as determined in good faith by the party so deducting or withholding in its sole discretion). To the extent that any amounts are so deducted and withheld, such deducted and withheld amounts shall be treated for all purposes of this Subscription Agreement as having been paid to the person in respect of which such deduction and withholding was made.

(c) All notices, requests, demands, claims, and other communications hereunder shall be in writing. Any notice, request, demand, claim, or other communication hereunder shall be deemed duly given (i) when delivered personally to the recipient, (ii) when sent by electronic mail, with no mail undeliverable or other rejection notice, on the date of transmission to such recipient, if sent on a Business Day prior to 5:00 p.m. New York City time, or on the Business Day following the date of transmission, if sent on a day that is not a Business Day or after 5:00 p.m. New York City time on a Business Day, (iii) one (1) Business Day after being sent to the recipient via

overnight mail by reputable overnight courier service (charges prepaid), or (iv) four (4) Business Days after being mailed to the recipient by certified or registered mail, return receipt requested and postage prepaid, and, in each case, addressed to the intended recipient at its address specified on the signature page hereof or to such electronic mail address or address as subsequently modified by written notice given in accordance with this Section 8(c). A courtesy electronic copy of any notice sent by methods (i), (iii), or (iv) above shall also be sent to the recipient via electronic mail if an electronic mail address is provided in the applicable signature page hereof or to an electronic mail address as subsequently modified by written notice given in accordance with this Section 8(c).

(d) Subscriber acknowledges that SPAC, PubCo, the Company, the Placement Agents and others will rely on the acknowledgments, understandings, agreements, representations and warranties of Subscriber contained in this Subscription Agreement; provided, however, that the foregoing clause of this Section 8(d) shall not give SPAC, the Company or PubCo any rights other than those expressly set forth herein. Prior to the Closing, Subscriber agrees to promptly notify SPAC, the Company and PubCo if it becomes aware that any of the acknowledgments, understandings, agreements, representations and warranties of Subscriber set forth herein are no longer accurate in all material respects. SPAC, the Company and PubCo acknowledge that Subscriber and the Placement Agents will rely on the acknowledgments, understandings, agreements, representations and warranties contained in this Subscription Agreement. Prior to the Closing, SPAC, the Company and PubCo agree to promptly notify Subscriber and the Placement Agents, if they become aware that any of the acknowledgments, understandings, agreements, representations and warranties of SPAC, the Company or PubCo, respectively, set forth herein are no longer accurate in all material respects.

(e) Each of SPAC, the Company, PubCo and Subscriber is irrevocably authorized to produce this Subscription Agreement or a copy hereof to any interested party as required by applicable law in any administrative or legal proceeding or official inquiry with respect to the matters covered hereby.

(f) Each party hereto shall pay all of its own expenses in connection with this Subscription Agreement and the transactions contemplated herein.

(g) Neither this Subscription Agreement nor any rights that may accrue to Subscriber hereunder (other than the Subscribed Shares acquired hereunder and the rights set forth in Section 5) may be transferred or assigned by Subscriber. Neither this Subscription Agreement nor any rights that may accrue to SPAC, the Company or PubCo hereunder may be transferred or assigned by SPAC, the Company or PubCo without the prior written consent of Subscriber, other than in connection with the Transactions. Notwithstanding the foregoing, Subscriber may assign all or a portion of its rights and obligations under this Subscription Agreement to one or more of its affiliates (including other investment funds or accounts managed or advised by the investment manager who acts on behalf of Subscriber) upon written notice to SPAC, the Company and PubCo or, with SPAC's, the Company's and PubCo's prior written consent, to another person; provided, that in the case of any such assignment, the assignee(s) shall become a Subscriber hereunder and have the rights and obligations and be deemed to make the representations and warranties of Subscriber provided for herein to the extent of such assignment and provided further that no such assignment shall relieve the assigning Subscriber of its obligations hereunder if any such assignee fails to perform such obligations, unless SPAC, the Company and PubCo have given their prior written consent to such relief. Any purported assignment or transfer in violation of this Section 8(g) shall be null and void.

(h) All the agreements, representations and warranties made by each party hereto in this Subscription Agreement shall survive the Closing.

(i) SPAC, the Company and PubCo may request from Subscriber such additional information as SPAC, the Company or PubCo may reasonably determine to be necessary to evaluate the eligibility of Subscriber to acquire the Subscribed Shares and to register the Subscribed Shares for resale, and Subscriber shall promptly provide such information as may be reasonably requested, to the extent readily available and to the extent consistent with its internal policies and procedures; provided, that SPAC, the Company and PubCo agree to keep any such information provided by Subscriber confidential, except (A) as required by the federal securities laws, rules or regulations and (B) to the extent such disclosure is required by other laws, rules or regulations, at the request of the staff of the Commission or regulatory agency or under the regulations of the Stock Exchange. Subscriber acknowledges that SPAC and PubCo may file a form of this Subscription Agreement with the Commission as an exhibit to a current or periodic report of SPAC and/or PubCo, an annex to a proxy statement of SPAC and/or PubCo or as an exhibit to a registration statement of PubCo.

Annex F-20

(j) This Subscription Agreement may not be amended, modified or waived except by an instrument in writing, signed by each of the parties hereto; provided that no provision of this Subscription Agreement that references the Placement Agents may be amended, modified, terminated or waived in any manner that is adverse to the Placement Agents without the prior written consent of each of the Placement Agents.

(k) This Subscription Agreement constitutes the entire agreement, and supersedes all other prior agreements, understandings, representations and warranties, both written and oral, among the parties, with respect to the subject matter hereof.

(l) Except with respect to the Placement Agents (who are third-party beneficiaries of the representations and warranties and of the covenants that reference the Placement Agents set forth herein) or as otherwise provided herein, this Subscription Agreement is intended for the benefit of the parties hereto and their heirs, executors, administrators, successors, legal representatives, and permitted assigns and, except with respect to the Placement Agents or as otherwise provided herein, is not for the benefit of, nor may any provision hereof be enforced by, any other person.

(m) The parties hereto acknowledge and agree that irreparable damage may occur in the event that any of the provisions of this Subscription Agreement were not performed in accordance with their specific terms or were otherwise breached and that money or other legal remedies may not be an adequate remedy for such damage.

It is accordingly agreed that the parties shall be entitled to seek equitable relief, including in the form of an injunction or injunctions to prevent breaches or threatened breaches of this Subscription Agreement and to enforce specifically the terms and provisions of this Subscription Agreement, this being in addition to any other remedy to which such party is entitled at law, in equity, in contract, in tort or otherwise. The parties hereto acknowledge and agree that SPAC, the Company and PubCo shall be entitled to seek specific enforcement of Subscriber's obligations to fund the Subscription and the provisions of the Subscription Agreement, in each case, on the terms and subject to the conditions set forth herein. The parties hereto further acknowledge and agree to waive any requirement for the security or posting of any bond in connection with any such equitable remedy.

- (n) If any provision of this Subscription Agreement shall be invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions of this Subscription Agreement shall not in any way be affected or impaired thereby and shall continue in full force and effect.
- (o) No failure or delay by a party hereto in exercising any right, power or remedy under this Subscription Agreement, and no course of dealing between the parties hereto, shall operate as a waiver of any such right, power or remedy of such party. No single or partial exercise of any right, power or remedy under this Subscription Agreement by a party hereto, nor any abandonment or discontinuance of steps to enforce any such right, power or remedy, shall preclude such party from any other or further exercise thereof or the exercise of any other right, power or remedy hereunder. The election of any remedy by a party hereto shall not constitute a waiver of the right of such party to pursue other available remedies. No notice to or demand on a party not expressly required under this Subscription Agreement shall entitle the party receiving such notice or demand to any other or further notice or demand in similar or other circumstances or constitute a waiver of the rights of the party giving such notice or demand to any other or further action in any circumstances without such notice or demand.
- (p) This Subscription Agreement may be executed and delivered in one or more counterparts (including by electronic mail, in .pdf or other matters electronic submission) and by different parties in separate counterparts, with the same effect as if all parties hereto had signed the same document. All counterparts so executed and delivered shall be construed together and shall constitute one and the same agreement.
- (q) This Subscription Agreement, and all claims, causes of action (whether in contract, tort or statute) or other matters that may result from, arise out of, be in connection with or relate to this Subscription Agreement, or the negotiation, administration, performance, or enforcement of this Subscription Agreement, including any claim or cause of action resulting from, arising out of, in connection with, or relating to any representation or warranty made in or in connection with this Subscription Agreement, shall be governed by, and construed and enforced in accordance with, the internal laws of the State of Delaware, without giving effect to any choice or conflict of laws provision, rule, or principle (whether of the State of Delaware or any other jurisdiction) that would result in the application of the laws of any other jurisdiction.

Each of the parties hereto agrees that a final judgment in any Action in the Chosen Courts shall be conclusive and may be enforced in other jurisdictions, either within or outside of the U.S., by suit on the judgment or in any other manner provided by applicable law. A certified or exemplified copy of such award or judgment shall be conclusive evidence of the fact and amount of such award or judgment. With respect to any Action for which it has submitted to jurisdiction pursuant to this Section 8(s), each party irrevocably consents to service of process in the manner provided for the giving of notices pursuant to Section 8(c). Nothing in this Section 8(s) shall affect the right of any party to serve process in any other manner permitted by law. Prior to the Closing, Subscriber shall not issue any press release or make any other similar public statement with respect to the transactions contemplated hereby without the prior written consent of SPAC, the Company and PubCo (such consent not to be unreasonably withheld or delayed). Notwithstanding anything in this Subscription Agreement to the contrary, each of SPAC, the Company and PubCo (i) shall not publicly disclose the name of Subscriber or any of its affiliates or advisers, or include the name of Subscriber or any of its affiliates or advisers in any press release, without the prior written consent of Subscriber and (ii) shall not publicly disclose the name of Subscriber or any of its affiliates or advisers, or include the name of Subscriber or any of its affiliates or advisers in any filing with the Commission or any regulatory agency or trading market, without the prior written consent of Subscriber, except (A) as required by the federal securities laws, rules or regulations, including in connection with the filing of a Registration Statement pursuant to Section 5(a), and (B) to the extent such disclosure is required by other laws, rules or regulations, at the request of the staff of the Commission or regulatory agency or under the regulations of the Stock Exchange, in which case of clause (A) or (B), SPAC or PubCo, as applicable, shall provide Subscriber with prior written notice (including by e-mail) of such permitted disclosure, and shall reasonably consult with Subscriber regarding such disclosure. - (w) The obligations of Subscriber under this Subscription Agreement are several and not joint with the obligations of any Other Subscriber or any other investor under the Other Subscription Agreements, and Subscriber shall not be responsible in any way for the performance of the obligations of any Other Subscriber or other investor under the Other Subscription Agreements. The decision of Subscriber to purchase Subscribed Shares pursuant to this Subscription Agreement has been made by Subscriber independently of any Other Subscriber or any other investor and independently of any information, materials, statements or opinions as to the business, affairs, operations, assets, properties, liabilities, results of operations, condition (financial or otherwise) or prospects of SPAC, the Company, PubCo or any of their respective affiliates or subsidiaries which may have been made or given by any Other Subscriber or investor, by any agent or employee of any Other Subscriber or investor, and neither Subscriber nor any of its agents or employees shall have any liability to any Other Subscriber or investor (or any other person) relating to or arising from any such information, materials, statements or opinions. Nothing contained herein or in any Other Subscription Agreement, and no action taken by Subscriber, the Other Subscribers or other investors pursuant hereto or thereto shall be deemed to constitute Subscriber and any Other Subscribers or other investors as a partnership, an association, a joint venture or any other kind of entity, or create a presumption that Subscriber and any Other Subscribers or other investors are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by this Subscription Agreement and the Other Subscription Agreements. Subscriber acknowledges that no Other Subscriber has acted as agent for Subscriber in connection with making its investment hereunder and no Other Subscriber will be acting as agent of Subscriber in connection with monitoring its investment in the Subscribed Shares or enforcing its rights under this Subscription Agreement. Subscriber shall be entitled to independently protect and enforce its rights, including without limitation the rights arising out of this Subscription Agreement, and it shall not be necessary for any Other Subscriber or investor to be joined as an additional party in any proceeding for such purpose.

); provided, however, that no sales of Restricted Securities shall be made by such Holder pursuant to such Trading Plan during the Lock-Up Period and no public announcement or filing is voluntarily made regarding such plan during the Lock-Up Period; [or] (XII) transfers made in connection with a liquidation, merger, share exchange or other similar transaction that results in all of PubCo's stockholders having the right to exchange their PubCo Stock for cash, securities or other property subsequent to the Closing Date; [or (XIII) a pledge of a number of shares of PubCo Stock with a market value equal to no more than \$10.0 million] (calculated based on the [[volume weighted average/closing price] of a share of PubCo Stock on the principal exchange on which such securities are then listed or quoted (as reported on Bloomberg) as of or for the period required under the applicable lending agreement] in a transaction as collateral to secure his obligations in respect of the advance of cash to payoff the [CEO Promissory Note (including any amendments)] on the Closing Date between Holder (or his Affiliates), on the one hand, and a third party, on the other hand, for the benefit of such Holder and/or his Affiliates; provided, however, that during the Lock-Up Period such third party shall not be permitted to foreclose upon such PubCo Stock or otherwise be entitled to enforce its rights or remedies with respect to the PubCo Stock, including, without limitation, the right to vote, transfer or take title to or ownership of such PubCo Stock]]]; provided, however, that it shall be a condition to any Permitted Transfer pursuant to clauses (I) through (VII) above that the transferee (a

Restricted Permitted Transferee

) executes and delivers to PubCo an agreement stating that the transferee is receiving and holding the Restricted Securities subject to the provisions of this Agreement applicable to Holder, and there shall be no further transfer of such Restricted Securities except in accordance with this Agreement. Holder further agrees to execute such agreements as may be reasonably requested by PubCo that are consistent with the foregoing or that are necessary to give further effect thereto. The restrictions set forth herein shall not restrict Holder from making a request for inclusion of its Restricted Securities in any registration statement pursuant to any registration rights agreement between PubCo and the Holder, provided that no public filing or public disclosure relating to such sale of securities is made during the Lock-Up Period.

(b) A number of Restricted Securities shall be released and no longer subject to the transfer restrictions set forth in Section 1(a), in each case in the amounts and as otherwise set forth below (provided that with respect to the determination of whether any Release Threshold has been met, the thirty (30) Trading Day period used in any such determination may not commence until ninety (90) days after the Closing Date (the period from the ninetieth (90th) day after the Closing Date to the end of the Lock-Up Period, the

Lock-Up Trading Measurement Period

):

(i) one-third (1/3) of the Restricted Securities held by a Holder will be released for transfer immediately if the volume weighted average price of a share of PubCo Stock on the principal exchange on which such securities are then listed or quoted (as reported on Bloomberg) is at

or above \$15.00 (the

First Lock-Up Release Threshold

) for any twenty (20) Trading Days (which need not be consecutive) over a thirty (30) Trading Day period at any time during the Lock-Up Trading Measurement Period;

(ii) one-third (1/3) of the Restricted Securities held by a Holder will be released for transfer immediately if the volume weighted average price of a share of PubCo Stock on the principal exchange on which such securities are then listed or quoted (as reported on Bloomberg) is at or above \$17.50 (the

Second Lock-Up Release Threshold

) for twenty (20) Trading Days (which need not be consecutive) over a thirty (30) Trading Day period at any time during the Lock-Up Trading Measurement Period;

(iii) one-third (1/3) of the Restricted Securities held by a Holder will be released for transfer immediately if the volume weighted average price of a share of PubCo Stock on the principal exchange on which such securities are then listed or quoted (as reported on Bloomberg) is at or above \$20.00 (the

Third Lock-Up Release Threshold

and, together with the First Lock-Up Release Threshold and the Second Lock-Up Release Threshold, the

Release Thresholds

) for twenty (20) Trading Days (which need not be consecutive) over a thirty (30) Trading Day period at any time during the Lock-Up Trading Measurement Period; and

(iv) if an Early Release Event occurs during the Lock-Up Period, then all of the Restricted Securities that have not been released for transfer shall be released for transfer immediately and no longer be subject to the transfer restrictions in Section 1(a), effective immediately prior to the consummation of such Early Release Event (and, for the avoidance of doubt, in such case the Lock-Up Period shall expire on the date of such Early Release Event). An

Early Release Event

means, any of the following: (1) if PubCo is merged, consolidated or reorganized with or into another Person, except for any such merger or consolidation in which the shares of PubCo Stock outstanding immediately prior to such merger or consolidation continue to represent, or are converted into or exchanged for shares of capital stock that represent, immediately following such merger or consolidation, a majority, by voting power, of the capital stock of the surviving or resulting corporation (or of a parent company thereof); (2) PubCo sells, leases, assigns, transfers, licenses or otherwise disposes of, in one or a series of related transactions, all or substantially all of the assets of PubCo and its Subsidiaries, taken as a whole, or the sale or disposition (whether by merger or otherwise) of one or more Subsidiaries of PubCo if substantially all of the assets of PubCo and its Subsidiaries taken as a whole are held by such Subsidiaries, except where such sale, lease, transfer, exclusive license or other disposition is to a wholly-owned subsidiary of PubCo; (3) if PubCo shall engage in a going private

transaction pursuant to Rule 13e-3 under the Exchange Act or otherwise ceases to be subject to reporting obligations under Sections 13 or 15(d) of the Exchange Act; or (4) if PubCo Stock (or any common or ordinary equity security that is the successor to such share of PubCo Stock) shall cease to be listed on a national securities exchange.

For the avoidance of doubt, the time period in respect of which any Release Threshold is calculated may run concurrently with (and/or may overlap any portion of such period with) the time periods in respect of which any other Release Thresholds are calculated (and need not run consecutively), so that multiple tranches of

Restricted Securities may be released for transfer (and become no longer subject to the Transfer restrictions) concurrently with respect to the same period (or with respect to any such overlap between multiple time periods) in connection with the satisfaction of the Second Lock-Up Release Threshold or Third Lock-Up Release Threshold.

- (c) If any Prohibited Transfer is made or attempted contrary to the provisions of this Agreement, such purported Prohibited Transfer shall be null and void ab initio, and PubCo shall refuse to recognize any such purported transferee of the Restricted Securities as one of its equity holders for any purpose. In order to enforce this Section 1, PubCo may impose stop-transfer instructions with respect to the Restricted Securities of Holder (and each Restricted Permitted Transferee and assigns thereof) until the end of the Lock-Up Period.

- (d) During the Lock-Up Period, each certificate evidencing any Restricted Securities shall be stamped or otherwise imprinted with a legend in substantially the following form, in addition to any other applicable legends:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO RESTRICTIONS ON TRANSFER SET FORTH IN A LOCK-UP AGREEMENT, DATED AS OF [], 2026, BY AND BETWEEN THE ISSUER OF SUCH SECURITIES (THE

Any term of this Agreement may be amended and the observance of any term of this Agreement may be waived (either generally or in a particular instance, and either retroactively or prospectively) only with the written consent of PubCo (in accordance with Section 2(g)) and Holder. No failure or delay by a party in exercising any right hereunder shall operate as a waiver thereof. The Sponsor is an express third party beneficiary under this Agreement and is entitled to enforce its rights hereunder. When considering any request for a consent to a Prohibited Transfer, if there is sufficient liquidity in PubCo Shares and the price of PubCo Shares exceeds the Per Share Price under the PIPE Subscription Agreements, the Sponsor agrees that it will not withhold consent solely for the purposes of negotiating its affiliate's economics or participation as a potential underwriter in such transaction.

In case any provision in this Agreement shall be held invalid, illegal or unenforceable in a court of competent jurisdiction, such provision shall be modified or deleted, as to the jurisdiction involved, only to the extent necessary to render the same valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby nor shall the validity, legality or enforceability of such provision be affected thereby in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties will substitute for any invalid, illegal or unenforceable provision a suitable and equitable provision that carries out, so far as may be valid, legal and enforceable, the intent and purpose of such invalid, illegal or unenforceable provision.
- (i) Entire Agreement. This Agreement, together with the Business Combination Agreement to the extent referred to herein, constitutes the full and entire understanding and agreement among the parties with respect to the subject matter hereof, and any other written or oral agreement relating to the subject matter hereof existing between the parties is expressly canceled; provided, that, for the avoidance of doubt, the foregoing shall not affect the rights and obligations of the parties under the Business Combination Agreement or any Ancillary Document. Notwithstanding the foregoing, nothing in this Agreement shall limit any of the rights or remedies of PubCo or any of the rights, remedies or obligations of Holder under any other agreement between Holder and PubCo or any certificate or

instrument executed by Holder in favor of PubCo, and nothing in any other agreement, certificate or instrument shall limit any of the rights, remedies or obligations of PubCo or any of the rights, remedies or obligations of Holder under this Agreement.

(j) Further Assurances. From time to time, at another party's reasonable request and without further consideration (but at the requesting party's reasonable cost and expense), each party shall execute and deliver such additional documents and take all such further action as may be reasonably necessary to consummate the transactions contemplated by this Agreement.

EXECUTION VERSION

SPONSOR SUPPORT AGREEMENT

This SPONSOR SUPPORT AGREEMENT (this Agreement

) is made and entered into as of October 27, 2025, by and among Cantor EP Holdings II, LLC, a Delaware limited liability company (Sponsor

), Cantor Equity Partners II, Inc., a Cayman Islands exempted company (SPAC

), Securitize, Inc., a Delaware corporation (the Company

), and Securitize Holdings, Inc., a Delaware corporation (PubCo

). Capitalized terms used but not defined herein have the meanings assigned to them in the Business Combination Agreement by and among SPAC, the Company, PubCo, Senna Merger Sub, Inc. (Company Merger Sub

) and Pinecrest Merger Sub (

SPAC Merger Sub

), dated as of October 27, 2025 (as may be amended from time to time, the

BCA

).

WHEREAS, as of the date of this Agreement, Sponsor owns 6,000,000 SPAC Class B Ordinary Shares (the Founder Shares

) and 580,000 SPAC Class A Ordinary Shares (the

Private Placement Shares

and, together with the Founder Shares and any New Securities (as defined below) of which ownership of record or the power to vote is hereafter acquired by Sponsor prior to the termination of this Agreement, the

Sponsor Shares

);

WHEREAS, in connection with SPAC's initial public offering (the

IPO

), SPAC, Sponsor and the then current officers and directors of SPAC entered into a letter agreement, dated as of May 1, 2025 (as amended, the

Insider Letter

), pursuant to which Sponsor agreed to certain voting requirements, transfer restrictions and waiver of redemption rights with respect to the SPAC Ordinary Shares owned by Sponsor;

WHEREAS, Article 17 of SPAC's Amended and Restated Memorandum and Articles of Association (as may be amended from time to time, the

SPAC Memorandum

) provides, among other matters, that the SPAC Class B Ordinary Shares will automatically convert into SPAC Class A Ordinary Shares upon the consummation of an initial business combination, subject to adjustment if additional SPAC Class A Ordinary Shares or Equity-linked Securities (as defined in the SPAC Memorandum) are issued or deemed issued in excess of the amounts sold in the IPO (the

Anti-Dilution Right

), excluding certain exempted issuances;

WHEREAS, concurrently with the execution and delivery of this Agreement, SPAC, the Company, PubCo, Company Merger Sub and SPAC Merger Sub are entering into the BCA, pursuant to which, upon the consummation of the transactions contemplated thereby, among other matters (a) SPAC will merge with and into SPAC Merger Sub (with SPAC Merger Sub surviving such merger as a direct wholly-owned subsidiary of PubCo) (the

SPAC Merger

) and (b) no earlier than two (2) hours following the completion of the SPAC Merger, Company Merger Sub will merge with and into the Company (with the Company surviving such merger as a direct wholly-owned subsidiary of PubCo) (the

Company Merger

and, together with the SPAC Merger and the other transactions contemplated by the BCA and the Ancillary Documents, the

Transactions

), upon the terms and subject to the conditions set forth therein; and

WHEREAS, as a condition and inducement to the Company's and PubCo's willingness to enter into the BCA and to consummate the transactions contemplated thereby, the Company and PubCo have required that Sponsor enter into this Agreement.

NOW, THEREFORE, in consideration of the representations, warranties, covenants and agreements contained herein and for other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, and subject to the conditions set forth herein, the parties hereto agree as follows:

1. Sponsor Voting Requirements.

(a) At any meeting of the SPAC Shareholders, however called, or at any adjournment or postponement thereof, or in any other circumstance in which the vote, consent or other approval of the SPAC Shareholders is sought, Sponsor shall (i) if a meeting is held, appear at each such meeting (in person or by proxy) or otherwise cause all of the Sponsor Shares to be counted as present thereat for purposes of calculating a quorum and (ii) vote (or cause to be voted), or execute and deliver a written consent (or cause a written consent to be executed and delivered) covering, all of the Sponsor Shares:

(i) in favor of each SPAC Shareholder Approval Matter;

(ii) against any SPAC Acquisition Proposal;

Annex H-1

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

(iii) against any merger, consolidation, combination, sale of substantial assets, reorganization, recapitalization, dissolution, liquidation or winding up of or by SPAC (other than the Transactions);

(iv) against any change in the business of SPAC; and

(v) against any proposal, action or agreement involving SPAC that would or would reasonably be expected to (i) impede, interfere with, delay, postpone, frustrate, prevent or nullify any provision of this Agreement, the BCA or any Ancillary Document, (ii) result in a breach in any material respect of any covenant, representation, warranty or any other obligation or agreement of SPAC under the BCA or any Ancillary Document, (iii) result in any of the conditions in respect of obligations of SPAC set forth in Article VIII of the BCA not being fulfilled, or (iv) change in any manner the capitalization of, including the voting rights of any class of share capital of, SPAC (other than in connection with the SPAC Shareholder Approval Matters).

(b) Without limiting the generality of the foregoing, except as contemplated by the Insider Letter, the BCA, any Ancillary Document or the Transactions, Sponsor hereby agrees from and after the date hereof:

(i) not to deposit any of the Sponsor Shares in a voting trust or subject any of the Sponsor Shares to any arrangement or agreement with respect to the voting of such Sponsor Shares unless specifically requested to do so by the Company and SPAC in writing in connection with the BCA, the Ancillary Documents or the Transactions;

(ii) not to make a solicitation of proxies

or consents (as such terms are used in the rules of the SEC) of any equity interests of other shareholders of SPAC against the SPAC Shareholder Approval Matters or for any SPAC Acquisition Proposal in connection with any vote of the shareholders of SPAC; and

(iii) not to commence or participate in any claim, derivative or otherwise, against the Company, SPAC or any of their respective Affiliates (A) challenging the validity of, or seeking to enjoin the operation of, any provision of this Agreement or (B) alleging a breach of any fiduciary duty of the board of directors of SPAC in connection with this Agreement, the SPAC Shareholder Approval Matters, the BCA or the Transactions.

2. Enforcement of Insider Letter. During the Interim Period, for the benefit of the Company and PubCo, (a) Sponsor agrees that it shall fully comply with, and perform all of its obligations, covenants and agreements set forth in, the Insider Letter, including not redeeming its Sponsor Shares in connection with the Transactions and complying with the transfer restrictions with respect to the Founder Shares (subject to Section 9 of this Agreement) and Private Placement Shares, (b) SPAC agrees to enforce the Insider Letter in accordance with its terms (subject to Section 9 of this Agreement), and (c) each of Sponsor and SPAC agree not to amend, modify or waive any provision of the Insider Letter without the prior written consent of the Company and PubCo (not to be unreasonably withheld, delayed or conditioned).

3. New Shares. In the event that, during the Interim Period, (a) any SPAC Ordinary Shares or other equity securities of SPAC are issued to Sponsor in respect of the Founder Shares or the Private Placement Shares pursuant to the Anti-Dilution Right or any share dividend, share split, recapitalization, reclassification, combination or exchange of SPAC Ordinary Shares owned by Sponsor or otherwise, then such SPAC Ordinary Shares or other equity securities acquired or purchased by Sponsor shall be subject to the terms of this Agreement to the same extent as if they constituted Founder Shares or Private Placement Shares, as applicable, or (b) Sponsor (i) purchases or otherwise acquires beneficial ownership of any SPAC Ordinary Shares or other equity securities of SPAC, or (ii) acquires the right to vote any SPAC Ordinary Shares or other equity securities of SPAC (such SPAC Ordinary Shares or other equity securities of SPAC referred to in clauses (b)(i) and (ii), collectively the

New Securities

), then such New Securities acquired or purchased by Sponsor shall be subject to the terms set forth in Sections 1 and 2 to the same extent as if they constituted the Sponsor Shares.

4. Waiver of Anti-Dilution Protection. Sponsor, as the holder of all of the issued and outstanding SPAC Class B Ordinary Shares, solely in connection with and only for the purpose of the proposed Transactions, and subject to and conditioned upon the SPAC Closing and the Company Closing occurring, hereby, automatically and without any further actions by Sponsor, waives, to the fullest extent permitted by law, the Anti-Dilution Right, and agrees that the SPAC Class B Ordinary Shares (following the forfeiture and cancellation pursuant to Section 5) will convert into SPAC Class A Ordinary Shares only at the Initial Conversion Ratio (as defined in the SPAC Memorandum to be 1:1) in connection with the Transactions. This waiver shall be void and of no force and effect if the BCA is validly terminated in accordance with its terms immediately following such valid termination. All other terms related to the

Annex H-2

SPAC Class B Ordinary Shares shall remain in full force and effect, except as modified as set forth directly above or as contemplated by the BCA or the Ancillary Documents in connection with the consummation of the Transactions, which modification shall be effective only upon the consummation of the Transactions.

5. Forfeiture.

(a) Prior to the conversion of the SPAC Class B Ordinary Shares into SPAC Class A Ordinary Shares in accordance with the BCA, and solely in connection with and only for the purpose of the proposed Transactions, Sponsor shall, subject to and conditioned upon the SPAC Closing and the Company Closing occurring, automatically and irrevocably surrender and forfeit, for no consideration, as a contribution to capital to SPAC, the Sponsor Forfeiture Shares (as defined below). The Sponsor Forfeiture Shares shall be automatically and immediately cancelled by SPAC (and SPAC shall direct SPAC's transfer agent, or such other intermediaries as appropriate, to take any and all such actions incident thereto). SPAC and Sponsor shall take such actions as are necessary to cause the Sponsor Forfeiture Shares to be retired and canceled, after which such Sponsor Forfeiture Shares shall no longer be issued and outstanding.

(b) For purposes of this Section 5 and this Agreement, the following capitalized terms shall have the following meanings:

Adjusted Redemption Percentage

means a fraction equal to (a) the sum of (i) the number of SPAC Class A Ordinary Shares redeemed by SPAC Shareholders exercising Redemption Rights in connection with the Business Combination (pursuant to and in accordance with the SPAC Memorandum), multiplied by \$10.00, minus (ii) the PIPE Excess Proceeds, divided by (b) \$240,000,000.

PIPE Excess Proceeds

means (a) the aggregate amount of cash proceeds (prior to payment of any fees or expenses) from the PIPE Investments (which such amount shall include any proceeds deemed to be received in the PIPE in an amount equal to the product of (i) the sum of any Open-Market Purchase Shares and Currently Owned Shares in respect of which any PIPE Investors have elected to exercise their Reduction Right (as each such capitalized term is defined in the PIPE Subscription Agreements), to the extent permitted by, and in accordance with the terms and conditions of, the PIPE Subscription Agreements, multiplied by (ii) \$10.00 per share), minus (b) \$100,000,000.

Sponsor Closing Shares

means a number of SPAC Class B Ordinary Shares equal to (a) 6,000,000 minus (b) the Sponsor Forfeiture Shares.

Releasing Party

and, collectively, the

Releasing Parties

provided, for the avoidance of doubt, that SPAC shall not be deemed a Releasing Party hereunder), does hereby unconditionally and irrevocably release, waive and forever discharge SPAC, the Company, PubCo, Company Merger Sub and each of its and their past and present directors, officers, employees, agents, predecessors, successors, assigns, and Subsidiaries, from any and all past or present claims, demands, damages, debts, judgments, causes of action and liabilities of any nature whatsoever, whether or not known, suspected or claimed, arising directly or indirectly from any act, omission, event or transaction occurring (or any circumstances existing) at or prior to the SPAC Closing (each a

(b) Sponsor acknowledges that it may hereafter discover facts in addition to or different from those which it now knows or believes to be true with respect to the subject matter of this Agreement, and that it may hereafter come to have a different understanding of the Law that may apply to potential Claims which it is releasing hereunder, but it affirms that, except as is otherwise specifically provided herein, it is its intention to fully, finally and forever settle and release any and all Claims. In furtherance of this intention, Sponsor acknowledges that the releases contained herein shall be and remain in effect as full and complete general releases notwithstanding the discovery or existence of any such additional facts or different understandings of Law. Sponsor knowingly and voluntarily waives and releases any and all rights and benefits that Sponsor may now have, or in the future may have, under Section 1542 of the California Civil Code (or any analogous Law of any other jurisdiction), which reads as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

Sponsor understands that Section 1542, or a comparable Law of another jurisdiction, gives Sponsor the right not to release existing claims of which Sponsor is not aware, unless Sponsor voluntarily chooses to waive this right. Having been so apprised, Sponsor nevertheless hereby voluntarily elects to and does waive the rights described in Section 1542, or such other comparable Law, and elects to assume all risks for claims that exist, existed or may hereafter exist in his, her or its favor, known or unknown, suspected or unsuspected, arising out of or related to claims or other matters purported to be released pursuant to this Section 6, in each case, effective at the SPAC Closing. Sponsor acknowledges and agrees that the foregoing waiver is an essential and material term of the release provided pursuant to this Section 6 and that, without such waiver, the Company would not have agreed to the terms of this Agreement.

(c) Notwithstanding the foregoing provisions of this Section 6 or anything to the contrary set forth herein, the Releasing Parties do not release or discharge, and each Releasing Party expressly does not release or discharge, any Claims that arise under or are based upon the terms of any of the following (as they may be amended from time to time in accordance with their terms and the terms of the BCA): (i) this Agreement, (ii) any Ancillary Document to which Sponsor is a party, (iii) any letter of transmittal to which Sponsor is a party, (iv) any other document, certificate or Contract executed or delivered in connection with the BCA to which Sponsor is a party, (v) the New Registration Rights Agreement, (vi) any rights a Releasing Party has to indemnification from SPAC arising out of the Transactions, (vii) the Insider Letter, (viii) the Business Combination Marketing Agreement, dated May 1, 2025, by and between Cantor Fitzgerald & Co. (

CF&Co.

) and SPAC, (ix) the Underwriting Agreement, dated May 1, 2025 by and between CF&Co. and SPAC, (x) the Expense Advancement Agreement, dated as of May 1, 2025 by and between SPAC and Sponsor, the Sponsor Loan, the Sponsor Note, and any other promissory notes and/or expense advance agreements entered into by and between SPAC and Sponsor prior to the SPAC Closing without violation of the terms of the BCA, (xi) the letter agreement, dated as of October 10, 2025, by and between CF&Co. and SPAC, (xii) the letter agreement, dated as of September 25, 2025, by and among CF&Co., SPAC, the Company and Citigroup Global Markets Inc., (xiii) any subscription agreements entered into in connection with any PIPE Investment to which a Releasing Party may be a party, (xiv) any agreement entered into with respect to services provided by CF&Co. pursuant to any PIPE Investments (if any) to which a Releasing Party may be a party, or (xv) the SPAC Memorandum or any indemnity agreement of any director or officer of SPAC with SPAC with or for the benefit of a Releasing Party with respect to any Claims for indemnification, contribution, set-off, reimbursement or similar rights pursuant to any indemnification agreement or Organizational Documents of the Sponsor.

(d) Notwithstanding the foregoing provisions of this Section 6, nothing contained in this Agreement shall be construed as an admission by any party hereto of any liability of any kind to any other party hereto. Notwithstanding anything to the contrary contained herein, Sponsor (and each of its Affiliates other than SPAC), and SPAC shall be deemed not to be Affiliates of each other for purposes of this Section 6.

7. SPAC Loan Conversion. The parties hereby agree that, subject to and conditioned upon the SPAC Closing and the Company Closing, the aggregate of all amounts outstanding and due to Sponsor from SPAC as of the SPAC Closing under the SPAC Loans as set forth on the statement delivered by SPAC prior to the SPAC Closing pursuant to Section 7.19(a) of the BCA (the SPAC Pre-Closing Statement) shall be repaid in either cash or SPAC Class A Ordinary Shares at \$10.00 per share as determined by Sponsor in the SPAC Pre-Closing Statement.

8. Sponsor Earnout.

(a) Sponsor hereby agrees that, upon and subject to the SPAC Closing and the Company Closing, it will not Transfer (as such term is defined in the Insider Letter) the Sponsor Earnout Shares (as defined below) that Sponsor receives in the SPAC Merger in exchange for certain of its Sponsor Closing Shares (the Sponsor Earnout Shares, together with any equity securities paid as dividends or distributions with respect to such shares of PubCo Common Stock or into which such shares of PubCo Common Stock are exchanged or converted, in either case, after the SPAC Closing, the Earnout Shares

) , unless, until and to the extent that a Release Event (as defined below) has occurred with respect to such Earnout Shares; provided, that Sponsor may, subject to the terms and on the conditions set forth in Section 14(i), Transfer all or any portion of the Earnout Shares to any Person that qualifies as a permitted transferee under Section 6(c) of the Insider Letter (each, a Permitted Transferee

) so long as, prior to and as a condition to the effectiveness of any such Transfer, such Person executes and delivers to SPAC, the Company and PubCo a joinder to this Agreement in the form attached hereto as Annex A; and provided, further, that the measurement period for determining whether a Release Event (as defined below) has occurred shall not begin until the ninetieth (90th) day following the Closing Date (such day, the Measurement Period Start Date

). As used in this Agreement, the term Sponsor Earnout Shares means the number of shares of PubCo Common Stock received by Sponsor in the SPAC Merger equal to (i) (A) the number of Sponsor Closing Shares plus (B) the number of Sponsor Forfeiture Additional Shares (if any) multiplied by (ii) (A) in the event the Adjusted Redemption Percentage is less than or equal to ninety percent (90%), a percentage equal to thirty percent (30%), and (B) in the event the Adjusted Redemption Percentage is greater than ninety percent (90%), a percentage equal to twenty-two and one-half percent (22.5%).

(b) In the event that a Release Event has not occurred on or prior to the date which is five (5) years following the SPAC Closing Date (the Termination Date and, the period from the Measurement Period Start Date until and including the Termination Date, the Earnout Period

) with respect to all of the Earnout Shares, Sponsor hereby agrees to the cancellation of any of its Earnout Shares that have not been subject to a Release Event. In order to effectuate such cancellation in the event that a Release Event has not been achieved by the Termination Date, Sponsor shall promptly deliver its Earnout Shares that have not been subject to a Release Event to PubCo in certificated or book-entry form (at the election of Sponsor) for cancellation by PubCo.

(c) The share certificates representing the Earnout Shares shall contain a legend relating to transfer restrictions imposed by this Section 8 and the risk of cancellation associated with the Earnout Shares. PubCo will cause its transfer agent to remove such legend as promptly as practicable, but in any event within three (3) Business Days, after the written request by Sponsor following a Release Event with respect to such Earnout Shares. Until and unless the Earnout Shares are released to PubCo for cancellation, Sponsor will have full ownership rights to the Earnout Shares, including the right to vote such shares and to receive dividends and distributions paid in cash thereon; provided, however, that Earnout Shares are deemed to include all distributions payable thereon in stock or other non-cash property (

Non-Cash Dividends

), and such Non-Cash Dividends (to the extent attributable to Earnout Shares that are cancelled pursuant to this Section 8) shall be forfeited by Sponsor in accordance with the terms governing cancellation of Earnout Shares in this Section 8.

(d) Pursuant to, and in accordance with this Agreement, the Earnout Shares shall vest and no longer be subject to cancellation as follows (each, as applicable to the relevant Earnout Shares, a Release Event

):

(i) one-third (1/3) of the Earnout Shares will vest and no longer be subject to cancellation if the volume weighted average price of a share of PubCo Common Stock (or of any common or ordinary equity security that is the successor to such share of PubCo Common Stock (together with the PubCo Common Stock, the Public Common Stock

)) on the principal exchange on which such securities are then listed or quoted is at or above \$12.50 (the First Price Threshold

) for any twenty (20) Trading Days (which need not be consecutive) over a thirty (30) Trading Day period at any time during the Earnout Period (as reported on Bloomberg);

(ii) one-third (1/3) of the Earnout Shares will vest and no longer be subject to cancellation if the volume weighted average price of a share of Public Common Stock on the principal exchange on which such securities are then listed or quoted is at or above \$15.00 (the Second Price Threshold

) for twenty (20) Trading Days (which need not be consecutive) over a thirty (30) Trading Day period at any time during the Earnout Period (as reported on Bloomberg);
Annex H-5

"https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001"

(iii) one-third (1/3) of the Earnout Shares will vest and no longer be subject to cancellation if the volume weighted average price of a share of Public Common Stock on the principal exchange on which such securities are then listed or quoted is at or above \$17.50 (the

Third Price Threshold

and, together with the First Price Threshold and the Second Price Threshold, the Price Thresholds

) for twenty (20) Trading Days (which need not be consecutive) over a thirty (30) Trading Day period at any time during the Earnout Period (as reported on Bloomberg); and

(iv) if any of the Price Thresholds shall be achieved on or prior to the Termination Date, then within three (3) Business Days following the achievement of each applicable Price Threshold, PubCo shall cause its transfer agent to, upon receipt of written notice from Sponsor and PubCo, certifying that the applicable Price Threshold have been achieved, release the Earnout Shares to Sponsor;

(v) for the avoidance of doubt, in the event a Release Event has occurred on or prior to the Termination Date, but the shares of Public Common Stock to be released in accordance with such Release Event pursuant to Sections 8(d)(i), 8(d)(ii) and/or 8(d)(iii) have not yet been released by the transfer agent by the end of the Termination Period, the Earnout Shares to be released in connection with the occurrence of such Release Event shall be released to Sponsor pursuant to Section 8(d)(iv) even if such issuance occurs after the end of the Earnout Period; and

(vi) if an Early Release Event occurs prior to the Termination Date, then all of the Earnout Shares that have not yet vested will vest and no longer be subject to forfeiture or the transfer restrictions in this Section 8, effective immediately prior to the consummation of such Early Release Event.

For the avoidance of doubt, the time period in respect of which any Price Threshold is calculated may run concurrently with (and/or may overlap any portion of such period with) the time periods in respect of which any other Price Thresholds are calculated (and need not run consecutively), so that multiple tranches of Earn-Out Shares may vest (and become no longer subject to cancellation) concurrently with respect to the same time period (or with respect to any such overlap between multiple time periods) in connection with the satisfaction of the Second Price Threshold or Third Price Threshold.

(e) For purposes of this Section 8, an

Early Release Event

means any of the following: (1) if PubCo is merged, consolidated or reorganized with or into another Person except for any such merger or consolidation in which the shares of Public Common Stock outstanding immediately prior to such merger or consolidation continue to represent, or are converted into or exchanged for shares of capital stock that represent, immediately following such merger or consolidation, a majority, by voting power, of the capital stock of the surviving or resulting corporation (or of a parent company thereof); (2) PubCo sells, leases, assigns, transfers, licenses or otherwise disposes of, in one or a series of related transactions, all or substantially all of the assets of PubCo and its Subsidiaries, taken as a whole, or the sale or disposition (whether by merger or otherwise) of one or more Subsidiaries of PubCo if substantially all of the assets of PubCo and its Subsidiaries taken as a whole are held by such Subsidiaries, except where such sale, lease, transfer, exclusive license or other disposition is to a wholly-owned subsidiary of PubCo; (3) if PubCo shall engage in a

going private

transaction pursuant to Rule 13e-3 under the Exchange Act or otherwise ceases to be subject to reporting obligations under Sections 13 or 15(d) of the Exchange Act; or (4) if PubCo Common Stock or other Public Common Stock shall cease to be listed on a national securities exchange; and (B)

Trading Day

means any day on which the shares of Public Common Stock are actually traded on the principal exchange on which such securities are then listed or quoted.

(f) The Price Thresholds and the applicable number of Earnout Shares released for each applicable Release Event shall be subject to equitable adjustment for share splits, share dividends, reorganizations, combinations, recapitalizations and similar transactions affecting the Public Common Stock after the SPAC Closing and the Company Closing, as applicable. For avoidance of doubt, share dividends include the fair market value of any securities or other assets paid or payable by PubCo or any successor public company to holders of Public Common Stock.

9. Lock-Up.

(a) Sponsor hereby agrees that, upon and subject to the SPAC Closing, it shall not Transfer any shares of PubCo Common Stock issued to Sponsor at the SPAC Closing into which the Founder Shares are converted pursuant to Sections 2.7(a)(i) and 2.7(a)(ii) of the BCA (the

Lock-Up Shares

) until the earlier of: (i) the date that is one hundred and eighty (180) days from the SPAC Effective Time and (ii) with respect to all or a portion of the

Annex H-6

Lock-Up Shares (as applicable), on such earlier date of release as may be permitted in accordance with Section 9(c) below (the period beginning on the SPAC Closing Date and ending upon the earlier of clause (i) and (ii) being, the

Lock-Up Period

).

(b) Notwithstanding the foregoing Section 9(a), Sponsor may Transfer the Lock-Up Shares to a Permitted Transferee prior to expiry of the Lock-Up Period, provided such transferee agrees in writing to be bound by the terms of this Section 9.

(c) A certain number of Lock-Up Shares shall be released for Transfer and no longer subject to the Transfer restrictions set forth in Section 9(a), in each case as set forth below (provided that with respect to the determination of whether any Release Threshold has been met, the thirty (30) Trading Day period used in any such determination may not commence until ninety (90) days after the SPAC Closing (the period from the ninetieth (90th) day after the SPAC Closing to the end of the Lock-Up Period, the

Lock-Up Trading Measurement Period

):

- (i) one-third (1/3) of the Lock-Up Shares will be released for Transfer immediately if the volume weighted average price of a share of Public Common Stock on the principal exchange on which such securities are then listed or quoted (as reported on Bloomberg) is at or above \$12.50 (the First Lock-Up Release Threshold)
-) for any twenty (20) Trading Days (which need not be consecutive) over a thirty (30) Trading Day period at any time during the Lock-Up Trading Measurement Period;
- (ii) one-third (1/3) of the Lock-Up Shares will be released for Transfer immediately if the volume weighted average price of a share of Public Common Stock on the principal exchange on which such securities are then listed or quoted (as reported on Bloomberg) is at or above \$15.00 (the Second Lock-Up Release Threshold)
-) for twenty (20) Trading Days (which need not be consecutive) over a thirty (30) Trading Day period at any time during the Lock-Up Trading Measurement Period;
- (iii) one-third (1/3) of the Lock-Up Shares will be released for Transfer immediately if the volume weighted average price of a share of Public Common Stock on the principal exchange on which such securities are then listed or quoted (as reported on Bloomberg) is at or above \$17.50 (the Third Lock-Up Release Threshold)
- and, together with the First Lock-Up Release Threshold and the Second Lock-Up Release Threshold, the Release Thresholds
-) for twenty (20) Trading Days (which need not be consecutive) over a thirty (30) Trading Day period at any time during the Lock-Up Trading Measurement Period; and
- (iv) if an Early Release Event occurs during the Lock-Up Period, then all of the Lock-Up Shares that have not been released for Transfer shall be released for Transfer immediately and no longer be subject to the Transfer restrictions in this Section 9, effective immediately prior to the consummation of such Early Release Event (and, for the avoidance of doubt, in such case the Lock-Up Period shall expire on the date of such Early Release Event).
- For the avoidance of doubt, the time period in respect of which any Release Threshold is calculated may run concurrently with (and/or may overlap any portion of such period with) the time periods in respect of which any other Release Thresholds are calculated (and need not run consecutively), so that multiple tranches of Lock-Up Shares may be released for Transfer (and become no longer subject to the Transfer restrictions) concurrently with respect to the same period (or with respect to any such overlap between multiple time periods) in connection with the satisfaction of the Second Lock-Up Release Threshold or Third Lock-Up Release Threshold.
- (d) The share certificates (if any are issued) representing the Lock-Up Shares shall be stamped or otherwise imprinted with, and each book-entry account evidencing any Lock-Up Shares must bear, a legend in substantially the following form, in addition to any other applicable legends:

) AND THE ISSUER'S SECURITY HOLDER NAMED THEREIN, AS AMENDED FROM TIME TO TIME. A COPY OF SUCH SPONSOR SUPPORT AGREEMENT WILL BE FURNISHED WITHOUT CHARGE BY THE ISSUER TO THE HOLDER HEREOF UPON WRITTEN REQUEST.

(e) PubCo will cause its transfer agent to remove such legend as promptly as practicable, but in any event within three (3) Business Days, following the expiration of the Lock-Up Period (with respect to all or any portion of Lock-Up Shares, as applicable).

Annex H-7

(f) This Section 9 shall supersede Section 6 of the Insider Letter, which Section 6 of the Insider Letter (other than Section 6(b) with respect to the Private Placement Shares) shall be of no further force or effect upon the beginning of the Lock-up Period.

10. Representations and Warranties of Sponsor. Except as set forth in the SEC Reports or in any Schedule 13D, or any amendment thereto, filed by Sponsor with the SEC that are available prior to the date of this Agreement on the SEC's website through EDGAR ((it being acknowledged that nothing disclosed in such SEC Reports or Schedule 13D (or any amendment thereto) will be deemed to modify or qualify the representations and warranties set forth in Sections 10(a), (c) and (f))), Sponsor represents and warrants to the Company and to PubCo, as follows:

(d) Contracts with SPAC. Except for the Contracts described in Section 6(c) or otherwise disclosed in the SPAC Disclosure Schedules, none of Sponsor or any of the Affiliates of Sponsor is a party to, or has any rights with respect to or arising from, any Contract with SPAC. 14. General.

(a) Termination. This Agreement shall terminate on the earlier to occur of (i) the mutual written agreement signed by each of the parties hereto, (ii) the SPAC Closing; provided that all provisions of this Agreement relating to the Earnout Shares shall continue until such time that none of the Earnout Shares remain subject

to the terms and conditions of Section 8 and all the provisions relating to the Lock-Up Shares shall continue until such time that none of the Lock-Up Shares remain subject to the terms and conditions of Section 9, or (iii) at such time, if any, as the BCA is terminated in accordance with its terms prior to the SPAC Closing (the earliest of (i), (ii) and (iii)), the

Expiration Time

(c) Entire Agreement. This Agreement (together with the other Ancillary Documents, the BCA and each of the other documents and the instruments referred to herein, to the extent incorporated herein) embody the entire agreement and understanding of the parties in respect of the subject matter contained herein. There are no restrictions, promises, representations, warranties, covenants or undertakings, other than those expressly set forth or referred to herein or the documents or instruments referred to herein, which collectively supersede all prior agreements and the understandings among the parties to this Agreement with respect to the subject matter contained herein.

Annex H-10

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

(d) Waiver of Claims Against Trust; Governing Law; Jurisdiction; Specific Performance. Sections 10.1, 11.6 and 11.7 of the BCA shall apply to this Agreement mutatis mutandis.

(e) Remedies. The rights, powers, privileges and remedies provided in this Agreement are cumulative and not exclusive of any rights, powers, privileges or remedies provided by Law except as otherwise expressly provided. Nothing in this Section 14(e) shall have the effect of excluding or limiting any liability for or remedy in respect of a Fraud Claim.

(f) Amendment. Subject to the provisions of applicable Law, this Agreement may be amended, supplemented or modified only (a) prior to the SPAC Closing, by execution of a written instrument signed by each of PubCo, the Company, SPAC, SPAC Merger Sub and Company Merger Sub and (b) after the SPAC Closing, by execution of a written instrument signed by PubCo and Sponsor.

(g) Waiver. The observance of any term of this Agreement may be waived (either generally or in a particular instance, and either retroactively or prospectively) only with the written consent of the party against whom enforcement of such waiver is sought. No failure or delay by a party in exercising any right hereunder shall operate as a waiver thereof. No waivers or exceptions to any term, condition, or provision of this Agreement, in any one or more instances, shall be deemed to be or construed as a further or continuing waiver of any such term, condition, or provision.

(h) Severability. In case any provision in this Agreement shall be held invalid, illegal or unenforceable by any court of competent jurisdiction, such provision shall be modified or deleted, as to the jurisdiction involved, only to the extent necessary to render the same valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby nor shall the validity, legality or enforceability of

such provision be affected thereby in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties will substitute for any invalid, illegal or unenforceable provision a suitable and equitable provision that carries out, so far as may be valid, legal and enforceable, the intent and purpose of such invalid, illegal or unenforceable provision.

(i) Binding Effect; Assignment. This Agreement and all of the provisions hereof shall be binding upon and inure solely to the benefit of the parties and their respective successors and permitted assigns. This Agreement shall not be assigned by operation of Law or otherwise (a) prior to the SPAC Closing without the prior written consent of SPAC, PubCo, and the Company and (b) after the SPAC Closing without the prior written consent of Sponsor. Any assignment without such consent shall be null and void; provided, that in the event that Sponsor transfers any of the Founder Shares or the Private Placement Shares to any Permitted Transferee, Sponsor shall, by providing notice to SPAC and the Company prior to such transfer, transfer its rights and obligations under this Agreement with respect to such Founder Shares and/or Private Placement Shares to such Permitted Transferee so long as such Permitted Transferee (other than a Permitted Transferee pursuant to Section 6(c)(vi) of the Insider Letter) agrees in writing to be bound by the terms and conditions of this Agreement. Any purported assignment in violation of this Section 14(h) shall be void and ineffectual and shall not operate to transfer or assign any interest or title to the purported assignee. This Agreement shall be binding on the undersigned and their respective successors and permitted assigns.

(j) Costs and Expenses. Subject to Section 11.5 of the BCA, each party hereto will pay its own costs and expenses (including legal, accounting and other fees) relating to the negotiation, execution, delivery and performance of this Agreement.

(k) No Joint Venture. Nothing contained in this Agreement shall be deemed or construed as creating a joint venture or partnership between any of the parties hereto. No party is by virtue of this Agreement authorized as an agent, employee or legal representative of any other party. Without in any way limiting the rights or obligations of any party hereto under this Agreement, prior to the SPAC Closing, (i) no party shall have the power by virtue of this Agreement to control the activities and operations of any other and (ii) no party shall have any power or authority by virtue of this Agreement to bind or commit any other party. No party shall hold itself out as having any authority or relationship in contravention of this Section 14(k).

(l) Capacity as Shareholder. Sponsor signs this Agreement solely in its capacity as a shareholder of SPAC, and not in its capacity as a director (including director by deputization), officer or employee of SPAC, if applicable. Nothing herein shall be construed to (i) restrict, limit, prohibit or affect any actions or inactions by Sponsor or any representative of Sponsor, as applicable, serving in the capacity of a director or officer of SPAC,

Annex H-11

 acting in such Person's capacity as a director or officer of SPAC (it being understood and agreed that the BCA contains provisions that govern the actions or inactions by the directors and officers of SPAC with respect to the Transactions) or (ii) prohibit, limit or restrict the exercise of any fiduciary duties as director or officer of SPAC that is otherwise permitted by, and done in compliance with, the terms of the BCA (and in each case of clauses (i) and (ii), without limiting Sponsor's obligations hereunder in its capacity as a shareholder of SPAC).

(m) Affiliates. In this Agreement, the term Affiliates, when used with respect to a particular Person, means any other Person directly or indirectly controlling, controlled by or under common control with such Person as of the date on which, or at any time during the period for which, the determination of affiliation is being made, whether through one or more intermediaries or otherwise, and the term control (including the terms controlling, controlled by and under common control with) means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by Contract or otherwise. Notwithstanding the foregoing, (i) Affiliates of Sponsor shall only include Cantor Fitzgerald & Co. and Persons directly or indirectly controlled by Cantor Fitzgerald & Co., and Sponsor and SPAC (and each of their respective Affiliates) shall be deemed not to be Affiliates of each other for purposes of this Agreement and (ii) no private investment fund (or similar vehicle) or business development company, or any other investment account, fund, vehicle or other client advised or sub-advised by Sponsor or by Sponsor's Affiliates or any portfolio companies thereof shall be deemed to be an Affiliate of Sponsor, except to the extent any such Person is expressly requested or directed by Sponsor to take any action which would constitute a breach of this Agreement if taken by Sponsor, and such Person actually takes such prohibited action (it being understood and agreed that this Agreement shall not otherwise apply to, or be binding on, any Persons described in this clause (ii)).

(n) No Recourse. Neither SPAC nor any of the past, present or future SPAC Shareholders (other than Sponsor or any Permitted Transferee thereof), nor any director, officer, employee, member, partner, shareholder or other owner (whether direct or indirect), Affiliate, agent, attorney or representative of Sponsor, shall have any obligation or liability for the obligations or liabilities of Sponsor under this Agreement. Without limiting the foregoing, this Agreement may only be enforced against the persons or entities that have executed and delivered a counterpart to this Agreement.

(o) Headings; Interpretation. The headings and subheadings in this Agreement are for convenience only and shall not be considered a part of or affect the construction or interpretation of any provision of this Agreement. In this Agreement, unless the context otherwise requires: (i) any pronoun used shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns, pronouns and verbs shall include the plural and vice versa; (ii) the term including (and with correlative meaning include) shall be deemed in each case to be followed by the words

Consequently, in the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the parties hereto, and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provision of this Agreement. All references in this Agreement to shares of the SPAC being forfeited shall take effect as surrenders for no consideration of such shares as a matter of Cayman Islands law.

(p) Counterparts. This Agreement may be executed in two or more counterparts, and by different parties in separate counterparts, with the same effect as if all parties hereto had signed the same document, but all of which together shall constitute one and the same instrument. Copies of executed counterparts of this Agreement transmitted by electronic transmission (including by email or in .pdf format) or facsimile as well as electronically or digitally executed counterparts (such as DocuSign) shall have the same legal effect as original signatures and shall be considered original executed counterparts of this Agreement.

Annex I-2

Company Entity, on the other hand, including, for the avoidance of doubt, the Voting Agreement, the Investors' Rights Agreement and the Right of First Refusal and Co-Sale Agreement (the

Existing Company Governance Agreements

), provided that, for the avoidance of doubt, the Existing Company Governance Agreements shall be terminated substantially contemporaneously with, and subject to the consummation of, the Mergers, but excluding, for the avoidance of doubt, any rights and obligations such Shareholder may have that relate to any commercial agreements with the Company or any Surviving Rights (as defined below).

(e) Subject to and conditioned upon the Company Closing, each Shareholder hereby agrees that each of the following to which such Shareholder is a party shall terminate (provided that all Terminating Rights (as defined below) between any Company Entity and any other holder of Shareholder Shares shall also terminate at such time), effective immediately prior to the Company Closing: (i) the Existing Company Governance Agreements; (ii) any subscription or other purchase agreements relating to Shareholder Shares; and (iii) if applicable to any Shareholder, any rights under any agreement (including any side letter (other than as expressly set forth below)) providing for redemption rights, put rights, purchase rights, information rights or other similar rights not generally available to shareholders of the Company (clauses (i) through (iii), collectively, the

Terminating Rights

) between Shareholder and the Company, but excluding, for the avoidance of doubt, any rights and obligations such Shareholder may have that relate to any non-disclosure agreements, noncompetition agreements, employment agreements, offer letters, restrictive covenants, consulting agreements, indemnification agreements, invention assignment agreements, commercial agreements (and any side letters thereto), letter agreements or agreements providing the Company rights in intellectual property by and between such Shareholder and any Company Entity, which shall survive in accordance with their terms (collectively,

Surviving Rights

).

Section 2 Irrevocable Proxy. Each Shareholder, other than BLK, hereby revokes any proxies that such Shareholder has heretofore granted with respect to such Shareholder's Shareholder Shares (excluding any proxies granted under the Company's Organizational Documents or the Existing Company Governance Documents), hereby irrevocably constitutes and appoints the Company as attorney-in-fact and proxy for the purposes of complying with the obligations hereunder in accordance with the Laws of the State of Delaware for and on such Shareholder's behalf, for and in such Shareholder's name, place and stead, in the event that such Shareholder fails to comply in any material respect with his, her or its obligations hereunder in a timely manner, to vote the Shareholder Shares of such Shareholder and grant all written consents thereto (including with respect to the Company Written Consent), in each case, in accordance with the provisions of Sections 1(a)(i) and (ii) and represent and otherwise act for such Shareholder in the same manner and with the same effect as if such Shareholder were personally present at any meeting held for the purpose of voting on the foregoing. The foregoing proxy is coupled with an interest, is irrevocable (and, with respect to any Shareholder that is an individual, as such shall survive and not be affected by the death, incapacity, mental illness or insanity of the Shareholder) until the end of the Restricted Period and shall not be terminated by operation of Law or upon the occurrence of any other event other than following a termination of this Agreement pursuant to Section 9.1. Each Shareholder authorizes such attorney-in-fact and proxy to substitute any other Person to act hereunder, to revoke any substitution and to file this proxy and any substitution or revocation with the Secretary of the Company. Each Shareholder, other than BLK, hereby affirms that the irrevocable proxy set forth in this Section 2 is given in connection with the execution by the Company of the BCA and that such irrevocable proxy is given to secure the obligations of such Shareholder under

Section 1. The irrevocable proxy set forth in this Section 2 is executed and intended to be irrevocable. Each Shareholder, other than BLK, agrees not to grant any proxy that conflicts or is inconsistent with the proxy granted to the Company in this Agreement. For the avoidance of doubt, this Section 2 shall not apply to BLK in any respects.

Section 3 Representations and Warranties of the Shareholders. Each Shareholder represents and warrants to SPAC, severally solely as to such Shareholder and not jointly, as follows:

3.1 Authorization. If such Shareholder is an individual, such Shareholder has all requisite capacity to execute and deliver this Agreement, to perform such Shareholder's obligations hereunder and to consummate the transactions contemplated hereby. If such Shareholder is not an individual, such Shareholder (a) is a corporation, partnership, limited liability company, trust or other entity duly organized, validly existing and in good standing (with respect to jurisdictions which recognize such concept) under the Laws of its jurisdiction of incorporation or organization, (b) has all requisite power and authority to execute and deliver this Agreement, to perform such Shareholder's obligations hereunder and to consummate the transactions contemplated hereby, and (c) the execution, delivery and performance of this Agreement by such Shareholder and the consummation by such Shareholder of the transactions contemplated hereby have been duly and validly authorized by all necessary action on the part of such Shareholder and no other proceedings on the part of any such Shareholder or such Shareholder's equityholders

Annex I-3

are necessary to authorize the execution and delivery of this Agreement or the consummation of the transactions contemplated hereby except as have been obtained prior to the date of this Agreement. This Agreement has been duly and validly executed and delivered by such Shareholder and, assuming the due execution and delivery by SPAC, the Company and PubCo, constitutes the legal, valid and binding obligation of such Shareholder, enforceable against such Shareholder in accordance with its terms, except as may be limited by the Enforceability Exceptions.

3.2 Consents and Approvals; No Violations.

(a) The execution, delivery and performance of this Agreement by such Shareholder and the consummation by such Shareholder of the transactions contemplated hereby do not and will not require any filing or registration with, notification to, or authorization, permit, license, declaration, Order, consent or approval of, or other action by or in respect of, any Governmental Authority, Nasdaq or the NYSE on the part of such Shareholder.

(b) The execution, delivery and performance by such Shareholder of this Agreement and the consummation by such Shareholder of the transactions contemplated by this Agreement do not and will not (i) conflict with or violate any provision of the Organizational Documents of such Shareholder if such Shareholder is not an individual, (ii) conflict with or violate, in any respect, any Law applicable to such Shareholder or by which any property or asset of such Shareholder is bound, (iii) require any consent or notice, or result in any violation or breach of, or conflict with, or constitute (with or without notice or lapse of time or both) a default (or give rise to any right of purchase, termination, amendment, acceleration or cancellation) under, result in the loss of any benefit under, or result in the triggering of any payments (including any right of acceleration of any royalties, fees, profit participations or other payments to any Person) pursuant to, any of the terms, conditions or provisions of any Contract to which such Shareholder is a party or by which any of such Shareholder's properties or assets are bound or any Order or Law applicable to such Shareholder or such Shareholder's properties or assets, or (iv) result in the creation of a Lien on any property or asset of such Shareholder, except in the case of clauses (ii), (iii) and (iv) above as would not reasonably be expected, either individually or in the aggregate, to impair in any material respect the ability of such Shareholder to timely perform its obligations hereunder or consummate the transactions contemplated hereby. If such Shareholder is a married individual and is subject to community property Laws, such Shareholder's spouse has consented to this Agreement by having executed a spousal consent in the form attached hereto as Exhibit A.

3.3 Ownership of Shareholder Shares. Such Shareholder (a) is the sole record and beneficial owner of all of the Shareholder Shares listed opposite the name of such Shareholder on Schedule I, free and clear of all Liens (other than Liens as created by this Agreement or the Company's Organizational Documents or the Existing Company Governance Documents or arising under applicable securities Laws), (b) has the sole voting power with respect to such Shareholder Shares and (c) has not entered into any voting agreement (other than this Agreement and the Existing Company Governance Documents) with or granted any Person any proxy (revocable or irrevocable) with respect to such Shareholder Shares (other than this Agreement). Except as set forth on Schedule I, neither such Shareholder nor any family member of such Shareholder (if such Shareholder is an individual) nor any of the Affiliates of such Shareholder or of such family member of such Shareholder (or any trusts for the benefit of any of the foregoing) owns, of record or beneficially, or has the right to acquire any securities of the Company. As of the time of any meeting of the shareholders of the Company referred to in Section 1(a)(i) and with respect to any written resolution of the shareholders of the Company referred to in clause (B) of each of Section 1(a)(i) or (ii), such Shareholder (or such Shareholder's Permitted Transferee (as defined below) who has entered into a Joinder Agreement (as defined below)) will be the sole record and beneficial owner of all of the Shareholder Shares listed next to the name of such Shareholder on Schedule I, free and clear of all Liens (other than Liens arising under applicable securities Laws), except with respect to any Shareholder Shares transferred pursuant to a Permitted Transfer (as defined hereinafter) to a Permitted Transferee who has entered into a Joinder Agreement.

3.4 Contracts with the Company. Except for (a) the Contracts described in Section 1(e)(i)-(iii), (b) any Contract listed in Section 6.11(a) of the Company Disclosure Letter and (c) any Contract pursuant to which such Shareholder purchased or received any Shareholder Shares or Company Options which was shared with SPAC in the Company's virtual data room for the Mergers and the Transactions, neither such Shareholder nor any family member of such Shareholder (if such Shareholder is an individual) nor any of the Affiliates of such Shareholder or of such family member of such Shareholder is a party to any Contract with any Company Entity, PubCo or SPAC Merger Sub.

3.5 Independent Advice. Such Shareholder has received a copy of and has reviewed the BCA, the Lock-Up Agreement and the other documentation relating to the Mergers and the Transactions (including any other Ancillary Documents to which any Company Entity, PubCo or Company Merger Sub is a party) and has had an opportunity to

discuss such agreements and this Agreement with legal, financial and tax advisors of his, her or its own choosing, and has had the opportunity to review such information regarding the Company as such Shareholder deems relevant or appropriate.

Section 4 No Transfers.

(a) Each Shareholder hereby agrees not to, during the Restricted Period, Transfer (as defined below), or cause to be Transferred, any Shareholder Shares or Company Options owned of record or beneficially by such Shareholder, or any voting rights with respect thereto (

Subject Securities

), or enter into any Contract with respect to conducting any such Transfer. Each Shareholder hereby authorizes SPAC to direct the Company to impose stop, transfer or similar orders to prevent the Transfer of any Subject Securities on the books of the Company in violation of this Agreement. Any Transfer or attempted Transfer of any Subject Securities in violation of any provision of this Agreement shall be void ab initio and of no force or effect.

(b)

Transfer

means (i) any direct or indirect sale, tender pursuant to a tender or exchange offer, assignment, encumbrance, disposition, pledge, hypothecation, gift or other transfer (by operation of law or otherwise), either voluntary or involuntary, of any share capital, options or warrants or any interest (including any beneficial ownership interest) in any share capital, options or warrants (including the right or power to vote any share capital) or (ii) in respect of any share capital, options or warrants or interest (including any beneficial ownership interest) in any share capital, options or warrants to directly or indirectly enter into any swap, derivative or other agreement, transaction or series of transactions, in each case, referred to in this clause (ii) that has an exercise or conversion privilege or a settlement or payment mechanism determined with reference to, or derived from the value of, such share capital, options or warrants and that hedges or transfers, in whole or in part, directly or indirectly, the economic consequences of such share capital, options or warrants or interest (including any beneficial ownership interest) in such share capital, options or warrants whether any such transaction, swap, derivative or series of transactions is to be settled by delivery of securities, in cash or otherwise. A

Transfer

shall not include the transfer of Subject Securities by a Shareholder to such Shareholder's estate, such Shareholder's immediate family, to a trust for the benefit of such Shareholder's family, upon the death of such Shareholder or to an Affiliate of such Shareholder (each such transferee a

Permitted Transferee

and each such transfer, a

Permitted Transfer

). As a condition to any Permitted Transfer, the applicable Permitted Transferee shall be required to become a party to this Agreement and the Lock-Up Agreement (if applicable to such Shareholder) by signing a joinder agreement hereto and thereto in form and substance reasonably satisfactory to SPAC (each a

Joinder

). References to

the parties hereto

and similar references shall be deemed to include any later party signing a Joinder.

(c) Each Shareholder hereby agrees not to, and not to permit any Person under such Shareholder's control to deposit any of such Shareholder's Shareholder Shares in a voting trust or subject any of the Shareholder Shares owned beneficially or of record by such Shareholder to any arrangement with respect to the voting of such Shareholder Shares other than agreements entered into with SPAC.

Section 5 Waiver and Release of Claims. Each Shareholder covenants and agrees, severally with respect to such Shareholder only and not with respect to any other Shareholder, as follows:

(a) Subject to and conditioned upon the Company Closing, effective as of the Company Closing (and subject to the limitations set forth in paragraph (c) below), each Shareholder, on behalf of such Shareholder and, except with respect to BLK, his, her or its Affiliates and his, her or its respective successors, assigns, representatives, administrators, executors and agents, and any other Person claiming by, through or under any of the foregoing, does hereby unconditionally and irrevocably release, waive and forever discharge the Company and each other Company Entity, PubCo, SPAC, Company Merger Sub, SPAC Merger Sub and Cantor EP Holdings II, LLC, and each of their respective past and present directors, officers, employees, agents, predecessors, successors, assigns, and Subsidiaries, from any and all past or present claims, demands, damages, judgments, causes of action and liabilities of any nature whatsoever, whether or not known, suspected or claimed, arising directly or indirectly from any act, omission, event or transaction occurring (or any circumstances existing) at or prior to the Company Closing (each a

Claim

and, collectively, the

Claims

), including any and all Claims arising out of or relating to (i) such Shareholder's capacity as a current or former shareholder, officer or director, manager, employee or agent of the Company or any of its predecessors or Affiliates (or his, her or its capacity as a current or former trustee, director, officer, manager, employee or agent of any other entity in which capacity he, she or it is or was serving at the request of the Company or any other Company Entity, PubCo, SPAC Merger Sub or Company Merger Sub), or (ii) any Contract with the Company or any other Company Entity, PubCo, SPAC Merger Sub or Company Merger Sub) entered into or

Annex I-5

established prior to the Company Closing, including any voting agreement, investors' rights agreement, right of first refusal and co-sale agreement, management rights letter, or similar shareholders agreements or side letters, or equity purchase agreements, but excluding, for the avoidance of doubt, any Claims such Shareholder may have that relate to any commercial agreements with the Company or any Surviving Rights; provided, however, that the release, waiver and discharge by Shareholder's Affiliates is limited to Claims that arise from the Transactions.

(b) Each Shareholder acknowledges that he, she or it may hereafter discover facts in addition to or different from those which he, she or it now knows or believes to be true with respect to the subject matter of this Agreement, and that he, she or it may hereafter come to have a different understanding of the Law that may apply to potential claims which he, she or it is releasing hereunder, but he, she or it affirms that, except as is otherwise specifically provided herein, it is his, her or its intention to fully, finally and forever settle and release any and all Claims. In furtherance of this intention, each of the Shareholders acknowledges that the releases contained herein shall be and remain in effect as full and complete general releases notwithstanding the discovery or existence of any such additional facts or different understandings of Law. Each Shareholder knowingly and voluntarily waives and releases any and all rights and benefits that he, she or it may now have, or in the future may have, under Section 1542 of the California Civil Code (or any analogous Law of any other jurisdiction), which reads as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

Each Shareholder understands that Section 1542, or a comparable Law of another jurisdiction, gives such Shareholder the right not to release existing claims of which the Shareholder is not aware, unless the Shareholder voluntarily chooses to waive this right. Having been so apprised, each Shareholder nevertheless hereby voluntarily elects to and does waive the rights described in Section 1542, or such other comparable Law, and elects to assume all risks for claims that exist, existed or may hereafter exist in his, her or its favor, known or unknown, suspected or unsuspected, arising out of or related to claims or other matters purported to be released pursuant to this Section 5, in each case, effective at the Company Closing. Each Shareholder acknowledges and agrees that the foregoing waiver is an essential and material term of the release provided pursuant to this Section 5 and that, without such waiver, SPAC would not have agreed to the terms of this Agreement.

(c) Notwithstanding the foregoing provisions of this Section 5 or anything to the contrary set forth herein, no Shareholder releases or discharges, and each Shareholder expressly does not release or discharge, any Claims: (i) that arise under or are based upon the terms of any of the following (as they may be amended from time to time in accordance with their terms and the terms of the BCA): this Agreement, the BCA, any of the Ancillary Documents, any letter of transmittal or any other document, certificate or Contract executed or delivered in connection with the BCA; or (ii) for indemnification, contribution, set-off, reimbursement or similar rights pursuant to any indemnification agreement or Organizational Documents of the Company or any other Company Entity with respect to such Shareholder, any of his, her or its Affiliates or their respective designated members of the boards of directors of the Company or any other Company Entities, in each case of this clause (ii) subject to the survival periods and other terms and conditions set forth in Section 7.18(a) of the BCA in respect of rights to exculpation, indemnification, and advancement of expenses.

(d) Notwithstanding the foregoing provisions of this Section 5, nothing contained in this Agreement shall be construed as an admission by any party hereto of any liability of any kind to any other party hereto.

Section 6 Further Assurances. Each Shareholder hereby agrees that he, she or it shall, from time to time, (a) execute and deliver, or cause to be executed and delivered, such Ancillary Documents as may be necessary to satisfy any condition to the SPAC Closing or the Company Closing, as applicable, under the BCA, in substantially the form previously provided to such Shareholder as of the date of this Agreement, and (b) undertake to (i) execute and deliver, or cause to be executed and delivered, such additional or further consents, documents and other instruments, (ii) consent to the termination or amendment of such other agreement, including the Existing Company Governance Agreements (other than with respect to the Surviving Rights) and (iii) take, or cause to be taken, such actions, and do, or cause to be done, and assist and cooperate with the other parties in doing such things, in each case, as are reasonably necessary for the purpose of effectively carrying out the Transactions.

Annex I-6

Section 7 Other Covenants.

7.1 Binding Effect of the BCA. Each Shareholder hereby agrees to be bound by and comply with Sections 7.15 (Public Announcements), 7.16 (Confidential Information) and 7.9 (No Solicitation) of the BCA (and any relevant definitions contained in any such Sections of the BCA) as if such Shareholder was an original signatory to the BCA with respect to such provisions to the same extent as such provisions apply to the Company.

7.2 Disclosure. Each Shareholder hereby authorizes PubCo and SPAC to publish and disclose in any announcement or disclosure, in each case, required by the SEC, Nasdaq or NYSE, as applicable (including all documents and schedules filed with the SEC in connection with the foregoing, including the Proxy/Registration Statement), such Shareholder's identity and ownership of the Shareholder Shares and the nature of such Shareholder's commitments and agreements under this Agreement, the BCA, the Ancillary Documents and any other agreements to the extent such disclosure is required by applicable securities Laws, the SEC, Nasdaq or NYSE, as applicable; provided that the content of any such disclosure shall require the prior written consent of such Shareholder (not to be unreasonably withheld, delayed or conditioned); provided, further, that nothing contained herein shall prevent PubCo or SPAC from making any public announcements or disclosures with respect to such Shareholder containing information that has already been made public by the parties in compliance with this Section 7.2.

Section 8 Waiver of Objectors' Rights. Each Shareholder hereby irrevocably and unconditionally waives, and agrees to cause to be waived, any rights to seek appraisal, rights of objection or any similar rights in connection with the BCA, the Mergers and the Transactions, including under Section 262 of the DGCL and any other similar statute in connection with the Company Merger and the BCA that such Shareholder may have with respect to the Shareholder Shares owned beneficially or of record by such Shareholder.

Section 9 General.

9.1 Termination. This Agreement shall terminate at the Expiration Time, and upon such termination, this Agreement shall be null and void and of no effect whatsoever, and the parties hereto shall have no obligations under this Agreement; provided, however, that no termination of this Agreement shall relieve or release a party from any obligations or liabilities for any willful breach of any representation, warranty, covenant or obligation under this Agreement or any Fraud Claim against such party, in either case, prior to termination of this Agreement. Notwithstanding the foregoing, Section 1(e), Section 5, Section 6 and this Section 9 and any corresponding definitions thereto shall survive any termination of this Agreement resulting from the consummation of the Company Closing.

9.2 Notices. All notices, consents, waivers and other communications hereunder shall be in writing and shall be given (and shall be deemed to have been duly given upon receipt) by delivery (a) in person, (b) by email (without receiving notice of non-receipt or other

bounce-back

), (c) by reputable, nationally recognized overnight courier service, or (d) by registered or certified mail, pre-paid and return receipt requested; provided, however, that notice given pursuant to clauses (c) and (d) above shall not be effective unless a duplicate copy of such notice is also given in person or by email (without receiving notice of non-receipt or other

bounce-back

); in each case to the applicable party at the following addresses (or at such other address for a party as shall be specified by like notice):

9.3 Binding Effect; Assignment. Subject to Section 9.4, this Agreement and all of the provisions hereunder shall be binding upon and inure solely to the benefit of the parties and their respective successors and permitted assigns. This Agreement shall not be assigned by operation of Law or otherwise without the prior written consent of SPAC, PubCo and the Company. Any Assignment without such consent shall be null and void; provided that no such assignment shall relieve the assigning party of its obligations hereunder.

9.4 Third Parties. Nothing contained in this Agreement shall create any rights in, or be deemed to have been executed for the benefit of, any Person that is not a party hereto or a successor or permitted assign of such a party; provided, however, that the Persons released pursuant to Section 5(a) that are not parties hereto are intended third-party beneficiaries thereof and shall have enforcement rights in respect of such section.

9.5 Costs and Expenses. Subject to Section 11.5 of the BCA, each party hereto will pay his, her or its own costs and expenses (including legal, accounting and other fees) relating to the negotiation, execution, delivery and performance of this Agreement.

9.6 Waiver of Claims Against Trust; Governing Law; Jurisdiction; Specific Performance. Sections 10.1, 11.6 and 11.7 of the BCA shall apply to this Agreement mutatis mutandis.

9.7 Severability. In case any provision in this Agreement shall be held invalid, illegal or unenforceable by any court of competent jurisdiction, such provision shall be modified or deleted, as to the jurisdiction involved, only to the extent necessary to render the same valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby nor shall the validity, legality or enforceability of such provision be affected thereby in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties will substitute for any invalid, illegal or unenforceable provision a suitable and equitable provision that carries out, so far as may be valid, legal and enforceable, the intent and purpose of such invalid, illegal or unenforceable provision.

9.8 Amendment. This Agreement may be amended, supplemented or modified only with the written consent of SPAC, the Company, PubCo and Shareholders holding a majority in interest of the Shareholder Shares held by all Shareholders.

9.9 Waiver. The observance of any term of this Agreement may be waived (either generally or in a particular instance, and either retroactively or prospectively) only with the written consent of the party against whom enforcement of such waiver is sought. No failure or delay by a party in exercising any right hereunder shall operate as a waiver thereof. No waivers of or exceptions to any term, condition, or provision of this Agreement, in any one or more instances, shall be deemed to be or construed as a further or continuing waiver of any such term, condition, or provision.

9.10 Entire Agreement. This Agreement (together with the other Ancillary Documents, the BCA and each of the other documents and the instruments referred to herein, to the extent incorporated herein) embody the entire agreement and understanding of the parties hereto in respect of the subject matter contained herein. There are no

Annex I-8

"<https://www.sec.gov/Archives/edgar/data/2094496/000121390026059300/ea0264119-09.htm#TOC001>"

restrictions, promises, representations, warranties, covenants or undertakings, other than those expressly set forth or referred to herein or the documents or instruments referred to herein, which collectively supersede all prior agreements and the understandings among the parties with respect to the subject matter contained herein.

9.11 Cumulative Remedies. The rights, powers, privileges and remedies provided in this Agreement are cumulative and not exclusive of any rights, powers, privileges or remedies provided by Law except as otherwise expressly provided. Nothing in this Section 9.11 shall have the effect of excluding or limiting any liability for or remedy in respect of a Fraud Claim.

9.12 No Joint Venture. Nothing contained in this Agreement shall be deemed or construed as creating a joint venture or partnership between any of the parties hereto. No party is by virtue of this Agreement authorized as an agent, employee or legal representative of any other party. Without in any way limiting the rights or obligations of any party hereto under this Agreement, prior to the Company Closing, (a) no party shall have the power by virtue of this Agreement to control the activities and operations of any other; and (b) except as otherwise set forth in Section 2, no party shall have any power or authority by virtue of this Agreement to bind or commit any other party. No party shall hold itself out as having any authority or relationship in contravention of this Section 9.12.

9.13 Capacity as Shareholder. Each Shareholder signs this Agreement solely in his, her or its capacity as a shareholder of the Company, and not in his, her or its capacity as a director (including director by deputization), officer or employee of the Company, if applicable. Nothing herein shall be construed to (a) restrict, limit, prohibit or affect any actions or inactions by such Shareholder or any Representative of such Shareholder, as applicable, serving in the capacity of a director or officer of the Company, acting in such Person's capacity as a director or officer of the Company (it being understood and agreed that the BCA contains provisions that govern the actions or inactions by the directors and officers of the Company with respect to the Transactions) or (b) prohibit, limit or restrict the exercise of any fiduciary duties as director or officer of the Company that is otherwise permitted by, and done in compliance with, the terms of the BCA (and in each case of clauses (a) and (b), without limiting such Shareholder's obligations hereunder in his, her or its capacity as a Shareholder).

9.14 Headings; Interpretation. The headings and subheadings in this Agreement are for convenience only and shall not be considered a part of or affect the construction or interpretation of any provision of this Agreement. In this Agreement, unless the context otherwise requires: (i) any pronoun used shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns, pronouns and verbs shall include the plural and vice versa; (ii) the term including (and with correlative meaning include) shall be deemed in each case to be followed by the words without limitation; (iii) the words hereof, herein, hereto, and hereby and other words of similar import shall be deemed in each case to refer to this Agreement as a whole and not to any particular section or other subdivision of this Agreement; (iv) the term or means and/or; (v) the word extent in the phrase to the extent means the degree to which a subject or thing extends, and such phrase shall not simply mean if; and (vi) references to written or in writing include in electronic form. The parties have participated jointly in the negotiation and drafting of this Agreement. Consequently, in the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the parties hereto, and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provision of this Agreement.

9.15 Counterparts. This Agreement may be executed and delivered (including by facsimile, email or other electronic means or transmission) in one or more counterparts, and by the different parties in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement. Copies of executed counterparts of this Agreement transmitted by electronic transmission (including by email or in .pdf format) or facsimile as well as electronically or digitally executed counterparts (such as DocuSign) shall have the same legal effect as original signatures and shall be considered original executed counterparts of this Agreement.

9.16 No Recourse. Notwithstanding anything herein to the contrary, the obligations of the Shareholders hereunder are several and not joint, and no Shareholder shall be responsible for the actions or inactions of any other Shareholder. Neither the Company nor any other Company Entity, nor PubCo, SPAC Merger Sub or Company Merger Sub, nor any of the past, present or future Company Stockholders (other than the Shareholders party hereto), nor any director, officer, employee, member, partner, shareholder or other owner (whether direct or indirect), Affiliate, agent, attorney or representative of any Company Stockholder, shall have any obligation or liability for the obligations or liabilities of any Shareholder under this Agreement. Without limiting the foregoing, this Agreement may only be enforced against the persons or entities that have executed and delivered a counterpart to this Agreement.

Annex J

Sections 238 and 239 of the Cayman Islands Companies Act (as revised)

238. Rights of dissenters

- (1) A member of a constituent company incorporated under this Act shall be entitled to payment of the fair value of that person's shares upon dissenting from a merger or consolidation.
- (2) A member who desires to exercise that person's entitlement under subsection (1) shall give to the constituent company, before the vote on the merger or consolidation, written objection to the action.
- (3) An objection under subsection (2) shall include a statement that the member proposes to demand payment for that person's shares if the merger or consolidation is authorised by the vote.
- (4) Within twenty days immediately following the date on which the vote of members giving authorisation for the merger or consolidation is made, the constituent company shall give written notice of the authorisation to each member who made a written objection.
- (5) A member who elects to dissent shall, within twenty days immediately following the date on which the notice referred to in subsection (4) is given, give to the constituent company a written notice of that person's decision to dissent, stating
 - (a) that person's name and address;
 - (b) the number and classes of shares in respect of which that person dissents; and
 - (c) a demand for payment of the fair value of that person's shares.
- (6) A member who dissents shall do so in respect of all shares that that person holds in the constituent company.
- (7) Upon the giving of a notice of dissent under subsection (5), the member to whom the notice relates shall cease to have any of the rights of a member except the right to be paid the fair value of that person's shares and the rights referred to in subsections (12) and (16).
- (8) Within seven days immediately following the date of the expiration of the period specified in subsection (5), or within seven days immediately following the date on which the plan of merger or consolidation is filed, whichever is later, the constituent company, the surviving company or the consolidated company shall make a written offer to each dissenting member to purchase that person's shares at a specified price that the company determines to be their fair value; and if, within thirty days immediately following the date on which the offer is made, the company making the offer and the dissenting member agree upon the price to be paid for that person's shares, the company shall pay to the member the amount in money forthwith.
- (9) If the company and a dissenting member fail, within the period specified in subsection (8), to agree on the price to be paid for the shares owned by the member, within twenty days immediately following the date on which the period expires
 - (a) the company shall (and any dissenting member may) file a petition with the Court for a determination of the fair value of the shares of all dissenting members; and
 - (b) the petition by the company shall be accompanied by a verified list containing the names and addresses of all members who have filed a notice under subsection (5) and with whom agreements as to the fair value of their shares have not been reached by the company.
- (10) A copy of any petition filed under subsection (9)(a) shall be served on the other party; and where a dissenting member has so filed, the company shall within ten days after such service file the verified list referred to in subsection (9)(b).

Annex J-1

- (11) At the hearing of a petition, the Court shall determine the fair value of the shares of such dissenting members as it finds are involved, together with a fair rate of interest, if any, to be paid by the company upon the amount determined to be the fair value.
- (12) Any member whose name appears on the list filed by the company under subsection (9)(b) or (10) and who the Court finds are involved may participate fully in all proceedings until the determination of fair value is reached.
- (13) The order of the Court resulting from proceeding on the petition shall be enforceable in such manner as other orders of the Court are enforced, whether the company is incorporated under the laws of the Islands or not.
- (14) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances; and upon application of a member, the Court may order all or a portion of the expenses incurred by any member in connection with the proceeding, including reasonable attorneys' fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares which are the subject of the proceeding.
- (15) Shares acquired by the company pursuant to this section shall be cancelled and, if they are shares of a surviving company, they shall be available for re-issue.
- (16) The enforcement by a member of that person's entitlement under this section shall exclude the enforcement by the member of any right to which that person might otherwise be entitled by virtue of that person holding shares, except that this section shall not exclude the right of the member to institute proceedings to obtain relief on the ground that the merger or consolidation is void or unlawful.

239. Limitation on Rights of dissenters

- (1) No rights under section 238 shall be available in respect of the shares of any class for which an open market exists on a recognised stock exchange or recognised interdealer quotation system at the expiry date of the period allowed for written notice of an election to dissent under section 238(5), but this section shall not apply if the holders thereof are required by the terms of a plan of merger or consolidation pursuant to section 233 or 237 to accept for such shares anything except

- (a) shares of a surviving or consolidated company, or depository receipts in respect thereof;
- (b) shares of any other company, or depository receipts in respect thereof, which shares or depository receipts at the effective date of the merger or consolidation, are either listed on a national securities exchange or designated as a national market system security on a recognised interdealer quotation system or held of record by more than two thousand holders;
- (c) cash in lieu of fractional shares or fractional depository receipts described in paragraphs (a) and (b); or
- (d) any combination of the shares, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in paragraphs (a), (b) and (c).

(2) Repealed by section 11 of the Companies (Amendment) (No. 2) Act, 2018 [Law 46 of 2018].

PART II INFORMATION NOT REQUIRED IN THE PROSPECTUS

Item 20. Indemnification of directors and officers.

The DGCL does not limit the extent to which a company's memorandum and articles of association may provide for indemnification of officers and directors. However, such provision may be held by the Delaware courts to be unenforceable, to the extent it seeks to indemnify or exculpate a fiduciary in respect of their actual fraud or willful default, or for the consequences of committing a crime. SPAC's existing organizational documents provide for indemnification of officers and directors for losses, damages, costs and expenses incurred in their capacities as such, except through their own actual fraud, willful neglect or willful default.

Such limitation of liability and indemnification does not affect the availability of equitable remedies. In addition, SPAC has been advised that, in the opinion of the SEC, indemnification for liabilities arising under the Securities Act is against public policy as expressed in the Securities Act and is therefore unenforceable.

Schedules to this exhibit have been omitted pursuant to Item 601(b)(2) of Regulation S-K. The registrant hereby agrees to furnish a copy of any omitted schedules to the SEC upon request.

^ Certain schedules have been omitted pursuant to Item 601(a)(5) of Regulation S-K. The registrant hereby agrees to furnish a copy of any omitted schedules to the SEC upon request.

Portions of this exhibit have been omitted because they are both (i) not material and (ii) would likely cause competitive harm to Securitize, Inc. if publicly disclosed.

Item 22. Undertakings.

1. The undersigned Registrant hereby undertakes:

(a) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the

Calculation of Registration Fee

table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement; and

(b) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(d) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(e) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

2. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by them is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

3. The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer

 undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.
4. The registrant undertakes that every prospectus: (1) that is filed pursuant to the immediately preceding paragraph, or (2) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
5. The undersigned Registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11 or 13 of this Form S-4, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of this Registration Statement through the date of responding to the request.
